- 1 A BILL for an Act to amend and reenact section 51-07-29 of the North Dakota Century Code,
- 2 relating to motor vehicle warranty work compensation.

3 BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

- 4 SECTION 1. AMENDMENT. Section 51-07-29 of the North Dakota Century Code is 5 amended and reenacted as follows:
- 6 51-07-29. Warranty work compensation.
- 7 A motor vehicle manufacturer or distributor shall include reasonable 8 compensation for diagnostic work, as well as repair service, parts, and labor, in-9 warranty work compensation. In addition, a motor vehicle manufacturer shall-10 provide adequate time allowances for diagnosis and performance of warranty 11 work and service for the work performed. The hourly labor rate paid by a motor 12 vehicle manufacturer to the dealer for warranty services mayreasonably 13 compensate its dealers for labor and parts provided by the dealer in connection 14 with the following manufacturer or distributor sponsored, issued, or required 15 items: 16
 - (1) <u>Predelivery preparation.</u>
 - <u>Installation of accessories or components required by the manufacturer or</u> <u>(2)</u> distributor to be installed before the sale of a vehicle to a consumer.
- 19 Diagnostic work not otherwise compensated. <u>(3)</u>
- 20 <u>(4)</u> Maintenance programs.

1		<u>(5)</u>	Extended warranty.
2		<u>(6)</u>	Certified preowned warranty.
3		<u>(7)</u>	Service contracts.
4		<u>(8)</u>	Parts exchange programs.
5		<u>(9)</u>	Recall, goodwill, and warranty work performed by the dealer.
6	<u>b.</u>	Rea	sonable compensation for labor for the services identified in
7		sub	division arecall and warranty may not be less than the average retail rate
8		cha	rged by the dealer for like service to nonwarranty customers for nonwarranty
9		ser	vice as provided under subsection 5. A motor vehicle manufacturer may not
10		reim	nburse a dealer for parts used in the performance of warranty repair at a lower
11		rate	multiplied by the time guide used by the dealer for nonwarranty customer-
12		paic	service repair orders. To establish a time guide, a dealer shall provide
13		writt	ten notice to the manufacturer or distributor with the name of the time guide
14		the	dealer uses. The manufacturer or distributor may not require the dealer to
15		pro\	vide any other information to establish the time guide the dealer uses. If no
16		<u>time</u>	e guide exists for a warranty repair, compensation for warranty labor must
17		<u>equ</u>	al the dealer's average retail rate multiplied by the time spent to complete the
18		repa	air, and may not be less than the time charged to a retail customer for the
19		san	ne or similar work provided, provided the rate is reasonable. A
20		<u>dea</u>	lermanufacturer or distributor shall use time allowances for the diagnosis and
21		perf	ormance of work and service which are reasonable and adequate for a
22		<u>qua</u>	lified technician to perform the work or services. If a dealer submits a written
23		requ	uest for additional time allowance for either diagnostic or repair work on a
24		spe	cific vehicle and provides all information or documentation reasonably
25		requ	uired by the manufacturer or distributor to assess the merits of the dealer's
26		requ	uest, then there is a rebuttable presumption that the dealer's request is
27		reas	sonable, and a manufacturer or distributor may not deny the request without
28		pro\	viding a written explanation for the denial. If a dealer submits a written request
29		for r	modification of a manufacturer's uniform time allowance for a specific
30		war	ranty repair and provides all information and documentation reasonably
31		requ	uired by the manufacturer or distributor to assess the merits of the dealer's

- the denial is reasonable and includes a written explanation for the denial.

