Sixty-sixth Legislative Assembly of North Dakota

HOUSE BILL NO. 1048

Introduced by

Representative Toman

- 1 A BILL for an Act to create and enact a new section to chapter 54-59 of the North Dakota
- 2 Century Code, relating to the use of distributed ledger technologies.

3 BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

- 4 **SECTION 1.** A new section to chapter 54-59 of the North Dakota Century Code is created
- 5 and enacted as follows:
- 6 <u>Distributed ledger technologies Authorization Report.</u>
- 7 The department shall research, develop, and implement the use of distributed
- 8 <u>ledger-enabled platform technologies, such as blockchains, for computer-controlled programs,</u>
- 9 <u>data transfer and storage, and program regulation used by state agencies to protect against</u>
- 10 falsification, improve internal data security, and identify external hacking threats. Research must
- 11 <u>include efforts to protect the privacy of personal identifying information maintained within</u>
- 12 <u>distributed ledger programs. Before June first of each even-numbered year, the chief</u>
- 13 information officer shall report to the legislative management regarding the implementation of
- 14 distributed ledger technologies.
