7. If the individual with the duty of final disposition under this section, or the personal representative of the decedent's estate, if any, is aware of the decedent's instructions regarding the disposition of the remains, that person shall honor those instructions, to the extent reasonable and possible, to the extent the instructions do not impose an economic or emotional hardship. A decedent's instructions may be reflected in a variety of methods, including pre-need funeral arrangements a deceased articulated and funded in a pre-need funeral service contract, a health care directive, a durable power of attorney for health care, a power of attorney, a will, a document created under section 23-06-31, or a document of gift for an anatomical gift.

  9. A funeral director or mortician has complete authority to control the final disposition and to proceed under this chapter to recover reasonable charges for the final disposition if:
    - a. The funeral director or mortician has actual knowledge none of the individuals described in subsection 1 exist, can be found after reasonable inquiry, or can be contacted by reasonable means; and
    - b. Within thirty-six hours after having been given written notice of the facts, the appropriate court or public authority fails to assume responsibility for disposition of the remains. Written notice may be delivered by hand, United States mail, or facsimile transmission.

## CHAPTER 240

### SENATE BILL NO. 2125

(Senators Mathern, Erbele, Hogan)  
(Representatives Dobervich, Kasper, Swiontek)

AN ACT to amend and reenact sections 23-06.5-06 and 23-06.5-17 of the North Dakota Century Code, relating to health care directive acceptance of appointment as agent.

#### BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

**SECTION 1. AMENDMENT.** Section 23-06.5-06 of the North Dakota Century Code is amended and reenacted as follows:

##### **23-06.5-06. Acceptance of appointment - Withdrawal as agent.**

~~To be effective, the agent must accept the appointment in writing.~~ Subject to the right of the agent to withdraw, the ~~acceptance~~ health care directive creates authority for the agent to make health care decisions on behalf of the principal at such time as the principal becomes incapacitated. Until the principal becomes incapacitated, the agent may withdraw by giving notice to the principal. After the principal becomes incapacitated, the agent may withdraw by giving notice to the attending physician. The attending physician shall cause the withdrawal to be recorded in the principal's medical record.

**SECTION 2. AMENDMENT.** Section 23-06.5-17 of the North Dakota Century Code is amended and reenacted as follows:

##### **23-06.5-17. Optional health care directive form.**

The following is an optional form of a health care directive and is not a required form:

#### HEALTH CARE DIRECTIVE

I \_\_\_\_\_, understand this document allows me to do ONE OR ALL of the following:

**PART I:** Name another ~~person~~ individual (called the health care agent) to make health care decisions for me if I am unable to make and communicate health care decisions for myself. My health care agent must make health care decisions for me based on the instructions I provide in this document (Part II), if any, the wishes I have made known to him or her, or my agent must act in my best interest if I have not made my health care wishes known.

AND/OR

**PART II:** Give health care instructions to guide others making health care decisions for me. If I have named a health care agent, these instructions are to be used by the agent. These instructions may also be used by my health care providers, others assisting with my health care, and my family, in the event I cannot make and communicate decisions for myself.

AND/OR

PART III: Allows me to make an organ and tissue donation upon my death by signing a document of anatomical gift.

PART I: APPOINTMENT OF HEALTH CARE AGENT

THIS IS WHO I WANT TO MAKE HEALTH CARE DECISIONS FOR ME IF I AM UNABLE TO MAKE AND COMMUNICATE HEALTH CARE DECISIONS FOR MYSELF

(I know I can change my agent or alternate agent at any time

and I know I do not have to appoint an agent or an alternate agent)

NOTE: If you appoint an agent, you should discuss this health care directive with your agent and give your agent a copy. If you do not wish to appoint an agent, you may leave Part I blank and go to Part II and/or Part III. None of the following may be designated as your agent: your treating health care provider, a nonrelative employee of your treating health care provider, an operator of a long-term care facility, or a nonrelative employee of a long-term care facility.

When I am unable to make and communicate health care decisions for myself, I trust and appoint \_\_\_\_\_ to make health care decisions for me. This ~~person~~individual is called my health care agent.

Relationship of my health care agent to me: \_\_\_\_\_

Telephone number of my health care agent: \_\_\_\_\_

Address of my health care agent: \_\_\_\_\_

(OPTIONAL) APPOINTMENT OF ALTERNATE HEALTH CARE AGENT: If my health care agent is not reasonably available, I trust and appoint \_\_\_\_\_ to be my health care agent instead.

Relationship of my alternate health care agent to me: \_\_\_\_\_

Telephone number of my alternate health care agent: \_\_\_\_\_

Address of my alternate health care agent: \_\_\_\_\_

THIS IS WHAT I WANT MY HEALTH CARE AGENT TO BE ABLE TO DO IF I AM UNABLE TO MAKE AND COMMUNICATE HEALTH CARE DECISIONS FOR MYSELF

(I know I can change these choices)

My health care agent is automatically given the powers listed below in (A) through (D). My health care agent must follow my health care instructions in this document or any other instructions I have given to my agent. If I have not given health care instructions, then my agent must act in my best interest.

Whenever I am unable to make and communicate health care decisions for myself, my health care agent has the power to:

(A) Make any health care decision for me. This includes the power to give, refuse, or withdraw consent to any care, treatment, service, or procedures. This includes deciding whether to stop or not start health care that is keeping me or might keep me alive and deciding about mental health treatment.

(B) Choose my health care providers.

(C) Choose where I live and receive care and support when those choices relate to my health care needs.

(D) Review my medical records and have the same rights that I would have to give my medical records to other people.

If I DO NOT want my health care agent to have a power listed above in (A) through (D) OR if I want to LIMIT any power in (A) through (D), I MUST say that here:

---

---

---

My health care agent is NOT automatically given the powers listed below in (1) and (2). If I WANT my agent to have any of the powers in (1) and (2), I must INITIAL the line in front of the power; then my agent WILL HAVE that power.

\_\_\_\_(1) To decide whether to donate any parts of my body, including organs, tissues, and eyes, when I die.

\_\_\_\_(2) To decide what will happen with my body when I die (burial, cremation).

If I want to say anything more about my health care agent's powers or limits on the powers, I can say it here:

---

---

---

**PART II: HEALTH CARE INSTRUCTIONS**

NOTE: Complete this Part II if you wish to give health care instructions. If you appointed an agent in Part I, completing this Part II is optional but would be very helpful to your agent. However, if you chose not to appoint an agent in Part I, you MUST complete, at a minimum, Part II (B) if you wish to make a valid health care directive.

These are instructions for my health care when I am unable to make and communicate health care decisions for myself. These instructions must be followed (so long as they address my needs).

**(A) THESE ARE MY BELIEFS AND VALUES ABOUT MY HEALTH CARE**

(I know I can change these choices or leave any of them blank)

I want you to know these things about me to help you make decisions about my health care:

My goals for my health care:

---

---

---

My fears about my health care:

---

---

---

My spiritual or religious beliefs and traditions:

---

---

---

My beliefs about when life would be no longer worth living:

---

---

---

My thoughts about how my medical condition might affect my family:

---

---

---

(B) THIS IS WHAT I WANT AND DO NOT WANT FOR MY HEALTH CARE

(I know I can change these choices or leave any of them blank)

Many medical treatments may be used to try to improve my medical condition or to prolong my life. Examples include artificial breathing by a machine connected to a tube in the lungs, artificial feeding or fluids through tubes, attempts to start a stopped heart, surgeries, dialysis, antibiotics, and blood transfusions. Most medical treatments can be tried for a while and then stopped if they do not help.

I have these views about my health care in these situations:

(Note: You can discuss general feelings, specific treatments, or leave any of them blank).

If I had a reasonable chance of recovery and were temporarily unable to make and communicate health care decisions for myself, I would want:

---

---

---

If I were dying and unable to make and communicate health care decisions for myself, I would want:

---

---

---

If I were permanently unconscious and unable to make and communicate health care decisions for myself, I would want:

---

---

---

If I were completely dependent on others for my care and unable to make and communicate health care decisions for myself, I would want:

---

---

---

In all circumstances, my health care providers will try to keep me comfortable and reduce my pain. This is how I feel about pain relief if it would affect my alertness or if it could shorten my life:

---

---

---

There are other things that I want or do not want for my health care, if possible:

Who I would like to be my health care provider:

---

---

---

Where I would like to live to receive health care:

---

---

---

Where I would like to die and other wishes I have about dying:

---

---

---

My wishes about what happens to my body when I die (cremation, burial, whole body donation):

---

---

---

Any other things:

---

---

---

PART III: MAKING AN ANATOMICAL GIFT

(A) I WANT TO BE AN ORGAN DONOR

I would like to be an organ donor at the time of my death. I have told my family my decision and ask my family to honor my wishes. I wish to donate the following (initial one statement):

Any needed organs and tissue.

Only the following organs and tissue: \_\_\_\_\_

(B) I DO NOT WANT TO BE AN ORGAN DONOR

I do not want to be an organ donor at the time of my death. I have told my family my decision and ask my family to honor my wishes.

PART IV: MAKING THE DOCUMENT LEGAL

~~PRIOR~~EARLIER DESIGNATIONS REVOKED. I revoke any ~~prior~~earlier health care directive.

(Senators Larsen, Meyer, Vedaas)

AN ACT to amend and reenact section 23-12-10 of the North Dakota Century Code, relating to cigar lounges.

#### BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

**SECTION 1. AMENDMENT.** Section 23-12-10 of the North Dakota Century Code is amended and reenacted as follows:

#### **23-12-10. Smoking restrictions - Exceptions - Retaliation - Application.**

1. In order to protect the public health and welfare and to recognize the need for individuals to breathe smoke-free air, smoking is prohibited in all enclosed areas of:
  - a. Public places; and
  - b. Places of employment.
2. Smoking is prohibited within twenty feet [6.10 meters] of entrances, exits, operable windows, air intakes, and ventilation systems of enclosed areas in which smoking is prohibited. Owners, operators, managers, employers, or other persons who own or control a public place or place of employment may seek to rebut the presumption that twenty feet [6.10 meters] is a reasonable minimum distance by making application to the director of the local health department or district in which the public place or place of employment is located. The presumption will be rebutted if the applicant can show by clear and convincing evidence that, given the unique circumstances presented by the location of entrances, exits, windows that open, ventilation intakes, or other factors, smoke will not infiltrate or reach the entrances, exits, open windows, or ventilation intakes or enter into such public place or place of employment and, therefore, the public health and safety will be adequately protected by a lesser distance.
3. The following areas are exempt from subsections 1 and 2:
  - a. Private residences, except those residences used as a child care, adult day care, or health care facility subject to licensure by the department of health and human services.
  - b. Outdoor areas of places of employment, except those listed in subsection 2.
  - c. Any area that is not commonly accessible to the public and which is part of an owner-operated business having no employee other than the owner-operator.

- d. A cigar lounge, which has a valid certificate issued by the tax commissioner under this subdivision; has a humidor on the premises; is enclosed by solid walls or windows, a ceiling, and a solid door; and is equipped with a ventilation system by which exhausted air is not recirculated to nonsmoking areas and smoke is not backstreamed into nonsmoking areas. A cigar lounge meeting the requirements of this subdivision may permit the smoking of cigars purchased on the premises, but may not permit the smoking of any other product on the premises.
- (1) A cigar lounge asserting the lounge meets the requirements of this subdivision shall report to the tax commissioner before February first of each year, on a form prescribed by the commissioner, the revenue from the previous calendar year generated from the sale of cigars as a percentage of annual gross income. Upon receipt of a report asserting compliance with the annual gross income requirements of this subdivision, the commissioner shall issue an annual certificate. The commissioner is not required to confirm the accuracy of information reported but may not issue a certificate absent supporting documentation from the lounge. Information reported to the commissioner under this subdivision is subject to the confidentiality provisions of section 57-39.2-23.
- (2) For purposes of this subdivision:
- (a) "Cigar" means an individual roll of tobacco which has a wrapper or cover of whole leaf tobacco; does not contain filler other than tobacco filler; does not contain binder other than tobacco binder; does not contain additives other than water; does not contain a filter, tip, or nontobacco mouthpiece; weighs at least six pounds per thousand count; and is made by hand, except to allow for the use of a manually operated machine to assist in bunching, rolling, and binding.
- (b) "Cigar lounge" means a business dedicated, in whole or in part, to the smoking of cigars which generates fifteen percent or more of the business's annual gross income from the sale of cigars.
4. Smoking as part of a traditional American Indian spiritual or cultural ceremony is not prohibited.
5. No person or employer shall discharge, refuse to hire, or in any manner retaliate against an employee, applicant for employment, or other person because that person asserts or exercises any rights afforded by this section or reports or attempts to prosecute a violation of this section. An employee who works in a setting where an employer allows smoking does not waive or surrender any legal rights the employee may have against the employer or any other party. Violations of this subsection shall be a class B misdemeanor.
6. This section may not be interpreted or construed to permit smoking where it is otherwise restricted by other applicable laws.
7. Notwithstanding any other provision of this chapter, an owner, operator, manager or other person in control of an establishment, facility, or outdoor area may declare that entire establishment, facility, or outdoor area as a nonsmoking place.

  - (6) Providing reasonable standards and procedures for the establishment of the personnel policies and programs of the commission. Notwithstanding any civil service or other similar laws of any compacting state, the bylaws shall exclusively govern the personnel policies and programs of the commission;
  - (7) Promulgating a code of ethics to address permissible and prohibited activities of commission members and employees; and
  - (8) Providing a mechanism for winding up the operations of the commission and the equitable disposition of any surplus funds that may exist after the termination of the compact after the payment and/or reserving of all of its debts and obligations.

d. The commission shall publish its bylaws in a convenient form and file a copy thereof and a copy of any amendment thereto, with the appropriate agency or officer in each of the compacting states.

2. Management committee, officers, and personnel.

a. A management committee comprising no more than fourteen members shall be established as follows:

(1) One member from each of the six compacting states with the largest premium volume for individual and group annuities, life, disability income, and long-term care insurance products, determined from the records of the national association of insurance commissioners for the prior year;

(2) Four members from those compacting states with at least two percent of the market based on the premium volume described above, other than the six compacting states with the largest premium volume, selected on a rotating basis as provided in the bylaws; and

(3) Four members from those compacting states with less than two percent of the market, based on the premium volume described above, with one selected from each of the four zone regions of the national association of insurance commissioners as provided in the bylaws.

b. The management committee shall have such authority and duties as may be set forth in the bylaws, including but not limited to:

(1) Managing the affairs of the commission in a manner consistent with the bylaws and purposes of the commission;

(2) Establishing and overseeing an organizational structure within, and appropriate procedures for, the commission to provide for the creation of uniform standards and other rules, receipt and review of product filings, administrative and technical support functions, review of decisions regarding the disapproval of a product filing, and the review of elections made by a compacting state to opt-out of a uniform standard, provided that a uniform standard shall not be submitted to the compacting states for adoption unless approved by two-thirds of the members of the management committee;

(3) Overseeing the offices of the commission; and

(4) Planning, implementing, and coordinating communications and activities with other state, federal, and local government organizations in order to advance the goals of the commission.

c. The commission shall elect annually officers from the management committee, with each having such authority and duties, as may be specified in the bylaws.

d. The management committee may, subject to the approval of the commission, appoint or retain an executive director for such period, upon such terms and conditions and for such compensation as the commission may deem appropriate. The executive director shall serve as secretary to

the commission, but shall not be a member of the commission. The executive director shall hire and supervise such other staff as may be authorized by the commission.

3. Legislative and advisory committees.

- a. A legislative committee comprising state legislators or their designees shall be established to monitor the operations of, and make recommendations to, the commission, including the management committee, provided that the manner of selection and term of any legislative committee member shall be as set forth in the bylaws. Prior to the adoption by the commission of any uniform standard, revision to the bylaws, annual budget, or other significant matter as may be provided in the bylaws, the management committee shall consult with and report to the legislative committee.
- b. The commission shall establish two advisory committees, one of which shall comprise consumer representatives independent of the insurance industry, and the other comprising insurance industry representatives.
- c. The commission may establish additional advisory committees as its bylaws may provide for the carrying out of its functions.

4. Corporate records of the commission. The commission shall maintain its corporate books and records in accordance with the bylaws.

5. Qualified immunity, defense, and indemnification.

- a. The members, officers, executive director, employees, and representatives of the commission shall be immune from suit and liability, either personally or in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused by or arising out of any actual or alleged act, error, or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities, provided that nothing in this subdivision shall be construed to protect any such person from suit and/or liability for any damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of that person.
- b. The commission shall defend any member, officer, executive director, employee, or representative of the commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities, provided that nothing herein shall be construed to prohibit that person from retaining his or her own counsel, and provided further that the actual or alleged act, error, or omission did not result from that person's intentional or willful and wanton misconduct.
- c. The commission shall indemnify and hold harmless any member, officer, executive director, employee, or representative of the commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that such

person had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from the intentional or willful and wanton misconduct of that person.

#### **ARTICLE VI - MEETINGS AND ACTS OF THE COMMISSION**

1. The commission shall meet and take such actions as are consistent with the provisions of this compact and the bylaws.
2. Each member of the commission shall have the right and power to cast a vote to which that compacting state is entitled and to participate in the business and affairs of the commission. A member shall vote in person or by such other means as provided in the bylaws. The bylaws may provide for members' participation in meetings by telephone or other means of communication.
3. The commission shall meet at least once during each calendar year. Additional meetings shall be held as set forth in the bylaws.

#### **ARTICLE VII - RULES AND OPERATING PROCEDURES - RULEMAKING FUNCTIONS OF THE COMMISSION AND OPTING OUT OF UNIFORM STANDARDS**

1. Rulemaking authority. The commission shall promulgate reasonable rules, including uniform standards, and operating procedures in order to effectively and efficiently achieve the purposes of this compact. Notwithstanding the foregoing, in the event the commission exercises its rulemaking authority in a manner that is beyond the scope of the purposes of this chapter, or the powers granted hereunder, then such an action by the commission shall be invalid and have no force and effect.
2. Rulemaking procedure. Rules and operating procedures shall be made pursuant to a rulemaking process that conforms to the model state administrative procedure act of 1981 as amended, as may be appropriate to the operations of the commission. Before the commission adopts a uniform standard, the commission shall give written notice to the relevant state legislative committee(s) in each compacting state responsible for insurance issues of its intention to adopt the uniform standard. The commission in adopting a uniform standard shall consider fully all submitted materials and issue a concise explanation of its decision.
3. Effective date and opt-out of a uniform standard. A uniform standard shall become effective ninety days after its promulgation by the commission or such later date as the commission may determine; provided, however, that a compacting state may opt-out of a uniform standard as provided in this article. "Opt-out" shall be defined as any action by a compacting state to decline to adopt or participate in a promulgated uniform standard. All other rules and operating procedures, and amendments thereto, shall become effective as of the date specified in each rule, operating procedure, or amendment.
4. Opt-out procedure.
  - a. A compacting state may opt-out of a uniform standard, either by legislation or regulation duly promulgated by the insurance department under the compacting state's administrative procedure act. If a compacting state

elects to opt-out of a uniform standard by regulation, it must give written notice to the commission no later than ten business days after the uniform standard is promulgated, or at the time the state becomes a compacting state and must find that the uniform standard does not provide reasonable protections to the citizens of the state, given the conditions in the state. The commissioner shall make specific findings of fact and conclusions of law, based on a preponderance of the evidence, detailing the conditions in the state which warrant a departure from the uniform standard and determining that the uniform standard would not reasonably protect the citizens of the state. The commissioner must consider and balance the following factors and find that the conditions in the state and needs of the citizens of the state outweigh the intent of the legislature to participate in, and the benefits of, an interstate agreement to establish national uniform consumer protections for the products subject to this chapter and the presumption that a uniform standard adopted by the commission provides reasonable protections to consumers of the relevant product. Notwithstanding the foregoing, a compacting state may, at the time of its enactment of this compact, prospectively opt-out of all uniform standards involving long-term care insurance products by expressly providing for such opt-out in the enacted compact, and such an opt-out shall not be treated as a material variance in the offer or acceptance of any state to participate in this compact. Such an opt-out shall be effective at the time of enactment of this compact by the compacting state and shall apply to all existing uniform standards involving long-term care insurance products and those subsequently promulgated.

b. In accordance with subdivision a, North Dakota opts out of all existing and prospective uniform standards involving long-term care insurance products in order to preserve North Dakota's statutory requirements governing long-term care insurance products.

