STATE OF NORTH DAKOTA
OFFICE OF ATORNEY GENERAL
BISMARCK

February 19, 1927.

Hon. Gordon Cox, Chairman,
Judiciary Committee,
State Capitol.

Dear Sir:—

OPINION

Your committee has asked for the opinion of this office relative to the constitutionality of House Bill No. 195, which appropriates money for the purpose of making refunds to purchasers of tax certificates upon state land. This is but a duplication, in different form, of Chapter 324, Session Laws 1923. That being true, it is entirely unnecessary and could serve no purpose relative to any taxes since March 6, 1923, that being when Chapter 324 went into effect.

The only question then remaining is as to its validity insofar as it provides for the refund of such taxes purchased prior to March 6, 1923.

Such taxes were purchased under specific statutes defining the rights acquired by the purchaser at such sale. The purchaser, therefore, obtained by such purchase whatever the law represented that he would receive by virtue thereof, and such purchase was made by the purchaser of his own free will, without compulsion, fraud or misrepresentation on the part of the county or the state. I notice in the bill that it states that the tax sales certificates erroneously state that the purchasers were entitled to tax deed unless redemption should be made within three years. It would probably be contended that this is a form fraud. However, one must bear in mind that the certificate is not issued until after the purchase is made and that when the purchaser makes his bid, he has no reason to expect that such a certificate will be issued. The purchaser has deliberately invested his money in such a certificates in the same manner as a farmer who has invested his money in seed and other expenses, expecting to reap a harvest. If the crop fails and an appropriation is made to reimburse the farmer, it would be contended that it was a donation. Section 185 of the Constitution of this state, as amended by Article 32, prohibits the state from loaning or giving its credit or making donations to or in aid of any individual, association or corporation except for reasonable support of the poor. House Bill No. 195 clearly provides that the State shall donate to certain tax certificate holders a sum equal to the amount which they have lost through bad investment. Insofar as this bill relates to taxes purchased by certificate holders prior to March 6, 1923, it is in violation of said Section 185, as amended, of the Constitution.

Very truly yours,
JOHN THORPE,
First Assistant Attorney General.

OFFICE OF THE GOVERNOR

February 21, 1927.

VETO.

To the House of Representatives of the
State of North Dakota:

I herewith return House Bill No. 69 without my approval. This bill as presented is an act to amend and re-enact Section 189c6 of the Supplement to the Compiled Laws of 1913, relating to insurance on municipally owned property, and I disapprove of it for the following reasons:

This bill, among other things, provides that counties, cities, towns, villages or school districts may withdraw Class One properties from insurance with the State Fire Insurance Department. Why did not this bill include properties in Class Two and Class Three?

Our State Insurance Department has approximately \$1,000,000 in surplus funds. In eight years more it will have approximately \$2,000,000 surplus. It has been conservatively estimated that this money placed at four per cent will earn sufficient revenue to take care of premiums on property belonging to the state or political subdivisions of the state, so that counties, cities, school districts or other subdivisions of the state would not be required to pay premiums on their properties insured with the state department. At such time the counties, cities and school districts, or other subdivisions would be glad to come back to the state for protection; but if they have not participated during the intervening period they would have no moral right to ask to be insured by the state.

The insurance lobby that has been working in Bismarck during this session for or against bills, should be sufficient reason in itself why all insurance laws should be left as they are at present. I have, therefore, vetoed House Bill No. 69.

Very truly yours,
A. G. SORLIE,
Governor.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF THE STATE OF NORTH DAKOTA:

Section 3753. Extension of Limits. Any city or village in this state may so extend its boundaries as to increase the territory within the corporate limits thereof, not to exceed one-fourth of its area, by a resolution by the City Council or Board of Village Trustees passed by two-thirds of the entire members elect, particularly describing the land proposed to be incorporated within the city or village limits, and setting forth the boundaries thereof; Provided, however; that when any city or village in this State is or shall be separated into two parts not contiguous at any point, the strip of unin-

Provided, however; if a greater portion of said territory proposed to be annexed consists of lands used exclusively for farming or pasturing purposes it shall not be annexed. Any person feeling aggrieved may appeal from the action of the city council or board of village trustees within ten days from the date thereof by filing in the District Court of the county wherein such city or village is situated, notice of appeal, and stating therein the grounds upon which the same is based. The appeal shall be heard and determined by the District Judge. A copy of such appeal shall be served upon the proper officers of the city or village. The District Judge shall designate a time and place for the hearing of such appeal. At such time and place the District Judge shall hear the evidence for or against such annexation and render his decision accordingly".

And when so amended recommend the same do pass.

Mrs. Craig explained her vote and asked that her remarks be recorded:

Mr. Speaker: I vote "no". I am absolutely opposed to City Fair Appropriations of every sort. The State as a whole receives no benefit from these appropriations. These Fairs are the schemes of business firms to increase their incomes under pretense of doing something to help the farmers. Inasmuch as the commercial club members reap great profits through increased sales, those receiving the profits should pay the bills. I vote "no".

Mr. Ferris explained his vote and asked that his remarks be recorded:

I vote "aye" on these regional state fairs. I am only sorry there isn't more appropriated for the boys' and girls' clubs.

Mr. Worner explained his vote and asked that his remarks be recorded:

I voted against this bill two years ago. Last year when the fair was held in Fargo we nearly had to lock up our place of business because all the people went to Fargo. A great many of our boys went down there with calves and hogs and stuff, so I began to think the Fair was a good thing for our state. I am going to vote "aye" for this bill.

Upon request the House reverted to the Fifth Order of Business.

I vote "no" on this bill because it carries an appropriation of \$225,000.00 for a new building. I have on my desk a copy of the Government report for 1926 which reads:

Valuation of grain raised in North Dakota in 1926 is 32% less than in 1925. Valuation of livestock on farms January 1, 1927, is \$6,393,000.00 less than January 1, 1926.

On the face of such conditions, Mr. Speaker, I cannot vote for an extension of any building program. I vote "no".

Mr. McCay explained his vote and asked that his remarks be recorded:

I vote "no" on this for the reason that if the Grand Forks and Fargo Colleges keep on asking for more appropriations it will only be a few years until the people of the State of North Dakota will be through paying taxes. Therefore, I vote "no".

Mr. Watt moved that the vote by which House Bill No. 363 was passed be reconsidered and the motion to reconsider be laid on the table.

Which motion prevailed.

Mr. Lee explained his vote and asked that his remarks be recorded:

I vote "no" on this bill because the majority party of this house the other day passed appropriations for \$420,000.00 for new buildings at the University and at the A. C. School in Fargo. By this action, Mr. Speaker, the general fund has been depleted and now this bill, if passed, will reimburse said fund to the extent of \$100,000.00. This money, Mr. Speaker, is set up by the people of our state for an entirely different purpose. Therefore, I vote "no".

Mr. McCay explained his vote and asked that his remarks be recorded:

I vote "no" on this Bill for the reason that I do not want the bridge fund depleted because I want a bridge at Fort Yates in two years from now. I vote "no".

Mr. Streich explained his vote and asked that his remarks be recorded:

I vote "aye" on this bill for several reasons.

First, I think it is proper to transfer the money from the Bridge Fund into the General Fund owing to the fact that we need it.

Second, the Leaguers won't have to come back in two years and fight over this money.

Mr. Thompson of Burleigh explained his vote and asked that his remarks be recorded:

The Governor was on the Budget Board and recommended more money than we can possibly get in any other way, and, therefore, I am in favor of taking some money from one fund and putting it in another. I vote "aye".

Mr. Watt explained his vote and asked that his remarks be recorded:

I vote "aye" because the House has passed other appropriation bills, including one for the Mandan Training School and another for the Insane Asylum. This money was going to lie idle in the Bridge Fund for the next two years.

"the price of wheat in 1919 and 1920 upon relative price level with that which was guaranteed and maintained during the period of the actual continuance of the operations of the World War.

And Further, that the Federal Government neglected to redeem its implied promise to so do.

And Further, the market price for wheat for the said years dropped considerably below the minimum price guaranteed by the Federal Government through the Federal Grain Corporation, and that by reason thereof the wheat farmers of the United States sustained tremendous losses on account of the said reduction and price.

Further, that the cost of the production of the 1919 and 1920 wheat crop was vastly enhanced by reason of the scarcity of labor and the consequent high prices paid therefor, and the high prices prevailing for all implements, machinery and supplies necessarily used by the wheat farmers of the United States in the production of the said 1919 and 1920 crops.

And Whereas, the said United States or Federal Grain Corporation closed out and ceased its operations with a large surplus in the treasury, which said surplus represented profits realized by the said Federal Grain Corporation during the period of the war when it operated and enjoyed a complete monopoly of the wheat markets of the United States, and through said power and influence it exercised a dominant power over the markets of the world; and that in justice and equity the said surplus belongs to the wheat growers of the United States of America;

Whereas, the Federal Government after the close of the World War and the termination of its contract with the manufacturers of war materials and supplies, many such manufacturers were settled with and paid large sums as a remuneration for losses sustained on account of the contract relation existing between the Federal Government and the said manufacturers.

Whereas Further, the Federal Government settled with paid claims of the railroads and transportation companies with which it had contracts either expressed or implied, for the transportation of war material, soldiers, sailors, and so forth, and that large sums were paid to said transportation companies in settlement of claims which they presented to the Federal Government, many of which claims were not covered by express contracts.

Whereas, the Federal Government during the period of war, by its rules and regulations assumed to dictate and control the production acreage of wheat grown in the United States during the period of actual hostilities, and for the years 1919 and 1920, being the reconstruction period after the war; and in consequence thereof an implied contract arose between the wheat growers and the Federal Government, and the wheat growers relied upon the said implied contract and in justice and right should be remunerated for their losses in a sum not less than a price guaranteed by the Federal Government for wheat during the period of hostilities;

Whereas, the Federal Government realized a profit at the expense of the wheat grower and that the wheat grower in good faith complied with all the rules, regulations and requests of the Federal Government. It is the sense of the Senate and House of Representatives of the State of North Dakota that in justice and equity Congress should take full cognizance of these millions of dollars now in the National Treasury, so retained and belonging to the Wheat Growers of the United States; that this money should be made available to use in any manner required in connection with Legislation which should be enacted at the earliest possible date, establishing for the grower of wheat in the United States, a price for his product, based upon American standards of living and cost.

Further, that a copy of this resolution be prepared by the Secretary of State of the State of North Dakota and forwarded to the President and Vice President of the United States, and to each Senator and member of the House of Representatives from the State of North Dakota.

And recommend that action on this bill be deferred.

Also, Mr. Speaker, the Committee of the Whole have had under consideration:

Senate Bill No. 103. A Bill For an Act to Amend and Re-enact Section 7297 of the Supplement to the 1913 Compiled Laws of North Dakota, Relating to Holidays.

And recommend the report of the standing committee be approved as to the amendment in line 13 of the body of the bill by striking out the word "in" and inserting in lieu thereof the word "about".

And the further amendment:

Provided, however, that nothing in this Act contained shall be construed to prevent the holding of legislative

sessions or the taking of final action on any legislative matter upon any of the aforesaid holidays, other than Sundays, and provided further, that any action heretofore taken upon any legislative matter upon any such holiday be and the same is hereby declared to be valid and legal for all purposes.

