26 ~~dependeneya~~substance use disorder detoxification services in North Dakota to
27 residents of a bordering state. An individual who receives treatment for mental illness
28 or ~~chemical-dependeneya~~substance use disorder or who receives ~~chemical-~~
29 ~~dependeneya~~substance use disorder detoxification services in another state under this
30 section is subject to the laws of the state in which treatment or detoxification is
31 provided. An individual who receives treatment or detoxification in another state under

- 1 this section must be informed of the consequences of receiving treatment or
2 detoxification in another state, including the implications of the differences in state
3 laws.
- 4 3. A contract may not be entered under this section for treatment or detoxification to
5 individuals who:

25 individuals who require detoxification services, are on emergency holds, or who have
26 been involuntarily committed as mentally ill or ~~chemically dependent~~ having a
27 substance use disorder in a bordering state and enable the temporary placement in a
28 bordering state of patients who require detoxification services or who are on
29 emergency holds in North Dakota under chapter 25-03.1. An agreement with a
30 bordering state must also provide that the North Dakota courts retain jurisdiction over
31 North Dakota residents, and that the bordering state affords to North Dakota residents

1 the rights afforded to them under North Dakota law. Individuals committed by a court
2 of a bordering state and placed in North Dakota facilities continue to be in the legal
3 custody of the bordering state. The bordering state's laws governing length of
4 commitment, re-examinations, and extension of commitment must continue to apply to
5 these residents. In all other respects, residents of a bordering state placed in North
6 Dakota facilities are subject to North Dakota laws. An agreement with a bordering
7 state must specify that responsibility for payment for the cost of care of a resident of a
8 bordering state remains with the bordering state of which that individual is a resident
9 and the cost of care of a North Dakota resident remains with the state of North Dakota.
10 This section applies to detoxification services regardless of whether the services are

20 podiatrist's or applicant's control. A podiatrist or applicant for a license must, at
21 reasonable intervals, be given an opportunity to demonstrate that the podiatrist or
22 applicant can resume or commence the competent practice of podiatric medicine with

2 agency shall comply with a written request of the board under this section and is not
3 liable in any action for damages for releasing the data requested by the board if the

6 believe the information was false.

6 the pregnancy.

24 failure to complete voluntary treatment or failure to follow treatment recommendations
25 shall make a report as required by this section.
- 26 6. A report under this section must be made as described in section 50-25.1-04 and must
27 be sufficient to identify the woman, the nature and extent of the abuse of alcohol, any