5. Effect of opt-out. If a compacting state elects to opt-out of a uniform standard, the uniform standard shall remain applicable in the compacting state electing to opt-out until such time the opt-out legislation is enacted into law or the regulation opting out becomes effective. Once the opt-out of a uniform standard by a compacting state becomes effective as provided under the laws of that state, the uniform standard shall have no further force and effect in that state unless and until the legislation or regulation implementing the opt-out is repealed or otherwise becomes ineffective under the laws of the state. If a compacting state opts out of a uniform standard after the uniform standard has been made effective in that state, the opt-out shall have the same prospective effect as provided under article XIV for withdrawals.

6. Stay of uniform standard. If a compacting state has formally initiated the process of opting out of a uniform standard by regulation, and while the regulatory opt-out is pending, the compacting state may petition the commission, at least fifteen days before the effective date of the uniform standard, to stay the effectiveness of the uniform standard in that state. The commission may grant a stay if it determines the regulatory opt-out is being pursued in a reasonable manner and there is a likelihood of success. If a stay is granted or extended by the commission, the stay or extension thereof may postpone the effective date by up to ninety days, unless affirmatively extended by the commission, provided a stay may not be permitted to remain in effect for more than one year unless the compacting state can show extraordinary circumstances which warrant a continuance of the stay, including, but not

limited to, the existence of a legal challenge which prevents the compacting state from opting out. A stay may be terminated by the commission upon notice that the rulemaking process has been terminated.

7. Not later than thirty days after a rule or operating procedure is promulgated, any person may file a petition for judicial review of the rule or operating procedure, provided that the filing of such a petition shall not stay or otherwise prevent the rule or operating procedure from becoming effective unless the court finds that the petitioner has a substantial likelihood of success. The court shall give deference to the actions of the commission consistent with applicable law and shall not find the rule or operating procedure to be unlawful if the rule or operating procedure represents a reasonable exercise of the commission's authority.

### **ARTICLE VIII - COMMISSION RECORDS AND ENFORCEMENT**

1. The commission shall promulgate rules establishing conditions and procedures for public inspection and copying of its information and official records, except such information and records involving the privacy of individuals and insurers' trade secrets. The commission may promulgate additional rules under which it may make available to federal and state agencies, including law enforcement agencies, records, and information otherwise exempt from disclosure, and may enter into agreements with such agencies to receive or exchange information or records subject to nondisclosure and confidentiality provisions.
2. Except as to privileged records, data, and information, the laws of any compacting state pertaining to confidentiality or nondisclosure shall not relieve any compacting state commissioner of the duty to disclose any relevant records, data, or information to the commission, provided that disclosure to the commission shall not be deemed to waive or otherwise affect any confidentiality requirement, and further provided that, except as otherwise expressly provided in this chapter, the commission shall not be subject to the compacting state's laws pertaining to confidentiality and nondisclosure with respect to records, data, and information in its possession. Confidential information of the commission shall remain confidential after such information is provided to any commissioner.
3. The commission shall monitor compacting states for compliance with duly adopted bylaws, rules, including uniform standards, and operating procedures. The commission shall notify any noncomplying compacting state in writing of its noncompliance with commission bylaws, rules, or operating procedures. If a noncomplying compacting state fails to remedy its noncompliance within the time specified in the notice of noncompliance, the compacting state shall be deemed to be in default as set forth in article XIV.
4. The commissioner of any state in which an insurer is authorized to do business, or is conducting the business of insurance, shall continue to exercise his or her authority to oversee the market regulation of the activities of the insurer in accordance with the provisions of the state's law. The commissioner's enforcement of compliance with the compact is governed by the following provisions:
  - a. With respect to the commissioner's market regulation of a product or advertisement that is approved or certified to the commission, the content

of the product or advertisement shall not constitute a violation of the provisions, standards, or requirements of the compact except upon a final order of the commission, issued at the request of a commissioner after prior notice to the insurer and an opportunity for hearing before the commission.

- b. Before a commissioner may bring an action for violation of any provision, standard, or requirement of the compact relating to the content of an advertisement not approved or certified to the commission, the commission, or an authorized commission officer or employee, must authorize the action. However, authorization pursuant to this subdivision does not require notice to the insurer, opportunity for hearing, or disclosure of requests for authorization or records of the commission's action on such requests.

### **ARTICLE IX - DISPUTE RESOLUTION**

The commission shall attempt, upon the request of a member, to resolve any disputes or other issues that are subject to this compact and which may arise between two or more compacting states, or between compacting states and noncompacting states, and the commission shall promulgate an operating procedure providing for resolution of such disputes.

### **ARTICLE X - PRODUCT FILING AND APPROVAL**

1. Insurers and third-party filers seeking to have a product approved by the commission shall file the product with, and pay applicable filing fees to, the commission. Nothing in this chapter shall be construed to restrict or otherwise prevent an insurer from filing its product with the insurance department in any state wherein the insurer is licensed to conduct the business of insurance, and such filing shall be subject to the laws of the states where filed.
2. The commission shall establish appropriate filing and review processes and procedures pursuant to commission rules and operating procedures. Notwithstanding any provision herein to the contrary, the commission shall promulgate rules to establish conditions and procedures under which the commission will provide public access to product filing information. In establishing such rules, the commission shall consider the interests of the public in having access to such information, as well as protection of personal medical and financial information and trade secrets, that may be contained in a product filing or supporting information.
3. Any product approved by the commission may be sold or otherwise issued in those compacting states for which the insurer is legally authorized to do business.

### **ARTICLE XI - REVIEW OF COMMISSION DECISIONS REGARDING FILINGS**

1. Not later than thirty days after the commission has given notice of a disapproved product or advertisement filed with the commission, the insurer or third-party filer whose filing was disapproved may appeal the determination to a review panel appointed by the commission. The commission shall promulgate rules to establish procedures for appointing such review panels and provide for notice and hearing. An allegation that the commission, in disapproving a product or advertisement filed with the commission, acted

arbitrarily, capriciously, or in a manner that is an abuse of discretion or otherwise not in accordance with the law, is subject to judicial review in accordance with subsection 4 of article III.

2. The commission shall have authority to monitor, review, and reconsider products and advertisement subsequent to their filing or approval upon a finding that the product does not meet the relevant uniform standard. Where appropriate, the commission may withdraw or modify its approval after proper notice and hearing, subject to the appeal process in subsection 1.

## **ARTICLE XII - FINANCE**

1. The commission shall pay or provide for the payment of the reasonable expenses of its establishment and organization. To fund the cost of its initial operations, the commission may accept contributions and other forms of funding from the national association of insurance commissioners, compacting states, and other sources. Contributions and other forms of funding from other sources shall be of such a nature that the independence of the commission concerning the performance of its duties shall not be compromised.
2. The commission shall collect a filing fee from each insurer and third-party filer filing a product with the commission to cover the cost of the operations and activities of the commission and its staff in a total amount sufficient to cover the commission's annual budget.
3. The commission's budget for a fiscal year shall not be approved until it has been subject to notice and comment as set forth in article VII of this compact.
4. The commission shall be exempt from all taxation in and by the compacting states.
5. The commission shall not pledge the credit of any compacting state, except by and with the appropriate legal authority of that compacting state.
6. The commission shall keep complete and accurate accounts of all its internal receipts, including grants and donations, and disbursements of all funds under its control. The internal financial accounts of the commission shall be subject to the accounting procedures established under its bylaws. The financial accounts and reports including the system of internal controls and procedures of the commission shall be audited annually by an independent certified public accountant. Upon the determination of the commission, but no less frequently than every three years, the review of the independent auditor shall include a management and performance audit of the commission. The commission shall make an annual report to the governor and legislature of the compacting states, which shall include a report of the independent audit. The commission's internal accounts shall not be confidential and such materials may be shared with the commissioner of any compacting state upon request provided, however, that any work papers related to any internal or independent audit and any information regarding the privacy of individuals and insurers' proprietary information, including trade secrets, shall remain confidential.
7. No compacting state shall have any claim to or ownership of any property held by or vested in the commission or to any commission funds held pursuant to the provisions of this compact.

**ARTICLE XIII - COMPACTING STATES, EFFECTIVE DATE, AND AMENDMENT**

1. Any state is eligible to become a compacting state.
2. The compact shall become effective and binding upon legislative enactment of the compact into law by two compacting states, provided the commission shall become effective for purposes of adopting uniform standards for, reviewing, and giving approval or disapproval of products filed with the commission that satisfy applicable uniform standards only after twenty-six states are compacting states or, alternatively, by states representing greater than forty percent of the premium volume for life insurance, annuity, disability income, and long-term care insurance products, based on records of the national association of insurance commissioners for the prior year. Thereafter, it shall become effective and binding as to any other compacting state upon enactment of the compact into law by that state.
3. Amendments to the compact may be proposed by the commission for enactment by the compacting states. No amendment shall become effective and binding upon the commission and the compacting states unless and until all compacting states enact the amendment into law.

**ARTICLE XIV - WITHDRAWAL, DEFAULT, AND TERMINATION**

1. Withdrawal.
  - a. Once effective, the compact shall continue in force and remain binding upon each and every compacting state, provided that a compacting state may withdraw from the compact ("withdrawing state") by enacting a statute specifically repealing the statute which enacted the compact into law.
  - b. The effective date of withdrawal is the effective date of the repealing statute. However, the withdrawal shall not apply to any product filings approved or self-certified, or any advertisement of such products, on the date the repealing statute becomes effective, except by mutual agreement of the commission and the withdrawing state unless the approval is rescinded by the withdrawing state as provided in subdivision e.
  - c. The commissioner of the withdrawing state shall immediately notify the management committee in writing upon the introduction of legislation repealing this compact in the withdrawing state.
  - d. The commission shall notify the other compacting states of the introduction of such legislation within ten days after its receipt of notice thereof.
  - e. The withdrawing state is responsible for all obligations, duties, and liabilities incurred through the effective date of withdrawal, including any obligations, the performance of which extend beyond the effective date of withdrawal, except to the extent those obligations may have been released or relinquished by mutual agreement of the commission and the withdrawing state. The commission's approval of products and advertisement prior to the effective date of withdrawal shall continue to be effective and be given full force and effect in the withdrawing state, unless formally rescinded by the withdrawing state in the same manner as provided by the laws of the withdrawing state for the prospective

disapproval of products or advertisement previously approved under state law.

- f. Reinstatement following withdrawal of any compacting state shall occur upon the effective date of the withdrawing state reenacting the compact.

## 2. Default.

- a. If the commission determines that any compacting state has at any time defaulted ("defaulting state") in the performance of any of its obligations or responsibilities under this compact, the bylaws or duly promulgated rules or operating procedures, then, after notice and hearing as set forth in the bylaws, all rights, privileges, and benefits conferred by this compact on the defaulting state shall be suspended from the effective date of default as fixed by the commission. The grounds for default include, but are not limited to, failure of a compacting state to perform its obligations or responsibilities, and any other grounds designated in commission rules. The commission shall immediately notify the defaulting state in writing of the defaulting state's suspension pending a cure of the default. The commission shall stipulate the conditions and the time period within which the defaulting state must cure its default. If the defaulting state fails to cure the default within the time period specified by the commission, the defaulting state shall be terminated from the compact and all rights, privileges, and benefits conferred by this compact shall be terminated from the effective date of termination.
- b. Product approvals by the commission or product self-certifications, or any advertisement in connection with such product, that are in force on the effective date of termination shall remain in force in the defaulting state in the same manner as if the defaulting state had withdrawn voluntarily pursuant to subsection 1.
- c. Reinstatement following termination of any compacting state requires a reenactment of the compact.

## 3. Dissolution of compact.

- a. The compact dissolves effective upon the date of the withdrawal or default of the compacting state which reduces membership in the compact to one compacting state.
- b. Upon the dissolution of this compact, the compact becomes null and void and shall be of no further force or effect, and the business and affairs of the commission shall be wound up and any surplus funds shall be distributed in accordance with the bylaws.

## **ARTICLE XV - SEVERABILITY AND CONSTRUCTION**

1. The provisions of this compact shall be severable and if any phrase, clause, sentence, or provision is deemed unenforceable, the remaining provisions of the compact shall be enforceable.
2. The provisions of this compact shall be liberally construed to effectuate its purposes.

**ARTICLE XVI - BINDING EFFECT OF COMPACT AND OTHER LAWS**1. Other laws.

- a. Nothing herein prevents the enforcement of any other law of a compacting state, except as provided in subdivision b.
- b. For any product approved or certified to the commission, the rules, uniform standards, and any other requirements of the commission shall constitute the exclusive provisions applicable to the content, approval, and certification of such products. For advertisement that is subject to the commission's authority, any rule, uniform standard, or other requirement of the commission which governs the content of the advertisement shall constitute the exclusive provision that a commissioner may apply to the content of the advertisement. Notwithstanding the foregoing, no action taken by the commission shall abrogate or restrict:
  - (1) The access of any person to state courts;
  - (2) Remedies available under state law related to breach of contract, tort, or other laws not specifically directed to the content of the product;
  - (3) State law relating to the construction of insurance contracts; or
  - (4) The authority of the attorney general of the state, including, but not limited to, maintaining any actions or proceedings, as authorized by law.
- c. All insurance products filed with individual states shall be subject to the laws of those states.

2. Binding effect of this compact.

- a. All lawful actions of the commission, including all rules and operating procedures promulgated by the commission, are binding upon the compacting states.
- b. All agreements between the commission and the compacting states are binding in accordance with their terms.
- c. Upon the request of a party to a conflict over the meaning or interpretation of commission actions, and upon a majority vote of the compacting states, the commission may issue advisory opinions regarding the meaning or interpretation in dispute.
- d. In the event any provision of this compact exceeds the constitutional limits imposed on the legislature of any compacting state, the obligations, duties, powers, or jurisdiction sought to be conferred by that provision upon the commission shall be ineffective as to that compacting state, and those obligations, duties, powers, or jurisdiction shall remain in the compacting state and shall be exercised by the agency thereof to which those obligations, duties, powers, or jurisdiction are delegated by law in effect at the time this compact becomes effective.

The commissioner must be satisfied by examination and evidence that an insurance company is legally qualified to transact business in this state, ~~including compliance with section 26.1-03-11,~~ before granting a certificate of authority to the company to issue policies or make insurance contracts. A certificate of authority issued under this title remains in force in perpetuity if the required renewal fee is paid by April thirtieth of each year and the commissioner is satisfied that ~~the documents required by section 26.1-03-11 have been filed,~~ the statements and evidences of investment required of the company have been furnished, the required capital or surplus or both, securities, and investments remain secure, and all other requirements of law are met. **26.1-03-11. Fire companies to report statistical data - Failure to report - Exceptions to reporting requirements - Penalty.**

Each insurance company issuing fire insurance policies covering property in this state annually shall report information setting forth the amount of earned premiums in this state for policies covering insured property located in this state and the amount of claims incurred. This information is not to include personal lines or farm property insurance. Gender and duration of coverage may not be used as a rating factor for policies issued after January 1, 1997.
2. An insurer, in addition to the factors set forth in subsection 1, may use geography, family composition, healthy lifestyles, and benefit variations to determine premium rates.
3. ~~The commissioner shall design and adopt reporting forms to be used by an insurer to report information as to insurer's experience as to insurance provided under this chapter on a periodic basis to determine the impact of the reforms and implementation of modified community rating contained in this chapter.~~

  - a. A person working for a travel administrator to the extent the person's activities are subject to the supervision and control of the travel administrator;
  - b. An insurance producer selling insurance or engaged in administrative and claims-related activities within the scope of the producer's license;

12. "Travel assistance services" means noninsurance services for which the consumer is not indemnified based on a fortuitous event, and for which providing the service does not result in transfer or shifting of risk that would constitute the business of insurance. The term includes security advisories, destination information, vaccination and immunization information services, travel reservation services, entertainment, activity and event planning, translation assistance, emergency messaging, international legal and medical referrals, medical case monitoring, coordination of transportation arrangements, emergency cash transfer assistance, medical prescription replacement assistance, passport and travel document replacement assistance, lost luggage assistance, concierge services, and any other service furnished in connection with planned travel. 1. The travel protection plan clearly discloses to the consumer, at or before the time of purchase, that the plan includes travel insurance, travel assistance services, and cancellation fee waivers as applicable, and provides information and an opportunity, at or before the time of purchase, for the consumer to obtain additional information regarding the features and pricing of each; and
2. The fulfillment materials:
  - a. Describe and delineate the travel insurance, travel assistance services, and cancellation fee waivers in the travel protection plan; and
  - b. Include the travel insurance disclosures and the contact information for persons providing travel assistance services, and cancellation fee waivers, as applicable.

#### **26.1-58-04. Sales practices.**

1. A person offering travel insurance to residents of this state is subject to chapter 26.1-04, except as otherwise provided in this section. In the event of a conflict between this chapter and other provisions of title 26.1 regarding the sale and marketing of travel insurance and travel protection plans, the provisions of this chapter control.
2. Offering or selling a travel insurance policy that could never result in payment of any claims for any insured under the policy is an unfair trade practice under chapter 26.1-04.

  - c. The fulfillment materials and the information described in paragraph 1 of subdivision b of subsection 3 of section 26.1-26-54 must be provided to a policyholder or certificate holder as soon as practicable following the purchase of a travel protection plan. Unless the insured has either started a covered trip or filed a claim under the travel insurance coverage, a policyholder or certificate holder may cancel a policy or certificate for a full refund of the travel protection plan price from the date of purchase of a

travel protection plan until at least fifteen days following the date of delivery of the travel protection plan's fulfillment materials by postal mail, or ten days following the date of delivery of the travel protection plan's fulfillment materials by means other than postal mail. For purposes of this section, "delivery" means handing fulfillment materials to the policyholder or certificate holder or sending fulfillment materials by postal mail or electronic means to the policyholder or certificate holder.

- d. The company shall disclose in the policy documentation and fulfillment materials whether the travel insurance is primary or secondary to other applicable coverage.
- e. Where travel insurance is marketed directly to a consumer through an insurer's website or by others through an aggregator site, it is not an unfair trade practice or other violation of law if an accurate summary or short description of coverage is provided on the web page, so long as the consumer has access to the full provisions of the policy through electronic means.
4. It is an unfair trade practice to market blanket travel insurance coverage as free.
5. Where a consumer's destination jurisdiction requires insurance coverage, it is not an unfair trade practice to require that a consumer choose between the following options as a condition of purchasing a trip or travel package:
  - a. Purchasing the coverage required by the destination jurisdiction through the travel retailer or limited lines travel insurance producer supplying the trip or travel package; or
  - b. Agreeing to obtain and provide proof of coverage that meets the destination jurisdiction's requirements before departure.

