Section 21. The State Pension Board, which Board shall be composed of the Secretary of Agriculture and Labor, the Attorney General, and the Chairman of the Board of Administration, under the name and style of the State Pension Board, shall have the power and it shall be its duty to administer the fund hereby created, to hear and decide all questions applied from or suggested by such Board of County Commissioners, to make payments and disbursements from said fund in accordance with the provisions of this Act, and to make reasonable provisions for Secretary or clerical assistance and postage required by said Board for the proper performance of its duties; provided, however., that the expense for the carrying out of the provisions of this Act shall not exceed more than One Thousand Dollars (\$1,000.00) in any one year; and from time to time to make and establish such rules for the administration of said fund.

"Section 1. There shall be levied and collected in each year, beginning with the year 1935, an annual tax of seven-tenths of one mill for each taxable dollar of the total equalized assessed valuation, of all taxable property in the State of North Dakota, for the purpose of creating a fund to be known as the Old Age Pension Fund, the proceeds of which levy shall be set apart as a fund for the payment of relief and in assistance of aged persons, as hereinafter provided, such tax shall be collected in the same manner as is now provided for the collection of other taxes and when collected shall be paid into the state treasury to the credit of the Old Age Pension Fund. The fund shall be cumulative and any surplus for any year shall be available for disbursement according to law for any succeeding year. If the funds provided for herein are not sufficient to pay all pensions to become payable in any year, the Board of Administration shall scale all such pensions so that the pension fund may be distributed, uniformly among those granted pensions hereunder and that each person granted such pension may receive the same percentage of the pension granted. There shall also be converted into said fund and disposed of in accordance with this Act any other of further sums levied or appropriated or otherwise made available for Old Age Pensions.

Section 3e. Those who have a yearly income of more than two hundred and forty dollars (\$240.00).

Section 5. Every person claiming to be entitled to a pension under this Act shall, in the manner and form prescribed by the Board hereby created, deliver a claim therefor to the Board of County Commissioners of the county wherein the claimant resides, which claim shall be verified by the oath or affirmation of the claimant that the contents of his or her pension claim are true and correct in every material part. The County Commissioners shall thereupon number

The pension shall be payable on the first days of May and November of each and every year, and shall continue during the life of such pensioner, so long as he or she shall remain out of any home or institution officially maintained by any county or by this state or by the United States, subject to cancellation, modification and change of amount, according to the changing income of such pensioner. If on inquiry it appears that the pension certificate was improperly obtained, it shall be cancelled by the Board of County Commissioners, and the State Pension Board; but if it appears that the certificate was properly obtained, the suspended installments shall be payable in due course.

Section 21. The State Pension Board, which board shall be composed of the Secretary of Agriculture and Labor, the Attorney General, and the Chairman of the Board of Administration, under the name and style of the State Pension Board, shall have the power and it shall be its duty to administer the fund hereby created, to hear and decide all questions applied from or suggested by such Board of County Commissioners, to make payments and disbursements from said fund in accordance with the provisions of this Act, and to make reasonable provisions for secretary or clerical assistance and postage required by said Board for the proper performance of its duties; provided, however, that the expense for the carrying out of the provisions of this Act shall not exceed more than one thousand dollars (\$1,000.00) in any one year; and from time to time to make and establish such rules for the administration of said fund.

Mr. Smith: I am not interested at this time in the legal question as to where the money is coming from for this investigation. I am interested in the good name of the city I come from, and as to the facts and circumstances this Resolution refers to.

Over my protest this House adopted a resolution condemning certain officials in the City of Fargo for certain acts claimed to have been done by them in connection with the labor trouble they are having.

The Resolution was adopted without any proof of the facts stated therein to be true. I don't believe in condemning anyone on hearsay or newspaper reports or rumors. I asked for an investigation of the facts at that time, and I am still in favor of such an investigation; and I hope if this investigation is made the report made back to the House will be such that it will permit that Resolution to be expunged from the Permanent Journal of this House. I vote "aye."

Mr. Smith moved that the House Joint Resolution "B-3" with reference to the strike situation heretofore printed in the Journal, be expunged from the permanent Journal.

Mr. Smith demanded a roll call.

Which request was granted.

Therefore, I vote "no" on this proposition.

Absent and not voting:

Messrs.	Messrs.	Messrs.
Anderson,Bowman	Lohrbauer	Thompson
Halverson		

So the bill was lost.

Mr. Hill moved that the vote by which House Bill No. 290 was lost be reconsidered and the motion to reconsider be laid on the table.

Which motion was lost.

Mr. Anderson of Divide: I cannot vote for the establishment of the curse of the American saloon, the hoary devil of times gone by. No institution has ever done more harm to the American people than this. For the sake of the young people of the state of North Dakota I wish to register a protest against a system so vicious. I vote "no" Mr. Speaker.

Mr. Burgum: I am opposed to this attempt to create a legal sanction for a social evil. I am opposed to the state entering into partnership with and accepting the benefits from the greatest menace which has ever beset the human race. Therefore, I vote "no."

Mr. Burke: When this bill first came in I thought I was going to vote for it; but one of the greatest evils of the old saloon was constant meddling in politics. This bill brings a constant political wet and dry issue before the people of North Dakota in every election. Therefore I vote "no."

Mr. Erickson, McKenzie: I vote "no" on House Bill No. 290 for the reason that it provides for privately owned liquor stores. If this was a state-controlled store I would vote "aye," but cannot on this Bill. I vote "no."

Mr. Gilbertson: I don't believe in the old saloon. This is a very serious proposition, and I feel that the vote we are taking here tonight, by 113 members of this body, by passing this bill and making it a law, by passing it by a two-thirds

majority, by reason of the fact the people have several times voted overwhelmingly against liquor, I cannot support it; so I vote "no." I cannot but respect the many communications that have come in from the many people over the state condemning the liquor bill.

Mr. Godwin: I vote "aye" on House Bill No. 290, in addition to the many other reasons expressed by myself and others from the floor of this House, for the further reason that in the light of the condition of our people I oppose every time a bottle of liquor is drunk in North Dakota donating seven cents to the taxes of Minnesota in view of the distress which exists among the people of our state. Therefore, Mr. Speaker, I vote "aye."

Mr. Hewitt: I realize that the State of North Dakota needs a liquor bill, but I believe a more moderate bill should be offered at this time. I have studied these bills for the last couple days, and after studying Senate Bill No. 175 I have come to the conclusion it is a much safer bill. House Bill No. 290 won't last long. I vote "no."

Mr. Holey: I cannot vote for the establishment of the curse of the American Saloon the hoard Devil of the times gone by. No institution has ever done more harm to the American people than this. For the sake of the young people of the state of North Dakota I wish to register a protest against a system so vicious. Also the revenue is only a fraction of the cost of production. I wish my reasons entered in the House Journal. I vote "no," Mr. Speaker.

Mr. Kapaun: I vote "aye" in this, because I have lived in a state where saloons were legalized, and I never saw conditions there such as exist in the State of North Dakota today.

Mr. Langford: I vote "no" on this bill because I don't believe in the old saloon. I don't believe it will have any tendency to stop blindpigging. As soon as people are going to pay a high rate for their liquor they are not going to stop blindpigging.

Mr. Marks: I agree heartily with my friend, Anderson, in his statement he made here, if that were only true; but Mr. Anderson knows that the State of North Dakota is polluted with bootlegging. I am voting "aye" on this bill for the reason it is the best thing we have at this time; and while I know it doesn't agree with many of my friends I can't do any different. I vote "aye."

Mr. Moore: I vote "aye" on this bill because we have liquor on all sides of North Dakota. I would like to know where to go and find our liquor and tax it. I vote "aye" on this bill.

Mr. Morgan: I am voting "no," because I remember last fall how the men and women voters of this state flocked to the polls and knocked out hard liquor. I don't believe in any kind of liquor house, and I can't legalize this curse. I vote "no."

Mr. Niewoehner: I vote "aye" because I realize that we have the liquor evil and our only hope lies in strict regulation.

Mr. Noben: If I were voting on whether we were going to have liquor or not, it would certainly be not to have liquor; but the issue is whether it is going to be legal or illegal. My county gave a majority of three hundred to the wet Democrats. Therefore, I vote "aye."

Mr. Oglesby: I didn't take any time with the rest of them in the argument, but I wish a little time to explain my vote. Two years ago I voted "no," and two years ago it was the same as today. The issue was if they would give us beer, and we would have regulation. We have no more regulation today than two years ago. Our bars will be let down just as much with this license as it was with prohibition. I don't care whether it is a Senate Bill or a House Bill, I vote "no."

Mr. Olson of Hettinger: It is time the people of North Dakota knew what they want. At the last election they went on record as voting "no" on the hard liquor proposition. Therefore, I vote "no."

Mr. Olson of Mountrail: You can never control liquor by high license. It has never been done. The people of my county voted dry, and as a father of 5 sons and 3 daughters, I vote "no."

Mr. Schantz: I vote "aye" for the reason it is impossible to regulate an outlawed practice. It cannot be regulated until such is realized. I vote "aye."

Mr. Schnell: I vote "aye" on this bill, for the reason I am tired of the singing of fellows drinking this twenty-five cent stuff Ole Stray was speaking about.

Mr. Stray: I vote "aye" for the reason I believe it will be an improvement over the conditions we have today. I vote "aye."

Mr. Traynor: I vote "no" because I believe the liquor store bill which has just passed the Senate, and which I intend to support, is a much better bill.

Mr. Thoreson: I vote "aye" on this bill for the reason that I think under strict regulation it will be better than the evils we are up against now.

Mr. Adam: Can I make a few remarks as a special privilege? If these men would vote as they drink, they would vote wet. You can protect yourself against robbers and thieves. You can lock your doors, but you cannot protect yourself against liars and hypocrites.

The rules were suspended and reading House Bill No. 258 a second time was dispensed with because it was read a second time yesterday.

Mr. Dahl of Emmons took the chair.

House Bill No. 258. A Bill for an Act Providing a Uniform Law for the Administration and Supervision of Trust Estates in the District Court, and Providing the Procedure and Rules Governing and Relating to Same; and Repealing All of Chapter 122 of the Session Laws of North Dakota for the Year 1931, and All Other Acts or Parts of Acts in Conflict Herewith, and Making the Act an Emergency Measure.

Was read the second time.

ROLL CALL

The question being on the final passage of the Bill, the roll was called and there were ayes, 79; nays, 13; absent and not voting, 21.

So the bill passed and the title was agreed to.

Mr. Traynor: I am in favor of the principle of this bill, but I feel I must vote "no" when the levy is made so high. I would be glad if it were more reasonable as far as that feature is concerned, but under the circumstances of such a high levy, I vote "no."

Mr. Twichell: I am going to vote "no" for this bill, although I believe in an old age pension. We have such a set-up, although it doesn't bring in any money for that purpose. There is a set-up of the Federal Government that will take care of anything we don't take care of; therefore I believe it will be unwise to have anything to do with this when the Federal Government will do the job for us.

Mr. Thompson: Two years ago when I was here they told me the beer bill would correct everything—they wouldn't have any more need of hard liquor and there would be plenty of money to run the schools; but there isn't plenty of money to run the schools, and it's just like advocating plenty of rattlesnakes to keep people from getting bit. Mr. Wolf: I want to explain my vote and have the explanation recorded in the journal. According to recent statements appearing in the press of the state the face value of the assets in closed banks amounts to about twenty-seven million dollars. This bill proposes to give the Bank of North Dakota authority to purchase not to exceed \$200,000.00 worth, of the assets, or about 10% of the total. This small amount will be of no material benefit to the people of this state, but opens wide the door for fraud, and for furnishing financial aid to political friends, and I am opposed to the Bank of North Dakota being used and wrecked in that way. I vote No.

Mr. Godwin moved the House be at ease for one hour and a half.

