The State Engineer may inspect such work during construction and require any changes necessary to insure its safety and the safety of life and property.

"No sewage disposal plant or works for the water supply of any municipality shall be constructed without the prior approval of the Commission, which shall be granted only upon the approval of the State Health Department; provided, however, that nothing in this section shall be construed as repealing or affecting any of the laws of this State relating to the functions of the State Health Department.

"The provisions of this section shall not apply to any works constructed by or under the supervision of the United States or any of its officers or employees.

Provided, that nothing herein shall be construed to require the Commission, in condemning any riparian water right, to condemn also the riparian land to which such right may be incident. In the event of controversy between such parties the Court may direct the amount of damages awarded to

be paid in or deposited with the Clerk of Court to abide the result of further appropriate proceedings either in law or in equity. The taking possession of property sought to be condemned shall not be delayed by reason of any dispute between rival claimants or the failure to join any of them as parties to such actions or condemnation proceedings.

**"Section 11. COOPERATION AND COORDINATION WITH ALL EXISTING AGENCIES.** The State Water Conservation Commission is hereby authorized and empowered to investigate, plan, cooperate and make all contracts or compacts necessary or requisite:

"(1) With the United States and any department, agency or officer thereof; (2) With the States of Minnesota, South Dakota and Montana, or any one of them, and with any department, agency or officer of any said State; (3) With the Dominion of Canada or any of its Provinces and, (4) With any other agency or department or officer of either of them, who may be concerned, or authorized, empowered and covering or involving water conservation, flood control, water pollution, irrigation, soil reclamation, or concerned with any of the powers or duties by this Act imposed upon the Commission for any of the purposes expressed herein.

"This power herewith so granted shall extend to all waters, whether considered as intrastate or interstate. The Water Commission is specially authorized and empowered to cooperate with the United States or any of its agencies concerned with investigating, planning, conserving, utilizing, developing, and handling water in any form for purposes of water conservation, flood control, prevention of water pollution, or soil reclamation, or with any other resources of the State, and concerned with the administration of the Public Works Program of the State or any part thereof; and it is further authorized to act and to fully contract with the United States, or with any department, agency or officer thereof, with full power of purchase, sale, or lease for carrying out, developing, or administering any Federal project within the State of North Dakota, or partly within the State, and also to accept and to use any funds provided by the United States or any agency thereof for any such purposes.

**"Section 12. DUTIES OF STATE AGENCIES ACTING THROUGH INTERSTATE COMPACTS OR AGREEMENTS.** Every State officer, department, board, and commission heretofore or hereafter authorized by any law of this State to act upon or be concerned with any interstate commission or involving any interstate compact or upon any foreign commission involving any foreign compact, or with any Federal agency or department of the United States, the subject matter of which in any way concerns or involves water conservation, flood control, irrigation, water pollution or contamination, or the exercise of the powers and duties herein granted to the Commission, shall first submit to the Commission its plans, purposes, and contemplated action and

receive the approval of the Commission therefor before making any agreement, contract, purchase or sale, or lease, for any of said purposes. The Commission is authorized and empowered to give its aid and assistance to any State agency so acting with respect to any interstate compact including the Tri-State Waters Commission.

"Section 13. DUTIES OF STATE AGENCIES CONCERNED WITH INTRASTATE USE OR DISPOSITION OF WATERS. It shall be the duty of every State officer, department, board, and commission heretofore or hereafter authorized by any law of this State, to take any action, perform any duties, or make any contract which concerns the use or disposition of waters, or water rights, within this State to first submit to the Commission any plans, purposes and contemplated action with respect to the use or disposition of such waters, and thereupon first receive the consent and approval of the Commission before making any agreement, contract, purchase, sale, or lease to carry into execution any works or projects authorized under this Act.

"Section 14. DUTIES OF PRIVATE PERSONS, AGENCIES AND ORGANIZATIONS.

"It shall be the duty of any and all persons, including corporations, voluntary organizations, and associations, when concerned with any agreement, contract, sale, or purchase, or the construction of any works or project which involves the use and disposition of any water, or water rights under the jurisdiction of the Commission, to present to the Commission all proposals with respect to the use or disposition of any such waters before making any agreement, contract, purchase, sale, or lease in respect thereof.

"Section 15. SPECIAL POWERS OF COMMISSION COVERING PLANS AND APPROPRIATIONS OF WATER AND IRRIGATION. The Water Conservation Commission is herewith empowered and authorized to make plans, investigations, and surveys concerning the use of any and all waters, either within or without this State, for purposes of establishing, maintaining, operating, controlling, and regulating systems of irrigation works and projects in connection therewith within the State. The Commission shall have all necessary powers of purchasing and selling, leasing and assigning, rights and interests in the use or in the appropriation of waters concerned with such systems of irrigation projects or works in connection therewith and shall possess full authority and jurisdiction to exercise and assert actual possession over the corpus of all of such waters, and to secure control and regulation of the diversion thereof subject to rules and regulations and methods prescribed by the Commission. This power and authority shall include full right to contract and agree with any person, association, or agency concerning water rights possessed by them through which the Commission may be given full authority and jurisdiction over such water and water rights. In connection therewith the Commission may coordinate, subordinate, supplement and act jointly or subordinately with the United

States and any federal agencies or department thereof covering or concerning any federal project affecting water use, works or projects in connection therewith.

"Section 16. It is hereby declared that the Commission shall have full control over all public waters of the State now unappropriated, whether above or under the ground, to the extent necessary to fulfill the purposes of this Act.

"In acquiring the rights and administering the terms of this Act herein prescribed and established, the Commission shall not be limited to the terms of the statutes of the State of North Dakota relating to water rights heretofore enacted; but, in addition thereto, may initiate a right to the waters of this State by executing a declaration in writing of the intention to store, divert, or control the unappropriated waters of a particular body, stream, or source, designating and describing in general terms such waters claimed, means of appropriation and location of use, and cause said notice to be filed in the office of the State Engineer, which right shall vest in such Commission on the date of the filing of such declaration. The Commission shall also file in the office of the State Engineer copies of its plans and specifications involved in completing all appropriations of water.

"The priority of right shall date and continue from the time of such filing or recording, provided, the means of actual appropriation shall be commenced by actual work of construction within two (2) years from the date of original recording. Change in means or place of diversion or control shall not affect the right of priority, if others are not thereby injured.

"It shall be the duty of the Commission, if it shall modify its plans in connection with any proposed project, concerning which the Commission shall have filed a declaration of intention to appropriate waters, to file in the office of the State Engineer a declaration releasing all or part of the waters affected by such declaration.

"Upon completing the construction of works and application to beneficial use of the waters described in such declaration, the Commission shall file in the office of the State Engineer a declaration of completion of the appropriation, reciting the matters contained in the original declaration of intention to appropriate.

"A certified copy of the record of such declaration of intention to appropriate, or of release of all or part of said waters, or of completion of appropriation, shall be received as competent evidence in all courts and deemed to be prima facie proof of all matters therein recited.

"Section 17. The right of the Commission to the waters within the State of North Dakota so acquired as hereinbefore provided for the purposes defined in this Act shall attach at and from their source and while flowing in the streams, traveling to the means of control as well as when actually confined by such means. The authority and jurisdiction of

the Commission shall continue over said waters after they are released for purposes of use and shall continue to such places of use, and the Commission through and by officers and agents acting under its authority may continue to exercise and assert actual possession over the corpus of such waters and prevent the diversion thereof without permission first obtained. The Commission may reclaim and possess all waters furnished or supplied by it seeping or overflowing from the previous place of use.

"Section 18. Wherever natural streams are employed as a means of diversion of water from the place of confinement to the place of use, the Commission shall adopt proper methods and means of determining the natural flow of such streams when the amount of such natural flow is insufficient to satisfy or fill the needs of appropriators prior in right.

"All appropriators of the natural flow of said streams shall maintain headgates and measuring devices at their respective points of diversion for the purpose of enabling the Commission or its authorized agents to determine the amount of water being diverted at any time, and authority is hereby conferred upon the Commission to adopt and exercise any method or act to prevent the diversion of any waters owned by it without permission first obtained.

"Any person owning a water right on said stream may agree with the Commission that it shall have control of the diversion of the waters due under such right, and, in such event, the Commission through its officers and agents may exercise the same authority over the waters due said appropriator and cause them to be delivered to him in the same manner as waters appropriated by the Commission.

"Section 19. For that purpose of obtaining financial aid from the United States of America, the Commission may adjust the plans and operation of any project, created under this Act, to conform to the laws and regulations of the Federal Government and the supervision of any board, bureau or commission constituted under such authority, and may exercise such powers whenever conferred.

"Section 20. The authority of the Commission conferred by the provisions of this Act shall extend and be applied to any and all rights to the natural flow of the waters of this State which it may acquire by condemnation, purchase, exchange, appropriation or agreement.

"For the purpose of regulating the diversion of such waters, the Commission may enter upon the means and place of use of all appropriators for making surveys of respective rights and seasonal needs.

"The Commission shall take into consideration the decrees of the Courts of this State having jurisdiction, which purport to adjudicate the waters of any such stream or its tributaries, and a fair, reasonable, equitable reconciliation shall be made between the claimants asserting rights under different decrees and between decreed rights and asserted rights of appropriation not adjudicated by any Court.

"The Commission, at its descretion, may hold hearings relating to the rights of respective claimants after first giving such notice as it deems appropriate, and make findings of the date and quantity of appropriation and use of all claimants, which the Commission shall recognize and observe in diverting the waters which it owns. The Commission may police and distribute to the owner of any such recognized appropriation the waters due him upon request of such owner and under terms agreed upon.

"The Commission, when engaged in controlling and diverting the natural flow of any stream under the authority granted by this Act, shall be deemed to be exercising a police power of the State of North Dakota, and water commissioners appointed by any Court shall not have any authority or jurisdiction to deprive the Commission of any of the waters owned or administered under agreement with respective owners, provided the owner of any prior or vested right contending that the Commission is not recognizing and respecting such right may resort to a Court of Law or Equity for the purpose of determining whether or not the rights of said claimant have been invaded and the Commission shall observe the terms of such final decree.

"On the Commission's impounding or acquiring the right of appropriation of the waters of any stream, it may divert or authorize the diversion at any point on said stream, or any portion thereof, when the same may be done without injury to any prior appropriator or riparian owner whose rights shall not have been acquired by the Commission as provided in this Act.

"Nothing herein contained shall repeal, amend, or modify any existing Acts or statutes pertaining to the appropriation or use of water except as herein otherwise provided, and nothing herein contained shall be deemed to interfere with any vested rights to the use of water.

