In Witness Whereof, I have hereunto set my hand and affixed the Great Seal of the State of North Dakota this 8th day of January, A. D. 1935.

(SEAL) JAMES D. GRONNA,
Secretary of State.

So the roll was called and there were 112 members present, Representative F. J. Shurr of Bottineau County being absent, so a quorum was declared present.

The Chief Clerk appointed Representatives Aljets, Traynor and Twichell to escort Chief Justice Burke to the rostrum.

Chief Justice Burke was escorted to the rostrum by the Committee.

The oath of office was administered to the 112 members by Chief Justice Burke.

Rev. Father Robert A. Feehan of Bismarck, North Dakota, offered prayer.

The Chief Clerk announced that the first order of business would be the election of a Speaker to preside over the House during the session, and that nominations were now in order.

Representative Hill: I have a member in mind that I am happy to recommend as the Speaker of this House, a man who has always taken a very deep interest in the affairs of the common people of this state, a man that has always had to fight for his rights and worked himself up to a position where he has been recognized by the people in his home county as a man capable and honest and willing and efficient in every way to represent them, and a man who merits your consideration as Speaker. I know him personally for many years; have been brought up not so far from the community where he lives. The gentleman I wish to present for your consideration is Mr. William Crockett from Cavalier County.

Representative Godwin: I rise to second the nomination of Mr. Crockett as Speaker of this House. I never knew Mr. Crockett until six years ago when he first came to Bismarck, a new member. During the time he has been here he has been tireless in his efforts in behalf of legislation in which he is interested, and in his championship at all times of progressive legislation before this body, which recommends him to me as a man eminently well qualified to hold this position and I take great pleasure in seconding the nomination.

Mr. Erickson (of McKenzie): At this time I would like to offer a candidate for the office of Speaker of this House, and the man I am about to mention has been a legislator here for the past five sessions, and the man I have in mind is Mr. George Aljets. He is a member from the 33rd District and the fact that he has been returned here by his

people back home for five successive years is evidence of where he stands with the folks back home. He has always been progressive in the movement for progressive legislation at all times, and has been at all times a man with certain convictions and the courage to stand up for them. There are certain qualifications that any man should have to fill the position of Speaker and I think George Aljets has the ability in every way, and the qualifications to fulfill the duties of the office of Speaker. I take great pleasure in presenting the name of George Aljets for Speaker.

Representative Gilbertson: Members of this Assembly, it is indeed a great pleasure to me today to second the motion nominating George Aljets for Speaker of this House, for several reasons. I know George very well, have worked with him in the session two years ago. Anyone that has ever worked with George knows that he is the fellow that bears a big load upon his shoulders at any session. You would always find George in the early hours of the morning, after the rest of us had all quit, doing his work. It was always "Let George do it," and I am sure that George will be favorable to almost every one that is here. I don't think there is anyone that has anything to say but that George would make a wonderful Speaker and would be right with everybody. So it gives me great pleasure in seconding the motion of George Aljets for Speaker of the House.

Mr. Savre: I second the nomination of Mr. Crockett for Speaker. I have served with Mr. Crockett these last two sessions and I have always found him working for the people.

Mr. Traynor: I wish to second the nomination of my good friend George Aljets for Speaker. In the five sessions during which he has served the people of the State of North Dakota and his district, it has been my privilege to serve also, and in those ten years I have had a pretty good opportunity to observe him, and I know that he is a man of great ability, a man of industry, and a man of an agreeable disposition; that he has been popular, not only with his own faction but with all of us, and in the problems that are confronting us in this session, I feel that a man of Mr. Aljets' ability, and his personality is eligible for this position; that he will set this House on such a basis that it will be better able to accomplish for the people of the State of North Dakota those things which they are crying loudly that they be accomplished, and so it is with pleasure that I second his nomination and urge that you all support him.

Mr. Thompson: I take great pleasure in seconding the nomination of George Aljets for Speaker. I have worked with him since 1925 and he has been a man you could go to at any time and talk with. We haven't always agreed on political questions but we could talk things over and not have any hard feelings, and he has been that way with every member of the House. He is a man of agreeable dis-

position, a man that if elected will serve the State of North Dakota to the best of his ability, a man that I think all factions—that I know all factions—would receive fair treatment from, and this is a time when people should forget their politics and vote for the interest of the State. There are some big problems before the State of North Dakota at this time—the biggest we have ever had. From the personal acquaintance I have had with George Aljets and from what I know of him, it gives me great pleasure to second his nomination for the position of Speaker.

Mr. Scholl: I want to rise to second the nomination of William Crockett for Speaker of this House. I have served with Mr. Crockett in the past two sessions and know something of his ability, something of his efforts, and became very well acquainted with Mr. Crockett in the work of this body. Mr. Crockett, to my knowledge, is one of the members of the Republican party, and believes in the principles of the Republican party, but I know from my association with him that he will be fair in his treatment, fair in his deliberations, and will render unbiased service to this House as Speaker, regardless of political affiliations, and it gives me a great deal of pleasure, as the ranking member of the legislature from the 46th district, to urge your support of William Crockett for Speaker.

Mr. Stray: As a new member it is perhaps not proper for me to say very much, but I know that is true of William Crockett. I know both men. I am pleased to know and understand that the other faction also endorse him. I understand only two factions here, that is the Democratic and the Republican, and as we are Republicans and both of these men are Republicans, as I know both of them, and am well acquainted with both of them, I will endorse William Crockett as a representative from Mountrail County, and ask you to support him if he is elected.

Mr. Cunningham: As a new member this session, and as a Democrat it gives me great pleasure to second the nomination of George Aljets. I think this Assembly has forgotten one thing. Mr. Aljets was chairman of the State Affairs Committee and carried the greatest load of any man during the past session. There was bill after bill brought into his committee, referred to his committee, there was a tremendous amount of work and Mr. Aljets carried that burden. I think with due respect to Mr. Aljets that he should be considered for Speaker, for which position I take great pleasure in seconding his nomination.

PETITIONS AND COMMUNICATIONS

State of North Dakota—Supreme Court

Bismarck, North Dakota,
January 9, 1935.

To the Honorable

The House of Representatives of the Legislative Assembly of
the State of North Dakota.

Gentlemen:

The Supreme Court begs to acknowledge the receipt of a copy of your Resolution of January 8, 1935, touching the litigation involving the right of Thomas H. Moodie to hold the office of Governor of the State of North Dakota. As a communication from a co-ordinate branch of the government the court has given it earnest consideration. I am authorized to say that the court appreciates the gravity and importance of this case and the desirability of its early determination. To that end the court has done, and is doing, everything possible to expedite its disposition.

This proceeding is by information in the nature of quo warranto. Ordinarily writs of quo warranto are not granted to try the title of an official to an office until the term has commenced and he has proceeded to act. But because of the necessity for a speedy determination of this case, with consent of counsel and under and by virtue of the declaratory judgment act, we took jurisdiction before the installation of Mr. Moodie in office.

The case involves a question of fact properly triable to a jury. Section 87 of the Constitution says "no jury trial shall be allowed in said supreme court." But the same section provides that "in proper cases questions of fact may be sent by said court to a district court for trial."

On January 2, at a hearing at which both parties were represented by counsel, this court announced and entered an order holding: " * * * that the issue involved is one to which the parties are of right entitled to a jury trial; that historically this is the general procedure and hence in a quo warranto proceeding in this Court an issue of fact should be referred to the District Court for trial unless the parties waive a trial by jury; that in this case because of the agreement of the parties the Court has the right to hear and determine the issue of fact itself; but a majority of the Court are of the opinion that orderly procedure requires otherwise and therefore this court will require the issue of fact in dispute to be submitted to a district court for trial."

Thereafter counsel in the case stipulated that it should be tried before Judge Buttz of the Second Judicial District. Accordingly an order was entered sending the case to the County of Ramsey for trial of the issue of fact. The court in that behalf ordered on January 7, that "The trial court is directed to proceed with the trial of the case as expeditiously as possible and upon the completion of the trial to forthwith certify to this court the verdict or findings as the case may be and a transcript of all proceedings had, including a transcript of the evidence."

You may rest assured that this court will do everything possible to secure an early orderly determination of the case.

Respectfully,

JOHN BURKE,
Chief Justice.

Mr. Twichell moved that the communication be received; that the Supreme Court be thanked for the courtesy, and that the communication be printed in the Journal as of today.

Which motion prevailed.

Mr. Brunsdale moved to suspend the order of business.

At this time Mr. Brunsdale presented a gavel on behalf of the delegation from Traill.

To the Members of the Twenty-fourth Legislative Assembly, Greetings:

I understand that it is my duty under Section 75 of the Constitution, which I have taken an oath to uphold, to present a message to you at the commencement of your session.

The time honored custom has been to present this message in person at a joint meeting of the two bodies, but personal duties make me unable to wait longer to do so. I have been absent from my family for something over five months and I must in a short time again devote myself to fulfilling certain duties on behalf of the Farmers' Union that will again

require my absence from home. I have therefore decided to present the individual members of the Legislative Assembly with my written message and accompanying this letter is a brief communication on the affairs of the state. I only hope that my remarks will be of assistance in shaping laws of benefit and protection to our people. In the transmittal of this message, I feel that I have fulfilled, as I understand it, my last duty as Acting-Governor, and in parting, I wish each of you Godspeed and may you truly serve our beloved state in preserving and promoting the interests of all of our people.

Respectfully submitted,

OLE H. OLSON.

Mr. Godwin moved that the communication and message be received, and that the same be entered in the Journal.

MESSAGE TO THE LEGISLATURE

By

Ole H. Olson

Acting Governor

Twenty-fourth Legislative Assembly
of the State of North Dakota

1935

MESSAGE

Gentlemen of the Legislative Assembly:

As outgoing Acting-Governor, it devolves upon me to appear before you to give you a short outline of the affairs of State at this time, together with a few recommendations that might be of assistance to you in enacting laws to promote the general welfare of the people of our State.

Four years ago the Legislature found it necessary to replace the old Capitol building destroyed by fire with a new structure which we are meeting in for the first time. We are all agreed that we have a structure which is a credit to the State, and it is being recognized as one of the most modern, practical, up-to-date architectural designs in the country. May this building be an inspiration and an ideal by which we can well be guided, even in the art of law making.

TAXES

Section 208 of our Constitution makes it the settled policy of the State to preserve to the families the homes they occupy. I believe it to be proper and necessary that we have a system of taxation based upon what is commonly known as the graduated land tax principle, that is, that certain exemptions be granted to owners of homes and farms in possession of and using their property as such and shifting some of this burden to those who hold for speculation more land than they can use. Furthermore, I believe that the only title to ownership of land belongs to the men and women who live on and till the soil.

THE DISTRIBUTION OF PUBLIC UTILITY TAX REVENUES

I recommend that the distribution of public utility taxes be so changed that tax revenues from such properties will be more equitably distributed to the various political subdivisions.

STATE CARE FOR INSANE, FEEBLE-MINDED AND TUBERCULAR

I believe that the State as a whole should assume all responsibility for the care of the insane, feeble-minded, and tubercular in state institutions in the same manner as the penitentiary is financed, and relieve the counties of this burden.

