RE: HCR3032

Dear members of the 69th Legislative Assembly of North Dakota,

I am a resident of Fargo, ND. Please, accept the below as my testimony IN FAVOR of HCR3032, a concurrent resolution “to create and enact a new section to article XI of the Constitution of North Dakota, relating to the minimum wage.”

My explanation to this is very short. It is just about time. I want my neighbors to have a living wage or at least a bit closer to a living wage than they currently have. Everybody who works deserved the ability to pay their bills.

I highly recommend a DO PASS vote.

As in all my testimonies, I much appreciate the hard work and dedication that each member of my state legislative assembly puts into our state. Thank you.

Sincerely and respectfully Birgit Pruess,
Ph.D.