Which motion prevailed.

Introduced by Representative Godwin

BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF THE STATE OF NORTH DAKOTA THAT,

WHEREAS, There recently occurred at Fargo, North Dakota, a disturbance which involved the alleged constitutional rights of citizens of this state and also involved the question of the legality of the acts of certain peace officers, and other officers, of the State and County of Cass;

WHEREAS: A large number of citizens were arrested and not brought to trial;

WHEREAS, The said disturbance and the prosecutions resulting therefrom is a matter of concern to the people of the State of North Dakota; and

WHEREAS, The complained of acts of the officers were done under the alleged authority and power given by the legislative acts of the legislature of the State of North Dakota; and

WHEREAS, the large number of the arrests made, and other facts, raises a question as to whether or not the present law of this State giving the States Attorney the power

to bring citizens to a criminal trial by simply filing a criminal information, instead of requiring the action of a Grand Jury and the finding of an indictment by such Grand Juries is wise; and

WHEREAS, This House adopted a Resolution condemning the officials involved in such disturbance without making a thorough investigation of the facts;

NOW THEREFORE, BE IT RESOLVED, In order no injustice shall be done to any citizen of the State of North Dakota, that a committee of five members of this House be appointed by the Speaker to inquire into, and investigate, the facts concerning said disturbance, and the arrests that followed, with power to subpoena persons, books and papers, including officials of the State or any County or municipality, and with the power to employ counsel and to take such testimony as may be deemed necessary by the committee of five members or the sub-committee, which committee or sub-committee may sit for such purpose at any place within the state convenient to such committee for the purpose of taking such testimony, to sit during the term of the present legislative session and to report back to this House, its findings, its recommendations as to what action if any should be taken in the matter and what, if any, future legislation should be enacted.

HOUSE CONCURRENT RESOLUTION NO. A-19

Introduced by Representatives Smith, Cunningham, Blaisdell and Downey.

Federal Emergency Relief Administration Investigation.

WHEREAS: Discontent is rampant throughout the State of North Dakota with administration of Federal Emergency Relief funds; and

WHEREAS: It is claimed that many out-of-state residents have been brought into the state to administer and work in the various state and county relief offices to the detriment of the North Dakota employment situation; and

WHEREAS: It is apparent that the present relief set-up in North Dakota is not only top-heavy and unwieldy but because of its complicated structure is conducive to waste of public funds; and

WHEREAS: It is evident that favoritism has been displayed in the issuance of relief orders in many counties; and

WHEREAS: Salaries being paid certain department heads in the state offices in Bismarck are out of proportion to salaries being paid to state employees, college professors, and professional men; and

WHEREAS: Mis-management is apparent in the state offices as evidenced by the many months it takes for persons doing business with the administration to obtain compensation for services rendered; and

WHEREAS: Livestock feed supplies purchased by the FERA at low prices are being doled out at exorbitant prices in comparison to their original value; and

WHEREAS: There is much unnecessary duplication of work between state and county offices to the detriment of our poor; and

WHEREAS: It is apparent that administration of relief should be lodged in the counties where the proper authorities are in a position to administer relief at much less cost to the taxpayer and with much more fairness to the recipient; and

WHEREAS: It is freely charged that the FERA is shot through with politics and that politics controls the allocation of positions in the various relief offices; and

WHEREAS: The character and morale of our people have been weakened rather than strengthened by the way relief has been administered in this state; and

WHEREAS: Administration of such a vast system requires business leadership more than an ephemeral social service training; and

WHEREAS: Our wage earners and farmers have been exploited by a cumbersome system whose administrative costs are excessive for the results accomplished; and

WHEREAS: The relief system is undermining our democratic form of government by spreading the seed of socialization which already has adversely affected and harmed not only our farmers and various business enterprises but also the various professions;

THEREFORE: BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF THE STATE OF NORTH DAKOTA; THE SENATE CONCURRING:

That this deplorable condition be brought to the attention of the President of the United States, the Congress of the United States and Mr. Harry L. Hopkins, national administrator of Federal Emergency Relief funds; and they be urged to take immediate steps to investigate the administration of relief in North Dakota and that where mis-management and inefficiency is found that the persons responsible for such work be immediately dismissed; and

That if any evidence is discovered of graft, fraud, misfeasance or malfeasance, embezzlement or other crimes against the government that such persons or persons responsible be punished to the full extent of the law; and

Be It Further Resolved: That the Speaker of the House of Representatives and the President of the Senate be authorized to appoint a committee of three members of their respective chambers to act as a joint committee to investigate any state or private agencies set up through federal funds allocated by the Federal Emergency Relief Administration and report their findings to the legislative assembly at the proper time and place; and

Be It Further Resolved: That authenticated copies thereof be mailed to President Franklin D. Roosevelt, The Speaker of the National House of Representatives, the President of the U. S. Senate, Mr. Harry L. Hopkins, The North Dakota Senators and Representatives in Congress; Gov. Walter Wellford and the local relief administrator.

Delivered in A. M.

Boake Carter,

Station WCAU PHA:

Congress sometime ago passed a bill authorizing a sixty million dollar program for farmers crop production seed loans. That action constituted merely an authorization and is nothing more than a gesture until an appropriation is made available to the Farm Credit Administration so that actual money may be loaned to the needy farmers. Under the Agricultural Adjustment Act seed stocks were purchased during the past months and located strategically in warehouses where such supplies will be needed under the seed loan program. Farm Credit Association dare not print forms and instructions until the appropriation is available to it. Off the record information states that the administration wants to take this sixty million dollars out of the big relief bill and it is one of the clubs being used to force favorable action by the Senate on that big bill. It is a tragic situation where the government has purchased the seed and the authorization is passed, and yet the farmers in the areas where planting must be started within the next three weeks are likely to suffer great hardships because

of this political impasse. In the spring wheat area seeding must be begun in about three weeks. There is a lot of red tape in translating any appropriation in Washington down through the different agencies until the farmer finally gets it. If the farmer does not receive his seed for real planting time he often suffers a total loss of crop for having planted too late. Most farmers who are required to borrow under a seed loan program will be on the government for another year if they fail to get a crop again; politics compounds misery. There is a delegation of ten representatives of the farm organization and co-operatives from the spring wheat area at work in Washington trying to get relief from this situation. They are here supported by a fund raised through contribution of farm families co-operative institutions and the townspeople from the areas whence they have come. This committee being here under such circumstances suggests that the rural people have begun to realize the necessity for sending their own folks to Washington to see what makes the wheels go around. Surely you have the contacts in Washington to verify all the statements which I have made about matters here. Several hundred thousand farm families will be grateful to you if your voice will aid us in this distressing situation. I am chairman of the Northwest Farmers Union Legislative Committee to which I have referred and am a big wheat farmer from McCone County, Montana. You may use my name and anything else in this wire which you choose in speaking over the radio.

Sincere thanks for any help you see fit to extend.

O. B. HORSFORD, Chairman,
Northwest Farmers Union Legislative
Committee.

Harrington Hotel, Washington, D. C.

Mr. Godwin moved the letter and report received from J. F. Cox be printed in the Journal.

Which motion prevailed.

UNITED STATES DEPARTMENT OF AGRICULTURE

Agricultural Adjustment Administration
Washington, D. C.

February 21, 1935.

Mr. Walter S. Martin,
Chief Clerk of the House of Representatives,
The State of North Dakota,
Bismarck, North Dakota.

Dear Mr. Martin:

Copy of the North Dakota House Concurrent Resolution A-1 regarding the federal program of seed distribution has been referred to the Seed Conservation Committee for consideration.

Attached hereto is a statement concerning the distribution of seed grains conserved for the drought area issued December 3 and also a further statement issued February 8. Orders for seed from the supplies conserved by the Government may be placed with the county drought committee of counties where seed supplies are deficient due to the drought. No provision was made, in carrying out the program as authorized by Congress, to make loans payable in kind. All agricultural loans are administered through the Farm Credit Administration.

The crop production loan of \$60,000,000 has been passed by Congress and signed by the President. Farmers who need financing in order to purchase seed, either from the Government supply or elsewhere, may apply for crop production loans through their County Crop Production Loan Committee of the Farm Credit Administration.

Sincerely yours,

J. F. FOX,
Chief, Replacement Crops Section
Division of Program Planning
(Chairman, Seed Conservation Committee)

Release—Immediate

AAA HAS COMPLETED SEED CONSERVATION
PURCHASES

Having conserved practically the total supply of adopted seed grains meeting its standards, which are not held commercially for seed purposes, and with funds appropriated for seed conservation nearly exhausted, the Agricultural Adjustment Administration announced today that seed conservation purchases of wheat, oats, barley, and flax were completed.

Emphasis in the government program to alleviate seed shortage due to drought has now shifted to plans for rapidly completing distribution of the stocks of conserved seeds to farmers in areas of the officially designated drought territory where a seed-deficit exists, and to methods for providing information when requested concerning available supplies of adapted seed grain in private or commercial hands. The ending of conservation purchases, however, does not discontinue the optional purchase of seed quality corn under seal as security for corn-loans, as this plan will proceed in states of the drought region until completed.

Using the \$25,000,000 made available under the emergency appropriations act for seed conservation, the Administration has acquired large stocks of adapted and superior varieties of grain-seeds to prevent the dissipation through feeding,

processing or mixing. Such Government stocks, as of February 5, were as follows: Wheat (hard spring) 5,590,804 bushels; durum wheat, 876,140 bushels; oats, 10,586,098 bushels; barley, 1,889,886; flax, 421,050; and sorghums, 591,050 pounds.

With the purchase activities completed, the Administration's seed stocks committee is devoting its efforts to rapid distribution of its stocks to areas in which there is a deficiency of adapted seeds. Under the distribution plan, the county drought committees have made surveys to determine locally available seed supplies and have submitted consolidated orders for seed that cannot be supplied from local sources. Surveys have indicated deficiencies of adapted seeds in North Dakota, South Dakota, Montana, Minnesota, Kansas, Nebraska, Iowa, Missouri and Oklahoma.

The conserved seeds are being distributed to producers in officially designated drought areas, where seed deficits have been shown to exist, at flat prices based on actual cost of the seed as grain, plus handling, cleaning and storage charges.

Local elevators and seed houses approved by the county drought committees and placed under proper bond, are distributing the government-held seed to producers on a service-charge basis and handling the receipts from sales. Over 1,500 local grain elevators in the drought territory are now under bond to act as agents for the Administration in the distribution program. Movements to final distribution points are based on allocations made to drought counties on the basis of needs as reported by county committees, with the exception of shipments to certain areas in which planting may be useless if weather conditions remain so unfavorably dry. In such cases shipments are being held up until needs can be more closely determined. All seed stocks have been carefully cleaned and graded under the supervision of the Seed Stock Committee. The large quantity of screenings resulting from the cleaning operations are being ground and sold for feed to meet the demand for feed for livestock in the drought region.

There have been many requests that these screenings be used as feed for wild birds and game in the upland areas of the Northwestern states. Administration officials have given these requests careful consideration, but find such use of the screenings inadvisable as the screenings carry a high percentage of noxious weed seeds, such as creeping jenny (bindweed), Canadian Thistle, quack grass and other highly dangerous weeds. As game conservation officials have pointed out, grinding the screenings, which would kill the weed seeds, makes them unsuitable for wild birds. No other practical way, say officials, has been found to treat weed seeds to make them safe for distribution for wild-life feed.

In connection with the program, information has been collected regarding available supplies of seed grain adapted to the drought region held privately or commercially. Thus the distribution agency is so organized that it can act as

a clearing house for inquiries regarding car lot demands for seed grain adapted to the drought territory and can furnish information in regard to supplies of seed grain obtainable through regular commercial channels. Such inquiries should be addressed to the Federal Seed Procurement Service and Seed Stock Committee, 500 Flour Exchange Building, Minneapolis, Minn.

