

My name is Grace Peterson. I am 10 ½ years old. I love to ride horses, swim, bake cupcakes, and play with slime. I have CP. I am going to be honest. CP sucks. It makes me sad because I can't do all of the things that my friends can do. It can be painful, and I sometimes I get really tired. I am standing here today with help to ask you for your help. Please vote do pass for kids like me.