STATE SUPPORT OF LOCAL EDUCATION

It is the duty of the State to its citizens to see that they have equal opportunities to secure an education, regardless of location, and in the measure the state should assist financially those who are unable to give that required training. This applies particularly to rural schools.

THE OLD AGE INSURANCE OR PENSION SYSTEM

Realizing the necessity of security in old age, the 1933 Legislative Session enacted an old age pension law. The income which this law provided proved to be inadequate to take care of the 4,000 persons who have been approved as entitled to old age pensions. I urge your serious consideration in correcting this condition in order to make the law more effective.

STATE EMERGENCY RELIEF OF UNEMPLOYED

Because of the extraordinary critical situation brought on by the drought, the Federal Government has financed the relief of the needy people of our State. Because of the very grave situation, I would urge that we draw upon all of the resources of our State to protect our people—that even the issuance of bonds be considered to assist our people in carrying on.

STATE MILL AND ELEVATOR AT GRAND FORKS

Having been interested in the cooperative movement for the past quarter of a century, it was my pleasure, together with the other members of the Industrial Commission, upon assuming my duties as Chairman of the Industrial Commission, to recognize and turn over the grain marketing business of the Mill and Elevator to the agency established as the Farmers National Grain Corporation, which has rendered us a most valuable and efficient service.

The Mill and Elevator at Grand Forks was originally promoted for the purpose of demonstrating the high quality of North Dakota Hard Spring Wheat and supplying the State with its products made from this wheat at a reasonable cost. It was also hoped that the institution would

operate at a profit that would meet the operating expenses, and in addition set up a fund to eventually pay the construction costs of the plant.

I believe the people of the state have realized considerable benefits in reasonable flour prices and also in wheat prices, due to the operations of the Mill and Elevator during the past twelve years, but all our hopes for these benefits have not been fully realized. In my opinion, the greatest obstacle in the way of successful operation of the Mill and Elevator has been the influence of political turmoil the business has encountered from time to time. This obstacle, or disadvantage, was recognized in the earliest operations of the plan, and legislation was passed from time to time, with the view of correcting this condition.

At the outset, the Mill and Elevator was managed by the State Industrial Commission, organized as the State Mill and Elevator Association. To remove the institution from politics, the Mill and Elevator Law was amended, providing for the placing of the management of the Mill and Elevator in the hands of a Board of Managers, consisting of five members. This arrangement resulted only in adding five more politicians to the Mill and Elevator management.

To correct this condition, the next Legislature amended the Mill and Elevator Act by giving the Governor full and complete management of the State Mill and Elevator.

In 1931 the Law was again amended, providing that the management be placed in the hands of three persons to be appointed by the Governor.

The Mill and Elevator law was again amended by the Legislature of 1933, re-establishing the Mill and Elevator association, consisting of the State Industrial Commission, which leaves the management in the same position as the original law under which the plant was built and started operations. In other words, we have made the rounds of all these plans to take the Mill out of politics and now we are back where we started.

I have come to the conclusion that the Mill and Elevator is in politics only as far as it is put in by its management in charge. I believe that we should benefit from our past experiences gained from the changes and leave the Mill and Elevator management in the hands of the Industrial Commission as originally planned. The Mill and Elevator will be in politics to the extent it is put in, and responsibility can then be centered in the Commission of elected officials.

When I became a member of the Industrial Commission, one of the first moves made was to reduce the amount of wheat required at the Mill in exchange for a barrel of our Dakota Maid Flour from seven to six bushels, in this way saving farmers a bushel of wheat for each barrel of flour they consume. About 27,000 barrels of flour have been exchanged for wheat by the State Mill since this rule was put into effect about August 1. This meant a saving during

this time of about \$27,000 to the people who dealt with the State Mill. The other flour mills of the State generally followed suit, which means that several times this amount was saved by all the farmers of the State. The price of flour sold for cash in the State has been kept down to a reasonable margin of profit during this time.

The compilation of the financial results of the operation of the Mill for the month of December, 1934, has not been completed and is not available at this time. The statement of affairs as compiled by the Mill Accountant and presented to the Industrial Commission for the period from August 1 to November 30, 1934, shows an operating profit for the period of \$88,854.99, or about \$22,000.00 per month. This is the profit before taking into account charges for depreciation and bond interest. The previous period of the year, January 1 to July 31, 1934, as compiled by the State Board of Auditors, shows an operating loss of \$16,519.39 before considering bond interest and depreciation.

The report from the Mill shows 240,314 barrels of flour manufactured during the four months from August 1 through November 30, 1934, or an average of over 60,000 barrels per month, which is one of the best showings in the history of the Mill. We have made considerable progress toward the use of the Mill and Elevator for service to our people and not for profit and despite expectations by some, have found this to be the best financial policy as well.

This was done with the high quality of our Pure Northern Spring Wheat flour as the only sales argument, which leads me to continue believing that the results of the operations of the State Mill and Elevator could be made to fulfill all our expectations if it is operated on a sound service and business basis and kept out of factional politics.

The employment of a competent and qualified manager, free from political influence and with a free hand of business policies, is the most important factor in the successful operation of the Mill.

BANK OF NORTH DAKOTA

The Bank of North Dakota has been conducted with a view to efficient and profitable administration. An operating profit of approximately \$300,000 was made during the current year.

The Industrial Commission ordered the payment of \$4,000,000 of North Dakota bonds not yet due, which made a total payment and cancellation of \$5,000,000.

The experience of the Bank of North Dakota in collecting interest on farm loans clearly indicates that funds for interest must be obtained from other sources. The past year \$1,100,000 was transferred from the Motor Vehicle Registration Fund. Unless another source of income is found for the Real Estate Interest Fund, it might be well to renew the law again, transferring a part of the Motor Vehicle Registration fees.

This institution has been of immeasurable service to the people of our State.

BUDGETS

I urge your serious consideration of the budgets as submitted by the Budget Board. Of course, we realize that it is necessary to keep expenses down as much as possible, but we must not go so far as to cripple the successful operations of the state departments. The Budget Board has tried as near as possible to keep within the limits recommended by the last Legislature, and I believe the vetoing of items passed by the Legislature was a serious mistake and not in line with good business policy.

GOVERNOR'S OFFICE

On July 20, 1934, when the affairs of that office came into my hands, I found that the appropriation supposed to last until July 1, 1935, was practically exhausted. In order to secure the assistance needed to carry on the efficient work of the office, I appointed C. Liebert Crum as Grain Storage Commissioner, and as the duties of that position are now light, he loyally and ably devoted practically all of his time to problems of the moratorium and other legal business concerning the Governor's office, and in cooperation with others in the office whose loyalty and assistance I value highly, relieved me of the burden of many troublesome and important matters. I estimate that something over 3,000 cases involving the moratorium have been handled during the past six months.

In general, I may say that the many serious problems that today confront our people cause them to apply more and more to the governor's office for guidance, assistance, and advice, and unless this demand is to be ignored, or lessens, provisions must be made for an increased staff of more than ordinary training and ability for that office.

GENERAL POLITICAL CONDITIONS

I believe we all admit that for some time in North Dakota we have experienced a hectic and unsettled political situation. There have been charges and counter-changes, great surges of human passion have swept over the prairie, and have found bitter expression. We face the New Year for which I have great hope. Let us not be discouraged. Let us remember that such situations have occurred before. Let us not, however, forget the lessons we have learned. These United States themselves were founded amid turmoil and in its infancy the Father of our Country, George Washington, our first President, discussed a similar situation in the following words. I quote from his farewell address, delivered in 1796.

"The alternate domination of one faction over another, sharpened by the spirit of revenge natural to party disension, which in different ages and countries has perpetrated the most horrid enormities, is itself a frightful despotism.

But this leads at length to a more formal and permanent despotism. The disorders and miseries which result gradually incline the minds of men to seek security and repose in the absolute power of an individual; and sooner or later, the chief of some prevailing faction, more able or more fortunate than his competitors, turns this disposition to the purposes of his own elevation, on the ruins of public liberty.

"It serves always to distract the public councils and enfeeble the public administration. It agitates the community with ill-founded jealousies and false alarms, kindles animosity of one part against another, foment occasional riot and insurrection. It opens the doors to foreign influence and corruption."

I sincerely feel that the warning and advice uttered by the father of our country nearly 139 years ago as the essence of an unselfish wisdom distilled from long experience in public life have been confirmed over and over again and that one must be unworthy indeed to refuse to profit by our recent demonstrations of the soundness of such remarks.

MORATORIUM

I earnestly recommend that serious consideration be given to the question of the moratorium by the Legislature that we may have a legal moratorium and thus take this responsibility off of the shoulders of the Chief Executive.

PUBLIC OWNERSHIP

I feel that the trend of our national government is and should be toward an extension of the practice of public ownership, of public utilities, and I believe that the state should encourage, in a practical way, municipal ownership and operation of public utilities, and that cooperative groups of farmers should be assisted to set up a system of storage, distribution, and marketing of their products.

CONCLUSION

Too long have we had a tendency to classify all suggested solutions of our economic and social problems by labeling them socialism, capitalism, or some other "ism." Such tactics have in the past taken the place of thinking and have retarded progress. I trust that this legislature will face its problems free from such prejudice and as free as possible from party prejudices and examine each issue presented in the manner of one sincerely working for the common good.

In closing, may I thank the officers and employees of the State for the courtesy and consideration that has been shown me. To the gentleman who succeeds me, I sincerely extend my best wishes and may he bring the people of North Dakota peace, progress, prosperity, and rain.

In retiring from the responsibilities which circumstances thrust unexpectedly upon me, I feel that despite my personal shortcomings, I have honestly done my duty as it

came to me. I have tried to be unafraid and sincere, and I now leave you with my conscience clear and without regrets and may God guide you in shaping the destinies of the State toward better things and times.

OLE H. OLSON,
Acting Governor.

State of North Dakota
OFFICE OF THE GOVERNOR
Bismarck

January 11, 1935.

To the House of Representatives of the Twenty-fourth Legislative Assembly of the State of North Dakota.

Gentlemen:

Pursuant to the provisions of Section 75 of the Constitution of our State, I am submitting herewith my message to the Legislative Assembly.

Respectfully,

THOS. H. MOODIE,
Governor.

MESSAGE TO THE LEGISLATURE

by

Thomas H. Moodie
Governor

Twenty-fourth Legislative Assembly
of the State of North Dakota
1935

MESSAGE

To the Members of the Twenty-fourth Legislative Assembly:

I have the honor to submit to you, in accordance with constitutional provisions, a message as the incoming Governor of the State of North Dakota.

May I assure you at the outset of an honest and sincere desire to cooperate with the members of this legislature, which meets at a time when it must face and intelligently dispose of many grave problems touching the welfare of North Dakota.

May we together approach these problems, not in the spirit of political opponents, but as servants of the state elected by the people and charged with great responsibility.

In that spirit may we recognize and manfully face the fact that 250,000 of our people, or more, in approximately 50,000 families, at this time are upon federal relief rolls. May we recognize that these are times of social and economic crises, not only in North Dakota, but throughout the nation, which demand the most unselfish service, the most kindly consideration of the plight of the unfortunate, the keenest and closest analysis, and vision and planning which will fit the needs of the times and the condition in which approximately one-third of the people of North Dakota find themselves.

