2 A. **Bill and fiscal impact summary:** Provide a brief summary of the measure, including description of the provisions having fiscal impact (limited to 300 characters).

The bill changes the total number of plants for a manufacturing facility from a maximum of 1,000 to 3,000 if the manufacturing facility reached the 1,000 plant limit by January 16, 2019. Also, the bill would allow for the use of additional structures at a manufacturing facility.

B. **Fiscal impact sections**: Identify and provide a brief description of the sections of the measure which have fiscal impact. Include any assumptions and comments relevant to the analysis.

Section 2 of the bill requires administrative rules to be modified requiring manufacturing facilities to pay an additional certification fee not to exceed \$10,000 for every 500 plants in excess of 1,000. Section 3 includes language that this Act is to be an emergency measure.

- 3. State fiscal effect detail: For information shown under state fiscal effect in 1A, please:
  - A. **Revenues:** Explain the revenue amounts. Provide detail, when appropriate, for each revenue type and fund affected and any amounts included in the executive budget.

Using \$10,000 for each additional 500 plants over 1,000, we would project an additional 1,500 plants by the end of the 2017-19 biennium resulting in \$30,000 of additional revenue. We are projecting the maximum 3,000 plants would be reached in the 2019-21 biennium resulting in \$40,000 of additional revenue in 2019-2021 and future biennia. The certification fees are deposited into the medical marijuana fund established under NDCC Section 19-24.1-40.

B. **Expenditures:** Explain the expenditure amounts. Provide detail, when appropriate, for each agency, line item, and fund affected and the number of FTE positions affected.

The additional costs associated with implementing this bill are estimated to be minimal.

C. **Appropriations:** Explain the appropriation amounts. Provide detail, when appropriate, for each agency and fund affected. Explain the relationship between the amounts shown for expenditures and appropriations. Indicate whether the appropriation or a part of the appropriation is included in the executive budget or relates to a continuing appropriation.
