

**NDUS – Tuition Waiver Report for Academic Year 2010-11\***  
(Revised April 2012)

- While the NDUS provided tuition waivers of nearly \$30.4 million to degree credit students enrolled during 2010-11, the students receiving a tuition waiver still paid campuses over \$38.2 million as follows: \$19.4 million in tuition, over \$11.4 million in on-campus housing and meal plans, and nearly \$7.4 million in mandatory fees. (chart 1)
- When unduplicated, the NDUS provided waivers to 9,164 students in 2010-11 (as compared to 9,654 duplicated students). The unduplicated total counts students that receive more than one type of waiver (e.g. graduate assistant, cultural diversity, etc.) as only one student. So, about 5% of the students receiving a waiver receive more than one category of waiver. (chart 1)
- Of the total 56,213 headcount degree credit students enrolled in the NDUS in 2010-11, approximately 16.3% (9,164 students) received a full or partial tuition waiver, while the remaining 83.7% received no waiver at all. Of the 16.3% that received a waiver, 4.2% (2,366 students) received a full waiver, while the remaining 12.1% (6,798 students) received a partial waiver (partial waiver can range from 1-99% of the posted tuition charge.) (chart 2, section D)
  - Over half (55.8%) of all full and partial waivers are provided to ND residents (5,111), 22.2% to in-country non-residents (2,031), and 22.1% to international students (2,022). (chart 5)
  - Full tuition waivers were provided to 2,366 students, with 50.0% awarded to ND residents (1,184), 21.6% to in-country non-resident students (510), and 28.4% to international students (672). (chart 3)
  - 57.8% of the 6,798 partial waivers were provided to ND residents (3,927), 22.4% to in-country non-resident students (1,521), and 19.9% to international students (1,350). (chart 4)
  - Of the 31,784 ND resident students attending NDUS campuses in 2010-11, 83.9% (26,673) received no waiver, 12.4% (3,927) received a partial waiver, and 3.7% (1,184) received a full waiver. (chart 2, section A)
  - Of the 20,615 in-country non-resident students enrolled in the NDUS in 2010-11, 90.1% (18,584) received no waiver, 7.4% (1,521) received a partial waiver, and 2.5% (510) received a full waiver. (chart 2, section B)
  - Of the 3,814 international students enrolled in the NDUS, 47.0% (1,792) received no waiver, 35.4% (1,350) received a partial waiver, and 17.6% (672) received a full waiver. (chart 2, section C)
  - Of the 6,798 students that received partial waivers, slightly more than one-half received a waiver of less than 50%, and slightly less than one-half received a waiver of more than 50% as follows: 27.3% (1,854) received a waiver of between 1-24% of tuition, 25.1% (1,704) received a waiver of between 25-49% of tuition, 36.8% (2,503) received a waiver of between 50-74%, and 10.8% (737) received a waiver of between 75-99%. (chart 2, section D)
- At all NDUS campuses, ND residents who received a tuition waiver paid less net tuition, on the average, than did non-resident (in-country or international) students who received a waiver. (chart 6)
- International students, on the average, paid considerably more than ND residents, even after waivers are applied, at seven of the eleven NDUS campuses. (chart 6)

In 2010-11, waivers increased \$587,303 compared to 2009-10 with the number of students (unduplicated) receiving waivers increasing from 8,496 to 9,164 or 668 (7.9%). Of the 668 increase, over 90.4% or 604 were from N.D. Tuition during the same time period did not increase at the two-year campuses and increased by 3.5% at the four-year campuses. While four campuses reduced the total dollar amount of the waivers, the largest dollar increases were at UND, MiSU, and NDSCS.

\*Tuition waiver amounts reported in the NDUS Tuition Waiver Report are based on tuition waivers applied to tuition charges only. Campus processes of applying waivers may vary, with some being applied to tuition and/or fees, causing reporting differences. This may result in campuses reporting differing amounts if self-reported.

Tuition Waivers, 2010-11<sup>2</sup>

<sup>1</sup> The unduplicated total counts students that receive more than one type of waiver (e.g. graduate assistant, cultural diversity, etc.)

<sup>2</sup> The tuition and tuition waivers reported are for students seeking degree credit, with the exception of chart 7 and chart 8. Since charts 7 and 8 include all campus waivers, the amounts for the campus total may vary slightly from those reported in the rest of the document.

<sup>3</sup> Student fee charges include mandatory fees, program fees, and course/class fees.

All dollar amounts are rounded to the nearest dollar.

