These members should qualify by executing an Oath of Office on the form provided and filing it in the office of the Secretary of State as soon as possible. This is important and should not be delayed. Similar Oaths of Office should also be executed by all legislative officers and employees and filed with the Secretary of State.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the Great Seal of the State of North Dakota this 6th day of January A. D. 1947.

Respectfully yours,
THOMAS HALL,
 Secretary of State.

JOURNAL OF THE HOUSE

DEPARTMENT OF STATE
Bismarck, North Dakota

January 3, 1947

Kenneth L. Morgan
Chief Clerk of the House of Representatives
Bismarck, N. Dak.

Dear Mr. Morgan:

I am in receipt of a letter from Hon. Peter Moe of the Eighteenth Legislative District, stating that because of a slight illness he would not be able to be present for the opening days of the session. Inasmuch as his illness is apparently but a slight indisposition, it is probable that he will be able to attend within a day or two.

I anticipate that you will want the Journal to show that he was excused for these few days of absence. His letter is attached hereto.

Very sincerely yours,

THOMAS HALL
Secretary of State

The roll was called and there were 112 members present and one absent, so a quorum was declared present.

Rep. Fitch moved that the Chief Clerk appoint a committee of three to escort the Chief Justice of the Supreme Court to the rostrum, which motion carried.

Chief Clerk appointed Fitch, Fleck, Bubel to escort Chief Justice Christianson to the rostrum.

The Chief Justice was introduced by the Chief Clerk of the House, and Justice Christianson then administered the oath to the 112 members present.

Chief Clerk announced the next order of business would be election of speaker.

Rep. Johnson of Cass: At this time it gives me great pleasure and honor to be able to present to this body, the name of one of our members who has been my colleague for several sessions in this house and with whom I have served with on committees—I have found him to be honest, fair and sincere in all his dealings in the legislature. He has the ability, he has the experience to be our Speaker. I am sure if he is elected as our Speaker, and I am sure that he will be, that at the end of this session, you will all be satisfied that you have had an honest and fair man as our Speaker. At this time I wish to place in nomination, the name of Vernon Johnson from Richland County.

Rep. Falconer: With all due respect to the splendid judgment of that great and honorable group known as the opposition in the party with which I am affiliated. I, at this time, take pleasure in nominating another member of this body who has served faithfully and well for a considerable length of time, and whom I have known for many years. He is honest and fair and is a man who has rendered much service to the people of North Dakota, and one of whom I know this body can be proud if elected. I wish to place in nomination the name of Fred Graham for Speaker of the House.

Rep. Lillehaugen: It gives me great pleasure to second the nomination of Fred Graham of Dickey county as Speaker of this assembly. We know it is an important position—we need men there with his qualities. He is well versed in law—

well versed in parliamentary procedure—we need men with a lot of experience in public affairs, such a man is Fred Graham. We all know his outstanding record in the House of Representatives—he has served several sessions and one outstanding thing in his record is that he was selected by his group as floorleader when he came in as a new member. He served well in that capacity and would have been elected as floorleader again, except that he was selected as a candidate for Speaker of the House of Representatives. For that reason I take great pleasure in suggesting the name of Rep. Graham of Dickey county as Speaker of the House.

Rep. Luick: It gives me great pleasure to second the nomination of a man who I have known since he was a boy. He was raised to manhood in Richland county. He has always been known as an honest, fair and a very efficient person. He has been a member of this House for some time and I think he has carried that record into this body with him. At this time it gives me great pleasure to second the nomination of my good friend and colleague—Vernon Johnson.

Rep. Saumur: In behalf of Grand Forks county, it gives me great pleasure to seek the nomination of Vernon Johnson as Speaker.

Rep. Klefstad: As our county is adjacent to Richland county, we have followed the record of our neighbor to the east, very closely and it is a pleasure and honor for me as a member from Sargent county to second the nomination of Vernon Johnson as Speaker of this House.

Rep. Smart: Ward county takes great pleasure in seconding the nomination of Vernon Johnson. I predict if Vernon Johnson is elected he will be one of the best speakers North Dakota has ever had. He has all the qualifications of a good speaker having been floor leader and a member of the Research Committee. He has initiative, is acquainted with the problems of North Dakota. He is highly respected among the members of the legislature. He is a young man with boundless energy and the finest qualities a man can have—high integrity, the courage of his convictions and he will be fair to every member in this legislative hall. He will seek the cooperation of all members and will make a wonderful speaker.

Rep. Anderson of McKenzie: I take great pleasure in seconding the nomination of Mr. Graham for Speaker of the House.

Rep. Haugen: My county and my group are honored to second the nomination of Fred Graham as a candidate for Speaker. Judge Graham has had many years of experience in public life in this state. Experience which well qualified him for the position to which we have nominated him in this Republican body in this Republican state and it is only fitting that we show the representative of our party, the present National Committeeman (he has held this honor before), the honor of electing him Speaker.