And when so amended recommend the same do pass.

Also, Mr. Speaker, the Committee of the Whole have had under consideration:

Senate Bill No. 166. A Bill For an Act to Amend and Re-enact Section 10322a28 of the Supplement to the Compiled Laws 1913, and Repealing Section 10322a29 of the Supplement to the Compiled Laws 1913.

And recommend the adoption of the Standing Committee's amendment, as follows:

In the printed bill on line 10 after the word "shall" strike out balance of line 10 and 11 and insert in lieu thereof "constitute an Act of Trespass, and shall be subject to the penalties thereof".

And when so amended, recommend that the same do pass.

Very respectfully,

MOTIONS AND RESOLUTIONS

CONCURRENT RESOLUTION

(Introduced by Freeman)

Be it Resolved by The House of Representatives of the State of North Dakota, the Senate Concurring Therein, That

Whereas, Section 7 of Chapter 163 of the Session Laws of 1925, provides in part, as follows:

"The Governor, as Manager of the affairs of the Association, shall cause a complete record to be kept of all its transactions, and such records shall show, at all times, all the liabilities and assets of such Association, and the current value, of all land and other property owned. It shall also show purchases made for the plant account, or money received from the sale of plant equipment and property, all disbursements for expenses and for the purchase of supplies of every kind, and all receipts from sales. An inventory, showing current costs and values shall be taken during June and December of each year, and on the first day of July and January of each year, a statement shall be prepared under the direction of the Governor, and filed with the Industrial Commission, showing in a detailed and itemized manner, the condition of the business and the results of operation during the preceding six months period, and in the making and procuring of such statements, the Governor may demand the services of the Auditor, or may entirely disregard him, and cause such statement to be otherwise

made. The Governor, as Manager of the Association, shall also make a detailed report of its transactions, with inventories as of December 31st of each year, and shall file the same with the Industrial Commission not later than the first day of the following February, which report shall be printed and copies thereof be delivered to the State Board of Audit and all Members of the Legislature". and

Whereas, the Governor has failed and neglected to file with the Industrial Commission any statement or inventory for the three six months periods ending December 31, 1925, June 30, 1926 and December 31, 1926, as directed by Section 7 of Chapter 163 of the Session Laws of 1925, and has failed to file printed copies of such statements and inventories, for the years ending December 31, 1925 and December 31, 1926, with the State Board of Audit and all Members of the Legislature; and

Whereas, the Governor, in the preparation of the reports required of him by law, has elected not to avail himself of the services of the Auditor, employed by the Industrial Commission in compliance with paragraphs B. and C. of Section 6, Chapter 163, Session Laws of 1925, but on the contrary has employed one F. F. Burchard, of Grand Forks, N. D., for the ostensible purpose of preparing such audit reports and inventories, and has caused to be paid said Burchard, from the funds of the State Mill & Elevator Association, the sum of \$8,814.10, for the eighteen months period preceding December 31, 1926, and,

Whereas, the audit reports prepared and filed by Mr. K. C. Nelson, Auditor for the Industrial Commission, and Mr. O. B. Lund, Auditor and Accountant employed by the State Board of Auditors, (both reports being in possession of the Governor and also available to all Members of the Legislature) disclose a total deficit at the Mill and Elevator of over \$1,253,000.00 as of December 31, 1926, \$617,550.56 of which accrued during the past biennium, being \$188,403.05 for the year 1925, and \$429,147.51 for the year 1926, and,

Whereas, in his inaugural address delivered to the Twentieth Legislative Assembly on January 4th, 1927, the Governor, commenting upon the financial results of the State Mill & Elevator for the years of 1925 and 1926, made the following statement:

"The State Mill & Elevator, now becoming better known as a State Laboratory for our basic product, hard spring wheat, while not paying interest on the investment of \$4,500,000 showed an operating profit of \$143,000 for the year 1925, amounting to about 3½ per cent on the capital invested. It is too early to make any report for 1926. This industry is working out in a splendid way by helping to merchandise our Grain."

That at the time such inaugural address was delivered, the Governor had in his possession the regular monthly audit

reports on the financial condition of the State Mill & Elevator, prepared by the Industrial Commission's Auditor and delivered to him at thirty day intervals for the months of January to November, 1926, inclusive, disclosing an actual deficit for the eleven months period ending November 30th, 1926, of \$363,516.75, which facts were also a matter of common knowledge thru Press reports, and that the Governor, while having such official reports in his possession showing said deficit for eleven months of the year 1926, has failed and neglected, either thru his inaugural address or otherwise, to communicate such information to this Assembly.

Now, Therefore, Be It Resolved, That the Governor be requested to forthwith file with the Industrial Commission and this Assembly the statements and inventories required by law for the three six month periods ending December 31, 1925, June 30, 1926 and December 31, 1926, "showing in a detailed and itemized manner the condition of the business (of the Mill & Elevator Association) and the results of operation," to the end that the Industrial Commission may have the data and information which should have been furnished by the Governor, to make it possible for the Commission to deliver printed copies thereof "to the State Board of Audit and all Members of the Legislature", as required by law, which reports the Industrial Commission has been unable to make by reason of the failure and neglect of the Governor to file the required statements, and

Be it further resolved, that the Governor be requested to state to this Assembly the reasons why the deficit of the State Mill & Elevator for the year 1926 is more than \$240,000 in excess of that suffered during the year 1925; and that he advise this Assembly what prospects there may be, if any, of a better financial record for the ensuing two year period.

Mr. Twichell moved that the resolution be received and be printed in today's Journal, and that action on the resolution be deferred until the next legislative day under unfinished business.

Which motion prevailed.

Provided that in counties which are "excepted counties" as defined in Section 3 of this Act, no insurance upon any crop shall take effect until application has been made therefor. Provided that it shall be the duty of the assessor to show on the crop listing affidavit, in a space provided

therefor, the number of acres and kind of crop effected in the manner and form as above provided no diagramming of such crops shall be considered necessary. Provided further that where fields have been abandoned for one reason or another there shall be no claim allowed for any loss or damage to crops described in this Act. It is further provided that such lands owned by the Bank of North Dakota or held by such institution as agent for the State Treasurer as Trustee of the State of North Dakota, and lands held by the Board of University and School lands on foreclosed mortgages, and not resold, also such lands as such Board of University and School Lands has cancelled contracts for non-payment of taxes or other defaults shall not be considered insured with the Department except as provided in Section 24 of the Hail Insurance Law, and it shall be the duty of the State Land Commissioner and the Manager of the Bank of North Dakota to furnish the State Hail Insurance Department with a list of all such lands not later than June 10th of each year. Where counties and other subdivisions hold non-taxable lands it shall be the duty of the County Auditor to furnish the Hail Department with lists of such lands by the 10th of June of each year that proper cancellation of any erroneous listings may be effected.

Section 3. That Section 189b9 of the Supplement to the Compiled Laws 1913 be, and the same hereby is, amended and re-enacted to read as follows:

Section 189b9. It shall be the duty of every county and township assessor in his respective district at the time of listing property for assessment to return the number of tillable acres in every tract, parcel or subdivision of land, subject to taxation, together with the name of the person in whose name the land is taxed, and also the number of acres of such land, if any, in crop or to be sown or planted to crop during such year. He shall note upon a diagram on the crop listing blank the location of such land in crop or to be planted or sown to crop during such year and shall return and file the same with the County Auditor on or before the 1st day of June in each year. In case the number of acres in crop, as shown on the crop-listing affidavit in the column providing for showing such crop lands, does not correspond with the crop acreage shown on the diagram on the crop-listing affidavit, the number of acres as given in the cropped land column shall govern. Such Assessor, in addition to the compensation allowed by law, shall receive the sum of \$15.00 for every full township of thirty-six sections, or at the rate of seven cents per hundred acres or fraction thereof listed, whether tillable or not.

Provided that in "excepted counties", as defined herein, Assessors shall be paid a fee of twenty-five cents for each application for hail insurance returned by him, but such compensation shall not exceed 50% of the compensation allowable to Assessors in other than "excepted counties". Such compensation shall be paid out of the hail insurance fund on vouchers issued by the Commissioner of Insurance and approved by the State Auditing Board, provided that

warrants in payment of such listing of land and making such applications shall not be issued before the County Auditor shall have filed with the Hail Insurance Department a certified statement that such Assessor has listed every tract in his township or district. The assessor, county auditor and all officers, employees and servants of the State Hail Department, in the performance of all of their duties provided for in the State Hail Insurance Law, shall be conclusively deemed to be the agents of the State Hail Department and the law of waiver and estoppel shall operate against the State Hail Department as against a private individual or a private corporation. This act shall apply to all past and pending claims for crop losses by hail which have arisen subsequent to January 1st, 1925.

Provided however: In counties where 75% or more of the land returned by the Assessor as in crop, or to be sown to crop, is withdrawn for the year 1927, the Assessor shall not make return of land in crop or to be sown to crop, except that upon request of land owners or tenants he shall take applications for indemnity hail insurance of crops growing or to be grown upon any land otherwise eligible, for which such land owner or tenant, either individually or jointly, may make application, and which application shall be signed in triplicate by the party requesting such insurance and attested by the Assessor, whereupon such lands shall be listed and diagrammed on the crop-listing affidavit and returned as herein provided, together with the original and one duplicate copy of such application, the remaining duplicate copy to be redelivered to the applicant. Provided, that anyone listing and insuring crops with the assessor or the county auditor in "excepted counties" shall have all the privilege of withdrawal and reinstatement accorded to those whose lands are listed and assured in other counties. Such counties shall be known as "excepted counties" until such time as the land so listed for insurance upon application as aforesaid, shall equal twenty-five per cent of the land returned as in crop or to be sown or planted to crop in the year 1927, when they shall cease to be "excepted counties" and shall be no longer subject to this proviso. Provided further, that in any such reinstated counties should lands withdrawn in any subsequent year again exceed 75% per cent of the lands in crop or to be sown to crops, as returned by the Assessor for the year 1927, then and in that case such counties shall again be classified as "excepted counties".

It shall be the duty of the Insurance Commissioner each year, before the 15th day of February, to notify the Auditors of the several counties whether their respective counties are "excepted counties" or otherwise, and the Auditor shall thereupon cause notice of that fact to be published in the official paper once a week for four consecutive weeks and shall notify the Assessors in his county thereof.

Section 189b11. Every owner or his agent, or tenant or his agent, of any land subject to the provisions of this Act shall make affidavit that the land so insured is actually cultivated and in crop or intended to be cultivated and put into crop. Such affidavit shall contain a legal description of the land, together with the number of acres claimed as crop land and in case of any loss by hail such owner and tenant shall be bound by said affidavit as to the number of acres cropped. Such affidavit shall be made in triplicate and shall be sworn to before the Assessor. The Assessor shall file the original and one duplicate of such affidavit with the County Auditor on or before the 1st day of June of each year, and a copy of such affidavit shall be left with the maker and shall constitute his policy of insurance. If the owner or tenant, or their agents, be absent or refuses or neglects to furnish such affidavit, the Assessor shall certify the number of acres cropped, the description of said land, and the name of the owner and tenant, if any, and file the same with the County Auditor, and such owner and tenant shall be bound by such certificate as to the facts so certified. Provided, that if any Assessor shall neglect to list such land or shall list it improperly any such owner or tenant or their respective agents, may list such land with the County Auditor prior to June 10th of any year by making affidavits as above provided, the originals of such affidavits to be filed by the County Auditor with the Hail Insurance Department immediately. Any Assessor who shall neglect or fail to list any land in the township or district in which he is Assessor, as provided in this section, shall be guilty of a misdemeanor. Provided, that the Hail Insurance Department shall be liable for loss only on lands listed as provided in this Act.