Waiver information by level of waiver and residency, 2010-11

Chart 6 Average Tuition Paid by Students Receiving Waivers by Residency, 2010-11

1/ The total amount of tuition paid by only ND resident students receiving a tuition waiver divided by the number of ND residents receiving a tuition waiver  
 2/ The total amount of tuition paid by all North Dakota resident students divided by the number of North Dakota resident students, including those receiving a waiver  
 3/ In-country non-resident students are citizens of the United States who are not North Dakota residents  
 4/ The total amount of tuition paid by all in-country non-resident students divided by the number of in-country non-resident students, including those receiving a tuition waiver  
 5/ The total amount of tuition paid by all international students divided by the number of international students, including those receiving a tuition waiver

NOTE: The average tuition rates include both undergraduate and graduate students.

Some students are duplicated in the count because a student may be receiving more than one category of waiver (e.g. both a national guard and misc. walver) and would be counted more than once.

<sup>1</sup>In 2009-10, waiver report categories were expanded to include categories for employee spouse and dependents (previously included in employee waivers) and SBHE student members, fire fighters, peace officers, and emergency medical personnel who lost their lives in the line of duty (previously included in miscellaneous waivers).

<sup>2</sup>Examples of waivers included in the institutional category are TRIO programs, billing appeal waiver, athletic waivers, academic waivers, presidential tuition waivers, dual-credit tuition waivers, non-resident waivers, service learning waivers, foreign exchange tuition waiver, JD/CAT tuition waiver, orientation fee waiver, room & board tuition waiver, coop half price tuition waiver, Cardinal Muench tuition waivers, self-support tuition appeal, CE/DE tuition adjustment, CE prof dev recording fee waiver, tuition adjustment, ROTC Cross Town waiver, study abroad, GPIEDA tuition adjustment.

<sup>3</sup>The tuition and tuition waivers reported in charts 7 and 8 include both degree seeking and non-degree seeking students. The remaining charts only include information on degree seeking students which may cause the amounts in the rest of the report to vary slightly from the data in charts 7 and 8.

<sup>4</sup>Chart 7 reports the unduplicated count of students. The total student count for the diversity category on chart 7 will not match chart 8 in which the student count is duplicated if a student changed their enrollment status between terms (i.e. a student is full-time one semester and part-time another semester).

\* Some students are duplicated in the student count if a student changed their enrollment status between terms (i.e. a student is full-time one semester and part-time another semester.) For this reason the number of students reported on chart 8 as receiving a cultural diversity waiver will not match the number of students receiving a diversity waiver on chart 7, which reports the unduplicated count of students.

**TUITION WAIVERS CATEGORIES:**

Tuition waivers can be categorized as: 1) waivers mandated by state statute, 2) waivers required by board policy, and 3) waivers offered at the institutions' discretion.

**Waivers mandated by state statute**

- POW/MIA and Vets Dependents (i.e. dependents of resident veterans who were killed in action, died of service-related causes, were prisoners of war or declared missing in action) are provided a 100% tuition and fee waiver. Throughout the NDUS, 96 students were eligible for these two waivers, for a total of \$414,409 (1.4% of total waivers.)
- Dependents of emergency personnel killed in the line of duty (e.g. survivors of firefighters, emergency medical services personnel or peace officers who died as a direct result of injuries received in the performance of official duties) are provided a 100% tuition and fee waiver. Throughout the NDUS, 3 students were eligible for this waiver.
- National Guard: The NDUS campuses provide a 25% tuition waiver, while state funding provided to the Adjutant General covers the remainder of the National Guard member's tuition. In 2009-11, the Adjutant General received \$2.4 million in state funding for tuition, recruiting, and retention. Of the \$2.4 million, \$2 million is for the tuition waiver program. The average National Guard tuition waiver provided by the NDUS in 2010-11 was \$681.66 for each of the 489 National Guard members (1.1% of total waivers).

**Waivers required by board policy (but not mandated by statute)**

- Employee: Based on SBHE Policy 820, benefited employees are eligible to receive a waiver of tuition and student activity fees limited to three academic classes during each calendar year. This is used as a tool to recruit and retain faculty and staff. Campuses provided 743 employee waivers, for a total tuition waiver of \$949,155 (3.1% of total waivers.)
- SBHE student member: Provided to one student SBHE member per year.