May we hope that as we honestly and resourcefully face this great human problem we shall have the support and co-operation of all the people and that splendid spirit they have ever demonstrated. May we be guided by the principle that the welfare of the people must be the first concern of the state. Upon the honor and integrity of the individual, and upon his individual resourcefulness, much depends at this time in North Dakota.

The relief situation in North Dakota is largely the result of forces which the people cannot control, such as continued drouth, crop failure, low prices for agricultural products, to gether with unemployment, which finds upon our registered unemployed lists more than 30,000 people in the state's towns and cities.

The results of these conditions are pitiful in the extreme. They are a challenge to co-operation which should submerge all merely partisan considerations and invoke not only sympathy but constructive action, since the social and moral consequences of these conditions are clearly evident all about us.

May the same splendid spirit which has sustained the people through continuing years of crises inspire the officers of the state to the highest sense of duty, to a realization that political situations should never rank above human considerations, and that as North Dakotans we must resolutely go forward to better days and to the honest and constructive solution of the many vexed matters with which we are now confronted.

I am confident we shall have this co-operation, and for my part I cheerfully pledge it to the members of this legislature and to the people of the state.

North Dakota is an agricultural state with a fixed destiny. Basic to the prosperity of every interest in this state is the interest and the welfare of the North Dakota farmer. May this fact always be borne in mind in the shaping and passage of economic legislation by our legislature. I stand firmly for the co-operation of the state in assisting farm co-operatives, in disseminating education which will make available to our people the tremendous recent results of scientific re-

search. So far as it is within the province of the state to do so, it should continue to take an active interest in the farmers' marketing problem, and to support very well-considered measure which will safeguard his interests in the field of marketing.

There has recently been created under federal supervision, and is now functioning, a state planning board. It is directing study to intelligent and co-ordinated plans for the fullest development of all the state's resources. It is my understanding that it will give special attention to a land use program which I am convinced is the place of beginning for the solution of many of our agricultural problems. May I hope for the fullest co-operation from the legislature for this body and its work.

In addition to the land use program it will give special attention, I am informed, to the subject of water conservation which has become of outstanding interest in North Dakota. The planning board will also take up many others matters within its legitimate field.

The theory under which it is organized and work which it is undertaking follows like action in other states which has already had splendidly constructive results.

From my limited opportunity to become familiar with the financial situation of the state I am convinced that the most important matter which will come before this legislature is consideration of our taxation problem.

It is my belief that the system of taxation under which we are operating no longer fits the times nor the needs of the state of North Dakota.

Evidence that our present taxation system has broken down is plentiful in the figures covering delinquent taxation, in foreclosures under which our people have lost their homes or their property, in the plight of the state educational system, and in the abuses which have grown up as a result of these conditions. The state must continue to function; it must continue to pay its bills; it must continue to support an adequate educational system; it must discharge its duties to the aged and indigent; it must continue to care for those who, because of mental affliction or physical limitation, are unable to take care of themselves.

It is most evident that many appealing plans for social betterment already under way in other states must await better times and more ability on the part of the people to support them than is now evident in North Dakota.

I believe consideration of the taxation problem is a matter which should be gotten under way, at the earliest possible moment, by the committees on taxation of the House and the Senate, to the end that as soon as possible the legislature may have available for debate and consideration a revised system of taxation which will meet the vexed conditions with which we are confronted in this field today.

It is also most evident that there must be the most rigid economy in the conduct of all the departments of the state. We have too often in the past promised economy without effecting it. There is a distinct and emphatic challenge in present conditions to make economy in the administration of state affairs a reality rather than a campaign promise or a party shibboleth.

To this end it is possible that the interests of the state may be well served by a survey of all its departments made by competent authorities to the end that duplications be avoided, that a consolidation of duties be effected within departments and that systems of operation be developed which will reduce operating expenses to a minimum which will still insure the utmost efficiency.

I hope this session of the state's legislature will again go on record in support of the Great Lakes-St. Lawrence Waterway, and also for a resurvey of the Missouri River Diversion project which I am convinced has been dismissed without the consideration it merits from the federal government at a time when it is most apparent, because of unemployment and general conditions, that large unit water conservation projects of practical utility are most necessary in the new national economy.

The harassing experiences of the past few years have caused grave concern among our people concerning their homes. I am continuing the moratorium of Governor Ole Olson during the present emergency conditions, since I believe that it is of paramount importance that our people shall be assured they shall not lose their homes at a time when they are handicapped by drouth, low prices for agricultural products, the pitiful results of unemployment and other factors which enter into the distress situation of these times. I am opposed to and shall oppose moratorium by executive order except in cases of the gravest emergency. I shall favor and advocate a moratorium law which will protect our homeowners, our businessmen who are suffering the reaction of general farm conditions, and all honest interests which now find themselves in financial difficulties which are the result of an emergency situation. I hope for the passage of a moratorium law embodying the feature of judicial determination which will meet the needs now so clearly in evidence in the field it is designed to cover.

I am unalterably opposed to the practice which has grown up within our state of collecting campaign funds from either state or federal employees on a percentage of salary basis. It is my belief that this system has resulted in much corruption, in rewards for inefficiency, in vitiated morale among state employees, and in a train of evils that should give all friends of clean and honest government the greatest concern. I favor civil service for all state employees in classifications to be determined in accordance with the civil service system as it has been successfully demonstrated in other states.

The need for economy in conducting the affairs of the state is so evident that I hope the legislature may find time and

opportunity to consider the advisability of adopting certain measures to effect it. May I suggest as worthy of consideration to the end of effecting economies:

1. The abolition of the preferential presidential primary.
2. The election of state officers for terms of six years, no officer to be eligible for re-election after having served a six years' term.
3. Investigation of the economies which may be effected by the abolition of minor political subdivisions, which have not the ability to meet current tax levies; consolidation of counties and school districts.
4. Consideration for the unicameral legislative system.

I do not deem it a duty of an incoming governor to discuss in detail the affairs of state departments. These are before the legislature in reports of state officers with much fidelity to detail. I commend them to the careful investigation of the members of the house and senate.

In conclusion may I reaffirm a pledge that I will co-operate in every way possible along sound and constructive lines to make the present session of the legislature constructive and effective in dealing with all the problems of the state.

Mr. Godwin at this time moved that the Chief Clerk notify retiring Acting Governor Olson that his message had been duly received by the House.

Which motion prevailed.

WHEREAS, we, the members of the School Board of Greenfield School District No. 2, Griggs County, North Dakota, have the schools in our custody, and looking after the interest of the same and too for the best interest of the taxpayers, and

WHEREAS, we deem it a vital necessity, in these times, to economize to the fullest extent possible and thereby relieving the taxpayers of some unnecessary tax burden,

NOW THEREFORE BE IT RESOLVED, That we be in favor of combining the offices of Clerk and Treasurer of the School District into one office, and the office of Clerk and Treasurer of the townships in like manner, thereby discontinuing the Treasurer's and making it Clerk-Treasurer, that is the clerk on each Board assume the work as Clerk-Treasurer, and further

BE IT RESOLVED that said Clerks to be bonded in the same proportion as the now existing Treasurers; by making this change would mean a saving in Griggs County alone of over \$1,000.00 in taxes annually.

Which request was granted.

January 11, 1935.

The Honorable P. O. Sathre,
Attorney General,
Bismarck, North Dakota.

My dear Mr. Sathre:

Under provisions of Section 83 of the Constitution and Section 157 of the Compiled Laws of North Dakota, 1913, the Attorney General is made the legal advisor of both branches of the Legislature. As a member of the Legislature, therefore, I am taking the liberty of asking your opinion upon the following questions:

1. In what manner, if at all, can the pending court proceedings attacking the qualifications of Thomas H. Moodie to hold the office of Governor of the State affect the official acts of the Legislative Assembly?
2. Does the presumptive uncertainty which may be said to exist as to Mr. Moodie's future status in any way affect the legality of his acts as Governor of this State?

Respectfully submitted,

THOMAS BURKE.

State of North Dakota

OFFICE OF ATTORNEY GENERAL

Bismarck

January 11, 1935.

Honorable Thos. J. Burke,
Member of the House of Representatives,
Bismarck, North Dakota.

My dear Mr. Burke:

I have your letter of January 11th, asking for an opinion upon the following questions: (1) In what manner, if at all, can the pending court proceedings attacking the qualifications of Thomas H. Moodie to hold the office of Governor

of the State affect the official acts of the Legislative Assembly?; (2) Does the presumptive uncertainty which may be said to exist as to Mr. Moodie's future status in any way affect the legality of his acts as Governor of this State? I shall answer your second question first.

At the election in the State on November 6, 1934, Thomas H. Moodie received the highest vote cast for Governor. Thereafter in due course the State Canvassing Board met and canvassed the vote and thereupon issued to Thomas H. Moodie a certificate of election to the office of Governor, he having received the highest vote cast for that office. Thereafter Mr. Moodie filed his Oath of Office in the office of the Secretary of State and on January 7, 1935, entered upon the discharge of his duties as such.

An action is now pending in the Supreme Court in which Mr. Moodie's right to hold the office of Governor is challenged on the grounds that he is not eligible under Section 73 of the Constitution.

Mr. Moodie having received his certificate of election, filed his Oath of Office, and entered upon the discharge of the duties of said office has a prima facie right to the office and in any event is an officer de facto. The general rule of law is that a person will be held to be a de facto officer when he has possession, and is exercising the duties of the office or when he has at least a fair color or right or title to the office or has acted as an officer for such a length of time as to afford a presumption of appointment or election. 46 C. J. 1053. See also 22 Ruling Case Law p. 588.

The law is also that the acts of a de facto officer are to be upheld as valid so far as they involve the interests of the public and of third persons, or until his title to the office is adjudged insufficient. The practical effect of the rule is that there is no difference between the acts of a de facto and a de jure officer so far as the public and third persons are concerned. Third persons have the right to assume that officials apparently qualified and in office are legally such, even though a contest is pending.

I am, therefore, of the opinion that any official act performed by Mr. Moodie as Governor during the pendency of the action referred to is legal and valid notwithstanding a subsequent decision that he is disqualified.

The same reasoning applies to your first question and it follows logically that the pending court action cannot in any way affect the official acts of the legislative assembly. See *Chandler vs. Starling et al*, 19 N. D. 144. *State of North Dakota ex rel William Langer vs. McDonald*, 41 N. D. 389.

Respectfully submitted,

P. O. SATHRE,
Attorney General.

P. O. Sathre, being first duly sworn, deposes and says that he is the duly appointed, qualified and acting Attorney General in and for the State of North Dakota; that at the time the petition in the above entitled matter was prepared and presented to this court praying for an order fixing a day for hearing, and requiring respondent Thomas H. Moodie to show cause by what warrant he claims the office of Governor of the State of North Dakota, sufficient facts were laid before your affiant as Attorney General to raise a serious doubt as to whether or not the respondent, Thomas H. Moodie, was a citizen of the United States. That since the preparation and filing of said petition, this affiant has made a personal research and investigation with reference to the citizenship of the said Thomas H. Moodie, and that such research and investigation has revealed to the satisfaction of this affiant that the said Thomas H. Moodie is a citizen of the United States. That this affidavit is made and filed in aid of the request herewith presented to this court for leave to strike and withdraw from said petition, hereinbefore filed, that portion thereof alleging that the said Thomas H. Moodie is not a citizen of the United States, said portion being Paragraph Nine of said petition.

