 - (2) Service benefits must include, in addition, an amount equal to the percent specified in subdivision a of final average salary multiplied by the number of years of nonjudicial employee service and employment.

Except for a national guard security officer or firefighter, a peace officer or correctional officer employed by the bureau of criminal investigation or by a political subdivision, or a supreme court or district court judge, early retirement benefits for members first enrolled after December 31, 2015, are calculated for single life benefits accrued to the date of termination of employment, but must be reduced by fixed rate of eight percent per year to account for benefit payments beginning before the normal retirement date. SECTION 29. A new section to chapter 54-52.6 of the North Dakota Century Code is created and enacted as follows:

Changes to election.

1. In this section the term "participating member" is limited in application to a participating member who elected to participate in the defined contribution retirement plan established under this chapter as an active employee of a participating employer, is an actively participating member

- of the defined contribution plan as of the effective date of this Act, and is an active employee with a participating employer on the date an election is made under this section. The term does not include a participant who is not actively employed with a participating employer on the date of transfer of the funds under this section, has taken a distribution from the defined contribution plan, is retired, is no longer actively employed with a participating employer, or who is a member who has a qualified domestic relations order or other court order on the member's account.
2. Notwithstanding any other provision of law, the board shall provide an opportunity for each participating member to elect in writing to terminate membership in the defined contribution retirement plan under this chapter and to elect to become a participating member in the public employees retirement system under chapter 54-52.
 3. The board shall establish a three-calendar-month election period beginning not later than February 1, 2016. A participating member who does not make a written election or who does not file the election with the North Dakota public employees retirement system office during the period specified in this section continues to be a member of the defined contribution plan. A participating member who makes and files a written election with the North Dakota public employees retirement system office under this section ceases to be a member of the defined contribution plan upon receipt by the public employees retirement system of the accumulated fund balance of the member's defined contribution plan under this chapter and waives all rights to that employee's accumulated fund balance under the defined contribution plan. If the executive director of the North Dakota public employees retirement system determines a participating member was not adequately notified of the option to make an election under this section, the executive director may provide that participating member a reasonable time, not to exceed three months, within which to make that election.
 4. The public employees retirement system shall credit the transferring employee with the service credit and salary history reflected on the public employees retirement system's electronic database.
 5. The board shall determine the method by which a participating member may make a written election under this section. If the participating member is married at the time of the election, the election is not effective unless the election is signed by the individual's spouse. However, the executive director of the North Dakota public employees retirement system may waive this spousal signature requirement if the spouse's signature cannot be obtained because of extenuating circumstances.
 6. For a participating member who elects to terminate membership in the defined contribution plan under this section, the board shall transfer that member's accumulated fund balance, less any rollovers from other plans made into the defined contribution plan, to the public employees retirement system under chapter 54-52. If funds are transferred from the defined contribution plan to the defined benefit plan under an election made under this section, the board shall record this transfer to the defined benefit plan as employee and employer contributions in the same manner as transferred by the defined contribution provider. If a participating member has a separate account attributable to rollover contributions to the defined contribution plan pursuant to section 54-52.6-09.1, the participating member shall make an election to receive a distribution of the entire amount held in the rollover account at the time of transfer.
