

**Do Pass Testimony
of Doug Sharbono, citizen of North Dakota
on HB1450
in the Sixty-ninth Legislative Assembly of North Dakota**

Dear Madame Chair Lee and members of the Senate Human Services Committee,

I am writing as a citizen and believe HB1450 is much needed legislation. This legislation provides needed medical information to parents of minor children so they can make decisions on the medical care of their minor child. This seems like it is the way things currently are and should be. It is not. Currently, medical providers can withhold information from the parent, and the parent has no clue in how to make the necessary decisions. Let's get the law in line with the demands of parenting and have it actually support real parenting.

Please give HB1450 a Do Pass.

Thank you,

Doug Sharbono
