

Yes on SB 2307

Dear Representatives,

I am writing to you to ask you to vote yes on SB 2307.

- The public libraries should not be a place for sexual material to be accessed by minors.
- Parents should not have to worry about what their children might see at a public library, accidental or not.
- I should not have to cover my children's eyes in a public library.
- The person responsible for displaying sexual material should face punishment, just as a person would for sharing sexual content digitally with a minor.

Please pass SB 2307 for the protection of our children.

Thank you,

Carmen Troutman

District 23
