WORKFORCE SAFETY & INSURANCE
2011 LEGISLATION
SUMMARY OF ACTUARIAL INFORMATION

BILL NO: HB 1440

BILL DESCRIPTION: Additional Benefit Payable

SUMMARY OF ACTUARIAL INFORMATION: Workforce Safety & Insurance, together with its actuarial firm, Bickerstaff, Whatley, Ryan & Burkhalter Consulting Actuaries, has reviewed the legislation proposed in this bill in conformance with Section 54-03-25 of the North Dakota Century Code.

The proposed legislation extends additional benefit payable (ABP) benefits, a post-retirement benefit available at time of retirement eligibility for post-1995 claims, for the lifetime of the injured worker versus the corresponding pre-retirement disability duration and increases the ABP benefit rates between 100% and 300% depending on the duration of the pre-retirement disability period.

Reserve Level Impact: The proposed legislation can be expected to increase discounted reserve levels for existing claims by \$27 million. To the extent additional claims emerge the cost estimates would be higher.

Rate Level Impact: The proposal will serve to increase the costs associated with future claims. Currently, it is estimated that 30 Permanent Total Disability claims which ultimately convert into ABP claims will arise out of each injury year. Based on this assumption, the proposal will serve to increase statewide premium rate levels between 1.0% and 1.5%, or by approximately \$1.75 million per year.
