

Sixty-ninth  
Legislative Assembly  
of North Dakota

**FIRST ENGROSSMENT  
with House Amendments**

**ENGROSSED SENATE BILL NO. 2323**

Introduced by

Senators Bekkedahl, Sorvaag, Hogue

Representatives Lefor, Brandenburg, Richter

1 A BILL for an Act to create and enact a new section to chapter 57-51 of the North Dakota  
2 Century Code, relating to an energy impact grant fund; to amend and reenact sections 57-51-15  
3 and 57-51.1-07.5 of the North Dakota Century Code, relating to oil and gas gross production tax  
4 allocations and the state share of oil and gas tax allocations; to provide for a report; to provide a  
5 continuing appropriation; to provide an exemption; to provide an effective date; and to provide  
6 an expiration date.

7 **BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:**

8 **SECTION 1. AMENDMENT.** Section 57-51-15 of the North Dakota Century Code is  
9 amended and reenacted as follows:

10 **57-51-15. Gross production tax allocation. (Effective through June 30, ~~2027~~2029)**

11 The gross production tax must be allocated monthly as follows:

- 12 1. The tax revenue collected under this chapter equal to one percent of the gross value  
13 at the well of the oil and one-fifth of the tax on gas must be deposited with the state  
14 treasurer. The state treasurer shall allocate the funding in the following order:
- 15 a. Eight percent of the amount available under this subsection to the North Dakota  
16 outdoor heritage fund, but not in an amount exceeding twenty million dollars per  
17 fiscal year.
- 18 b. Four percent of the amount available under this subsection to the abandoned oil  
19 and gas well plugging and site reclamation fund, but not in an amount exceeding  
20 seven million five hundred thousand dollars per fiscal year and not in an amount  
21 that would bring the balance in the fund to more than one hundred million dollars  
22 through June 30, 2027, or to more than fifty million dollars after June 30, 2027.

1           c. Up to twenty-five million dollars per fiscal year to the energy impact grant fund  
2           under section 2 of this Act.

3           d. Any remaining revenues pursuant to subsection 3.

4           ~~d.e.~~ For purposes of this subsection, "fiscal year" means the period beginning  
5           September first and ending August thirty-first of the following calendar year.

6       2. The tax revenue collected under this chapter equal to four percent of the gross value  
7       at the well of the oil and four-fifths of the tax on gas must be deposited with the state  
8       treasurer. The state treasurer shall allocate the funding in the following order:

9       a. The first five million dollars of collections received from a county each fiscal year  
10       is allocated to the county.

11       b. The remaining revenue collections received from a county each fiscal year are  
12       allocated thirty percent to the county and seventy percent as follows:

13           (1) Monthly amounts to the hub city funding pool to provide fifteen million four  
14           hundred thousand dollars per fiscal year for the allocations under  
15           paragraph 2 of subdivision a of subsection 5.

16           (2) Monthly amounts to the hub city school district funding pool to provide two  
17           million one hundred thousand dollars per fiscal year for the allocations  
18           under paragraph 3 of subdivision a of subsection 5.

19           (3) Monthly amounts to the supplemental school district funding pool to provide  
20           seventy percent of the total amount needed for the allocations under  
21           paragraph 4 of subdivision a of subsection 5.

22           (4) Any remaining revenue collections to the state for the state's allocations  
23           pursuant to subsection 3.

24       c. For purposes of this subsection, "fiscal year" means the period beginning  
25       September first and ending August thirty-first of the following calendar year.

26       3. After the allocations under subsections 1 and 2, the amount remaining is allocated first  
27       to provide for deposit of thirty percent of all revenue collected under this chapter in the  
28       legacy fund as provided in section 26 of article X of the Constitution of North Dakota  
29       and the remainder must be allocated to the state general fund. If the amount available  
30       for a monthly allocation under this subsection is insufficient to deposit thirty percent of  
31       all revenue collected under this chapter in the legacy fund, the state treasurer shall

transfer the amount of the shortfall from the state general fund share of oil extraction tax collections and deposit that amount in the legacy fund.

