

**Do Pass Testimony
of Doug Sharbono, citizen of North Dakota
on HB1391
in the Sixty-ninth Legislative Assembly of North Dakota**

Dear Chairman Barta and Members of the Senate Industry and Business Committee,

I am writing as a citizen and believe HB1391 is much needed legislation that will simply protect those who wish not to participate in mandated shots, vaccinations, and other procedures. I ask for a Do Pass on HB1391.

North Dakota citizens have undergone an absolute disaster in terms of the handling of the COVID-19 pandemic. As I casually look around, I see far, far worse health after the mandated shots than before. Unusually high death rates, unusually high cancer rates, unusually high autoimmune disorder rates, unusually high RSV rates, and unusually high sudden onset blindness are just a few of the poor health conditions I see in the community around me following the COVID-19 injections. As a result, we need some safeguards. HB1391 gives us this that protection.

Please give HB1391 a Do Pass. Thank you,

Doug Sharbono