Rep. Bubel: I think we have had enough speeches for the time being—I move the nominations be closed. Motion seconded and carried.

ROLL CALL

The roll was called and the Chief Clerk announced that there were 60 votes for Rep. Johnson of Richland; 50 votes

for Rep. Graham; 1 absent and not voting and 2 passed.

Those voting for Rep. Johnson of Richland were:

Allen	Fleck	McInnes
Anderson, Cass	Fuglestad	Olson
Arndt	Gackle, LaMoure	Power

Moe

Passed:

Graham Johnson, Richland

So Rep. Johnson of Richland was declared elected Speaker. Rep. Graham congratulated Mr. Johnson of Richland as Speaker of the House and moved that his election be made unanimous, which motion carried.

Rep. Fitch moved that a Committee of two be appointed by the Chief Clerk to escort the newly elected Speaker to the chair, which motion prevailed and the Chief Clerk appointed as such committee, Reps. Fitch and Maher.

The Speaker was sworn in by Judge Christianson.

Mr. Chief Clerk:

Member of the House:

This occasion and this session represents a happy and distinct climax to my legislative service for two reasons:

First, you have honored me with the highest position it is within your power to give. No words of gratitude that I could use would adequately express my debt to you for this honor and position of trust. (Secondly, in this session we will put into practice at least three reforms in our legislative procedure—three reforms which a great many of us have advocated and promoted during the past three sessions.) Since I have been a member of this House, I have had the privilege of serving under three great speakers, namely: the late Earl Symington, whom we all loved and respected, Ralph Beede and A. R. Bergesen. I realize my own limitations and know full well that I cannot hope to equal the high standard of leadership you have enjoyed under these men. However, it will always be my purpose to be scrupulously fair and impartial and do the job to the very best of my ability. Through the time that I have spent in this House, I have enjoyed the fellowship of the opposition and have at all times had profound respect for their earnestness and sincerity. Under our system of government it is necessary to its proper functioning that there be a majority and a minority. The active interplay of the ideas, and thinking of the majority and the minority insure the best possible results by way of legislation and policy.

During the last session I sat across the aisle and worked opposite to Mr. Graham, my worthy opponent. We got along first rate and I am sure that I can count on his cooperation as one of the leaders of the minority during this session and the trying days ahead.

To the new members of this House, let me say just a brief word of welcome. You may feel pretty much like one about to be initiated into a fraternity or lodge. However, you will find as time goes on that all the former members will be most interested in helping and cooperating with you. We do not place the great importance that Congress does on the matter of seniority. You are invited to actively participate in the affairs of this body from the start and to give us the benefit of your experience and wise council on all matters which may come before us.

A little later on this afternoon we will meet in joint assembly with the Senate to hear a discussion of a report of the recommendations of the Legislative Research Committee for reorganization of our rules, procedure and committee set up. These recommendations and ideas are a result of an exhaustive study. In making this study we had the benefit of reports made in other states on the subject of legislative reform. The state of Massachusetts and New York spent thousands of dollars thoroughly investigating the general legislative process. It was significant that in none of the reports was there any recommendation for tampering with the general legislative process as we have known it in this country since its founding. They favored streamlining and reorganization but we should always continue to maintain the essential basic features. They all emphatically recognized that the legislative branch, consisting of two houses, is the strongest bulwark against tyranny and oppression and dictatorships that we have. It most nearly expresses the will of the people. The legislature was the one institution that was first attacked and destroyed in the dictatorships of Germany and Italy.

The reforms which will be instituted at this session, will

definitely enable each and everyone of us to spend much more time in analyzing and studying the measures and the problems that come before us. The voting machine and the new method of printing bills will definitely help us to speed up our deliberations. I am sure that none of us enjoy the drudgery of excessively long hours spent in our seats here in this assembly. I am therefore sure that I can count on your cooperation in my aim to definitely conduct the affairs of this House with the utmost dispatch. This will be especially true as to procedural matters.

This is the first session of our legislature since the beginning of the reconversion period after the most devastating war in our history. Past experience has shown that the reconversion or reconstruction period after wars have been the most critical in our history. We will be called upon to face many difficult problems, and to determine the long time policy of our state as we pass into this reconversion period. To list a few of our problems we have the veterans program, a program of building and repairing throughout state schools and our state institutions, the school reorganization problem, a social security program for our state and local employees and the ever present problem of finance and taxation. It was never more important at any session that we meet these problems not from the standpoint of narrow partisanship but solely in the best interests of the general welfare of the citizens of North Dakota.

Thank you.