4. For a county that received less than five million dollars of allocations under subsection 2 in the most recently completed even-numbered fiscal year before the start of the biennium, revenues allocated to that county must be distributed by the state treasurer as follows:
  - a. Forty-five percent must be distributed to the county treasurer and credited to the county general fund.
  - b. Thirty-five percent must be distributed proportionally to school districts within the county on the average daily attendance distribution basis for kindergarten through grade twelve students residing within the county, as certified to the state treasurer by the county superintendent of schools. However, a hub city school district must be omitted from distributions under this subdivision.
  - c. Twenty percent must be distributed to the incorporated cities of the county. A hub city must be omitted from distributions under this subdivision. Distributions among cities under this subsection must be proportional based upon the population of each incorporated city according to the last official decennial federal census. In determining the population of any city in which total employment increases by more than two hundred percent seasonally due to tourism, the population of that city for purposes of this subdivision must be increased by eight hundred percent.
  - d. For purposes of this subsection, "fiscal year" means the period beginning September first and ending August thirty-first of the following calendar year.
5. For a county that received five million dollars or more of allocations under subsection 2 in the most recently completed even-numbered fiscal year before the start of the biennium, revenues allocated to that county must be distributed by the state treasurer as follows:
  - a. A portion of the revenues from each county must be distributed to a hub city funding pool, a hub city school district funding pool, and a supplemental school district funding pool as follows:

- 1           (1) The amount distributed from each county to the funding pools under this  
2           subdivision must be proportional to each county's monthly oil and gas gross  
3           production tax revenue collections relative to the combined total monthly oil  
4           and gas gross production tax revenue collections from all the counties that  
5           receive allocations under this subsection.
- 6           (2) The state treasurer shall distribute, to the hub city funding pool, the monthly  
7           amount needed from each county to provide six million six hundred  
8           thousand dollars per fiscal year for the allocations under this paragraph.
- 9           (a) The state treasurer shall allocate monthly amounts from the hub city  
10          funding pool to provide a combined total of twenty-two million dollars  
11          per fiscal year to all the hub cities, which includes the fifteen million  
12          four hundred thousand dollars under paragraph 1 of subdivision b of  
13          subsection 2 and the six million six hundred thousand dollars under  
14          this paragraph. The monthly allocation to each hub city must be  
15          proportional to each hub city's impact percentage score, including  
16          fractional percentage points rounded to the nearest tenth of a percent,  
17          relative to the combined total of all the hub cities' impact percentage  
18          scores.
- 19          (b) The state treasurer shall calculate the impact percentage score for  
20          each hub city by summing the following:
- 21               [1] The percentage of mining, quarrying, and oil and gas extraction  
22               employment relative to the total employment of all industries in  
23               the county in which the hub city is located, based on the most  
24               recent annual data for all ownership types compiled by job  
25               service North Dakota in the quarterly census of employment and  
26               wages, multiplied by forty-five hundredths;
- 27               [2] The average of the percentage of mining, quarrying, and oil and  
28               gas extraction employment relative to the total employment of all  
29               industries in each county for all the counties in the human  
30               service region in which the hub city is located, based on the most  
31               recent annual data for all ownership types compiled by job

service North Dakota in the quarterly census of employment and wages, multiplied by fifteen hundredths;

[3] The percentage of establishments engaged in mining, quarrying, and oil and gas extraction relative to the total establishments of all industries in the county in which the hub city is located, based on the most recent annual data for all ownership types compiled by job service North Dakota in the quarterly census of employment and wages, multiplied by one-tenth;

[4] The percentage of oil production in the human service region in which the hub city is located relative to the total oil production in all the human service regions with hub cities, based on the most recently available calendar year data compiled by the industrial commission in a report on the historical barrels of oil produced by county, multiplied by one-tenth;

[5] The percentage change in population from five years prior for the hub city, based on the most recent actual or estimated census data published by the United States census bureau, multiplied by one-tenth; and

[6] The percentage change in population from five years prior for the county in which the hub city is located, based on the most recent actual or estimated census data published by the United States census bureau, multiplied by one-tenth.

(c) For purposes of this paragraph, "human service region" means the areas designated by the governor's executive order 1978-12 dated October 5, 1978.

(3) The state treasurer shall distribute, to the hub city school district funding pool, the monthly amount needed from each county to provide nine hundred thousand dollars per fiscal year for the allocations under this paragraph.

(a) The state treasurer shall allocate monthly amounts from the hub city school district funding pool to provide a combined total of three million dollars per fiscal year to all the hub city school districts, which

1 includes the two million one hundred thousand dollars under  
2 paragraph 2 of subdivision b of subsection 2 and the nine hundred  
3 thousand dollars under this paragraph. The monthly allocation to each  
4 hub city school districts must be proportional to each hub city school  
5 district's impact percentage score, including fractional percentage  
6 points rounded to the nearest tenth of a percent, relative to the  
7 combined total of all the hub cities' impact percentage scores.