To the House of Representatives of the
 Twenty-fourth Legislative Assembly,
 Bismarck, North Dakota.

I hereby acknowledge receipt of your resolution of January 14, calling upon me to submit evidence of my citizenship. By this resolution, I have been suddenly called upon to produce records and public documents over half a century old. These records are widely scattered over the United States, and being of a personal nature, are not available except upon sworn application setting forth the reasons for their being made public. This last requirement was unknown to me when I first attempted to secure such documents.

I have in my possession now such documents that have convinced the Attorney General of the state of my citizenship, but to eliminate all possibility of future doubt in the minds of any sincere persons, I desire to secure one more document before submitting this proof to you. Application has been made for this document, and it will be secured as speedily as possible.

Respectfully,

**TO THE HOUSE OF REPRESENTATIVES,
STATE OF NORTH DAKOTA:**

Our attention has just been directed to certain alleged statements said to have been made by one Sam Clark, former publisher of the now defunct Jim-Jam-Jems and the still later defunct Record, in a recent broadcast over station KFYR to the effect that both of the undersigned are now on the payrolls of the State of North Dakota.

We realize that Sam would sooner injure someone through false statements and down right lies than to tell the truth, and while we have little faith in the truthfulness of his present charges, nevertheless, we respectfully ask that the chair be authorized to direct the Sergeant-at-Arms to escort Sam to the floor of the House and he then and there be requested to inform the members of this assembly of the department of State by which either of the undersigned is employed, the date when said employment commenced and the salary being paid.

We respectfully submit that so far as we know neither of us is employed by the State of North Dakota, and if either of our names is being carried upon the payrolls of any department, such act is a fraud upon the people of this State and the guilty parties should be punished.

F. E. TUNELL,

State of North Dakota

OFFICE OF ATTORNEY GENERAL

Bismarck

January 22, 1935.

Mr. F. E. Tunell,
Secretary of the Senate,
Bismarck, N. Dak.

Dear Mr. Tunell:

Replying to your letter of the 22nd inst. relative to salaries of officers and employees of the Senate.

Section 34 C. L. enumerates the officers and employees of the Senate and of the House of Representatives and fixes the compensation which each one of the officers named shall receive for their services. This law has not been amended since 1907 and fixes the maximum salary which each of those officers may receive, and no branch of the legislative assembly may legally increase the salary of any of those officers without the concurrence of the other branch of the assembly through legislative enactment properly adopted.

"A legislative enactment expressing the legislative power of the legislative assembly pursuant to express constitutional provisions concerning the employees of each house and its expenses is paramount to the independent action of each house without the concurrence of the other." *State ex rel Wattam vs. Poindexter*, 48 N. Dak. 135, 183 N. W. 852.

I am, therefore, of the opinion that neither the House nor the Senate can by separate action order the payment of any salary to any of the officers named in Section 34 C. L. higher than that provided by that law, without amending by proper legislative action the section cited, and until the sec-

tion cited is amended no branch of the legislative assembly may by separate action order the payment of any salary to those officers higher than the ones therein provided.

Yours respectfully,

(Signed) CHAS. A. VERRET

Rep. E. J. Marks,
Bismarck, North Dakota.
Dear Sir:

I herewith send you a letter concerning the Feed Relief proposition in Burke County.

I will not write about my neighbors, I only give you an account of my own true experience, which happened here on my own farm.

We had (12) twelve head of cattle, four (4) hogs, (4) four head of horses and 80 poultry. We have been asking feed for this stock, and have been refused feed relief every time.

I have written about this to E. A. Willson of Bismarck, but no results, so at this time there are only (10) ten head of cattle, (2) two head of horses, (1) one hog and 16 poultry.

All this stock is deliberately being starved to death or in other words absolutely being murdered by this clique of chiselers in Bowbells by refusing to give me a feed loan. This stock is starving from lack of feed, while there is half million tons of feed standing on the track in Powers Lake.

I hope you will use this letter in a place where it will do some good to others as well as myself, as my stock is in such a poor condition, that if they do not get immediate feed, it perhaps will be of no use.

I am writing to you because I have tried every imaginable way to obtain feed, but have been unsuccessful, and I am sure you can be of help. I hope you will defend the constitution of the State of North Dakota with your life.

Thanking you in advance,

Yours respectfully,

MR. ANTON VAN BERKOM.

WHEREAS, The Twenty-third Legislative Assembly of North Dakota found it necessary to make severely drastic reductions in the salary appropriations for the employees of our state institutions, because of existing economic conditions and consequent limited revenues of the state; and

WHEREAS, It was generally agreed that such extreme limitations in salary allowances were to be considered as only temporary, during the severity of our financial depression, and that adequate remuneration should be provided for these public servants whenever improved conditions would make it feasible to do so.

BE IT RESOLVED: 1. That we express to the highly trained professional employees and all classes of workers in these institutions our sense of appreciation for the useful services that they are rendering to our state in the present emergency; and we hereby renew this expression of hope that, with economic improvement on the part of our people and the adoption of more equitable ways of raising revenues, the state may provide more adequate and proper compensation for their services.

2. That any amounts that may be appropriated by the Twenty-fourth Legislative Assembly for salary adjustments are intended to provide the needed funds to pay salaries of additional employees required at some institutions by reason of increased enrollments or population, and to increase the salaries of the employees who may be enduring the most hardship by reason of the present low scale of salaries. In allotting such salary increases, none should be considered who are now receiving fifteen hundred dollars a year or over.

CONSERVATION OF WATER

The House of Representatives,
24th Legislative Assembly,
Bismarck, North Dakota.

Gentlemen:

Water being of great importance to the welfare of our State, and having become very scarce during the last few years, it is imperative that this problem be given some thought and consideration to the end that "Conservation of Water" may be made compulsory in certain instances.

The Government is spending thousands of dollars in building dams throughout the State of North Dakota to conserve water. While on the other hand the Townships, Counties and the State are spending a like amount or more annually in building bridges to let water pass on unhindered and unobstructed. This water more precious than gold "is helped" on and on, to the Gulf of Mexico where it is not needed.

Why not keep some of this water that falls on our land where it will do that land some good. Why not build our bridges wherever feasible to do so, in such a way that part of this water will be held back and not lost. A bridge serving two purposes to the common good of all the people. A bridge for traffic to cross over on, and to act as a dam. It can be done. And it would cost but very little more than a bridge alone would cost. It would tend to hold back or check floods, and it would create a body of water from a dry gulch, or a small lake from a dry creek bed. What a difference this would make in a semi-arid region. If there was a dam at every bridge, there would still be an abundance of water throughout the state, even after a dry summer as we had this last year.

The western half of our State is covered with thousands of so-called "dry creeks," creeks that run bank full of water after a heavy rain, but are dry within forty-eight hours thereafter. This water is lost forever. What better way would there be to hold it back than by constructing the bridges on such creeks to serve also as a dam, not only on these dry creeks, but the hundreds of creeks throughout the State of North Dakota that has water in them the year around. What a splendid accomplishment for the State if some law could

be drafted and passed, whereby every new bridge would be constructed as a dam, with a spillway to take care of the surplus water. In time this would mean thousands of reservoirs for storing water, which never again would be scarce.

CHRIS G. JOHNSON,
Golva, N. D.

Absent and not voting:

Messrs.	Messrs.
Cosgriff	Schantz

So the bill passed and the title was agreed to.

Mr. Clarke: I wish at this time to explain my vote and have my explanation recorded in the Journal. In spite of the fact I have been threatened in this House by a prominent member if I voted "no" my Normal School, of which I am a graduate, will be closed, in spite of that I vote "no." I won't trade on anything. My vote is not for sale, now or at any other time. I vote "no."

Mr. Erickson of McKenzie: I wish my remarks recorded I vote "no" for the reason that when I came down here I held up my hand to do certain things; and I believe if I voted otherwise it would be breaking my oath of office. Therefore I vote "no."

Mr. Halverson: I vote "aye" for the purpose of re-consideration.

Mr. Oglesby: I vote "no" for the reason that I have every respect for our high courts. They found this man guilty;

and I don't think we should come here in defiance of our Supreme Court and put him back in again. I vote "no."

Mr. Traynor: I vote "no" on this bill, because regardless of whether Governor Olson's order rescinding the call for a special session was valid or not, there never was a special session because the Senate never organized and never had a quorum. A quorum in the House of Representatives does not constitute a Legislative Assembly.

Mr. Twichell: I vote "no," for the reasons that while a special session of the Legislature was legally called by de facto Governor Langer, it was legally cancelled by Acting Governor Olson; that no special session of the Legislature was ever legally convened, the Senate not having legally convened; and that the House alone could not legally sit as a Legislature as a Court of Impeachment.

GENERAL ORDERS

Mr. Solberg moved that the House resolve itself into a Committee of the Whole for the consideration of general orders.

Which motion prevailed.

The Speaker called Mr. Solberg to the chair, and the House resolved itself into Committee of the Whole.

Mr. Godwin: I arise to a point of special privilege at this time, and wish to have my remarks recorded in the Journal.

Yesterday during the session, upon the passage of House Bill No. 130, remarks were made upon the floor of the House questioning the right of certain Representatives to vote upon that question. Those remarks were taken up and have been carried over the radio and in the newspapers, attempting to make the public believe that it was a departure from Legislative procedure.

I want to call your attention to the vote on the 15th, and again on the 18th of January, on the Committee's report on Mileage and Per Diem. The record fails to show any member of this House failing to vote for such a reason. On pages 5 and 6 of the Journal, of January 15, and pages 3 and 4 of January 18th every Member of this House voted for the passage of that bill that specifically provided for the payment of mileage they themselves would receive.

Further, as to the roll calls with reference to the employees in the House, every Member knows they come here with individuals for whom they are interested in securing employment, and personally interested. They get on the payrolls of this Legislative body, and the record will show there was a unanimous vote when we voted on the personnel of this House.

I want to say further that any bill that pertains to farming commands the interest of every farmer; every bill that pertains to the dairy industry commands the interest of every dairyman. The same thing applies also to the laws governing the professions.

Mr. Aljets moved that House Bill No. 98 be placed at the foot of General Orders for Monday, February 18th.

Which motion prevailed.

Mr. Godwin moved that House Bill No. 75 and 149 on General Orders today be held over for consideration in General Orders on Monday, February 18th.

CONCURRENT RESOLUTION NO. A15

Introduced by Representatives Godwin, Scholl and Blaisdell.