**Waivers offered at institutions' discretion**

- Graduate assistant (teaching and research): These waivers represent the largest dollar amount of waivers in the NDUS. Competition for graduate students is intense. Without these waivers NDSU and UND would not be able to compete nationally for the best and brightest students for graduate and research programs. In many cases, waivers for research graduate assistants are part of the cost share agreement with the grantor, whereby the grantor pays the graduate assistant stipend and the institution provides the tuition waiver. Without the waiver, campuses would not be able to access grant funds to assist with stipend costs. Research grad assistants are a key support component of the research enterprise which has grown by 28.4 million (19 percent) from 2004-05 to 2008-09. In addition, teaching assistants provide a valuable resource to the NDUS, assisting with teaching responsibilities, that otherwise would have to be covered by higher paid faculty. Campuses provided 1,592 graduate assistant waivers valued at \$11,069,718 (36.4% of total waivers.)
- International student: These waivers are the result of relationships developed with other countries over a period of time. Waivers are offered in order to encourage out-of-country students to attend NDUS campuses. International students add to the diversity of the student body, which is one of the many factors the accrediting agency examines during their review process. These relationships and experiences contribute to ND students having a better understanding of and ability to compete in a global job market. International students also provide talent needed to do

research work and help contribute to creating the critical mass of students necessary to sustain programs that benefit all students, including ND students. Increased enrollments also help to keep costs lower for ND residents, as costs are spread over a larger number of students. International students often make ND their home after graduation and contribute to the social and economic growth of our state or develop lifetime connections to ND as they return home to their country to practice in their profession. Throughout the NDUS, 1,076 students received an international student waiver, for a total of \$6,425,833 (21.1% of total waivers.)

- **Cultural diversity:** NDUS institutions offer full or partial waivers to some students from different cultures and origins in order to encourage diversity on campus. Cultural diversity is defined as any individual of different cultural, racial, or ethnic heritage, or persons with disabilities, and/or life experiences. Some campuses, such as DCB, LRSC, and UND require that students receiving cultural diversity waivers be United States citizens. Priority is given to Native American students. For example, of the total cultural diversity waivers, 34.4% (425) were provided to Native American students for a total of \$1,233,705. Campuses provided a total of 1,236 cultural diversity waivers valued at \$3,832,225 during 2010-11 (12.6% of total waivers.)
- **Institutional waivers:** The institutional waiver category includes waivers to attract athletes, academic waivers for students with a high ACT score and that maintain a high GPA, dual-credit course waivers at MiSU to bring the tuition rate to a rate comparable to community college rates, non-resident waivers at MaSU to bring the tuition rate to the ND resident rate for students from contiguous, MHEC or WUE states that meet ACT criteria, and service learning waivers at BSC that waives the cost of one service learning course each semester for students who participate. For 2009-10 the miscellaneous category from past years has been merged with institutional waivers. These include waivers such as John Deere/CAT tuition waivers, orientation fee waivers, room & board tuition waivers at NDSCS for non-resident students (except for students from Minnesota) where a portion of the regular non-resident tuition is waived to the ND resident rate if students have a qualifying room and board plan, Co-op half price tuition waivers at NDSU where students who have completed at least one co-op can have the price of subsequent co-ops reduced by 50%, Cardinal Muench tuition waivers, self-support tuition appeal waiver provided at NDSU for students who appeal that they are self-supporting as opposed to having family contributions to assist in paying for their education, ROTC cross town waiver offered to students from other campuses who take ROTC courses at UND, Great Plains Interactive Distance Education Alliance(GPIDEA) tuition adjustment at NDSU. In 2010-11, 3,766 students received institutional waived tuition, for a total of \$5,649,723 (18.6% of the total waivers.)
- **Employee spouse/dependent:** An important tool to help recruit and retain faculty and staff, waivers for employee spouse and dependents were provided to 763 employee spouse/dependents totaling \$1,607,190 (5.3% of the total waivers). Waiver practices vary by campus as follows: no waiver - BSC or DCB; 3 courses per calendar year if the full employee tuition waiver was not used - WSC; 25% waiver if student has room or board contract, 50% waiver if student has both room and board contract - MaSU; 50% waiver – LRSC, MiSU, NDSCS, NDSU, UND and VCSU; 100% waiver – DSU (5.6% of total waivers)
- **WICHE:** Under North Dakota's participation in the Western Interstate Commission for Higher Education student exchange program, ND provides limited access to its professional programs to students from WICHE states in the following: UND medicine, physical therapy, occupational therapy, graduate nursing and in pharmacy at NDSU. The difference between the non-resident and the WICHE tuition rate is recorded as a waiver. In 2010-11, 12 students received the WICHE waived tuition, for a total of \$119,969 (0.4% of the total waivers.)
- **Senior Citizen:** This waiver is provided as a courtesy to senior citizens. There were 18 senior citizen waivers provided for a total of \$8,767 (less than 1 percent of total waivers.)
