14 f. For an individual who is not a resident of this state for the entire year, or for a

15 nonresident estate or trust, the tax is equal to the tax otherwise computed under

16 this subsection multiplied by a fraction in which:

17 (1) The numerator is the federal adjusted gross income allocable and

18 apportionable to this state; and

19 (2) The denominator is the federal adjusted gross income from all sources

20 reduced by the net income from the amounts specified in subdivisions a and

21 b of subsection 2.

22 In the case of married individuals filing a joint return, if one spouse is a resident

23 of this state for the entire year and the other spouse is a nonresident for part or

24 all of the tax year, the tax on the joint return must be computed under this

25 subdivision.

26 g. For taxable years beginning after December 31, 2009, the tax commissioner shall

27 prescribe new rate schedules that apply in lieu of the schedules set forth in

28 subdivisions a through e. The new schedules must be determined by increasing

29 the minimum and maximum dollar amounts for each income bracket for which a

30 tax is imposed by the cost-of-living adjustment for the taxable year as determined

31 by the secretary of the United States treasury for purposes of section 1(f) of the

1 United States Internal Revenue Code of 1954, as amended. For this purpose, the  
2 rate applicable to each income bracket may not be changed, and the manner of  
3 applying the cost-of-living adjustment must be the same as that used for  
4 adjusting the income brackets for federal income tax purposes.

5 h. The tax commissioner shall prescribe an optional simplified method of computing  
6 tax under this section that may be used by an individual taxpayer who is not  
7 entitled to claim an adjustment under subsection 2 or credit against income tax  
8 liability under subsection 7.

9 **SECTION 2. EFFECTIVE DATE.** This Act is effective for taxable years beginning after  
10 December 31, 2010.
