Engrossed SB 2279 requires individuals, in the TANF program, participating in an employment plan to undergo an addiction screening, and provides for an April 1, 2018 effective date. Also the impact on children due to section one of this bill is required to be reported to Legislative Management.

- B. **Fiscal impact sections:** *Identify and provide a brief description of the sections of the measure which have fiscal impact. Include any assumptions and comments relevant to the analysis.*

If the contractor identifies an individual employment plan participant at risk of addiction, the individual will be referred to appropriate treatment. The cost of the treatment would be at the expense of the applicant, through their third-party coverage including Medicaid. The additional Medicaid costs or Human Service Center costs related to treatment are undeterminable.

The Department may see a change in TANF benefits, however the number of applicants who fail or who do not comply with a treatment plan, and the timeframe for which they may be denied benefits, is undeterminable and the spouse or the dependents may still qualify for TANF benefits.

The fiscal impact on the counties for performing Child Protection Services assessments is undeterminable. The effects on the Department's Foster Care grant costs are also undeterminable.

Any responsibilities added to the county social services due to the implementation of this bill are not included in the County Social Service Financing formula methodology included in 2017 SB2206.

The additional administrative duties related to implementation of this bill will be absorbed by Department staff and their employment contractor.