8 (b) For the purpose of determining the impact percentage score for each  
9 hub city school district, the state treasurer shall use the same impact  
10 percentage score as the corresponding score calculated for each hub  
11 city in paragraph 2.

12 (4) The state treasurer shall distribute, to the supplemental school district  
13 funding pool, the monthly amount needed from each county to provide for  
14 thirty percent of the total allocations under this paragraph. To each county  
15 that received more than five million dollars but less than thirty million dollars  
16 of total allocations under subsection 2 in the most recently completed  
17 even-numbered fiscal year before the start of the biennium, the state  
18 treasurer shall allocate a monthly amount from the supplemental school  
19 district funding pool which will be added to the distributions to school  
20 districts under paragraph 2 of subdivision b, as follows:

21 (a) To each county that received more than five million dollars but not  
22 exceeding ten million dollars of total allocations under subsection 2 in  
23 the most recently completed even-numbered fiscal year before the  
24 start of the biennium, the state treasurer shall allocate a monthly  
25 amount that will provide a total allocation of one million five hundred  
26 thousand dollars per fiscal year. The allocation must be distributed to  
27 school districts within the county pursuant to paragraph 2 of  
28 subdivision b.

29 (b) To each county that received more than ten million dollars but not  
30 exceeding fifteen million dollars of total allocations under subsection 2  
31 in the most recently completed even-numbered fiscal year before the

1 start of the biennium, the state treasurer shall allocate a monthly  
2 amount that will provide a total allocation of one million two hundred  
3 fifty thousand dollars per fiscal year. The allocation must be distributed  
4 to school districts within the county pursuant to paragraph 2 of  
5 subdivision b.

6 (c) To each county that received more than fifteen million dollars but not  
7 exceeding twenty million dollars of total allocations under subsection 2  
8 in the most recently completed even-numbered fiscal year before the  
9 start of the biennium, the state treasurer shall allocate a monthly  
10 amount that will provide a total allocation of one million dollars per  
11 fiscal year. The allocation must be distributed to school districts within  
12 the county pursuant to paragraph 2 of subdivision b.

13 (d) To each county that received more than twenty million dollars but not  
14 exceeding twenty-five million dollars of total allocations under  
15 subsection 2 in the most recently completed even-numbered fiscal  
16 year before the start of the biennium, the state treasurer shall allocate  
17 a monthly amount that will provide a total allocation of seven hundred  
18 fifty thousand dollars per fiscal year. The allocation must be distributed  
19 to school districts within the county pursuant to paragraph 2 of  
20 subdivision b.

21 (e) To each county that received more than twenty-five million dollars but  
22 not exceeding thirty million dollars of total allocations under  
23 subsection 2 in the most recently completed even-numbered fiscal  
24 year before the start of the biennium, the state treasurer shall allocate  
25 a monthly amount that will provide a total allocation of five hundred  
26 thousand dollars per fiscal year. The allocation must be distributed to  
27 school districts within the county pursuant to paragraph 2 of  
28 subdivision b.

29 b. After the distributions in subdivision a, each county's remaining revenues must be  
30 distributed as follows:

- (1) Sixty percent must be distributed to the county treasurer and credited to the county general fund.
- (2) Five percent must be distributed proportionally to school districts within the county on the average daily attendance distribution basis for kindergarten through grade twelve students residing within the county, as certified to the state treasurer by the county superintendent of schools. However, a hub city school district must be omitted from distributions under this subdivision.
- (3) Twenty percent must be distributed to the incorporated cities of the county. A hub city must be omitted from distributions under this subdivision.  
Distributions among cities under this subsection must be proportional based upon the population of each incorporated city according to the last official decennial federal census. In determining the population of any city in which total employment increases by more than two hundred percent seasonally due to tourism, the population of that city for purposes of this subdivision must be increased by eight hundred percent.
- (4) Four percent must be allocated among the organized and unorganized townships of the county. The state treasurer shall allocate the funds available under this subdivision among townships in proportion to each township's road miles relative to the total township road miles in the county. The amount allocated to unorganized townships under this subdivision must be distributed to the county treasurer and credited to a special fund for unorganized township roads, which the board of county commissioners shall use for the maintenance and improvement of roads in unorganized townships.
- (5) Nine percent must be distributed among hub cities. The state treasurer shall distribute the funds available under this subdivision in proportion to the amounts the hub cities receive under paragraph 2 of subdivision a.
- (6) Two percent must be distributed among hub city school districts. The state treasurer shall distribute the funds available under this subdivision in proportion to the amounts the hub city school districts receive under paragraph 3 of subdivision a.