WHEREAS, It is Necessary to Check the Flow of the Missouri River in North Dakota and South Dakota by means of a large manual controlled diversion dam; and to release the stored water as needed to maintain an average flow to the mouth of the Missouri River and to divert part of aforesaid stored water to furnish surface water for cities and villages in North Dakota and South Dakota; also part of aforesaid diverted water to be used in replenishing receding ground water tables in North Dakota and South Dakota, and

WHEREAS, Many of the shelter belts now owned by farmers are dying from lack of ground water supply, and

WHEREAS, It would be necessary to restore ground water tables before a shelter belt of such large proportions as proposed by the Government could be expected to survive, and

WHEREAS, The control of the Missouri River between limits would make it entirely possible to afford the great northwestern territory a less expensive transportation of agricultural products, and

WHEREAS, The Missouri River forms a part of one of the most dangerous flood basins, namely the Mississippi-Missouri Basin, which annually causes millions of dollars of property damage and loss of life, and

WHEREAS, The Missouri River having caused local floods by excessive water and ice jams causes thousands of

dollars of property damage and loss of life; aforesaid losses could be averted by complete Missouri River Control, and

WHEREAS, North Dakota and South Dakota were at one time one of the largest northwest breeding areas for fowl in the United States, and with the receding water table causing water holes, sloughs, ponds, et cetera to dry up, thus forcing aforementioned fowl to leave the aforesaid areas, and

WHEREAS, With the development of the Missouri River a large amount of cheap electrical energy could be produced which would act as an incentive for industrial expansion within the states of North Dakota and South Dakota, and

WHEREAS, Every year thousands of acres of North Dakota's and South Dakota's most productive land is washed away by the Missouri River at its high stages, and

WHEREAS, In view of the fact that proper development of the Missouri River very naturally comes under several different departments and /or commissions of the Federal Government, it is respectfully suggested that a Commission of five Engineers be created to properly investigate the obvious possibilities for development of the Missouri River in North Dakota and South Dakota, now therefore

BE IT RESOLVED, By the House of Representatives of the State of North Dakota, the Senate concurring therein, that we petition the United States Congress, now assembled, and the President of the United States, the Honorable Franklin D. Roosevelt, to appoint and instruct the aforesaid commission of five Engineers, and

BE IT FURTHER RESOLVED that aforesaid commission be selected from Civil Engineers in private life, one Engineer to be chosen from the States of North Dakota and /or South Dakota, and

BE IT FURTHER RESOLVED that the Secretary of State of the State of North Dakota be and is hereby instructed to forward an authenticated copy of this resolution to the President of the United States, the Honorable Franklin D. Roosevelt, to the President of the United States Senate, to the Speaker of the House of Representatives at Washington, D. C., to the two United States Senators and the two Representatives from North Dakota in Congress.

NORTH DAKOTA WORKMEN'S COMPENSATION
BUREAU

Bismarck, North Dakota,
February 20, 1935.

Hon. Wm. Crockett,
Speaker of the House of Representatives,
Twenty-fourth Legislative Assembly.
Bismarck, North Dakota.
Dear Sir:

On Tuesday, February 19, 1935, during roll call on House Bill No. 44, which is the appropriation bill appropriating money for use of the Workmen's Compensation Bureau for the biennium beginning July 1, 1935, Rep. Traynor, explaining his vote on said bill said the following: "I wish to explain my vote and have my explanation recorded in the Journal. The Workmen's Compensation Bureau should have its necessary appropriation, but I vote 'no' on this bill because I consider this appropriation nothing but a steal. There has been a person from my county recently appointed on this Bureau and there are some that think I should support the measure for that reason. I would not consider a steal even though every member of the Bureau were from Ramsey County."

If a steal is being perpetrated it is evident that there must be a thief somewhere in the offing. Rep. Traynor has an opportunity to preform a public service by pointing out the thief. If the Representative fails to indicate the thief, then it seems that he might be taking advantage of the immunity of a legislator to put over a very cheap and despicable kind of political propaganda.

Mr. Traynor was a member of the legislature in 1931 when the legislature appropriated \$126,576.00 for the biennium beginning July 1, 1931, and Mr. Traynor made no protest. No one can determine at this time how much heavier the work will be in the coming biennium than it was in the biennium beginning July 1, 1931. The only criterion we have to go by is the number of accidents reported in January, 1931, and the accidents reported in January, 1935. The accidents in January, 1935, exceeded the accidents in January, 1931, by 40.2%, and the appropriation carried by House Bill No. 44 as passed by the House exceeded the appropriation of 1931 by only \$3,664.00.

Yours very truly,

R. H. WALKER,
Chairman.

For an Act regulating all Benevolent Corporations, Associations of Societies Operating on the Voluntary or Involuntary Assessment or Contribution Plan, which provide

for Protective and/or Indemnity Benefits, Excepting Benevolent Corporations as defined by Chapter 23, Compiled Laws of 1931, and for the repeal of Chapter 160 of the Session Laws of 1931, and Acts or Parts of Acts in Conflict Herewith.

Be It Enacted by the Legislative Assembly of the State of North Dakota:

Section 1. Benevolent Societies Subject to General Insurance Laws. (Exceptions.) All corporations, associations or societies, either domestic or foreign, operating on the voluntary or involuntary assessment or contribution plan, providing protective and/or indemnity benefits, shall be under the jurisdiction of the Commissioner of Insurance of this State and shall be and remain subject to all laws, rules and regulations applicable to insurance companies transacting business within the state, except assessment benevolent societies providing only for a death benefit to the beneficiary of a deceased member, which shall be subject to the provisions of this Act.

Section 2. Assessment Benevolent Societies. (Organization. Regulations.)

(a) Definition.) An assessment benevolent society is hereby defined as any corporation, association or society, domestic or foreign, which operates on the voluntary assessment or contribution plan for the sole purpose of providing through assessments of its members for the payment of a death benefit to the beneficiary of a deceased member.

(b) How Formed.) Any number of persons, not less than five, all of whom are residents of this State, may form a benevolent society in the manner hereinafter set forth.

(c) Articles. Contents. Approval and Filing.) The articles of incorporation shall set forth the name of the society, which shall include the words "Benevolent Society," the purpose for which formed, with the plan of doing business fully and clearly defined; the location of its principal office, which must be within this state; the date for commencement and termination of its fiscal year; the term for which it is incorporated, not to exceed thirty years; and the number of its directors, not less than five nor more than nine, all of whom shall be residents of this State.

The articles of incorporation shall be submitted to the Attorney General and if found in conformity with this Act and not inconsistent with the Constitution and Laws of this State, shall be approved by him and certified to the Commissioner of Insurance, who shall also make an examination to ascertain if all requirements of laws have been met. After approval by the Attorney General and Commissioner of Insurance the articles shall be fixed with the Secretary of State, a certified copy filed with the Commissioner of Insurance and one certified copy filed with the Register of Deeds of the county where the principal office is located. Such filing with the Commissioner of Insurance shall constitute the society's authority to solicit and secure the neces-

sary preliminary members as a basis for issue of certificate of authority; the solicitation of such preliminary members to be conducted in accordance with requirements and regulation prescribed by the Commissioner.

(d) Classification of Membership. Units.) Such society may provide for classification of its membership by one or more units, based on the age of individual members, or by the adoption of a maximum limit of one group or unit. On the organization of a new group or unit the society shall notify the Commissioner of Insurance of its proposal to so organize another unit, and the organization thereof shall be conducted in accordance with regulations and requirements prescribed by the Commissioner, the same as is herein required for the organization of a society.

(e) Certificate of Membership. Mortuary Fund. Cancellation of Certificate). The certificate of membership shall fully state the conditions on which the benefit shall be paid, which shall be confined to a death benefit to the beneficiary of the deceased member, not exceeding one thousand dollars. The certificate shall provide for an assessment levy on the membership to be paid after notice and proof of death in an amount not exceeding two dollars, the proceeds of such assessment levy to be paid to the beneficiary of the deceased member, less an amount not exceeding ten per cent as an allowance for expenses, and in no event shall such death benefit exceed the maximum amount stated in the certificate. In case the proceeds of one such post mortem assessment is more than sufficient to pay the death claim for which the levy was made, the balance shall be placed in a mortuary fund and be applied toward payment of the next claim within the unit from which it arose. No assessment levy shall be made unless the balance in the mortuary fund is insufficient to pay a claim on which notice and proof of death has been received. The notice of assessment shall provide that if the member does not make payment within the time named, not less than fifteen nor more than thirty days from the date of such notice, upon further notice forthwith by mail to the last known address of the member, proof of such mailing to be established on forms provided for that purpose by the United States Post Office Department, his certificate shall be cancelled if payment is not made within ten days of the mailing of such cancellation notice. The certificate together with the application therefor shall constitute the entire contract, and must be approved as to form by the commissioner of insurance prior to its issuance.

(f) Required Provision in Certificate and Application.) Every certificate of membership and application for such certificate shall have printed thereon in red ink and in ten point bold face type: "This is an assessment benefit certificate on the voluntary contribution plan. The society will pay only the amount received from assessments levied against the members, less expenses of administration. No reserve fund is carried. This is not an insurance policy."

(g) Preliminary Applications. Certificate of Authority.) Any such society, before any certificate of membership may be issued, must have actual applications from at least three

hundred persons upon which certificates may be simultaneously issued. Such applications shall be submitted to the commissioner of insurance, together with a certificate from a solvent bank stating that there has been deposited to the account of the society an amount which is determined by the preliminary applications presented as constituting the entire proceeds of membership fees collected. Upon submission of such preliminary applications and evidence satisfactory to the commissioner of insurance that all of the requirements of this act have been complied with, certificate of authority may be issued.

(h) Bonds of Officers and Agents.) After a society has been licensed by the Commissioner of Insurance the bonding of its officers and agents shall be discretionary with the Board of Directors; provided, however, that during the period between filing of articles of incorporation and issuing certificate of authority the amounts of bonds shall be fixed by the Commissioner of Insurance sufficient to guarantee return of membership fees collected in case the organization is not completed, such bonds to be placed on file with the state insurance department.

(i) Assessments. Benefits.) It shall be the duty of the secretary, upon receipt of notice and proof of death of a member, and if the mortuary fund is insufficient to meet the claim, to levy an assessment upon the membership in accordance with the provisions of the membership certificate and subsection (e) of this act. Such notice shall contain the name and address of the deceased member, the maximum benefit to be paid, the amount of the assessment, date upon which the assessment becomes delinquent, and shall be mailed to each member at the last post office address given the secretary. Upon expiration of the period in which payment of the assessment may be made, and the further period for cancellation hereinbefore provided for, the secretary shall pay to the beneficiary of the deceased member the proceeds of the assessment then in his possession, and available for the purpose.

(j) Funds.) The society shall maintain and keep separate two funds, viz: An Expense Fund and a Mortuary Fund. The membership fee, not less than \$1.00 and not more than \$5.00 may be used for expenses. The certificate of membership shall state the percentage of assessments, not exceeding 10 per cent, that may be used for expenses. Such expense allowance shall be credited to the Expense Fund and the balance to the Mortuary Fund. Expense Fund assessments may be levied in accordance with provisions therefor in the membership certificate, in amounts not exceeding one dollar, and not more than four such assessments may be levied in any one calendar year. In case of more than one unit of membership the Mortuary Fund shall be kept separate by units. No expenses may be paid from the Mortuary Fund.

(k) Annual Statement. Renewal Certificate of Authority.) On or before February 1st of each year, all such societies shall file with the Commissioner of Insurance an annual statement as of December 31st next preceeding, on

forms provided by the Commissioner, showing all income by sources, disbursements detailed as to nature, assets, liabilities, number of membership, and such other information as may be required, and shall pay a fee of \$10.00 for the filing of such statement. If it appears from such statement that the society has a membership at least equal in number to that required as a condition to authorization, and is otherwise qualified under the requirements of this act, renewal certificate of authority shall be issued on April 1st next succeeding, for which a fee of two dollars shall be paid.