The plan for the optional purchase of quantities of seed corn, to be selected from corn sealed on farms under Commodity Credit Corporation loans, in states of the drought territory, is anticipated to conserve several hundred thousand bushels of seed corn chiefly of the 1933 crop. Reports show that optioning of cribs is well advanced in Kansas, where 23,000 bushels has been certified as being seed quality and placed under option, and in Missouri, where 34,000 bushels has been certified and optioned. In Iowa, Nebraska, and Minnesota deep snow and cold weather have delayed inspection of cribs.

Under this plan, producers having seed quality corn under seal as security for a 55-cent per bushel corn loan from the Commodity Credit Corporation, are eligible to option such corn for sale to the Government, at \$1.25 per bushel on or before May 1, 1935. Owners are being advanced 20 cents per bushel, in addition to the loan received from the Commodity Credit Corporation, in return for the option. The plan was inaugurated to encourage growers in states where seed corn is deficient, due to the drought, to hold sufficient quantities of seed quality corn for seed uses in the local community.

December 3, 1934.

**ANNOUNCE PRICE POLICY FOR SALE OF
CONSERVED SEEDS**

Supplemental seed stocks of adapted and superior varieties of grain held by the Agricultural Adjustment Administration as a seed conservation measure, will be distributed to producers in officially designated drouth areas where seed deficits exist, at flat prices based on actual cost of the seed as grain, plus handling, cleaning and storage charges, it was announced today.

In accordance with this policy, the Administration announced the following sale prices to the farmer, for seed grain available to farmers from distributing agencies in counties during December and January:

Spring Wheat, Marquis and Ceres varieties	\$1.35 per bu.
Durum Wheat, all varieties	1.60 per bu.
Malting Barley, all varieties	1.35 per bu.
Feed Barley, Trebi variety	1.10 per bu.
Feed Barley, West Coast types	1.20 per bu.
Oats, white and yellow, early and mid-season varieties	.75 per bu.
Oats, red	.80 per bu.
Flax	2.25 per bu.

As a result of the program of the Department for the drouth area to prevent the dissipation of specially adapted varieties of grain seeds through processing, mixing, and feeding, the Administration has acquired the following supplies of seeds: Spring Wheat, 5,050,000 bushels; Durum Wheat, 1,150,000 bushels; Malting Barley, 1,000,000 bushels; Feed Barley, 700,000 bushels; White and Yellow Oats, 8,000,000 bushels; Red Oats, 1,500,000 bushels; Flax, 400,000 bushels. In purchasing seed stocks, rigid standards have been applied in order to secure seed grains that are superior to ordinary commercial grain, and that are best adapted to the deficit areas. All seed stocks have been inspected by the Bureau of Plant Industry and have been cleaned and graded under supervision of that bureau.

For sales made after the last day of each month following January, one cent per bushel per month will be added to cover storage charges. Otherwise the price schedule will hold, and the prices quoted will be standard throughout the entire deficit area for Administration seed supplies.

Under the distribution plan, first announced on October 6, the county drouth committees are now making surveys in drouth areas to determine locally available seed stocks, and to obtain orders from farmers for their seed requirements. Orders for seed that cannot be supplied from local sources are being consolidated in the offices of the various county drouth relief directors. When Government-owned seeds are desired to supplement local supplies, the county director will submit a consolidated county list of requirements to the Procurement Officer, Commodities Purchase Section, 500 Flour Exchange, Minneapolis, Minnesota. The procurement officer will take action to place in the county and within reach of all applicants, the seed which has been applied for. Careful surveys have indicated deficiencies of adapted seed grain in North Dakota, South Dakota, Montana, Minnesota, Kansas, Nebraska, Illinois, Iowa, Missouri, and Oklahoma.

The seed stocks are now largely held in elevators in primary country distributing points throughout deficit areas, and movement of the stocks to final points of distribution will start as soon as allocations to drouth counties have been made on the basis of needs as reported through consolidated orders and surveys of supplies made by county committees. It was pointed out by officials that shipments within allocations would be made only on definite evidence of a shortage of adapted seeds, and only after orders from grain producers for such seeds have been recorded by county committees.

Officials in charge of the seed conservation program emphasized the fact that the total amount of seed held by the Administration is small in comparison to the total requirements of the drouth areas, probably not accounting for more than 50 per cent of the deficit. The primary purpose of the program is to protect superior varieties that have been developed over a period of years, from extinction through feeding, mixing, or processing. However, in addition, the distribution agency is so organized that it can act as a

clearing house for information to expedite the distribution of privately held seed supplies, and can notify the seed trade and seed handlers of the need for seeds, in order to encourage supplying of a material part of the deficit through regular commercial channels.

Local elevators and seed houses approved by the county drouth committees and placed under proper bond, will distribute the Government-held seed to producers and will handle the receipts from sales. Seed ordered will be held in the local designated seed house or elevator subject to call of the farmers applying for seed, until 30 days before the regular planting season for each locality and each class of grain. After that date it will be considered released and subject to sale to any other applicant, if not called for by the original applicant. The final date for holding seed for applicants for each class of grain for each locality will be announced to county directors by the Agricultural Adjustment Administration.

Blank forms for handling the distribution of Government seed stocks are being prepared. Requests for these forms should be made to the Procurement Officer, Agricultural Adjustment Administration, Minneapolis, Minn.

State of North Dakota
OFFICE OF THE GOVERNOR
Bismarck

March 4, 1935.

Speaker of the House of Representatives,
Twenty-fourth Legislative Assembly,
Bismarck, North Dakota.

Dear Mr. Speaker:

I transmit to you herewith a Message which it is desired to present to the Members of your body.

Respectfully submitted,

WALTER WELFORD,
Acting Governor.

TO THE HONORABLE MEMBERS OF THE TWENTY-
FOURTH LEGISLATIVE ASSEMBLY:

Facts developed through study of plans for our state government during the next two years has revealed that a very undesirable condition will confront the citizens of the state unless immediate steps are taken to remedy the developing situation.

I am constrained to call your attention to the vast appropriation items present in proposed laws that were passed between the houses of the legislature by the 50th day of this assembly. A summary of these bills indicates that the sundry items total to an amount approximately as follows:

Senate	\$3,738,584.84
House of Representatives	2,262,163.26
Totals.....	<u>\$6,000,748.10</u>

Under existing conditions I believe the totals above described cannot be justified, and must by all means be reduced. It is your duty to limit the total to a much smaller amount. Two years ago the total for all purposes of state government, after vetoes by the governor, was left at approximately \$4,500,000. The reduction of the appropriations to that amount, it afterwards developed, was too severe. Necessary expenses required that deficits be contracted which boosted the amount required to operate the government to the point that a figure of \$5,000,000 would not be an unreasonable total.

We should not go beyond that figure except as necessary for the education of our children and in the care of our indigent, our mental and physical defectives and for our unemployed. To appropriate larger sums will be useless as the funds to pay cannot properly be raised when you consider general demands for money for needs other than strict governmental functions.

It is called to our attention that it is necessary for the

duration of the present emergency for the state itself to take over the matter of educational financing to the end that our rural schools may be kept open and operated for the education of our children. This is unfortunate, and, because the plan presented for successful continuance indicates that \$1,929,125.00 per year is necessary, there are those interested in destructive propaganda who have striven to demonstrate that reckless extravagance is planned. You must safeguard against duplication of levy and provide that any special levies you may determine upon may only be a replacement.. I recommend that funds collected for school purposes be distributed under the direction of the State Board of Equalization, a state-wide board which will apportion the state's money discreetly to those schools entitled to receive it.

A very thorough study has been made by your committees to determine the requirements for school aid through the equalization fund. I am willing to accept the recommendation of the committee as being representative of the final requirement. The Superintendent of Public Instruction also concurs in the recommendation of the educational committee, and states that it is his opinion that the amounts as detailed hereunder are necessary to give proper care to the schools.

Annual Cost of Minimum Compromise Program Proposed by Sub-Committees:

1952 High School Units @ \$150	\$ 292,000.00
6537 Grade School Units @ \$125	817,125.00
8000 Non-resident H. S. St. @ \$40	320,000.00
For Equalizing Purposes	500,000.00

Totals.....\$1,929,125.00

This will make a biennial requirement for the school maintenance of\$3,859,850.00

As a means of raising the revenue necessary to meet the requirement of the rural schools of \$1,929,125.00 per year. it is believed that some form of transaction tax must be resorted to. I know that the adoption of some form of this tax has been in your mind and under consideration for some time. Already there has been an enormous amount of pressure brought upon you to endeavor to induce you to refrain from enacting legislation to make a turn-over tax effective. This pressure is being brought solely for the purpose of embarrassing yourselves and the administration. I am convinced that no other form of tax will produce the revenue necessary for our schools. With a safeguard against a duplication of levy by also requiring the reduction of the district school levies, you have removed all possible objection that there can be to the manner of taxing. Experience in the nineteen states having a retail sales tax in 1933 indicates that while these retail sales taxes were unpopular in the beginning, they have become more popular and the revenues raised have justified the use of the tax. There is nothing improper or irregular in the levy of a sales tax. It is the only means now available to permit our entire citizenry to

participate in the support of their government. This opportunity to participate in the support is provided in direct proportion to the amount of money available to the person. Every patriotic citizen should be interested in the maintenance of our schools and should welcome an opportunity to contribute to the education of the youth of this state. I recommend that provision be made that revenues received from a turn-over or sales tax in excess of the amount required by the rural schools, be provided to be used for the support of our other educational or charitable institutions. I do not believe there is anyone who can justifiably criticize you for resorting to a sales tax to maintain our schools. A 2% sales tax should yield approximately \$2,000,000 per year. Consideration might be given to a provision for the levy of a 3% tax the first year, reduced to 2% the second year; additional funds derived possibly being used to provide additional construction required by the institutions provided for the care of the defectives. The immediate needs for schools have already been met by the transfer of the \$1,000,000 from the hail surplus fund.

You are also confronted with the fact that through the Bank of North Dakota the state government, acting either under direct mandate of the people or through legislative enactment, that had the approval of the people, has followed certain well defined policies and has contracted specific and continuing obligations. The people have always wanted their selected policies continued until they direct otherwise, and they want their obligations liquidated and carried out in an orderly manner. I am proceeding on this assumption and, therefore, ask that adequate means be provided to protect the integrity of the State's obligations. Two years ago provision was made for an amount of \$1,100,000 to be set aside from the Motor Vehicle Fund annually for three years, to care for the demand of the Bank of North Dakota Bond interest fund. The requirement for this fund for the next biennium it is estimated will be \$1,500,000 or \$700,000 less than for the past biennium. To allow the motor vehicle fund to be transferred for the third year and to divert \$400,000 of the money derived from the tax on the sale of beer for one year will meet the requirement for the biennium. It is believed this should be done in the interest of the State.

With the concerted drive which has been made by predatory interests on our State Bonds and the mass attack on the financial integrity of the State, it is more incumbent upon you to continue the Bond Stabilization program.

If it is found that the expense of the maintenance of the normal functions of the government can be kept within the figure of \$5,000,000, we can assume that amount as a budgetary requirement. To meet this requirement we have the following anticipated income:

Funds on hand July 1st	\$ 627,146.17
General levy expected Tax Collections.....	2,000,000.00
Special taxes, Cigarette license, Cigarettes, Beer, etc.	1,500,000.00
Total	\$4,127,146.17

The above, therefore, reveals an apparent deficit for general requirements of approximately \$1,000,000. This amount must be realized from taxes levied against incomes or commodities not now especially contributing to the government. In any event, the million dollars must be raised. Some states have legalized the sale of liquor as a means of assisting in the maintenance of government. It is not known what steps your body might take in this line and I will not attempt to influence you therein.