"Section 21. WATER CONSERVATION REVENUE BONDS.) The Commission is hereby authorized to provide, by resolution, at one time or from time to time, for the issuance of Water Conservation Revenue Bonds of the state not exceeding a total of three million dollars for the purpose of paying the cost as hereinabove defined of any one or more such public works, the principal and interest of which bonds shall be payable from the special fund herein provided for such payment. Such bonds shall mature at such time, or times, either serially or at one time, in not more than thirty (30) years from their date, or dates, as may be fixed by such resolution, but may be made callable before maturity, if so stated in the resolution and on the face of each bond, at 105 per cent of the par value, on any interest paying date; upon thirty days notice, which shall be published once in a newspaper of general circulation in Burleigh County. The Board shall determine the rate of interest such bonds shall bear, not exceeding five per centum (5%) per annum, the time, or times, of payment of such interest, the form of the bonds and the interest coupons to be attached thereto; and the manner of executing the bonds and coupons, and shall fix the denomination, or denominations,

of the bonds and the place, or places, of payment of principal and interest thereof, which may be at any bank or trust company within or without the state. All bonds issued under this Act shall contain a statement on their face that the state shall be obligated to pay the same or the interest thereon if and when the monies in the Revenue Bond Payment Fund shall be insufficient for the payment thereof. In case any of the officers whose signatures appear on the bonds or coupons shall cease to be such officers before the delivery of such bonds, such signatures shall nevertheless be valid and sufficient for all purposes, the same as if they had remained in office until such delivery. All such bonds shall be and shall have and are hereby declared to have all the qualities and incidents of negotiable instruments under the Negotiable Instruments Law of the State. Such bonds shall be secured by the revenues of such works and the funds received from the sale or disposal of water and from the operation, lease, sale or other disposition of the works, property and facilities to be acquired out of the proceeds of such bonds and as hereinafter provided.

"Provisions may be made for the registration of any of the bonds in the name of the owner as to principal alone or as to both principal and interest. The bonds authorized under the provisions of this Act may be issued and sold from time to time, and in such amounts as may be determined by the Commission and the Commission may sell the bonds in such manner and for such price as it may determine to be for the best interests of the state, but no such sale shall be made for less than par value of each bond. The proceeds of such bonds shall be used solely for the payment of the cost of the works and shall be checked out in such manner and under such restrictions, if any, as the Commission may provide. Prior to the preparation of definitive bonds, the Commission may under like restrictions issue temporary bonds with or without coupons, exchangeable for definitive bonds when such bonds have been executed and are available for delivery. Such bonds may be issued without any other proceedings or the happenings of any other conditions or things than those proceedings, conditions and things which are specified and required by this Act or by the Constitution of the State.

"Each resolution providing for the issuance of bonds shall set forth the project or projects for which the bonds are to be issued, and the bonds authorized by each such resolution shall constitute a separate series. The bonds of each series shall be identified by a series of letter or letters, and may be sold and delivered at one time or from time to time.

"SECTION 22. LIEN UPON BOND PROCEEDS.) All moneys received from any bonds issued pursuant to this Act shall be placed in the Construction Fund and applied solely to the payment of the cost of the works and there shall be and hereby is created and granted a lien upon such moneys until so applied, in favor of the holders of the bonds or the Trustee hereinafter provided for in respect of such bonds.

"SECTION 23. TRUST INDENTURE, RESOLUTION AND COVENANTS OF COMMISSION.) In the discretion of the Commission any series of such bonds may be secured by a

trust indenture by and between the Commission and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or outside of the State. Each trust indenture or an executed counterpart thereof shall be filed in the office of the Secretary of State of North Dakota. The filing of a trust indenture or an executed counterpart thereof in the office of the Register of Deeds of the County in which the property covered by said trust indenture is located shall constitute constructive notice of the contents thereof to all persons from the time of such filing and no recording of such trust indenture or the contents thereof shall be necessary.

"Either the resolution providing for the issuance of bonds or such trust indenture may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper, not in violation of law, including covenants setting forth the duties of the State and the commission in relation to the acquisition, construction, improvement, maintenance, operation, repair, and insurance of the works, the custody, safeguarding and application of all moneys, and may provide that the works shall be acquired, constructed, or partly acquired and partly constructed and paid for under the supervision and approval of consulting engineers employed or designated by the Commission and satisfactory to the original purchasers of the bonds issued therefor, their successors, assigns, or nominees, who may be given the right to require that security given by contractors and by any depositary of the proceeds of the bonds or receipts and revenues of the works, or other moneys pertaining thereto, shall be satisfactory to such purchasers, successors, assigns, or nominees. Such resolution or indenture may set forth the rights and remedies of the bondholders and trustee, restricting the individual rights of action of bondholders as is customary in trust indentures, deeds of trust and mortgages securing bonds and/or debentures of corporations. No enumeration of particular powers hereby granted shall be construed to impair any general grant of power herein contained. All expenses incurred in carrying out such trust indenture may be treated as a part of the cost of maintenance, operation and repairs of the works affected by such indenture.

"In connection with the issuance of any such bonds for the purpose of paying in whole, or as supplemented by a grant as aforesaid from the United States of America or any instrumentality or agency thereof, the cost of any works or project, or in order to secure the payment of such bonds, the Commission shall have power:

"(a) To pledge all or any part of the income, profit and revenue of such works or project, and all moneys received from the sale or disposal of water, use of water, water storage, or other service, and from the operation, lease, sale or other disposition of all or any part of such works or project, and to covenant to pay such income, profit and revenue into the Revenue Bond Payment Fund.

"(b) To covenant against pledging all or any part of the income, profit and revenue of such works or project and all moneys received from the sale or disposal of water, use of

water, water storage, or other service, and from the operation, lease, sale or other disposition of all or any part of such works or project.

“(c) To covenant against mortgaging all or any part of such works or project, or against permitting or suffering any lien thereon.

“(d) To covenant to fix and establish such prices, rates and charges for water and other services made available in connection with such works or project so as to provide at all times funds which will be sufficient, (1) to pay all costs of operation and maintenance of such works or project together with necessary repairs thereto, and (2) to meet and pay the principal and interest of all such bonds as they severally become due and payable, and (3) to create such reserves for the principal and interest of all such bonds and for the meeting of contingencies in the operation and maintenance of such works or project as the Commission shall determine; and to make such further covenants as to such prices, rates and charges as the Commission shall determine.

“(e) To create special funds, in addition to those required by this Act, for the meeting of contingencies in the operation and maintenance of such works or project and to determine the manner in which, and the depository or depositories in which, such funds shall be deposited and the manner in which the same shall be secured, and it shall be lawful for any bank or trust company incorporated under the laws of the State to act as such depository and to furnish such indemnifying bonds or to pledge such securities as may be required by the Commission on all deposits exceeding the sum of five thousand dollars.

“(f) To provide for the replacement of lost, destroyed, or mutilated bonds.

“(g) To covenant against extending the time for the payment of the principal or interest on any of such bonds, directly or indirectly by any means or in any manner.

“(h) To prescribe and covenant as to the events of default and terms and conditions upon which any or all of such bonds shall become or may be declared due before maturity and as to the terms and conditions upon which such declaration and its consequences may be waived.

“(i) To covenant as to the rights, liabilities, powers, and duties arising upon the breach by it of any covenant, condition, or obligation.

“(j) To vest in a trustee or trustees the right to enforce any covenant made to secure or to pay such bonds, or to foreclose any trust indenture in relation thereto, to provide for the powers and duties of such trustee or trustees, to limit the liabilities thereof, and to provide the terms and conditions upon which the trustee or trustees or the holders of bonds or any proportion of them may enforce any such covenant or exercise the right of foreclosure.

“(k) To make covenants and do any and all such acts and

things as may be necessary or convenient or desirable in order to secure such bonds, or, in the absolute discretion of the Commission to make such bonds more marketable, notwithstanding that such covenants, acts or things may not be enumerated or expressly authorized herein.

"(1) It being the intention hereof to give the Commission power to do all things in the issuance of such bonds, and in providing for their security that may not be inconsistent with the Constitution of North Dakota.

"SECTION 24. MORTGAGE OF COMMISSION.) In the discretion of the Commission any trust indenture executed by it as security for a series of such bonds may contain provisions for conveying in trust or mortgaging the works, the project, or any part of such works or project (including all water rights which are a part thereof), constructed with the proceeds of such bonds or with such proceeds as supplemented by the proceeds of a grant to aid in financing such construction from the United States of America or any instrumentality or agency thereof, and may be in such form, and with such rights, remedies and provisions as is customary in trust indentures, deeds of trust, and mortgages securing bonds and/or debentures of corporations. Any purchaser at any sale of any works or project pursuant to a judgment or decree in an action to foreclose a trust indenture conveying in trust or mortgaging any works or project shall obtain title to such works or project free from any trust or other obligation of the Commission, the State of North Dakota, or the public thereof, as to its operation, maintenance, use or disposition except the obligation to use all water impounded in such works or project for sale, rental, distribution, or other beneficial use.

"SECTION 25. FUNDS.) The Commission shall create three funds to be known as "Administration Fund", the "Construction Fund" and as the "Revenue Bond Payment Fund". The moneys in each such fund shall be deposited in such depository or depositories and secured in such manner as may be determined by the Commission. It shall be lawful for any bank or trust company incorporated under the laws of this State to act as such depository and to furnish such indemnifying bonds or to pledge such securities as may be required by the Commission on all deposits exceeding the sum of five thousand dollars.

"The Commission shall establish a complete system of accounting to show--the total expenditure of and investment in each project and the total revenue derived therefrom and to prepare periodic reports giving the financial statement of each project and the status of all projects together.

"SECTION 26. CONSTRUCTION FUNDS.) The proceeds of the bonds of each series issued under the provisions of this Act shall be placed to the credit of the Construction Fund, which fund shall at all times be kept segregated and set apart from all other funds. There shall be also credited to the Construction Fund all accrued interest upon the bonds and the interest received upon the deposits of moneys in

such fund and moneys received by way of grant from the United States or from any other source for the construction of the works. The moneys in the Construction Fund shall be paid out or disbursed in such manner as may be determined by the Commission, subject to the provisions of this Act, to pay the costs of the works as hereinabove defined. Any surplus which may remain in the Construction Fund, after providing for the payment of the cost of the works, shall be added to and become a part of the Revenue Bond Payment Fund hereinafter provided for.

Hon. W. H. Mann, Morton County, died March 22, 1935. Mr. Mann was Railroad Commissioner, 1909 to 1916, inclusive.

Time will not permit an individual tribute to the memory of each of the deceased. It was deemed proper that special mention be made of those who were among those of the founders of this State. The fact that those who served the people at a later time are not specially honored does not in any way disparage the valuable contributions they made to our State's history or the high esteem in which they were held by their constituents.

It should be noted that four men who were members of the first legislative assembly of this state passed away since our last adjournment. They are entitled to special mention on account of the distinctive services they rendered this state at the very beginning and for their long and useful lives in the civic and industrial affairs of this state until the close of their long career.