#### **26.1-58-05. Travel administrators.**

## CHAPTER 293

### HOUSE BILL NO. 1536

(Representatives Davis, Conmy, Finley-DeVille, Hager, Henderson, Klemin, Pyle,  
Rohr, Weisz)  
(Senator Luick)

AN ACT to create and enact chapter 27-19.1 of the North Dakota Century Code, relating to Indian child welfare; to amend and reenact section 27-20.3-18 of the North Dakota Century Code, relating to reasonable efforts to prevent removal; to repeal section 27-20.3-19 of the North Dakota Century Code, relating to Indian child welfare; and to provide for a legislative management study.

#### BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

**SECTION 1.** Chapter 27-19.1 of the North Dakota Century Code is created and enacted as follows:

##### **27-19.1-01. Active efforts and procedures - Definitions.**

1. As used in this chapter, unless context requires otherwise:

- a. "Active efforts" means affirmative, active, thorough, and timely efforts intended primarily to maintain or reunite an Indian child with the Indian child's family. If an agency is involved in the child custody proceeding, active efforts must involve assisting the parent or a parent or Indian custodian with the steps of a case plan and including accessing or developing the resources necessary to satisfy the case plan. To the maximum extent possible, active efforts should be provided in a manner consistent with the prevailing social and cultural conditions and way of life of the Indian child's tribe and should be conducted in partnership with the Indian child and the Indian child's parents, extended family members, Indian custodians, and tribe. Active efforts are to be tailored to the facts and circumstances of the case. The term includes:
- (1) Conducting a comprehensive assessment of the circumstances of the Indian child's family, with a focus on safe reunification as the most desirable goal, with ongoing timely assessment to determine when the threat is resolved and placement of the Indian child can be returned to the custodian.
  - (2) Identifying appropriate services and helping a parent or Indian custodian to overcome barriers, including actively assisting a parent or Indian custodian in obtaining such services.
  - (3) Identifying, notifying, and inviting representatives of the Indian child's tribe to participate in providing support and services to the Indian child's family and in family team meetings, permanency planning, and resolution of placement issues.
  - (4) Conducting or causing to be conducted a diligent search for the Indian child's extended family members, and contacting and consulting with

extended family members to provide family structure and support for the Indian child and the Indian child's parent or Indian custodian.

- (5) Offering and employing available and culturally appropriate family preservation strategies and facilitating the use of remedial and rehabilitative services provided by the Indian child's tribe.
  - (6) Taking steps to keep siblings together, if possible.
  - (7) Supporting regular visits with a parent or Indian custodian in the most natural setting possible as well as trial home visits of the Indian child during any period of removal, consistent with the need to ensure the health, safety, and welfare of the Indian child.
  - (8) Identifying community resources, including housing, financial, transportation, mental health, substance abuse, and peer support services and actively assisting the Indian child's parent or Indian custodian or, as appropriate, the Indian child's family, in utilizing and accessing those resources.
  - (9) Monitoring progress and participation in services.
  - (10) Considering alternative ways to address the needs of the Indian child's parent or Indian custodian and where appropriate, the family, if the optimum services do not exist or are not available.
  - (11) Providing post-reunification services and monitoring.
- b. "Adoptive placement" means the permanent placement of an Indian child for adoption.
  - c. "Extended family member" means a relationship defined by the law or custom of the Indian child's tribe or, in the absence of such law or custom, means an individual who has reached the age of eighteen and who is the Indian child's grandparent, aunt or uncle, brother or sister, brother-in-law or sister-in-law, niece or nephew, first or second cousin, or stepparent.
  - d. "Foster care or nonfoster care placement" means the removal of an Indian child from the home of his or her parent or Indian custodian for temporary placement in a foster home, qualified residential treatment program, residential care center for Indian children and youth, or certified shelter care facility, in the home of a relative other than a parent or Indian custodian, or in the home of a guardian, from which placement the parent or Indian custodian cannot have the Indian child returned upon demand. The term does not include an adoptive placement, a preadoptive placement, and emergency change in placement under section 27-20.3-06 or holding an Indian child in custody.
  - e. "Indian" means an individual who is a member of an Indian tribe, or who is a native and a member of a regional corporation as defined under 43 U.S.C. 1606.
  - f. "Indian child" means any unmarried individual who is under the age of eighteen and is either a member of an Indian tribe or is eligible for

- membership in an Indian tribe and is the biological child of a member of an Indian tribe.
- g. "Indian child custody proceeding" means a proceeding brought by the state involving:
- (1) Foster care or nonfoster care placement;
  - (2) A preadoptive placement;
  - (3) An adoptive placement; or
  - (4) A termination of parental rights under section 27-20.3-20 for an Indian child.
- h. "Indian child's tribe" means the Indian tribe in which an Indian child is a member or eligible for membership or, in the case of an Indian child who is a member of or eligible for membership in more than one tribe, the Indian tribe with which the Indian child has the more significant contacts.
- i. "Indian custodian" means any Indian individual who has legal custody of an Indian child under tribal law or custom or under state law or to whom temporary physical care, custody, and control has been transferred by the parent of the Indian child.
- j. "Indian tribe" means an Indian tribe, band, nation, or other organized Indian group or community of Indians recognized as eligible for services provided to Indians by the United States secretary of the interior because of their status as Indians, including any Alaska native village as defined in 43 U.S.C. 1602(c).
- k. "Parent" means a biological parent or parents of an Indian child or an Indian individual who has lawfully adopted an Indian child, including adoptions under tribal law or custom. The term does not include the unwed father if paternity has not been acknowledged or established.
- l. "Preadoptive placement" means the temporary placement of an Indian child in a foster home, home of a relative other than a parent or Indian custodian, or home of a guardian after a termination of parental rights but before or in lieu of an adoptive placement, but does not include an emergency change in placement under section 27-20.3-06.
- m. "Termination of parental rights" means any action resulting in the termination of the parent-child relationship. It does not include a placement based upon an act by an Indian child which, if committed by an adult, would be deemed a crime or a placement upon award of custody to one of the Indian child's parents in a divorce proceeding.
2. Before removal of an Indian child from the custody of a parent or Indian custodian for purposes of involuntary foster care placement or the termination of parental rights over an Indian child, the court shall find that active efforts have been made to provide remedial services and rehabilitative services designed to prevent the breakup of the Indian family and that these efforts have proved unsuccessful. The court may not order the removal unless evidence of active efforts shows there has been a vigorous and concerted

level of casework beyond the level that would constitute reasonable efforts under section 27-20.3-26. Reasonable efforts may not be construed to be active efforts. Active efforts must be made in a manner that takes into account the prevailing social and cultural values, conditions, and way of life of the Indian child's tribe. Active efforts must utilize the available resources of the Indian child's extended family, tribe, tribal and other relevant social service agencies, and individual Indian caregivers.

3. The court may order the removal of the Indian child for involuntary foster care placement only if the court determines, by clear and convincing evidence, that continued custody of the Indian child by the parent or Indian custodian is likely to result in serious emotional or physical damage to the Indian child. Evidence must show a causal relationship between the particular conditions in the home and the likelihood that continued custody of the Indian child will result in serious emotional or physical damage to the particular Indian child who is the subject of the proceeding. Poverty, isolation, custodian age, crowded or inadequate housing, substance use, or nonconforming social behavior does not by itself constitute clear and convincing evidence of imminent serious emotional or physical damage to the Indian child. As soon as the threat has been removed and the Indian child is no longer at risk, the state should terminate the removal, by returning the Indian child to the parent or Indian custodian while offering a solution to mitigate the situation that gave rise to the need for emergency removal and placement.
4. The court may order the termination of parental rights over the Indian child only if the court determines, by evidence beyond a reasonable doubt that continued custody of the Indian child by the parent or Indian custodian is likely to result in serious emotional or physical damage to the Indian child.
5. In considering whether to involuntarily place an Indian child in foster care or to terminate the parental rights of the parent of an Indian child, the court shall require that a qualified expert witness must be qualified to testify regarding whether the Indian child's continued custody by the parent or Indian custodian is likely to result in serious emotional or physical damage to the Indian child and should be qualified to testify as to the prevailing social and cultural standards of the Indian child's tribe. An individual may be designated by the Indian child's tribe as being qualified to testify to the prevailing social and cultural standards of the Indian child's tribe. If the parties stipulate in writing and the court is satisfied the stipulation is made knowingly, intelligently, and voluntarily, the court may accept a declaration or affidavit from a qualified expert witness in lieu of testimony. The court or any party may request the assistance of the Indian child's tribe or the bureau of Indian affairs office serving the Indian child's tribe in locating individuals qualified to serve as expert witnesses. The social worker regularly assigned to the Indian child may not serve as a qualified expert witness in child custody proceedings concerning the Indian child. The qualified expert witness should be someone familiar with the particular Indian child and have contact with the parent or Indian custodian to observe interaction between the parent or Indian custodian, Indian child, and extended family members. The child welfare agency and courts should facilitate access to the family and records to facilitate accurate testimony.
6. An emergency removal or placement of an Indian child under state law must terminate immediately when the removal or placement is no longer necessary to prevent imminent physical damage or harm to the Indian child.

7. To facilitate the intent of this chapter, the agency, in cooperation with the Indian child's tribe of affiliation, unless a parent objects, shall take steps to enroll the Indian child in the tribe with the goal of finalizing enrollment before termination.

### **27-19.1-02. Jurisdiction over custody proceedings.**

1. This chapter includes requirements that apply if an Indian child is the subject of:
  - a. A child custody proceeding, including:
    - (1) An involuntary proceeding; and
    - (2) A voluntary proceeding that could prohibit the parent or Indian custodian from regaining custody of the Indian child upon demand;
  - b. An emergency proceeding other than:
    - (1) A tribal court proceeding; or
    - (2) A proceeding regarding a delinquent act;
  - c. An award of custody of the Indian child to one of the parents, including an award in a divorce proceeding; or
  - d. A voluntary placement that either parent, both parents, or the Indian custodian has, of his or her or their free will, without a threat of removal by a state agency, chosen for the Indian child and that does not operate to prohibit the Indian child's parent or Indian custodian from regaining custody of the Indian child upon demand.
2. If a proceeding under subsection 1 concerns an Indian child, this chapter applies to that proceeding. In determining whether this chapter applies to a proceeding, the state court may not consider factors such as the participation of a parent or the Indian child in tribal cultural, social, religious, or political activities; the relationship between the Indian child and the Indian child's parent; whether the parent ever had custody of the Indian child; or the Indian child's blood quantum.
3. If this chapter applies at the commencement of a proceeding, this chapter does not cease to apply solely because the Indian child reaches age eighteen during the pendency of the proceeding.
4. In an Indian child custody proceeding under this chapter involving an Indian child who is not residing or domiciled within the reservation of the Indian child's tribe, the court assigned to exercise jurisdiction under this chapter, upon the petition of the Indian child's parent, Indian custodian, or tribe, shall transfer the proceeding to the jurisdiction of the tribe unless either of the following applies:
  - a. A parent of the Indian child objects to the transfer.
  - b. An Indian tribe has exclusive jurisdiction over an Indian child custody proceeding involving an Indian child who resides or is domiciled within the reservation of the tribe, except if that jurisdiction is otherwise vested in the

state by federal law. If an Indian child is a ward of a tribal court, the Indian tribe retains exclusive jurisdiction regardless of the residence or domicile of the Indian child.

5. In an Indian child custody proceeding under this chapter involving an Indian child who is not residing or domiciled within the reservation of the Indian child's tribe, the court assigned to exercise jurisdiction under this chapter, upon the petition of the Indian child's parent, Indian custodian, or tribe, shall transfer the proceeding to the jurisdiction of the tribe unless any of the following apply:
  - a. A parent of the Indian child objects to the transfer.
  - b. The Indian child's tribe does not have a tribal court, or the tribal court of the Indian child's tribe declines jurisdiction.
  - c. The court determines good cause exists to deny the transfer. In determining whether good cause exists to deny the transfer, the court may not consider any perceived inadequacy of the tribal social services department or the tribal court of the Indian child's tribe. The court may determine good cause exists to deny the transfer only if the person opposing the transfer shows by clear and convincing evidence the evidence or testimony necessary to decide the case cannot be presented in tribal court without undue hardship to the parties or the witnesses and that the tribal court is unable to mitigate the hardship by making arrangements to receive the evidence or testimony by use of telephone or live audiovisual means, by hearing the evidence or testimony at a location that is convenient to the parties and witnesses, or by use of other means permissible under the tribal court's rules of evidence.
6. An Indian child's tribe may intervene at any point in an Indian child custody proceeding.
7. The state shall give full faith and credit to the public acts, records, and judicial proceedings of an Indian tribe which are applicable to an Indian child custody proceeding to the same extent that the state gives full faith and credit to the public acts, records, and judicial proceedings of any other governmental entity.

### **27-19.1-03. Court proceedings.**

1. In a proceeding involving the foster care or nonfoster care placement of or termination of parental rights to an Indian child whom the court knows or has reason to know may be an Indian child, the party seeking the foster care or nonfoster care placement or termination of parental rights, for the first hearing of the proceeding, shall notify the Indian child's parent, Indian custodian, and tribe, by registered mail, return receipt requested, of the pending proceeding and of the parties' right to intervene in the proceeding and shall file the return receipt with the court. Notice of subsequent hearings in a proceeding must be in writing and may be given by mail, personal delivery, facsimile transmission, or electronic mail. If the identity or location of the Indian child's parent, Indian custodian, or tribe cannot be determined, that notice shall be given to the United States secretary of the interior in like manner. The first hearing in the proceeding may not be held until at least ten days after receipt of the notice by the parent, Indian custodian, and tribe or until at least fifteen days after receipt of the notice by the United States secretary of the interior. On request of the

parent, Indian custodian, or tribe, the court shall grant a continuance of up to twenty additional days to enable the requester to prepare for that hearing.

2. Each party to a child custody proceeding of an Indian child has the right to examine all reports or other documents filed with the court upon which a decision with respect to the out-of-home care placement, termination of parental rights, or return of custody may be based.

#### **27-19.1-04. Voluntary proceedings - Consent - Withdrawal.**

1. A voluntary consent by a parent or Indian custodian to a foster care or nonfoster care placement of an Indian child is not valid unless the consent or delegation is executed in writing, recorded before a judge, and accompanied by a written certification by the judge that the terms and consequences of the consent or delegation were fully explained in detail to and were fully understood by the parent or Indian custodian. The judge also shall certify the parent or Indian custodian fully understood the explanation in English or that the explanation was interpreted into a language the parent or Indian custodian understood. Any consent or delegation of powers given under this subsection before or within ten days after the birth of the Indian child is not valid. A parent or Indian custodian who has executed a consent or delegation of powers under this subsection may withdraw the consent or delegation for any reason at any time, and the Indian child must be returned to the parent or Indian custodian. A parent or Indian custodian who has executed a consent or delegation of powers under this subsection also may move to invalidate the out-of-home care placement.
2. A voluntary consent by a parent to a termination of parental rights under subdivision d of subsection 1 of section 27-20.3-20 is not valid unless the consent is executed in writing, recorded before a judge, and accompanied by a written certification by the judge that the terms and consequences of the consent were fully explained in detail to and were fully understood by the parent. The judge also shall certify the parent fully understood the explanation in English or that the explanation was interpreted into a language that the parent understood. Consent given under this subsection before or within ten days after the birth of the Indian child is not valid. A parent who has executed a consent under this subsection may withdraw the consent for any reason at any time before the entry of a final order terminating parental rights, and the Indian child must be returned to the Indian child's parent.

#### **27-19.1-05. Placements preferences.**

1. Subject to subsections 3 and 4, in placing an Indian child for adoption or in delegating powers, as described in a lawful executed power of attorney regarding an Indian child, preference must be given, in the absence of good cause, as described in subsection 6, to the contrary, to a placement with or delegation to one of the following, in the order of preference listed:
  - a. An extended family member of the Indian child;
  - b. Another member of the Indian child's tribe;
  - c. Another Indian family with whom the Indian child has a relationship or an Indian family from a tribe that is culturally similar to or linguistically connected to the Indian child's tribe; or

- d. The tribe's statutory adopted placement preferences.
2. An Indian child who is accepted for a foster care or nonfoster care placement or a preadoptive placement must be placed in the least restrictive setting that most approximates a family that meets the Indian child's special needs, if any, and which is within reasonable proximity to the Indian child's home, taking into account those special needs. Subject to subsections 4 and 6, in placing an Indian child in a foster care or nonfoster care placement or a preadoptive placement, preference must be given, in the absence of good cause, as described in subsection 6, to the contrary, to a placement in one of the following, in the order of preference listed:
    - a. The home of an extended family member of the Indian child;
    - b. A foster home licensed, approved, or specified by the Indian child's tribe;
    - c. An Indian foster home licensed or approved by the department; or
    - d. A qualified residential treatment facility or residential care center for children and youth approved by an Indian tribe or operated by an Indian organization that has a program suitable to meet the needs of the Indian child.
  3. An Indian child who is the subject of an emergency removal or placement under a child custody determination under section 27-20.3-06 must be placed in compliance with foster care or nonfoster care placement or preadoptive placement preferences, unless the person responsible for determining the placement finds good cause, as described in subsection 6, for departing from the order of placement preference under subsection 2 or finds that emergency conditions necessitate departing from that order. When the reason for departing from that order is resolved, the Indian child must be placed in compliance with the order of placement preference under subsection 2.
  4. In placing an Indian child under subsections 1 and 2 regarding an Indian child under subsection 1, if the Indian child's tribe has established, by resolution, an order of preference that is different from the order specified in subsection 1 or 2, the order of preference established by that tribe must be followed, in the absence of good cause, as described in subsection 6, to the contrary, so long as the placement under subsection 1 is appropriate for the Indian child's special needs, if any, and the placement under subsection 2 is the least restrictive setting appropriate for the Indian child's needs as specified in subsection 2.
  5. The standards to be applied in meeting the placement preference requirements of this subsection must be the prevailing social and cultural standards of the Indian community in which the Indian child's parent, Indian custodian, or extended family members reside or with which the Indian child's parent, Indian custodian, or extended family members maintain social and cultural ties.
  6. a. If a party asserts that good cause not to follow the placement preferences exists, the reasons for that belief or assertion must be stated orally on the record or provided in writing to the parties to the child custody proceeding and the court.

- b. The party seeking departure from the placement preferences bears the burden of proving by clear and convincing evidence that there is good cause to depart from the placement preferences.
- c. A court's determination of good cause to depart from the placement preferences must be made on the record or in writing and must be based on one or more of the following considerations:
  - (1) The request of the Indian child's parent, if they attest that they have reviewed the placement options, if any, that comply with the order of preference.
  - (2) The request of the Indian child, if the Indian child is of sufficient age and capacity to understand the decision being made.
  - (3) The presence of a sibling attachment that can be maintained only through a particular placement.
  - (4) The extraordinary physical, mental, or emotional needs of the Indian child, such as specialized treatment services that may be unavailable in the community where families who meet the placement preferences live.
  - (5) The unavailability of a suitable placement after a determination by the court that a diligent search was conducted to find suitable placements meeting the preference criteria, but none has been located. For purposes of this analysis, the standards for determining whether a placement is unavailable must conform to the prevailing social and cultural standards of the Indian community in which the Indian child's parent, Indian custodian, or extended family resides or with which the Indian child's parent, Indian custodian, or extended family members maintain social and cultural ties.
- d. A placement may not depart from the preferences based on the socioeconomic status of any placement relative to another placement.
- e. A placement may not depart from the preferences based solely on ordinary bonding or attachment that flowed from time spent in a nonpreferred placement that was made in violation of this chapter.
- f. The burden of establishing good cause to depart from the order of placement preference is on the party requesting that departure.
- 7. The department or a child welfare agency shall maintain a record of each adoptive placement, foster care or nonfoster care placement, preadoptive placement, and delegation of powers, made of an Indian child, evidencing the efforts made to comply with the placement preference requirements specified in this section, and shall make that record available at any time on the request of the United States secretary of the interior or the Indian child's tribe.