Rep. Bubel: I arise here to have the honor to be the first to address our new Speaker as "Mr. Speaker". I see we have with us two former Speakers of the House—I move that they be extended the courtesy of the floor for the afternoon and all session if they care to stay. Mr. Bergesen and Mr. Beede.

Rep. Fitch: I would like to amend that motion—to include that a committee of two be appointed to escort these two gentlemen to the rostrum where they watch the proceedings and possibly offer a little advice.

Rep. Fitch: I wonder if you will permit me to amend that motion to include another former Speaker of the House who I see here—a very distinguished man—an old, old man who may need more help in getting up to the rostrum—Mr. Math Dahl.

Motion seconded by Rep. Johnson of Cass. Motion carried as amended and the Speaker appointed as such committee—Rep. Sailer and Thomson of Richland, to escort Mr. Bergesen and Mr. Beede; and Rep. Lillehaugen and Levin to escort Mr. Dahl.

The Speaker announced the next order of business would be the election of a Chief Clerk.

Rep. Fitch: I think it is unnecessary for me to say anything. The Desk Reporter can turn to any of the Journals for the past number of years and she will find Fitch speaking for Morgan. I don't think I need to say anything more than I said in previous years. I always like Morgan because he is from Richland county, like I am and he is one of the most efficient, one of the finest fellows I have ever known and the House will go along successfully with Morgan as Chief Clerk. I would like to nominate Kenneth Morgan as Chief Clerk.

Rep. Bubel: I would like to second the nomination of Ken Morgan for Chief Clerk. When I first came to the session in 1937 I happened to be Bill Clerk and one of the first men I

met was Ken Morgan. He was a page at that time. I found that at all times he gave me a lot of advice on legislative procedure and since that time I have been with him all the time. He does a very good job. I take great pleasure in seconding the nomination of Kenneth Morgan.

Rep. Wolf moved that nominations be closed, which motion prevailed.

ROLL CALL

The question being on the election of Kenneth L. Morgan as Chief Clerk, the roll was called and there were ayes, 112; nays, 0; absent and not voting, 1.

Those voting in the affirmative were:

Absent and not voting:

Moe

So Kenneth L. Morgan was duly elected to serve as Chief Clerk of the Thirtieth Legislative Assembly.

Chief Clerk Morgan: Members of the legislature, I don't know how to thank you for the trust you put in me. And I surely will try to do the best I can. Thank you very much.

The Speaker announced next order of business would be election of Desk Reporter.

Rep. Johnson of Cass moved the nomination of Ruth Smith of Bismarck for Desk Reporter.

Rep. Bubel: This is a nomination I am glad to second, and I will tell you why. Mrs. Smith comes from Oliver County and when you get something from Oliver County, you get something good.

Rep. Fitch moved the nominations be closed, which motion prevailed.

ROLL CALL

The question being on the election of Ruth Smith as Desk Reporter, the roll was called and there were, ayes, 111; nays, 0; absent and not voting, 2.

So Ruth Smith was declared elected as Desk Reporter.

Mr. Speaker: If there are no objections the Chair will appoint a committee of two to meet with a like committee from the Senate to agree on a joint meeting, and report back later. I will appoint as such committee, Reps. Haugland and Saumur.

The Speaker announced that the next order of business would be the election of an Assistant Chief Clerk.

Rep. Callahan: I would like to place in nomination the name of John O. Koehn. It gives me great pleasure to place his name in nomination. He lives in our county and has returned there from serving his country.

Rep. Dalzell moved that nominations be closed, which motion was seconded and carried.

ROLL CALL

The question being on the election of John O. Koehn as Assistant Chief Clerk, the roll was called and there were ayes, 111; nays, 0; absent and not voting, 2.

So John O. Koehn was declared elected as Ass't Secretary.

Former Rep. Curtis Olson of Valley City was introduced to the House.

Rep. Dalzell moved that a Temporary Committee of Three on Employment be appointed by the Speaker. Motion prevailed and the Speaker appointed as such committee: Rep. Dalzell, Syverson and Levin.

Rep. Fitch moved that election of a permanent Sergeant-at-Arms be delayed for a few days, and that Frank Ployhar be appointed to serve without pay until the House is organized.

Rep. Stair made a substitute motion that the permanent election of a Sergeant-at-Arms be elected at this time.

A voice vote was taken. The Chair announced he was in doubt and a standing vote was taken. Rep. Stair's motion was carried 64 to 40 so the substitute motion was declared carried.

Rep. Saumur: I have a man in mind for the Sergeant-at-Arms job. A man who will make a real Sergeant-at-Arms. He has served here in many sessions and is well qualified. I present the name of Dave Blair.

