Re: HB 1119 – In Support

Chairman Wobbema and Members of the Senate Workforce Development Committee,

Thank you for the opportunity to support HB 1119 on behalf of the North Dakota Alliance of YMCAs. This study aligns with the YMCA's commitment to high-quality child care, workforce stability, and community well-being. A strong partnership between providers and the state is critical to supporting workforce and youth development.

As North Dakota's largest child care provider, YMCAs serve over 3,200 children in licensed facilities across Bismarck, Grand Forks, and Fargo. Child care is essential to family economic stability and North Dakota's workforce, with 78% of families having both parents working outside the home.

Last biennium, the state made historic investments in child care, including support for working families struggling with costs to infrastructure and quality-related grants through the Department of Health and Human Services. Unique programs like the child care worker benefit program have helped YMCAs recruit and retain staff. However, providers still face financial strain, especially in infant and toddler classrooms (ages 0-3), where tuition alone does not cover costs.

This study will help lawmakers assess child care availability, affordability, and quality. It will support data-driven investments in child care infrastructure. It will engage providers and promote dialogue with the department on important licensing, funding, and policy enhancements.

The YMCAs look forward to participating in this conversation and continuing to work with the state to ensure a strong, sustainable child care system that supports families, providers, and North Dakota's workforce. Thank you for your consideration.

THE HIDDEN FOUNDATION OF OUR ECONOMY

CHILD CARE

Affordable and enriching child care is the hidden foundation of North Dakota's economy.

Without it, parents' ability to work outside of the home is dramatically limited. Preschoolers enter the classroom at an academic disadvantage, which widens the opportunity gap. And without it, elementary students spend out-of-school hours lacking structure, guidance and positive role models.

With your help, we can address these challenges and build future generations of North Dakotans from a solid foundation.

THE CHALLENGE IN NORTH DAKOTA

2nd Highest Labor Force

Participation Rate in the United States,** making it **a struggle to recruit and retain skilled workers**. Workers who are caring for our most precious possessions: our children.

Two-Generation Workforce

Childcare is a two-generation workforce issue—crucial for our workforce of today and workforce of tomorrow. Only qualified, caring people help build this next workforce. Not machines, animals or Ai.

Childcare Barrier

New residents to the state can help North Dakota thrive. However, childcare is often the barrier that stands between success and stagnation. Additional funding can help bring workforce solutions.

A SOUND INVESTMENT

There is no other non-profit like the YMCA. By investing in North Dakota's YMCAs and Child Care, you are helping to secure the future of our economy and workforce. Here's how:

- ▶ Enhanced curriculum in Y programs to meet future ND workforce demand
- ▶ Additional YMCA child care staff to increase capacity
- ▶ More efficient recruitment of employees such as faster and more accurate background checks
- ▶ Upgraded practices, equipment and facilities to ensure safety and health of children and staff

I am very thankful for everything that the YMCA has done for me and Kalani. Because of the Y, I didn't have to choose between rent and childcare. I have no doubt that Kalani will be ready for school thanks to all of the help from the Y.