#### **27-19.1-06. Adoptee information.**

- 1. The state court entering a final adoption decree or order in any voluntary or involuntary Indian child adoptive placement must furnish a copy of the decree or order within thirty days to the Bureau of Indian Affairs, Chief, Division of Human Services, 1849 C Street NW, Mail Stop 3645 MIB, Washington, DC

20240, along with the following information, in an envelope marked "Confidential":

- a. The birth name and birth date of the Indian child, and tribal affiliation and name of the Indian child after adoption;

  - e. Any affidavit signed by the biological parent or parents requesting the parent's identity remain confidential; and
  - f. Any information relating to tribal membership or eligibility for tribal membership of the adopted Indian child.
2. The court shall give the birth parent of an Indian child the opportunity to file an affidavit indicating that the birth parent wishes the United States secretary of the interior to maintain the confidentiality of the birth parent's identity. If the birth parent files that affidavit, the court shall include the affidavit with the information provided to the United States secretary of the interior under subsection 1, and that secretary shall maintain the confidentiality of the birth parent's identity.

**SECTION 2. AMENDMENT.** Section 27-20.3-18 of the North Dakota Century Code is amended and reenacted as follows:

**27-20.3-18. Reasonable efforts to prevent removal or to reunify - When required.**

1. As used in this section, "reasonable efforts" means the exercise of due diligence, by the agency granted authority over the child under this chapter, to use appropriate and available services to meet the needs of the child and the child's family in order to prevent removal of the child from the child's family or, after removal, to use appropriate and available services to eliminate the need for removal, to reunite the child and the child's family, and to maintain family connections. In determining reasonable efforts to be made with respect to a child under this section, and in making reasonable efforts, the child's health and safety must be the paramount concern.
2. Except as provided in subsection 4, reasonable efforts must be made to preserve families, reunify families, and maintain family connections:
  - a. Before the placement of a child in foster care, to prevent or eliminate the need for removing the child from the child's home;
  - b. To make it possible for a child to return safely to the child's home;
  - c. Whether and, if applicable, to place siblings in the same foster care, relative, guardianship, or adoptive placement, unless it is determined that such a joint placement would be contrary to the safety or well-being of any of the siblings; and

- d. In the case of siblings removed from the home of the siblings who are not jointly placed, to provide for frequent visitation or other ongoing interaction between the siblings, unless it is contrary to the safety or well-being of any of the siblings.
3. If the court or the child's custodian determined that continuation of reasonable efforts, as described in subsection 2, is inconsistent with the permanency plan for the child, reasonable efforts must be made to place the child in a timely manner in accordance with the permanency plan and to complete steps that are necessary to finalize the permanent placement of the child.
4. Reasonable efforts of the type described in subsection 2 are not required if:
  - a. A court of competent jurisdiction has determined a parent has subjected a child to aggravated circumstances; or
  - b. The parental rights of the parent, with respect to another child of the parent, have been involuntarily terminated.
5. Efforts to place a child for adoption, with a fit and willing relative or other appropriate individual as a legal guardian, or in another planned permanent living arrangement, may be made concurrently with reasonable efforts of the type described in subsection 2.
6. Removal of a child from the child's home for placement in foster care must be based on judicial findings stated in the court's order, and determined on a case-by-case basis in a manner that complies with the requirements of titles IV-B and IV-E of the federal Social Security Act [42 U.S.C. 620 et seq. and 42 U.S.C. 6701 et seq.], as amended, and federal regulations adopted under this federal Act, provided that this subsection may not provide a basis for overturning an otherwise valid court order.
7. For the purpose of section ~~27-20.3-19~~27-19.1-01, reasonable efforts were made under this section to meet the child's needs before a foster care placement for a child remaining in care for continued foster care purposes.

<sup>164</sup> **SECTION 3. REPEAL.** Section 27-20.3-19 of the North Dakota Century Code is repealed.

**SECTION 4. LEGISLATIVE MANAGEMENT STUDY - INDIAN CHILD WELFARE.** During the 2023-24 interim, the legislative management shall consider studying the implementation of chapter 27-19.1. When a peace officer, physician either in person or directing an emergency medical services professional, psychiatrist, physician assistant, psychologist, advanced practice registered nurse, or mental health professional has reasonable cause to believe that an individual is a person requiring treatment and there exists a serious risk of harm to that individual, others, or property of an immediate nature that considerations of safety do not allow preliminary intervention by a magistrate, the peace officer, physician either in person or directing an emergency medical services professional, psychiatrist, physician assistant, psychologist, advanced practice registered nurse, or mental health professional, using the screening process set forth in section 25-03.1-04, may cause the individual to be taken into custody and detained at a treatment facility as provided in subsection 3, and subject to section 25-03.1-26, except that if emergency conditions exist that prevent the immediate conveyance of the individual to a public treatment facility, a private facility that has adequate resources and capacity to hold that individual may hold the individual in anticipation of conveyance to a public treatment facility for up to twenty-three hours:
  - a. Without conducting an immediate examination required under section 25-03.1-26; and
  - b. Without following notice and hearing requirements for a transfer to another treatment facility required under subsection 3 of section 25-03.1-34.
2. If a petitioner seeking the involuntary treatment of a respondent requests that the respondent be taken into immediate custody and the magistrate, upon reviewing the petition and accompanying documentation, finds probable cause to believe that the respondent is a person requiring treatment and there exists a serious risk of harm to the respondent, others, or property if allowed to remain at liberty, the magistrate may enter a written order directing that the respondent be taken into immediate custody and be detained as provided in subsection 3 until the preliminary or treatment hearing, which must be held no more than seven days after the date of the order.
3. Detention under this section may be:
  - a. In a treatment facility where the director or superintendent must be informed of the reasons why immediate custody has been ordered. The facility may provide treatment that is necessary to preserve the respondent's life or to appropriately control behavior by the respondent which is likely to result in physical injury to self or to others if allowed to continue, but may not otherwise provide treatment to the respondent without the respondent's consent; or

- b. In a public or private facility in the community which is suitably equipped and staffed for the purpose. Detention in a jail or other correctional facility may not be ordered except in cases of actual emergency when no other secure facility is accessible, and then only for a period of not more than twenty-four hours and under close supervision.
4. Immediately upon being taken into custody, the individual must be advised of the purpose of custody, of the intended uses and possible effects of any evaluation that the individual undergoes, and of the individual's rights to counsel and to a preliminary or treatment hearing.
5. Upon arrival at a facility the peace officer, physician, physician assistant, psychiatrist, psychologist, advanced practice registered nurse, or mental health professional who conveyed the individual or who caused the individual to be conveyed shall complete an application for evaluation and shall deliver a detailed written report from the peace officer, physician, physician assistant, psychiatrist, psychologist, advanced practice registered nurse, or the mental health professional who caused the individual to be conveyed. The written report must state the circumstances under which the individual was taken into custody. The report must allege in detail the overt act that constituted the basis for the beliefs that the individual is a person requiring treatment and that, because of that individual's condition, there exists a serious risk of harm to that individual, others, or property if the individual is not immediately detained.
6. A peace officer maintains the peace officer's power of arrest, detention, and transport, throughout the entire state during a transport or detention in accordance with this section.

**SECTION 3.** A new section to chapter 29-06 of the North Dakota Century Code is created and enacted as follows:

**Peace officers acting outside geographic jurisdiction.**

1. As used in this section, "peace officer" means a salaried public servant employed by a criminal justice agency of the state or a political subdivision to enforce the law or to conduct or engage in investigations or prosecutions for violations of law.
2. If a peace officer is transporting an individual who is under arrest or is being detained under chapter 25-03.1, the peace officer's authority extends throughout the entire state, as follows:
  - a. After arrest, until the individual is delivered into the custody of the nearest jail, regional corrections center, or correctional facility as defined by chapter 12-44.1, including while the individual is being treated for a medical condition or infirmity;
  - b. While an individual is being detained during pretrial, in any jail, regional corrections center, or correctional facility and, is being transported for treatment for a medical condition or other physical or mental infirmity that occurred while the individual was in custody;
  - c. While the peace officer is detaining an individual under chapter 25-03.1 and the individual is being transported to a treatment facility for evaluation or treatment;

- d. While the peace officer is detaining or transporting an individual pursuant to an order issued by the district court; and

Within the city limits, and for a distance of one and one-half miles [2.41 kilometers] in all directions outside the city limits, the police officers of the city shall perform the duties and exercise the powers of peace officers as defined and prescribed by the laws of this state.
2. A police officer in "hot pursuit" may continue beyond the one and one-half mile [2.41 kilometers] limit to make an arrest, in obedience to a warrant or without a warrant under the conditions of section 29-06-15, if obtaining the aid of peace officers having jurisdiction beyond that limit would cause a delay permitting escape. As used in this subsection, "hot pursuit" means the immediate pursuit of an individual endeavoring to avoid arrest. The jurisdiction limits in subsection 1 do not apply to a police officer acting pursuant to a joint powers agreement with another jurisdiction.
3. Police officers shall serve and execute any warrant, writ, process, order, or notice issued by a municipal judge within the city in any civil or criminal action or proceeding for or on account of a violation of any city ordinance or in any action or proceeding in which the city is a party or is interested beneficially. The police, within the limits prescribed in this section, may serve and execute all writs and process issued by justices in civil actions. In addition to the duties set out in this section, the police shall perform such other duties as may be prescribed by ordinance or statute.
4. A police officer maintains the powers under this section throughout the entire state during a transport or detention under section 3 of this Act.

    - j. The nature and length of the relationship with the ward;
  - k. The experience, reputation, diligence, and ability of the person performing the service;
  - l. Any conflict of interest the guardian may have; and
  - m. Whether the appointment as guardian precluded the guardian from other employment.
13. The court may determine the weight to be given to each factor under subsection 12, and to any other factor the court considers relevant. A separate finding is not required for each factor, but the court's findings must contain sufficient specificity to show the factual basis for the court's determination.
14. The court must approve compensation and reimbursement before payment to the guardian is made.

<sup>183</sup> **SECTION 9. AMENDMENT.** Section 30.1-28-04 of the North Dakota Century Code is amended and reenacted as follows:

**30.1-28-04. (5-304) Findings - Order of appointment.**

1. The court shall exercise the authority conferred in this chapter consistent with the maximum self-reliance and independence of the incapacitated person and make appointive and other orders only to the extent necessitated by the incapacitated person's actual mental and adaptive limitations or other conditions warranting the procedure.
2. At a hearing held under this chapter, the court shall:
  - a. Hear evidence that the proposed ward is an incapacitated person. Age, eccentricity, poverty, or medical diagnosis alone is not sufficient to justify a finding of incapacity;
  - b. Hear evidence and determine whether there are any existing general durable powers of attorney and durable powers of attorney for health care. If there are validly executed durable powers of attorney, the court shall consider the appointed attorneys in fact and agents appointed thereunder when assessing alternative resource plans and the need for a guardian; and
  - c. Appoint a guardian and confer specific powers of guardianship only after finding in the record based on clear and convincing evidence that:
    - (1) The proposed ward is an incapacitated person;
    - (2) There is no available alternative resource plan that is suitable to safeguard the proposed ward's health, safety, or habilitation which could be used instead of a guardianship;
    - (3) The guardianship is necessary as the best means of providing care, supervision, or habilitation of the ward; and
    - (4) The powers and duties conferred upon the guardian are appropriate as the least restrictive form of intervention consistent with the ability of the ward for self-care.
3. Except upon specific findings of the court, a ward may not be deprived of any of the following legal rights: to vote, to seek to change marital status, or to obtain or retain a motor vehicle operator's license.
4. The court may find that the ward retains other specific rights.
5. The order appointing a guardian confers upon the guardian only those powers and duties specified in the order. In addition to any other powers conferred upon the guardian, the court's order must state whether the guardian has no authority, general authority, or limited authority to make decisions on behalf of the ward in each of the areas of residential, educational, medical, legal, vocational, and financial decisionmaking. A grant of limited authority must specify the limitations upon the authority of the guardian or the authority

retained by the ward. The court's order must require the guardian to provide within ninety days from the date of the order a beginning inventory of all assets owned by the ward or in which the ward has an interest. The guardian shall provide a copy of the beginning inventory to the ward and any interested persons designated by the court in its order. Unless terminated earlier by the court, an order appointing or reappointing a guardian under this section is effective for up to five years. At least ninety days before the expiration of the initial order of appointment or any following order of reappointment, the court shall request and consider information submitted by the guardian, ward, ward's attorney, if any, and any interested persons regarding whether the need for a guardian continues to exist. If it is recommended that the guardianship continue, the court may appoint a guardian ad litem or visitor, or both, in accordance with section 30.1-28-03. The court shall hold a hearing on whether the guardianship should continue. Following the hearing and consideration of submitted information, the court may reappoint the guardian for up to another five years, allow the existing order to expire, or appoint a new guardian in accordance with this section. The supreme court, by rule or order, shall provide for the regular review of guardianship in existence on August 1, 2015.

6. Unless a court of competent jurisdiction determines otherwise, a durable power of attorney for health care executed pursuant to chapter 23-06.5 takes precedence over any authority to make medical decisions granted to a guardian pursuant to chapter 30.1-28.
7. A grant of general authority to make medical decisions includes the authority to consent to involuntary treatment with prescribed medications. Except upon specific findings of the court, a grant of limited authority does not include authority to consent to involuntary treatment with prescribed medications.
8. The court may require a guardian to furnish a bond in the amount and with sureties as the court specifies.
9. After the hearing, the guardian ad litem must be discharged of the person's duties as guardian ad litem.

**SECTION 10. AMENDMENT.** Section 30.1-28-07 of the North Dakota Century Code is amended and reenacted as follows:

**30.1-28-07. (5-307) Removal or resignation of guardian - ~~Termination~~Change in or termination of guardianship.**

1. On petition of the ward or any person interested in the ward's welfare, the court may remove a guardian and appoint a successor if in the best interests of the ward. On petition of the guardian, the court may accept the guardian's resignation and make any other order which may be appropriate.
2. The ward or any person interested in the ward's welfare may petition for an order that the ward is no longer incapacitated or no longer incapacitated to the same extent as the ward was when the original guardianship order was made or last reviewed by the court, or that the duties and authority of the guardian require modification, and for removal or resignation of the guardian, termination of the guardianship, or change in the duties and authority of the guardian. A request for this order may be made by informal letter to the court or judge. Any person who knowingly interferes with transmission of this kind of request to the court or judge may be adjudged guilty of contempt of court.

3. Before removing a guardian, changing the guardian's duties and authority, accepting the resignation of a guardian, or on finding that the ward is no longer incapacitated, or no longer incapacitated to the same extent and ordering the guardianship terminated or modified, the court, following the same procedures to safeguard the rights of the ward as apply to a petition for appointment of a guardian, may send a visitor to the residence of the present guardian and to the place where the ward resides or is detained, to observe conditions and report in writing to the court.
4. A hearing must be held no later than sixty days following the filing of the petition or informal request, unless good cause is shown. Following the hearing, the court shall make written findings of fact. Before terminating or modifying the guardianship, the court shall find by a preponderance of the evidence that the ward is no longer incapacitated, no longer incapacitated to the same extent as the ward was when the original guardianship order was made or last reviewed by the court, or that it is in the best interests of the ward that the duties and authority of the guardian be modified. New letters of guardianship must be issued to the guardian in the same manner as provided in section 30.1-28-05.
5. In deciding whether to terminate or modify a guardianship, the court may require a report by and consider the recommendations of an expert examiner.
6. If the guardian dies, or if on the basis of a petition filed under this section or a report or other information, there is probable cause to believe a guardian is not performing the guardian's duties effectively and there is an imminent danger the ward's physical, mental, or emotional health or safety will be seriously impaired, the court shall take whatever action is necessary to protect the ward, including dismissal of the guardian and appointment of an emergency guardian as provided in section 30.1-28-10.1.
7. On termination of the guardianship, a guardian shall file a final report and accounting and provide a copy of the report and accounting to those given notice under section 30.1-28-09. The report and accounting must be filed with the clerk of district court. The filing of the report and accounting does not constitute the court's approval of the report and accounting. The court may approve a report and settle and allow an accounting only upon notice to the ward and other interested persons who have made an appearance or requested notice of the proceedings.

**SECTION 11. AMENDMENT.** Subsection 2 of section 30.1-28-09 of the North Dakota Century Code is amended and reenacted as follows:

2. The petitioning party, unless otherwise directed by the court, shall cause notice to be served personally on the ward or proposed ward, and the ward's or proposed ward's spouse and parents if they can be found within the state. Notice to the spouse and parents, if they cannot be found within the state, and to all other persons except the ward or proposed ward must be given as provided in section 30.1-03-01. ~~Waiver of notice by the ward or proposed ward is not effective unless the ward or proposed ward attends the hearing or the ward's or proposed ward's waiver of notice is confirmed in an interview with the visitor.~~

**SECTION 12.** A new subsection to section 30.1-28-10.1 of the North Dakota Century Code is created and enacted as follows:

The petitioner may request the court extend the emergency order for up to an additional ninety days upon good cause shown. The request must be filed with the court at least fourteen days before the expiration of the emergency order and served on the alleged incapacitated individual, the individual's spouse, if any, and any other persons as the court directs. The court shall hold a hearing on the appropriateness of the extension within ten days of the request. No additional extensions of the emergency guardianship may be granted.

**184 SECTION 13. AMENDMENT.** Subsection 7 of section 30.1-28-12 of the North Dakota Century Code is amended and reenacted as follows:

7. If no conservator for the estate of the ward has been appointed and if the guardian has been granted authority to make financial decisions on behalf of the ward, the guardian mayshall:
  - a. Institute proceedings to compel any person under a duty to support the ward or to pay sums for the welfare of the ward to perform that duty.
  - b. Receive money and tangible property deliverable to the ward and apply the money and property for support, care, and education of the ward; but, the guardian may not use funds from the ward's estate for room and board which the guardian or the guardian's spouse, parent, or child have furnished the ward unless a charge for the service is approved by order of the court made upon notice to at least one of the next of kin of the ward, if notice is possible. The guardian shall exercise care to conserve any excess for the ward's needs.
  - c. Move the court under section 30.1-28-03.2 for authority to sell, mortgage, or otherwise encumber or transfer ownership or beneficiary of:
    - (1) The real property of the ward; or
    - (2) The personal property of the ward valued over two thousand five hundred dollars upon such terms as the court may order, for the purpose of paying the ward's debts; providing for the care, maintenance, rehabilitation, training, or education of the ward or the ward's dependents; or for any other purpose which is in the best interests of the ward. The sale, mortgage, or other encumbrance or transfer of ownership of personal property of the ward valued at two thousand five hundred dollars or less does not require a court order.
  - d. Move the court under section 30.1-28-03.2 for authority to lease the real or personal property of the ward.
  - e. A guardian may not purchase, lease, or obtain ownership or become the beneficiary of property of the ward unless the price and manner of the sale are approved by the court.

**30.1-28-04. (5-304) Findings - Order of appointment.**

<sup>187</sup> Section 30.1-28-04 was also amended by section 9 of Senate Bill No. 2224, chapter 308.