Provided, however: In counties defined as "excepted counties" by section 189b9 of the Supplement to the Compiled Laws 1913, of this Act, the requirements of this section shall be limited to cases in which application is made for indemnity hail insurance as in said section provided for.

Provided, further, any land owner or tenant who fails to make application for insurance to the Assessor prior to June 1st of each year, or whose application therefor has for any reason been improperly made or returned, may make application for such insurance to the County Auditor at any time up to and including July 5th, in which event he shall make and file with such Auditor his affidavit that such crops have not been damaged or destroyed by hail prior to that time, and such application shall have the same effect as an application made to the Assessor as hereinbefore provided, but no insurance so applied for shall take effect until twenty-four hours after the receipt and filing of such application with the County Auditor.

Section 5. That Section 189b12 of the Supplement to the Compiled Laws of 1913 be, and the same hereby is, amended and re-enacted to read as follows:

Section 189b12. Any owner of land liable for the indemnity tax herein provided may at any time prior to June 10th of each year withdraw any portion or all lands owned by such

person from the levy of said hail indemnity tax upon making an affidavit in duplicate giving the legal description of the land, the number of acres withdrawn and if possible, the kind of crop so withdrawn and stating that he desires to withdraw therefrom, and filing such affidavit in duplicate with the County Auditor and the County Auditor shall immediately file a copy of the same with the Commissioner of Insurance. Such affidavit shall be sworn to before someone authorized to administer oaths. Provided that no assessor shall acknowledge affidavits of withdrawal. Should such owner wish to withdraw all of his lands subject to indemnity tax, then he should, if possible, surrender his copy of the crop-listing affidavit and file same together with the application for withdrawal with the County Auditor. Provided that if such land or any portion thereof is rented such owner shall procure the written consent to withdrawal of such tenant, such consent to appear on the same blank as the affidavit of withdrawal. Provided if land is leased for a money consideration, then the lessee, if he has full interest in the crops grown on the lands, may make affidavit as above provided and file with same copy of his lease or affidavit to the effect that he is cash tenant. Provided further, that withdrawal from hail indemnity tax may be cancelled and insurance reinstated at any time prior to July 10th by filing an affidavit of application for such reinstatement in duplicate with the County Auditor on blanks furnished by the Hail Insurance Department and the County Auditor shall immediately file a copy of such application with the Hail Insurance Department. Provided, that, if land is rented, both the owner's and tenant's signatures must appear on such application for reinstatement, one or both of such signatures to be acknowledged by someone authorized to administer oaths. It is further provided that any portion of the crops originally withdrawn may be reinstated and that such reinstated insurance as above provided shall not take effect prior to 24 hours after such application for reinstatement is filed in the office of the Hail Insurance Department, Bismarck, North Dakota. The Hail Insurance Department shall not be liable for loss during the time withdrawal is in effect and the application for reinstatement shall contain a sworn statement to the effect that such crops have not been damaged or destroyed by hail prior to the making of such application. Every owner of land shall have a self-executing first lien upon all crops and grains belonging to the tenant as security for the payment of said tax or the part of such tax, properly chargeable to such tenant, which shall be in the same proportion as he has interest in the crop. It is further provided that in such cases where payment of hail indemnity taxes have been evaded, as where mortgagees and others pay general taxes without paying the hail indemnity tax where the County is shown to hold such taxes the Hail Insurance Department shall cancel the protection on any and all such lands until such time that such hail indemnity taxes with accumulated interest shall have been paid, or until the time that title shall have passed to another owner except the original mortgagor. And it shall be the duty of the County Auditors to notify the Hail Insurance Department when such evasions occur as well as when such payments are made,

that reinstatements may be effected in accordance with such rules and regulations as the Commissioner of Insurance may determine. It is further provided that lands covered by mortgage where such mortgage has been foreclosed, such land shall not be insured with the State Hail Insurance Department during the period of redemption, except that such lands may be protected according to Section 24 of the Hail Law Act, and it shall be the duty of the sheriff of each and every County in the State, not later than the 10th day of June of each year, to furnish the Hail Insurance Department with a complete list of lands in his County on which the period of redemption expires during the then current year and after June 10th of such year, giving the date when sheriff's certificate was issued as well as the name and address of mortgagor and holder of such sheriff's certificate. Provided, further, that it shall be the duty of the county auditors to distribute to the assessors such hail insurance blanks as are furnished him by the Hail Insurance Department.

The Hail Insurance Department may insure crops upon Homestead land on which patent has not been issued and also on land within the boundaries of Indian Reservations upon the application of Homestead entryman or lessee of Indian lands as the case may be. The Department may also furnish protection on lands owned by the Board of University and School Lands on which contracts for sale have been cancelled or which may have been acquired by sheriff's deed on foreclosures of mortgage, and on such lands owned by the Farm Loan Department of the Bank of North Dakota as agent for the State Treasurer as Trustee for the State of North Dakota, and on such lands as may be owned by counties and not taxable, and on such lands that failed to be listed prior to the 10th day of June, also on other lands and crops not otherwise insured with the Department, such applications to be made upon blanks furnished by the Commissioner of Insurance under such rules and regulations as he may direct, and may not be filed later than August 1st of each year; such applications to be verified and contain a statement to the effect that the crops upon such lands have not theretofore been damaged by hail, and shall be accompanied by a certified check or draft for the premium figured at the rate of 60 cents an acre for \$7.00 per acre protection. Provided further, that the Commissioner of Insurance shall, after the actual per acre levy has been determined, make refunds to such applicants in such amounts as will make the cost per acre not more for crops insured under this section than the cost per acre as ascertained under the provisions of Section 189b7 of the Supplement to the Compiled Laws 1913 of this Act. Provided further, that such insurance shall become effective from the hour of the receipt of such application in the office of the Hail Insurance Department.

Provided that such applications asking reduction from listed acreage must be submitted to the Hail Insurance Department for approval not later than the first of October of the year listing was made, in order that the levy for hail indemnity tax may be based on the proper acreage. Provided, further, that in similar manner the Insurance Commissioner may, in case of error, abate any hail insurance tax wrongfully levied and refund any such tax wrongfully collected under the provisions of this Act upon presentation to him of a written application in the manner and form as the Commissioner of Insurance may provide.

Section 8. That Section 189b30 of the Supplement to the Compiled Laws 1913 be, and the same hereby is, amended and re-enacted to read as follows:

In such actions the State shall be designated as the State of North Dakota, doing business as the Hail Insurance Department of the State of North Dakota, and the service of process therein shall be made upon the Commissioner of Insurance. Such actions may be brought in the same manner and shall be subject to the same provisions of law as other civil actions brought pursuant to the provisions of the Code of Civil Procedure. Such actions may be brought in the County where the crop is or was grown. The provisions of Sections 375 and 657, the Compiled Laws of 1913, shall not apply to claims against the State affected by the provisions of this section. A judgment rendered in such an action shall constitute an allowed claim against the Hail Department of the State of North Dakota, and shall be paid in the same mode and manner as other allowed claims against the Hail Department of the State of North Dakota. No action upon any claim for loss by hail shall be brought after three years from the time the loss occurred, and no action for a refund of indemnity or flat tax, or both, paid, shall be brought after three years from the first of December of the year for which such indemnity or flat tax was levied. THIRD READING OF HOUSE BILLS

Mr. Thompson of Burleigh moved that further consideration of House Bill No. 169 be indefinitely postponed.

Mr. Thompson of Burleigh explained his reasons for making his motion and asked that his remarks be recorded.

"I introduced this bill in good faith, but the way it has come back to us it puts me in the same position as a father who has to whip his own child. It isn't the same bill. It was put in here to amend a section of the law, and by the time the Senate got through with it, it was a repeal bill, and, therefore, I have got to talk against a bill I introduced. I used to think I wanted to be a Senator, but I have changed my mind. This bill as it was first introduced was a good bill. It would have hurt nobody. It would only give one, once in a while, a pass on the railroad that wouldn't affect one of us one-sixteen hundredth part of a penny. But as it comes back now it is no good whatever. It would give everybody a pass who wanted it. It would give us back the same old law we had twenty years ago. Therefore, I make this motion that the bill be indefinitely postponed.

Roll call demanded and granted.

ROLL CALL

State of North Dakota
OFFICE OF THE GOVERNOR
Bismarck

February 26, 1927.

V E T O.

To the House of Representative of the
State of North Dakota:

I am in receipt of:

House Bill No. 83. A Bill For an Act to Amend and Re-enact Section 6 of Chapter 160 of the Sessions Laws of North Dakota for the Year 1919, as Amended and Re-enacted by Chapter 77 of the Session Laws of North Dakota for the Year 1921, as Amended and Re-enacted by Chapter 232 of the Session Laws of North Dakota for the Year 1923, as Amended and Re-enacted by Chapter 151 of the Session Laws of North Dakota for the year 1925, the same being Section 189b6 of the Supplement to the Compiled Laws of North Dakota for 1913; Relating to Flat Hail Insurance Tax and Permanent Surplus Fund.

This proposed law seems to be superfluous since we now have a law providing that when the permanent Hail Insurance Surplus Fund shall reach the sum of \$4,000,000.00 the flat hail insurance tax levy shall automatically cease.

We have too many superfluous laws on our statutes stating something just a little bit differently than it has been stated before. Furthermore, this bill has also been sponsored by the insurance lobby that has been at work during the present session in hopes of entering a wedge for the destruction of our insurance laws.

In my opinion we can get along satisfactorily with our present law, and I have therefore vetoed House Bill No. 83.

Very truly yours,
A. G. SORLIE,
Governor.

A CONCURRENT RESOLUTION

A Concurrent Resolution petitioning Congress to revise the protective tariff downward for the benefit of agriculture.

BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF THE STATE OF NORTH DAKOTA, THE SENATE CONCURRING:

Section 1. Whereas, the Hon. Calvin Coolidge, President of the United States, has vetoed the McNary-Haugen Agricultural Relief Bill which in effect provided for a protective tariff on agricultural products, and

Whereas, the tariff now in force and effect in the United States protects manufacturers and business from foreign competition and enables them to sell such protected articles and commodities at a higher price than would be possible without such tariff, and

Whereas, the tariff now in force and effect compels the farmers to pay a greater price for those protected articles and commodities which are necessary in his occupation, many of which are necessities of life, and

Whereas, agriculture is unable to carry this added burden for the protection of business, and

Whereas, we believe it for the best interest of agriculture which is the source of wealth of this nation, that the protective tariff be removed or at least revised downward,

Therefore, Be It Resolved, that we respectfully petition the Congress of the United States to repeal the protective tariff provisions of our laws on these articles and commodities affecting the farmers and agriculture.

