"SECTION 15. AMENDMENT. Section 57-15-01.1 of the North Dakota Century Code is amended and reenacted as follows:

57-15-01.1. (~~Effective for the first two taxable years beginning after December 31, 2012~~) Protection of taxpayers and taxing districts.

Each taxing district may levy the lesser of the amount in dollars as certified in the budget of the governing body, or the amount in dollars as allowed in this section, subject to the following:

1. No taxing district may levy more taxes expressed in dollars than the amounts allowed by this section.
2. For purposes of this section:
 - a. "Base year" means the taxing district's taxable year with the highest amount levied in dollars in property taxes of the three taxable years immediately preceding the budget year. For a park district general fund, the "amount levied in dollars in property taxes" is the sum of amounts levied in dollars in property taxes for the general fund under section 57-15-12 including any additional levy approved by the electors, the insurance reserve fund under section 32-12.1-08, the employee health care program under section 40-49-12, the public recreation system under section 40-55-09 including any additional levy approved by the electors, forestry purposes under section 57-15-12.1 except any additional levy approved by the electors, pest control under section 4-33-11, and handicapped person programs and activities under section 57-15-60;
 - b. "Budget year" means the taxing district's year for which the levy is being determined under this section;
 - c. "Calculated mill rate" means the mill rate that results from dividing the base year taxes levied by the sum of the taxable value of the taxable property in the base year plus the taxable value of the property exempt by local discretion or charitable status, calculated in the same manner as the taxable property; and
 - d. "Property exempt by local discretion or charitable status" means property exempted from taxation as new or expanding businesses under chapter 40-57.1; improvements to property under chapter 57-02.2; or buildings belonging to institutions of public charity, new single-family residential or townhouse or condominium property, property used for early childhood services, or pollution abatement improvements under section 57-02-08.
3. A taxing district may elect to levy the amount levied in dollars in the base year. Any levy under this section must be specifically approved by a resolution approved by the governing body of the taxing district. Before determining the levy limitation under this section, the dollar amount levied in the base year must be:
 - a. Reduced by an amount equal to the sum determined by application of the base year's calculated mill rate for that taxing district to the final base year taxable valuation of any taxable property and property exempt by local discretion or charitable status which is not included in the taxing district for the budget year but was included in the taxing district for the base year.
 - b. Increased by an amount equal to the sum determined by the application of the base year's calculated mill rate for that taxing district to the final budget year taxable valuation of any taxable property or property exempt by local discretion or charitable status which was not included in the taxing district for the base year but which is included in the taxing district for the budget year.
 - c. Reduced to reflect expired temporary mill levy increases authorized by the electors of the taxing district. For purposes of this subdivision,

an expired temporary mill levy increase does not include a school district general fund mill rate exceeding one hundred ten mills which has expired or has not received approval of electors for an extension under subsection 2 of section 57-64-03.

- d. If the base year is a taxable year before 2013, reduced by the amount of state aid under chapter 15.1-27, which is determined by multiplying the budget year taxable valuation of the school district by the lesser of:
 - (1) The base year mill rate of the school district minus sixty mills; or
 - (2) Fifty mills.
4. In addition to any other levy limitation factor under this section, a taxing district may increase its levy in dollars to reflect new or increased mill levies authorized by the legislative assembly or authorized by the electors of the taxing district.
5. Under this section a taxing district may supersede any applicable mill levy limitations otherwise provided by law, or a taxing district may levy up to the mill levy limitations otherwise provided by law without reference to this section, but the provisions of this section do not apply to the following:
 - a. Any irrevocable tax to pay bonded indebtedness levied pursuant to section 16 of article X of the Constitution of North Dakota.
 - b. The one-mill levy for the state medical center authorized by section 10 of article X of the Constitution of North Dakota.
6. A school district choosing to determine its levy authority under this section may apply subsection 3 only to the amount in dollars levied for general fund purposes under section 57-15-14 or, if the levy in the base year included separate general fund and special fund levies under sections 57-15-14 and 57-15-14.2, the school district may apply subsection 3 to the total amount levied in dollars in the base year for both the general fund and special fund accounts. School district levies under any section other than section 57-15-14 may be made within applicable limitations but those levies are not subject to subsection 3.
7. Optional levies under this section may be used by any city or county that has adopted a home rule charter unless the provisions of the charter supersede state laws related to property tax levy limitations.