Frank J. Langer, Father of our distinguished Governor, William Langer, represented the 11th District, a part of Cass County in the first session and proved himself to be a useful member of that body. The journal of the House shows that he was attentive to duty and supported the measures that laid the solid foundation of our state. After retiring from the legislature Mr. Langer devoted himself to his extensive business, including large farming operations in which he was remarkably successful. He passed away April 10, 1936, full of years, surrounded by his devoted family, and honored and respected by a large circle of friends.

John O. Bye, also a representative from Cass County in the first session, was a faithful member of that body. He lived to be more than ninety years of age. He died September 3, 1936.

James McCormick of Ramsey County was the third member of the first session who departed this life since our last adjournment. He, like his colleagues Messrs. Langer and Bye, contributed his full share to the founding of North Dakota and like them he lived nearly an average life time beyond man's allotted three score years and ten and died after a long and useful life surrounded by those who knew him best and esteemed him for his sterling qualities.

Governor—

ROGER ALLIN

Roger Allin was one of the builders of North Dakota. He lived in quiet, honorable retirement for many years, and his name is not familiar to the generation of men and women who are now conducting the affairs of state.

Mr. Allin was born in Devonshire, England, Dec. 18, 1848. When he was three years old the family removed to Oshawa, Ontario, where he grew to manhood and received his education. In 1860 Mr. Allin removed to the State of Michigan and after a short residence in that State he came to Dakota Territory in 1881, locating in Fertile Township, Walsh County, where he followed farming with marked success.

Mr. Allin was prominent in public affairs during late territorial and early statehood days. He served in all the important offices of his township. In 1886 he was elected to the territorial council (upper house of the territorial legislature) and was re-elected in 1888. He was elected a member of the State Constitutional Convention which convened July 4th and adjourned August 17, 1889, and at the first state election he was chosen state senator from the third district for the first session of the state legislature which convened November 19, 1889, and adjourned March 18, 1890. Mr. Allin was elected lieutenant-governor at the election in 1890 and presided over the second session of the state senate in 1891.

In 1892 he was prominently mentioned for governor and had a large following in the Republican convention which renominated Gov. Andrew Burke of Cass County, who was then serving his first term. There was much bitterness in the Republican ranks at that time. The populist party reached the zenith of its power that year and nominated a full ticket for state offices, choosing Hon. Eli C. D. Shortridge of Grand Forks County as the candidate of governor. At that time the Democrat party was weak in this State and seeing an opportunity to defeat the Republicans they endorsed the populist ticket with the exception of congressman. The fusion ticket was elected with the exception of

Secretary of State, the late C. M. Dahl of Bismarck being the only Republican candidate to be elected.

When the Republican convention met in 1894 there was no other candidate mentioned for governor than Roger Allin, and at the election that year he was elected the fourth chief executive of the State. He served only one term and retired to his Walsh County home where he resided until his death which occurred January 1, 1936. While in public life, Mr. Allin had the esteem of his fellow-citizens to a remarkable degree, and this continued with him in his retirement. It can be said of him that he was a true man, a good citizen, faithful and conscientious in all things.

#### MR. SMITH STIMMELL

Smith Stimmell, 92, sole surviving member of President Lincoln's personal bodyguard and pioneer Fargo attorney, died in his Fargo home April 14, 1935. Death was due to complications of old age.

Mr. Stimmell was one of the picked men of the Seventh Independent Ohio Cavalry troop selected to act at the White House as the personal bodyguard of Abraham Lincoln during the Civil war. His first enlistment for Civil war service was in an Ohio volunteer infantry regiment, recruited for three months' duty. At the end of that time he entered Ohio Wesleyan university to study law, but at the close of his first year he enlisted with the Seventh Independent Ohio cavalry and was selected as one of the guards for the president. This personal bodyguard was still in service as such at the time of Lincoln's assassination, but was dismissed by President Andrew Johnson soon after and was mustered out in September, 1865.

Resuming his studies, Mr. Stimmell was graduated from Ohio Wesleyan in 1869 and then studied for two years at the Cincinnati law school. He practiced in Cincinnati several years and then removed to Fargo where he became prominent in his profession as well as in Republican politics. In 1888 he was elected president of the territorial council and was the last to hold that office as the territory was divided into the states of North and South Dakota upon their admission to the union in 1889. He continued in active legal practice until 1921.

While serving as a member of Lincoln's bodyguard Mr. Stimmell made an intimate study of the characteristics and traits of the president and used this knowledge in lectures in many states. He also had written many articles on Lincoln.

Mr. Stimmell was born on a farm near Columbus, Ohio, December 17, 1842. He was married twice. His first wife, who was Margaret Goode of Sydney, Ohio, died in 1902. Later he married Annie J. Sibley of Fargo, who survives.

Other survivors are two sons, William G. and George of San Francisco by his first marriage, and a daughter and son, Mildred and Howard, by his second marriage.

Until shortly before his death Mr. Stimmell had been in good health, although it has been some years since he engaged in business or in practicing law. A well known figure on Fargo streets, he numbered his acquaintances in this area among the thousands. He was active in G. A. R. activities, and took a leading part in all celebrations incident to patriotic holidays.

#### HON. GEORGE H. MOELLRING

Former Supreme Court Justice George H. Moellring, age 57, passed away at Bismarck May 31st, 1935.

Judge Moellring was appointed to the state supreme court in October, 1933, upon the resignation of L. E. Birdzell to accept an appointment in Washington. He served until January, 1, 1935, and at the time of his death was an assistant attorney general under Honorable P. O. Sathre.

Prior to acceptance of the supreme court post Judge Moellring had served 13 years on the bench in the fifth district and had been re-elected to a six-year term in 1932.

Born in Quincy, Ill., November 14, 1878, Judge Moellring received his education in the public schools of Adams County and subsequently attended Chaddock college at Quincy, where he took a part of his law course. After completing his education at Highland Park college, Des Moines, Ia., he practiced law at Mason City, Ia., before coming to North Dakota in 1902, settling at Langdon. Three years later he moved to Ray, Williams county, where he practiced law until his election to the district court in 1921.

Active in charitable work, Judge Moellring was a member of the advisory board of the Florence Crittenton home, Fargo, the advisory board of the Children's home at Fargo, and a member of the board of directors of the North Dakota Tuberculosis association.

He was a member of the Methodist Episcopal church and of the Odd Fellows, Modern Woodmen, Knights of Pythias and Ancient Order of United Workmen.

During the judge's service on the district court bench of the Fifth Judicial District he made many friends, not alone among the litigants and people who had business in his court, but among the lawyers who appeared before him. He was a very unassuming man, and made no pretensions of being a great judge, but because of his fine disposition, equable poise, care and attention to his judicial duties, and because of his ever apparent desire to act fairly, he was not only respected but brought to himself the admiration of litigants and lawyers alike.

He did not indulge in technicalities, but rather sought to discover the real issue in every case, and to treat those issues conscientiously and in a manner fair to all interested parties.

He will always be remembered with respect and high esteem, not only because of his attitude while on the bench and in the exercise of his duties, but because we believe all will agree that he was a man of very high moral character and always sought the right, and endeavored to do right.

#### HON. FRANK E. FISK

Frank E. Fisk was born at Fulton, Ill., November 30th, 1877. He was educated in public schools at Morrison, Ill. He later attended school at the Northern Illinois college at Dixon, following which he studied telegraphy at which he worked to earn money to complete his law education.

Born in a family of lawyers, Judge Fisk went to Grand Forks to study law under George A. Bangs and C. J. Fisk, supreme court member, and a brother of the Williston man.

Frank Fisk was admitted to the bar in 1899 and the next year he went to Bottineau to open his practice in partner-

ship with E. B. Goss. He remained in Bottineau until 1904 when he came to Williston to enter the firm of Greenleaf, Leighton and Fisk.

He was also a partner of the late Geo. A. Moellring and George Shafer before he received his district court appointment in 1911 under Governor Burke.

Frank Fisk was district judge from 1911 to 1920 when he relinquished the bench to Judge George Moellring. He returned to his private practice in the city and since that time was the senior member of the firm of Fisk, Craven and Taylor.

Four years ago he suffered a stroke which left him partially paralyzed but despite his handicap he was at his office daily. Last year he was named attorney for the Home Owners' Loan Corporation and helped many local persons to re-finance their homes. He was a charter member of the Williston Elks lodge and he was likewise a member of the Knights of Pythias. He was also a member of the American Bar Association.

He passed away Friday night, June 21st, 1935, at his home in Williston. He was found dead in his chair on the porch by his wife. He had returned from a motion picture show a few minutes before and sat down on the porch as was his habit shortly before retiring.

Judge Fisk was widely known in judicial circles throughout North Dakota and for years was considered one of the best legal minds in the state. For 31 years the former Williston judge had made Williston his home and in late years claimed a wide circle of friends throughout the entire upper Missouri country.

Senator Watt introduced the following resolutions and moved their adoption.

THEREFORE, BE IT RESOLVED, that in the death of these honorable and honored men, we severally and unitedly express our deep appreciation of them, and of the lives they lived, and of the services they rendered, not only in their public life but as earnest, loyal citizens and residents of their respective communities, and that we mourn their departure and express our deepest sympathy for the members of their families.

BE IT FURTHER RESOLVED, that the lessons we can learn from the lives of those who have preceded us are constant devotion to our country and that we must love and

defend our country for our country's sake. We must faithfully and courageously discharge the duties which devolve upon us in whatever station or sphere of life we may be placed. We must transmit unimpaired to those who follow us the heritage we have received from those whose lives we memorialize today.

AND BE IT FURTHER RESOLVED, that these memorials be printed in the House Journal of this legislative day and that duly enrolled copies thereof be sent to the present head of the surviving family of each of said deceased.

Have had the same under consideration and recommend that the same be amended as follows:

Strike out everything after the words "A BILL" and insert the following in lieu thereof:

"For an Act Relating to the Licensing of Motor Vehicle Operators, and to the Liability of Persons for Negligence in the Operation Thereof on Public Highways; Fixing Fees to be Paid; Providing for the Examination of Applicants for License, and for the Suspension and Revocation of Such License; Making Disposition of the Fees Collected, and Providing for Penalty for Violating the Act; Repealing Chapter 175 of the 1935 Session Laws of North Dakota and All Other Acts or Parts of Acts in Conflict Herewith.

"Be It Enacted by the Legislative Assembly of the State of North Dakota:

"Section 1. DEFINITIONS.) The following words: 'Motor Vehicle', 'Farm Tractor', 'Owner', 'Operator', 'Non-Resident', 'Public Highways', as used in this Act shall be interpreted to have the meanings usually ascribed to them, except on those instances where the context clearly indicate a different meaning.

"Section 2. Except as provided by Section 3 of this Act no person shall operate or drive a motor vehicle upon any highway of this State after the taking effect of this Act without first obtaining a license for that purpose as provided in this Act. No such license shall be issued to any person under the age of sixteen years except as hereinafter provided, or to any person who is physically or mentally incompetent to safely operate a motor vehicle upon the public highway, or to anyone of the following:

"A. Any person whose driver's license has been withheld or revoked either by this State or any other State of the Union during the period in which such withholding or revocation shall be in full force and effect. In case of revocation this disqualification shall terminate one year after such revocation except when such revocation is stayed or suspended during such year, in which event the period of any such stay or suspension shall be added to the year.