Be it further resolved that the Secretary of State of North Dakota is hereby instructed to forward an authenticated copy of this resolution to the President of the United States, the President of the Senate, the Speaker of the House of Representatives and to the Members of Congress from the State of North Dakota and to the Members of the United States Senate from the State of North Dakota.

Bunk, and Mr. Speaker I vote "aye" on this bill because it will accomplish what was provided for in House Bill No. 195 and as I am not so much concerned about where glory falls as I am about whether or not these people are paid back what rightly belongs to them. Therefore I vote "aye" on this bill.

Which motion prevailed.

Mr. Roberts explained his vote and asked that his remarks be recorded:

Mr. Speaker: I vote "no" on Senate Bill No. 65 for three reasons:

First: Because there has not been one request from any individual employer, firm or corporation read at the desk asking that a new schedule of awards be set up in place of the schedule now in use by the Workmen's Compensation Bureau.

Second: Because I am firmly convinced that Senate Bill No. 65 together with its companion bill, Senate Bill No. 76, were introduced at the instigation and for the sole benefit of the "Old Line Insurance Companies" to secure and divert business from the "Workmen's Compensation Insurance of North Dakota" by making unfair comparisons as to the rates now charged under the present schedule of awards and those that the "Old Line Companies" would be able to offer should Senate Bills 76 and 65 be enacted into laws.

Third: Because even if the award that is now set up for total disability is higher than will ever be necessary I feel that the award, as set up in Senate Bill No. 65 for total disability, is correspondingly too low, and should this bill

become a law, there will be some poor unfortunates who through no fault of their own, while not only being deprived of some of their faculties that make life worth living, will also be forced to eke out a bare existence by soliciting alms on some street corner before death relieves them of their suffering or be forced to spend their declining years in some poor house supported by the tax-paying public, and, when death does overtake them, will fill a pauper's grave.

Upon request the House reverted to the Fifth Order of Business.

Section 1. Secured Savings Deposits; Established; Limit of Amount; Interest. Any bank or trust company may establish a class of deposits to be known as as "Secured Savings Deposits", which shall not exceed in amount for any one depositor the sum of Five Hundred Dollars. Interest thereon shall not be promised or paid, either directly or indirectly, to such depositor in excess of two and one-half per cent per annum, but the same may be compounded quarterly or semi-annually.

Such banks shall maintain and keep as cash reserve an amount which shall equal ten per cent of its total Secured Savings Deposits, four-fifths of which amount shall, as nearly as practicable, consist of balances due from reserve agents to be approved by the State Banking Board, and carried in the name of such bank in an account entitled "Secured Savings Account of _____ Bank of _____, N. Dak.", and as nearly as practicable, not exceeding one-fifth of such reserve provided for herein may be kept in another department of such bank.

Section 2. Investments Restricted. Any bank having Secured Savings Deposits shall invest the deposits received in such department only in bonds or certificates of indebtedness of the United States, the State of North Dakota, any County or School District within the State, or such other political subdivisions of the state, the bonds and certificates of indebtedness of which may, from time to time, be approved for investment of such deposits by the State Banking Board.

Section 3. Reserve and Investments to be Kept Separate; Pledging or Loaning of Assets Prohibited. The reserve, bonds and investments belonging to the Secured Savings Department of any such bank shall be kept separate and apart from other reserves, bonds, investments, loans and discounts of the bank, and shall be applicable only to the repayment of such Secured Savings Deposits, and shall not be pledged, loaned or hypothecated as security for loans of such bank or otherwise, excepting as permitted by section one of this act.

Section 4. Protection Removed Where Higher Interest Rate Paid; Secured Deposits Not Subject to Depositors' Guaranty Fund Law. The protection provided for in this act to depositors hereunder shall not apply to a depositor who accepts, either directly or indirectly or by whatever device, interest or compensation upon such deposit of a higher

rate than provided for in section one herein, but he shall in such event be treated and considered as a common creditor of such bank. The deposits received by any bank under this act shall not be subject to the provisions of the Depositors' Guaranty Fund Law, and the amount thereof shall not be included in making return for assessment for account of such Fund.

Section 5. First Lien on Bank's General Assets; Exception. The amount of the cash reserve standing to the credit of the Secured Savings Department in any such bank shall be, and is hereby declared to be, secured by a first and paramount lien upon the assets of such bank in favor of such Secured Savings Depositors; save and except funds deposited in such institution belonging to the estate of any insolvent bank, deposited therein by the Receiver or other person officially in charge, which shall have preference over all other claims. In the event of the closing of any bank having Secured Savings Deposits, if it shall appear that such deposits or investments have been wrongfully mingled with the other assets of such bank, or, except as otherwise hereinbefore provided, that such reserves and investments have not been maintained separately, but have been unlawfully co-mingled, such Secured Savings Deposits shall be deemed to be especially secured by a first and paramount lien upon all the other assets of such bank as in this section provided.

Section 6. Deposits; Notice of Withdrawal; Rule and Regulations to Receive Approval of State Banking Board. Deposits received under the provisions of this act shall be paid to the order of the depositor or his representative and shall be kept, maintained and paid out, with interest as herein provided for, under such rules and regulations as the Boards of Directors from time to time prescribe, not inconsistent with the provisions of this act and of the banking laws of the state, and shall be effective upon approval of the State Banking Board, and which shall be printed in a pass book furnished the depositor, and also conspicuously posted in the lobby of the bank in some place accessible and visible to all, and no changes which may at any time be made in such rules and regulations affecting the rights of depositors acquired previously thereto in respect to the deposits or interest thereon shall be operative until approved by the State Banking Board nor until sixty days after the posting of such change; provided, however, that in order to prevent loss to the depositor, by enforced sale of securities below their real value, it shall be lawful for the directors in their discretion, to require notice of one week before the withdrawal of any part of any secured savings deposit of more than twenty dollars and not exceeding one hundred dollars; of two weeks before the withdrawal of any part of any deposit of more than one hundred dollars and not exceeding two hundred fifty dollars; of three weeks before the withdrawal of any part of any deposit of more than two hundred fifty dollars and not exceeding five hundred dollars, and in case where the deposit has been made on a certificate for a definite time and the depositor fails to withdraw the same within ten days after such definite time, then notice for withdrawal may be required as prescribed above,

and provided, further, that the directors of any such bank may, and by the written consent of the State Banking Board shall, make any changes deemed necessary in regard to the notices heretofore required to be given by the depositor for the withdrawal of their deposits, by extending the time that notice shall be given by any depositor for the withdrawal of all such deposits, to a period of time not exceeding three months, and provided, further, that the directors may limit the aggregate amount that any depositor may deposit to such sum as they deem expedient to receive, not exceeding the amount limited under section one of this act, and may in their discretion refuse to receive any deposit, and may also, at any time, return all or any part of any deposit and the accrued interest thereon to any depositor without notice.

Section 7. Separate Books To Be Kept; Reports To State Examiner. Every bank which shall establish and maintain a Secured Savings Department, shall be required to keep separate books and records of the deposits made therein, and of the investments made and belonging to such department, and shall be required to make reports of the condition of such department to the State Examiner on the last business day of each month, and also at the time of making report of the condition of the general business of the bank, and which last mentioned report shall show separately therein the amount of such Secured Savings Deposits, investments and reserves, and upon forms prescribed and approved by the State Banking Board, and such Board may require in the published statement of condition of such bank that the same shall be set forth as separate items in such published report.

Section 8. Not Applicable Until Secured Savings Department Established. This act shall not apply to any deposit originating prior to the taking effect hereof, but shall apply only to new deposits thereafter made, nor shall this act be construed to limit or interfere with the establishing or conducting of a general savings department in State banks and Trust companies.

Section 9. Penalty. Every officer, agent, or clerk of any banking association who wilfully and knowingly subscribes or makes any false statements or entries in books of such association, or knowingly subscribes or exhibits any false paper with intent to deceive any person authorized to examine as to the condition of such association, or wilfully subscribes or makes false reports, shall be punished by imprisonment in the state penitentiary not less than one nor exceeding ten years, or in the county jail not exceeding one year, or by a fine not exceeding ten thousand dollars, or by both such fine and imprisonment.

STATE OF NORTH DAKOTA OFFICE OF ATTORNEY GENERAL BISMARCK

February 28th, 1927.

To the House of Representatives,
State of North Dakota.
Gentlemen:

OPINION

You have referred Concurrent Resolution No. F, to this office for an opinion as to its constitutionality. By the terms of this resolution, the Legislative Assembly purports to appropriate out of the State Treasury the sum of Nineteen Thousand Four Hundred and Forty Dollars (\$19,440.00), or so much thereof as may be necessary to reimburse the Members of the Twentieth Legislative Assembly for expenses incurred in the discharge of their duties on Committee work.

It is my opinion, that this resolution, if adopted, would not constitute a valid appropriation, for the reason that under the provisions of our State Constitution, no appropriation can be made except by law. A resolution is not a law. Section 186, of the Constitution of North Dakota provides:

"No money shall be paid out of the State Treasury except upon appropriation by law * * * * *,"

Section 62 of the Constitution of North Dakota dealing with the subject of appropriations provides:

"The general appropriation bill shall embrace nothing but appropriations for the expenses of the executive, legislative and judicial departments of the state, interest on the public debt, and for public schools. All other appropriations shall be made by separate bills, each embracing but one subject".

Whether this appropriation would be valid, if it were in

the form of a bill, instead of a Concurrent Resolution, I do not here decide.

Very truly yours,
GEORGE F. SHAFER,
Attorney General.

Mr. Lynch moved that further consideration of Senate Concurrent Resolution "F" be indefinitely postponed.

Which motion prevailed.

Extracts from the report of the Industrial Commission follow:

1. INDUSTRIAL COMMISSION

1. Preliminary Statement

The North Dakota Industrial Commission is charged by law with the performance of certain administrative duties in connection with various state enterprises and is required to file with the Secretary of State an annual report reflecting the financial condition of the various activities under its jurisdiction.

In the preparation of this report it does not seem desirable to include all available information, for such a publication would cost more than the value of the information contained would warrant, and would be, without extensive explanation, of little value to the average reader. To those who, for statistical purposes, desire details of figures not herein contained, the same will be supplied from this office.

The Commission, however, has sought to include in this report such facts and exhibits as appear of greatest interest to the taxpayers, and has made such comments and explanations as seemed necessary to make the report valuable.

2. SALE OF BONDS

During the year 1926 the Commission made two sales of Real Estate bonds for a total of \$3,000,000.00. On February 1, 1926, one issue of \$600,000 bonds of Real Estate Series "G" 4½%, was delivered to the State Board of University and School Lands, at a rate of 4.35%, for a premium of \$14,515.00; and on the same date an additional block of \$100,000.00 of the same Series was delivered to the Bank of North Dakota at par. The second sale was made on July 28, 1926, at which time the remaining block of \$2,300,000.00 Real Estate Series "G" 4½% bonds were sold to the Bank of North Dakota at par. At the close of the year the Bank of North Dakota had assigned mortgages to the State Treasurer in the amount of \$1,706,100.00 against which no bonds have been issued.

