

SB2013

Please vote in favor of SB2013. This bill will ensure that the state library will be fully funded and be able to continue to offer the great services they offer free of charge to all citizens of North Dakota.

Rural libraries like Hazen benefit from the services of the state library as well as we have patrons that request large print books. These are on a rotating bases and helps our rural libraries because we do not have to purchase those books as they are very expensive. Our patrons love them and appreciate what the state library sends us.

Rural libraries also have a chance to get funding from the state library to help us defer costs from our cities and counties. Every little bit helps out with the smaller communities.

Please vote in favor of SB2013.

Respectfully Submitted,

Cindy Aaser

Director Hazen Public Library
