B. **Fiscal impact sections:** *Identify and provide a brief description of the sections of the measure which have fiscal impact. Include any assumptions and comments relevant to the analysis.*

Sections 1 and 2 of SB 2165 would require the North Dakota Game and Fish Department to administer a system to track watercraft loss and issue salvage certificates of number. Section 2 contains provisions for the collection of a \$5 fee from certain applicants.

Section 3 creates a sales tax exemption for the purchase of a qualified replacement watercraft up to an amount equal to the insurance payment issued for a totally destroyed or stolen watercraft.

- 3. State fiscal effect detail: For information shown under state fiscal effect in 1A, please:
 - A. **Revenues:** Explain the revenue amounts. Provide detail, when appropriate, for each revenue type and fund affected and any amounts included in the executive budget.

The Game and Fish Department reports it is unknown how many applicants may be subjected to the \$5 fee provided in section 2 of SB 2165.

B. **Expenditures:** Explain the expenditure amounts. Provide detail, when appropriate, for each agency, line item, and fund affected and the number of FTE positions affected.

North Dakota Game and Fish Department estimates IT programming costs of \$50,000. They have identified the need to add a new certificate system to track salvaged watercraft, including programming for fee structure and reporting. They would need additional staff during peak seasons to administer the provisions of the bill.

Indicate whether the appropriation or a part of the appropriation is included in the executive budget or relates to a continuing appropriation.