Special levies that more closely follow and are assessed against the lines which have revealed most profits during the present emergency, should produce sufficient revenue to meet our needed requirements. I do not believe that it is fair to single out one industry to the exclusion of others and to make this industry our agent for the collection of needed revenues.

Gasoline consumption is too closely identified with agriculture production to make it desirable to add any increased burden. The normal sales tax ratio could be raised from 2% to 5% or more on some special items, and you would thereby have more nearly provided the revenue to meet the budgetary requirements.

The State is also confronted this year with a requirement not previously presented in budgetary needs, or rather not previously presented to the Legislature as something requiring additional funds. This is unemployment compensation, old age pension and general welfare. For the time being it is estimated that at least Two Million dollars will be required for the biennium. A condition is confronting us that must be met and the means for raising funds must be provided by this legislature.

Proposed Federal legislation dealing with the subject provides in general that states must share in contributions to relief funds of various natures. Eventually some system of control and unemployment compensation must be provided. We should give the worker work and through insurance give protection against unemployment, old age, sickness, disability and dependency. Unemployment reserves can be built up which will take care of seasonable or other variations in cyclical unemployment. Until Federal legislation has been enacted, however, which will furnish the guide for state participation, it is impracticable to enact State legislation and we must, therefore, continue through making grants where necessary. To do this will require the Two Million dollars above specified.

While I am opposed to the diversion of funds to uses other than that which were contemplated in the enacting laws, yet in an emergency we must make provision for diversion in cases where the funds can be better used for new purposes and where they are not absolutely necessary to our government in their present use.

There is a constitutional provision authorizing the issuance of 2,000,000 general obligation bonds. I believe the Legisla-

ture should authorize the sale of these for relief activities, should it be shown later to be necessary. This action might satisfactorily care for all necessary provisions over the biennium in the event conditions do not improve. There is much talk of a special session and many members have been heard to remark that no constructive acts have come out of the legislature this year. I do not agree. A survey of the situation right now does not indicate to me that any special session will be needed. Ample time remains to clear the calendars of meritorious legislation if attention is directed to those bills which cover subjects necessarily related to our present administration.

Much time in committees and on the floor has been wasted in argument over preferential or personal legislation. You must enact your revenue legislation without regard to the plea of the special interests—you will be burdened for time and you must act accordingly. Some bills are in your possession which are designed to allow broader participation in Federal Government activities and to permit more extensive Federal works. Please scan closely all of these measures that you may not kill meritorious and needed authorities without knowledge thereof.

I believe that bills now left in committees or on the calendar should be studied closely, sorted and classified so that first priority will be given to needed corrective legislation, revenue bills, and appropriations. Other matters can follow but please do not allow the revenue measures and appropriations to become involved in last-minute squeezes.

March 4, 1935.

WALTER WELFORD,
Acting Governor.

Mr. Twichell moved the message be printed in the Journal.
Which motion prevailed.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF THE STATE OF NORTH DAKOTA:

Section 1. ESTABLISHMENT OF POLICE PATROL.) There is hereby created a State Highway Patrol, and the Regulatory Officer with the consent of the Governor, is authorized and empowered to appoint a State Highway Patrol Superintendent and an Assistant Highway Patrol Superintendent; said superintendent and assistant superintendent shall hold office during the pleasure of the Regulatory Officer, and it shall be their duty to enforce the provisions of the laws of the State of North Dakota relating to the protection and use of the public highways in this state, and the operation of motor and other vehicles upon said highways.

Section 2. APPOINTMENT OF POLICE.) The State Highway Patrol Superintendent is hereby authorized and empowered to appoint not more than ten persons, who shall constitute such State Highway Patrol, and who shall be known as "Highway Police" who shall hold office during the pleasure of the Superintendent and whose duty it shall be to enforce the provisions of the laws of the State of North Dakota relating to the protection and use of the public highways in the State, and the operation of motor and other vehicles upon said highways; said persons so appointed shall be invested with all the powers and perform all the duties now held and performed by peace officers in

the State of North Dakota, the jurisdiction of said officers shall extend throughout the state, provided, however, that such powers and duties shall apply only to the enforcement of laws, rules and regulations relating to highways.

Section 3. OATH AND BOND.) Every person appointed as State Highway Patrol Superintendent, or assistant State Highway Patrol Superintendent, or as a Highway Police, shall, before entering upon his duties, subscribe to an oath, and sign and file a bond with the Regulatory Department, the bond to run to the State of North Dakota; said oath and bond to be in such form and in such amounts as shall be prescribed by the Regulatory Department.

Section 4. PAYMENT OF EXPENSES.) All salaries, wages and other expenses of this department shall be paid by the State Auditor and State Treasurer out of the "Police Patrol Fund" hereinafter provided, upon vouchers as now required by law for the payment of all state expenses, duly approved by the Regulatory Officer and the superintendent, and audited and allowed by the State Auditing Board.

Section 5. SALARIES.) The salary of the State Highway Patrol Superintendent appointed under the provisions of this Act shall not exceed \$2,200 per annum, and the salary of the Assistant State Highway Patrol Superintendent appointed under the provisions of the Act, shall not exceed \$1,800 per annum; the salary of each Highway Police Superintendent appointed under the provisions of this Act shall be fixed by the State Highway Patrol Superintendent at not to exceed \$135 per month to each of said Highway Police, and shall be paid monthly out of any funds in the State Highway Patrol Fund, provided total expenditures of Department shall not exceed \$45,000 per annum.

Section 6. SPECIAL DUTIES.) The State Highway police appointed under the provisions of this Act, are particularly required to check and discover all violations of State Highway Laws and regulations and to make a special effort to see that all laws and regulations relating to highways in this state are complied with.

Section 7. MEMBERS OF POLICE PATROL.) All members of the Police Patrol shall be not less than twenty-five years old on the date of their appointment. They shall, before being qualified to appointment, be required to pass such physical examination and such other qualification test as may be determined by the Superintendent, be of good moral character and of temperate habits, have been citizens of the United States and of the State of North Dakota for not less than two years prior to their appointment. For appointment, preference shall be given at all times to honorably discharged soldiers of the World War, and all appointments shall be made without regard to any political party affiliation of the applicant. All appointments shall be made by the Regulatory Officer from the list of qualified applicants certified to him by the Superintendent.

Section 8. POLICE PATROL FUND. APPROPRIATION.) There is hereby appropriated out of any moneys in the State

All moneys collected from the collections of drivers license fees as now provided by law shall be deposited in the "Police Patrol Fund," and the moneys accumulated in that fund shall be expended to meet the salaries and expenses of this Department and shall be paid out as hereinbefore directed. The moneys so deposited in that fund from the proceeds of collections of drivers license fees and all moneys that may rightfully become a part of that fund under the provisions of this Act are hereby appropriated for the purpose and for the payment of the expenses of this department. When sufficient moneys have accumulated in that fund that the Regulatory Department is of the opinion that the five thousand dollar appropriation hereby made out of the general revenue of this state may be reimbursed and refunded to the state, leaving enough therein to carry out the purpose of this Act, the Regulatory Department may withdraw therefrom the said sum of five thousand dollars so hereby appropriated, or so much thereof as may have been used, and revert the same to the general fund of the state as a reimbursement of said special appropriation. The balance in the "Police Patrol Fund" herein mentioned which may remain unexpended at the end of any biennium period shall not be at that time converted into the general fund of the state but shall remain in said "Police Patrol Fund" to be later expended as a part thereof until otherwise directed by the Legislature.

Section 9. REPEAL.) All Acts or parts of Acts in conflict herewith are hereby repealed.

Section 10. EMERGENCY.) It appears that there is now no adequate method for enforcing highway laws and regulations, and that great danger is being done to the State of North Dakota, and its highways by reason thereof, therefore, this Act is declared to be an emergency measure and shall be in full force and effect from and after its passage and approval.

And when so amended recommend the same do pass.

Mr. Keidel: I am, and always have been in favor of compulsory hail insurance; and providing the Legislature puts the salaries of our school institutions on a parity with the Hail Insurance Department I will O. K. it. I vote "aye."

Mr. Williams: I want to explain my vote. I think this is one of the most serious bills we have had to vote on. I am representing one of the largest counties in the state of North Dakota—Richland County. I am representing between twenty and twenty-five thousand people down there. For my own individual self, if I had to vote on this bill, I would be with you one hundred per cent. I want my remarks recorded, boys. I haven't been approached by any faction on either side. I am using by own judgment. I have enjoyed the talks on both sides of this matter. But, as I am representing those people down there, and know their wishes—and I have been here for two months and there hasn't been one piece of legislation passed to help them—I can't vote for this. I vote "no."

Mr. Oglesby: I vote "no" on this bill for the reason that there is an army of men eating up our hail insurance money here in the winter time.

Mr. Godwin moved that the House do now recess until 8:00 P. M.

Which motion prevailed, and the House stood recessed.

WALTER S. MARTIN,
Chief Clerk.

So the bill passed and the title was agreed to.

Mr. Downey moved that the vote by which Senate Bill No. 175 was passed be reconsidered and the motion to reconsider be laid on the table.

Which motion prevailed.

Mr. Bjerke: I wish to state I am here to represent the majority of the people in Steele County, and when they voted on the liquor question they voted "no." Therefore, I vote "no."

Mr. Burke: I wish to say that in the June Primary when that particular initiated bill was up, I voted "no." In the fall election when that particular measure was up I voted "no." But I don't consider the voice on either one of those two measures is to be accepted in voting on this bill. I vote "no."

Mr. Fedje: As the blindpiggers are here and our children are here it is our duty to protect them through some instrumental law; and in order to do that, in my opinion, it is my duty to vote "aye" on this bill.

Mr. Holey: I cannot vote for this bill for the following reasons:

- (1) It is against my moral conviction.
- (2) I would not betray the people who have asked, begged and pleaded with the Legislature not to vote for legalizing hard liquor.
- (3) It will be a curse upon the people of the State of North Dakota.

(4) It will undermine the moral conviction of our coming generations.

Mr. Speaker, I wish this entered in the Journal of the House. I vote "no."

Mr. Keidel: I feel that if the hail tax can be collected from a drouth stricken state, I see no reason why this tax could not be collected. I vote "aye."

Mr. Marks: I vote "aye" on this bill, not because I love the black demõn, but because I believe it will be a step nearer toward dragging him out of the alleys of hell.

Mr. Moore: I vote "no" on this measure for the simple reason the rural communities have nothing to derive from this, and nothing to say as to its dispensing.

Mr. Morgan: I want to vote to protect the homes, the churches and the youth, and I cannot vote to bring this curse on our people. Therefore, I vote "no."

Mr. O'Brien: I vote aye on this bill not because I ignore the voice of the people at recent election but because I believe thousands of voters are not aware of conditions as they now exist in our towns and cities.

Mr. Olson of Mountrail: The people at home have decided this question last fall. I vote "No."

Mr. Williams: Men and women of this House, I don't know what the liquor question means to you, but it is a serious proposition. The parties that drew this bill up didn't like it. They didn't mention the old saloon.

The Speaker: Mr. Williams, explain your vote,—you aren't to make a speech.

Mr. Williams: —they called it the "liquor house." Think of it! Getting by with a "liquor house."

The Speaker: You are out of order, Mr. Williams, explain your vote.

Mr. Williams: This has been voted down three times by the men and women of the State of North Dakota. Are we coming up here as individuals and passing something over their heads that is going to damn the next generation? That is up to us.

The Speaker: Mr. Williams, you are out of order, you must explain your vote and not make a speech.

Mr. Williams: Can't I have a few minutes? The other fellows did.

The Speaker: You must explain your vote,—not make a speech.

Mr. Williams: This is up to us. This liquor has come down through the ages and has been a curse. I vote "No."