Rep. Langley: Mr. Speaker, this seems to be pretty much of a Towner county affair. I am glad to see Towner county in the limelight. I am from Towner county and I have the name of a man who I wish to nominate at this time, for Sergeant-at-Arms—another man from Towner county—Oswald Kruisk. I am not going to tell how good he is. You people who have been here for the last three terms are quite well acquainted with Oswald Kruisk. I may be a little partial to him as he and I both come from Rock Lake in the north end of the county. I have nothing against Dave Blair—I have nothing but praise for him—I have served in the House for three years with him—nevertheless, I wish to place before this legislative body, the name of Oswald Kruisk for Sergeant-at-Arms.

Rep. Stair: At this time, I wish to second the nomination of Oswald Kruisk as Sergeant-at-Arms. As I stated before we have had complete harmony here the past hour and a half. I think this would be a wonderful time to continue this record: Mr. Kruisk, as Rep. Langley states, comes from the northern part of the state. Mr. Kruisk is a farmer—he has worked for this body for a number of years in the capacity of doorkeeper and always performed those duties very intelligently and earnestly. I think this is one candidate we could agree on and be very well satisfied if he is elected as Sergeant-at-Arms, and I am satisfied he will do a good job.

Rep. Sticka: It gives me great pleasure to second the nomination of Oswald Kruisk, I served with Mr. Kruisk as an employee. He was always genial, willing to help along in any way or any form he could. It gives me great pleasure to second the nomination of Oswald Kruisk as Sergeant-at-Arms.

Rep. Wollitz moves that the nominations for Sergeant-at-Arms be closed, which motion prevailed.

Rep. Fitch moved that the election of a Sergeant-at-Arms be made a special order of business for 2:30 p.m. Motion seconded by Johnson of Cass.

Rep. Bubel moved that the House now proceed with the roll call on the election of Sergeant-at-Arms and not wait until 2:30 p.m.

Rep. Haugen: I think under the motion we passed awhile ago on the election of a Sergeant-at-Arms, this motion of Mr. Fitch's is out of order. I make a substitute motion that we proceed immediately on the roll call for Sergeant-at-Arms.

Rep. Haugen's motion prevailed on a voice vote. And the House proceeded to vote for the election of a Sergeant-at-Arms.

ROLL CALL

The question being on the election of a Sergeant-at-Arms, the roll was called and there were 80 votes for Oswald Kruisk; 31 votes for Dave Blair; absent and not voting, 2.

-----	--------

So Oswald Kruisk was declared elected as Sergeant-at-Arms.

John O. Koehn was now sworn in as Assistant Secretary and Oswald Kruisk as Sergeant-at-Arms.

Rep. Haugen: I move that we adopt as the temporary rules of this House, the 1945 rules of this body, with the exception of the Committees. Motion carried.

The Sergeant-at-Arms announced a committee from the Senate. This committee of three announced that the Senate is now organized and ready to transact business.

Rep. Bubel: I move that a Committee of three be appointed to notify the Governor that the House is organized and ready to do business. Motion carried. The Speaker appointed as such committee: Reps. Luick, Herk and Yirchott.

Rep. Haugen: I move the Speaker do now appoint a Committee of three to notify the Senate that the House is now organized and ready to transact business. Motion carried. The Speaker appointed as such committee: Reps. Semerad, Graham and Callahan.

Rep. Fitch: In order to perfect the organization, I move a temporary Committee of three be appointed on Correction and Revision of the Journal. Motion carried. The Speaker appointed as such committee: Reps. Halcrow, Allen of Grand Forks and Williams of Sargent.

Rep. Haugen reported that the Senate had been notified of the joint meeting and that as many senators as are interested come to the House at 2:30 p.m. The Senate has appointed a Committee of nine as a Rules Committee and suggested the House do likewise.

Rep. Thompson of Richland moved that the Speaker appoint such a committee. Motion carried. The Speaker asked for a little time to name this Committee.

Rep. Johnson of Cass moved that the House members now make the selection of their seats. Motion carried and permanent seats were selected.

Rep. Sailer moved that the absent members be excused, which motion prevailed.

Rep. Fuglestad moved that the Speaker appoint a Committee of two to look into the matter of the loudspeaker. Motion carried and the Speaker appointed as such Committee: Reps. Fuglestad and Fleck.

Rep. Luick announced that the Committee to notify the Governor that the House was organized and ready to do business, had made their report and asked to be excused, which permission was given.

Rep. Fitch moved that the House recess until 2:15 p.m. which motion carried.

The House reconvened at 2:15 at which time they were called into session by the Speaker.

Rep. Graham announced that the Committee to notify the Senate that the House was organized and ready to do business, had made their report and asked to be excused, which permission was given.

Rep. Smart moved that the Speaker appoint a Committee of three to arrange for the inaugural ceremonies tomorrow. Motion carried and the Speaker appointed Reps. Fleck, Sellens and Haugland.

Rep. Bubel moved that the Speaker appoint a Committee of three to meet with the Board of Administration to arrange for supplies to be used during session. Motion carried and the Speaker appointed: Reps. Klefstad, Westby and Wolf.