"B. Any person who is a habitual drunkard or is addicted to the use of narcotic drugs.

"C. Any person who has been adjudged insane or an idiot, imbecile, epileptic, or feeble-minded and who has not at the time of his application for the license required herein, been declared restored to competency by judicial decree, or released from a hospital for the insane or feeble-minded upon the certificate of the superintendent that such person is competent.

"D. Any person who is afflicted with or suffering from a mental or physical disability or disease such as to prevent such person from exercising reasonable control of a motor vehicle; providing that deafness in itself shall not be considered as a disqualification.

"E. Any person who shall have been found negligent in the operation of a motor vehicle in any civil action for damages growing out of an accident and against whom a judgment shall have been rendered on account thereof, unless such person shall have furnished and filed proof of ability to respond in damages for any injury to person or property thereafter occurring. Such disqualification shall continue for a period of two years from the date of such judgment. Such disqualification shall not apply during any period during which the enforcement of such judgment shall be legally stayed, but the period of any stay shall be added to the said two year period of disqualification.

"F. Any person who shall have been convicted of three minor offenses during the two-year period covered by any single license.

"Section 3. EXEMPTIONS.) A license issued pursuant to this action shall be of a different color than the licenses issued to persons who are sixteen years of age or over, so as to be readily distinguishable from such licenses, and shall have stamped across the face thereof the words, 'Not good after \_\_\_\_\_ (the date when such child becomes sixteen years of age).' No County Judge shall make a recommendation for the issuance of an automobile driver's license to a child who is less than sixteen years of age unless such child, accompanied by his parent or guardian, shall appear in person before such Judge and shall satisfy the Judge that such child is at least fourteen years of age, that he appears to be qualified to safely operate an automobile, and that it is necessary for such child to drive his parent's or guardian's automobile without being accompanied by some person over the age of sixteen. The parent or guardian shall at all times be responsible for any and all damages growing out of the negligent operation of a motor vehicle by any such child.

"The provisions of this section shall not authorize such child to drive a motorcycle, commercial truck, motor bus, or taxicab.

"Section 5. APPLICANT'S EXAMINATION.) In case any application for a motor vehicle operator's license, or other information coming to the attention of the State Highway Department of the State of North Dakota, under whose supervision and control this Act shall be carried out, suggests or indicates that the applicant might be lacking in qualifications necessary to entitle him to such license, such applicant may be

required to undergo an examination under oath, and such physical, mental, and driving tests as may be necessary to determine his qualifications; to facilitate such examination and tests, the State Highway Department may require any chief of police or sheriff to conduct the same in accordance with such reasonable rules as such State Highway Department may prescribe. The officer conducting such examination shall forward a report of the same on a blank furnished by said Highway Department, with a recommendation as to whether or not an operator's license should be issued to the applicant. When said state Highway Department shall require a physical examination the cost of same shall be paid by the applicant, but no physician shall charge more than \$2.00 for such examination. “The application shall state such other and further information as the State Highway Department may require, including all the liability insurance, if any, and name of same, which applicant carries, or by which he will be protected if the license is issued, and what accidents he has previously had and in what amount and manner and by whom the same have been compensated or settled, and if not paid

for or settled, the reasons therefor, and such further details as to previous accidents and compensation or lack of compensation for results of same as may be requested by the Highway Department.

"In the event of the loss or destruction of such operator's license card the person to whom it was issued may obtain a duplicate thereof by filing an application with the State Highway Department and by paying a fifty-cent fee. Whenever a motor vehicle operator's license card becomes worn or mutilated to such an extent that it is not legible but is not wholly destroyed or lost, the holder of such card shall immediately apply to the said State Highway Department for a duplicate and forward the said fee of fifty cents, and a duplicate will be issued.

"Section 8. LICENSE CARDS—USE.) The State Highway Department shall assign a number to each motor vehicle operator's license and keep proper record of all licenses issued, which record shall be open to public inspection. For the purpose of verification any officer may require the licensee to write his signature in the presence of such officer. It shall be unlawful for any non-resident, whose home state or province does not require the licensing of operators, and who has not been licensed as an operator in his home state to operate any motor vehicle upon any highway in this State without first obtaining a driver's license, except that any such non-resident non-licensed, who is over the age of sixteen years, and who is the owner of a motor vehicle which has been duly registered for the current year in the state or province of which the owner is a resident, may operate such motor vehicle upon the highways of this State for a period of not more than thirty days in any calendar year without making application for or obtaining a driver's license under this section.

“Any non-resident or other person whose license or privilege to operate a motor vehicle has been suspended or revoked shall not operate a motor vehicle in this State during the period of such suspension or within one year after the date of such revocation.

“Section 11. FALSE STATEMENT. PENALTY.) Any person convicted of making a false statement in the application for license under this Act shall have committed a misdemeanor and be subject to the maximum penalty thereof and his or her license shall immediately be revoked for a period of two years from the date of such revocation.

“Section 12. STATE HIGHWAY DEPARTMENT TO REVOKE LICENSES.) The State Highway Department shall forthwith revoke the license of any person and require that the certificate of license be returned to him upon receiving a record of the conviction of such person for any of the following offenses:

"F. The State Highway Department upon receiving the record of conviction of any person upon a charge of operating a motor vehicle while the license of such person is suspended, shall immediately extend the period of such first suspension for an additional six months, and such person, driving a motor vehicle upon the highways of this State, while such license is suspended or revoked, shall be guilty of a misdemeanor.

"G. Any person who shall have been convicted of three minor offenses during the two-year period covered by any single license.

"Section 13. COURT REVIEW OF ACTION OF STATE HIGHWAY DEPARTMENT.) The action of the State Highway Department in refusing to issue a license or in declaring a suspension or revocation of the driver's license of any person under the provisions of this Act shall be subject to review by action in the District Court of Burleigh County, North Dakota, with the right to appeal as in other civil actions, and if it shall appear that the action of the State Highway Department has been unlawful or unreasonable, such action shall be reversed with directions requiring action which shall be according to law.

"Section 16. SHERIFFS TO BE LOCAL AGENTS.) The sheriff of each county shall be appointed as local agent for the purpose of issuing and causing to be issued, driver's licenses in each village and municipality of his respective county, and his compensation and expenses shall be as hereafter provided in Section 17 of this Act.

Section 17. ADMINISTRATION OF EXPENSES.) The driver's license division of the State Highway Department shall pay the sheriff ten cents per license remitted, for expense and compensation for the extra work and expense as local agent under this Act. This ten cents per license shall be retained by the sheriff in addition to his regular salary, and not construed as a civil fee.

"Section 18. If any of this Act shall be held to be unconstitutional such unconstitutionality shall not be held to affect the remaining parts of this Act.

"Section 19. INCONSISTENT ACTS REPEALED.) Chapter 175 of the 1935 Session Laws of the State of North Dakota and all other Acts or parts of Acts inconsistent with the provisions of this Act are hereby repealed.

Strike out everything after the enacting clause and insert in lieu thereof the following:

"SECTION 1. AMENDMENT.) That Sub-division U of Section fifty-one (51) of Chapter 96 of the Session Laws of North Dakota for 1931 be amended and re-enacted to read as follows:

"SECTION 51. ADMINISTRATION OF INSOLVENT BANKS.)

"Subdivision (U). LIQUIDATION BY DEPOSITORS.) When any bank shall be closed and taken charge of by the receiver as provided for herein, or while proceedings are pending for taking charge thereof hereunder, articles of agreement and a plan for liquidation by a liquidating committee may be submitted to the State Examiner. Such plan must, among other things, contain the names of six persons who may or may not be depositors, from among whom, if the application is granted by the Court as hereinafter provided, the Court may select three to act as such liquidating committee. There shall also be submitted with such plan and articles of agreement and the consent in writing of all of such proposed members of the liquidating committee to act on such committee if selected by the Court. It shall be the duty of the State Examiner to act in an advisory capacity to the persons interested in the plan. He shall pass upon the feasibility and practicability of the same, and either approve or disapprove thereof. If he disapproves the plan, it shall be his duty to formulate and present in lieu thereof an agreement and plan which meets with his approval.

"Such agreement and plan so approved by the State Examiner shall thereupon be by the applicants presented to the deposit creditors of such bank for execution by each depositor in person, or by his representative holding a power of attorney to act in the premises, sworn to before a Notary Public or other officer empowered to administer oaths, which power of attorney shall accompany such agreement and plan. When deposit creditors thereof, representing not less than fifty-one percent (51%) of the amount of deposits of such bank exclusive of public money secured by indemnity bonds

or otherwise, and also exclusive of deposits of less than twenty-five dollars each, have executed said articles of agreement and plan for liquidation, all other unsecured depositors shall be held subject to such agreement and all the terms thereof to the same extent and effect as if they had joined in its execution, and the same may be presented to the Court Commissioner or judge of the district court designated by the Supreme Court as hereinbefore provided, together with an application to have the liquidation of the said bank withdrawn from the receivership and vested in a liquidation committee. Such Court Commissioner or district judge, as the case may be, shall thereupon make an order fixing a time and place for the hearing of such application, which hearing shall be held in the town where such bank is located. Ten days' notice of such hearing, containing a statement of the purpose, time and place thereof, must be given by the applicants by registered mail to the receiver of such bank, to the State Examiner, and to each deposit creditor shown of record on the books of the bank at the time of closing, and for the purpose hereof such records shall be by the receiver of such bank made available to the applicants upon demand.

“Upon the hearing the Court shall advise itself fully in regard to the status of the existing receivership, the feasibility of the proposed plan, the competency of the proposed members of the liquidating committee and its several members to act in the proposed capacity, and it shall have the power to select three persons from the names submitted in such plan and articles of agreement to act as a liquidating committee, and to prescribe the terms and conditions upon which the liquidation of the affairs of such bank will be transferred from the receivership to such committee. It may also permit the applicants, with the consent of the State Examiner, to modify or amend the said proposed plan of liquidation. If no good reason is presented why the application as originally made or as amended should not be granted, the Court must make its order appointing three persons from among the names submitted with said plan, to act as joint receivers of said bank in the place and stead of the existing receiver, prescribe the amount of the bond, if any, which they should be required to give upon qualifying as receivers and the manner of their reporting and accounting to the Court, directing the existing receiver to account to them and turn over all of the assets of the receivership, first deducting the proper expense and charges for administration of the receivership up to such time, the amount thereof to be agreed upon between the existing and the new receivers, or in case of disagreement to be settled by the Court; but the failure of the parties to so agree shall not delay the transfer of the assets and effects to the new receivers, except such thereof as are claimed by the old receiver as compensation, as aforesaid, and the correctness of such claim shall be subsequently determined by the Court.