Mr. Godwin: We had an opportunity with the regulation that was provided for in House Bill No. 290 to, as far as possible, regulate the sale and distribution of intoxicating liquor in a manner that would come near to a possibility of enforcement and thus combine our public duty of raising revenue with our duty of directing the moral influences of our state in the proper direction. However, that bill was killed and in this bill we entirely subrogate the moral direction, to our desire for public revenue. We have still left the business of the drink distribution to the Capones and his successors. It does, however, raise some revenue and in accomplishing that purpose, I vote aye.

Mr. Levin moved Senate Bill No. 101 be indefinitely postponed.

Mr. Dalzell offered a substitute motion that Senate Bill No. 101 remain on the calendar.

Which motion was lost.

The question reverted to the original motion of Mr. Levin for indefinite postponement.

Which motion was lost.

A Bill for an Act to Establish a Standardized and Uniform System of Grading, Labeling and Inspecting Potatoes and Regulating the Sale and Distribution of the Same, Defining Certain Terms, Designating Standard Grades, Providing for an Inspection Service and for the Fixing of Fees and Other Charges and the Disposition of the Same, Defining Violations and Providing Penalties Therefor, Defining Certain Cooperative Functions, Charging Carriers with Certain Responsibilities, Providing for Enforcement and Prosecution, Providing for Effect of Partial Invalidity, and Providing for Administration of the Act Through the State Seed Commissioner and Giving Him Authority to Make Necessary Rules and Regulations, and to Administer Oaths, and to Have Free Access and Power of Seizure, and Providing for Supersedence of This Act.

Be It Enacted by the Legislative Assembly of the State of North Dakota:

Section 1. ESTABLISHMENT OF POLICE PATROL.) There is hereby created a State Highway Patrol, and the Regulatory Officer with the consent of the Governor, is authorized and empowered to appoint a State Highway Patrol Superintendent and an Assistant Highway Patrol Superintendent; said superintendent and assistant superintendent shall hold office during the pleasure of the Regulatory Officer, and it shall be their duty to enforce the provisions of the laws of the State of North Dakota, relating to the protection and use of the public highways in this state, and the operation of motor and other vehicles upon said highways.

Section 2. APPOINTMENT OF POLICE.) The State Highway Patrol Superintendent is hereby authorized and empowered to appoint not more than ten persons, who shall constitute such State Highway Patrol, and who shall be known as "Highway Police" who shall hold office during the pleasure of the Superintendent and whose duty it shall be to enforce the provisions of the laws of the State of North Dakota relating to the protection and use of the public highways in the State, and the operation of motor and other vehicles upon said highways; said persons so appointed shall be invested with all the powers and perform all the duties now held and performed by peace officers in the State of North Dakota, the jurisdiction of said officers shall extend throughout the state, provided, however, that such powers and duties shall apply only to the enforcement of laws, rules and regulations relating to highways.

Section 3. OATH AND BOND.) Every person appointed as State Highway Patrol Superintendent, or assistant State Highway Patrol Superintendent, or as a Highway Police, shall, before entering upon his duties, subscribe to an oath, and sign and file a bond with the Regulatory Department, the bond to run to the State of North Dakota; said oath and bond to be in such form and in such amounts as shall be prescribed by the Regulatory Department.

All salaries, wages and other expenses of this department shall be paid by the State Auditor and State Treasurer out of the "Police Patrol Fund" hereinafter provided, upon vouchers as now required by law for the payment of all state expenses, duly approved by the Regulatory Officer and the superintendent, and audited and allowed by the State Auditing Board.

and shall be paid monthly out of any funds in the State Highway Patrol Fund, provided total expenditures of Department shall not exceed \$45,000 per annum.

Section 6. SPECIAL DUTIES.) The State Highway police appointed under the provisions of this Act, are particularly required to check and discover all violations of State Highway Laws and regulations and to make a special effort to see that all laws and regulations relating to highways in this state are complied with.

Section 7. MEMBERS OF POLICE PATROL.) All members of the Police Patrol shall be not less than twenty-five years old on the date of their appointment. The moneys so deposited in that fund from the proceeds of collections of drivers license fees and all moneys that may rightfully become a part of that fund under the provisions of this Act are hereby appropriated for the purpose and for the payment of the expenses of this department. When sufficient moneys have accumulated in that fund that the Regulatory Department is of the opinion that the five thousand dollar appropriation hereby made out of the general revenue of this state may be reimbursed and refunded to the state, leaving enough therein to carry out the purpose of this Act, the Regulatory Department may withdraw therefrom the said sum of five thousand dollars so hereby appropriated, or so much thereof as may have been used, and revert the same to the general fund of the state as a reimbursement of said special appropriation. The balance in the "Police Patrol Fund" herein mentioned which may remain unexpended at the end of any biennium period shall not be at that time converted into the general fund of the state but shall remain in said "Police Patrol Fund" to be later

expended as a part thereof until otherwise directed by the Legislature.

Section 9. REPEAL.) All Acts or parts of Acts in conflict herewith are hereby repealed.

Section 10. EMERGENCY.) It appears that there is now no adequate method for enforcing highway laws and regulations, and that great danger is being done to the State of North Dakota, and its highways by reason thereof, therefore, this Act is declared to be an emergency measure and shall be in full force and effect from and after its passage and approval.

A Bill for an Act Relating to Licensing of Motor Vehicle Operators and Chauffeurs and to the Liability of Certain Persons for Negligence in the Operation Thereof on Public Highways; Fixing Fee to be Paid; Providing for Examination of Applicant; Providing for Suspension or Revocation of License; Making Disposition of Fees Collected; Providing for Penalty for Violating Act; Repealing All Acts in Conflict Herewith, and Declaring an Emergency.

Have had the same under consideration and recommend that the same be amended as follows:

The following amendments are offered to Senate Bill No. 264; amendments being to the engrossed bill as it came from the Senate:

Amend the title by adding at the end thereof "Appropriation."

Strike out everything after the enacting clause and add in place thereof the following:

Section 1. DEFINITIONS.) The following words: "Motor Vehicle," "Farm Tractor," "Owner," "Operator," "Non-resident," "Public Highway," as used in this Act shall be interpreted to have the meanings usually ascribed to them, except in those instances where the context clearly indicates a different meaning.

Section 2. DRIVER'S LICENSES.) Except as provided by Section 3 of this Act, no person 16 years of age or over shall on and after this measure shall be in force and effect, operate any motor vehicle upon the public highways of this State unless such person shall have made application for and secured a driver's license from the State Highway Commissioner for which he shall pay to the Commissioner the sum of 25 cents, payable at the time of making such application. Provided, however, that when the license fee of 25 cents is paid by the head of a family, or household, licenses may be issued, upon application therefor, to each of the members of the immediate family of the head of the said family, or household, on the payment of an additional fee of 10 cents for each such license. For the purpose of this Act, the term "immediate family," is hereby defined to mean all persons bound together by the ties of relationship and parents and children living together as members of one household under one head. Such application shall be made upon a form approved by the Commissioner.

Provided, that no driver's license shall be issued to a resident of North Dakota who has purchased a Motor Vehicle after the taking effect of Senate Bill No. 313 of the 24th Legis-

lative Assembly of the State of North Dakota (the sales tax act), unless such applicant shall produce satisfactory proof to the Commissioner that the North Dakota sales tax has been paid upon the purchase of such motor vehicle owned and operated by such North Dakota resident. In the event such tax has not been paid by such applicant, the license may be issued by the Commissioner only upon such applicant paying in addition to the license fee hereinbefore required the sales tax in such amount as is provided in the sales tax law of the State of North Dakota. The Commissioner shall remit such sales tax payment to the proper officer of the State who is charged with the duty of collecting the sales tax and such officer shall credit such sum in the same manner as are other collections of sales tax under the laws of the State of North Dakota.

Every applicant shall state his name, age, sex, and resident address, and what experience he has had in operating a motor vehicle; that he is competent to operate a motor vehicle upon the public highways of the State; that he knows of no physical impairment or defect or any other act which would render him an improper and unsafe person to operate a motor vehicle. Every applicant shall also state whether or not he has been heretofore licensed, and if so, by what State, and whether or not the license has ever been suspended or revoked and if so, the date and reason for such suspension or revocation, together with such other facts pertaining to the qualifications of the applicant and his ability to operate a motor vehicle with safety, as may be required by the Commissioner. Thereupon license shall issue as of course.

To every person granted a license the Commissioner shall issue a certificate of license which shall bear thereon the distinguishing number assigned to the license and shall contain the name, age, sex and residence address, and a space where such person shall write his usual signature with pen and ink.

Section 3. EXEMPTIONS.) Every person driving or operating a road roller, road machinery, or any farm tractor or implement of husbandry temporarily drawn or moved upon the highways, and every person in the service of the Army, Navy, or Marine Corps of the United States when furnished a driver's permit and operating an official motor vehicle in such service, shall be exempted from license under this Act.

Section 4. STATE HIGHWAY COMMISSIONER TO ADMINISTER ACT.) The State Highway Commissioner shall be charged with the responsibility for the administration and execution of this Act.

Section 5. CLERK OF COURT MAY RECEIVE APPLICATIONS.) Any applicant for a license may file his application with the Clerk of the District Court or the sheriff of the county in which he resides and such clerk or sheriff is hereby authorized to receive and accept the same upon the payment by the applicant to such clerk or sheriff of an additional fee of ten cents for such service. The clerk or

sheriff shall then immediately forward such application to the Commissioner, together with the fee of 25 cents.

Section 6. PERSONS UNDER SIXTEEN YEARS OF AGE NOT TO BE LICENSED.) No operator's license shall be granted to any person under the age of sixteen years except that upon a written request of a parent or guardian a minor's license may be issued to any person between the ages of 14 and 16 years. But only upon the recommendation of the official to whom the application for license shall be made.

Section 7. NON-RESIDENTS NEED NOT HAVE LICENSES.) During the period within which a motor vehicle of a non-resident may be operated in this State in accordance with law, such motor vehicle may be operated by its owner or a member of his family without a license, provided such owner and members of his family have fully complied with the laws of the State of their residence regarding the operation of motor vehicles. Such motor vehicles shall at all times display the license number plates issued therefor at the home state or county of the owner.

Section 8. MUST CARRY CERTIFICATE.) The licensee shall have his certificate of license in his possession while operating a motor vehicle upon the public highways of this state. Said certificate of license shall be subject to examination upon demand by any peace officer or by any officer authorized by law to enforce the laws relating to the operation of motor vehicles on the highways, and the licensee shall, upon request of any such officer, write his name in the presence of such officer in order that the identity of the licensee may be determined. It shall be a complete defense to any charge under this section that the person so charged produce in court an operator's certificate of license theretofore issued to such person and valid, or produce evidence that he had made application therefor; that he had not received his certificate; but same had not been denied, at the time of his arrest. If a certificate of license issued under the provisions of this Act shall be lost or destroyed, the person to whom the same was issued may obtain a duplicate or substitute therefor upon furnishing satisfactory proof that such license has been lost or destroyed, and upon the payment of a fee of 25 cents.

Section 9. COURTS TO CERTIFY CONVICTIONS TO COMMISSIONER.) Every Court having jurisdiction of offenses committed under this Act or any law of this State regulating the operation of motor vehicles on public highways shall certify to the Commissioner a record of the conviction of any person in said court for a violation of any of said laws, and may recommend the suspension of the license of any person so convicted. The Commissioner acting upon such recommendation may suspend such license, but such suspension shall not be for a period of more than one year. Upon suspending the license the Commissioner shall require that the certificate of license be surrendered to him. At the end of the period of suspension the certificate of license shall be returned to the licensee.

Section 10. COMMISSIONER TO REVOKE LICENSE.) (a) The Commissioner shall forthwith revoke the license of any person and require that the certificate of license be returned to him, upon receiving a record of the conviction of such person of any of the following offenses:

(1) Manslaughter resulting from the operation of a motor vehicle.

