NORTH DAKOTA PUBLIC FINANCE AUTHORITY

The North Dakota Public Finance Authority (PFA) was established for the purpose of making loans to political subdivisions of the State through the purchase of municipal securities which, in the opinion of the Attorney General of North Dakota, are properly eligible for purchase by the PFA. Subject to credit and program requirements, a loan can be made by the PFA to a political subdivision for any purpose for which the political subdivision has the legal authority to borrow money through the issuance of municipal securities. Certain types of municipal securities issued under N.D.C.C. ch. 40-57 (MIDA bonds) may also be purchased by the PFA.

The PFA, which is under the operation, control and management of the Industrial Commission of North Dakota, is a self-supporting state agency. The costs and expenses of operation of the PFA are financed with earnings on program assets and fees paid by participating political subdivisions.

Obligations of the PFA which are issued to provide funds to purchase municipal securities do not constitute a debt or liability of the State or a pledge of the faith or credit of the State. All obligations of the PFA are payable solely from revenues or program assets pledged or available for their payment as authorized by law. The PFA has no authority to incur any indebtedness or liability on behalf of or payable by the State.

The PFA is authorized by statute (N.D.C.C. § 6-09.4-10(1)) to establish and maintain a reserve fund for its bonds. The Legislative Assembly has made a non-binding pledge to the PFA to replenish the reserve fund if it is depleted by the default of a political subdivision. Section 6-09.4-10(4) provides that “there shall be appropriated by the legislative assembly and paid to the PFA for deposit in the reserve fund, such sum, if any, as shall be certified by the industrial commission as necessary to restore the fund to an amount equal to the required debt service reserve.” Because future Legislative Assemblies are not legally obligated or required to appropriate moneys certified as necessary by the Industrial Commission, this statutory provision is referred to as a “moral obligation.” There has never been the need to request an appropriation for the reserve fund.

Mission

To develop rural and urban North Dakota by providing political subdivisions and other qualifying organizations access to flexible and competitive financing options for their local qualifying projects.

Vision Statement

A municipal bond market that realizes the competitive advantage of utilizing the North Dakota Public Finance Authority’s (PFA) superior bond rating to issue municipal securities, resulting in lower interest rates to fund local projects. A PFA that enables customers to utilize on-line services, such as accessing account information or applying for additional financing. A PFA that leads a cooperative effort with other state agencies to combine available resources into programs that finance infrastructure and improvements for political subdivisions and other qualifying organizations. A State that recognizes the PFA as the leader in providing municipal financing for local projects.

CAPITAL FINANCING PROGRAM

Under its Capital Financing Program (CFP), the PFA makes loans for the purpose of financing projects or improvements for which political subdivisions are legally authorized to borrow money through the issuance of municipal securities. Subject to credit requirements and certain program requirements, financing is available in any dollar amount.

The interest rates payable by a political subdivision are market rates, which are set through a competitive bid process when the PFA issues and sells its bonds to fund a loan. The interest rates paid by the PFA on its bonds are the same rates a political subdivision will pay on its municipal securities sold to the PFA.

On September 26, 2018 the Capital Financing Program was upgraded from a rating of “A+” to “AA-” by Standard & Poor’s Ratings Group.

There were no CFP Bonds issued in 2020.

The total outstanding amount of CFP Reserve Fund Letters of Credit at December 31, 2020, was \$27,079,973. The CFP Reserve Fund Letters of Credit are issued to meet the requirement of the CFP General Bond Resolution that the PFA maintain reserves for each series, equal to the largest aggregate amount of principal and interest due in any twenty-four-consecutive month period. The CFP Reserve Fund Letters of Credit are issued by Bank of North Dakota (BND).

As of December 31, 2020, the total cumulative amount of bonds issued under the CFP General Bond Resolution was \$261,995,000 and the total outstanding amount of bonds under the CFP General Bond Resolution was \$139,260,000.

Part F of Attachment 1 beginning on page 1-5 of this Report contains a complete list, as of December 31, 2020, of all loans made by the PFA with proceeds of CFP Bonds issued under the CFP General Bond Resolution, including the name of each political subdivision, the original amount of each loan, and the outstanding principal of each loan.

Part F of Attachment 2 on page 2-1 of this Report contains a complete list, as of December 31, 2020, of all series of Capital Financing Bonds issued under the CFP General Bond Resolution, including the original dollar amount and the outstanding principal amount of each series of CFP Bonds.