(7) For purposes of this subsection, "fiscal year" means the period beginning September first and ending August thirty-first of the following calendar year.

**Gross production tax allocation. (Effective after June 30, 2027-2029)** The gross production tax must be allocated monthly as follows:

1. The tax revenue collected under this chapter equal to one percent of the gross value at the well of the oil and one-fifth of the tax on gas must be deposited with the state treasurer. The state treasurer shall allocate the funding in the following order:
  - a. Eight percent of the amount available under this subsection to the North Dakota outdoor heritage fund, but not in an amount exceeding twenty million dollars per fiscal year.
  - b. Four percent of the amount available under this subsection to the abandoned oil and gas well plugging and site reclamation fund, but not in an amount exceeding seven million five hundred thousand dollars per fiscal year and not in an amount that would bring the balance in the fund to more than fifty million dollars.
  - c. Any remaining revenues pursuant to subsection 3.
  - d. For purposes of this subsection, "fiscal year" means the period beginning September first and ending August thirty-first of the following calendar year.
2. The tax revenue collected under this chapter equal to four percent of the gross value at the well of the oil and four-fifths of the tax on gas must be deposited with the state treasurer. The state treasurer shall allocate the funding in the following order:
  - a. The first five million dollars of collections received from a county each fiscal year is allocated to the county.
  - b. The remaining revenue collections received from a county each fiscal year are allocated thirty percent to the county and seventy percent as follows:
    - (1) Monthly amounts to the hub city funding pool to provide fifteen million four hundred thousand dollars per fiscal year for the allocations under paragraph 2 of subdivision a of subsection 5.
    - (2) Monthly amounts to the hub city school district funding pool to provide two million one hundred thousand dollars per fiscal year for the allocations under paragraph 3 of subdivision a of subsection 5.

1                   (3) Monthly amounts to the supplemental school district funding pool to provide  
2                   seventy percent of the total amount needed for the allocations under  
3                   paragraph 4 of subdivision a of subsection 5.

4                   (4) Any remaining revenue collections to the state for the state's allocations  
5                   pursuant to subsection 3.

6           c. For purposes of this subsection, "fiscal year" means the period beginning  
7           September first and ending August thirty-first of the following calendar year.

8       3. After the allocations under subsections 1 and 2, the amount remaining is allocated first  
9       to provide for deposit of thirty percent of all revenue collected under this chapter in the  
10       legacy fund as provided in section 26 of article X of the Constitution of North Dakota  
11       and the remainder must be allocated to the state general fund. If the amount available  
12       for a monthly allocation under this subsection is insufficient to deposit thirty percent of  
13       all revenue collected under this chapter in the legacy fund, the state treasurer shall  
14       transfer the amount of the shortfall from the state general fund share of oil extraction  
15       tax collections and deposit that amount in the legacy fund.

16       4. For a county that received less than five million dollars of allocations under  
17       subsection 2 in the most recently completed even-numbered fiscal year before the  
18       start of the biennium, revenues allocated to that county must be distributed by the  
19       state treasurer as follows:

20       a. Forty-five percent must be distributed to the county treasurer and credited to the  
21       county general fund.

22       b. Thirty-five percent must be distributed proportionally to school districts within the  
23       county on the average daily attendance distribution basis for kindergarten  
24       through grade twelve students residing within the county, as certified to the state  
25       treasurer by the county superintendent of schools. However, a hub city school  
26       district must be omitted from distributions under this subdivision.

27       c. Twenty percent must be distributed to the incorporated cities of the county. A hub  
28       city must be omitted from distributions under this subdivision. Distributions  
29       among cities under this subsection must be proportional based upon the  
30       population of each incorporated city according to the last official decennial federal  
31       census. In determining the population of any city in which total employment

1 increases by more than two hundred percent seasonally due to tourism, the  
2 population of that city for purposes of this subdivision must be increased by eight  
3 hundred percent.

4 d. For purposes of this subsection, "fiscal year" means the period beginning  
5 September first and ending August thirty-first of the following calendar year.