On December 31, 1926, the total bonded indebtedness of the State amounted to \$30,859,000.00, all of such bonds having been issued by authority of the so-called "Industrial Program Laws" of 1919, and amendatory acts. A complete statement of all outstanding bonds follows:

Bank of North Dakota Capital Stock 5% Bonds ..	2,000,000
Mill and Elevator Construction 6% Bonds	1,400,000

Industrial Commission,
A. G. Sorlie, Governor,
Mr. Geo. F. Shafer, Attorney General,
Mr. Joseph A. Kitchen, Comm. Agriculture and Labor,
Mr. John Gammons, Secretary.
Gentlemen:

I am submitting herewith statement of the North Dakota Mill and Elevator Association, Grand Forks plant, covering a period from January 1st to December 31st, 1926, and do hereby certify that I have audited the accounts of said Association and that in my opinion the report hereto attached reflects a true statement of the affairs of the Association and agrees with the balances carried on the general ledger with the following exceptions:

Accrued interest on construction bonds and milling bonds amounting to \$990,215.16 is not carried in the books as a liability nor is it included in the profit and loss accounts. Since my report was submitted to you on November 30, 1926, the item of depreciation has been placed back in the books and is included in their general balances as an operating cost in arriving at their deficit. I have included all the above items in my statement, and take the position, as I have heretofore done, that interest on all bonds is a contingent liability of the Association. I respectfully call your attention to Chapter 153, Sections two (2), three (3), four (4) and eight (8), Session Laws 1919, which sections state that the property of the Association, both real and personal, is pledged as security for the payment of bond issues. I also wish to call your attention to Chapter 291, Section three (3) laws of 1923, which provides for raising of inventory and selling of Milling bonds. Payment of principal and interest is secured by first mortgage on grain and products of the Association.

Even though the above sections did not provide for mortgaging the property and its products I would still maintain that the business should be charged with interest on the investment together with a reasonable reserve for depreciation; this is particularly customary and proper with respect to interest on operating capital and depreciation. When the accounting system was established in 1923 the business was charged with interest on bonds and depreciation. It would not be a fair comparison to drop these items out in the middle of the year as it would be confusing to people who want to keep in touch with the progress of the business.

You will note that the loss for the period of 1926 for the Mill and Elevator Departments amounts to \$428,546.00. The loss for the Mill Department for the same period is \$421,094.45, and the loss for the Elevator is \$7,451.55. You

will note that the Elevator Department shows a considerable profit for the month of December. The reason for this is that the accounting in the Elevator has been poorly kept up and no inventory has been set up at the end of any month until the weigh-up of December 31, 1926, which threw all the grain inventory into the month of December, while as a matter of fact it should have been distributed over the whole period.

The good showing of the elevator department over previous years is due to the fact that since January 1, 1925, a new rate for handling wheat for the mill by the elevator department was established, whereby the mill pays \$1.25 per 100 bushels, while the rate established and used during 1924 was 62c per 100 bushels. The mill department also has advanced \$150,000 working capital, upon which it is charged 6% interest, while the elevator department does not pay any interest to the mill. Another thing which adds to the elevator gain, at the expense of the mill, is through sale of wheat bought by the local elevator; this wheat was sold to the mill at Minneapolis prices, usually with a premium, without deducting Minneapolis freight of 16¼ cents per cwt., which adds to the wheat cost for the mill to the advantage of the elevator department.

In addition to the above deficit, you will note that there is an item of \$17,488.09 carried under prepaid advertising in the balance sheet of the Mill Department. This consists of advertising which has been spent in Duluth, Minnesota, Superior and Milwaukee, Wisconsin, and rightfully should belong in the operating expense for the period. This is not being done; Milwaukee is being charged out at the rate of three years beginning January 1, 1926, while Superior and Duluth is being washed out at the rate of two years, beginning January 1, 1926.

One of the reasons which can, in my estimation, be attributed to a great extent towards the losses in the Mill is the fact that too much wheat is being purchased through the old line Elevator Companies, thereby costing an additional middleman's profit before the wheat is purchased for the Mill. Out of a total of 2,564,000 bushels purchased, 1,854,000 was purchased from commission houses.

The grain buyer for the Mill should not be affiliated with the Elevator Department either in the capacity of Manager or in any other way. The Mill's grain buyer should be free and independent as to his purchases and should be free and independent as to the manner in which he wishes to mix his wheat, as this is a highly specialized business which only experienced mill men understand. One of the principal reasons for my conclusion in this respect is due to the fact that there is at the present time a General Manager and a Manager for the Elevator Department and the Elevator Manager has full authority as to the manner of handling the Elevator and also full authority as to the buying of wheat for the Mill and mixing same. It is unnecessary to say that such manager would be interested in the showing of his particular unit to the detriment of the other.

I wish to acknowledge the co-operation of the Management and every one connected with the Institution during the past year:

Respectfully submitted,
 K. C. NELSON,
 Auditor.

2. AUDIT REPORT - BOARD OF AUDITORS

(Note: The following balance sheets, disclosing the financial and business condition of the Mill and Elevator at Grand Forks, at the close of business December 31, 1926, are taken from the audit report prepared by Mr. O. B. Lund, under the direction of the State Board of Auditors, and covering the period from January 1st to December 31st, 1926.)

The following is from the letter of Mr. O. B. Lund, transmitting his audit report to the Board:

"I also present a consolidated statement of the State Mill and Elevator at Grand Forks, as the same appeared at close of business December 31, 1926. While a complete audit of all nominal accounts of the institution is not finished at this time, we have witnessed the weighing of all grain on hand belonging to the Mill and Elevator, and have taken an inventory of the mill products and supplies on hand. These inventories have been valued at the prevailing market price at date of audit. We have also examined the accounts of the Assets and Liabilities of the Mill and Elevator and I am confident the statements presented herewith will not be materially changed with the completion of our audit of the institution.

A question is raised as to whether or not the interest on bonds of the Mill and Elevator Association, and depreciation of plant and equipment, should appear in the statement of affairs of the State Mill and Elevator at Grand Forks. It has always been the practice of the Mill and Elevator accountants to carry these items on the books of the institution, and in their statements, until the past six months. Since July 1st, 1926, they were eliminated. The depreciation charges were later re-entered on the records of the Mill and Elevator. The bond interest is omitted from the records on the theory that this is not an obligation of the State Mill and Elevator.

The accrued interest and depreciation is taken into account in my statement presented herewith, as has been the practise in all previous statements of affairs of the State Mill and Elevator, and since this question has not been previously discussed, I present my position in the continuation of same.

The Bonds of the Mill and Elevator Association are in two classes. Bonds in the amount of three million dollars,

authorized by chapter 153 of S. L. 1919, secured by first mortgage on the buildings, machinery, tools, and equipment of every nature and description, belonging to the Mill and Elevator Association. This is on file with the State Treasurer of North Dakota as trustee, in the form of a trust deed. This instrument providing, that after the Mill and Elevator Association has defaulted in the payment of interest or principal on bonds for a period of sixty days, the State Treasurer may take over the property to satisfy the obligation.

Section 6 of Chapter 152 S. L. 1919 provides as follows:

"Section 6. The Industrial Commission shall fix the buying price of all things bought, and the selling price of all things sold, incidental to the operation of the Association, and shall fix all charges for any and all services rendered by the Association, but in fixing these prices—while all services are to be rendered, as near as may be, at cost—there shall be taken into consideration, in addition to other necessary costs, a reasonable charge for depreciation of all property, all overhead expenses and a reasonable surplus, together with all amounts required for the re-payment, with interest, of funds received from the state."

Milling Bonds, authorized by Chapter 291 - S. L. 1923, have been issued and are outstanding in the amount of one million, five hundred thousand dollars. The principal and interest of these bonds are secured by mortgage on wheat and wheat products in the hands of the Mill and Elevator Association. This mortgage is also on file with the State Treasurer.

Chapter 291 of the S. L. 1923 reads in part as follows:

"Section 2. Before any bonds shall be issued the Industrial Commission shall cause an appraisal to be made of the grain and grain products parcel of the personal property of the North Dakota Mill and Elevator Association, and thereafter may by resolution authorize the said bonds to the extent of the value of said grain and grain products as fixed by said appraisal. The proceeds of said bonds shall be used for the sole purpose of purchasing grain for said industry, and the said grain so purchased shall at once become subject to the lien of the mortgage securing said bonds hereinafter authorized. In making appraisals, after the first, there shall first be set apart and excluded therefrom sufficient grain and grain products fully to cover prior pledges thereof under this act. The amount of grain and grain products on hand shall at all times have an appraised value equaling or exceeding the par value of the Milling bonds at any time outstanding. Copies of all appraisals, authenticated by the signatures of the appraisers, shall be filed with the State Treasurer and be attached to the said mortgage. Each appraisal shall include all grain and grain products on hand when the same is made.

Section 3. In order at all times amply to secure the said Milling Bonds there shall be made, executed and

delivered to the State Treasurer and his successors in office, a first mortgage on grain and grain products owned by said North Dakota Mill and Elevator Association to the extent of an appraised value equal to the amount of such outstanding milling bonds pledging the same for the payment of said Milling Bonds. The said Milling bonds and the mortgage securing the same shall be authorized by the Industrial Commission by resolution duly passed and said bonds when executed shall be delivered to the Industrial Commission for sale.

Section 4. Authority is hereby granted to said North Dakota Mill and Elevator Association to manufacture all wheat owned by it into flour, and the lien of the mortgage authorized by Section 3 of this Act shall continue on the same during the process of manufacture and remain upon the finished products. The finished product may be sold, whereupon the proceeds to the extent of the value of the raw product contained therein shall be deposited in the Bank of North Dakota and withdrawn for the sole purpose of purchasing additional grain which shall at once become pledged under the same mortgage. All such moneys not used for the purchase of grain shall be and remain as a fund for the purchase or payment of the principal and interest of said Milling bonds."

It will be noticed that the law not only provides that the wheat and wheat products of the Mill are pledged to secure the loan, but that it limits the use of the funds to the purchase of wheat, and when the funds are not so invested, they shall be on deposit with the Bank of North Dakota, remaining intact, for the protection of the bondholders. At the present time the wheat and products inventories are about \$400,000.00 short of meeting the provisions of the act, and no funds are on deposit with the Bank of North Dakota for the difference between the value of wheat and wheat products owned and not otherwise pledged by the Mill, and the proceeds of the bonds loaned to the Mill and Elevator Association.

The Milling Bonds issue for the purpose of financing the purchase of wheat by the State Mill and Elevator are similar to the ordinary industrial bonds and loans issued by privately owned manufacturing plants for the purpose of financing the purchase of their raw materials, and in my statement of affairs of the State Mill and Elevator I have treated the principal and interest of the Milling Bonds in the same manner as they are commonly set up in statements of affairs of privately owned plants under the same conditions.

The three million dollar bond issue secured by the Mill and Elevator property, floated for the purpose of reimbursing the Industrial Commission for funds invested in the construction of plant and equipment, differs in some respects to any other transaction of this kind that I am familiar with. I am firmly of the opinion, however, that a statement of affairs of the State Mill and Elevator at Grand Forks would be incomplete without including the first Mortgage

bonds and accrued interest on same. The construction bond interest charges are set up in our statements of operations in a separate item, and not included in the manufacturing and regular plant operating costs.