Capital Financing Program Loans

Capital Financing Program Borrowers

CAPITAL FINANCING DISASTER LOAN PROGRAM

On June 16, 2011, the Industrial Commission authorized the PFA to utilize the Capital Financing Program to provide loans for political subdivisions impacted by weather related events. Under its Capital Financing Disaster Loan Program, the PFA makes loans for the purpose of providing disaster assistance to political subdivisions affected by weather related events until federal and state money is available and/or to assist in cash flowing local match requirements.

Any North Dakota political subdivision that is within a county that has received a Presidential Public Disaster Declaration or a gubernatorial executive order or proclamation of a state disaster or emergency was eligible to apply. The political subdivision must show ability to repay the financing either from Federal or State government disaster payments or from tax receipts. The interest rate payable by a political subdivision is the 1-month LIBOR plus 2% adjusted monthly with a floor of 2%.

There were no Disaster Financing loans approved in 2020. Loans approved under this program total \$71,531,546 and none were outstanding as of December 31, 2020. Part E of Attachment 1 beginning on page 1-4 of this Report contains a complete list, as of December 31, 2020, of all loans made by the PFA under the Disaster Loan Program, including the name of each political subdivision, the original amount of each loan, and the outstanding principal of each loan.

The proceeds of the CFP Disaster Bonds have historically been used to make loans to political subdivisions approved for financing under the Disaster Loan Program. The PFA did not sell any CFP Disaster Bonds to Bank of North Dakota in 2020. As of December 31, 2020, the total cumulative amount of bonds issued under the Disaster Loan Program was \$14,405,612 and there are no bonds outstanding under the Disaster Loan Program.

Part G of Attachment 2 on page 2-2 of this Report contains a complete list, as of December 31, 2020, of all series of Capital Financing Disaster Loan Bonds issued, including the original dollar amount and the outstanding principal amount of each series of Disaster Loan Bonds.

STATE REVOLVING FUND PROGRAM

The State Revolving Fund Program (SRF Program) was established in 1990 to enable North Dakota to receive federal capitalization grants as authorized under the Clean Water Act. In 1998, the SRF Program was amended to enable the State to receive capitalization grants as authorized under the Safe Drinking Water Act. The SRF Program grants, received from the United States Environmental Protection Agency, are to be used to make below-market interest rate loans to political subdivisions for the purpose of financing authorized projects, to establish reserve funds, and for other purposes under the Clean Water Act and the Safe Drinking Water Act. Authorized projects under the Clean Water Act include wastewater treatment facilities and nonpoint source pollution control projects. Authorized projects under the Safe Drinking Water Act include public water systems. The SRF Program is administered jointly by the North Dakota Department of Environmental Quality (DEQ) and the PFA.

In 2001, Moody’s Investors Service, Inc. upgraded the North Dakota SRF Program from “Aa2” to “Aaa”, Moody’s highest rating. The PFA obtained an additional rating for the North Dakota SRF Program bonds from Standard & Poor’s Ratings Services which assigned their highest rating, “AAA,” on June 29, 2015.

The interest rates on SRF Program loans are set by the DEQ in consultation with the PFA. The interest rates are fixed for the term of a loan. The interest rate for tax-exempt SRF Program loans is 2.0%. Loans made with American Recovery and Reinvestment Act (ARRA) funds are at 1.0% and/or have a loan forgiveness component.

The PFA approved \$14,428,000 of Clean Water SRF Program loans to 8 political subdivisions in 2020. Subpart 29 of Part G of Attachment 1 on page 1-18 of this Report contains a list of all approved Clean Water SRF Program loans for 2020, including the approved amount, the funded amount, and the outstanding principal amount of each loan as of December 31, 2020.

The PFA approved \$48,059,000 of Drinking Water SRF Program loans to 18 political subdivisions in 2020. Subpart 22 of Part H of Attachment 1 on page 1-26 of this Report contains a list of loans made under the Drinking Water SRF Program during 2020, including the approved amount, the funded amount and the outstanding principal amount of each loan as of December 31, 2020.

The total amount of SRF Program Bonds issued under the PFA’s SRF Program Master Trust Indenture is \$683,365,000. This total includes \$151,085,000 of the 1990, 1993, 1995, 1996, 1998, 2000, 2001, 2003A, 2003B, 2004, 2005 and 2008 SRF Program Bonds which have been advance refunded and are no longer considered to be outstanding.