(2) Driving a motor vehicle while under the influence of intoxicating liquor or narcotic drug.

(3) Any crime punishable as a felony under the motor vehicle laws of this State or any other felony in the commission of which a motor vehicle is used.

(5) A conviction of a driver of a motor vehicle, involved in an accident resulting in the death or injury of another person, upon a charge of failing to stop and disclose his identity at the scene of the accident.

(6) The Commissioner upon receiving a record of the conviction of any person upon a charge of operating a motor vehicle while the license of such person is suspended, shall immediately extend the period of such first suspension for an additional like period.

Section 11. COMMISSIONER MAY SUSPEND LICENSE.) (a) The Commissioner may immediately suspend the license of any person for a period of ninety days without hearing and without receiving a record of conviction of such person of crime, whenever he has reasons to believe:

(1) That such person has committed any offense for which mandatory revocation of license is provided in Section 10.

(2) That such person has, by reckless or unlawful operation of a motor vehicle, caused or contributed to an accident resulting in death or injury or serious property damage.

(3) That such person is incompetent to drive a motor vehicle or is afflicted with mental or physical infirmities or disabilities rendering it unsafe for such person to drive a motor vehicle upon the highways. Provided, that deafness in itself shall not be deemed to be physical infirmity or disability in a driver.

(4) That such person is an habitual reckless or negligent driver of a motor vehicle or has committed a violation of the laws of this State relating to the operation of motor vehicles.

Section 12. MUST NOTIFY LICENSEE.) (a) Whenever the Commissioner suspends the license pursuant to the provisions of Section 11 hereof, he shall immediately notify the licensee and afford him an opportunity of a hearing in the county wherein the licensee resides, or in the case of a non-resident, in the county in which such non-resident may be temporarily residing, and upon such hearing the Com-

missioner shall either rescind his temporary order of suspension or, good cause appearing therefor, may continue such suspension in effect for a period not exceeding 90 days.

(b) The Commissioner is hereby authorized to suspend or revoke the license of any resident of this State upon receiving a record of the conviction of such person in another state of an offense therein committed which, if committed in this State, would be grounds for the suspension or revocation of the license of the operator. The Commissioner is further authorized upon receiving a record of the conviction in this state of a non-resident driver of a motor vehicle of any offense under the motor vehicle laws of this State, to forward a certified copy of such record to the motor vehicle administrator in the State wherein the person so convicted is a resident.

(c) The Commissioner shall not suspend a license for a period of more than one year and upon suspending or revoking any license shall require that such license, so suspended or revoked, shall be surrendered except that at the end of the period of suspension, such license shall be returned to the licensee.

Section 13. SUSPENDED LICENSEE MAY APPEAL TO COURT.) Any person whose license has been suspended by the Commissioner, may file a petition within thirty days thereafter for a hearing in the matter in the District Court in the county wherein such person shall reside, and in the case of a non-resident, in the District Court in any county, and such court is hereby vested with jurisdiction, and it shall be its duty to set the matter for hearing upon ten days' written notice to the Commissioner and thereupon to take testimony and examine into the facts of the case to determine whether the petitioner is entitled to a license or is subject to suspension of license under the provisions of this Act and shall render judgment accordingly.

Section 14. MAY APPLY FOR NEW LICENSE AFTER ONE YEAR.) Any person whose license has been revoked under the provisions of Section 10 hereof may, after one year from the date of such revocation, petition the district court of the county wherein he resides, or, in case of a non-resident, the district court of any county, for an order directing the Commissioner to issue a certificate of license to him. The district court is hereby vested with jurisdiction and it shall be its duty to set the matter for hearing upon 10 days' written notice to the Commissioner. At the hearing the court shall take testimony and examine into the facts of the case to determine whether the petitioner is entitled to a license and shall make its order, granting or denying the petition. If the petition is granted, the Commissioner, upon receipt of a certified copy of the order of the court, shall issue such license. If the petition is denied, no renewal thereof shall be made during the period of one year from the date of the order of the court.

Messrs.	Messrs.

So the bill passed and the title was agreed to.

Mr. Schantz: I wish to explain my vote and have my remarks recorded in the Journal.

I have observed that this House has consistently voted in favor of appropriation measures and has consistently opposed revenue measures. A few days ago we saw fit to pass a bill to transfer from the Hail Department so-called "surplus" funds to the rural school districts of the State. In the time of stress we tapped one of the few remaining resources of the State and before this emergency passes it is my opinion that we must tap again, therefore, we should repay the Hail Department. Normally I do not believe in com-

pulsory hail insurance, but under prevailing conditions it will not make the tax situation much worse and if, after two years, the measure is unsatisfactory, it may be repealed and some legislator will undoubtedly have the usual presence of mind to introduce a bill to cancel the unpaid taxes. I vote "aye" on the Bill.

Mr. O'Brien: I voted against this bill Tuesday because I was not convinced either as to its wisdom or necessity. I have not changed this opinion. However, in checking over the vote I note that practically all of the 58 members who voted for Senate Bill No. 96 are farmers, while at least half of those opposing it are businessmen or professional men. It is evident that a majority of the dirt-farmers of this legislature want this bill. This being so I will not further oppose it. I vote "aye."

Mr. Brunsdale moved the request of the Senate to return House Bill No. 42 be granted.

Which motion prevailed.

SEVENTH ORDER OF BUSINESS

Mr. Marks moved to reconsider the vote by which Senate Bill No. 185 was indefinitely postponed.

Which motion prevailed.

Mr. Godwin moved the House refuse to concur in the Senate amendments as to Senate Bill No. 88, and that the Speaker appoint a Conference Committee consisting of three, to confer with a like Committee from the Senate with reference to the same.

Which motion prevailed, and the Speaker appointed Representatives Noben, Bettenhausen and Scholl to serve on such Conference Committee.

Mr. Godwin moved that the Speaker appoint a Conference Committee of three, to confer with a like Committee from the Senate with reference to Senate Bill No. 161.

Which motion prevailed, and the speaker appointed Representatives Mode, Muus and Levin to serve on such Conference Committee.

Mr. Godwin moved the House do not recess until 8:00 P. M.

Which motion prevailed, and the House stood recessed.

Mr. Hill moved that the vote by which Senate Bill No. 294 was passed be reconsidered and the motion to reconsider be laid on the table.

Which motion prevailed.

Mr. Schantz: This bill if passed, will lose more revenue than it will produce, for the reason that by raising the income tax rates on the income of North Dakota citizens you only force those having larger incomes to leave our state. It has been done before and North Dakota lost much revenue, if you increase the rates, more of our wealthier citizens will become residents of other states. Reasonable income tax rates will eventually produce more revenue than extreme higher rates. For that reason I vote "no" on the bill.

Mr. Traynor: The reasons given by Mr. Schantz are exactly the same reasons given by me in voting "no."

Hill	Schnell	

So the bill passed and the title was agreed to.

Mr. Bilden moved that the vote by which Senate Bill No. 158 was passed be reconsidered and the motion to reconsider be laid on the table.

Which motion prevailed.

Mr. Beggs: It seems to me that it is a sorry day for the boys and girls of our rural communities when they are denied the customary and correct facilities of education. As long as we pamper and support such institutions that make such conditions necessary this institution will continue to grow worse and worse. Therefore, I vote "no."

Mr. Bettenhausen: We have five normal schools, and we have the A. C. and the University. I think that is enough for anybody. I don't believe in this correspondence course. I vote "no."

Mr. Burke: The records of the correspondence schools now in existence show not over five per cent of the people who enroll in those schools complete their courses. Therefore, I vote "no."

Mr. Clarke: I feel that I should vote against this bill as I am sure that it is visionary and impractical. My teaching experience leads me to believe that High School students are too immature for a correspondence course. They need the almost constant attention of a trained High School teacher.

I feel that we are asking our state to grant credit to these young people who will have less knowledge than is required of our regular High School students; but I am willing to try it for two years, in the hope that it may help some poor boy or girl. I vote "aye."

Mr. Dahl of Emmons: I was for this bill up until this morning when we finished the appropriations for the University and we ran across so many thousand dollars for courses at the University; and if we have to have a University and Agricultural College and five normal schools scattered widely around the state which are costing the taxpayers thousands of dollars to maintain, I don't think there is any reason for trying to make the boys and girls learn by correspondence. Therefore I vote "no."

Mr. Downey: Having faith in the local public school teachers of the state, and as this bill provides that the students must study their correspondence lessons under the supervision of their local public school teachers, I vote "aye."

Mr. Godwin: I vote "aye" on this bill because I believe as long as this body can sit here and appropriate money to

sustain the five normal schools of the state of North Dakota while states of four times the population can get by with one, we certainly can't withhold from the people who are not able to attend those institutions the learning which they seek, if their ambition directs them to an attempt at education. Therefore, I vote "aye."

Mr. Holey: I am very much interested in education, but as far as to correspondence courses in this state and with reference to the University at Grand Forks, I can see no need in duplication. Therefore I vote "no."

Mr. Myers: This bill has been asked for by the Farmers' Union and several other organizations over the state, to give the children that are financially unable to attend high school the ability to secure an education. But as practically every other bill that has been introduced in this House to benefit the people of this state has been killed, I vote "aye."

Mr. Niewoehner: I consider this plan an unworkable and impractical duplication. Therefore, I vote "no."

Mr. Solberg: For the reason that any other correspondence course that might be offered would be paid for by the child, and no matter how poor a correspondence school education might be, it is better than no education at all. I vote "aye."

Mr. Thoreson: I vote "aye" on this bill because I feel it will be of some help to the boy or girl out in the country who can't afford to go to an institution of higher learning. I vote "aye."

Mr. Burke requested unanimous consent of the House to permit him to move to amend Senate Bill No. 322.

Mr. Twichell as a substitute motion moved the House defer action on Senate Bill No. 322 until tomorrow, Friday, March 8th.

Which motion prevailed.

Mr. Aljets moved that the vote by which Senate Bill No. 198 was lost be reconsidered and the motion to reconsider be laid on the table.

Which motion prevailed.

Mr. Schantz: I feel no man should work twelve hours a day, 365 days in the year, as you require our policemen to do now. For that reason I vote "aye."

Mr. Smith: I vote "no" on this bill because I don't think it goes far enough. I don't see any reason why we should distinguish between towns of four thousand or ten thousand.

I don't think anybody working at any normal occupation should work more than eight hours a day.

If you bring in that kind of a bill I'll vote for it.

Mr. Fedje: Because Mr. Smith has voted "no," and because of his talk, I have changed my mind. I don't think this is a very good bill and I think that there is something wrong with it. I vote "no."

Senate Bill No. 280. A Bill for an Act to Provide for the Establishment of County Debt Adjustment Boards, Prescribing the Duties and Powers of Such Boards and the Duties of the Judges and the Clerks of the District Courts as Regards Such Boards.

It was agreed that Reporters be employed, a transcript taken of the testimony, and that the hearings be had at Fargo, North Dakota, and that the committee work at high pressure in an endeavor to finish the hearing, and have their report made in time to submit it to the Legislative Assembly so that appropriate action might be had if such action was deemed best.

F. E. McCurdy on Saturday, March 2, 1935, arranged with counsel for the Labor Union Local No. 173, under the auspices of whom the strike mentioned in the resolution was conducted, and with A. R. Bergeson, State's Attorney of Cass County, for an early hearing, and arranged to have witnesses produced by both sides.

The Members of the Committee, and F. E. McCurdy, the attorney, went to Fargo on Sunday, March 3rd, and went into session at 1:30 P. M., March 3rd, at a room in the Powers Hotel.

The Committee employed R. P. Carney, a qualified Court Reporter, to take and transcribe the testimony.