(l) Examinations of Societies.) The Commissioner of Insurance shall have the same power and authority over all societies to which this Act is applicable as to visitation and examination as are given to him by the statutes of this state over domestic insurance companies, the expenses of such examination to be paid by the society examined. The Commissioner may require a deposit in advance of such examination to guarantee payment of the estimated necessary expense to be incurred.

(m) Agents Licensed.) All agents of such societies must be licensed in the same manner as agents for insurance companies and shall be residents of this state.

(n) No Benefits Except as Provided.) No benefits on the voluntary contribution plan shall be provided for by any society, except as herein stated.

(o) Applicability to Societies Already Doing Business.) Assessment benevolent societies organized and doing business on the effective date of this Act shall, within ninety days of such date, comply with and become subject to the provisions hereof. Any such society having a membership at least equal to that required as a condition to first authorization of a society, shall not be required to present its applications to the Commissioner of Insurance, nor to make a showing that the membership fees are intact to the society. It shall, however, be required to produce proof of the necessary membership.

Any such society already organized on the effective date of this Act, having a name which does not include the words "Benevolent Society" shall not be required to change its name to comply with subsection (c) of this Act; but its membership certificate, stationery and literature shall clearly state that it is a benevolent society.

(p) Licensing Foreign Societies. Prerequisites.) Any foreign assessments benevolent society legally organized and incorporated under the laws of its home state, shall be admitted and licensed to transact business in this state, upon filing with the Commissioner of Insurance certified copy of its articles of incorporation, financial and operating statement in the form prescribed by the commissioner, certificate of compliance from the State Insurance Commissioner or other officer of its home state, power of attorney to the commissioner for admission of service of process in any action, suit or proceeding in any court of this state and

such other evidence as the commissioner may require that it is qualified to transact business in accordance with the requirements of this Act. Upon such compliance such society shall be licensed subject to all provisions of law relating to information to and examination by the commissioner, annual reports, taxes, and other requirements applicable to foreign insurance companies.

(q) Not Applicable to Fraternal Benefit Societies.) Nothing in this Act contained shall be construed as applying to Fraternal Benefit Societies organized or doing business under the provisions of Chapter 23 Compiled Laws of North Dakota for the year 1913 nor to benefit societies organized within and limited to members of Fraternal Benefit Societies.

(r) Penalty.) Any officer or agent violating the provisions of this Act shall be guilty of a misdemeanor and upon conviction thereof, shall be sentenced to pay a fine of not more than five hundred dollars (\$500.00) or, at the discretion of the court, to imprisonment in the county jail for a period of not more than six months, or both.

Sec. 3. REPEAL.) Chapter 160 of the 1931 Session Laws, and all Acts or Parts of Acts in conflict herewith are hereby repealed.

And when so amended recommend the same do pass.

Section 1. SAVINGS AND CREDIT ASSOCIATION MAY BE ORGANIZED. METHOD OF ORGANIZATION.)

Any seven residents of the state of North Dakota may apply to the State Banking Board for permission to organize a corporate co-operative association to be known as a credit union.

A credit union is organized in the following manner:

(a) The applicants execute in duplicate a certificate of organization by the terms of which they agree to be bound. The certificate shall state:

1. The name and location of the proposed credit union.
2. The names and addresses of the subscribers to the certificate and the number of shares subscribed by each.
3. The par value of the shares of the credit union which shall not exceed \$10.00, each.

(b) They next prepare proposed by-laws for the general governance of the credit union consistent with the provisions of this Act, and execute the same in duplicate.

(c) The certificate and the proposed by-laws, both executed in duplicate, are forwarded to the State Examiner.

(d) The State Examiner shall, within thirty days of the receipt of said certificate and by-laws, determine whether they comply with the provisions of this Act, and whether or not the organization of the credit union in question would benefit the members of it and be consistent with the purposes of this Act.

(e) Thereupon the said State Examiner shall notify the applicants and State Banking Board of his decision. If it is favorable said Board shall instruct the Secretary of State to issue a charter, attach to the duplicate certificate of organization and return the same, together with the duplicate by-laws to the applicants, upon payment of a filing fee of \$5.00 to the Secretary of State.

(f) The applicants shall thereupon file the said duplicate of the certificate of organization, with the charter attached thereto with the register of deeds of the county within which the credit union shall have its place of business, who shall make a record of said certificate and return it, with his certificate of record attached thereto, to the said Secretary of State for permanent record.

(g) Thereupon the applicants shall become and be a credit union, incorporated in accordance with the provisions of this Act.

In order to simplify the organization of credit unions the said Secretary of State shall, upon passage of this Act, cause to be prepared an approved form of certificate of organization and a form of by-laws, consistent with this Act which may be used by credit union incorporators for their guidance, and on written application of any seven residents of the state, shall supply them, without charge, with a blank certificate of organization and a copy of said form of suggested by-laws.

Any amendments to the by-laws shall be approved by three-fourths of the members then present, which number shall constitute a quorum. Any and all amendments to the certificate of organization or by-laws must be approved by the State Banking Board, before they become operative. The certificate of organization may be amended by a majority vote of the entire membership of the credit union at a meeting called for that purpose. In case such amendment is adopted the resolution containing a full text thereof and verified by its president and treasurer and approved by the State Banking Board shall be recorded in the office of the register of deeds in the county in which said credit union is located.

They shall report to the State Examiner at least twice annually, upon call of the State Examiner on blanks supplied by the said Examiner for that purpose. Additional reports may be required. Credit unions shall be examined at least annually by the said Examiner. For failure to file reports when due, unless excused for cause, the credit union shall pay to the treasurer of the state \$5.00 for each day of its delinquency. If the said Examiner determines that the credit union is violating the provisions of this act, or is insolvent, the said State Banking Board may serve notice on the credit union of his intention to revoke the charter. If, for a period of fifteen days after said notice, said violation continues, the said State Banking Board may revoke said charter and take possession of the business and property of said credit union and maintain possession until such time as they shall permit it to continue business or its affairs are finally liquidated. They may take similar action if said report remains in arrears for more than fifteen days.

Section 9. OFFICERS AND DIRECTORS.) At their first meeting the directors shall elect from their own number a president, vice president, treasurer and clerk, of whom the last two named may be the same individual. It shall be

The duties of the officers shall be as determined in the by-laws, except that the treasurer shall be the general manager. No member of the board or of either committee shall, as such, be compensated, except that reasonable compensation may be paid the treasurer, to be fixed by the board.

Section 10. CREDIT COMMITTEE TO PASS ON LOANS.) The credit committees shall have the general supervision of all loans to members. Applications for loans shall be on a form, prepared by the credit committee, and all applications shall set forth the purpose for which the loan is desired, the security, if any, offered, and such other data as may be required. Within the meaning of this section an assignment of shares or deposits or the endorsement of a note may be deemed security. No loan shall be made unless the obligation bears two responsible endorsers. At least a majority of the members of the credit committee shall pass on all loans and approval must be unanimous. The credit committee shall meet as often as may be necessary after due notice to each member.

Section 11. DUTIES OF SUPERVISORY COMMITTEE.) The supervisory committee shall:

- (a) Make an examination of the affairs of the credit union at least quarterly, including an audit of its books and, in the event said committee feels such action to be necessary, it shall call the members together thereafter and submit to them its report.
- (b) Make an annual audit and report and submit the same at the annual meeting of the members.
- (c) By unanimous vote, if it deem such action to be neces-

Section 12. CAPITAL: ENTRANCE FEE.) The capital of a credit union shall consist of the payments that have been made to it by the several members thereof on shares. Section 16. MAY LOAN MONEY.) A credit union may loan to members. Loans must be for a provident or productive purpose and are made subject to the conditions contained in the by-laws. A borrower may repay his loan in whole or in part any day the office of the credit union is open for business. No director, officer or member of committee may borrow from the credit union in which he holds office beyond the amount of his holdings in it in shares and deposits, unless approved by three-fourths of the other members of the board of directors, nor may he endorse for borrowers.

Section 17. RESERVED FUNDS.) Every credit union shall maintain a reserve fund which at all times shall be kept liquid and intact and used as a reserve against bad loans and other losses and shall not be loaned to members or used to pay expenses of the credit union or otherwise distributed except in case of liquidation. There shall also be established and at all times maintained a reserve of not less than five per cent of the

amount of the deposits; which shall be in cash and balances due from solvent banks. Upon recommendation of the board of directors and approval of a majority of the members present at any annual meeting, a reserve fund of not more than 5 per cent of net earnings may be set aside and used for educational, cultural and general welfare purposes.

Section 18. DIVIDENDS.) On recommendation of the directors a credit union may, at the end of the fiscal year, declare a dividend from net earnings, which dividend shall be paid on all shares outstanding at the end of the fiscal year. Shares which become fully paid up during the year shall be entitled to a proportional part of said dividend calculated from the first day of the month following such payment in full.

Section 19. EXPULSION OF MEMBERS.) A member may be expelled by two-thirds vote of the members present at a special meeting called to consider the matter or at the annual meeting, but only after a hearing. All amounts paid on shares or as deposits of an expelled or withdrawing member, with any dividends or interest accreted thereto to the date thereof(shall, as funds become available and after deducting all amounts due from the member to the credit union, be paid to him. The credit union may require 60 days' notice of intention to withdraw shares and 30 days' notice of intention to withdraw deposits. The credit union shall have a corporate existence and may sue and be sued.

(d) If the credit union shall not be completely liquidated and its assets discharged within three years after such special meeting of the members, the State Examiner shall take possession of the books, records and assets and proceed to complete the liquidation in the manner then provided by law for the liquidation of closed banks.

been called to the part that the Boy Scouts are taking in today's program in commemoration of the two hundred and third anniversary of the birthday of George Washington. This is also the twenty-fifth anniversary of the organization of the Boy Scouts of America.

In connection with this I want to offer a resolution, which I request the Secretary of the Senate to now read.

The resolution was accordingly read by the Secretary of the Senate.

JOINT RESOLUTION

Introduced by Representative Scholl on February 22, 1935

Today we commemorate the two hundred third anniversary of the birth of George Washington. This same month we commemorated the twenty-fifth anniversary of the founding of the Boy Scouts of America.

I move, Mr. President, that this joint assembly extend hearty congratulations to the Boy Scouts of America for the quarter century of achievement in development of the citizens of tomorrow; that North Dakota welcomes these prospective citizens who are now members of the various Scout Troops of our commonwealth. I further move that the presiding officers of the Senate and House of Representatives be requested to convey these, our sentiments, to James E. West, National Scout Executive, Boy Scouts of America, in a document to be signed by the Governor, by the presiding officers of the Senate and House of Representatives and attested to by the Secretary of State.

Prayer by the Chaplain, N. E. McCoy, Carrington.

At this time Representative L. R. Burgum delivered an address to the Joint Session, in commemoration of George Washington.

The following Memorial Resolutions were read and upon motion ordered to be printed in the Journal and enrolled copies sent to the members of the families of the following: Porter J. McCumber, Earl P. Bishop, Frank H. Hyland, Anton T. Kraabel, Andrew A. Bruce, Burleigh F. Spalding, Carl L. Broschat, Dana J. Tinnes, James Johnson, Janus E. Robinson, Fred F. Carter, William I. Whitman, J. D. Bacon, George B. Winship, John P. Galbreath, John A. Sorlie, August Isaak, John I. Lerom, James McManus, William J. Clapp.