1. The court shall exercise the authority conferred in this chapter consistent with the maximum self-reliance and independence of the incapacitated person and make appointive and other orders only to the extent necessitated by the incapacitated person's actual mental and adaptive limitations or other conditions warranting the procedure.
2. At a hearing held under this chapter, the court shall:
  - a. Hear evidence that the proposed ward is an incapacitated person. Age, eccentricity, poverty, or medical diagnosis alone is not sufficient to justify a finding of incapacity;
  - b. Hear evidence and determine whether there are any existing general durable powers of attorney and durable powers of attorney for health care. If there are validly executed durable powers of attorney, the court shall consider the appointed attorneys in fact and agents appointed thereunder when assessing alternative resource plans and the need for a guardian; and
  - c. Appoint a guardian and confer specific powers of guardianship only after finding in the record based on clear and convincing evidence that:
    - (1) The proposed ward is an incapacitated person;
    - (2) There is no available alternative resource plan that is suitable to safeguard the proposed ward's health, safety, or habilitation which could be used instead of a guardianship;
    - (3) The guardianship is necessary as the best means of providing care, supervision, or habilitation of the ward; and
    - (4) The powers and duties conferred upon the guardian are appropriate as the least restrictive form of intervention consistent with the ability of the ward for self-care.
3. Except upon specific findings of the court, a ward may not be deprived of any of the following legal rights: to vote, to seek to change marital status, or to obtain or retain a motor vehicle operator's license.
4. The court may find that the ward retains other specific rights.
5. The order appointing a guardian confers upon the guardian only those powers and duties specified in the order. In addition to any other powers conferred upon the guardian, the court's order must state whether the guardian has no authority, general authority, or limited authority to make decisions on behalf of the ward in each of the areas of residential, educational, medical, legal, vocational, and financial decisionmaking. A grant of limited authority must specify the limitations upon the authority of the guardian or the authority retained by the ward. The court's order must require the guardian to provide within ninety days from the date of the order a beginning inventory of all assets owned by the ward or in which the ward has an interest. The guardian shall provide a copy of the beginning inventory to the ward and any interested persons designated by the court in its order. Unless terminated earlier by the court, an order appointing or reappointing a guardian under this section is effective for up to five years. At least ninety days before the expiration of the

initial order of appointment or any following order of reappointment, the court shall request and consider information submitted by the guardian, ward, ward's attorney, if any, and any interested persons regarding whether the need for a guardian continues to exist. If it is recommended that the guardianship continue, the court may appoint a guardian ad litem or visitor, or both, in accordance with section 30.1-28-03. The court shall hold a hearing on whether the guardianship should continue. Following the hearing and consideration of submitted information, the court may reappoint the guardian for up to another five years, allow the existing order to expire, or appoint a new guardian in accordance with this section. Except upon specific findings of the court, a grant of limited authority does not include authority to consent to involuntary treatment with prescribed medications.~~
8. The court may require a guardian to furnish a bond in the amount and with sureties as the court specifies.

<sup>188</sup> **SECTION 5. AMENDMENT.** Section 30.1-28-12 of the North Dakota Century Code is amended and reenacted as follows:

**30.1-28-12. (5-312) General powers and duties of guardian.**

1. A guardian of an incapacitated person has only the powers and duties specified by the court.
2. To the extent that it is consistent with the terms of an order by a court of competent jurisdiction, the guardian is entitled to custody of the person of the ward and may establish the ward's place of residence within or without this state. However, no guardian may voluntarily admit a ward to a mental health facility or state institution for a period of more than forty-five days without a mental health commitment proceeding or other court order. Notwithstanding the other provisions of this subsection, the guardian may readmit a ward to a mental health facility or a state institution within sixty days of discharge from that institution, if the original admission to the facility or institution had been authorized by the court.
3. If entitled to custody of the ward, the guardian should make provision for the care, comfort, and maintenance of the ward and, whenever appropriate, arrange for the ward's training, education, or rehabilitative services. The guardian shall take reasonable care of the ward's clothing, furniture, vehicles, and personal effects.
4. Notwithstanding general or limited authority to make medical decisions on behalf of the ward, no guardian may consent to psychosurgery, abortion,

5. When exercising the authority granted by the court, the guardian shall safeguard the civil rights and personal autonomy of the ward to the fullest extent possible by:
  - a. Meeting with the ward following the hearing, unless the ward is represented by an attorney, and explaining to the fullest extent possible the contents of the court's order and the extent of the guardian's authority;
  - b. Involving the ward as fully as is practicable in making decisions with respect to the ward's living arrangements, health care, and other aspects of the ward's care; and
  - c. Ensuring the ward's maximum personal freedom by using the least restrictive forms of intervention and only as necessary for the safety of the ward or others.
6. ~~A guardian with authority to consent to involuntary treatment with prescribed medications may not provide consent without receiving a recommendation and determination from the ward's treating physician, physician assistant, psychiatrist, or advanced practice registered nurse that:~~
  - ~~a. The proposed prescribed medication is clinically appropriate and necessary to effectively treat the ward and that the ward requires treatment;~~
  - ~~b. The ward was offered that treatment and refused it or that the ward lacks the capacity to make or communicate a responsible decision about that treatment;~~
  - ~~c. Prescribed medication is the least restrictive form of intervention necessary to meet the treatment needs of the ward; and~~
  - ~~d. The benefits of the treatment outweigh the known risks to the ward.~~
7. If no conservator for the estate of the ward has been appointed and if the guardian has been granted authority to make financial decisions on behalf of the ward, the guardian may:
  - a. Institute proceedings to compel any person under a duty to support the ward or to pay sums for the welfare of the ward to perform that duty.
  - b. Receive money and tangible property deliverable to the ward and apply the money and property for support, care, and education of the ward; but, the guardian may not use funds from the ward's estate for room and board which the guardian or the guardian's spouse, parent, or child have furnished the ward unless a charge for the service is approved by order of the court made upon notice to at least one of the next of kin of the ward, if notice is possible. The guardian shall exercise care to conserve any excess for the ward's needs.
  - c. Move the court under section 30.1-28-03.2 for authority to sell, mortgage, or otherwise encumber or transfer ownership or beneficiary of:

- (1) The real property of the ward; or
  - (2) The personal property of the ward valued over two thousand five hundred dollars upon such terms as the court may order, for the purpose of paying the ward's debts; providing for the care, maintenance, rehabilitation, training, or education of the ward or the ward's dependents; or for any other purpose which is in the best interests of the ward. The sale, mortgage, or other encumbrance or transfer of ownership of personal property of the ward valued at two thousand five hundred dollars or less does not require a court order.
- d. Move the court under section 30.1-28-03.2 for authority to lease the real or personal property of the ward.
  - e. A guardian may not purchase, lease, or obtain ownership or become the beneficiary of property of the ward unless the price and manner of the sale are approved by the court.
- ~~8-7.~~ If a conservator has been appointed, all of the ward's estate received by the guardian in excess of those funds expended to meet current expenses for support, care, and education of the ward must be paid to the conservator for management as provided in this title, and the guardian must account to the conservator for funds expended.
- ~~9-8.~~ A guardian shall file an annual report with the court regarding the exercise of powers and duties in areas of authority specified in the court's order of appointment. The report must describe the status or condition of the ward, including any change of residence and reasons for the change, any medical treatment received by or withheld from the ward, any expenditure and income affecting the ward, any sale or transfer of property affecting the ward, and any exercise of legal authority by the guardian affecting the ward. The report must include changes that have occurred since the previous reporting period and an accounting of the ward's estate. The guardian also shall report whether the ward continues to require guardianship and whether any powers of the guardian should be increased or limited. The report must be filed with the clerk of district court. The filing of the report does not constitute an adjudication or a determination of the merits of the report nor does the filing of the report constitute the court's approval of the report. The court may approve a report and allow and settle an accounting only upon notice to the ward's guardian ad litem and other interested persons who have made an appearance or requested notice of proceedings. The office of the state court administrator shall provide printed forms that may be used to fulfill reporting requirements. Any report must be similar in substance to the state court administrator's form. The forms must be available in the office of clerk of district court or obtainable through the supreme court's internet website.
- ~~10-9.~~ Copies of the guardian's annual report to the court and of any other reports required by the court must be mailed to the ward and any interested persons designated by the court in its order. The ward's copy must be accompanied by a statement, printed with not less than double-spaced twelve-point type, of the ward's right to seek alteration, limitation, or termination of the guardianship at any time.
- ~~11-10.~~ The guardian is entitled to receive reasonable sums for services and for room and board furnished to the ward as approved by the court or as agreed upon

between the guardian and the conservator, provided the amounts agreed upon are reasonable under the circumstances. The guardian may request the conservator to expend the ward's estate by payment to third persons or institutions for the ward's care and maintenance.

**SECTION 6. AMENDMENT.** Section 30.1-28-14 of the North Dakota Century Code is amended and reenacted as follows:

**30.1-28-14. Guardianships established before July 1, 1990.**

The powers and duties of guardians and the rights and privileges of wards under guardianships established before July 1, 1990, are as provided by this chapter as it existed on June 30, 1990, and are not affected by chapter 405 of the 1989 Session Laws, except that guardians appointed before July 1, 1990, must comply with the requirements of subsections 2, 4, 5, and ~~9~~8 of section 30.1-28-12.

**SECTION 7.** Section 30.1-28-16 of the North Dakota Century Code is created and enacted as follows:

**30.1-28-16. Court-authorized involuntary treatment with prescribed medication.**

1. A guardian, upon notice and hearing, may request authorization from the court to consent to a ward to be treated with prescribed mood stabilizer or antipsychotic medication. The petition may be considered by the court in the initial procedure for court appointment of a guardian or at a separate involuntary treatment hearing pursuant to section 30.1-28-17. Upon filing a petition, the court shall set a hearing date on the issues and appoint an attorney guardian ad litem for the ward.
2. The guardian, as part of the petition, shall provide a report from the treatment expert examiner, treating physician, physician assistant, clinical nurse specialist, or advanced practice registered nurse which must certify:
  - a. The ward is a person requiring treatment;
  - b. The proposed prescribed mood stabilizer or antipsychotic medication is clinically appropriate and necessary to effectively treat the ward;
  - c. The ward was offered the treatment and refused;
  - d. The prescribed mood stabilizer or antipsychotic medication is the least restrictive form of intervention necessary to meet the treatment needs of the ward; and
  - e. The benefits of the treatment outweigh the known risks to the ward.
3. Evidence of the factors certified under subsection 2 may be presented to the court within the petition, during the initial hearing for court appointment of a guardian under section 30.1-28-03, or at a separate involuntary treatment hearing under section 30.1-28-17. Involuntary treatment with prescribed mood stabilizer or antipsychotic medication may not be authorized by the court solely for the convenience of the facility staff or for the purpose of punishment. The court in ruling on the requested authorization to consent to involuntary treatment with prescribed mood stabilizer or antipsychotic medication shall consider all relevant evidence presented at the hearing including:

- a. The danger the ward presents to self or others;
  - b. The ward's current conditions;
  - c. The ward's treatment history;
  - d. The results of previous medication trials;
  - e. The efficacy of current or past treatment modalities concerning the ward;
  - f. The ward's prognosis; and
  - g. The effect of the ward's mental condition on the ward's capacity to consent.
4. If the factors certified under subsection 2 have been demonstrated by clear and convincing evidence, the court may include a finding in its findings on the petition, or issue a separate order after notice and hearing, authorizing the guardian to provide consent to the treating medical professional to involuntarily treat the ward with prescribed mood stabilizer or antipsychotic medication. The order to consent to involuntary treatment with prescribed mood stabilizer or antipsychotic medication may not be in effect for more than ninety days, unless specifically authorized by the court.

**SECTION 8.** Section 30.1-28-17 of the North Dakota Century Code is created and enacted as follows:

**30.1-28-17. Involuntary treatment with prescribed medication hearing.**

1. The involuntary treatment with prescribed mood stabilizer or antipsychotic medication hearing must be held within three business days of the date of the filing of the petition unless waived by the ward or the ward has been released as a person not requiring treatment. The court may extend the time for hearing for good cause.
2. The hearing must be held in the county of the ward's residence or location, or the county in which the state hospital or treatment facility treating the ward is located.
3. At the hearing, evidence in support of the request must be presented by the guardian or guardian's counsel. During the hearing, the guardian and the ward must be afforded an opportunity to testify and to present and cross-examine witnesses. The court may receive the testimony of any other interested person.
4. All individuals not necessary for the conduct of the proceeding must be excluded, however, individuals having a legitimate interest in the proceeding may be admitted by the court. The hearing must be conducted as informal as practicable, but the issue must be tried as a civil matter.
5. Discovery and the power of subpoena permitted under the North Dakota Rules of Civil Procedure are available to the ward. The court shall receive all relevant and material evidence that may be offered as governed by the North Dakota Rules of Evidence. There is a presumption in favor of the ward, and the burden of proof is upon the petitioner to rebut the presumption in support

of the petition. If the court finds that the petition has not been sustained by clear and convincing evidence, the court shall deny the petition.

**SECTION 9.** Section 30.1-28-18 of the North Dakota Century Code is created and enacted as follows:

**30.1-28-18. Length of involuntary treatment with prescribed medication and continuing treatment orders.**

An initial order for a guardian to consent to involuntary treatment with prescribed mood stabilizer or antipsychotic medication may not exceed ninety days, unless the court is presented with evidence that the ward will continue to require treatment beyond the ninety-day period with the prescribed medication and the ward has historically declined treatment with subsequent harm to self or others. If the court determines the ward will continue to require treatment beyond the ninety-day period and orders continuing treatment, the order for a guardian to consent to continuing treatment may not exceed the term of the appointment of the guardian.

**SECTION 10.** Section 30.1-28-19 of the North Dakota Century Code is created and enacted as follows:

**30.1-28-19. Application.**

This chapter does not limit the use of medications pursuant to sections 25-03.1-16, 25-03.1-18.1, and 25-03.1-24, or prohibit a hospital or treatment facility from rendering medical care without consultation, if care is immediately necessary and delay would endanger the life of or adversely and substantially affect the health of the ward or others.

**SECTION 3. AMENDMENT.** Section 30.1-29-07 of the North Dakota Century Code is amended and reenacted as follows:

**30.1-29-07. (5-407) Procedure concerning hearing and order on original petition.**

1. Upon receipt of a petition for appointment of a conservator or other protective order because of minority, the court shall set a date for hearing on the matters

alleged in the petition. The proposed conservator, if any, shall attend the hearing unless excused by the court for good cause. If, at any time in the proceeding, the court determines that the interests of the minor are or may be inadequately represented, it may appoint an attorney to serve as guardian ad litem for the minor, giving consideration to the choice of the minor if fourteen years of age or older. The duties of a guardian ad litem include:

- a. Meeting, interviewing, and consulting with the person to be protected regarding the conservatorship proceeding, including explaining the purpose for the interview in the language, mode of communication, and terms the person is most likely to understand, the nature and possible consequences of the proceeding, the rights to which the person is entitled, and the legal options available, including the right to retain an attorney to represent the person;
  - b. Advocating for the best interests of the person to be protected. The appointed attorney serving as guardian ad litem may not represent the person in a legal capacity;
  - c. Ascertaining the views of the person to be protected concerning the proposed conservator, the powers and duties of the proposed conservator, the proposed conservatorship, and the scope and duration of the conservatorship;
  - d. Interviewing the person seeking appointment as conservator;
  - e. Obtaining any other relevant information;
  - f. Submitting a written report to the court containing the guardian ad litem's response to the petition and an assessment of the protected person's ability to attend the hearing either in person or by remote means; and
  - g. Attending the hearing unless excused by the court for good cause.
2. Upon receipt of a petition for appointment of a conservator or other protective order for reasons other than minority, the court shall set a date for hearing. The proposed conservator, if any, shall attend the hearing unless excused by the court for good cause. If, at any time in the proceeding, the court determines that the interests of the person to be protected are or may be inadequately represented, the court shall appoint an attorney to serve as guardian ad litem for the person to be protected. The duties of a guardian ad litem include:
- a. Meeting, interviewing, and consulting with the person to be protected regarding the conservatorship proceeding, including explaining the purpose for the interview in the language, mode of communication, and terms the person is most likely to understand, the nature and possible consequences of the proceeding, the rights to which the person is entitled, and the legal options available, including the right to retain an attorney to represent the person;
  - b. Advocating for the best interests of the person to be protected. The appointed attorney serving as guardian ad litem may not represent the person in a legal capacity;

- c. Ascertaining the views of the person to be protected concerning the proposed conservator, the powers and duties of the proposed conservator, the proposed conservatorship, and the scope and duration of the conservatorship;
  - d. Interviewing the person seeking appointment as conservator;
  - e. Obtaining any other relevant information;
  - f. Submitting a written report to the court containing the guardian ad litem's response to the petition and an assessment of the protected person's ability to attend the hearing either in person or by remote means; and
  - g. Attending the hearing unless excused by the court for good cause.
3. If the petition seeks appointment of a conservator or other protective order for reasons other than minority and the alleged disability is mental illness, mental deficiency, physical illness or disability, chronic use of drugs, or chronic intoxication, the court shall direct the person to be protected be examined by an expert examiner designated by the court. The expert examiner preferably should be someone who is not connected with any institution in which the person is a patient or is detained.
  - a. An expert examiner appointed under this subsection shall examine the person to be protected and submit a written report to the court. The report must contain:
    - (1) A description of the nature and degree of any current disability, including the medical or ~~psychological~~psychological history, if reasonably available;
    - (2) A medical prognosis or psychological evaluation specifying the estimated severity and duration of any current disability;
    - (3) A statement about how or in what manner any underlying condition of physical or mental health affects the ability of the person to be protected to provide for personal needs; and
    - (4) A statement about whether any current medication ~~affects~~or physical or mental conditions affect the demeanor of the person to be protected or the ability of the person to attend and participate fully in any court proceeding or in any other procedure required by the court or by court rule.
  - b. ~~In determining whether appointment of a conservator is appropriate, the court shall consider the reports ordered by the court under this subsection from a guardian ad litem and an expert examiner.~~ The court, guardian ad litem, petitioner, or person to be protected may subpoena the expert examiner who prepared and submitted the report to appear, testify, and be cross-examined.
4. The person to be protected must be present at the hearing in person or by remote means, unless good cause is shown for the absence. and court proceedings accessible and understandable to impaired persons. The court may convene temporarily, or for the entire proceeding, at any other location if it is in the best interest of the person to be protected.

5. In determining whether appointment of a conservator is appropriate, the court shall consider the reports ordered by the court under this section from a guardian ad litem and an expert examiner. In any case in which the veterans' administration is or may be an interested party, a certificate of an authorized official of the veterans' administration that the person to be protected has been found incapable of handling ~~the~~their benefits payable on examination in accordance with the laws and regulations governing the veterans' administration is prima facie evidence of the necessity for a conservator or other protective order.
6. After hearing, upon finding that the appointment of a conservator or other protective order is appropriate, the court shall make an appointment or other appropriate protective order. After the hearing, the guardian ad litem must be discharged of the duties as guardian ad litem.
7. If the court approves a conservator, that person may receive reasonable compensation and reimbursement from the protected person's estate if the compensation and reimbursement will not unreasonably jeopardize the protected person's well-being and estate. The court shall consider the following factors when determining what constitutes reasonable compensation and reimbursement:

  - b. The benefit to the protected person, or the protected person's estate, of the conservator's services;
  - c. The necessity for the services performed;

    - i. The fee customarily charged in the community for similar services;
    - j. The nature and length of the relationship with the protected person;
  - k. The experience, reputation, diligence, and ability of the person performing the service;
  - l. Any conflict of interest the conservator may have; and

- m. Whether the appointment as conservator precluded the conservator from other employment.
8. The court may determine the weight to be given to each factor under subsection 7, if any, and to any other factor the court considers relevant. A separate finding is not required for each factor, but the court's findings must contain sufficient specificity to show the factual basis for the court's determination.
9. The court shall approve compensation and reimbursement before payment to the conservator is made.

