- 1 A BILL for an Act to create and enact a new section to chapter 23-01 of the North Dakota
- 2 Century Code, relating to electronic drug prior authorization standards; and to provide for a
- 3 report to the legislative management.

## 4 BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

**SECTION 1.** A new section to chapter 23-01 of the North Dakota Century Code is created and enacted as follows:

## **Electronic drug prior authorization and transmission - Limitations.**

- 1. Effective August 1, 2013, a drug prior authorization request must be accessible and submitted byto a health care provider with the provider's electronic prescribing software system and must be accepted by a group purchaser electronically, through a secure electronic transmission, by the payer, by the insurance company, or by the pharmacy benefit manager responsible for implementing or adjudicating or for implementing and adjudicating the authorization or denial of the prior authorization request. For purposes of this section, a facsimile is not an electronic transmission.
- 2. Effective August 1, 2013, electronic transmission devices used to communicate a prescription to a pharmacist may not use any means or permit any other person to use any means, including alerts, advertising, commercial messaging, and popup advertisements, to influence or attempt to influence through economic incentives or otherwise the prescribing decision of a prescribing practitioner at the point of care.
  Such means may not be triggered by or be in specific response to the input, selection, or act of a prescribing practitioner or the prescribing practitioner's staff in prescribing a certain pharmaceutical or directing a patient to a certain pharmacy. Any alertelectronic communication sent to the prescriber, including advertising, commercial messaging, or popup advertisements must be consistent with the product label, supported by

scientific evidence, and must be consistent with meet the federal food and drug administration regulations requirements for advertising pharmaceutical products.

Electronic prescribing software may show information regarding a payer's formulary if
the software is not designed to preclude or make more difficult the act of a prescribing
practitioner or patient selecting any particular pharmacy or pharmaceutical.

SECTION 2. ELECTRONIC DRUG PRIOR AUTHORIZATION STANDARDIZATION AND TRANSMISSION - REPORT TO LEGISLATIVE MANAGEMENT. During the 2011-12 interim, the state department of health and the health information technology advisory committee shall work together to establish an outline on how best to standardize drug prior authorization request transactions between providers and group purchasersthe payers, insurance companies, and pharmacy benefit managers responsible for adjudicating the authorization or denial of the prescription request. The outline must be designed with the goal of maximizing administrative simplification and efficiency in preparation for electronic transmissions and alignment with standards that are or will potentially be used nationally. By January 1 June 30, 2012, the state-department of health and the health information technology advisory committee shall provide a report to the legislative management regarding the outline on how best to standardize drug prior authorization request transactions between providers and group purchasers.