“Upon so accounting and surrendering the assets and effects to the said new receivers, the existing receiver shall take their receipt therefor, and he shall be thereupon discharged from all liability and responsibility in connection

with the further liquidation of such bank, and the said new receivers shall be deemed to have assumed the same liability, responsibility and accountability to the Court as other receivers. Any vacancy in the office of such receivers so appointed by the Court as hereinbefore provided, shall be filled by the remaining receivers with the approval of the Court, and in the event that all of said receivers shall vacate their office for any cause simultaneously, then the Court shall fill such vacancies."

#### EXPLANATIONS OF VOTES

Mr. Caddell: I vote "aye" because I don't believe it is right to disregard the work of these committees and tie these bills up in general orders.

Mr. Fitch: I vote "aye" because, in my opinion, it is a

matter of give and take, and I just want to be fair. The passage of a bill is the majority problem, and I think, as I said before, that it is a matter of give and take a little bit. Therefore I vote "aye".

Mr. Magill: I don't believe in a blanket suspension of rules. We can suspend the rules any time we want to. So I vote "no".

Mr. Niewoehner: I think that we can consider every bill on its own merits without a suspension of the rules. I vote "no".

Mr. Stray: I say "no", because they had plenty of time to bring these up without suspending the rules. They have been dillying and dallying in these committees until there was no end to it. I vote "no".

Mr. Godwin: I feel a large responsibility because of the situation at which we have arrived. I think the lesson will be worth something to the majority of this House. I think they should now have a demonstration of whether or not they come here as an organization or as a big bunch of individuals. I want to call their attention to what they are getting now, when they have gotten up here and fought for fairness, because the minority has gotten up and made pleas. Upon this majority rests this responsibility, and don't criticize the minority for it. We laid ourselves open for it, and we will take it on the chin and go on from here. But take a copy of this roll call. I vote "aye".

Mr. Frazier: I voted "aye" on this motion because I thought it would be only fair to those people who got their bills in the committee long ago, but the committee being over-run with bills were unable to get them out because of the lack of attendance at some of these committee meetings, and the committee chairmen should be criticized for allowing bills to die in their committee. Bills were in the committee and should have been out. People were interested in those bills, that might have saved the state of North Dakota thousands of dollars had they got through on time, and if we don't suspend this rule those bills are going to be smothered.

Mr. Twichell: I don't think that anybody has been given any unfair treatment. The gentleman moved to suspend this rule for the legislative day. I had no objection to suspending it for one bill, but I do think that the minority have the right, under the rule, to have this put up to them a bill at a time, not any blanket suspension. That is the reason I voted the way I did. If he had asked to suspend the rule on one bill at a time, and I saw you people thought that was what he was doing, it would have been different, but it was a suspension for all of the legislative day. It isn't the fault of the minority that bills didn't come out of committee. I think the men on my committee will tell you I helped as much as anybody, and as much as I could, to get those bills out speedily and in shape.

Mr. Speaker: The Committee of the Whole have had under consideration:

House Bill No. 280. A Bill for an Act Amending Sub-division U of Section 51, of Chapter 96, of the Session Laws of North Dakota for 1931, Relating to the Liquidation of Insolvent Banks by Depositors.

And recommend the adoption of the Standing Committee's amendments as follows:

Strike out everything after the enacting clause and insert in lieu thereof the following.

"SECTION 1. AMENDMENT) That Sub-division 'U' of Section fifty-one (51) of Chapter 96 of the Session Laws of North Dakota for 1931 be amended and re-enacted to read as follows:

SECTION 51. ADMINISTRATION OF INSOLVENT BANKS) Subdivision 'U'. LIQUIDATION BY DEPOSITORS) When any bank shall be closed and taken charge of by the receiver as provided for herein, or while proceedings are pending for taking charge thereof hereunder, articles of agreement and a plan for liquidation by a liquidating committee may be submitted to the State Examiner. Such plan must, among other things, contain the names of six persons who may or may not be depositors, from among whom, if the application is granted by the Court as hereinafter provided, the Court may select three to act as such liquidating committee. There shall also be submitted with such plan and articles of agreement and the consent in writing of all of

such proposed members of the liquidating committee to act on such committee if selected by the Court. It shall be the duty of the State Examiner to act in an advisory capacity to the persons interested in the plan. He shall pass upon the feasibility and practicability of the same, and either approve or disapprove thereof. If he disapproves the plan, it shall be his duty to formulate and present in lieu thereof an agreement and plan which meets with his approval."

"Such agreement and plan so approved by the State Examiner shall thereupon be by the applicants presented to the deposit creditors of such bank for execution by each depositor in person, or by his representative holding a power of attorney to act in the premises, sworn to before a Notary Public or other officer empowered to administer oaths, which power of attorney shall accompany such agreement and plan. When deposit creditors thereof, representing not less than fifty-one percent (51%) of the amount of deposits of such bank exclusive of public money secured by indemnity bonds or otherwise, and also exclusive of deposits of less than twenty-five dollars each, have executed said articles of agreement and plan for liquidation, all other unsecured depositors shall be held subject to such agreement and all the terms thereof to the same extent and effect as if they had joined in its execution, and the same may be presented to the Court Commissioner or judge of the district court designated by the Supreme Court as hereinbefore provided, together with an application to have the liquidation of the said bank withdrawn from the receivership and vested in a liquidation committee. Such Court Commissioner or district judge, as the case may be, shall thereupon make an order fixing a time and place for the hearing of such application, which hearing shall be held in the town where such bank is located. Ten days' notice of such hearing, containing a statement of the purpose, time and place thereof, must be given by the applicants by registered mail to the receiver of such bank, to the State Examiner, and to each deposit creditor shown of record on the books of the bank at the time of closing, and for the purpose hereof such records shall be by the receiver of such bank made available to the applicants upon demand.

"Upon the hearing the Court shall advise itself fully in regard to the status of the existing receivership, the feasibility of the proposed plan, the competency of the proposed members of the liquidating committee and its several members to act in the proposed capacity, and it shall have the power to select three persons from the names submitted in such plan and articles of agreement to act as a liquidating committee, and to prescribe the terms and conditions upon which the liquidation of the affairs of such bank will be transferred from the receivership to such committee. It may also permit the applicants, with the consent of the State Examiner, to modify or amend the said proposed plan of liquidation. If no good reason is presented by the application as originally made or as amended should not be granted, the Court must make its order appointing three persons from among the names submitted with said plan, to act as joint receivers of said bank in the place and stead of the

existing receiver, prescribe the amount of the bond, if any, which they should be required to give upon qualifying as receivers and the manner of their reporting and accounting to the Court, directing the existing receiver to account to them and turn over all of the assets of the receivership, first deducting the proper expense and charges for administration of the receivership up to such time, the amount thereof to be agreed upon between the existing and the new receivers, or in case of disagreement to be settled by the Court; but the failure of the parties to so agree shall not delay the transfer of the assets and effects to the new receivers, except such thereof as are claimed by the old receiver as compensation, as aforesaid, and the correctness of such claim shall be subsequently determined by the Court.

"Upon so accounting and surrendering the assets and effects to the said new receivers, the existing receiver shall take their receipt therefor, and he shall be thereupon discharged from all liability and responsibility in connection with the further liquidation of such bank, and the said new receivers shall be deemed to have assumed the same liability, responsibility and accountability to the Court as other receivers. Any vacancy in the office of such receivers so appointed by the Court as hereinbefore provided, shall be filled by the remaining receivers with the approval of the Court, and in the event that all of said receivers shall vacate their office for any cause simultaneously, then the Court shall fill such vacancies."

And the further amendments:

Amend the committee report as follows: At the end of the title strike out the period, insert a comma, and add the words "And Declaring an Emergency."

#### EXPLANATIONS OF VOTE

Mr. Beaton: If this bill is passed it will defeat the very purposes for which the sales tax was enacted. I vote "no."

Mr. Frazier: I would like to vote "yes" on a Replacement Tax Law, but I can't so vote on this bill for the reason the poor and needy families cannot afford the cost price of a Sales Tax Book at one time. Further because it is just an effort to destroy the schools of our State by making everyone angry when paying into the equalization fund from which our schools must be supported. Therefore, I vote "no" on this bill.

Mr. Godwin: I vote "no" on this bill and I want to explain that I can only vote for a sales tax on the proposition that it was to meet the situation such as we are now facing. However, 308 would destroy the purpose for which the sales tax can be justified, the particular result of which would be to destroy the orderly conduct of government in North Dakota, therefore, Mr. Speaker, I vote "no."

Mr. Greiser: I vote "aye" on this bill because I do not want to go home with a broken promise.

Mr. Holm. The sales tax law was placed on our statute books as an emergency measure. That emergency still exists. If you pass this law now, it will close most of our schools, and people needy for relief will go hungry. Therefore I vote "no."

Mr. Holmquist: I vote "no" on this bill for the reason that it is inconvenient to many to go to the county seat for this coupon book.

Mr. Huseby: I vote "no" on this bill because I am against the bill. For that reason I vote "no."

Mr. Hagen: I vote "no" on this bill because the bill is poorly drawn and is very impractical at this time.

Mr. Knutson of LaMoure: Because I ran on a platform of a replacement tax on the sales tax, I vote "aye."

Mr. Magill: Because I think the principle is good, but under present circumstances I think it is absolutely necessary to vote "no."

Mr. Niewoehner: I vote "aye" on this bill because there exists a great inequality as between people who pay a large amount of property taxes and those who do not. This inequality should be rectified in some other way.

Mr. Olson of Bowman: I vote "aye" on this bill because it is a part of the Nonpartisan League platform and because the Governor recommended it as a replacement tax in his message to the legislature.

Mr. Pewe: I am voting "no" on this bill because many times in the past I have found it hard enough to buy the necessities of life without going to the expense of buying coupon books.

Mr. Thoreson: I vote no because if this bill passes the provisions of 168 cannot be carried into effect.

Mr. White: This bill is absolutely not workable and would create a financial condition in our county. The bill is very poorly drawn. I vote "no."

Mr. Wick: I vote "yes" on this bill to be in line with the promises made with the Nonpartisan League and if I am in the minority I want to stick with what I promised to do.

Mr. Williams: I vote "aye" on this bill because this is one of the major planks in the good old Nonpartisan League, therefore, I vote "aye."

Mr. Tweten: I vote "no" on House Bill No. 308 because it includes real estate and personal taxes and will be impossible to finance relief and schools.

Mr. Kapaun: I vote "aye" on this bill because if this bill passes it will eventually destroy the sales tax, a tax that is imposed upon and paid by the people that are least able to pay. I vote "aye."

Honorable House of Representatives,

25th Legislative Assembly,

Bismarck, North Dakota.

In further obedience to House Resolution "E", I submit herewith the further information in compliance with that resolution. I obtained this information from Mr. F. F. Burchard, Certified Public Accountant, who is now making an audit of the State Mill and Elevator.