**SECTION 4. AMENDMENT.** Section 30.1-29-08 of the North Dakota Century Code is amended and reenacted as follows:

These powers include power to make gifts, to convey or release the person's contingent and expectant interests in property, including marital property rights and any right of survivorship incident to joint tenancy, to exercise or release the person's powers as trustee, personal representative, custodian for minors, conservator, or donee of a power of appointment, to enter into contracts, to create revocable or irrevocable trusts of property of the estate which may extend beyond the person's disability or life, to exercise options of the disabled person to purchase securities or other property, to exercise the person's rights to elect options and change beneficiaries under insurance and annuity policies and to surrender the policies for their cash value, to exercise the person's right to an elective share in the estate of the

  - e. An order made pursuant to this section determining that appointment of a conservator or other protective order is appropriate has no effect on the capacity of the protected person.
3. Unless terminated earlier by the court, an order appointing or reappointing a conservator under this section is effective for up to five years. At least ninety days before the expiration of the initial order of appointment or any following order of reappointment, the court shall request and consider information submitted by the conservator, the protected person, the protected person's attorney, if any, and any interested persons regarding whether the need for a conservator continues to exist. If it is recommended the conservatorship continue, the court may appoint a guardian ad litem in accordance with section 30.1-29-07. The court shall hold a hearing on whether the conservatorship should continue. Following the hearing and consideration of submitted information, the court may reappoint the conservator for up to another five years, allow the existing order to expire, or appoint a new conservator in accordance with this section. The supreme court, by rule or order, shall provide for regular review of conservatorships in existence on August 1, 2017.

**SECTION 10. AMENDMENT.** Section 30.1-29-25 of the North Dakota Century Code is amended and reenacted as follows:

**30.1-29-25. (5-425) Distributive duties and powers of conservator.**

1. A conservator may expend or distribute income or principal of the estate without court authorization or confirmation for the support, education, care, or benefit of the protected person and the protected person's dependents in accordance with the following principles:
  - a. The conservator is to consider recommendations relating to the appropriate standard of support, education, and benefit for the protected person made by a parent or guardian, if any. The conservator may not be surcharged for sums paid to persons or organizations actually furnishing support, education, or care to the protected person pursuant to the recommendations of a parent or guardian of the protected person unless the conservator knows that the parent or guardian is deriving personal financial benefit therefrom, including relief from any personal duty of support, or unless the recommendations are clearly not in the best interests of the protected person.
  - b. The conservator is to expend or distribute sums reasonably necessary for the support, education, care, or benefit of the protected person with due regard to:
    - (1) The size of the estate, the probable duration of the conservatorship, and the likelihood that the protected person, at some future time, may be fully able to manage the protected person's affairs and the estate which has been conserved for the protected person.
    - (2) The accustomed standard of living of the protected person and members of the protected person's household.
    - (3) Other funds or sources used for the support of the protected person.
  - c. The conservator may expend funds of the estate for the support of persons legally dependent on the protected person and others who are members of the protected person's household, who are unable to support themselves, and who are in need of support.
  - d. Funds expended under this subsection may be paid by the conservator to any person, including the protected person, to reimburse for expenditures that the conservator might have made, or in advance for services to be rendered to the protected person when it is reasonable to expect that they will be performed and advance payments are customary or reasonably necessary under the circumstances.
2. If the estate is ample to provide for the purposes implicit in the distributions authorized by the preceding subsection, a conservator for a protected person other than a minor has power to make gifts to charity and other objects as the protected person might have been expected to make, in amounts which do not exceed in total for any year twenty percent of the income from the estate.

3. When a minor who has not been adjudged disabled under subsection 2 of section 30.1-29-01 attains majority, the minor's conservator, after meeting all prior claims and expenses of administration, shall pay over and distribute all funds and properties to the former protected person as soon as possible. A final report must be filed as provided in section 30.1-29-19.
4. ~~When the conservator is satisfied that a protected person's disability other than minority has ceased~~When the court has determined the conservatorship is no longer needed, the conservator, after meeting all prior claims and expenses of administration, shall pay over and distribute all funds and properties to the former protected person as soon as possible. A final report must be filed as provided in section 30.1-29-19.
5. If a protected person dies, the conservator shall deliver to the court for safekeeping any will of the deceased protected person which may have come into the conservator's possession, inform the executor or a beneficiary named therein that the conservator has done so, and retain the estate for delivery to a duly appointed personal representative of the decedent or other persons entitled thereto. If after forty days from the death of the protected person no other person has been appointed personal representative and no application or petition for appointment is before the court, the conservator may apply to exercise the powers and duties of a personal representative so that the conservator may proceed to administer and distribute the decedent's estate without additional or further appointment. Upon application for an order granting the powers of a personal representative to a conservator, after notice to any person demanding notice under section 30.1-13-04 and to any person nominated executor in any will of which the applicant is aware, the court may order the conferral of the power upon determining that there is no objection, and endorse the letters of the conservator to note that the formerly protected person is deceased and that the conservator has acquired all of the powers and duties of a personal representative. The making and entry of an order under this section ~~shall have~~has the effect of an order of appointment of a personal representative as provided in section 30.1-14-08 and chapters 30.1-17 through 30.1-21, except that estate in the name of the conservator, after administration, may be distributed to the decedent's successors without prior retransfer to the conservator as personal representative.

**SECTION 11.** A new section to chapter 30.1-29 of the North Dakota Century Code is created and enacted as follows:

**Emergency conservator.**

1. On petition by a person interested in the estate of the person to be protected, the court may appoint an emergency conservator if the court finds that compliance with the procedures in this chapter likely will result in substantial harm to the estate of the person to be protected, and that no other person appears to have authority and willingness to act in the circumstances. The court may appoint the conservator for a specified period of time, not to exceed ninety days. Immediately upon receipt of the petition for an emergency conservator, the court shall appoint a guardian ad litem to advocate for the best interests of the estate of the person to be protected in the proceeding and any subsequent proceeding. Except as otherwise provided in subsection 2, reasonable notice of the time and place of a hearing on the petition must be given to the person whose estate is to be protected, the person's spouse, if any, and any other persons as the court directs.

2. An emergency conservator may be appointed without notice only if the court finds from affidavit or other sworn testimony that the estate of the person to be protected will be substantially harmed before a hearing on the appointment can be held. If the court appoints an emergency conservator without notice, the person whose estate is to be protected and the person's spouse, if any, must be given notice of the appointment within forty-eight hours. The court shall hold a hearing on the appropriateness of the appointment within ten days after the appointment.
3. Appointment of an emergency conservator, with or without notice, is not a determination of the person or the estate of the person's need for protection.
4. The court may remove an emergency conservator at any time. An emergency conservator shall make any report the court requires. In all other respects, the provisions of this chapter concerning conservators apply to an emergency conservator.

number plates of all of the motor vehicles owned and operated by the offender at the time of the offense to be destroyed by the office of the police officer that made the arrest. - g. For purposes of this section, conviction of an offense under a law or ordinance of another state which is equivalent to this section must be considered a prior offense if such offense was committed within the time limitations specified in this section.
- h. If the penalty mandated by this section includes imprisonment or placement upon conviction of a violation of this section or equivalent ordinance, and if an addiction evaluation has indicated that the defendant needs treatment, the court may order the defendant to undergo treatment at an appropriate licensed addiction treatment program under subdivision g of subsection 1 of section 12.1-32-02 and the time spent by the defendant in the treatment must be credited as a portion of a sentence of imprisonment or placement under this section. A court may not order the department of corrections and rehabilitation to be responsible for the costs of treatment in a private treatment facility.
- i. If the court sentences an individual to the legal and physical custody of the department of corrections and rehabilitation, the department may place the individual in an alcohol treatment program designated by the department. Upon the individual's successful completion of the alcohol treatment program, the department shall release the individual from imprisonment to begin the court-ordered period of probation. If there is not any court-ordered period of probation, the court may order the individual to serve the remainder of the sentence of imprisonment on supervised probation and the terms and conditions must include participation in the twenty-four seven sobriety program and any terms and conditions of probation previously imposed by the court. Probation under this subsection may include placement in another facility or treatment program. If an individual is placed in another facility or treatment program after release from imprisonment, the remainder of the individual's sentence of imprisonment must be considered time spent in custody. Individuals

- j. If the individual has participated in the twenty-four seven sobriety program as a condition of pretrial release or for the purpose of receiving a temporary restricted operator's license under section 39-06.1-11, the sentencing court may give credit for the time the individual has already served on the twenty-four seven sobriety program when determining the amount of time the individual must serve on the twenty-four seven sobriety program for the purposes of probation, if that individual has not violated the twenty-four seven sobriety program before sentencing.
6. As used in subdivisions b and c of subsection 5, the term "imprisonment" includes house arrest. As a condition of house arrest, a defendant may not consume alcoholic beverages. The house arrest must include a program of electronic home detention and the defendant shall participate in the twenty-four seven sobriety program. 1. A city may apply to the department of commerce division of community services to designate a portion of that city as a renaissance zone if the following criteria are met:
  - a. The geographic area proposed for the renaissance zone is located wholly within the boundaries of the city submitting the application.
  - b. The application includes a development plan.
  - c. The proposed renaissance zone is not more than thirty-four square blocks, except in a city with a population of greater than five thousand the renaissance zone may exceed thirty-four square blocks at the rate of one additional block for each additional five thousand population to a maximum size of forty-nine blocks.
    - (1) Population is based upon the most recent federal decennial census or federal census estimate.
    - (2) If a city finds that renaissance zone projects have satisfactorily completed one or more blocks within the renaissance zone, the city may apply for and the department of commerce division of community services may approve withdrawal of those blocks from the renaissance zone and replacement of those blocks with other blocks that otherwise meet the requirements of this chapter.
  - d. Except as provided under subdivision g, the proposed renaissance zone has a continuous boundary and all blocks are contiguous.
  - e. The proposed land usage includes both commercial and residential property.

---

<sup>208</sup> Section 40-63-03 was also amended by section 2 of Senate Bill No. 2391, chapter 369.

- f. The application includes the proposed duration of renaissance zone status, not to exceed fifteen years.
    - (1) Upon application by the city, the department of commerce division of community services may extend the duration of renaissance zone status in increments of up to five years.
    - (2) If a renaissance zone designated under this chapter expires, a city may reapply for a subsequent renaissance zone in the same manner an original renaissance zone is formed under this section.
    - (3) If a renaissance zone designated under this chapter expires, a city may reapply for renewal of the formerly expired renaissance zone in the current manner a renewal extension is granted by state law.
  - g. The proposed renaissance zone may have a single exception to the continuous boundary and contiguous block requirements under subdivision d if the area of the excepted noncontiguous blocks does not exceed three square blocks.
2. The department of commerce division of community services shall:
    - a. Review all applications for renaissance zone designation against the criteria established in this section and designate zones.
    - b. Approve or reject the duration of renaissance zone status as submitted in an application.
    - c. Approve or reject the geographic boundaries and total area of the renaissance zone as submitted in an application.
    - d. Promote the renaissance zone program.
    - e. Monitor the progress of the designated renaissance zones against submitted plans in an annual plan review.
    - f. Report on renaissance zone progress to the governor and the legislative management on an annual basis until all designated zones expire.
  3. The department of commerce division of community services shall consider the following criteria in designating a renaissance zone:
    - a. The viability of the development plan.
    - b. The incorporation and enhancement of unique natural and historic features into the development plan.
    - c. Whether the development plan is creative and innovative in comparison to other applications.
    - d. Public and private commitment to and other resources available for the proposed renaissance zone, including the provisions for a renaissance fund organization.
    - e. How renaissance zone designation would relate to a broader plan for the community as a whole.

- f. How the local regulatory burden, in particular that burden associated with the renovation of historic properties and that burden associated with mixed use development, will be eased for developers and investors in the renaissance zone.
  - g. The strategies for the promotion, development, and management of the zone, including the use of a local zone authority if designated.
  - h. Any other information required by the office.
4. The department of commerce division of community services may not designate a portion of a city as a renaissance zone unless, as a part of the application, the city provides a resolution from the governing body of the city that states if the renaissance zone designation is granted, persons and property within the renaissance zone are exempt from taxes as provided in sections 40-63-04 through 40-63-07.
  5. A city may not propose or be part of more than one renaissance zone.
  6. A parcel of property may be exempted from property taxes under section 40-63-05 only once, but during the five taxable years of eligibility for that exemption, the property tax exemption transfers with the transfer of the property to a qualifying user. The ownership or lease of, or investment in, a parcel of property may qualify for exemption or credit under section 40-63-04 only once, but during the five taxable years of eligibility for that exemption or credit, the exemption or credit under section 40-63-04 transfers with the transfer of the property to a qualified user and with respect to the year in which the transfer is made must be prorated for use of the property during that year. Taxpayers eligible for a property or income tax incentive under this chapter for zone projects that are incomplete immediately preceding the expiration of the renaissance zone designation in the area in which the zone project is located may continue to receive the incentive for the time period during which the taxpayer was originally eligible to receive the incentive. For purposes of this subsection, the renaissance zone designation is considered expired when the proposed duration of renaissance zone and any subsequently granted extensions have lapsed.
  7. A city may apply to the department of commerce division of community services at any time during the duration of a zone to expand a previously approved renaissance zone that is less than the maximum size allowed under subdivision c of subsection 1. If the expansion is approved by the department of commerce division of community services, the blocks in the expansion are eligible for up to fifteen years of renaissance zone status.
  8. The use of grant funds as the sole source of investment in the purchase of a building or space in a building does not qualify a taxpayer for any tax exemption or credit available under the chapter, and grant funds may not be counted in determining if the cost of rehabilitation meets or exceeds the current true and full value of the building.
  9. If a portion of an approved renaissance zone is not progressing, the city may request the department of commerce division of community services to permit deleting that portion and to make an adjustment of the boundaries to add another equal, contiguous area to the original zone.

10. If within a renaissance zone there is property that is included in a tax increment financing district, the city in which the property is located shall provide the department of commerce an annual report regarding any such property at the time requested by the department of commerce. The report required under this subsection must identify the property, provide the expected duration of inclusion of the property in the tax increment financing district and the renaissance zone, and identify any property and income tax benefits of the property and the expected duration of those benefits. The department of commerce shall deliver an annual report compiling the information required under this subsection to the legislative management interim committee on taxation issues or upon request of any other interim committee of the legislative management.

**41-02-08. (2-201) Formal requirements - Statute of frauds.**

Except as otherwise provided in this section, a contract for the sale of goods for the price of five hundred dollars or more is not enforceable by way of action or defense unless there is ~~some writing~~ a record sufficient to indicate that a contract for sale has been made between the parties and signed by the party against whom enforcement is sought or by ~~that~~ the party's authorized agent or broker. A writing ~~record~~ is not insufficient because it omits or incorrectly states a term agreed upon but the contract is not enforceable under this subsection beyond the quantity of goods shown in ~~such writing~~ the record.
2. Between merchants if within a reasonable time a writing ~~record~~ in confirmation of the contract and sufficient against the sender is received and the party receiving it has reason to know its contents, it satisfies the requirements of subsection 1 against ~~such~~ the party unless written notice in a record of objection to its contents is given within ten days after it is received.

  - b. If the party against whom enforcement is sought admits in that party's pleading, testimony, or otherwise in court that a contract for sale was made, but the contract is not enforceable under this provision beyond the quantity of goods admitted; or
  - c. With respect to goods for which payment has been made and accepted or which have been received and accepted (section 41-02-69).

1. By course of performance, course of dealing, or usage of trade (section 41-01-17); and

**SECTION 12. AMENDMENT.** Section 41-02.1-02 of the North Dakota Century Code is amended and reenacted as follows:

**41-02.1-02. (2A-102) Scope.**

1. This chapter applies to any transaction, regardless of form, that creates a lease ~~and, in the case of a hybrid lease, it applies to the extent provided in subsection 2.~~
2. In a hybrid lease:

    - (1) Only the provisions of this chapter which relate primarily to the lease-of-goods aspects of the transaction apply, and the provisions that relate primarily to the transaction as a whole do not apply;
    - (2) Section 41-02.1-18 applies if the lease is a finance lease; and
    - (3) Section 41-02.1-48 applies to the promises of the lessee in a finance lease to the extent the promises are consideration for the right to possession and use of the leased goods; and
  - b. If the lease-of-goods aspects predominate, this chapter applies to the transaction, but does not preclude application in appropriate circumstances of other law to aspects of the lease which do not relate to the lease of goods.

  - c. "Commercial unit" means such a unit of goods as by commercial usage is a single whole for purposes of lease and division of which materially impairs its character or value on the market or in use. the person supplying the goods in connection with or as part of the contract by which the lessor acquired the goods or the right to possession and use of the goods; or

- (d) Only if the lease is not a consumer lease, before the lessee signs the lease contract the lessor informs the lessee in writing of the identity of the person supplying the goods to the lessor, unless the lessee has selected that person and directed the lessor to acquire the goods or the right to possession and use of the goods from that person, that the lessee is entitled under this chapter to the promises and warranties, including those of any third party, provided to the lessor by the person supplying the goods in connection with or as part of the contract by which the lessor acquired the goods or the right to possession and use of the goods, and that the lessee may contact the person supplying the goods to the lessor and receive an accurate and complete statement of those promises and warranties, including any disclaimers and limitations of them or of remedies.

Unless the context clearly indicates otherwise, the term includes a sublease.
- ~~k-l.~~ "Lease agreement" means the bargain, with respect to the lease, of the lessor and the lessee in fact as found in their language or by implication from other circumstances, including course of dealing or usage of trade or course of performance (as provided in this chapter). - p-q. "Lessor" means a person who transfers the right to possession and use of goods under a lease. Unless the context clearly indicates otherwise, the term includes a sublessor.

- u-v. "Present value" means the amount as of a date certain of one or more sums payable in the future, discounted to the date certain. The discount is determined by the interest rate specified by the parties if the rate was not manifestly unreasonable at the time the transaction was entered into; otherwise, the discount is determined by a commercially reasonable rate that takes into account the facts and circumstances of each case at the time the transaction was entered into.
- v-w. "Purchase" includes taking by sale, lease, mortgage, security interest, pledge, gift, or any other voluntary transaction creating an interest in goods.

**41-02.1-07. (2A-107) Waiver or renunciation of claim or right after default.**

**SECTION 15. AMENDMENT.** Section 41-02.1-10 of the North Dakota Century Code is amended and reenacted as follows:

**41-02.1-10. (2A-201) Statute of frauds.**

  - b. There is a writing record, signed by the party against whom enforcement is sought or by that party's authorized agent, sufficient to indicate that a lease contract has been made between the parties and to describe the goods leased and the lease term.
2. Any description of leased goods or of the lease term is sufficient and satisfies subdivision b of subsection 1, whether or not it is specific, if it reasonably identifies what is described.
3. A writing record is not insufficient because it omits or incorrectly states a term agreed upon, but the lease contract is not enforceable under subdivision b of subsection 1 beyond the lease term and the quantity of goods shown in the writing record.
4. A lease contract that does not satisfy the requirements of subsection 1, but which is valid in other respects, is enforceable:
  - a. If the goods are to be specially manufactured or obtained for the lessee and are not suitable for lease or sale to others in the ordinary course of the lessor's business, and the lessor, before notice of repudiation is received and under circumstances that reasonably indicate that the goods are for the lessee, has made either a substantial beginning of their manufacture or commitments for their procurement;
  - b. If the party against whom enforcement is sought admits in that party's pleading, testimony, or otherwise in court that a lease contract was made, but the lease contract is not enforceable under this provision beyond the quantity of goods admitted; or
  - c. With respect to goods that have been received and accepted by the lessee.

5. The lease term under a lease contract referred to in subsection 4 is:
  - a. If there is a writingrecord signed by the party against whom enforcement is sought or by that party's authorized agent specifying the lease term, the term so specified;
  - b. If the party against whom enforcement is sought admits in that party's pleading, testimony, or otherwise in court a lease term, the term so admitted; or
  - c. A reasonable lease term.

