- 2 A. **Bill and fiscal impact summary:** *Provide a brief summary of the measure, including description of the provisions having fiscal impact (limited to 300 characters).*

HB 1194 creates a tribal health care coordination fund where general fund savings from care coordination would be deposited. Section 2 proposes to divide the savings between tribal nations and the general fund.

- B. **Fiscal impact sections:** *Identify and provide a brief description of the sections of the measure which have fiscal impact. Include any assumptions and comments relevant to the analysis.*

HB 1194 section 1 reflects the Executive Budget Request (EBR), which includes Medicaid expansion in house at Traditional Medicaid rates, and if the assembly decides to operate Medicaid expansion as managed care and at "commercial" rates, the department projects needing an additional appropriation of \$187,277,780, of which \$22,345,603 are general fund. The estimated cost assumes an average monthly Medicaid expansion enrollment of 20,739 individuals.

Section 2 requires the Department to facilitate tribal care coordination agreements. This will generate general funds savings due to federal policy that allows 100% federal financing for services rendered to Medicaid-eligible Indian Health Services/Tribal 638 beneficiaries under a care coordination agreement. These savings are to be tracked by the Department, 50% of the savings is to be deposited in the Tribal Health Care Coordination Fund and are to be used by the tribes for health-related purposes. The remaining 50% shall be returned to the state general fund. The total savings are projected to be \$7,386,113, of which \$3,693,057 will go to the Tribal Health Care Coordination Fund and \$3,693,057 will go to the general fund.

The projected impact for the 2021 – 2023 biennium is \$8,532,324, of which \$4,266,162 will go to the Tribal Health Care Coordination Fund and \$4,266,162 will go to the general fund.

3. **State fiscal effect detail:** *For information shown under state fiscal effect in 1A, please:*

- A. **Revenues:** *Explain the revenue amounts. Provide detail, when appropriate, for each revenue type and fund affected and any amounts included in the executive budget.*

The services provided under Section 2 of HB 1194 under a care coordination agreement are eligible for 100% federal financing.

The State will recognize revenue from the deposit of the savings amount from Tribal Care Coordination agreements that are to be split 50/50 between the Tribal Health Care Coordination Fund and the General Fund.

- B. **Expenditures:** *Explain the expenditure amounts. Provide detail, when appropriate, for each agency, line item, and fund affected and the number of FTE positions affected.*

- C. **Appropriations:** *Explain the appropriation amounts. Provide detail, when appropriate, for each agency and fund affected. Explain the relationship between the amounts shown for expenditures and appropriations. Indicate whether the appropriation or a part of the appropriation is included in the executive budget or relates to a continuing appropriation.*

Section 1 for the 19-21 biennium agrees with the Executive Budget Request (EBR) and is presented in alignment with the EBR accordingly.

Section 2 contains continuing appropriation authority to disperse funds from the Tribal Health Care Coordination Fund, the Department will need an additional \$7,386,113 of federal authority for services rendered under a care coordination agreement that are eligible for 100% federal financing in the 19 – 21 biennium.

For the 21 – 23 biennium the Department will need an additional \$8,532,324 of federal authority for services rendered under a care coordination agreement that are eligible for 100% federal financing.
