2 A. **Bill and fiscal impact summary:** Provide a brief summary of the measure, including description of the provisions having fiscal impact (limited to 300 characters).

The bill allows a registered qualifying patient to cultivate their own marijuana plants, eliminates the requirement for a health care provider to authorize the use of dried leaves or flowers, and allows certain facilities to adopt reasonable restrictions on the cultivation of marijuana.

B. **Fiscal impact sections**: Identify and provide a brief description of the sections of the measure which have fiscal impact. Include any assumptions and comments relevant to the analysis.

The bill would require changes to the information technology system, however, the Department feels the cost of these changes would be minimal.

- 3. State fiscal effect detail: For information shown under state fiscal effect in 1A, please:
 - A. **Revenues:** Explain the revenue amounts. Provide detail, when appropriate, for each revenue type and fund affected and any amounts included in the executive budget.

The Department believes the increase in the qualifying patient population would have a minimal impact on projected revenue amounts (non-refundable \$50 application fee that is deposited into a special fund).

B. **Expenditures:** Explain the expenditure amounts. Provide detail, when appropriate, for each agency, line item, and fund affected and the number of FTE positions affected.

The Department believes the cost to complete necessary coding changes to the information system would be minimal.

C. **Appropriations:** Explain the appropriation amounts. Provide detail, when appropriate, for each agency and fund affected. Explain the relationship between the amounts shown for expenditures and appropriations. Indicate whether the appropriation or a part of the appropriation is included in the executive budget or relates to a continuing appropriation.