(Effective after the first two taxable years beginning after December 31, 2012) Protection of taxpayers and taxing districts. Each taxing district may levy the lesser of the amount in dollars as certified in the budget of the governing body, or the amount in dollars as allowed in this section, subject to the following:

1. No taxing district may levy more taxes expressed in dollars than the amounts allowed by this section.
2. For purposes of this section:

- levy approved by the electors, forestry purposes under section 57-15-12.1 except any additional levy approved by the electors, pest control under section 4-33-11, and handicapped person programs and activities under section 57-15-60;
- b. "Budget year" means the taxing district's year for which the levy is being determined under this section;
 - c. "Calculated mill rate" means the mill rate that results from dividing the base year taxes levied by the sum of the taxable value of the taxable property in the base year plus the taxable value of the property exempt by local discretion or charitable status, calculated in the same manner as the taxable property; and
 - d. "Property exempt by local discretion or charitable status" means property exempted from taxation as new or expanding businesses under chapter 40-57.1; improvements to property under chapter 57-02.2; or buildings belonging to institutions of public charity, new single-family residential or townhouse or condominium property, property used for early childhood services, or pollution abatement improvements under section 57-02-08.
3. A taxing district may elect to levy the amount levied in dollars in the base year. Any levy under this section must be specifically approved by a resolution approved by the governing body of the taxing district. Before determining the levy limitation under this section, the dollar amount levied in the base year must be:
- a. Reduced by an amount equal to the sum determined by application of the base year's calculated mill rate for that taxing district to the final base year taxable valuation of any taxable property and property exempt by local discretion or charitable status which is not included in the taxing district for the budget year but was included in the taxing district for the base year.
 - b. Increased by an amount equal to the sum determined by the application of the base year's calculated mill rate for that taxing district to the final budget year taxable valuation of any taxable property or property exempt by local discretion or charitable status which was not included in the taxing district for the base year but which is included in the taxing district for the budget year.
 - c. Reduced to reflect expired temporary mill levy increases authorized by the electors of the taxing district. For purposes of this subdivision, an expired temporary mill levy increase does not include a school district general fund mill rate exceeding one hundred ten mills which has expired or has not received approval of electors for an extension under subsection 2 of section 57-64-03.
 - d. Increased, for a school district determining its levy limitation under this section, by the amount the school district's mill levy reduction grant under section 57-64-02 for the base year exceeds the amount of the school district's mill levy reduction grant under section 57-64-02 for the budget year.
 - e. Reduced for a school district determining its levy limitation under this section, by the amount the school district's mill levy reduction grant under section 57-64-02 for the budget year exceeds the amount of the school district's mill levy reduction grant under section 57-64-02 for the base year.
4. In addition to any other levy limitation factor under this section, a taxing district may increase its levy in dollars to reflect new or increased mill levies authorized by the legislative assembly or authorized by the electors of the taxing district.

5. ~~Under this section a taxing district may supersede any applicable mill-levy limitations otherwise provided by law, or a taxing district may levy up to the mill-levy limitations otherwise provided by law without reference to this section, but the provisions of this section do not apply to the following:~~

SECTION 16. AMENDMENT. Section 57-15-14 of the North Dakota Century Code is amended and reenacted as follows:

57-15-14. (Effective for the first two taxable years beginning after December 31, 2012) Voter approval of excess levies in school districts.

1. Unless authorized by the electors of the school district in accordance with this section, a school district may not impose greater levies than those permitted under section 57-15-14.2.
 - a. In any school district having a total population in excess of four thousand according to the last federal decennial census there may be levied any specific number of mills that upon resolution of the school board has been submitted to and approved by a majority of the qualified electors voting upon the question at any regular or special school district election.
 - b. In any school district having a total population of fewer than four thousand, there may be levied any specific number of mills that upon resolution of the school board has been approved by fifty-five percent of the qualified electors voting upon the question at any regular or special school election.
 - c. After June 30, 2009, in any school district election for approval by electors of increased levy authority under subsection 1 or 2, the ballot must specify the number of mills proposed for approval, and the number of taxable years for which that approval is to apply. After June 30, 2009, approval by electors of increased levy authority under subsection 1 or 2 may not be effective for more than ten taxable years.
 - d. The authority for a levy of up to a specific number of mills under this section approved by electors of a school district before July 1, 2009, is terminated effective for taxable years after 2015. If the electors of a school district subject to this subsection have not approved a levy for taxable years after 2015 of up to a specific number of mills under this section by December 31, 2015, the school district levy limitation for subsequent years is subject to the limitations under section 57-15-01.1 or this section.