**41-02.1-11. (2A-202) Final written expression - Parol or extrinsic evidence.**

Terms with respect to which the confirmatory memoranda of the parties agree or which are otherwise set forth in a writingrecord intended by the parties as a final expression of their agreement with respect to such terms as are included therein may not be contradicted by evidence of any prior agreement or of a contemporaneous oral agreement but may be explained or supplemented by course:

1. Course of dealing or usage of trade or by course of performance; and by evidence
2. Evidence of consistent additional terms unless the court finds the writingrecord to have been intended also as a complete and exclusive statement of the terms of the agreement.

**SECTION 17. AMENDMENT.** Section 41-02.1-12 of the North Dakota Century Code is amended and reenacted as follows:

**41-02.1-12. (2A-203) Seals inoperative.**

The affixing of a seal to a writingrecord evidencing a lease contract or an offer to enter into a lease contract does not render the writingrecord a sealed instrument and the law with respect to sealed instruments does not apply to the lease contract or offer.

**SECTION 18. AMENDMENT.** Section 41-02.1-14 of the North Dakota Century Code is amended and reenacted as follows:

**41-02.1-14. (2A-205) Firm offers.**

An offer by a merchant to lease goods to or from another person in a signed writingrecord that by its terms gives assurance it will be held open is not revocable, for lack of consideration, during the time stated or, if no time is stated, for a reasonable time, but in no event may the period of irrevocability exceed three months. Any such term of assurance on a form supplied by the offeree must be separately signed by the offeror.

**SECTION 19. AMENDMENT.** Subsection 2 of section 41-02.1-17 of the North Dakota Century Code is amended and reenacted as follows:

2. A signed lease agreement that excludes modification or rescission except by a signed writingrecord may not be otherwise modified or rescinded, but, except

as between merchants, such a requirement on a form supplied by a merchant must be separately signed by the other party.

**SECTION 20. AMENDMENT.** Subsection 1 of section 41-03-04 of the North Dakota Century Code is amended and reenacted as follows:

1. "Negotiable instrument" means an unconditional promise or order to pay a fixed amount of money, with or without interest or other charges described in the promise or order, if it:
  - a. Is payable to bearer or to order at the time it is issued or first comes into possession of a holder;
  - b. Is payable on demand or at a definite time; and
  - c. Does not state any other undertaking or instruction by the person promising or ordering payment to do any act in addition to the payment of money, except that the promise or order may contain an undertaking or power to give, maintain, or protect collateral to secure payment, an authorization or power to the holder to confess judgment or realize on or dispose of collateral, ~~or a waiver of the benefit of any law intended for the advantage or protection of any obligor,~~ a term that specifies the law that governs the promise or order, or an undertaking to resolve in a specified forum a dispute concerning the promise or order.

**SECTION 21. AMENDMENT.** Subsection 1 of section 41-03-05 of the North Dakota Century Code is amended and reenacted as follows:

**SECTION 22. AMENDMENT.** Section 41-03-38 of the North Dakota Century Code is amended and reenacted as follows:

**41-03-38. (3-401) Signature.**

4. A person is not liable on an instrument unless the person signed the instrument or the person is represented by an agent or representative who signed the instrument and the signature is binding on the represented person under section 41-03-39.

2. ~~A signature may be made manually or by means of a device or machine and by the use of any name, including any trade or assumed name, or by any word, mark, or symbol executed or adopted by a person with present intention to authenticate a writing.~~

**SECTION 23. AMENDMENT.** Section 41-03-66 of the North Dakota Century Code is amended and reenacted as follows:

**41-03-66. (3-604) Discharge by cancellation or renunciation.**

1. A person entitled to enforce an instrument may, with or without consideration, discharge the obligation of a party to pay the instrument by an intentional voluntary act such as surrender of the instrument to the party, destruction, mutilation, or cancellation of the instrument, cancellation or striking out of the party's signature, or the addition of words to the instrument indicating discharge or by agreeing not to sue or otherwise renouncing rights against the party by a signed writing record. The obligation of a party to pay a check is not discharged solely by destruction of the check in connection with a process in which information is extracted from the check and an image of the check is made and, subsequently, the information and image are transmitted for payment.
2. Cancellation or striking out of an endorsement under subsection 1 does not affect the status and rights of a party derived from the endorsement.

**SECTION 24. AMENDMENT.** Section 41-04.1-03 of the North Dakota Century Code is amended and reenacted as follows:

**41-04.1-03. (4A-103) Payment order - Definitions.**

1. In this chapter:
  - a. "Beneficiary" means the person to be paid by the beneficiary's bank.
  - b. "Beneficiary's bank" means the bank identified in a payment order in which an account of the beneficiary is to be credited pursuant to the order or which otherwise is to make payment to the beneficiary if the order does not provide for payment to an account.
  - c. "Payment order" means an instruction of a sender to a receiving bank, transmitted orally, ~~electronically, or in writing~~ or in a record, to pay, or to cause another bank to pay, a fixed or determinable amount of money to a beneficiary if:
    - (1) The instruction does not state a condition to payment to the beneficiary other than time of payment.
    - (2) The receiving bank is to be reimbursed by debiting an account of, or otherwise receiving payment from, the sender.
    - (3) The instruction is transmitted by the sender directly to the receiving bank or to an agent, funds-transfer system, or communication system for transmittal to the receiving bank.
  - d. "Receiving bank" means the bank to which the sender's instruction is addressed.
  - e. "Sender" means the person giving the instruction to the receiving bank.
2. If an instruction complying with subdivision a of subsection 1 is to make more than one payment to a beneficiary, the instruction is a separate payment order with respect to each payment.
3. A payment order is issued when it is sent to the receiving bank.

**SECTION 25. AMENDMENT.** Section 41-04.1-09 of the North Dakota Century Code is amended and reenacted as follows:

**41-04.1-09. (4A-201) Security procedure.**

"Security procedure" means a procedure established by agreement of a customer and a receiving bank for the purpose of verifying that a payment order or communication amending or canceling a payment order is that of the customer or detecting error in the transmission or the content of the payment order or communication. A security procedure may impose an obligation on the receiving bank or the customer and may require the use of algorithms or other codes, identifying words or numbers, symbols, sounds, biometrics, encryption, callback procedures, or similar security devices. Comparison of a signature on a payment order or communication with an authorized specimen signature of the customer or requiring a payment order to be sent from a known electronic mail address, internet protocol address, or telephone number is not by itself a security procedure.

**SECTION 26. AMENDMENT.** Section 41-04.1-10 of the North Dakota Century Code is amended and reenacted as follows:

**41-04.1-10. (4A-202) Authorized and verified payment orders.**

1. A payment order received by the receiving bank is the authorized order of the person identified as sender if that person authorized the order or is otherwise bound by it under the law of agency.
2. If a bank and its customer have agreed that the authenticity of payment orders issued to the bank in the name of the customer as sender will be verified under a security procedure, a payment order received by the receiving bank is effective as the order of the customer, whether or not authorized, if the security procedure is a commercially reasonable method of providing security against unauthorized payment orders, and the bank proves that it accepted the payment order in good faith and in compliance with the bank's obligations under the security procedure and any ~~written~~ agreement or instruction of the customer, evidenced by a record, restricting acceptance of payment orders issued in the name of the customer. The bank is not required to follow an instruction that violates a ~~written~~ agreement with the customer, evidenced by a record, or notice of which is not received at a time and in a manner affording the bank a reasonable opportunity to act on it before the payment order is accepted.
3. Commercial reasonableness of a security procedure is a question of law to be determined by considering the wishes of the customer expressed to the bank, the circumstances of the customer known to the bank, including the size, type, and frequency of payment orders normally issued by the customer to the bank, alternative security procedures offered to the customer, and security procedures in general use by customers and receiving banks similarly situated. A security procedure is deemed to be commercially reasonable if the security procedure was chosen by the customer after the bank offered, and the customer refused, a security procedure that was commercially reasonable for that customer, and the customer expressly agreed in ~~writing~~ a record to be bound by any payment order, whether or not authorized, issued in its name and accepted by the bank in compliance with the bank's obligations under the security procedure chosen by the customer.

4. In this chapter the term "sender" includes the customer in whose name a payment order is issued if the order is the authorized order of the customer under subsection 1 or is effective as the order of the customer under subsection 2.
5. This section applies to amendments and cancellations of payment orders to the same extent it applies to payment orders.
6. Except as provided in this section and in subdivision a of subsection 1 of section 41-04.1-11, rights and obligations arising under this section or section 41-04.1-11 may not be varied by agreement.

**SECTION 27. AMENDMENT.** Section 41-04.1-11 of the North Dakota Century Code is amended and reenacted as follows:

**41-04.1-11. (4A-203) Unenforceability of certain verified payment orders.**

1. If an accepted payment order is not, under subsection 1 of section 41-04.1-10, an authorized order of a customer identified as sender, but is effective as an order of the customer under subsection 2 of section 41-04.1-10, the following rules apply:
  - a. By express written agreement evidenced by a record, the receiving bank may limit the extent to which it is entitled to enforce or retain payment of the payment order.
  - b. The receiving bank is not entitled to enforce or retain payment of the payment order if the customer proves that the order was not caused, directly or indirectly, by a person entrusted at any time with duties to act for the customer with respect to payment orders or the security procedure or by a person who obtained access to transmitting facilities of the customer or who obtained, from a source controlled by the customer and without authority of the receiving bank, information facilitating breach of the security procedure, regardless of how the information was obtained or whether the customer was at fault. Information includes any access device, computer software, or the like.
2. This section applies to amendments of payment orders to the same extent it applies to payment orders.

**SECTION 28. AMENDMENT.** Subsection 3 of section 41-04.1-15 of the North Dakota Century Code is amended and reenacted as follows:

3. If a payment order described in subsection 2 is accepted, the originator's payment order described the beneficiary inconsistently by name and number, and the beneficiary's bank pays the person identified by number as permitted by subdivision a of subsection 2, the following rules apply:
  - a. If the originator is a bank, the originator is obliged to pay its order.
  - b. If the originator is not a bank and proves that the person identified by number was not entitled to receive payment from the originator, the originator is not obliged to pay its order unless the originator's bank proves that the originator, before acceptance of the originator's order, had notice that payment of a payment order issued by the originator might be made by the beneficiary's bank on the basis of an identifying or bank account

number even if it identifies a person different from the named beneficiary. Proof of notice may be made by any admissible evidence. The originator's bank satisfied the burden of proof if it proves that the originator, before the payment order was accepted, signed a writing record stating the information to which the notice relates.

**SECTION 29. AMENDMENT.** Subdivision b of subsection 2 of section 41-04.1-16 of the North Dakota Century Code is amended and reenacted as follows:

- b. If the sender is not a bank and the receiving bank proves that the sender, before the payment order was accepted, had notice that the receiving bank might rely on the number as the proper identification of the intermediary or beneficiary's bank even if it identifies a person different from the bank identified by name, the rights and obligations of the sender and the receiving bank are governed by subdivision a of subsection 2, as though the sender were a bank. Proof of notice may be made by any admissible evidence. The receiving bank satisfies the burden of proof if it proves that the sender, before the payment order was accepted, signed a writing record stating the information to which the notice relates.

**SECTION 30. AMENDMENT.** Subsection 1 of section 41-04.1-18 of the North Dakota Century Code is amended and reenacted as follows:

1. A payment order is rejected by the receiving bank by a notice of rejection transmitted to the sender orally, ~~electronically~~, or in writing a record. A notice of rejection need not use any particular words and is sufficient if it indicates that the receiving bank is rejecting the order or will not execute or pay the order. Rejection is effective when the notice is given if transmission is by a means that is reasonable in the circumstances. If notice of rejection is given by a means that is not reasonable, rejection is effective when the notice is received. If an agreement of the sender and receiving bank establishes the means to be used to reject a payment order, any means complying with the agreement is reasonable, and any means not complying is not reasonable unless no significant delay in receipt of the notice resulted from the use of the noncomplying means.

**SECTION 31. AMENDMENT.** Subsection 1 of section 41-04.1-19 of the North Dakota Century Code is amended and reenacted as follows:

1. A communication of the sender of a payment order canceling or amending the order may be transmitted to the receiving bank orally, ~~electronically~~, or in writing a record. If a security procedure is in effect between the sender and the receiving bank, the communication is not effective to cancel or amend the order unless the communication is verified pursuant to the security procedure or the bank agrees to the cancellation or amendment.

**SECTION 32. AMENDMENT.** Section 41-04.1-25 of the North Dakota Century Code is amended and reenacted as follows:

**41-04.1-25. (4A-305) Liability for late or improper execution or failure to execute payment order.**

1. If a funds transfer is completed but execution of a payment order by the receiving bank in breach of section 41-04.1-22 results in delay in payment to the beneficiary, the bank is obliged to pay interest to either the originator or the beneficiary of the funds transfer for the period of delay caused by the

improper execution. Except as provided in subsection 3, additional damages are not recoverable.

2. If execution of a payment order by a receiving bank in breach of section 41-04.1-22 results in noncompletion of the funds transfer, failure to use an intermediary bank designated by the originator, or issuance of a payment order that does not comply with the terms of the payment order of the originator, the bank is liable to the originator for its expenses in the funds transfer and for incidental expenses and interest losses, to the extent not covered by subsection 1, resulting from the improper execution. Except as provided in subsection 3, additional damages are not recoverable.
3. In addition to the amounts payable under subsections 1 and 2, damages, including consequential damages, are recoverable to the extent provided in an express written agreement of the receiving bank, evidenced by a record.
4. If a receiving bank fails to execute a payment order it was obliged by express agreement to execute, the receiving bank is liable to the sender for its expenses in the transaction and for incidental expenses and interest losses resulting from the failure to execute. Additional damages, including consequential damages, are recoverable to the extent provided in an express written agreement of the receiving bank, evidenced by a record, but are not otherwise recoverable.
5. Reasonable attorney's fees are recoverable if demand for compensation under subsection 1 or 2 is made and refused before an action is brought on the claim. If a claim is made for breach of an agreement under subsection 4 and the agreement does not provide for damages, reasonable attorney's fees are recoverable if demand for compensation under subsection 4 is made and refused before an action is brought on the claim.
6. Except as stated in this section, the liability of a receiving bank under subsections 1 and 2 may not be varied by agreement.

**SECTION 33. AMENDMENT.** Section 41-05-04 of the North Dakota Century Code is amended and reenacted as follows:

**41-05-04. (5-104) Formal requirements.**

A letter of credit, confirmation, advice, transfer, amendment, or cancellation may be issued in any form that is a signed record and is authenticated:

1. ~~By a signature; or~~
2. ~~In accordance with the agreement of the parties or the standard practice referred to in subsection 5 of section 41-05-08.~~

**SECTION 34. AMENDMENT.** Section 41-05-16 of the North Dakota Century Code is amended and reenacted as follows:

**41-05-16. (5-116) Choice of law and forum.**

1. The liability of an issuer, nominated person, or adviser for action or omission is governed by the law of the jurisdiction chosen by an agreement in the form of a record ~~signed or otherwise authenticated~~ by the affected parties ~~in the manner provided in section 41-05-04~~ or by a provision in the person's letter of

credit, confirmation, or other undertaking. The jurisdiction whose law is chosen need not bear any relation to the transaction.

2. Unless subsection 1 applies, the liability of an issuer, nominated person, or adviser for action or omission is governed by the law of the jurisdiction in which the person is located. The person is considered to be located at the address indicated in the person's undertaking. If more than one address is indicated, the person is considered to be located at the address from which the person's undertaking was issued.
3. For the purpose of jurisdiction, choice of law, and recognition of interbranch letters of credit, but not enforcement of a judgment, all branches of a bank are considered separate juridical entities and a bank is considered to be located at the place where its relevant branch is considered to be located under this subsection 4.
- 3-4. A branch of a bank is considered to be located at the address indicated in the branch's undertaking. If more than one address is indicated, the branch is considered to be located at the address from which the undertaking was issued.
5. Except as otherwise provided in this subsection, the liability of an issuer, nominated person, or adviser is governed by any rules of custom or practice, such as the uniform customs and practice for documentary credits, to which the letter of credit, confirmation, or other undertaking is expressly made subject. If:

**41-11-03. (A-201) Saving clause.**

Except as provided in sections 41-11-04 through 41-11-09, a transaction validly entered before August 1, 2023, and the rights, duties, and interests flowing from the transaction remain valid thereafter and may be terminated, completed, consummated,

or enforced as required or permitted by law other than this title or, if applicable, this title, as though this Act had not taken effect.

**41-11-04. (A-301) Saving clause.**

1. Except as provided in sections 41-11-04 through 41-11-09, chapter 41-09 as amended by this Act and chapter 41-12 apply to a transaction, lien, or other interest in property, even if the transaction, lien, or interest was entered, created, or acquired before August 1, 2023.
2. Except as provided in subsection 3 and sections 41-11-05 through 41-11-09:
  - a. A transaction, lien, or interest in property that was validly entered, created, or transferred before August 1, 2023, and was not governed by this title, but would be subject to chapter 41-09 as amended by this Act or chapter 41-12 if it had been entered, created, or transferred after July 31, 2023, including the rights, duties, and interests flowing from the transaction, lien, or interest, remains valid after July 31, 2023; and
  - b. The transaction, lien, or interest may be terminated, completed, consummated, and enforced as required or permitted by this Act or by the law that would apply if this Act had not taken effect.
3. This Act does not affect an action, case, or proceeding commenced before August 1, 2023.

**41-11-05. (A-302) Security interest perfected before effective date.**

1. A security interest that is enforceable and perfected immediately before August 1, 2023, is a perfected security interest under this Act if, on August 1, 2023, the requirements for enforceability and perfection under this Act are satisfied without further action.
2. If a security interest is enforceable and perfected immediately before August 1, 2023, but the requirements for enforceability or perfection under this Act are not satisfied on August 1, 2023, the security interest:
  - a. Is a perfected security interest until the earlier of the time perfection would have ceased under the law in effect immediately before August 1, 2023, or the adjustment date;
  - b. Remains enforceable thereafter only if the security interest satisfies the requirements for enforceability under section 41-09-13, as amended by this Act, before the adjustment date; and

**41-11-06. (A-303) Security interest unperfected before effective date.**

A security interest that is enforceable immediately before August 1, 2023, but is unperfected at that time:

1. Remains an enforceable security interest until the adjustment date;

2. Remains enforceable thereafter if the security interest becomes enforceable under section 41-09-13, as amended by this Act, on August 1, 2023, or before the adjustment date; and
3. Becomes perfected:
  - a. Without further action, on August 1, 2023, if the requirements for perfection under this Act are satisfied before or at that time; or
  - b. When the requirements for perfection are satisfied if the requirements are satisfied after that time.

**41-11-07. (A-304) Effectiveness of actions taken before effective date.**

1. If action, other than the filing of a financing statement, is taken before August 1, 2023, and the action would have resulted in perfection of the security interest had the security interest become enforceable before August 1, 2023, the action is effective to perfect a security interest that attaches under this Act before the adjustment date. An attached security interest becomes unperfected on the adjustment date unless the security interest becomes a perfected security interest under this Act before the adjustment date.
2. The filing of a financing statement before August 1, 2023, is effective to perfect a security interest on August 1, 2023, to the extent the filing would satisfy the requirements for perfection under this Act.
3. The taking of an action before August 1, 2023, is sufficient for the enforceability of a security interest on August 1, 2023, if the action would satisfy the requirements for enforceability under this Act.

