- 2 A. **Bill and fiscal impact summary:** *Provide a brief summary of the measure, including description of the provisions having fiscal impact (limited to 300 characters).*

The bill allows a registered qualifying patient to cultivate their own marijuana plants, eliminates the requirement for a health care provider to authorize the use of dried leaves or flowers, and allows certain facilities to adopt reasonable restrictions on the cultivation of marijuana.

- B. **Fiscal impact sections:** *Identify and provide a brief description of the sections of the measure which have fiscal impact. Include any assumptions and comments relevant to the analysis.*

The bill would require changes to the information technology system, however, the Department feels the cost of these changes would be minimal.

3. **State fiscal effect detail:** *For information shown under state fiscal effect in 1A, please:*

- A. **Revenues:** *Explain the revenue amounts. Provide detail, when appropriate, for each revenue type and fund affected and any amounts included in the executive budget.*

The Department believes the increase in the qualifying patient population would have a minimal impact on projected revenue amounts (non-refundable \$50 application fee that is deposited into a special fund).

- B. **Expenditures:** *Explain the expenditure amounts. Provide detail, when appropriate, for each agency, line item, and fund affected and the number of FTE positions affected.*

The Department believes the cost to complete necessary coding changes to the information system would be minimal.

- C. **Appropriations:** *Explain the appropriation amounts. Provide detail, when appropriate, for each agency and fund affected. Explain the relationship between the amounts shown for expenditures and appropriations. Indicate whether the appropriation or a part of the appropriation is included in the executive budget or relates to a continuing appropriation.*
