House Bill 1012 House Appropriations Representative Nelson, Chairman

Substance Use Disorder Voucher Overview
Pamela Sagness, Director

SUD Voucher

Goal: improve access to quality substance use disorder treatment services and allow for individual choice, by providing reimbursement where other third-party reimbursement is not available.

- Initiated during 2015 legislative session (NDCC 50-06-42)
- Began serving individuals in 2016

Since 2016, approximately 4,200 individuals have received services through the SUD Voucher.

Twenty-one providers are providing voucher services.

Timeline of Changes/Expansion

65th Legislative Session (2017)

Methadone maintenance was added as a covered service, effective July 1, 2017 (HB 1012)

66th Legislative Session (2019)

Providers who access the SUD Voucher were **expanded to public agencies** (i.e., public health and tribal agencies) who hold a substance abuse treatment program license - not including Human Service Centers. (HB 1105)

Eligibility age was changed from 18 to 14 years old, effective July 1, 2020. (SB 2175)

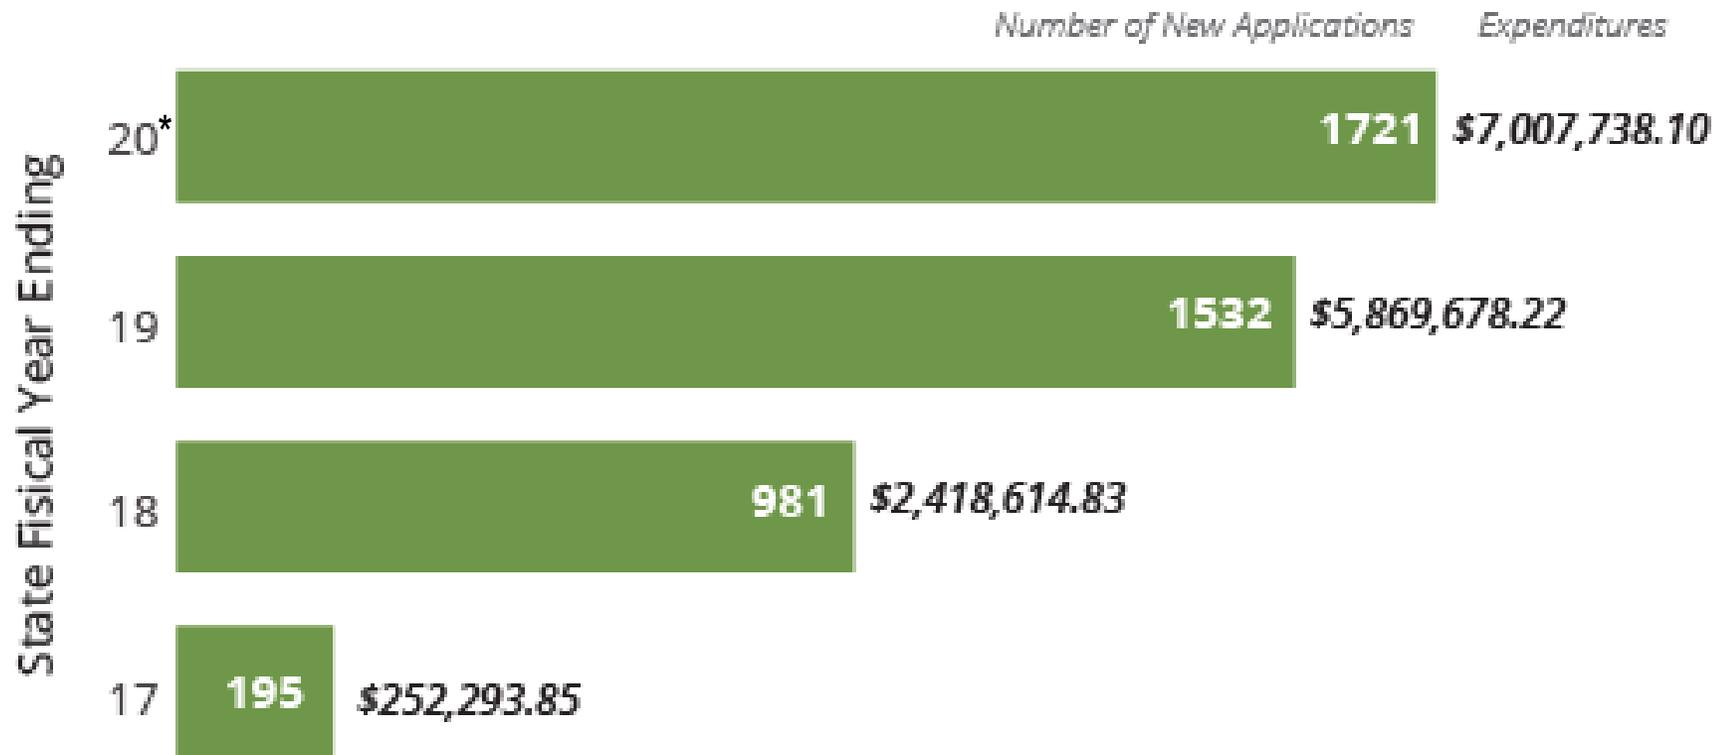

67th Legislative Session (2021)

House Bill 1402 is **proposed to include out of state providers within 5 miles of the North Dakota border** to access the SUD Voucher for North Dakota citizens

CURRENT INDIVIDUALS

- Continue to be covered by their voucher and no interruption to their care and medically necessary services should occur.

NEW INDIVIDUALS

- Applications not considered for approval after 5pm on June 30, 2020.

NEW PROVIDERS

- Applications not considered for approval after 5pm on June 30, 2020.

Community-based Behavioral Health Program

Coronavirus Relief Funds (CRF)

- On Friday, October 23, 2020 the North Dakota Emergency Commission approved an allocation of \$1.7 million of the Coronavirus Relief Fund (CRF) for community-based behavioral health services.
- This request was reviewed and provided final approved by the Budget Section on October 28, 2020.
- Ends June 30, 2021.

By providing community-based behavioral health services to individuals in their homes and community the state can reduce the need for individuals to enter congregate settings such as residential treatment facilities, inpatient hospitalization, and avoiding the need for emergency department interventions.

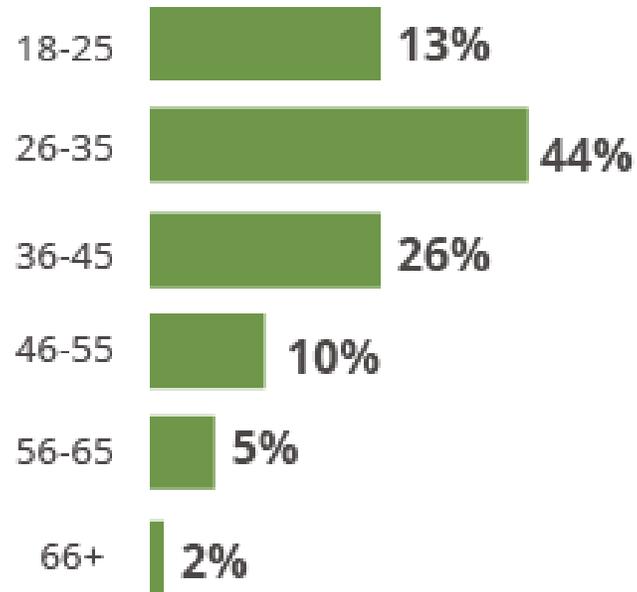

Participant Demographics

From July 1, 2019 through Sept. 30, 2020, approximately 2,296 individuals have received services.