**41-11-08. (A-305) Priority.**

1. Subject to subsections 2 and 3, this Act determines the priority of conflicting claims to collateral.
2. Subject to subsection 3, if the priorities of claims to collateral were established before August 1, 2023, chapter 41-09 as in effect before August 1, 2023, determines priority.
3. On the adjustment date, to the extent the priorities determined by chapter 41-09 as amended by this Act modify the priorities established before August 1, 2023, the priorities of claims to Article 12 property and electronic money established before August 1, 2023, cease to apply.

**41-11-09. (A-306) Priority of claims when priority rules of chapter 41-09 do not apply.**

1. Subject to subsections 2 and 3, chapter 41-12 determines the priority of conflicting claims to Article 12 property when the priority rules of chapter 41-09 as amended by this Act do not apply.
2. Subject to subsection 3, when the priority rules of chapter 41-09 as amended by this Act do not apply and the priorities of claims to Article 12 property were established before August 1, 2023, law other than chapter 41-12 determines priority.

3. When the priority rules of chapter 41-09 as amended by this Act do not apply, to the extent the priorities determined by this Act modify the priorities established before August 1, 2023, the priorities of claims to Article 12 property established before August 1, 2023, cease to apply on the adjustment date.

**SECTION 89.** Chapter 41-12 of the North Dakota Century Code is created and enacted as follows:

**41-12-01. (12-101) Title.**

This chapter may be cited as Uniform Commercial Code - Controllable Electronic Records.

**41-12-02. (12-102) Definitions.**

1. In this chapter:
  - a. "Controllable electronic record" means a record stored in an electronic medium that can be subjected to control under section 41-12-05. The term does not include a controllable account, a controllable payment intangible, a deposit account, an electronic copy of a record evidencing chattel paper, an electronic document of title, electronic money, investment property, or a transferable record.
  - b. "Qualifying purchaser" means a purchaser of a controllable electronic record or an interest in a controllable electronic record that obtains control of the controllable electronic record for value, in good faith, and without notice of a claim of a property right in the controllable electronic record.
  - c. "Transferable record" has the meaning provided for that term in:
    - (1) Section 201(a)(1) of the Electronic Signatures in Global and National Commerce Act [Pub. L. 106-229; 114 Stat. 473; 15 U.S.C. Section 7021(a)(1)]; or
    - (2) Subsection 1 of section 9-16-15.
  - d. "Value" has the meaning provided in subsection 1 of section 41-03-29, as if references in that subsection to an "instrument" were references to a controllable account, controllable electronic record, or controllable payment intangible.
2. The definitions in chapter 41-09 of "account debtor", "controllable account", "controllable payment intangible", "chattel paper", "deposit account", "electronic money", and "investment property" apply to this chapter.
3. Chapter 41-01 contains general definitions and principles of construction and interpretation applicable throughout this title.

**41-12-03. (12-103) Relation to chapter 41-09 and consumer laws.**

1. If there is conflict between this chapter and chapter 41-09, chapter 41-09 governs.

2. A transaction subject to this chapter is subject to any applicable rule of law that establishes a different rule for consumers and title 6, sections 13-04.1-09 through 13-04.1-09.3, and chapters 13-05, 13-08, 13-10, and 47-14.

**41-12-04. (12-104) Rights in controllable account, controllable electronic record, and controllable payment intangible.**

1. This section applies to the acquisition and purchase of rights in a controllable account or controllable payment intangible, including the rights and benefits under subsections 3, 4, 5, 7, and 8 of a purchaser and qualifying purchaser, in the same manner this section applies to a controllable electronic record.
2. To determine whether a purchaser of a controllable account or a controllable payment intangible is a qualifying purchaser, the purchaser obtains control of the account or payment intangible if it obtains control of the controllable electronic record that evidences the account or payment intangible.
3. Except as provided in this section, law other than this chapter determines whether a person acquires a right in a controllable electronic record and the right the person acquires.
4. A purchaser of a controllable electronic record acquires all rights in the controllable electronic record that the transferor had or had power to transfer, except that a purchaser of a limited interest in a controllable electronic record acquires rights only to the extent of the interest purchased.
5. A qualifying purchaser acquires its rights in the controllable electronic record free of a claim of a property right in the controllable electronic record.
6. Except as provided in subsections 1 and 5 for a controllable account and a controllable payment intangible or law other than this chapter, a qualifying purchaser takes a right to payment, right to performance, or other interest in property evidenced by the controllable electronic record subject to a claim of a property right in the right to payment, right to performance, or other interest in property.
7. An action may not be asserted against a qualifying purchaser based on both a purchase by the qualifying purchaser of a controllable electronic record and a claim of a property right in another controllable electronic record, whether the action is framed in conversion, replevin, constructive trust, equitable lien, or other theory.
8. Filing of a financing statement under chapter 41-09 is not notice of a claim of a property right in a controllable electronic record.

**41-12-05. (12-105) Control of controllable electronic record.**

1. A person has control of a controllable electronic record if the electronic record, a record attached to or logically associated with the electronic record, or a system in which the electronic record is recorded:
  - a. Gives the person:
    - (1) Power to avail itself of substantially all the benefit from the electronic record; and

- (2) Exclusive power, subject to subsection 2, to:
- (1) Prevent others from availing themselves of substantially all the benefit from the electronic record; and
  - (2) Transfer control of the electronic record to another person or cause another person to obtain control of another controllable electronic record as a result of the transfer of the electronic record; and
- b. Enables the person readily to identify itself in any way, including by name, identifying number, cryptographic key, office, or account number, as having the powers specified in subsection a.
2. Subject to subsection 3, a power is exclusive under paragraph 2 of subdivision a of subsection 1 even if:
- a. The controllable electronic record, a record attached to or logically associated with the electronic record, or a system in which the electronic record is recorded limits the use of the electronic record or has a protocol programmed to cause a change, including a transfer or loss of control or a modification of benefits afforded by the electronic record; or
  - b. The power is shared with another person.
3. A power of a person is not shared with another person under subdivision b of subsection 2 and the person's power is not exclusive if:
- a. The person can exercise the power only if the power also is exercised by the other person; and
  - b. The other person:
    - (1) Can exercise the power without exercise of the power by the person; or
    - (2) Is the transferor to the person of an interest in the controllable electronic record or a controllable account or controllable payment intangible evidenced by the controllable electronic record.
4. If a person has the powers specified in paragraph 2 of subdivision a of subsection 1, the powers are presumed to be exclusive.
5. A person has control of a controllable electronic record if another person, other than the transferor to the person of an interest in the controllable electronic record or a controllable account or controllable payment intangible evidenced by the controllable electronic record:
- a. Has control of the electronic record and acknowledges that it has control on behalf of the person; or
  - b. Obtains control of the electronic record after having acknowledged that it will obtain control of the electronic record on behalf of the person.
6. A person that has control under this section is not required to acknowledge that it has control on behalf of another person.

7. If a person acknowledges that it has or will obtain control on behalf of another person, unless the person otherwise agrees or law other than this chapter or chapter 41-09 otherwise provides, the person does not owe any duty to the other person and is not required to confirm the acknowledgment to any other person.

**41-12-06. (12-106) Discharge of account debtor on controllable account or controllable payment intangible.**

1. An account debtor on a controllable account or controllable payment intangible may discharge its obligation by paying:
  - a. The person having control of the controllable electronic record that evidences the controllable account or controllable payment intangible; or
  - b. Except as provided in subsection 2, a person that formerly had control of the controllable electronic record.
2. Subject to subsection 4, the account debtor may not discharge its obligation by paying a person that formerly had control of the controllable electronic record if the account debtor receives a notification that:
  - a. Is signed by a person that formerly had control or the person to which control was transferred;
  - b. Reasonably identifies the controllable account or controllable payment intangible;
  - c. Notifies the account debtor that control of the controllable electronic record that evidences the controllable account or controllable payment intangible was transferred;
  - d. Identifies the transferee, in any reasonable way, including by name, identifying number, cryptographic key, office, or account number; and
  - e. Provides a commercially reasonable method by which the account debtor is to pay the transferee.
3. After receipt of a notification that complies with subsection 2, the account debtor may discharge its obligation by paying in accordance with the notification and may not discharge the obligation by paying a person that formerly had control.
4. Subject to subsection 8, notification is ineffective under subsection 2:
  - a. Unless, before the notification is sent, the account debtor and the person that, at that time, had control of the controllable electronic record that evidences the controllable account or controllable payment intangible agree in a signed record to a commercially reasonable method by which a person may furnish reasonable proof that control has been transferred;
  - b. To the extent an agreement between the account debtor and seller of a payment intangible limits the account debtor's duty to pay a person other than the seller and the limitation is effective under law other than this chapter; or

- c. At the option of the account debtor, if the notification notifies the account debtor to:
  - (1) Divide a payment;
  - (2) Make less than the full amount of an installment or other periodic payment; or
  - (3) Pay any part of a payment by more than one method or to more than one person.
- 5. Subject to subsection 8, if requested by the account debtor, the person giving the notification under subsection 2 seasonably shall furnish reasonable proof, using the method in the agreement referred to in subdivision a of subsection 4, that control of the controllable electronic record has been transferred. Unless the person complies with the request, the account debtor may discharge its obligation by paying a person that formerly had control, even if the account debtor has received a notification under subsection 2.
- 6. A person furnishes reasonable proof under subsection 5 that control has been transferred if the person demonstrates, using the method in the agreement referred to in subdivision a of subsection 4, that the transferee has the power to:
  - a. Avail itself of substantially all the benefit from the controllable electronic record;
  - b. Prevent others from availing themselves of substantially all the benefit from the controllable electronic record; and
  - c. Transfer the powers specified in subdivisions a and b to another person.
- 7. Subject to subsection 8, an account debtor may not waive or vary its rights under subdivision a of subsection 4 and subsection 5 or its option under subdivision c of subsection 4.
- 8. This section is subject to law other than this chapter which establishes a different rule for an account debtor who is an individual and who incurred the obligation primarily for personal, family, or household purposes.

**41-12-07. (12-107) Governing law.**

- 1. Except as provided in subsection 2, the local law of a controllable electronic record's jurisdiction governs a matter covered by this chapter.
- 2. For a controllable electronic record that evidences a controllable account or controllable payment intangible, the local law of the controllable electronic record's jurisdiction governs a matter covered by section 41-12-06 unless an effective agreement determines that the local law of another jurisdiction governs.
- 3. The following rules determine a controllable electronic record's jurisdiction under this section:
  - a. If the controllable electronic record, or a record attached to or logically associated with the controllable electronic record and readily available for

- review, expressly provides that a particular jurisdiction is the controllable electronic record's jurisdiction for purposes of this chapter or title, that jurisdiction is the controllable electronic record's jurisdiction.
- b. If subdivision a does not apply and the rules of the system in which the controllable electronic record is recorded are readily available for review and expressly provide that a particular jurisdiction is the controllable electronic record's jurisdiction for purposes of this chapter or title, that jurisdiction is the controllable electronic record's jurisdiction.
  - c. If subdivisions a and b do not apply and the controllable electronic record, or a record attached to or logically associated with the controllable electronic record and readily available for review, expressly provides that the controllable electronic record is governed by the law of a particular jurisdiction, that jurisdiction is the controllable electronic record's jurisdiction.
  - d. If subdivisions a, b, and c do not apply and the rules of the system in which the controllable electronic record is recorded are readily available for review and expressly provide that the controllable electronic record or the system is governed by the law of a particular jurisdiction, that jurisdiction is the controllable electronic record's jurisdiction.
  - e. If subdivisions a through d do not apply, the controllable electronic record's jurisdiction is the District of Columbia.
4. If subdivision e of subsection 3 applies and this chapter is not in effect in the District of Columbia without material modification, the governing law for a matter covered by this chapter is the law of the District of Columbia as though Article 12 were in effect in the District of Columbia without material modification. In this subsection, "Article 12" means Article 12 of Uniform Commercial Code Amendments (2022).
  5. To the extent subsections 1 and 2 provide that the local law of the controllable electronic record's jurisdiction governs a matter covered by this chapter, that law governs even if the matter or a transaction to which the matter relates does not bear any relation to the controllable electronic record's jurisdiction.
  6. The rights acquired under section 41-12-04 by a purchaser or qualifying purchaser are governed by the law applicable under this section at the time of purchase.

If a distant state takes action, the state promptly shall notify the home state and the commission.

- c. Termination of membership in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be submitted by the commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the compact states.
  - d. A compact state which has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations which extend beyond the effective date of termination.

The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.
  - c. The remedies herein shall not be the exclusive remedies of the commission. The commission may pursue any other remedies available under federal or state law.

**ARTICLE XIII - DATE OF IMPLEMENTATION OF THE PSYCHOLOGY  
INTERJURISDICTIONAL COMPACT COMMISSION AND ASSOCIATED RULES,  
WITHDRAWAL, AND AMENDMENTS**

1. The compact shall come into effect on the date on which the compact is enacted into law in the seventh compact state. The provisions which become effective at that time shall be limited to the powers granted to the commission relating to assembly and the promulgation of rules. Thereafter, the commission shall meet and exercise rulemaking powers necessary to the implementation and administration of the compact.
2. Any state which joins the compact subsequent to the commission's initial adoption of the rules shall be subject to the rules as they exist on the date on which the compact becomes law in that state. Any rule which has been previously adopted by the commission shall have the full force and effect of law on the day the compact becomes law in that state.
3. Any compact state may withdraw from this compact by enacting a statute repealing the same.
  - a. A compact state's withdrawal shall not take effect until six months after enactment of the repealing statute.
  - b. Withdrawal shall not affect the continuing requirement of the withdrawing state's psychology regulatory authority to comply with the investigative and adverse action reporting requirements of this act prior to the effective date of withdrawal.
4. Nothing contained in this compact shall be construed to invalidate or prevent any psychology licensure agreement or other cooperative arrangement between a compact state and a noncompact state which does not conflict with the provisions of this compact.
5. This compact may be amended by the compact states. No amendment to this compact shall become effective and binding upon any compact state until it is enacted into the law of all compact states.

**ARTICLE XIV - CONSTRUCTION AND SEVERABILITY**

This compact shall be liberally construed so as to effectuate the purposes thereof. If this compact shall be held contrary to the constitution of any state member thereto, the compact shall remain in full force and effect as to the remaining compact states.

## **ARTICLE VI - ACTIVE DUTY MILITARY PERSONNEL OR THEIR SPOUSES**

Active duty military personnel, or their spouse, shall designate a home state where the individual has a current license in good standing. The individual may retain the home state designation during the period the service member is on active duty. Subsequent to designating a home state, the individual shall change only the

individual's home state through application for licensure in the new state, or through the process outlined in article V.

### **ARTICLE VII - COMPACT PRIVILEGE TO PRACTICE TELEHEALTH**

Subpoenas issued by a licensing board in a member state for the attendance and testimony of witnesses or the production of evidence from another member state must be enforced in the latter state by any court of competent jurisdiction, according to the practice and procedure of that court applicable to subpoenas issued in proceedings pending before the court. The issuing authority shall pay any witness fees, travel expenses, mileage, and other fees required by the service statutes of the state in which the witnesses or evidence are located.
2. Only the home state has the power to take adverse action against a licensed professional counselor's license issued by the home state.
3. For purposes of taking adverse action, the home state shall give the same priority and effect to reported conduct received from a member state as the home state would if the conduct had occurred within the home state. In so doing, the home state shall apply its state laws to determine appropriate action.
4. The home state shall complete any pending investigations of a licensed professional counselor who changes primary state of residence during the course of the investigations. The home state also has the authority to take appropriate action and promptly shall report the conclusions of the investigations to the administrator of the data system. The administrator of the coordinated licensure information system promptly shall notify the new home state of any adverse actions.
5. A member state, if otherwise permitted by state law, may recover from the affected licensed professional counselor the costs of investigations and dispositions of cases resulting from any adverse action taken against that licensed professional counselor.

6. A member state may take adverse action based on the factual findings of the remote state, provided that the member state follows its procedures for taking the adverse action.
7. Joint investigations:
  - a. In addition to the authority granted to a member state by its respective professional counseling practice act or other applicable state law, any member state may participate with other member states in joint investigations of licensees.
  - b. Member states shall share any investigative, litigation, or compliance materials in furtherance of any joint or individual investigation initiated under the compact.
8. If adverse action is taken by the home state against the license of a licensed professional counselor, the licensed professional counselor's privilege to practice in all other member states must be deactivated until all encumbrances have been removed from the state license. All home state disciplinary orders that impose adverse action against the license of a licensed professional counselor must include a statement that the licensed professional counselor's privilege to practice is deactivated in all member states during the pendency of the order.
9. If a member state takes adverse action, the member state promptly shall notify the administrator of the data system. The administrator of the data system promptly shall notify the home state of any adverse actions by remote states.
10. This compact does not override a member state's decision that participation in an alternative program may be used in lieu of adverse action.

Notwithstanding the foregoing, in the event the commission exercises its rulemaking authority in a manner beyond the scope of the purposes of the compact, or the powers granted under this compact, then such an action by the commission is invalid and has no force or effect.
2. The commission shall exercise its rulemaking powers pursuant to the criteria set forth in this article and the rules adopted under this article. Rules and amendments become binding as of the date specified in each rule or amendment.
3. If a majority of the legislatures of the member states rejects a rule, by enactment of a statute or resolution in the same manner used to adopt the compact within four years of the date of adoption of the rule, the rule has no further force and effect in any member state.
4. Rules or amendments to the rules must be adopted at a regular or special meeting of the commission.
5. Before promulgation and adoption of a final rule or rules by the commission, and at least thirty days in advance of the meeting at which the rule will be considered and voted upon, the commission shall file a notice of proposed rulemaking:

Public notice of any revisions must be posted on the website of the commission. The revision is subject to challenge by any person for a period of thirty days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge must be made in writing and delivered to the chair of the commission before the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the commission.

## **ARTICLE XII - OVERSIGHT, DISPUTE RESOLUTION, AND ENFORCEMENT**

### **1. Oversight.**

- a. The executive, legislative, and judicial branches of state government in each member state shall enforce this compact and take all actions necessary and appropriate to effectuate the compact's purposes and intent. The provisions of this compact and the rules promulgated under this compact have standing as statutory law.
  - b. All courts shall take judicial notice of the compact and the rules in any judicial or administrative proceeding in a member state pertaining to the subject matter of this compact which may affect the powers, responsibilities, or actions of the commission.
  - c. The commission must be entitled to receive service of process in the proceeding and must have standing to intervene in the proceeding for all purposes. Failure to provide service of process to the commission renders a judgment or order void as to the commission, this compact, or promulgated rules.
2. If the commission determines a member state has defaulted in the performance of its obligations or responsibilities under this compact or the promulgated rules, the commission shall:
- a. Provide written notice to the defaulting state and other member states of the nature of the default, the proposed means of curing the default or any

- other action to be taken by the commission, or any combination of these requirements; and
- b. Provide remedial training and specific technical assistance regarding the default.
  3. If a state in default fails to cure the default, the defaulting state may be terminated from the compact upon an affirmative vote of a majority of the member states, and all rights, privileges, and benefits conferred by this compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.
  4. Termination of membership in the compact must be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate must be given by the commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states.
  5. A state that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.
  6. The commission may not pay any costs related to a state that is found to be in default or that has been terminated from the compact, unless agreed upon in writing between the commission and the defaulting state.
  7. The defaulting state may appeal the action of the commission by petitioning the United States district court for the District of Columbia or the federal district where the commission has its principal offices. The prevailing member must be awarded all costs of the litigation, including reasonable attorney's fees.
  8. Dispute resolution.

    - a. Upon request by a member state, the commission shall attempt to resolve disputes related to the compact which arise among member states and between member and nonmember states.
    - b. The commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate.
  9. Enforcement.

    - a. The commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact.
    - b.
