4 - Fiscal Impact Sections Detail

Identify and provide a brief description of the sections of the measure which have fiscal impact. Include any assumptions and comments relevant to the analysis.

HB 1130 changes the in lieu of property tax calculation from using the sinking and interest levy divided by the total levy to the building fund levy plus the sinking and interest levy divided by the total levy before the 75% deduction in the integrated formula payment. School districts would be required to use the additional funds that are not factored into the integrated formula payment on capital projects or capital debt repayment.

126 school districts would see an increase in the state aid portion of the integrated formula payment. School districts that have passed building fund levies would see the increase in funding to help offset the cost of capital projects or capital debt repayments.

7 - Appropriations Detail

For information shown under state fiscal effect in 1 or 2, please explain the appropriation amounts. Provide detail, when appropriate, for each agency and fund affected. Explain the relationship between the amounts shown for expenditures and appropriations.