As of December 31, 2020, the total amount of SRF Program Bonds outstanding was \$304,805,000, and the total outstanding amount of SRF Program loans was \$759,471,844. The total amount on deposit in the SRF Program Reserve Fund as of December 31, 2020, was \$1,276,660, which represents the Total Reserve Requirement under the Master Trust Indenture.

Part H of attachment 2 on page 2-3 of this Report contains a complete list of the SRF Program Bonds issued by the PFA under the Master Trust Indenture, including the original dollar amount and the outstanding principal amount of each series of SRF Program Bond.

INDUSTRIAL DEVELOPMENT BOND PROGRAM

The Public Finance Authority's Industrial Development Bond Program (IDBP) provides loans to North Dakota manufacturers that meet the IRS definition for small issue manufacturers. Bonds issued under this Program are moral obligation bonds of the State unless the borrower has the financial strength to request that the Public Finance Authority issue the bonds on a conduit basis. Public Finance Authority limits the program to \$2,000,000 per borrower and \$20,000,000 for the entire program. For conduit issuance when the state's moral obligation is not used as a credit enhancement there are no project or program limits.

The interest rates payable by a borrower are market rates, which are set through a competitive bid process when the PFA issues and sells its bonds to fund a loan. The interest rates paid by the PFA on its bonds are the same rates a borrower will pay on its bonds sold to the PFA.

On September 26, 2018 the Industrial Development Bond Program was upgraded from a rating of "A+" to "AA-" by Standard & Poor's Ratings Group. The PFA did not issue IDBP Bonds in 2020.

Part I of Attachment 1 beginning on page 1-27 of this Report contains a complete list, as of December 31, 2020, of all loans made by the PFA with proceeds of IDBP Bonds issued under the IDBP General Bond Resolution, including the name of each borrower and the original amount of each loan.

Part I of Attachment 2 on page 2-3 of this Report contains a complete list, as of December 31, 2020, of all series of Industrial Development Program Bonds issued under the IDBP General Bond Resolution, including the original dollar amount and the outstanding principal amount of each series of IDBP Bonds.

The outstanding amount of Reserve Fund Letters of Credit at December 31, 2020 was \$198,050. The IDBP Reserve Fund Letters of Credit are issued to meet the requirement of the IDBP General Bond Resolution that the PFA maintain reserves for each series, equal to the largest aggregate amount of principal and interest due in any twenty-four consecutive month periods. The IDBP Reserve Fund Letters of Credit are issued by BND.

OTHER BONDS

1977 General Bond Resolution. The PFA, pursuant to a 1977 General Bond Resolution, issued \$15,000,000 in 1977, \$16,590,000 of bonds in 1979, and \$11,600,000 of bonds in 1983, for a total principal amount of \$43,190,000. The 1977, 1979 and 1983 bonds have been retired.

1985 Local Governmental Assistance Program. In 1985, the PFA issued \$35,290,000 of bonds under a Local Governmental Assistance Program. These bonds were retired in 1986.

1990 Government Assistance Program. In 1990, pursuant to its Government Assistance Program, the PFA issued two series of bonds in the total amount of \$2,006,704. These bonds were retired in 1991.

1989 Insured Water System Revenue Bonds and 1999 Taxable Insured Water System Refunding Revenue Bonds. Pursuant to a Trust Indenture adopted in 1989, the PFA issued two series of Water System Revenue Bonds. The 1989 Series A Bonds were issued in the amount of \$11,650,000, and the 1989 Series B Bonds were issued in the amount of \$1,410,000 (the 1989 Series A Bonds and the 1989 Series B Bonds are referred to as the “1989 Bonds”). The Series B Bonds were issued to fund a reserve fund for the Series A Bonds. On December 21, 1995, the PFA entered into a Purchase Contract for the forward refunding of the 1989 Bonds. Under the terms of the Purchase Contract, the PFA issued and delivered \$8,875,000 of its Taxable Insured Water System Refunding Revenue Bonds, on April 1, 1999, for the purpose of refunding the 1989 Bonds. These bonds were retired in 2014.

BIENNIAL DEBT SERVICE REQUIREMENTS

The debt service requirement for the outstanding CFP Bonds for the remaining 2019-2021 biennium is \$10,429,497 and the debt service requirement for the outstanding SRF Program Bonds for the 2019-2021 biennium is \$7,546,908. The outstanding IDBP debt service requirement for 2019-2021 is \$75,000.

The aggregate debt service requirement for all outstanding PFA Bonds for the remaining 2019-2021 biennium is \$18,051,405.