At that time Attorney U. L. Burdick, Jr., appeared for the Labor Union Local No. 173, under whose auspices the strike had been conducted, and made a statement in detail of the facts which it was expected the evidence would disclose. A. R. Bergesen, State's Attorney of Cass County, appeared representing the officers of the City of Fargo and of Cass County, and made a detailed statement of the facts which it was expected by the officers that the evidence would disclose.

Those statements were lengthy and in detail, occupying a large part of the afternoon.

After the statements had been made the committee met, canvassed the situation, and determined to accept as facts the statements made by the two attorneys in all respects in which the two attorneys agreed without dispute.

The committee met in the evening at 7:30 P. M. in a room in the Powers Hotel at Fargo and examined several witnesses. The Committee adjourned to meet in the Court House of Cass County on Monday Morning, the 4th day of March. At that time the committee in order to permit a transcript of the testimony to be made, left Mr. Carney made a transcript of the testimony taken the previous day and employed Clara Mason, a duly qualified Court Reporter to take and transcribe testimony.

At that time the taking of testimony was continued. A recess was taken for lunch. The committee reconvened after lunch, and the taking of testimony was continued until six o'clock.

It was deemed best at that time that still another Court Reporter be employed to take testimony to the end that a transcript might be obtained, and I. Staples, a duly qualified Court Reporter, was employed to take testimony.

Taking of testimony was resumed at 7:30 P. M., Mr. Staples reporting. After a portion of the testimony had been taken by Mr. Staples it was found that he would not have time to make a transcript of extended testimony, and so Mrs. F. C. Robinson, another competent Court Reporter was retained to take testimony during the remainder of the evening session. The taking of testimony was then resumed and continued until Mid-night. The committee recessed until 9:30 A. M., Tuesday morning, the 5th day of February.

Taking of testimony was then resumed with Mr. Carney acting as reporter, and continued until one o'clock, A. M., without a recess, at which time testimony had all been heard.

During the taking of testimony your committee requested Mr. Burdick to present the witnesses whom the Labor Union Local No. 173 wished to have heard, and to give the inquisitor, F. E. McCurdy, a brief outline of what they could testify to. The witnesses were interrogated by Mr. F. E. McCurdy, and then both sides were permitted to, and did suggest ques-

tions in addition to be propounded, and the committee itself asked numerous questions, and in many instances limited examination by counsel for either or both sides was permitted to the end that the facts be fully developed, while at the same time limiting the testimony as nearly as possible to matters in controversy.

In taking this testimony the committee allowed considerable latitude to the end that the facts be developed in such a manner that the committee could get a complete and true picture of the circumstances and conditions surrounding the happenings under investigation.

At noon of Monday, the 4th day of March, Mr. U. L. Burdick, Jr., was unable to be present from that time on, and Attorney _____ Brooks of Fargo appeared representing the Labor Union Local No. 173.

As soon as possible after the completion of the taking of testimony the committee returned to Bismarck, leaving orders with the reporters to transcribe the testimony at once and transmit it to the Chairman of the Committee. Requests were also made of counsel for both sides to submit briefs, providing the same were received not later than Wednesday evening. A written memorandum brief was received from A. R. Bergesen, State's Attorney of Cass County, but no brief was received from counsel for the Labor Union Local No. 173.

In connection with the appearance at this hearing, all members of the committee were present at all of the sessions held on the 3rd day of March, and all members had the advantage of hearing the statements made by counsel for both sides, but on Monday, the 4th day of March, the members, Messrs. Matt Dahl and Dr. E. F. Hurd, felt it their duty to return to Bismarck, leaving the remaining three members of the committee to hear and take the rest of the testimony in this matter. Attorney F. E. McCurdy was present and participated in all hearings and examined all witnesses.

Upon returning to Bismarck the committee had some informal conferences, and then had a formal meeting on the 6th day of March, 1935, in the committee room in the Capitol Building, and at that time informally agreed upon a report and made arrangements to have the report written substantially as outlined at the committee meeting, and submitted to the members for correction and final approval or amendment or rejection, as the members should determine.

ULTIMATE FACTS

Upon careful consideration of the testimony taken, and all the documentary evidence submitted, your committee finds as ultimate facts:

1. That on or about the 22nd day of January, 1935, Labor Union Local No. 173, consisting of truck drivers and others, declared a truck drivers strike in the City of Fargo in Cass County, North Dakota. At that time nearly all, if not all, truck drivers, members of this Union ceased work.

2. The needs for coal in Fargo under normal conditions is about fifteen hundred (1500) tons per day, and the weather at that time was from zero to approximately thirty below zero, and the coal demands during this period were much greater than normal. There were many families in places with but a very limited supply of coal. The Coal Dealers undertook to man their trucks with other men, and to make their deliveries of coal.

3. In many of these coal trucks manned by non-union drivers, were stopped on the streets and at places where they were unloading coal, turned back, the drivers threatened, and in several instances actual violence inflicted upon the drivers of coal trucks. In one or two instances the drivers were able to identify assailants who were identified with the Union, but in most instances the drivers were unable to identify their assailants in any way, and were unable to state whether the violence offed them, and interference with their work was caused by members of the Union, or not. However, the headquarters of this Local No. 173, was located in a hall known as Union Hall, and there is some evidence to show that there were many union men as well as some others about the union hall, and that on some occasions several men would leave Union Hall sometimes with trucks, and later on return, but there is no evidence to show that any truck loads of union men actually went and interfered with any person driving a load of coal. There was some damage done to the property of Coal Dealers during the strike period, but no one could testify that it was done by union men, and the property damaged was located close to the Railroad Tracks.

4. When the situation became acute in the sense that coal deliveries were hampered, and there was serious danger of actual suffering on the part of the public, the State's Attorney of Cass County went to the Union Hall and there informed those present, including the President, Financial Agent, and Secretary, that he was not interested in the strike or the outcome of the strike, but that he was interested in seeing that the public were protected and were able to get coal, and that if coal deliveries were interfered with that he would arrest and prosecute not only those who actually stopped the coal trucks, but also the officers of the Union whom he claimed were instigating the stoppage of coal. He arranged a meeting between the coal truck drivers and the coal dealers, at which meeting he made substantially the same statements as to his proposed course of conduct. Adjutant General Sarles was also called in, and an arrangement was entered into where by there was to be no interference with deliveries of coal or other trucks for a rather indefinite period, and this arrangement for non-interference was in itself rather indefinite, but by some was termed a "truce." In the meantime a bulletin had been issued under the auspices of the Labor Union in which they stated that no trucks should move in the City of Fargo. A copy of this bulletin was filed with the committee, and identified.

5. There was two or three days when there was very

little, if any, interference with coal deliveries, or with truck drivers, but on Sunday, during the absence of the State's Attorney from the city, he being at Fergus Falls, a group of between fifty and seventy-five men, many of them armed with clubs, gas pipe, hose, went down to the Red River where an Ice Company was harvesting ice, loading trucks, and hauling the ice from the river, employing non-strikers as truck drivers. There was some disturbance there, and a special police call was issued by a whistle sounded, which was a signal for between 250 and 300 special policemen who had been sworn in, to report for duty. The regular police and some of the special police went down to the river where there was actual trouble between these fifty to seventy-five men, and those working on the ice. When the police came the 50 or 75 men dispersed, but some of them were arrested and taken back to headquarters and to the county jail.

6. After the dispersing of the men at the river some of them, at least, came back to the Union Hall, and on telephone orders from the State's Attorney, A. R. Bergesen, from Fergus Falls, after he had been made acquainted with the situation, the Assistant State's Attorney made a complaint, filed it with the County Judge of the County Court of Increased Jurisdiction, and upon said complaint a warrant was issued for the arrest of the President, Secretary and Business Agent of the Local Union, and thirty-two others whose names were at that time unknown. This warrant was placed in the hands of the Police Department for service. The Chief of Police turned the warrant over to one of his oldest employees to serve. This Policeman with some others went to the Union Hall for the purpose of serving the warrant. He was denied admission to the hall at the door, and states that he talked through a wicket to someone whom he did not know, inquiring for Mr. Cruden, the President of the Local Union, for Mr. Swalde, the Secretary of the Local Union, and for Mr. Miles Dunn, the Business Agent, on a charge of rioting, and that he informed the parties to whom he talked that he had a warrant for the arrest of those three men just named; that he was denied admission to the hall, and informed that Mr. Cruden was not there, that Mr. Dunn was not there, and that a man who stated that he was Mr. Swalde came and talked to the policeman through the wicket, and the policeman states he informed him he had this warrant for the arrest of these men, and then he was denied admission, and shouts came from the hall, "come in and get them," and other shouts of defiance. That the policeman then returned to Police Headquarters and reported the situation. He further reported that he believed the men in the hall to be armed with clubs and loaded hose and gas pipe, and if entrance was forceably made into the hall that numerous people would be hurt and possibly somebody killed. The Sheriff of Cass County, Mayor of the City of Fargo, The Chief of Police of the City of Fargo, and Assistant State's Attorney, went into a conference at that time to determine what was best to be done under the circumstances. After what appears to be careful deliberation they concluded that if the door was broken that there would be a fight in which there would be people hurt, and possibly

someone killed, so they decided that it would be best to use "Tear-gas," and to that end their tear-gas equipment was taken to the hall and again this same policeman states that he went to the door and was again denied admission, and that he begged them to surrender the men for arrest, and was refused, and that he then asked them to have the women and children who were in the hall to leave the hall, and promised that the women and children would not be arrested, and they would be given a safe escort. Again this was refused. In the mean time another policeman testified that while on guard watching the hall during the absence of the first policeman mentioned, that he had gone to the wicket and talked with the men inside, and pleaded with them to surrender the men for whom they had a warrant, and permit the arrest to be made without violence, and that this was refused. The policemen state they gave careful warning to those inside that gas was about to be used, and requested them to come out without requiring that necessity, but that all their requests were refused.

6a. Numerous witnesses who were at the hall at that time testified they were there and they heard no request from the outside for anybody to come out; that they heard no statement that the police had a warrant for anybody. Mr. Swalde, the Secretary, admitted that he talked with the policeman at the door, but stated he was not informed that they had a warrant, but that he was informed that the policeman wanted Mr. Cruden, and he went in the hall to see if Mr. Cruden was there and didn't see him, and came and informed the policeman that he couldn't find Mr. Cruden. Mr. Swalde, however, admitted that from the large number of policemen who were there, that he did not admit the policemen, although he states that the policemen did not ask to be admitted, and that after the policemen came that most of the men in the hall got a piece of lumber or a stick to defend themselves if necessary from the police, and Mr. Swalde also stated that the policemen "had no reason to come up there we knew of, so if they came down there with clubs we certainly had a right to have clubs if it was necessary, yes." Mr. Swalde also states that he asked the women and children if they wanted to go out, but they did not want to go. Mr. Swalde was asked this question: "But when the men up there saw the policemen, they, or at least a lot of them, gathered up sticks and boards, whatever happened to be at hand, and had them in readiness, did they not?" Mr. Swalde answered "yes, they did." And in response to another question stated, that this was for the purpose of defending themselves if necessary from the policemen because they had a right to stay in the hall if they wanted to as long as we hadn't done anything, there was no reason why they didn't have the right to stay there.

7. This Committee therefore finds that a short time after the happening on the ice, that a large number of men were in the Union Hall armed with sticks and clubs for the purpose of keeping out the policemen, and this committee believes that those men were prepared to use those sticks and clubs, and there is no evidence to the contrary, and all the evidence so indicates.

8. After having twice been refused admission, and after having warned the inmates of the hall that gas was about to be used, the police did shoot four tear-gas bombs into the hall, and almost immediately the inmates of the hall broke out the windows to get air, and came out the door, and as they came out the door, the men were taken in custody and taken over to the County Jail and charged with resisting an officer in the performance of his duty. There were between 90 and 100 men taken into custody. None of the women and children were taken into custody, and all the women and children were carefully escorted from the stairway and from the hall. No violence was done, and no person injured, except one little child had a bruise which its mother claimed was received from a gas bomb, but the physician who attended the child testified in his opinion there was no burn. There was what appeared to be a little bruise of a trivial character, and some little foreign substance like a cinder was removed from its eye.

