

Chairman and Committee Members,

I am writing to express my strong support for Senate Bill 2317. Townships should have the authority to control their own zoning, ensuring that decisions about land use are made at the local level by those directly impacted.

Landowners and residents deserve the opportunity to be involved in shaping the future of their communities. SB 2317 empowers townships to make zoning decisions that best reflect the needs and values of their residents.

I respectfully urge your support for this important bill. Thank you for your time and consideration.

Respectfully,  
Debra Wald
