- 2 A. **Bill and fiscal impact summary:** *Provide a brief summary of the measure, including description of the provisions having fiscal impact (limited to 300 characters).*

HB 1166 removes the triggered oil extraction tax rate that would be imposed in times of high oil prices.

- B. **Fiscal impact sections:** *Identify and provide a brief description of the sections of the measure which have fiscal impact. Include any assumptions and comments relevant to the analysis.*

Section 1 of HB 1166 repeals the triggered 6% oil extraction tax rate that would be imposed during a time of sustained high oil prices exceeding approximately \$85 per barrel for a period of three or more months. The provision that is being repealed in this bill was not anticipated to take effect any time during the 2017-19 biennium. Therefore there is no fiscal impact relative to this repeal.

The remainder of the bill provides clean-up and codifies what is currently in practice; it has no fiscal impact.

3. **State fiscal effect detail:** *For information shown under state fiscal effect in 1A, please:*

- A. **Revenues:** *Explain the revenue amounts. Provide detail, when appropriate, for each revenue type and fund affected and any amounts included in the executive budget.*

- B. **Expenditures:** *Explain the expenditure amounts. Provide detail, when appropriate, for each agency, line item, and fund affected and the number of FTE positions affected.*

- C. **Appropriations:** *Explain the appropriation amounts. Provide detail, when appropriate, for each agency and fund affected. Explain the relationship between the amounts shown for expenditures and appropriations. Indicate whether the appropriation or a part of the appropriation is included in the executive budget or relates to a continuing appropriation.*