Rep. Haugen moved that the Speaker appoint a Committee of three to arrange for telephone service for the House. Motion carried and the Speaker appointed: Reps. Thompson, Brady and Wollitz.

Rep. Smart moved that the Speaker appoint a Committee of three on mileage and per diem and the Speaker appointed Reps. Sticka, Dalzell and Ekren.

The Speaker announced that with the appointment of Rep. Dalzell on the Mileage and Per Diem Committee he would substitute the name of Rep. Sailer on the Employment Committee, if there were no objections.

No objections were voiced and the name of Rep. Sailer was substituted for Rep. Dalzell on the Employment Committee.

Rep. Fleck announced that anyone that has received a traffic ticket for over-parking can return them to him and you can arrange through him to secure a courtesy card so as to not be bound by the hour limitation on the parking of cars in Bismarck while you are here during the legislature.

The House now went into joint meeting with the Senate in the House Chambers.

At the conclusion of the joint meeting of House and Senate to hear the report, the Speaker announced that he had selected the members of the Committee on Rules as requested by the Senate. The Speaker named: Chairman, Smart; Reps. Bubel, Haugen, Fitch, Bagge, Sailer, Stair, Graham and Langley.

Rep. Bubel moved that the House do now stand in recess until 1:30 p.m. Jan. 8th, which motion prevailed.

KENNETH L. MORGAN, Chief Clerk

**FIRST DAY AFTER RECESS
AND SECOND DAY**

Bismarck, January 8, 1947

The House reconvened at 1:30 o'clock p. m., pursuant to recess taken, Speaker Johnson presiding.

The Speaker announced that the House would be on the sixth order of business.

 3:57 Benediction by The Very Reverend William F. Garvin, M.A., Chancellor of the Diocese of Bismarck.

MESSAGE

To the Thirtieth Legislative Assembly and Biennial Report to The People of North Dakota:

Our thoughts today are focused on a broad survey of the legislative problems to be considered by the Thirtieth Session of the North Dakota Legislature. This is a transition period in which we are moving from a wartime to a peacetime economy. Economic and social conditions very definitely affect the problems of government and policies of government also influence economic and social conditions. It must be the purpose of this session of the Legislature to meet the economic and social conditions as they exist today and either to maintain or establish policies of government that will have a wholesome and constructive influence upon the future. If sound judgment is going to prevail over prejudice in our deliberations, we must recognize that, irrespective of occupational allocations, all of the people of North Dakota are a united people in economic purpose. Agriculture is our basic occupation and its produce is our only major offering to the national economy from which we receive our income to purchase the needed products from other areas. Our industry in the most part will be the processing of agricultural products or the distribution of equipment, supplies, and services to farm people or those who serve them in towns and villages. The prosperity of all our people must go hand-in-hand.

Under the provisions of Section 75 of the Constitution it becomes my duty at this time to communicate to the Legislative Assembly information on the condition of the state and recommend such measures as I deem expedient.

We must start out with the fundamental proposition that state finances are in excellent condition. There is sufficient money in the sinking fund to retire the \$1,300,000.00 remaining Mill and Elevator bonds when they become due this January. On June 30, 1946 there were \$17,649,100.00 of Real Estate bonds outstanding, offset, however, by \$12,709,869.08 in the sinking fund which with money due on contracts for deed and money to be realized from further sales of farms should just about retire the Real Estate bonds when due. These bonds with \$150.00 of Bank of North Dakota capital stock constitute the only bonded indebtedness of the State of North Dakota at the present time. To put our bonded indebtedness in this solvent condition, however, has required the use of \$29,621,979.84 of tax money during the period from 1921 to date and in 1946 we again levied \$516,681.00 to pay interest on the Real Estate bonds. We are, however, nearing the end of our difficulties with these bonds and were it not for the fact that we pay from 4 to 5½ percent interest on the uncalled Real Estate bonds and can earn less than half that amount on sinking fund investments we perhaps would

need no further tax levies. These experiences should be carefully measured and weighed by the legislature if temptation to authorize further bonding should arise. The report of the State Treasurer shows a total net balance of \$14,979,041.20 in the general fund as of June 30, 1946. This report also shows that for the fiscal year ending June 30, 1946, the collections in the general fund totalled \$10,664,402.99. This represents a wholesome solvent healthy financial condition for the state. These last two figures are of vital importance to the Legislature in determining the amount of appropriations to be allowed this session.