 Reasonable compensation for parts for the services identified in subdivision a may not be less than the average retail rate customarily charged by the dealer for these parts as provided under subsection 4, provided the rate is reasonable.
- 2. A dealer shall submit a claim for reimbursement for services within ninety days from the completion of the services identified in subdivision a of subsection 1. A motor vehicle manufacturer or distributor shall pay a dealer on a claim made by a dealer under this section within thirty days of the approval of the claim. The manufacturer or distributor shall either approve or disapprove a claim within thirty days after the claim is submitted to the manufacturer or distributor. The manufacturer or distributor may prescribe the manner in which and the forms on which the dealer must present the claim. A claim not specifically disapproved in writing within thirty days after the manufacturer or distributor receives the claim must be construed to be approved and the manufacturer or distributor shall pay the claim within thirty days. If a manufacturer or distributor disapproves a claim in writing within thirty days, the manufacturer or distributor shall contemporaneously provide the dealer with a detailed written explanation of the reason the claim was disapproved. The dealer has thirty days from the receipt of the disapproval to resubmit a corrected claim.
- 3. A motor vehicle manufacturer, factory branch, or distributor, or distributor branch shall fully compensate its motor vehicle dealers licensed in this state for warranty parts, work, and service and labor specified in this section. Failure to fully compensate includes a reduction in the amount due under this section to the dealer or imposing a separate charge, surcharge, or other imposition by which the motor vehicle manufacturer, factory branch, or distributor, or distributor branch seeks to recover the costs of complying with this section from the dealer.
- 4. The retail rate customarily charged by the dealer for parts is established by the dealer submitting to the manufacturer or distributor one hundred sequential nonwarranty customer-paid service repair orders that contain warranty-like parts or ninety consecutive days of nonwarranty customer-paid service repair orders that contain warranty-like parts, whichever is less, covering repairs made no more than one

1 hundred eighty days before the submission and declaring the average percentage 2 markup. 3 5. The retail rate customarily charged by the dealer for labor must be established using 4 the same process as provided under subsection 4 and declaring the average labor 5 rate. The average labor rate must be determined by dividing the amount of the 6 dealer's total labor sales by the number of total hours that generated those sales. If a 7 labor rate and parts markup rate are simultaneously declared by the dealer, the dealer 8 may use the same repair orders to complete each calculation as provided under 9 subsection 4. 10 In calculating the retail rate customarily charged by the dealer for parts and labor as 11 provided in subsections 4 and 5, the following work may not be included in the 12 calculation: 13 Repairs for manufacturer or distributor special events, specials, or promotional 14 discounts for retail customer repairs; 15 b. Parts sold at wholesale; 16 Parts or labor used in manufacturer or distributor sponsored programs that C. 17 restrict the pricing for repairs; 18 <u>d.</u> Routine maintenance not covered under any retail customer warranty, including 19 fluids, filters, and belts not provided in the course of repairs; 20 Nuts, bolts, fasteners, and similar items that do not have an individual part <u>d.e.</u> 21 number; 22 Tires e. 23 Replacement or work on tires, including wheel or tire rotations or balancing, or <u>f.</u> 24 replacements of brakes, including brake drums, rotors, shoes, or pads; and 25 <u>f.g.</u> Vehicle reconditioning.; 26 Alignments, unless necessary as part of a mechanical repair; <u>h.</u> 27 Batteries, other than electric vehicle or hybrid vehicle propulsion batteries; <u>i.</u> 28 Repairs of a motor vehicle owned by the dealer or an employee of the dealer; Ĺ. 29 Installation of accessories: k. 30 Repairs to or with aftermarket parts; and <u>l.</u>

The There is a rebuttable presumption that the average of the parts markup rates <u>a.</u> 4 and labor rate calculated under subsections 4 and through 6 is presumed to be-5 fair and reasonable, and must go into effect thirty days following the 6 manufacturer's approval receipt of the submission subject to the manufacturer or 7 distributor's ability to contest the rate as provided in this subsection. The motor 8 vehicle manufacturer or distributor may not issue more than one notice to the 9 dealer contesting any declared labor rate or parts markup, and may not add to, 10 expand, supplement, or otherwise modify any reason for contesting the declared 11 rate or parts markup. A manufacturer or distributor may contest the material 12 accuracy of the rate calculated under subsection 4 through 6 or rebut the 13 presumption in this subsection by reasonably-substantiating that a rate is 14 unreasonable in light of the practices of all other franchised motor vehicle dealers-15 in an economically similar area of the state offering the dealer's declaration of the 16 same line-make vehicles, not later than thirty days after submission.
