

**Senator,**

This bill could put our Legacy Fund in jeopardy!

**All of these loans should be insured so the people's money is not defaulted on!**

I understand that we could use this money for infrastructure but at some point, this money should be used to eliminate property tax which is Unconstitutional in ND due to the Constitution is clear that the ND legislature is to provide for a free public education, and it is constitutionally prohibited from using property taxes for schools!

**Mr. Mitchell S. Sanderson**