If we double the 1946 collections in the general fund, we have in round numbers \$21,000,000 as a starting point for estimated income in the next biennium. This figure includes a full 4 mill property tax levy on 50 percent valuation. May I observe that the full 4 mill property tax yields less than 20 percent of the general fund total. During the past calendar year state income tax revenue was down \$350,000.00 from the previous year and the beer tax was down \$96,000.00. On the other hand cigarette and snuff taxes were up \$422,000.00. A poor crop or lower farm prices would reduce the general fund revenue. From these facts may I suggest \$20,000,000.00 as an estimated income for the general fund in the next biennium. The summary on the last pages of the report of the Budget Board will show that we approved appropriations for normal operating expenses of \$18,324,422.55 plus reappropriations for buildings of \$1,528,500.00. These proposed appropriations just barely fall within the \$20,000,000.00. I am sure that the Legislature will have good reasons for increasing some of the proposed appropriations and for decreasing others. Then, too, there will be additional requests that did not come before the Budget Board. But in all adjustments to be made by the Legislature, if the budget is to remain balanced and the high solvency of the state preserved, the appropriations for normal operating expenses must be held down to that total suggested by the Budget Board or lower. The Budget Board has carefully considered the needs of the various departments of state and the state institutions in the light of inflationary conditions and I am confident has allowed large enough totals so that all can get along well.

The other figure that should have our attention is the \$14,979,041.20 balance in the general fund. This item has accrued first because of pinching frugality during the abnormal conditions of drouth and depression in the 1930's and then because of the high revenue during war prosperity and inflation in the 1940's. A part of this balance so accrued, can be properly used to offset some of the social and economic conditions that grew out of those periods. With that purpose in mind I recommend a transfer of \$3,000,000.00 to the veterans rehabilitation fund, the approval of a nearly \$3,000,000.00 additional building program at our state institutions and a repayment of nearly \$3,000,000.00 to the motor vehicle registration fund.

North Dakota now has \$2,000,000.00 in its veterans rehabilitation fund. Another \$3,000,000.00 will give us a total of \$5,000,000.00. Further additions can be made from time to time. This should be a permanent fund with the State Treasurer authorized to make safe profitable long time investments with only the annual income to be used to meet emergency needs of veterans. Experience indicates that 15 or 20 years from now the needs of veterans will be much greater

than at the present time. In the more distant future as we approach the period of diminishing needs and are at the peak of current needs some of the principal could be wisely used. Such a program will be an outstanding credit to the foresight of the people of North Dakota.

It has been a long time since any new buildings were erected at state institutions. A few old buildings are falling apart and replacements are badly needed. Many of the institutions are overcrowded. The Budget Board carefully considered these factors and has recommended what it feels is a minimum building program to meet the very pressing immediate needs. The construction of these buildings cannot advisedly be delayed. In addition to the reappropriations, which can be paid out of the estimated biennial income, they will require about \$3,000,000.00 from the balance in the general fund.

In 1933, 34 and 35 about \$3,000,000.00 was taken from the motor vehicle registration fund to pay interest on North Dakota Real Estate bonds. The exact amount that has not been returned is \$2,941,718.62. Had it not been for the poor tax payment during the depression, this deficit in the Real Estate bond fund would have been made up by a statewide property tax levy as we are now doing for interest instead of transfer from motor vehicle registration funds. It is, therefore, proper that repayment now be made from the balance in the general fund. Half of this money will go to the State Highway Department for maintenance of state highways and the other half to the counties for county and farm to market roads.

These thoughts suggest some further consideration of the requirements to finance an effective road program in our state. With the great increase that has come in the use of cars and trucks by all our people for both pleasure and business we have a highway need that has outgrown our revenue structure. Last spring there were 500 miles of black top that needed resealing; we had funds during the summer for only 168 miles. There were 900 miles that needed gravel; we had funds for only 88 miles. There were 1200 miles that needed minor reshaping with some gravel; we had funds for only 62 miles. The \$12,360,000.00 certificate issue is not available for these purposes, but only for matching federal funds in new construction or major improvement. Of the \$75,000,000.00 that has been spent for new construction or major improvement since 1917, \$48,000,000.00 or 63 percent has been federal funds. After construction, maintenance is a 100 percent state responsibility. Unless the federal investment is protected and preserved by proper maintenance, federal funds will not be available to us for new construction. There is also the state investment that is equally important to protect and preserve. And above everything else is the desire of our people to have good roads.

Road building and maintenance in North Dakota is financed at the state level entirely by gasoline tax and motor vehicle registration fees. This same source of revenue meets most of the needs at the county level too. We are operating on the principle that the users of the roads should pay for them. Some 15 years ago when rubber tires were first coming into use on farm tractors, the salesmen said that the farmers would pay for rubber tires whether they had them or not. If they bought the tires, they would pay for them in the

purchase price. If they did not buy the tires, they would pay for them in the purchase of an additional 20 percent of fuel and oil. That statement was true and now almost everyone uses rubber tires. Much the same thing is true in the use of highways. The car and truck owners will pay for good roads, if they have them, in gasoline tax and license fees. They will pay for them, if they do not have them, in additional fuel and oil costs and in repairs and depreciation.