Part of the information sought was relative to what monies had been paid out for legal expense and advertising since the mill started. Due to the fact that all these records are stored in the mill basement, and due to the further fact that the expense of accumulating all this information would be exorbitant, I believe that the desired ends can be accomplished by giving you this information beginning with the year 1930.

Dear Mr. Mulloy:

Enclosed is a statement covering legal expenses from January, 1930 up to date. These are in gross amounts only and the detail statement will be furnished you later. I am very sorry that it has taken so long to get this information but we had great difficulty in finding the records. I am not at

Also enclosed is a statement of the Advertising for certain years as per your request. For your information we will have a little later a detailed list of each of these years.

Yours sincerely,

#### EXPLANATIONS OF VOTES

Mr. Frazier: I am forced to vote "no" on this bill however, much I would like to vote "aye," for I took my oath of office to support the Constitution of the State of North Dakota, and in that Constitution it says that we shall not have any class legislation. When we are appropriating the taxpayers' money for the maintenance of a private institution we are violating the oath. Therefore I vote "no."

Mr. Holmquist: I am voting "no" on this bill for the reason that they have raised the appropriation considerably over that of two years ago. I don't see why we have to raise it up and up and up right now. I am voting "no" on this bill.

Mr. Magill: I am voting "aye" on this bill because I think the Minot Normal has been treated as the step-child of the North Dakota educational system long enough.

Mr. Williams: I think this is a robbery. I think it is robbing the taxpayers of the State of North Dakota. An enormous bill like this, just a thousand dollars more than two years ago, and when I say taxpayers of the State of North Dakota I mean the farmers. With the people of the State suffering, you sit here in this lighted room, with all the comforts of life, and give these big appropriations to keep schools going. I believe in education, but I believe in preserving the home first. I vote "no."

Senate Bill No. 119. A Bill for an Act Regulating All Benevolent Corporations, Associations or Societies Operating on Voluntary or Involuntary Assessment or Contribution Plan, Which Provide for Protective and/or Indemnity Benefits, Excepting Benevolent Corporations as Defined by Chapter 23, Compiled Laws of 1931, and for the Repeal of Chapter

160 of the Session Laws of 1931, and Acts or Parts of Acts in Conflict Herewith.

Was read the second time.

Mr. Byrne asked the unanimous consent of the House to amend Senate Bill No. 119 by striking out the language "two hundred (200)" in line 13 of page 4 to read "three hundred (300)", which consent was granted.

Mr. Bjornson asked the unanimous consent of the House to amend Senate Bill No. 119 by striking out in lines 22 and 23 on page 6 the following language "the time named, not less than fifteen nor more than forty-five", and inserting in lieu thereof the word "thirty", which consent was granted.

Mr. Byrne moved that the rules be suspended and that Senate Bill No. 119 be considered properly engrossed and placed on second reading and final passage, which motion prevailed.

Mr. Hagen: The bee industry has grown from 785 hives in 1921 to 32,000 in 1937. I wish the appropriation had been left at two thousand dollars, and I vote "aye."

Senate Bill No. 72. A Bill for an Act Relating to the Foreclosure of Real Estate Mortgages and Land Contracts, Providing What the Judgment and Decree Shall Contain, and Prohibit any Deficiency Judgments.

Was read the second time.

Mr. Williams: I feel that this is one of the major bills that has come before this body this session. We are living in an agricultural state. Every dollar of revenue comes direct from the farm property of this state. We have our life savings, our life work, in these farms, and the law says now after you have your farms two-thirds paid for they can come in and sell your farm, and if there isn't enough money, they can levy on your other property that isn't mortgaged. How long are you farmers going to stand for this sort of thing? There have been thousands of dollars taken away from the old sobbusters in this way. We ought to have had this law 25 or 30 years ago, and perhaps we wouldn't be in the gravel pits today. Men, do you realize we passed nearly four hundred bills in this House in these last two months, and I can count on my one hand the ones that have been of any benefit to the farmers. We have saved every other industry, from the hairdressers to the utility companies and we have forgotten the men and women who made this state and made it possible for us to be here today. Friends, we have a chance now to adjust ourselves and go down the line and protect our own industry, and vote "yes" on this bill. It is the only thing to do.

Senate Bill No. 129. A Bill for an Act Making Provision for the Use of Business Records as Evidence and Making Uniform the Law with Reference Thereto.

Be It Enacted by the Legislative Assembly of the State of North Dakota:

SECTION 1. The Industrial Commission shall have power, from time to time, to borrow in anticipation of revenues to be derived from property taxes already levied by the State Board of Equalization for the current year, and the five next preceding years. Such power, however, can be exercised only in accordance with the provisions of this act. For the purpose of such borrowing the Industrial Commission shall issue Certificates of Indebtedness.

Certificates of Indebtedness as provided for in this act shall be sold only against that portion of the uncollected general property State Tax levied by the State Board of Equalization, to defray the general expenses of the State Government, known as the general fund, and no certificates shall be sold under this act against uncollected taxes levied for interest and sinking funds. A Certificate of Indebtedness shall consist of an agreement on the part of the State of North Dakota to pay a stated sum on a specified date not more than twenty-four months in the future, together with interest thereon, at a specified rate not exceeding four per cent per annum, which may be made payable semi-annually, which certificate shall be signed on behalf of the State by the Governor and also by the State Treasurer, and such certificates shall be payable primarily out of funds derived from the collection of the taxes as herein provided. Certificates of Indebtedness shall bear the certificate of the State Auditor to the effect that they, together with all other Certificates of Indebtedness outstanding, are within seventy-five per cent of the amount of uncollected taxes for the years enumerated in such certificates which have been lawfully levied. Such certificates shall possess no validity unless they bear such certificate of the State Auditor. It shall be the duty of the State Auditor to make such certificate in accordance with the facts. When so executed with the prescribed certificate signed by the State Auditor, Certificates of Indebtedness shall be fully negotiable and shall be incontestable except on the ground of fraud on the part of the holder or

original payee, or connivance between the holder or the original payee and officer or officers of the State. In the hands of the holder in due course, the execution of a Certificate of Indebtedness by the State under this act, shall be conclusive evidence that the issuance thereof was duly authorized by the Industrial Commission of the State. A tax under this act, shall be deemed to have been levied when it has been voted by the State Board of Equalization and certified by the Tax Commissioner.

That State Auditor shall, at the time of attaching his certificate to certificates of indebtedness, register such certificates of indebtedness in the permanent records of his office. He shall also inform the State Treasurer of such registration, and the State Treasurer shall likewise keep a permanent record of such certificates of indebtedness.

After certificates of indebtedness are paid and cancelled they shall be exhibited to the State Auditor, who shall note the cancellation and payment upon his records, whereupon said certificates shall be properly cancelled by the State Treasurer in the presence of the State Auditor, and filed in the office of the State Treasurer.

SECTION 2. After the sale of such certificates of indebtedness, all tax receipts derived from the said taxes levied for the years listed in such certificates shall be by the State Treasurer set aside into a separate fund to be known as the Certificate of Indebtedness Retirement Fund, which is to be used only for the purpose of retiring such certificates of indebtedness and paying interest thereon until sufficient funds shall have accumulated to retire such certificates. Certificates of Indebtedness shall cease to bear interest at maturity; provided, however, that certificates not paid upon presentation at or after maturity shall bear interest from maturity until paid at the same rate as before maturity.

If the amount in Certificate Retirement Fund is insufficient to redeem certificates on maturing dates of said certificates, the Industrial Commission shall issue new certificates, the proceeds from sale of which to be used to retire maturing certificates.

All Certificates must be sold by the Industrial Commission in the open market or upon sealed bids, upon at least twenty days' notice by publication in not less than two newspapers published in this State. Provided the Industrial Commission reserve the right to reject any and all bids and if no bids are received for such certificates the Industrial Commission may deliver the same to the Bank of North Dakota, which shall pay for such certificates the par value thereof plus accrued

interest. The proceeds from such sale of said certificates shall be paid to the State Treasurer.

Out of the moneys developing from sale of certificates, the Industrial Commission is hereby directed, authorized and empowered, from time to time, to transfer to the State Public Welfare Fund for use by the Public Welfare Board in carrying out the duties and powers imposed upon it by law, such moneys, not exceeding One Million Dollars, as said Industrial Commission, in its discretion, may determine are available or may become available after making provision for the payment of the unpaid appropriations from General Fund appropriated for the 1935-1937 biennium.

SECTION 4. The Certificates of Indebtedness issued under this Act shall not be general obligations of the State of North Dakota except to the extent only that the State of North Dakota shall guarantee to pay any deficiency in principal and interest due and payable thereon which may exist at the maturity of such certificates or any renewal thereof in an aggregate amount of not to exceed Two Million Dollars.

SECTION 5. All Acts or parts of Acts in conflict herewith are hereby repealed.

tained in any sale of the residence of the taxpayer. In the case of a taxpayer other than a resident of the State, losses shall be allowed only as to transactions in real property or in tangible personal property having an actual situs in this State, and losses in connection with any business, trade, profession or occupation carried on in this State. Provided, however, that the aggregate amount which may be deducted in connection with losses incurred in connection with sale or exchange or capital assets shall not exceed the aggregate gains reported from the sale or exchange of capital assets in any year.

“(2) Losses sustained from the operation or conducting of any farming or agricultural pursuit sustained within the year and not compensated for by insurance; providing, however, that the person claiming such deduction must have been the owner of the land on which the loss accrued for at least one year prior to claiming the deduction.

“(3) Two hundred dollars for each individual (other than husband or wife) dependent upon and receiving his chief support from the taxpayer, if such dependent individual is under eighteen years of age or is incapable of self support because mentally or physically defective or incapacitated, provided that exemptions may be claimed for children over the age of eighteen years and under the age of twenty-one years that are dependent upon the taxpayer for support and are attending educational institutions.

“(b) For the purpose of the tax on fiduciaries, there shall be deducted:

“(1) If taxable under Article III, Section 14 (a) (Section 2346a13a, ante), a personal exemption of \$500.

“(2) If taxable under Article III, Section 14 (b) (Section 2346a13b, ante), same exemption as would be allowed to deceased if living.

"Section 5. (AMENDMENT.) That Section 2346a23 and Section 2346a25 of the Supplement to the Compiled Laws of 1913 is amended and re-enacted to read as follows:

"Section 2346a23. TIME AND PLACE OF FILING RETURNS AND PAYMENTS OF TAX DUE.) Returns shall be in such form as the tax commissioner may from time to time prescribe, and shall be filed with the tax commissioner at his office in Bismarck, North Dakota. Returns shall be made on or before the fifteenth day of the third month following the close of the fiscal year, or if the return is made on the basis of the calendar year, then the return shall be made on or before the fifteenth day of March. Providing, however, that the time for filing of calendar year returns for the year 1936 be extended to April 15, 1937. The tax commissioner may grant reasonable extensions of time for filing reports, when in his judgment good cause exists. There shall be annexed to the return an affidavit or affirmation of the taxpayer making the return to the effect that the statements contained therein are true. The tax commissioner shall prepare blank forms for said returns and shall cause them to be distributed throughout the state, but failure to receive or secure a form shall not relieve the taxpayer from making a return. The taxpayer shall compute the amount of tax due under his return and shall attach thereto a check, draft or money order, payable to the state treasurer, Bismarck, North Dakota, for the amount of tax as so computed. Provided, that if the total tax exceeds ten (\$10.00) dollars, that the payments may be made in quarterly installments, and if paid in installments, the first installment shall be paid at the time fixed by law for filing the return; and second installment shall be paid on the fifteenth day of the third month; the third installment on the fifteenth day of the sixth month; and the fourth installment on the fifteenth day of the ninth month after the time fixed by law for filing the return.

