If enacted, engrossed HB 1234 with Senate Amendments is expected to increase state general fund revenues by \$4.2 million during the 2013-15 biennium due to a speed-up in individual income tax collections from the withholding on royalty provisions. The expanding of the stripper tax incentive to Bakken wells producing 40 BOPD is expected to reduce oil extraction tax revenues a modest \$14 million in the 2013-15 biennium, growing significantly in future biennia as the wave of Bakken wells reach 40 BOPD and achieve stripper exemption status years earlier than current law. The closing of the stripper property loophole is expected to increase oil extraction tax revenues an estimated \$105.3 million in the 2013-15 biennium. The incentive for new wells drilled outside the Bakken and Three Forks formations is expected to reduce oil extraction tax revenues by an estimated \$35.4 million in the 2013-15 biennium. The repeal of the 60-month Indian lands incentive is expected to increase oil extraction tax revenues by an estimated \$87 million in the 2013-15 biennium. Section 7 authorizes the redistribution this additional \$87 million 50% to the Tribe, and 50% to the state's oil extraction tax "buckets". Section 7 also authorizes the redistribution of

an additional estimated \$37.5 million from the state's "buckets" to the Three Affiliated Tribe under the provisions that change the split to 50% Tribe 50% State. The amount shown as "other funds" in IA is the net additional oil extraction tax revenue which is distributed to Legacy, Resources Trust, Foundation Aid Stabilization, Common Schools Trust and Strategic Investments and Improvement Funds.

- B. **Expenditures:** *Explain the expenditure amounts. Provide detail, when appropriate, for each agency, line item, and fund affected and the number of FTE positions affected.*
- C. **Appropriations:** *Explain the appropriation amounts. Provide detail, when appropriate, for each agency and fund affected. Explain the relationship between the amounts shown for expenditures and appropriations. Indicate whether the appropriation is also included in the executive budget or relates to a continuing appropriation.*
