

Senate State and Local Government Committee

I am in favor of HB1583. During our political campaign season we have to listen to the lies in these political ads in order for the candidates to get elected, where is the character and integrity. Also the lies told about vote yes on measure 4 and our courts have ruled that is your political free speech. The ND corrupt practices act or the federal hatch act you cannot lobby for or against any initiated measure. Please vote YES on HB1583

Thankyou Doug Pearson
