

Testimony on 1431 Phil Murphy for NDSGA

The ND Soybean Growers stand in full support of 1431 for the many opportunities it affords our state during this time of low interest rates. We do so not only for its promise of sorely needed transportation infrastructure, but also the Agriculture Products Development Center and Northern Crops Institute to bolster and continue the research efforts critical to the success of our industry. Please further the passage of 1431, and thank you for your efforts to help the future of North Dakota.