The change from the tax exempt system to the refund system in the operation of our gasoline tax law should materially improve that source of revenue. May I ask your approval of a bill that is being introduced at the request of the Highway Department that will increase by 25 percent the initial fee for all car and truck licenses. This bill also provides that subsequent reduction in fees shall be at 5 percent per year instead of 10 percent and shall not go lower than 50 percent of the initial fee instead of to a minimum of \$3.00. These changes will apply only to new cars and trucks registered for the first time after July 1, 1947. All old cars and trucks will stay at their 1947 fee until further reduction is authorized under the new schedule. The repayment of the money taken from the motor registration fund in 1933, 34 and 35 will serve as a stop gap until there will be enough new cars and trucks in use to make this new schedule effective. The money from both measures will be divided equally between the State Highway Department and the counties.

These three provisions; the refund system that is already in effect, the increase in registration fees and the return of \$2,941,718.62 to the motor registration fund, while somewhat short of estimated needs, would offer a reasonably satisfactory improvement. I have devoted a good deal of time to the revenue needs for road construction and maintenance. The recommendations come as a result of extended study and thought. For some years we have been on the verge of having federal aid withdrawn from our state because of inadequate state maintenance funds. The enactment of the refund law was the first step in the correction. The Public Roads Administration is now withholding "further approval of federal-aid projects for construction in North Dakota until the state shall have made more adequate provisions to safeguard the investments." Attached to the copies of this message which will come to your desks will be a copy of a letter recently received from Thomas H. MacDonald, Commissioner of Public Roads. This letter helps explain our critical situation and our urgent need for increased registration fees and the \$2,941,718.62 transfer. May I urge your most careful consideration.

From October 8th to December 3rd I met regularly with the State Budget Board and after much study personally concur in the recommendations made by that Board. The report of the Budget Board which you will have to work with during the session together with this brief survey constitutes my budget recommendation to the Legislature.

By executive order on September 11, 1945, I amended the executive order made by the Honorable John Moses, Governor of the State of North Dakota under date of July 30, 1943, to extend motor registration license reciprocity to motor carriers operating between fixed termini or over regular routes under regular rates. The amendment also terminated the entire executive order as of June 30, 1947, the date after

which new legislation goes into effect. The future policy of the state in this matter should be established by legislative action. Many states have now so established full reciprocity. The report to the Legislature on this executive order is hereby submitted pursuant to the provision of Section 24-1306 North Dakota Revised Code of 1943 and copy of the order is hereto attached.

There are many other legislative problems that should be presented in detail and on which I would like to make specific recommendations. This, however, is neither the time or place for such extended discussion. From time to time during the course of the session I shall welcome opportunities to visit with members of the Legislature both individually and in groups relative to these matters. There are, however, some general facts and broad principles of state government that can be advisedly reviewed at this time.

The people of North Dakota on several occasions, and as recently as June 25, 1946, have indicated that they want taxes computed on 50 percent of the assessed valuation. Irrespective of our personal opinions we should now abide by that decision. Any adjustments that it may be found necessary to make for strengthening the revenue of political subdivisions of the state should be channeled through a change in the permissible mill levy. It should be the purpose of this session of the Legislature to gear our attendant laws to the 50 percent valuation and thereby accept and work with the expressed wish of the people. In this light the revenue potential particularly of school districts will need attention. A broadening of the school district tax base by school district reorganization and also by equalization at the county level are meritorious suggestions that have been studied by the Legislative Research Committee.

We are all staggered in our thinking by the rapid pace at which the amount of our state appropriations are increasing from session to session and by the enormity of the figure asked of the Thirtieth Legislative Session. We must recognize that the same economic factors that have increased the income and the cost of operation of farms, stores and other forms of private business have had corresponding effects upon the costs of government. If we are going to preserve law and order; provide for the aged, the dependent children and the needy; build roads; maintain common schools, colleges and state penal and charitable institutions and do a multitude of other things asked for and expected by the people there must be some increase in cost during this period of inflation.

On the other hand the head of each department and institution, if he is worthy of his position, visions an ideal department or institution and reflects that vision in his budget request. It becomes the duty of the members of the Legislature coming in with a fresh contact from the people of the state to determine how much of the ideal the people want and are able to pay for in taxes. Frugality and good judgment must be the watch words of the Legislature.

During the past several years we have seen an enormous expansion in the functions and responsibilities of state government. For example, in some ten or twelve years we have developed from little or nothing a state welfare department and a common school equalization fund. For the current biennium these two had appropriations of more than \$10,000,000.

They have cushioned and reduced the amount of increase in tax that counties and school districts would otherwise have had to make if those functions were to have been performed. Theoretically the Equalization Fund is the better government of the two because it has broadened the tax base without centralizing administrative authority.

