March 19, 2021

Honorable Members of the Senate Political Subdivision Committee,

***The North Dakota Appraiser Association (NDAA) supports HB #1222.***

The NDAA collectively represents its members (150 strong) in the appraisal industry in ND. The elected NDAA Board of Directors voted to support this bill because it properly addresses the concerns of "non-conforming" real estate property issues which exist for appraisers in ND.

***As the current President of the NDAA, if you have any question or concerns feel free to contact me.***

Thanks for your consideration and your service to ND!  
Respectfully submitted,

*William D. Gion*

***William "Bill" Gion  
NDAA President***