"His State Honored Him and He Honored His State" is a fitting description of the public career of Porter J. McCumber.

Farmer boy, country school teacher, law student working his way through school, country lawyer, member of the Territorial House of Representatives and Senate, State's Attorney, practitioner of law, United States Senator, member of the International Joint Boundary Commission—the history of a typical American.

Son of Orlin and Anna E. McCumber, born at Crete, Will

County, State of Illinois, on February 3, 1858, died in Washington, D. C., on May 16, 1933. His ancestry was Scotch.

He came with his parents at an early age to a farm which is the present site of the famous Mayo Brothers Clinic at Rochester, Minnesota, worked on the farm and taught country school, then worked his way through law school at the University of Michigan, graduating in the class of 1880, and in 1881 he opened his office for the practice of law in Lisbon Township, Richland County, Territory of Dakota, but in a few months he moved to the thriving frontier town of Wahpeton, where he made his permanent home until his removal to Washington in March, 1899. On May 24, 1889, he married Jenny Sohrning of Minneapolis. There are two children. He was elected to the Territorial House of Representatives, serving in the Session of 1885 and the Council for the Session of 1887. He held no other public office until 1895 when he was elected State's Attorney of Richland County, serving in 1896 and 1897. From that time until January, 1899, he practiced his profession at Wahpeton, and on January 20, 1899, he was elected United States Senator from North Dakota, as a Republican, by the State Senate as a compromise candidate. He took his seat in the Senate on March 4, 1899, virtually and actually unknown, and two decades later he was chairman of the most powerful committee in the United States—the Finance Committee of the Senate of the United States—a position which he earned and deserved through hard work and ability. Intellectual and sincere, honest and straight-forward, courageous, forceful and logical were his chief characteristics; and, while he was an eloquent orator, he always impressed one with his knowledge of the subject, and his vigorous, original presentation of his thoughts was very striking. A good, loyal, constant friend, he never dodged aside on his account or shirked the feud of a friend.

His good, cool judgment, backed by study and native ability made him respected in his many decisions on the Finance Committee and proved he was a statesman to rank with the giants of any day, in our Country's history.

Earl P. Bishop was born at Bedford, Iowa, in the year 1882. At an early age he removed with his parents to Chicago, Illinois, where he attended the public schools. Grown to manhood, he located for a time at Hastings, Minnesota. There he married Helen Carter on July 16, 1903. In 1907 he came to North Dakota, locating at Belfield in Stark County, where he operated a hardware and furniture store and a funeral home until his death, August 16, 1934. In 1920 he was selected by the electors of this state as a delegate to the Republican National Convention at Chicago. He was elected a member of the House of Representatives for the Thirty-first Legislative District, comprising Stark County, in 1928 and was re-elected for another term in the year 1930. For eight years prior to his death he served his city as mayor. In 1933 he was appointed to the office of County Commissioner of Stark County, North Dakota. He was a member of the Congregational Church and was affiliated with the Odd Fellows.

Lodge. Surviving him are his wife, Helen Bishop; two daughters, Ruby Josephine Bishop of Denver, Colorado, and Mrs. R. D. Eslick of Belfield, North Dakota; a granddaughter Julien Eslick; and a brother Carl A. Bishop of St. Joseph, Missouri.

He graduated from the University of Wisconsin in 1890 and from the law school in 1892. He served, for two years following his graduation, as secretary to the Supreme Court of Wisconsin, and then began the practice of his profession in Chicago. In 1898 he accepted a position as a member of the faculty of the law school of the University of Wisconsin. He became dean of the law school of the University of North Dakota in 1901, and in 1911 was appointed by Governor Burke to succeed Chief Justice Morgan who had resigned on account of ill health. Judge Bruce was elected to succeed himself in 1912 and was a member of our Supreme Court till January 1, 1919, when he retired to private life, having declined to be a candidate for re-election in 1918. He died in Chicago, December 6th, 1934.

Judge Bruce was the author of several legal and sociological publications and was recognized as a specialist in municipal law, especially in matters of taxation.

After his retirement from the court he was connected with the schools of law of the University of Minnesota and Northwestern University.

Judge Bruce was a man of unswerving devotion to duty. His outstanding qualifications were honesty, industry and a love of fairness.

In the death of Judge Bruce our country has lost a just judge, a great teacher and a good citizen. Therefore, Be it Resolved that the foregoing tribute be adopted by the Legislative Assembly; printed in the Journal of the House and that an engrossed copy be forwarded to the members of Judge Bruce's family.

BURLEIGH F. SPALDING

Born December 3, 1853. Died March 17, 1934. Lawyer. Member of Capitol Commission, 1883. Member of the State Constitutional Convention 1889. Representative in Congress 1899-1900, 1903-1904. Judge of the Supreme Court 1907-1914. Judge Spalding was born in Orleans County, Ver-

mont. He was admitted to the Bar in that state in 1880 and removed to Fargo the same year and immediately entered upon the practice of his profession which he continued till the time of his death with the interruptions due to the public offices he was chosen to fill.

Judge Spalding's life was a long and useful one. From the very beginning he met with success which was due to his own efforts. He was not only a leader in his profession but was a man of great influence in his home community and throughout the state. His integrity and ability and untiring industry made him a valuable man in every position he occupied. His influence was always on the side of right. No citizen did more to build up our state. He helped locate its capitol and afterward took a leading part in the convention which framed our state constitution and as a Judge of the Supreme Court he interpreted the laws and decided legal questions with the thought only, of justice to all. His legal opinions are to be found in fourteen volumes of the North Dakota Reports. As a man he was held in the highest esteem by a wide circle of friends and acquaintances.

After fifty-four years of useful, though arduous labor, in both public and private life, he died at the age of eighty years in the full possession of all his faculties.

It can be said of Judge Spalding that he set for himself a rigid code of duty and always lived up to it.

Be it Resolved that the foregoing memorial be adopted by the Legislative Assembly; that it be printed in the Journal of the House and that properly engrossed copies be sent to the members of Judge Spalding's family.

Mr. Aljets: Mr. President. Two years ago among the most prominent members of the House of Representatives was my good friend and colleague, Carl L. Broschat, of Cathay. Today we pay tribute, and the tribute of the state to his memory.

Carl L. Broschat was born in Germany, coming to America with his parents when he was seven years of age, settling in the Cathay community on a farm. Mr. Broschat spent most of his life on the farm. He was married in 1919 to Miss Minnie Krebs and to this union was born eight children. Mrs. Broschat and two children preceded him in death, leaving six children to mourn this great loss.

Carl Broschat was a public-minded man and from an early age was active in the affairs of the state and community. For twenty-two years he was a member of the school board and was always interested in bettering the school system and protecting the interest of the boys and girls in the schools. He was an active member of the Farmers Union and was ever ready to do his part in advancing the cause of the farmers through this organization.

Mr. Broschat was a member of the House of Representatives of the 1933 session. From the beginning of the session

he was an active member, and took a definite interest in all the activities of the Legislature.

Mr. Broschat and myself were known among the members of the House as the Wells county twins. We not only worked together in the House, but were always anxious to be in each other's company. During the Session he was my roommate, and I personally was made to realize a great loss when he passed away on December 6, of last year. As a legislator the other members of the House will readily agree that he worked always industriously and efficiently for what he considered the best interest of the people and of the state. As a man he was held in highest esteem by a wide circle of friends and acquaintances. We mourn his untimely death, but rejoice in that his life work was done in North Dakota.

Be it Resolved that the foregoing memorial be adopted, that it be put in the Journal of the House and the properly engrossed copies be sent each of his children of Mr. Broschat's family.

Mr. Blaisdell:

James Johnson was born May 1, 1850, at Villie Jeland, Denmark, and died July 14, 1932, at Minot, North Dakota.

Mr. Johnson, a former officer in the Danish Navy, immigrated to the United States in 1872, securing employment for a time in the woods of western Minnesota. He gradually pushed westward into the Dakota Territory, remaining for a time at what is now Sanborn and for several years at Lis-

bon, North Dakota. At the last place he became acquainted with and married Ida Colton. In 1883 he and his wife drove to the junction of the Mouse and DesLacs Rivers and located at what is now Burlington, North Dakota, where in time they acquired a large farm.

Mr. Johnson was the first Postmaster in Imperial Ward County, the postoffice being located in his home near Burlington. He was later the first Territorial Clerk of the District Court and also served as Probate Judge. In 1891 Mr. Johnson was elected to the State Senate and represented Ward and McLean Counties in the Second Legislative Session. Thereafter he served as State's Attorney of Ward County for twelve years. He and the late Joseph Roach of Minot organized the Great Northern State Bank which is now the First National Bank of Minot and of which Mr. Johnson was Chairman of the Board of Directors at the time of his death.

He was a self-made man. From early youth his integrity, perseverance and sterling character endeared him to all who knew him. James Johnson was one of the hardy pioneers who played an important part in the development of Northwestern North Dakota. He was well informed on questions and issues of the day and was ever willing to promote the welfare and good of the community in which he lived. He was held in the highest esteem by all who knew him. James Johnson was an exceptionally high type of American Citizen.

Senator McDonald:

James E. Robinson, Judge of the Supreme Court—1917-1922.

Judge Robinson was a native of Michigan where he grew up and received his education. He enlisted as a soldier in the Civil War and served with the Michigan troops. After his term of enlistment expired he entered the University of Michigan and was graduated from the law department with the class of 1868, with the degree of LL.B. He was admitted to the Bar in Wisconsin and located in Trempleau County, where he served as district attorney for one term.

He settled in Fargo in 1882, and devoted himself assiduously to the practice of his profession. When Judge Robinson was well past three score years and ten, he was elected a Judge of the Supreme Court of this state and served one term of six years.

He advocated simplification of court procedure and that all appeals should be speedily disposed of.

Judge Robinson was a man who was possessed of a great fund of general information and while he was a great student of the common law, his reading covered a wide range of literature. He always had the courage of his convictions and in all cases that came before him as a judge, he could always justify the honesty of his decision.

After his retirement from the court he devoted himself to

his private affairs and the editing of the publications of which he was the author. He died March 23, 1933, at the Soldiers' Home in Milwaukee, Wisconsin, aged about 90 years.

Be It Resolved, that the foregoing memorial be adopted by the legislative assembly, printed in the Journal of the House and an engrossed copy be forwarded to the members of the family of Judge Robinson.

