- 2 A. **Bill and fiscal impact summary:** *Provide a brief summary of the measure, including description of the provisions having fiscal impact (limited to 300 characters).*

This bill removes the sunset provision on the amendments to 15.1-29-14 and 15.1-32-19 made last session relating to excess cost and boarding care reimbursements.

- B. **Fiscal impact sections:** *Identify and provide a brief description of the sections of the measure which have fiscal impact. Include any assumptions and comments relevant to the analysis.*

Section 1 allows a school district to be reimbursed from state funds the excess education and related costs for students voluntarily placed in licensed child care facilities located within their resident school district. Previously a school district was reimbursed for all costs exceeding 4.0 times the state average cost (est. \$42,000) for these placements. The change allows reimbursement for all costs exceeding the state average cost (est. \$10,500). Section 2 allows a school district to be reimbursed from state funds 80% of the cost of boarding care for students placed in programs located within the student's resident school district. Previously the school district was responsible for 100% of the boarding care costs of these placements. 2011-12 data identified nine student contracts resulting in \$144,865 excess cost reimbursement that would not have been previously eligible. Boarding care reimbursements totaled \$128,174. The total costs identified total \$273,039. The impact for the biennium will be approximately \$550,000.

3. **State fiscal effect detail:** *For information shown under state fiscal effect in 1A, please:*

- A. **Revenues:** *Explain the revenue amounts. Provide detail, when appropriate, for each revenue type and fund affected and any amounts included in the executive budget.*

Indicate whether the appropriation is also included in the executive budget or relates to a continuing appropriation.*

The Department of Public Instruction's appropriation bill HB 1013 contains \$16,500,000 for special education contracts. The costs identified above are expected to be absorbed by that line item.