"Section 2346a25 ANNUAL TAX.) There shall be levied, collected and paid for the year ending December 31, 1936, and annually thereafter, upon the net income of every domestic and every foreign corporation received from sources as are described in Article II Sections 7 and 8, a tax equivalent to four per cent (4%) of such net income.

"Section 6. LIEN OF TAX—COLLECTION—ACTION AUTHORIZED.) Whenever any taxpayer liable to pay a tax and/or penalty imposed refuses or neglects to pay the same, the amount, including any interest, penalty, or addition to such tax, together with the costs that may accrue in addition thereto, shall be a lien in favor of the state of North Dakota upon all property and rights to property, whether real or personal, belonging to said taxpayer.

"The lien aforesaid shall attach at the time the tax becomes due and payable and shall continue until the liability for such amount is satisfied.

"In order to preserve the aforesaid lien against subsequent mortgagees, purchasers or judgment creditors, for value and without notice of the lien, on any property situated in a county, the tax commissioner shall file with the register of deeds of the county in which said property is located, a notice of said lien.

"The register of deeds of each county shall prepare and keep in his office a book to be known as "Index of Tax Liens", so ruled as to show in appropriate columns the following data, under the names of taxpayers, arranged alphabetically:

- "1. The name of the taxpayer.
- "2. The name 'State of North Dakota' as claimant.
- "3. Time notice of lien was received.
- "4. Date of notice.
- "5. Amount of lien then due.
- "6. When satisfied.

"The register of deeds shall indorse on each notice of lien the day, hour, and minute when received and preserve the same, and shall forthwith index said notice in said index book and shall forthwith record said lien in the manner provided for recording real estate mortgages, and the said lien shall be effective from the time of the recording thereof.

"The tax commissioner shall pay a recording fee as provided by law for the recording of such lien, or for the satisfaction thereof.

"Upon the payment of a tax as to which the tax commissioner has filed notice with the register of deeds, the tax commissioner shall forthwith file with said register of deeds, a satisfaction of said tax and the register of deeds shall enter said satisfaction on the notice on file in his office and indicate said fact on the index aforesaid.

"The attorney general shall, upon the request of the tax commissioner, bring an action at law or inequity, as the facts may justify, without bond to enforce payment of any taxes and/or penalties, and in such action he shall have the assistance of the state's attorney of the county in which the action is pending.

"It is expressly provided that the foregoing remedies of the state shall be cumulative and that no action taken by the tax commissioner or attorney general shall be construed to be an election on the part of the state or any of its officers to pursue any remedy hereunder to the exclusion of any other remedy provided by law.

"The technical, legal requirements outlined in this Section relating to tax liens on all real and personal property of the taxpayer to insure payment of the taxes, including penalties, interest, and other costs, are self-explanatory.

"Section 7. DATE OF EFFECT.) This Act shall be effective on all income received during the year ending December 31, 1936, as provided in this Act.

"Section 8. FIELD AUDITORS.) To provide for the enforcement and administration of this Act, the state tax commissioner is hereby authorized to appoint not more than four field auditors at a salary not to exceed \$150 per month and actual expenses when away from home. Such auditors to be versed in the knowledge of income tax and to have had at least three years' experience in the examination and auditing of books of account. All expenses incurred in complying with the provisions of this Section shall be deducted from the monies collected under this Act.

"Section 9. SAVING CLAUSE.) Should the courts of this State or of the United States declare any of the provisions of this chapter unconstitutional, illegal or void, such decision shall not invalidate any other provision herein contained.

"Section 10. REPEAL.) That paragraph (b) of subsection 4 of Section 6, of Chapter 283 of the 1931 Session Laws and all other Acts or parts of Acts in conflict herewith are hereby repealed.

Mr. Twichell moved that the vote by which Senate Bill No. 70 was passed be reconsidered, and the motion to reconsider be laid on the table.

Which motion prevailed.

Mr. Ireland: I am voting "no" on this bill because of Section 2, that gives the big corporation farmers a chance to slip out from under this tax. We have examples in our own county, and I put it up to some of the backers of this bill, and they couldn't deny that under Section 2 some of the people could get out from under this load. Further, I am voting "no" on this because I have been taught, and told, by the majority faction of this house, that whenever the Fargo bunch was for something I could be sure it was wrong, and the Fargo bunch is with this bill. I have nothing against the Fargo bunch at all, but those are the instructions I have had all the time.

Mr. Magill: I am voting "aye" on this bill because we have got to have an income tax bill. We have also agreed that this is the best income tax bill that has so far appeared before the legislature. And further for the reason that I don't give a damn about the Fargo bunch, or anything else so long as my own self approves of my action.

Mr. Niewoehner: I vote "no" because I consider Section 2 to be a loophole which should be stopped up. If the proposed amendment had been put in I would have voted "aye".

Mr. Solberg: I vote "no" on this bill for the same reason as the other gentlemen. In regard to my objection to Section 2 on page 1591 of the House Journal, whenever the proposed amendment is inserted in that Section I will support the bill. I vote "no".

Mr. Thompson: I vote "no" on this bill. I realize we need an income tax bill, but this bill was gotten up, in my mind, to let some of the fellows best able to pay their taxes out from under the income tax law. I vote "no".

Mr. Hagen: I vote "aye" on this bill for exactly the same reason given by Mr. Magill.

Mr. Godwin moved that the rules be suspended and that the House proceed on the Fourteenth Order of Business.

Which motion prevailed.

#### RESOLUTION “Q”

Concurrent resolution memorializing the congress of the United States to Provide for the care of needy aged and blind ward Indians and the dependent children of Ward Indian Families.

Whereas, there are several hundred ward Indians eligible to receive old age and blind assistance, and several hundred ward Indian children eligible to receive aid to dependent children in the State of North Dakota, and

Whereas, because of their status as residents of Indian reservations, they and their property are not subject to taxation by the State or county in which they live, and

Whereas, because of the heavy burden placed upon these counties in making payments of old age and blind assistance and dependent children aid to qualified tax paying residents, the counties are under excessive financial strain, and

Now, Therefore, Be It Resolved, that we, the members of the Twenty-fifth Legislative Assembly of the State of North Dakota respectfully memorialize Congress to provide Federal funds for the care and relief of these above referred to needy aged and blind ward Indians and the dependent children of ward Indian families, and be it further resolved

HOUSE CONCURRENT RESOLUTION "F-1"

Introduced by Caddell and Wolf

FARM GRAIN STORAGE FACILITIES

BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF THE STATE OF NORTH DAKOTA, THE SENATE CONCURRING.

WHEREAS, the agricultural producers are at an economic disadvantage in that the products they purchase must be paid for on a cost plus basis in a seller's market and the products they sell are sold at a price having no necessary relation to the cost of production in a buyer's market, and

WHEREAS, the recent history of the price of agricultural products demonstrates that a large crop tends to depress prices often below the cost of production and a short crop tends to raise prices at a time when the producer has no products to sell, and

WHEREAS, that condition is caused in part by the inability of the producer to hold his products for a cost of production plus price, and

WHEREAS, it is important for such producer to be able to store his wheat upon his farm without paying storage if he is to be able to hold his grain for a cost of production plus price, and

WHEREAS, such solution is not now possible because of the fact that but few such agricultural producers have storage facilities upon their farms, and are unable to construct such storage facilities due to their present financial condition, caused, in part, by the circumstances herein set out, and

WHEREAS, the cost of the construction of storage facilities upon the farms of this state for the home storage of grain would be little in comparison to the advantage to be obtained from such construction, and

WHEREAS, it is desirable that some arrangements be made to loan to such agricultural producers the funds necessary for the construction of such storage facilities, and

WHEREAS, the State of North Dakota in its present financial condition is not able to finance such loans, and

WHEREAS, the present Federal Administration has indicated a desire to be of assistance to the Agricultural producers and place them on a parity with other producers, and

WHEREAS, an ever normal granary would be a step in the solution of the agricultural producers economic problems, and

WHEREAS, the local farm storage of such grain will produce the results desired more easily and cheaply and

to the best interests of the agricultural producer, now therefore,

**BE IT RESOLVED THAT** the House of Representatives of the State of North Dakota, the Senate concurring, do respectively petition the Honorable Franklin D. Roosevelt, President of the United States, and the Honorable Henry A. Wallace, Secretary of Agriculture, that arrangements be made for Federal loans to the agricultural producers of the State of North Dakota for the construction of suitable grain storage facilities upon the farms of the borrowers, and

**BE IT FURTHER RESOLVED,** that copies of this resolution be sent to the Honorable Franklin D. Roosevelt, President of the United States, and Honorable Henry A. Wallace, Secretary of Agriculture, and to each Representative of the State of North Dakota in the United States Senate and House of Representatives.

Mr. Burgum moved that House Resolution "O" be printed in the Journal.

Which motion prevailed.

#### HOUSE RESOLUTION "O"

Introduced by Representative Burgum

In view of the high cost of seed it will be impossible for many of the farmers of this state to seed the land normally farmed by them at a total seed expense of Four Hundred (\$400.00) Dollars; and

In view of the further fact that many of these farmers will be unable to secure their seed requirements unless they can obtain the necessary credit through the Farm Credit Administration; Therefore

**BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF THE STATE OF NORTH DAKOTA:**

**SECTION 1.** That we hereby do most respectfully request the President of the United States to certify the entire territory comprising the State of North Dakota as a distressed emergency area to the Governor of the Farm Credit Administration under the provisions contained in the proviso in Subdivision (c) of Section 2 of H. R. 1545 enacted by the United States Congress.

**SECTION 2. BE IT FURTHER RESOLVED:** That a copy of this Resolution be forthwith forwarded to the Honorable Franklin D. Roosevelt with the request that he give it his immediate and serious attention.

**SENATE CONCURRENT RESOLUTION "X",** introduced by Senator Williams, providing for the establishment of a park near Epping, Williams County, North Dakota, was read.

Mr. Wolf moved the Resolution be referred to the Appropriations Committee.

Mr. Bjornson offered as a substitute motion that the Resolution be placed on the calendar.

The question being on Mr. Bjornson's motion a roll call was demanded and granted.