The statement submitted herewith of the Mill and Elevator is a condensed consolidation of the business as a whole. While the Mill Department and Elevator Department keep separate records of their activities, a large part of the Elevator Department income is from the Mill Department, or, at the expense of the Mill Department. The two units are set up separate in our complete audit reports with the distribution of expense as shown by the records of the institution. This distribution has not been equitably apportioned in many cases and can not be used for making fair comparison between the two."

III. BANK OF NORTH DAKOTA GENERAL STATEMENT

Our report for 1926 regarding the condition of the Bank of North Dakota, as compared with that of 1925, shows little change in the accompanying schedules.

The deposits of the Bank of North Dakota, both public and private, show but a small increase for the past year. The total deposits as shown in our report as of December 31, 1925, were \$19,169,920.07, while for December 31, 1926, the deposits are \$21,958,235.81. This gain is largely reflected in the Certificates of Deposit account. Interest paid on these deposits for the past year was 3% on twelve month certificates, 2½% on six month certificates, 1¼% on public funds subject to check and nothing on individual accounts.

Premium on securities such as carried by the Bank of North Dakota has been higher during the last year, and hence produces less income. Recoveries on receiver's proof of claim, bills receivable, loans to banks and corporations, homebuilders contracts and redeposits have been less than in 1925, but were about all that could be hoped for considering the crop conditions in the southern half of the state.

Real Estate Series "G" 4½% bonds, amounting to \$2,300,000, were purchased from the Industrial Commission, and a balance of \$1,700,000 in assigned securities, against which no bonds have yet been issued, remains in the State Treasurer's hands. All such securities are carried by the Bank of North Dakota as an investment, less \$100,000 sold this year.

In our 1925 report we referred to the purchase of the building located at the corner of Seventh Street and Main, known as the Missouri Valley Motor Company Building. At that time the remodeling of the building had not been completed. We now advise that all necessary remodeling is completed, and the building is now fully occupied. The rental income is based on a cost plus plan calculated to yield six per cent interest to the Bank, pay the necessary upkeep and expenditures and provide for a sinking fund sufficient to pay for the building in thirty-five years.

The Bank of North Dakota has been audited three times during the past year, twice by its own force and once by the State Board of Auditors under the supervision of Mr. O. B. Lund. The report by Mr. Lund has been published and is now a public document, and may be examined by anyone who wishes to verify it. In addition to these formal audits the bank was visited during the summer by a representative of one of the large bond houses in the east. His examination covered the general plan of operation, the condition of the pledged securities, the manner in which the interest had been taken care of by the borrower, as well as the regularity with which bond interest payments had been met, and the amount then in the bond payment fund. After completion of the work he advised the bank management that his investigations were entirely satisfactory and he had no recommenda-

tions to offer or criticisms to make, stating that he was well pleased with both the condition of the department and the plan under which it was operating.

During the past year \$3,300,000 of farm loans were closed and paid for and applications received for new loans amounting to \$4,550,000. An additional \$3,388,000 in applications is in process of closing but has not yet received final attention. We have sold during the year, and the last three months of 1925, approximately 18,092 acres of land, leaving 79,418 acres unsold for which we hold deeds or sheriff's certificates. Up to July 1st interest payments on loans were somewhat better than in 1925, but since that time collections have naturally fallen off sharply owing to crop conditions and prices.

The situation relative to the estimated shortage in collections is more fully set forth in the following letter of Mr. C. R. Green, Manager of the Bank of North Dakota:

September 16, 1926.

The Industrial Commission,
Bismarck, North Dakota,
Gentlemen:

For the past four years it has been our practice to meet with the State Tax Commissioner in September to discuss the bond payment situation and prospects for future collections. Because of unfavorable crop conditions this year, together with the failure of the State Treasurer to furnish the Tax Commissioner with an estimate of the possible shortage in these collections, we went into the matter in greater detail and submitted a schedule, believed to accurately set forth existing conditions in the State, disclosing a probable deficiency in interest collections of \$752,000.

At a later date the Tax Commissioner prepared a statement of this estimated shortage and, responding to his request, a representative of the Bank of North Dakota appeared and went over the matter with him. Subsequently the Attorney for the Bank and the head of the Interest Collection Department attended a meeting of the State Board of Equalization and presented the matter in detail. Despite this showing of the necessity for levy, and the acknowledgement of a large shortage certain to prevail, no tax levy for the purpose was made by the Board of Equalization, the State Treasurer informing the writer that it was his intention to pay any deficiency in interest collections from moneys now in the bond fund and over which he exercises exclusive control.

The situation with respect to the Real Estate Bond Payment Fund may be briefly summarized as follows:

At the present time there are outstanding \$24,359,000 in bonds of the various real estate series, upon which total there accrues an annual interest charge of \$1,256,972.50. During the remainder of the fiscal year ending June 30, 1927, it is estimated that an additional \$3,000,000 will be issued,

against which a further interest charge of \$90,000 will accrue. To produce the amount shown for interest collections in the accompanying schedule an additional collection of \$68,000 will be required to cover the administration fees of the Farm Loan Department, and, on the basis of 4½% bonds, a surplus of some \$140,000 will be credited to the fund, representing the difference in annual interest rates between the bonds and the mortgages. On September 1, 1926, there was in the hands of the State Treasurer, \$1,258,810.00 representing sinking fund collections received from amortization payments to retire that amount in principal of the outstanding bonds, together with a net credit for interest payment of \$77,102. For the remaining ten months of the fiscal year under consideration it is estimated that \$216,730 will be collected to cover principal and \$725,734 for interest.

From the foregoing figures it will be observed that the estimated interest collections for the period, together with the interest now on hand, will produce the sum of \$802,836, or \$752,136.50 less than sufficient to care for the current demands against the fund. In estimates prepared by the State Tax Commissioner it will be noted that this reserve fund of approximately \$140,000 has been applied against the interest indebtedness for the period, thereby reducing the admitted shortage in the interest fund to \$612,136.50. If no levy is made to cover this shortage it will then be necessary, as proposed by the State Treasurer, to divert such sum of \$612,136.50 from the amortization sinking fund, thereby depleting the same in that amount.

Against the failure to provide a levy for the purpose stated, and adoption of the policy of using, for the payment of annual interest, funds collected for the retirement of bond principal at maturity, we desire to express our emphatic disapproval, believing that such action will violate sound business practice and set a dangerous precedent for the future administration of this fund. We maintain that all money accumulated for bond principal payments should remain intact and must be kept continuously invested at not less than 3% to produce adequate funds for bond retirement at maturity. In our opinion, any other use of this sinking fund constitutes an impairment of the security of the bondholders and reflects upon the credit and integrity of the state. We also feel justified in calling to the attention of your Commission the unfavorable situation with which you may be confronted in the marketing of prospective bond issues, when investors observe that sinking funds collections to redeem outstanding obligations have been used to pay current bond interest charges.

All estimates and supporting schedules referred to are made a part of this communication and are submitted in compliance with the request made of the writer at a meeting of the Industrial Commission held September 14, 1926.

Respectfully submitted,
BANK OF NORTH DAKOTA,
By C. R. GREEN,
Manager.

Section 3. That Section 189b9 of the Supplement to the Compiled Laws 1913 be, and the same hereby is, amended and re-enacted to read as follows:

Section 189b9. It shall be the duty of every county and township assessor in his respective district at the time of

listing property for assessment to return the number of tillable acres in every tract, parcel or subdivision of land, subject to taxation, together with the name of the person in whose name the land is taxed, and also the number of acres of such land, if any, in crop or to be sown or planted to crop during such year. He shall note upon a diagram on the crop listing blank the location of such land in crop or to be planted or sown to crop during such year and shall return and file the same with the County Auditor on or before the 1st day of June in each year. In case the number of acres in crop, as shown on the crop-listing affidavit in the column providing for showing such crop lands, does not correspond with the crop acreage shown on the diagram on the crop-listing affidavit, the number of acres as given in the cropped land column shall govern. Such Assessor, in addition to the compensation allowed by law, shall receive the sum of \$15.00 for every full township of thirty-six sections, or at the rate of seven cents per hundred acres or fraction thereof listed, whether tillable or not.

Provided that in "excepted counties", as defined herein, Assessors shall be paid a fee of twenty-five cents for each application for hail insurance returned by him, but such compensation shall not exceed 50% of the compensation allowable to Assessors in other than "excepted counties". Such compensation shall be paid out of the hail insurance fund on vouchers issued by the Commissioner of Insurance and approved by the State Auditing Board, provided that warrants in payment of such listing of land and making such applications shall not be issued before the County Auditor shall have filed with the Hail Insurance Department a certified statement that such Assessor has listed every tract in his township or district. The assessor, county auditor and all officers, employees and servants of the State Hail Department, in the performance of all of their duties provided for in the State Hail Insurance Law, shall be conclusively deemed to be the agents of the State Hail Department and the law of waiver and estoppel shall operate against the State Hail Department as against a private individual or a private corporation. This act shall apply to all past and pending claims for crop losses by hail which have arisen subsequent to January 1st, 1925.

Provided however: In counties where 75% or more of the land returned by the Assessor as in crop, or to be sown to crop is withdrawn for the year 1927, the Assessor shall not make return of land in crop or to be sown to crop, except that upon request of land owners or tenants he shall take applications for indemnity hail insurance of crops growing or to be grown upon any land otherwise eligible, for which such land owner or tenant, either individually or jointly, may make application, and which application shall be signed in triplicate by the party requesting such insurance and attested by the Assessor, whereupon such lands shall be listed and diagrammed on the crop-listing affidavit and returned as herein provided, together with the original and one duplicate copy of such application, the remaining duplicate copy to be redelivered to the applicant.

Provided, that any one listing and insuring crops with the assessor or the county auditor in "excepted counties" shall have all the privilege of withdrawal and reinstatement accorded to those whose lands are listed and assured in other counties. Such counties shall be known as "excepted counties" until such time as the land so listed for insurance upon application as aforesaid, shall equal twenty-five per cent of the land returned as in crop or to be sown or planted to crop in the year 1927, when they shall cease to be "excepted counties" and shall be no longer subject to this proviso. Provided further, that in any such reinstated counties should lands withdrawn in any subsequent year again exceed 75% per cent of the lands in crop or to be sown to crops, as returned by the Assessor for the year 1927, then and in that case such counties shall again be classified as "excepted counties".

It shall be the duty of the Insurance Commissioner each year, before the 15th day of February, to notify the Auditors of the several counties" or otherwise, and the Auditor ties are "excepted counties" or otherwise, and the Auditor shall thereupon cause notice of that fact to be published in the official paper once a week for four consecutive weeks and shall notify the Assessors in his county thereof.