Mr. Clapp was born in Wakefield, Massachusetts, but at an early age he removed to Vermont with his parents. He was educated in the public schools of Vermont, at the Academy of St. Albans and at the Seminary in Montpelier. He came west in 1882 and for a few months he resided in Minnesota, where he was admitted to the bar. Be It Enacted by the Legislative Assembly of the State of North Dakota:

Section 1. AMENDMENT.) That Section 2547 of the Compiled Laws of North Dakota, 1913, be amended and re-enacted to read as follows, to-wit:

Section 2547. APPOINTMENT OF COMMISSIONERS OF INSANITY.) There is hereby established in each organized county of this state, a Board of Commissioners of Insanity, composed of three members. The county judge and the states attorney shall be members of said board and in counties where a county physician has been appointed on an annual salary, the county physician shall be such third member. Where no county physician has been appointed on an annual salary, the third member of such Board shall be a reputable practicing physician, appointed by the Board of County Commissioners and such appointment shall be made of a physician as near as may be to the county seat. In case of appointment such commissioner shall be appointed for two years and until his successor is appointed and qualified. The county judge shall act as chairman of the board. In case of temporary absence of the states attorney or the physician, who are members of this Board from the county as provided above, or their inability to act, the county judge shall call to his aid a reputable physician or attorney, who, after qualifying, may act in the same capacity as such absentees. On organizing the members of the Board shall choose one of their number to act as Clerk of the Board. They shall hold their meetings at the office of the county judge, unless for good reason they shall fix some other place for such meetings. If it shall be deemed necessary, the members of the board may hold session at such regular times as they may determine. The board shall also meet at the call of the chairman of the said board.

Section 3. AMENDMENT.) That Section 2553 of the Compiled Laws of North Dakota, 1913, be amended and re-enacted to read as follows, to-wit:

Section 2553. HOW PATIENTS SHALL BE SENT TO HOSPITAL.) On the return of the physician's certificate the Commissioners shall as soon as practicable conclude their investigations and if they, or a majority of them, are of the opinion that the person under investigation is not insane as alleged in the application made as provided in Section 2551 C. L., then an order shall immediately be made and entered by the county judge dismissing the application and releasing, if in custody, the person therein named. If a majority of the Commissioners are at the conclusion of their investigation of the opinion that the person under investigation is insane, then an order shall be made and entered by the county judge finding that such person should be sent to the Hospital for the Insane at Jamestown, North Dakota, for further investigation by the Superintendent of that hospital, but such order shall contain no finding as to the alleged insanity and shall not declare such person insane. The Commissioners shall forthwith issue their warrant and a duplicate thereof, stating such finding, with the residence of the person if ascertained; and if not ascertained, their information, if any, in regard thereto, authorizing the Superintendent of the Hospital to receive and keep such person at said hospital for further investigation and until final commitment or release as hereinafter provided. Such warrant and duplicate with the finding and certificate of the physician shall be delivered to the sheriff of the county, who shall execute the same by conveying such person to the hospital and delivering him with such duplicate and physician's certificate, and finding to the superintendent thereof. The superintendent over his official signature shall acknowledge such delivery on the original warrant, which the sheriff shall return to the county judge with his fees and expenses indorsed thereon. If neither the sheriff nor his deputy is at hand, or if both are otherwise engaged, the commissioners may appoint some other suitable person to execute the warrant in his stead, who shall take and

subscribe an oath faithfully to discharge his duty, and shall be entitled to the same fees as the sheriff. The sheriff or any other person so appointed may take to his aid such assistance as he may need to execute such warrant; but no female shall thus be taken to the hospital without the attendance of some other female, or some relative of such person. The superintendent in his acknowledgment of delivevry must state whether there was any such person in attendance, and give the name, if any. If any relative or intimate friend of the patient, who is a suitable person, shall so request, he shall have the privilege of taking and executing such warrant in preference to the sheriff or any other person, and without taking such oath, and for so doing he shall be entitled to his necessary expenses, but no fees.

Upon receipt of the above warrant from the Commissioners, the Superintendent shall make such investigation and submit the person therein named to such treatment as may be deemed necessary by him to finally determine whether or not such person is insane. If at the conclusion of such investigation and treatment, the said Superintendent is of the opinion that said person is insane, then the Superintendent shall immediately certify to the county judge who issued the warrant his conclusion and the said county judge shall thereupon enter in his office a final order declaring and finding such person insane; otherwise the said person shall be by the Superintendent released from custody, and the Superintendent shall certify that release to the county judge, and appropriate order shall be entered by the county judge in his office dismissing all proceedings had before the Commissioners of Insanity in the matter of the allged insanity.

Mr. Godwin: I wish to have my remarks recorded in explaining my vote, and they will apply to all of the votes on Normal schools.

I vote "aye" on this bill because I believe at this time, under the program being worked out, there will be two Normal schools closed during this Session.

I believe the maintaining of five Normal schools in North Dakota is indefensible, and I see of no reason for cramming the poor taxpayer down a rat hole on a proposition of this nature.

I believe in maintaining two Normal schools in the state, taking into consideration the geographical location of the institutions and so on; but I do believe that five Normal schools are all out of proportion in a state like North Dakota.

So the bill passed and the title was agreed to.

Mr. Born: I would like to explain my vote. Those instructors in the Dickinson Normal School didn't get a fair deal. They were underpaid for years; their salaries were less than the salaries in other even smaller institutions than the Dickinson Normal, and the expenses there are higher in proportion.

I cast my vote in protest. I vote "aye."

Mr. Schnell: I am not satisfied with the salaries which are now in this particular bill, due to some misunderstanding in the Appropriations Committee; and I want this to go on record as a reminder to the Senate to make the proper adjustment.

I vote "aye."

Mr. Williams: I am going to vote "no" on this, because the taxpayers of the State of North Dakota are paying for this, and today we are a bunch of paupers. Where are you going to get the money? I vote "no."

The Speaker called Mr. Dahl of Emmons to the Chair.

Mr. Child: I vote "no" on this bill, for the reason that the Legislature made no provision for an amount equal to the amount given two years ago.

Therefore, I can't see any reason in voting for a proposition where there are no funds to meet it.

House Bill No. 61. A Bill for an Act Making an Appropriation for the General Maintenance, Improvements and Repairs, Equipment and Miscellaneous Expenses of the State Normal School, Mayville, North Dakota.

Be It Enacted by the Legislative Assembly of the State of North Dakota:

Section 1. AMENDMENT.) That Section 2547 of the Compiled Laws of North Dakota, 1913, be amended and re-enacted to read as follows, to-wit::

Section 2547. APPOINTMENT OF COMMISSIONERS OF INSANITY.) There is hereby declared in each organized county of this state, a Board of Commissioners of Insanity, composed of three members. The county judge and the states attorney shall be members of said board and in counties where a county physician has been appointed on an annual salary, the county physician shall be such third member. Where no county physician has been appointed on an annual salary, the third member of such Board shall be a reputable practicing physician, appointed by the Board of County Commissioners and such appointment shall be made of a physician as near as may be to the county seat. In case of appointment such commissioner shall be appointed for two years and until his successor is appointed and qualified. The county judge shall act as chairman of the board. In case of temporary absence of the states attorney or the physician, who are members of this Board from the county as provided above, or their inability to act, the county judge shall call to his aid a reputable physician or attorney, who, after qualifying, may act in the same capacity as such absentees. In case of the temporary absence from the county of the county judge or his inability to act, the states attorney shall act in his place instead, as chairman of the said board and shall have full authority to issue subpoenas and commitments, and to do all and any necessary acts as such chairman. The records in such cases must show the fact of all absences.

Section 3. AMENDMENT.) That Section 2553 of the Compiled Laws of North Dakota, 1913, be amended and re-enacted to read as follows, to-wit:

Section 2553. HOW PATIENTS SHALL BE SENT TO HOSPITAL.) On the return of the physician's certificate the Commissioners shall as soon as practicable conclude their investigations and if they, or a majority of them, are of the opinion that the person under investigation is not insane as alleged in the application made as provided in Section 2551 C. L., then an order shall immediately be made and entered by the county judge dismissing the application and releasing, if in custody, the person therein named. If a majority of the Commissioners are at the conclusion of their investigation of the opinion that the person under investigation is insane, then an order shall be made and entered by the county judge finding that such person should be sent to the Hospital for the Insane at Jamestown, North Dakota, for further investigation by the Superintendent of that hospital, but such order shall contain no finding as to the alleged insanity and shall not declare such person insane. The Commissioners shall forthwith issue their warrant and a duplicate thereof, stating such finding, with the residence of the person if ascertained; and if not ascertained, their information, if any, in regard thereto, authorizing the Superintendent of the Hospital to receive and keep such person at said hospital for further investigation and until final commitment or release as hereinafter provided. Such warrant and duplicate with the finding and certificate of the physician shall be delivered to the sheriff of the county, who shall execute the same by conveying such person to the hospital and delivering him with such duplicate and physician's certificate, and finding to the superintendent thereof. If neither the sheriff nor his deputy is at hand, or if both are otherwise engaged, the commissioners may appoint some other suitable person to execute the warrant in his stead, who shall take and subscribe an oath faithfully to discharge his duty, and shall be entitled to the same fees as the sheriff. The sheriff or any other person so appointed may take to his aid such

assistance as he may need to execute such warrant; but no female shall thus be taken to the hospital without the attendance of some other female, or some relative of such person. The superintendent in his acknowledgment of delivery must state whether there was any such person in attendance, and give the name, if any. If any relative or intimate friend of the patient, who is a suitable person, shall so request, he shall have the privilege of taking and executing such warrant in preference to the sheriff or any other person, and without taking such oath, and for so doing he shall be entitled to his necessary expenses, but no fees.

Upon receipt of the above warrant from the Commissioners, the Superintendent shall make such investigation and submit the person therein named to such treatment as may be deemed necessary by him to finally determine whether or not such person is insane. If at the conclusion of such investigation and treatment, the said Superintendent is of the opinion that said person is insane, then the Superintendent shall immediately certify to the county judge who issued the warrant his conclusion and the said county judge shall thereupon enter in his office a final order declaring and finding such person insane; otherwise the said person shall be by the Superintendent released from custody, and the Superintendent shall certify that release to the county judge, and appropriate order shall be entered by the county judge in his office dismissing all proceedings had before the Commissioners of Insanity in the matter of the alleged insanity.

The provisions of this section shall apply to all cases of alleged insanity brought before the Commissioners of Insanity of this State and in on case shall said Commissioners of Insanity enter any final order declaring a person insane unless and until the Superintendent of the Hospital for the Insane at Jamestown, North Dakota, has after investigation as herein provided, certify to the county judge that such person is insane; provided, however, that if for any reason the alleged insane person cannot be sent to the Hospital for the Insane at Jamestown, North Dakota, for further investigation and treatment as herein provided, then the Commissioners of Insanity may make such orders as may be necessary for the care and custody and restraint from liberty of that person within the purview and intent of and to fully carry out other provisions of Article 4 of Chapter 38 of the Political Code of North Dakota, but in no case shall a final order declaring a person insane be entered by the county judge unless and until that person has been by the Superintendent of the Hospital for the Insane at Jamestown, North Dakota, certified to him as insane in the manner hereinbefore provided.

Section 4. AMENDMENT.) That Section 2565 of the Compiled Laws of North Dakota, 1913, as amended by Chapter 109 of the 1929 Session Laws be amended and re-enacted to read as follows:

Section 2565. SALARIES AND FEES, BY WHOM PAID.) The Commissioners of Insanity shall, by reason of their

The sheriff shall be allowed for services other than conveying the patient to the hospital and returning therefrom, the same fees as for like services in other cases. Witnesses shall be entitled to the same fees as witnesses in the district court. The compensation and expenses provided for above shall be allowed and paid out of the county treasury in the usual manner, except for fees and expenses of the sheriff for conveying the patient to the hospital for the insane, or to the authorities of another state, which shall be paid out of the state treasury in the usual manner.