Absent and not voting:

Messrs.	Messrs.	Messrs.
Bieloh	Niewoehner	Sand
Brusseau	Olson, McLean	Wick

So the motion was lost.

Mr. Caddell: There is quite a little about this proposition that I don't know, but I understand the government has gone in there and spent a lot of money, and the idea of this bill is to keep control of the property so that outsiders can't come in and build up private enterprises around there. For that reason I vote "aye".

Mr. Magill. I believe in the Golden Rule of returning good for evil, so I vote "aye".

The question now being on the original motion of Mr. Wolf, the motion was lost.

So the motion was lost.

Mr. Traynor: I am voting "no" on this motion to reconsider Senate Bill No. 202 because I find that the Sections which it proposes to repeal were part of the laws in the code of Compiled Laws of 1913 and have never been repealed. They date back to the revised Code of 1905, and from there back to the Code of 1889. They are old laws, they have never been repealed, our sheriffs and clerks have lived under them all this time, and until there is good proof showing that there is a necessity for repealing them now, I vote "no".

Mr. Twichell: I believe that the sheriffs and the clerks of the state should be held responsible for their own negligence. The legislature should not relieve them of responsibility for a negligent act.

## OFFICE OF THE GOVERNOR

Bismarck

March 4, 1937.

Members of the House of Representatives,

Twenty-fifth Legislative Assembly:

Honorable Members:

I herewith return HB 77, Making an Appropriation to the Secretary of State for the Payment of the cost of printing the 1933-1934 Public Documents, and Declaring an Emergency, without my approval, for the following reasons:

The bill was allowed by the Printing Commission on April 17th, 1936, and not paid for lack of funds, and the order for printing, ostensibly given in the year 1933 by former State Printer, George E. Munger, was not approved for payment until October 24th, 1936.

Neither the Twenty-Third nor the Twenty-Fourth Legislative Assemblies appropriated any money with which to pay the same. At the present time, according to State Treasurer John Gray, the State is without any ready cash. Only this morning the State Auditor, Berta E. Baker, borrowed money with the advice and consent of the State Auditing Board, so there would be sufficient money on hand to pay the members of the legislature their per diem and traveling expenses in order that they may return home.

Because of the financial condition of the Treasury I am hereby returning this bill unsigned.

Respectfully,

WILLIAM LANGER,  
Governor.

Mr. Godwin moved that the House recess until 8:30 P. M., which motion prevailed and the House recessed.

So the bill lost.

Mr. Page: I vote "no" for the purpose of reconsideration.

Mr. Adam: I am between two fires. In my county on the north side the people don't want the dog tax law, and here my friend from the center of the county wants the law. My personal conviction is against the dog tax law. I vote "no".

Mr. Caddell: I vote "no" on this bill because I believe it is absolutely wrong to put a tax on the necessities of life.

Mr. Freitag: We have a race of people in our county more numerous than in Sioux County. Therefore I vote "no".

Mr. Hagen: A survey of McKenzie County in 1935 disclosed losses from coyotes and dogs of \$7,341.63, and I believe this law would be entirely ineffectual in taking care of that situation as long as the funds remain in each respective county. Therefore I vote "no".

Mr. Magill: I think we have come to a point in the history of this state where we have got to give a little consideration to the men that are raising the necessaries of life—sheep and livestock. For that reason I vote "aye".

Senate Bill No. 143. A Bill for an Act Authorizing the Secretary of State to Contract with the Lawyer's Co-operative Publishing Company of Rochester, New York, for the Publication of a Compiled Edition of the Laws of North Dakota;

Making an Appropriation; Creating a Revolving Loan Fund;

So the bill was lost.

Mr. Freitag moved that the vote by which Senate Bill No. 143 was lost be reconsidered and the motion to reconsider be laid on the table.

Which motion prevailed.

Mr. Beggs: The gentleman from Cass stated last night that the most important part of this bill was making the contract with the Lawyers Cooperative Publishing Company. He stated that was more important than the compiling of the laws. I don't like the idea of coming down here and passing laws for the specific purpose of making a contract with any firm where that is more important than the thing the firm is going to do. Therefore, Mr. Speaker, I vote "no".

Mr. Caddell: I vote "no", even though I believe maybe we need these books at this time. I believe it is going to cost the taxpayers a lot of money, and these old sobbusters can't afford to pay it. Therefore I vote "no".

Mr. Frazier: I vote "aye" on this bill because I believe it will save the old sobbusters many thousands of dollars in litigation.

Mr. Ireland: I vote "no" on this because I know the old sobbusters haven't got any thousands of dollars to be saved.

Mr. Rait: Maybe the books are needed for the lawyers, but who pays for them? How many farmers need a set of new machinery, and who pays for that? I vote "no".

Mr. Williams: I think the farmers of North Dakota need two carloads of seed grain instead of two carloads of law books. It seems funny to me. We work like farmers, we look like farmers, and when we come up here we vote like Rockefellers. I vote "no".

Senate Bill No. 42. A Bill for an Act Making an Appropriation for the Use and Benefit of the North Dakota Firemen's Association in Promoting Regional Fire Schools, and Other Activities of Such Association, as Provided for Under Chapter 137, Session Laws of 1935.

Which motion prevailed.

Mr. Godwin: I voted "no" on this bill because I see in this bill everything that has led to so many of our troubles in the past, and I can see before me intolerance written in bold letters. I vote against this thing because it prohibits dances in any place where a decent dance may be held. I voted "no" on this bill because we have brought our children into the world in this generation, in which we have not provided them with jobs, and in which we not only profess to keep our children, but other children, without any means of expressing their youthful energies and desires. I vote "no" on this bill of intolerance.

Mr. Twichell: I voted "aye" on this bill because in the shape it is in I don't think it means anything. I tried to get it amended, and I couldn't get it amended, so I voted "yes" on it.

Mr. Wolf: I voted "no" on this bill because we used to have free dances where they sold liquor, and now we are going to have free liquor where they dance.

Mr. Holm: If you pass this law you say in so many words to the young folks of America "Ladies and gentlemen, here is a dance hall, the door is open, take the liquor bottle with you". It is a degrading measure and I am proud to vote against it. It is a disgrace to this House to pass a measure of this sort.

Senate Bill No. 182. A Bill for an Act Relating to the Public Health and to the Local Control of Preventable Diseases; and to Authorize and Permit the Several Counties of the State of North Dakota, Either Separately or in Conjunction and Cooperation With One or More Contiguous Counties; to Establish and Maintain Full Time Local Health Departments in Cooperation With and Under the Direction of the State Department of Health; Provide for the Appointment of Local Boards of Health, a Full Time Local Health Officer and the Necessary Personnel of Local Health Units or Districts; Providing a Health Fund; Prescribing the Qualifications of the Health Officer and the Personnel of the Local Health Unit or District; and Providing for Their Compensation; Authorizing Local Boards of Health Organized Hereunder to Make Rules and Regulations Governing Matters Relating to the Public Health of Local Health Units or Districts and to the Control of Preventable Diseases Therein.

Which motion prevailed.

HOUSE RESOLUTION "M"

Introduced by Representative Magill

WHEREAS, The use of Motor Vehicles under present existing statutes has become a growing menace to the lives and well-being of the people of all nations, especially in the United States of America: and,

WHEREAS, The great loss of life and limb is directly traceable to the excessive speeds and other reckless practices of the Drivers of such Motor Vehicles of every description, resulting in a greater loss of life and earning power of those killed and injured every year in motor accidents than was sustained by this country in the Great World War; and

WHEREAS, This condition can be remedied, to some extent at least:

(a) If individual licenses can be issued by the several States showing the maximum speeds allowed to the different users or drivers of such motor vehicles, which shall depend upon the ability of each driver and the nature of the vehicle licensed.

(b) If an accurate check can be made upon the driving record of each driver, as to observance of safety rules, by requiring records to be filed with the proper authorities.

(c) If each driver becomes his own traffic patrolman, by the record which will infallibly show how fast he was driving when any accident in which he shall be involved takes place.

(d) If each motor vehicle is provided with a mechanical

conscience, it will eliminate and make unnecessary a great majority of the traffic patrolmen, since the best governor of any motor vehicle is and should be the driver thereof.

**THEREFORE BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF THE STATE OF NORTH DAKOTA:**

That Congress is hereby respectfully memorialized and requested to enact the necessary laws requiring the equipment of ALL motor vehicles made and offered for sale on and after the First Day of January, 1938, with recording speedometers which will accurately and at all times record the speed of every such motor vehicle.

Mr. Caddell: I vote "aye" on this resolution. I think it is a pretty good idea to have a kind of check on all automobiles to tell how fast they are going. I also think it would be a good idea if we had a thing like that tied to some of these legislators to tell how fast they were traveling.

MESSAGE FROM THE GOVERNOR  
OFFICE OF THE GOVERNOR  
Bismarck

March 5, 1937.

To the Members of the House of Representatives, Twenty-fifth Legislative Assembly.

Members of the House:

I am herewith returning House Bill No. 223, which I have partially disapproved—An Act Making an Appropriation for the Payment of the Expense to Be Incurred by the Boys' and Girls' Club Work at State and District Fairs.

In returning this bill I am reducing the appropriation in the amount of \$1,500.00 for the year 1937, and the sum of \$1,500.00 for the year 1938.

I regret that these reductions have to be made, and they are hereby made for the reason that the State is short of funds with which to meet this appropriation.

Respectfully,

WILLIAM LANGER,  
Governor.

OFFICE OF THE GOVERNOR  
Bismarck

March 5, 1937.

Members of the House of Representatives,  
Twenty-fifth Legislative Assembly:

Members of the House:

I am returning House Bill No. 177, which I have partially disapproved—An Act Authorizing the Secretary of Agriculture and Labor to Issue an Official Brand Book Showing all the Livestock Brands Now of Record in his Office, Making the Same Receivable in Evidence as Proof of Brands and the Ownership Thereof, and Making an Appropriation Therefor, and Declaring an Emergency.

This bill contains an item in the sum of \$750.00 for a loan from the First National Bank of Killdeer.

I am partially disapproving this bill for two reasons: First, that I believe it is a bad precedent to borrow money and then after the money is spent ask the State to make good the note to the Bank; and for the second reason that the State is without sufficient funds on hand to allow this appropriation.

Therefore, the item in the sum of \$750.00, payable to the First National Bank of Killdeer, is disallowed, and the appropriation reduced from the sum of \$2,500.00 to the sum of \$1,750.00 is hereby approved.

Respectfully,

WILLIAM LANGER,  
Governor.

Mr. Magill: I voted "aye" on this bill because I think it is at least a start in the right direction.

Mr. White: The conference committee that worked on this had five conferences with different committees in the Senate, and were unable to get any other agreement to pass the bill so that it would be of benefit to anybody. The committee did the best it could, under the circumstances; they got a raise in the appropriation. Therefore I vote "aye".

Mr. Semerad: I vote "no" because there won't be a single soul that will benefit under this law.