The Assessor shall file the original and one duplicate of such affidavit with the County Auditor on or before the 1st day of June of each year, and a copy of such affidavit shall be left with the maker and shall constitute his policy of insurance. If the owner or tenant, or their agents, be absent or refuses or neglects to furnish such affidavit, the Assessor shall certify the number of acres cropped, the description of said land, and the name of the owner and tenant, if any, and file the same with the County Auditor, and such owner and tenant shall be bound by such certificate as to the facts so certified. Provided, that if any Assessor shall neglect to list such land or shall list it improperly any such owner or tenant or their respective agents, may list such land with the County Auditor prior to June 10th of any year by making affidavits as above provided, the originals of such affidavits to be filed by the County Auditor with the Hail Insurance Department immediately. Any Assessor who shall neglect or fail to list any land in the township or district in which he is Assessor, as provided in this section, shall be guilty of a misdemeanor.

It is further provided that in such cases where payment of hail indemnity taxes have been evaded, as where mortgagees and others pay general taxes without paying the hail indemnity tax where the County is shown to hold such taxes the Hail Insurance Department shall cancel the protection on any and all such lands until such time that such hail indemnity taxes with accumulated interest shall have been paid, or until the time that title shall have passed to another owner except the original mortgagor. And it shall be the duty of the County Auditors to notify the Hail Insurance Department when such evasions occur as well as when such payments are made that reinstatements may be effected in accordance with such rules and regulations as the Commissioner of Insurance may determine. STATE OF NORTH DAKOTA
OFFICE OF THE GOVERNOR
BISMARCK

March 1, 1927.

V E T O.

To the House of Representatives of the
State of North Dakota:

I have before me House Bill No. 218 which permits the State Insurance Commissioner to publish statements in any or all newspapers of general circulation in the state.

Our present law provides an official newspaper for every county of the state and requires that all legal notices and statements shall be published in such official newspapers. Our newspaper law may not be right, but since we are operating under the provisions of that law there can be no justification in taking part of the work away from the official papers.

House Bill No. 218 looks rather like poor sportsmanship on the part of certain newspapers that were unsuccessful in their efforts to be designated official newspapers.

I have, therefore, vetoed the bill and return it herewith.

Very truly yours,
A. G. SORLIE,
Governor.

At the time stated in the notice the Commission shall cause the work to be inspected, and if it claims the work has not been completed it shall with all reasonable dispatch, having regard to the early completion of the work, specify the particulars in which it is incomplete and direct that it be completed accordingly, or if it considers further work necessary to bring the project up to the desired standard for acceptance either by it or the United State Bureau of Public Roads, even though it considers such contract complete, it may likewise specify any such additional work, and the contractor must proceed with all reasonable dispatch, having due regard to weather conditions, with the performance of all such additional work with a view to a speedy completion of the project. MOTIONS AND RESOLUTIONS

CONCURRENT RESOLUTION

Introduced by Mr. Johnson of Ward

A Concurrent Resolution Authorizing, Advising and Requiring the Industrial Commission to Dispose of the Drake Mill and Elevator by Sale or Lease.

Be It Resolved by the House of Representatives of the State of North Dakota, the Senate Concurring:

Whereas, the State-owned Drake Mill and Elevator was operated at such a tremendous loss that it became necessary several years ago to discontinue such operation, and

Whereas, for many years last past the said Mill and Elevator has been unused and idle because it could not be operated except at a great financial loss to the State, and

Whereas, it is necessary to maintain at all times a caretaker for and at said Mill and Elevator at a large annual expense, for which no financial return can be had, and

Whereas, said Mill and Elevator is fast deteriorating, going into disrepair and decay, and quickly approaching the time when it will be entirely worthless and become a total loss.

Now, Therefore, Be It Hereby Resolved by the House of Representatives of the State of North Dakota, the Senate concurring, that the Industrial Commission be authorized, advised and required to, at once, advertise for bids for the

sale or lease of said Mill and Elevator and to accept the best bid or offer therefor, provided that an offer is received which in the judgment of a majority of the Commission is reasonable, in view of the circumstances and conditions of the property, and the continued expense of caring for and maintaining same; all to be done in the manner and with the powers provided in Section 9 of Chapter 295, Session Laws 1923, as amended by Section 4 of Chapter 163, Session Laws 1925.

MOTIONS AND RESOLUTIONS

Mr. Traynor arose to a point of personal privilege.

Mr. Speaker: In vetoing House Bill No. 83 Mr. Sorlie used the following language:

"Furthermore this Bill has been sponsored by the Insurance Lobby that has been at work during the present session in hopes of entering a wedge for the destruction of our Insurance Laws."

Mr. Speaker, that Bill was not sponsored by any lobby of any kind, insurance lobby or otherwise. That Bill was spon-

sored by me in defense of the taxpayers of the district whom I am honestly and conscientiously trying to represent, who in 1926 withdrew 94% of the cropped lands in the county of Ramsey from the provisions of the Hail Insurance Laws, and in 1925 withdrew 96% from under the same unfair and unjust statute. I challenge the man who is now Governor of this state to show, in his entire career, one act that was as much in compliance with his duty to his constituents, as was my attempt to put a stop to this drain upon the pocketbooks of my people, whereby money is being taken from them against their wishes and in return for which they are receiving absolutely nothing.

REPORTS OF STANDING COMMITTEES

Mr. Speaker: The Majority of your Committee on State Affairs, having had under consideration:

The Concurrent Resolution introduced by Mr. Burkhart, regarding the matter of reports required by law to be made by the Governor to the Industrial Commission concerning the management and operations of the State Mill and Elevator.

And makes the following report:

1.

The matter stated in paragraph three of the Resolution is wholly untrue. The facts are that the Governor has submitted no reports whatever to the Industrial Commission during his managership of the State Mill and Elevator; that no reports have been filed with the Commission, prepared by F. F. Burchard, except one certain balance sheet as of March 31, 1925, and an operating statement for the period from January 1, 1925, to March 31, 1925, which statement does not in any respect comply with the provisions of Section 7 of said act, which requires that a statement shall be filed on the first day of July and January of each year showing the condition of the business during the preceding six months period, and that no reports have been filed with the Industrial Commission by K. C. Nelson, prepared at the direction of the Governor. That the only reports filed with the Commission, covering the years 1925 and 1926, were the monthly reports by K. C. Nelson, as auditor for the Industrial Commission, under the provisions of the last part of Section 6, Chapter 163, Session Laws of 1925, which reads as follows: "And without further demand, it shall be the duty of such auditor, immediately following the last day of each month, to furnish to the Governor, and to the Industrial Commission, a summary of the business conditions and the affairs of such association". That the said reports so prepared and filed by Mr. Nelson are on file with the Industrial Commission, and the substance thereof is set forth in full in the Industrial Commission reports for the years 1925 and 1926, on file with the Secretary of State, a copy of the Industrial Commission report for the year 1926 being on file with the House of Representatives of the Twentieth Legislative Assembly.

2

With respect to the matters stated in paragraph four of the resolution, the Committee finds that the Industrial Commission has not printed and distributed, for the use of the Members of the Legislature or otherwise, copies of any reports filed by either of the said auditors; and with respect thereto the Committee finds that the State Board of Auditors, consisting of the Attorney General, State Auditor and Secretary of State, have heretofore printed and distributed, for the use of the Members of this Legislature, copies of the summary of the 1926 audits of the state Mill and Elevator and the Bank of North Dakota, prepared by O. B. Lund, accountant and auditor for said State Board of Auditors.

3

With respect to the matter stated in paragraph five of the resolution, the Committee finds that the Industrial Commission has received no reports from the Governor, to be printed and distributed by it under the provisions of Sec. 7, of Chapter 163, Session Laws of 1925, and as a result has been unable to comply with the direction of said statute.

With respect to the matters stated in paragraph six of the resolution, the Committee finds the following:

(a) That K. C. Nelson has submitted no monthly reports to the Industrial Commission at the direction of the Governor, but that the report which he has submitted were prepared and submitted to the Commission by him under specific direction of the law above cited, Sec. 6, of Chapter 163, Session Laws of 1925, and that instead of submitting such reports at the direction of the Governor, the fact is that the Governor attempted to direct the said auditor not to file such monthly reports showing the condition and the affairs of said Association.

(b) That the said K. C. Nelson is not in the employment of the state Mill and Elevator, but is in the employment of the Industrial Commission under the provisions of said Sec. 6, of Chapter 163, Session Laws of 1925, which provides, "it shall also be the duty of the Industrial Commission to employ an auditor for such mill and elevator association * * *", and is under the direction and control of the Industrial Commission only.

The Majority of your Committee further reports, that in finding the foregoing facts, it heard statements submitted to it by F. F. Burchard, John Gammons, Secretary of the Industrial Commission, Joseph A. Kitchen, Commissioner of Agriculture and Labor and George F. Schafer, Attorney General; that F. F. Burchard stated to the Committee, in substance, that he had prepared and filed with the Secretary of the Industrial Commission, as well as with each member of the Industrial Commission separately, twenty-five monthly reports covering the financial condition of the state Mill and Elevator, being for the years 1925, 1926 and the month of January, 1927; that John Gammons, in his statement to the Committee, stated that no monthly reports whatever had been received by the Industrial Commission from F. F. Burchard, or any reports certified to by F. F. Burchard, except the one report as above mentioned; and that both Joseph A. Kitchen and George F. Shafer stated unequivocally to the Committee that neither of them had ever received any reports at any time from F. F. Burchard, or any reports or statements certified to by him and prepared by anyone else, and that neither of them had received any communication of any kind from F. F. Burchard upon the subject.

That in the opinion of the majority of your committee on State Affairs, the statements contained in such resolution are not founded upon fact as disclosed to this committee upon their investigation therein, and such majority therefore

recommend that the said resolution be rejected and that no further consideration be given thereto.

Mr. Freeman moved that the report be adopted.

There appearing to be a conflict in the evidence and it further appearing that the Industrial Commission has made no demand for this report alleged to be overdue about 24 months, it appears to me that it comes with poor grace to raise the issue at this time.

The question being on the motion of Mr. Freeman that the report be adopted, a vote was taken and the report was declared adopted.

Mr. Traynor moved that the vote by which the report of the Majority of the Committee on State Affairs relative to the Concurrent Resolution introduced by Mr. Burkhart was adopted be reconsidered and the motion to reconsider be laid on the table.

Were delivered to the governor for his approval at the hour of 9:30 o'clock A. M., March 3.

E. E. VEITCH,
Chairman.

Mr. Trubshaw arose to a point of personal privilege and asked that his remarks be recorded.

In his veto message on house bill No. 218 the governor of this state says that the bill looks like poor sportsmanship on the part of certain newspapers that were unsuccessful in their efforts to be designated official newspaper. I introduced the original bill in this house covering the subject in question, and I want to say that the governor fails completely to state the facts in his entirely unwarranted conclusion.

The North Dakota Press Association, at its state convention in January of this year, adopted resolutions endorsing certain changes in the newspaper laws, and H. B. 218 embodied some of those resolutions. The bill was introduced at the request of the legislative committee of the press association pursuant to such convention action. It was agreed, even by publishers who own official newspapers, that it would only be fair to allow all the newspapers of general circulation in the state to secure a share of these insurance statements. The bill vetoed by the governor would not have cost any person in this state one additional cent. It had the unanimous endorsement of the men chiefly concerned, the newspaper men of this state, and the governor's statement that the bill looks like poor sportsmanship on the part of any newspaper or newspapers I consider an unwarranted insult to all those newspaper men, who, through their convention action, asked for the passage of this bill.

