

FISCAL NOTE
Requested by Legislative Council
02/23/2015

Revised
 Amendment to: HB 1041

- 1 A. **State fiscal effect:** *Identify the state fiscal effect and the fiscal effect on agency appropriations compared to funding levels and appropriations anticipated under current law.*

| | 2013-2015 Biennium | | 2015-2017 Biennium | | 2017-2019 Biennium | |
|----------------|--------------------|-------------|--------------------|-------------|--------------------|-------------|
| | General Fund | Other Funds | General Fund | Other Funds | General Fund | Other Funds |
| Revenues | | | | | | |
| Expenditures | | | | | | |
| Appropriations | | | | | | |

- 1 B. **County, city, school district and township fiscal effect:** *Identify the fiscal effect on the appropriate political subdivision.*

| | 2013-2015 Biennium | 2015-2017 Biennium | 2017-2019 Biennium |
|------------------|--------------------|--------------------|--------------------|
| Counties | | | |
| Cities | | | |
| School Districts | | | |
| Townships | | | |

- 2 A. **Bill and fiscal impact summary:** *Provide a brief summary of the measure, including description of the provisions having fiscal impact (limited to 300 characters).*

HB1041 requires the Department to issue a request for proposal for the health insurance component and a proposal for the pharmacy component of Medicaid Expansion.

- B. **Fiscal impact sections:** *Identify and provide a brief description of the sections of the measure which have fiscal impact. Include any assumptions and comments relevant to the analysis.*

Costs for the pharmacy portion of the managed care organization (MCO) product are blended into the overall monthly capitated rate; therefore, it is not possible to directly compare the fiscal effect of MCO to Traditional Medicaid Fee-for-Service (FFS). However, the MCO arrangement provides payment to the pharmacy dispensing the prescription, a payment to the Pharmacy Benefits Manager (PBM) authorizing payment to the pharmacy for the prescription, and payment to the health plan who contracted with the PBM to coordinate the pharmacy component. With a Traditional Medicaid FFS pharmacy payment approach, only one entity (the pharmacy) would be receiving a payment. Also, with Traditional ND Medicaid FFS, all prescriptions would be from manufacturers that participate in the Medicaid Drug Rebate program and the Drug Use Review Board's prior authorization program would be followed. Therefore, it is expected that rebate collections would be greater than under the MCO model. The fiscal impact for this bill is undeterminable.

3. **State fiscal effect detail:** *For information shown under state fiscal effect in 1A, please:*

- A. **Revenues:** *Explain the revenue amounts. Provide detail, when appropriate, for each revenue type and fund affected and any amounts included in the executive budget.*

- B. **Expenditures:** *Explain the expenditure amounts. Provide detail, when appropriate, for each agency, line item, and fund affected and the number of FTE positions affected.*

- C. **Appropriations:** *Explain the appropriation amounts. Provide detail, when appropriate, for each agency and fund affected. Explain the relationship between the amounts shown for expenditures and appropriations. Indicate whether the appropriation or a part of the appropriation is included in the executive budget or relates to a continuing appropriation.*