- e. For taxable years beginning after 2012:
 - (1) The authority for a levy of up to a specific number of mills, approved by electors of a school district for any period of time that includes a taxable year before 2009, must be reduced by one hundred fifteen mills as a precondition of receiving state aid in accordance with chapter 15.1-27.
 - (2) The authority for a levy of up to a specific number of mills, approved by electors of a school district for any period of time that does not include a taxable year before 2009, must be reduced by forty mills as a precondition of receiving state aid in accordance with chapter 15.1-27.
 - (3) The authority for a levy of up to a specific number of mills, placed on the ballot in a school district election for electoral approval of increased levy authority under subdivision a or b, after June 30, 2013, must be stated as a specific number of mills of general fund levy authority and must include a statement that the statutory school district general fund levy limitation is seventy mills on the dollar of the taxable valuation of the school district.
- f. The authority for an unlimited levy approved by electors of a school district before July 1, 2009, is terminated effective for taxable years after 2015. If the electors of a school district subject to this subsection have not approved a levy of up to a specific number of mills under this section by December 31, 2015, the school district levy limitation for subsequent years is subject to the limitations under section 57-15-01.1 or this section.
- 2. a. The question of authorizing or discontinuing such specific number of mills authority in any school district must be submitted to the qualified electors at the next regular election upon resolution of the school board or upon the filing with the school board of a petition containing the signatures of qualified electors of the district equal in number to ten percent of the number of electors who cast votes in the most recent election in the school district. No fewer than twenty-five signatures are required.
- b. The approval of discontinuing such authority does not affect the tax levy in the calendar year in which the election is held.
- c. The election must be held in the same manner and subject to the same conditions as provided in this section for the first election upon the question of authorizing the mill levy.

~~(Effective after the first two taxable years beginning after December 31, 2012) General fund levy limitations in school districts.~~ The aggregate amount levied each year for the purposes listed in section 57-15-14.2 by any school district, except the Fargo school district, may not exceed the amount in dollars which the school district levied for the prior school year plus twelve percent up to a general fund levy of one hundred eighty-five mills on the dollar of the taxable valuation of the district, except that:

- 1. ~~In any school district having a total population in excess of four thousand according to the last federal decennial census there may be levied any specific number of mills that upon resolution of the school board has been submitted to and approved by a majority of the qualified electors voting upon the question at any regular or special school district election.~~
- 2. ~~In any school district having a total population of fewer than four thousand, there may be levied any specific number of mills that upon resolution of the school board has been approved by fifty-five percent of~~

~~the qualified electors voting upon the question at any regular or special school election.~~

3. ~~After June 30, 2009, in any school district election for approval by electors of increased levy authority under subsection 1 or 2, the ballot must specify the number of mills proposed for approval, and the number of taxable years for which that approval is to apply. After June 30, 2009, approval by electors of increased levy authority under subsection 1 or 2 may not be effective for more than ten taxable years.~~
4. ~~The authority for a levy of up to a specific number of mills under this section approved by electors of a school district before July 1, 2009, is terminated effective for taxable years after 2015. If the electors of a school district subject to this subsection have not approved a levy for taxable years after 2015 of up to a specific number of mills under this section by December 31, 2015, the school district levy limitation for subsequent years is subject to the limitations under section 57-15-01.1 or this section.~~
5. ~~The authority for an unlimited levy approved by electors of a school district before July 1, 2009, is terminated effective for taxable years after 2015. If the electors of a school district subject to this subsection have not approved a levy of up to a specific number of mills under this section by December 31, 2015, the school district levy limitation for subsequent years is subject to the limitations under section 57-15-01.1 or this section.~~

~~The question of authorizing or discontinuing such specific number of mills authority in any school district must be submitted to the qualified electors at the next regular election upon resolution of the school board or upon the filing with the school board of a petition containing the signatures of qualified electors of the district equal in number to ten percent of the number of electors who cast votes in the most recent election in the school district. However, not fewer than twenty-five signatures are required. However, the approval of discontinuing such authority does not affect the tax levy in the calendar year in which the election is held. The election must be held in the same manner and subject to the same conditions as provided in this section for the first election upon the question of authorizing the mill levy.~~

SECTION 17. AMENDMENT. Section 57-15-14.2 of the North Dakota Century Code is amended and reenacted as follows:

57-15-14.2. (Effective for the first two taxable years beginning after December 31, 2012) School district levies.

1. For taxable years after 2013, the board of a school district may levy a tax not exceeding the amount in dollars that the school district levied for the prior year, plus fourteen percent in the case of a district that levies fewer than sixty mills and twelve percent in all other cases, up to a levy of seventy mills on the taxable valuation of the district, for any purpose related to the provision of educational services. The proceeds of this levy must be deposited into the school district's general fund and used in accordance with this subsection. The proceeds may not be transferred into any other fund.
2. For taxable years after 2013, the board of a school district may levy no more than twelve mills on the taxable valuation of the district, for miscellaneous purposes and expenses.