I vote "no" on this bill because an amendment was put on by the majority party of this House putting this department under the charge of the Secretary of the Industrial Commis-

PETITIONS & COMMUNICATIONS

STATE TRAINING SCHOOL
Mandan, North Dakota

Hon. William Watt, Chairman,
House Appropriations Committee,
The Capitol,
Bismarck, North Dakota.

Dear Mr. Watt:-

Replying to your request that you have submitted to you in writing an outline as to the "Whys" of the \$48,000 deficit that will occur in case additional monies are not appropriated for the biennium 1925-27.

During the past year we have had an increase of boys from 83 to 138, the girls have increased from 34 to 57, this in spite of the fact that we have not attempted to keep the students as long as we should have kept them or as long as we have been in the habit of keeping them. The increase in population by per cent is slightly over 66% while the increase of monies asked is slightly under 25%.

Ordinarily this would be sufficient reason for the request of the increase, but due to the fact that we have guarded closely and well our meagre treasury, (even to the point of being penurious) we have been able to keep our request to the modest sum of \$48,000.

During the past year we have made many repairs and replacements that were not anticipated at the time of making out the budget of two years ago, therefore no monies were appropriated for this work. A new boiler had to be installed as the former one, tho not old had been eaten thru, this at a cost of \$550; a new flag pole had to be erected, cost \$250; repairs made on water and steam lines; there was \$7,000 allowed for insurance, we had to pay out \$8,982; the monies appropriated under the head of "interest on borrowed monies" fell \$900 short; by a careful scrutiny of the books these items could be dragged out an infinitum as there were many repairs unlooked for which had to be done.

It is no pleasure to be asking for extra appropriations, while it is comedy to some folks it is tragedy to me.

Respectfully,
WILLIAM S. McCLELLAND,
Superintendent.

The House referred to the Fourteenth Order of Business.

He shall note upon a diagram on the crop listing blank the location of such land in crop or to be planted or sown to crop during such year and shall return and file the same with the County Auditor on or before the 1st day of June in each year. In case the number of acres in crop, as shown on the crop-listing affidavit in the column providing for showing such crop lands, does not correspond with the crop acreage shown on the diagram on the crop-listing affidavit, the number of acres as given in the cropped land column shall govern. Such Assessor, in addition to the compensation allowed by law, shall receive the sum of \$15.00 for every full township of thirty-six sections, or at the rate of seven cents per hundred acres or fraction thereof listed, whether tillable or not.

It is further provided that in such cases where payment of hail indemnity taxes have been evaded, as where mortgagees and others pay general taxes without paying the hail indemnity tax where the County is shown to hold such taxes the Hail Insurance

Department shall cancel the protection on any and all such lands until such time that such hail indemnity taxes with accumulated interest shall have been paid, or until the time that title shall have passed to another owner except the original mortgagor. And it shall be the duty of the County Auditors to notify the Hail Insurance Department when such evasions occur as well as when such payments are made that reinstatements may be effected in accordance with such rules and regulations as the Commissioner of Insurance may determine. Provided that such applications asking reduction from listed acreage must be submitted to the Hail Insurance Department for approval not later than the first of October of the year listing was made, in order that the levy for hail indemnity tax may be based on the proper acreage. Provided, further, that in similar manner the Insurance Commissioner may, in case of error, abate any hail insurance tax wrongfully levied and refund any such tax wrongfully collected under the provisions of this Act upon presentation to him of a written application in the manner and form as the Commissioner of Insurance may provide.

In such actions the State shall be designated as the State of North Dakota, doing business as the Hail Insurance Department of the State of North Dakota, and the service of process therein shall be made upon the Commissioner of Insurance. Such actions may be brought in the same manner and shall be subject to the same provisions of law as other civil actions brought pursuant to the provisions of the Code of Civil Procedure. Such actions may be brought in the County where the crop is or was grown. The provisions of Sections 375 and 657, the Compiled Laws of 1913, shall not apply to claims against the State affected by the provisions of this section. A judgment rendered in such an action shall constitute an allowed claim against the Hail Department of the State of North Dakota, and shall be paid in the same mode and manner as other allowed claims against the Hail Department of the State of North Dakota. No action upon any claim for loss by hail shall be brought after three years from the time the loss occurred, and no action for a refund of indemnity or flat tax, or both, paid, shall be brought after three years from the first of December of the

A Bill For an Act relating to banks, providing for Secured Savings Deposits, fixing the reserve, limiting the investment of such deposits, exempting the same from the Depositors' Guaranty Fund Law, establishing a first lien on general assets, providing notice of withdrawal, the keeping of separate books and records, and providing a penalty for the violation of the provisions hereof.

Which the House has amended as follows:

In the title of the bill, line 1 after the word "for" insert the word "Secured" and in line 3 after the comma following the word "law" insert the following: "establishing a first lien on general assets, providing notice of withdrawal, the keeping of separate books and records,".

Strike out Sections 1, 2, 3, 4, 5 and 6 and insert in lieu thereof the attached Sections 1 to 4 inclusive.

Section 1. Secured Savings Deposits; Established; Limit of Amount; Interest. Any bank or trust company may establish a class of deposits to be known as "Secured Savings Deposits", which shall not exceed in amount for any one depositor the sum of Five Hundred Dollars. Interest thereon shall not be promised or paid, either directly or indirectly, to such depositor in excess of two and one-half per cent per annum, but the same may be compounded quarterly or semi-annually.

Such banks shall maintain and keep as cash reserve an amount which shall equal ten per cent of its total Secured Savings Deposits, four-fifths of which amount shall, as nearly as practicable, consist of balances due from reserve agents to be approved by the State Banking Board, and carried in the name of such bank in an account entitled "Secured Savings Account of _____ Bank of _____, N. Dak.", and as nearly as practicable, not exceeding one-fifth of such reserve provided for herein may be kept in another department of such bank.

Section 2. Investments Restricted. Any bank having Secured Savings Deposits shall invest the deposits received in such department only in bonds or certificates of indebtedness of the United State, the State of North Dakota, any County or School District within the State, or such other political subdivisions of the state, the bonds and certificates of indebtedness of which may, from time to time, be approved for investment of such deposits by the State Banking Board.

Section 3. Reserve and Investments to be Kept Separate; Pledging or Loaning of Assets Prohibited. The reserve, bonds and investments belonging to the Secured Savings Department of any such bank shall be kept separate and apart from other reserves, bonds, investments, loans and discounts of the bank, and shall be applicable only to the repayment of such Secured Savings Deposits, and shall not be pledged, loaned or hypothecated as security for loans of such bank or otherwise, excepting as permitted by section one of this act.

Section 4. Protection Removed Where Higher Interest Rate Paid; Secured Deposits Not Subject to Depositors' Guaranty Fund Law. The protection provided for in this act to depositors hereunder shall not apply to a depositor who accepts, either directly or indirectly or by whatever device, interest or compensation upon such deposit of a higher rate than provided for in section one herein, but he shall in such event be treated and considered as a common creditor of such bank. The deposits received by any bank under this act shall not be subject to the provisions of the Depositors' Guaranty Fund Law, and the amount thereof shall not be included in making return for assessment for account of such Fund.

Section 5. First Lien on Bank's General Assets; Exception. The amount of the cash reserve standing to the credit of the Secured Savings Department in any such bank shall be, and is hereby declared to be, secured by a first and paramount lien upon the assets of such bank in favor of such Secured Savings Depositors; save and except funds deposited in such institution belonging to the estate of any insolvent bank, deposited therein by the Receiver, or other person officially in charge, which shall have preference over all other claims. In the event of the closing of any bank having Secured Savings Deposits, if it shall appear that such deposits or investments have been wrongfully mingled with the other assets of such bank, or, except as otherwise hereinbefore provided, that such reserves and investments have not been maintained separately, but have been unlawfully co-mingled, such Secured Savings Deposits shall be deemed to be especially secured by a first and paramount lien upon all the other assets of such bank as in this section provided.

Section 6. Deposits; Notice of Withdrawal; Rule and Regulations to Receive Approval of State Banking Board. Deposits received under the provisions of this act shall be paid to the order of the depositor or his representative and shall be kept, maintained and paid out, with interest as herein provided for, under such rules and regulations as the Boards of Directors from time to time prescribe, not inconsistent with the provisions of this act and of the banking laws of the state, and shall be effective upon approval of the State Banking Board, and which shall be printed in a pass book furnished the depositor, and also conspicuously posted in the lobby of the bank in some place accessible and visible to all, and no changes which may at any time be made in such rules and regulations affecting the rights of depositors acquired previously thereto in respect to the deposits or interest thereon shall be operative until approved by the State Banking Board nor until sixty days after the posting of such change; provided, however, that in order to prevent loss to the depositor, by enforced sale of securities below their real value, it shall be lawful for the directors in their discretion, to require notice of one week before the withdrawal of any part of any secured savings deposits of more than twenty dollars and not exceeding one hundred dollars; of two weeks before the withdrawal of any part of any deposit or more than one hundred dollars and not exceeding two hundred fifty dollars; of three weeks before the with-

drawal of any part of any deposit of more than two hundred fifty dollars and not exceeding five hundred dollars, and in case where the deposit has been made on a certificate for a definite time and the depositor fails to withdraw the same within ten days after such definite time, then notice for withdrawal may be required as prescribed above, and provided, further, that the directors of any such bank may, and by the written consent of the State Banking Board shall, make any changes deemed necessary in regard to the notices heretofore required to be given by the depositor for the withdrawal of their deposits, by extending the time that notice shall be given by any depositor for the withdrawal of all such deposits, to a period of time not exceeding three months, and provided, further, that the directors may limit the aggregate amount that any depositor may deposit to such sum as they deem expedient to receive, not exceeding the amount limited under section one of this act, and may in their discretion refuse to receive any deposit, and may also, at any time, return all or any part of any deposit and the accrued interest thereon to any depositor without notice.

Section 7. **Separate Books To Be Kept; Reports To State Examiner.** Every bank which shall establish and maintain a Secured Savings Department, shall be required to keep separate books and records of the deposits made therein, and of the investments made and belonging to such department, and shall be required to make reports of the condition of such department to the State Examiner on the last business day of each month, and also at the time of making report of the condition of the general business of the bank, and which last mentioned report shall show separately therein the amount of such Secured Savings Deposits, investments and reserves, and upon forms prescribed and approved by the State Banking Board, and such Board may require in the published statement of condition of such bank that the same shall be set forth as separate items in such published report.

Section 8. **Not Applicable Until Secured Savings Department Established.** This act shall not apply to any deposit originating prior to the taking effect hereof, but shall apply only to new deposits thereafter made, nor shall this act be construed to limit or interfere with the establishing or conducting of a general savings department in State banks and Trust companies.

Section 9. **Penalty.** Every officer, agent, or clerk of any banking association who wilfully and knowingly subscribes or makes any false statements or entries in books of such association, or knowingly subscribes or exhibits any false paper with intent to deceive any person authorized to examine as to the condition of such association, or wilfully subscribes or makes false reports, shall be punished by imprisonment in the state penitentiary not less than one nor exceeding ten years, or in the county jail not exceeding one year, or by a fine not exceeding ten thousand dollars, or by both such fine and imprisonment.