6 5. For a county that received five million dollars or more of allocations under subsection 2  
7 in the most recently completed even-numbered fiscal year before the start of the  
8 biennium, revenues allocated to that county must be distributed by the state treasurer  
9 as follows:

10 a. A portion of the revenues from each county must be distributed to a hub city  
11 funding pool, a hub city school district funding pool, and a supplemental school  
12 district funding pool as follows:

13 (1) The amount distributed from each county to the funding pools under this  
14 subdivision must be proportional to each county's monthly oil and gas gross  
15 production tax revenue collections relative to the combined total monthly oil  
16 and gas gross production tax revenue collections from all the counties that  
17 receive allocations under this subsection.

18 (2) The state treasurer shall distribute, to the hub city funding pool, the monthly  
19 amount needed from each county to provide six million six hundred  
20 thousand dollars per fiscal year for the allocations under this paragraph.

21 (a) The state treasurer shall allocate monthly amounts from the hub city  
22 funding pool to provide a combined total of twenty-two million dollars  
23 per fiscal year to all the hub cities, which includes the fifteen million  
24 four hundred thousand dollars under paragraph 1 of subdivision b of  
25 subsection 2 and the six million six hundred thousand dollars under  
26 this paragraph. The monthly allocation to each hub city must be  
27 proportional to each hub city's impact percentage score, including  
28 fractional percentage points rounded to the nearest tenth of a percent,  
29 relative to the combined total of all the hub cities' impact percentage  
30 scores.

- (b) The state treasurer shall calculate the impact percentage score for each hub city by summing the following:
- [1] The percentage of mining, quarrying, and oil and gas extraction employment relative to the total employment of all industries in the county in which the hub city is located, based on the most recent annual data for all ownership types compiled by job service North Dakota in the quarterly census of employment and wages, multiplied by forty-five hundredths;
  - [2] The average of the percentage of mining, quarrying, and oil and gas extraction employment relative to the total employment of all industries in each county for all the counties in the human service region in which the hub city is located, based on the most recent annual data for all ownership types compiled by job service North Dakota in the quarterly census of employment and wages, multiplied by fifteen hundredths;
  - [3] The percentage of establishments engaged in mining, quarrying, and oil and gas extraction relative to the total establishments of all industries in the county in which the hub city is located, based on the most recent annual data for all ownership types compiled by job service North Dakota in the quarterly census of employment and wages, multiplied by one-tenth;
  - [4] The percentage of oil production in the human service region in which the hub city is located relative to the total oil production in all the human service regions with hub cities, based on the most recently available calendar year data compiled by the industrial commission in a report on the historical barrels of oil produced by county, multiplied by one-tenth;
  - [5] The percentage change in population from five years prior for the hub city, based on the most recent actual or estimated census data published by the United States census bureau, multiplied by one-tenth; and

[6] The percentage change in population from five years prior for the county in which the hub city is located, based on the most recent actual or estimated census data published by the United States census bureau, multiplied by one-tenth.

(c) For purposes of this paragraph, "human service region" means the areas designated by the governor's executive order 1978-12 dated October 5, 1978.

(3) The state treasurer shall distribute, to the hub city school district funding pool, the monthly amount needed from each county to provide nine hundred thousand dollars per fiscal year for the allocations under this paragraph.

(a) The state treasurer shall allocate monthly amounts from the hub city school district funding pool to provide a combined total of three million dollars per fiscal year to all the hub city school districts, which includes the two million one hundred thousand dollars under paragraph 2 of subdivision b of subsection 2 and the nine hundred thousand dollars under this paragraph. The monthly allocation to each hub city school districts must be proportional to each hub city school district's impact percentage score, including fractional percentage points rounded to the nearest tenth of a percent, relative to the combined total of all the hub cities' impact percentage scores.

(b) For the purpose of determining the impact percentage score for each hub city school district, the state treasurer shall use the same impact percentage score as the corresponding score calculated for each hub city in paragraph 2.

(4) The state treasurer shall distribute, to the supplemental school district funding pool, the monthly amount needed from each county to provide for thirty percent of the total allocations under this paragraph. To each county that received more than five million dollars but less than thirty million dollars of total allocations under subsection 2 in the most recently completed even-numbered fiscal year before the start of the biennium, the state treasurer shall allocate a monthly amount from the supplemental school

district funding pool which will be added to the distributions to school districts under paragraph 2 of subdivision b, as follows:

- (a) To each county that received more than five million dollars but not exceeding ten million dollars of total allocations under subsection 2 in the most recently completed even-numbered fiscal year before the start of the biennium, the state treasurer shall allocate a monthly amount that will provide a total allocation of one million five hundred thousand dollars per fiscal year. The allocation must be distributed to school districts within the county pursuant to paragraph 2 of subdivision b.
- (b) To each county that received more than ten million dollars but not exceeding fifteen million dollars of total allocations under subsection 2 in the most recently completed even-numbered fiscal year before the start of the biennium, the state treasurer shall allocate a monthly amount that will provide a total allocation of one million two hundred fifty thousand dollars per fiscal year. The allocation must be distributed to school districts within the county pursuant to paragraph 2 of subdivision b.
- (c) To each county that received more than fifteen million dollars but not exceeding twenty million dollars of total allocations under subsection 2 in the most recently completed even-numbered fiscal year before the start of the biennium, the state treasurer shall allocate a monthly amount that will provide a total allocation of one million dollars per fiscal year. The allocation must be distributed to school districts within the county pursuant to paragraph 2 of subdivision b.
- (d) To each county that received more than twenty million dollars but not exceeding twenty-five million dollars of total allocations under subsection 2 in the most recently completed even-numbered fiscal year before the start of the biennium, the state treasurer shall allocate a monthly amount that will provide a total allocation of seven hundred fifty thousand dollars per fiscal year. The allocation must be distributed

1 to school districts within the county pursuant to paragraph 2 of  
2 subdivision b.

3 (e) To each county that received more than twenty-five million dollars but  
4 not exceeding thirty million dollars of total allocations under  
5 subsection 2 in the most recently completed even-numbered fiscal  
6 year before the start of the biennium, the state treasurer shall allocate  
7 a monthly amount that will provide a total allocation of five hundred  
8 thousand dollars per fiscal year. The allocation must be distributed to  
9 school districts within the county pursuant to paragraph 2 of  
10 subdivision b.

11 b. After the distributions in subdivision a, each county's remaining revenues must be  
12 distributed as follows:

- 13 (1) Sixty percent must be distributed to the county treasurer and credited to the  
14 county general fund.
- 15 (2) Five percent must be distributed proportionally to school districts within the  
16 county on the average daily attendance distribution basis for kindergarten  
17 through grade twelve students residing within the county, as certified to the  
18 state treasurer by the county superintendent of schools. However, a hub city  
19 school district must be omitted from distributions under this subdivision.
- 20 (3) Twenty percent must be distributed to the incorporated cities of the county. A  
21 hub city must be omitted from distributions under this subdivision.  
22 Distributions among cities under this subsection must be proportional based  
23 upon the population of each incorporated city according to the last official  
24 decennial federal census. In determining the population of any city in which  
25 total employment increases by more than two hundred percent seasonally  
26 due to tourism, the population of that city for purposes of this subdivision  
27 must be increased by eight hundred percent.
- 28 (4) Four percent must be allocated among the organized and unorganized  
29 townships of the county. The state treasurer shall allocate the funds  
30 available under this subdivision among townships in proportion to each  
31 township's road miles relative to the total township road miles in the county.

The amount allocated to unorganized townships under this subdivision must be distributed to the county treasurer and credited to a special fund for unorganized township roads, which the board of county commissioners shall use for the maintenance and improvement of roads in unorganized townships.

(5) Nine percent must be distributed among hub cities. The state treasurer shall distribute the funds available under this subdivision in proportion to the amounts the hub cities receive under paragraph 2 of subdivision a.

(6) Two percent must be distributed among hub city school districts. The state treasurer shall distribute the funds available under this subdivision in proportion to the amounts the hub city school districts receive under paragraph 3 of subdivision a.

(7) For purposes of this subsection, "fiscal year" means the period beginning September first and ending August thirty-first of the following calendar year.

**SECTION 2.** A new section to chapter 57-51 of the North Dakota Century Code is created and enacted as follows:

**Energy impact grant fund - State treasurer - Continuing appropriation - Report.**

1. There is created in the state treasury the energy impact grant fund. The fund consists of all moneys allocated to the fund under section 57-51-15. All moneys in the fund are appropriated to the state treasurer on a continuing basis for energy impact grants to hub cities.
2. Within forty days after the fund receives its statutory limit of oil and gas tax allocations for a fiscal year under section 57-51-15 or by August thirty-first of each year, whichever is earlier, the state treasurer shall distribute moneys in the fund for grants to hub cities as follows:
  - a. Seventy and thirteen hundredths percent of the amount under this subsection to Williston;
  - b. Nineteen and ninety-four hundredths percent of the amount under this subsection to Dickinson; and