9. This occurred late in the afternoon and as fast as possible the State's Attorney interviewed the men, and released many of them at once, released many of them on their own recognizance, and released some of them on bail. No bail higher than \$500.00 was required of any of them, and those who were also arrested from the hall on the charge of rioting on the warrant originally issued, were later on tried on a charge of rioting, and sixteen of them convicted by a jury. After the jury convicted this number on a charge of rioting it appeared there was almost no further violence to truck drivers on streets, and the charges of resisting an officer were dismissed.

10. The tear-gas used, as appeared from the evidence of a physician and from the evidence of a salesman who sold the gas, and who had himself taken the gas on numerous occasions, appears to be a gas which stimulates the tear ducts and salivary glands, so that the person taking the gas is practically blinded by tears and suffers excessive flow of saliva, and that the effects are temporary, lasting only a few minutes after they are in the open air, and that no harmful results follow, and that the gas is harmless as far as permanent results are concerned, and from fifteen to twenty minutes after the person has reached the open air all sensation and effects have passed away, leaving no disability or injury.

CONCLUSIONS

I

Your committee concludes that there was no violation of constitutional rights of any of these people by the officers. It is true some of these people were retained in jail for various lengths of time before being brought to trial, but it also appeared that this was an occasion when there was a great number of people arrested, and the officers with due diligence worked as rapidly as possible to take care of them, and that this delay was caused by the length of time required

to work out a situation, and that there is no lack of diligence nor diltory tactics on the part of the officers.

II

Your Committee further finds that this strike was called at a time when there was an acute public necessity to have fuel delivered, and it was the duty of the officers to protect coal deliveries during this period, and this Committee is not prepared to say that the officers over-stepped their authority, or abused their descretion. The action of the police in using gas was taken after a conference to determine ways and means how best to avoid any injury to the people, and to avoid bloodshed.

III

Your Committee believes that the activities of the strikers, either by themselves or sympathizers, in stopping trucks loaded with coal for delivery, and threatening and beating the drivers in some instances, was an interference with the constiutional right of those truck drivers to work and earn their livelihood, and that such activity extended beyond a "peaceful picket."

IV

Your Committee is in fair sympathy with men who are striking to better their working conditions, and realize that sometimes allowances must be made under such conditions.

V

However, your Committee also realizes that it is undisputed in this instance in this strike there was no dispute or dissatisfaction with wages or hours or working conditions; that the sole matter of dispute between the striker and employers was that the strikers demanded that their union be recognized, and that that was the sole purpose of calling the strike.

RECOMMENDATIONS

I

Your Committee recommends that Section 10563 of the Compiled Laws of 1913 be re-enacted to read as follows:

Sec. 10563. Warrant must be shown. If the person making the arrest is acting under the authority of a warrant, he must so inform the defendant, and he must show the warrant, if requested by the defendant.

II

Your Committee recommends that the use of tear-gas in making arrests be made unlawful, except in cases where the arrest is for the commission of a felony, or where a felony is being committed.

That filed herewith is a complete transcript of all evi-

dence taken and all exhibits offered and made a part of this report.

Respectfully submitted.

Section 2. DRIVERS LICENSES.) Except as provided by Section 3 of this Act, no person 16 years of age or over shall on and after this measure shall be in force and effect, operate any motor vehicle upon the public highways of this State unless such person shall have made application for and secured a driver's license from the State Highway Commissioner for which he shall pay to the Commissioner the sum of 25 cents, payable at the time of making such application. Provided, however, that when the license fee of 25 cents is paid by the head of a family, or household, licenses may be issued, upon application therefor, to each of the members of the immediate family of the head of the said family, or household, on the payment of an additional fee of

10 cents for each such license. (b) The Commissioner is hereby authorized to suspend or revoke the license of any resident of this State upon receiving a record of the conviction of such person in another state of an offense therein committed which, if committed in this State, would be grounds for the suspension or revocation of the license of the operator. If the petition is denied, no renewal thereof shall be made during the period of one year from the date of the order of the court.

TO THE HOUSE OF REPRESENTATIVES, 24TH LEGISLATIVE ASSEMBLY OF THE STATE OF NORTH DAKOTA:

MR. SPEAKER:

Your select committee appointed as per House Resolution "E" to investigate the feasibility, desirability and practicability of erecting a state-owned radio broadcasting station has inquired into the matter and begs to submit the following report under the following heads: Feasibility, desirability, practicability; estimate of cost of construction and operation; management and control.

As to feasibility, practicability and desirability we wish to say the following: A state-owned and operated radio transmitting station would be of great value; inasmuch as a radio receiver is in practically every home and business place in the state, a state-owned radio transmitter would provide an ever available means of communication which would serve to more closely bind and inform our populace in all ways. Police work would be greatly aided and law and order would be more easily had. It is an instantaneous means of communication which is recognized as our best means and we can see no reason why such service should not be in command of the public and available to the public at all times.

ESTIMATE OF COST OF CONSTRUCTION AND OPERATIONS

(These are estimates and will vary somewhat; however, we believe the amounts as set out below to be reasonably placed.)

Transmitter apparatus	\$35,000.00
Building to house transmitter and space to erect it on	7,500.00
Radiation system	10,000.00
Installation of transmitter apparatus	2,500.00
Studio equipment	5,000.00
Maintenance cost	7,500.00
Miscellaneous	5,000.00
Total cost as estimated	\$72,500.00

MANAGEMENT AND CONTROL

Responsibility for management must be fixed on a very reliable basis. A separate commission could be provided for or management could be vested in the Board of Administration; however, the management must be on an absolutely non-political basis and the business must be conducted in a business-like way in every respect. Regardless of the method of management, at least one person who aids in management

of the transmitter service should be conversant and reliably informed as to the approved practices and methods employed in the management of such equipment and business.

The committee has been informed that if the station can be located in the proximity of Fargo, the engineering department at the Agricultural College would assume responsibility for technical operation for the reason that it would aid in instruction in subjects pertaining to the technical operation, and if such arrangements would be made a material saving in cost of operation personnel could be affected.

In conclusion it is the opinion of the committee that a state-owned radio transmission station would be of inestimable value to everyone and that as an advertising medium for the people as a whole much can be realized from the standpoint of their individual interests and the standpoint of advertising the state of North Dakota to the neighboring territory.

Our natural resources such as coal, gas, pottery, mineral deposits and pleasure resorts need to be brought to the attention of ourselves as well as our neighbors and we know of no other way to so thoroughly cover the subject of advertising as the means of radio transmission affords.

The rates for broadcast service could be materially reduced thereby allowing those who now are prevented from using the service to make use of facilities which are becoming universally considered as a necessity.

In closing we ask your favorable consideration in the adoption of the report.

COMMITTEE:

Signed By:

J. C. HANSON,
GUS. A. SCHAUSS,
WM. O. BIBERDORF,
RAY SCHNELL,
HOWARD PARKINSON.

Chairman.

HOUSE RESOLUTION S

Introduced by Representatives Erickson of McLean, Anderson of Divide and Marks

WHEREAS, By Act of Congress cattle have been added to the list of basic commodities and thus subjected to adjustment price benefits; and

WHEREAS, The United States Government has acquired title to approximately a million head of North Dakota cattle under the drouth cattle buying program; and

WHEREAS, The producers of said cattle received about 25% of the cost of producing same; and

WHEREAS, Such producers are entitled to cost of production, or a parity price under the Agricultural Adjustment Act; and

WHEREAS, Cattle producers of North Dakota, under the Agricultural Adjustment Act, are entitled to adjustment benefit payments in the amount of about \$40,000,000.00 if they are to receive parity prices for the cattle disposed of; and

WHEREAS, About 90% of said cattle were mortgaged for more than was paid for them; and

WHEREAS, Cattle producers are unable to meet the obligations secured by the cattle so disposed of and unless the producers receive just compensation for their cattle, it is going to work a hardship on Banks, Credit Companies and other mortgage holders in this and other states largely supported with Government money; and

WHEREAS, We are informed that the Agricultural Adjustment Administration has not started to work out a program which will regulate cattle production;

THEREFORE, BE IT RESOLVED, That we urge upon the Agricultural Adjustment Administration to work out a cattle program as soon as possible and provide for adjustment benefits to the end that parity prices may be obtained for cattle, and the producers of cattle enabled to re-establish their almost depleted estates;

BE IT FURTHER RESOLVED, That a copy of this resolution be sent to the Secretary of Agriculture at Washington, D. C., and to our Senators and Congressmen in Washington urging them to do all in their power to help get an equitable cattle program started.

State of North Dakota
OFFICE OF THE GOVERNOR
Bismarck

March 8, 1935.

Mr. Wm. M. Crockett,
Speaker of the House,
24th Legislative Assembly,
Bismarck, North Dakota.

Dear Mr. Crockett:

It is desired to invite your attention to the fact that under existing laws there is considerable laxity in the provisions for enforcement. The power granted for the issuance and revocation of license is not believed to be specific enough to make it possible to secure the degree of enforcement desired. It is our belief that in the interests of law enforcement and of the administration and control of the sale and distribution of beer, that some additional legislation should be provided.

Senate Bill No. 195, which has been before you and which I believe is now indefinitely postponed, should be passed in order to permit a better enforcement of the beer laws.

Will you kindly give this matter your attention.

Yours very truly,

WALTER WELFORD,
Acting Governor

P. O. SATHRE,
Attorney General.

MESSAGE FROM THE GOVERNOR

Bismarck, North Dakota,
March 8, 1935.

The Honorable Members of the 24th Legislative Assembly:

The hour for closing of this session of the 24th Legislative Assembly is near at hand and all of your deliberations will soon be recorded in history.

I feel it both fitting and proper at this time to take this means of expressing to you my thanks and to show to you my sincere appreciation of the fine service you have rendered the state and for the hearty co-operation you have given me.

You came here with your minds filled with worries over the distressed conditions that confronted yourselves—your relatives—your friends and—your neighbors. These worries made your burden the heavier.

Immediately upon your convention you were confronted with a partisan political fight with many, many, grave questions and political pitfalls involved. No party had predominant power. You could easily have become ensnared to the point where nothing would have been accomplished. Despite all of that I believe that you have done your duties well and have rendered an excellent service for the state.

You have reduced your provisions for appropriations to the point, where, with slight adjustments they can be kept within the revenues available. You have cared for the schools and the needy through the adoption of the sales tax act. You have provided for assistance for the distressed through the enactment of a legal moratorium. You have aided credit business transactions through a lowered interest rate. You have initiated an equitable adjustment of utility taxes through change in the constitution. You have initiated action looking to the withdrawal of tax exempt securities. You have passed many needed laws that correct errors and omissions in existing laws. You have made possible a more rigid enforcement of our laws and have provided for supervision of highway traffic. In many, numerous and sundry ways you have provided a means for better participation in Federal constructional and relief activities. Our state should become a better and a greater state as the result of your activities and deliberations.

You are now able to carry back to your friends and your neighbors the story of the problems that confront our citizens as a whole. If you do carry this story back there will be more consideration shown for everyone, as we must all continue to live together and stick together. If we only reach an understanding our problems will be solved and we will be happy together again.

Please convey my sincere regards to all of your friends and tell them that I will do my best to carry on for them.

Respectfully,

WALTER WELFORD,
Acting Governor.

House Concurrent Resolution "A-25" was read at this time.

Mr. Godwin moved that further consideration of House Concurrent Resolution "A-25" be indefinitely postponed.

Which motion prevailed.
