15 **SECTION 3. AMENDMENT.** Subsections 2 and 3 of section 44-04-18 of the North Dakota
16 Century Code are amended and reenacted as follows:

17 2. Upon request for a copy of specific public records, any entity subject to subsection 1
18 shall furnish the requester one copy of the public records requested. A request need
19 not be made in person or in writing, and the copy must be mailed upon request. A
20 public entity may charge up to twenty-five cents per impression of a paper copy. As
21 used in this section, "paper copy" means a one-sided or two-sided duplicated copy of
22 a size not more than eight and one-half by fourteen inches [19.05 by 35.56
23 centimeters]. For any copy of a record that is not a paper copy as defined in this
24 section, the public entity may charge a reasonable fee for making the copy. As used in
25 this section, "reasonable fee" means the actual cost to the public entity of making the
26 copy, including labor, materials, and equipment. The entity may charge for the actual
27 cost of postage to mail a copy of a record. An entity may require payment before
28 locating, redacting, making, or mailing the copy. An entity may impose a fee not
29 exceeding twenty-five dollars per hour per request, excluding the initial hour, for
30 locating records, including electronic records, if locating the records requires more
31 than one hour. An entity may impose a fee not exceeding twenty-five dollars per hour

per request, excluding the initial hour, for excising confidential or closed material under section 44-04-18.10 from the records, including electronic records. If the entity is not authorized to use the fees to cover the cost of providing or mailing the copy, or both, or if a copy machine is not readily available, the entity may make arrangements for the copy to be provided or mailed, or both, by another entity, public or private, and the requester shall pay the fee to that other entity. This subsection does not apply to copies of public records for which a different fee is specifically provided by law.

3. ~~Access to electronically stored records is free if the records are recoverable without the use of a computer backup. If a request is made for access to a record on a backup, or for a copy of an electronically stored record, in addition to the charge in this section, the public entity may charge a reasonable fee for providing the copies, including costs attributable to the use of information technology resources.~~ Automation of public records must not erode the right of access to those records. As each public entity increases its use of and dependence on electronic recordkeeping, each agency must provide reasonable public access to records electronically maintained and must ensure that exempt or confidential records are not disclosed except as otherwise permitted by law. A public entity may not enter into a contract for the creation or maintenance of a public records database if that contract impairs the ability of the public to inspect or copy the public records of the agency, including public records that are online or stored in an electronic recordkeeping system used by the agency. An electronic copy of a record must be provided upon request at no cost, other than costs allowed in subsection 2, except if the nature or volume of the public records requested to be accessed or provided requires extensive use of information technology resources, the agency may charge no more than the actual cost incurred for the extensive use of information technology resources that is incurred by the public entity. "Extensive" is defined as a request for copies of electronic records that take more than one hour of information technology resources to produce.

SECTION 4. AMENDMENT. Subsection 2 of section 44-04-18.1 of the North Dakota Century Code is amended and reenacted as follows:

23 Dakota. The agreement may provide that the emergency services records may be provided
24 pursuant to the open records law of the originating state. If the joint powers agreement does not
25 address this matter, it will be presumed that records will be provided pursuant to North Dakota
26 law.