The reason that I especially refer to the expanded functions of government is because there is never a session of the Legislature without many suggestions of new fields of activity that the state could advantageously pursue. Each new field, however, requires additional funds. The state has already assumed as many responsibilities as can be paid and properly maintained from the present revenue in the general fund. In fact there are several things from which we will have to recede when conditions become less prosperous. I, therefore, must remark that we should enter no new field of sizable expenditure unless some new and special revenue for that purpose is established.

We are all proud to be citizens of this great state. Mother nature has smiled upon us. Our fertile fields have yielded abundantly. Over the rolling verdure of our state again has come prosperity. Additional avenues of opportunity and development are at our door. New varieties of grain, irrigation, electric power, lignite resources, industrial processing of agricultural produce and many other opportunities await the ingenuity of our people.

We live in an atmosphere of western cordiality. We have the spirit of wholesome consideration and helpfulness one to the other. We are gathered here under the inspiration of these beautiful Legislative Chambers. We have been entrusted by the people of this state to make such laws and to so provide for the functioning of government that North Dakota will be a better state in which to live. During the next sixty days we are going to have expressions of many different ideas and opinions. But when all the information is before us, if we are given to do the right freely as each of us sees it, we will have met our responsibility to the people and North Dakota will be a better state because of what we have done.

Rep. Johnson moved that the joint session of this Thirtieth Legislative Assembly do now adjourn which motion prevailed and the joint session was now adjourned.

Speaker Johnson announced that the House would reconvene at 4:05 for consideration of a report from the Temporary Committee on Rules.

The House reconvened at 4:05.

The Speaker announced that the House would be on the sixth order of business.

REPORT OF THE TEMPORARY HOUSE COMMITTEE ON RULES:

HOUSE RULES

CALL TO ORDER

1. The regular sessions of the House shall begin at two o'clock P. M. when the Speaker shall take the chair and call the House to order. After prayer by the Chaplain the roll of members shall be called and the names of the absentees entered upon the Journal of the House. If a quorum be present, the Speaker shall then proceed with the regular order of business.

ABSENTEES

2. No member or officer of the House unless he, from illness or other cause, shall be unable to attend, shall absent himself from a session of the House, during an entire day, without first having obtained leave of absence from the Speaker, and no one shall be entitled to draw pay while absent more than one day without leave.

QUORUM

3. A quorum for the transaction of business shall consist of a majority of members elected to the House, but a smaller number may adjourn from day to day, and may compel the attendance of absent members.

ORDER OF BUSINESS

4. The Order of business shall be as follows:
1. Prayer by the Chaplain.
 2. Calling the Roll.
 3. Reference to the Journal.
 4. Presentation of petitions and communications.
 5. Reports of Standing Committees.
 6. Consideration of Amendments.
 7. Reports of Select Committees.
 8. Motions and Resolutions.
 9. First reading of House Bills, memorials and resolutions.
 10. Second reading of the same.
 11. Consideration of messages from the Senate.
 12. First reading of Senate bills, memorials and resolutions.
 13. Second reading of the same.
 14. Consideration of General Orders.
 15. Unfinished business.
 16. Signing of Bills, Resolutions and Memorials.
 17. Announcements.

REFERENCE TO THE JOURNAL

5. The chief clerk shall each evening deliver to the printer, having the contract for printing the legislative journals a complete copy of the House Journal. Printed copies of the same shall be delivered before 9:00 o'clock A. M., of the following calendar day to the chief clerk, who shall cause a copy of the same to be placed immediately on the desk of each member. The committee on revision and correction of the Journal shall, before the beginning of the next legislative day, carefully examine and review the same. Any mistake therein shall be noted by the committee and reported to the House for action.

PRESENTATION OF PETITIONS AND COMMUNICATIONS

6. Petitions and communications addressed to the House or the Speaker, shall be presented by the Speaker, but their content shall not be included in the Journal except by vote of the House.

DUTIES OF SPEAKER

7. a. The Speaker shall preside over the House, and be charged with all the powers and duties pertaining to such presiding office.
- b. He shall preserve order and decorum, and in case

of disorderly conduct or disturbance in the galleries or the corridors, he or the Chairman of the committee of the whole may order the same to be cleared.

- c. He shall appoint all House committees, except when otherwise provided by vote of the House.
- d. He shall sign all acts, addresses, resolutions, memorials, writs, warrants and subpoenas of or issued by order of the House and all vouchers for the payment of money out of the legislative expense fund of the House.
- e. He shall have general supervision over all House employees.

DUTIES OF CHIEF CLERK

8. The chief clerk of the House shall:
- a. Keep correct journals of the proceedings of the House.
 - b. Have the custody of all records, accounts and other papers committed to him.
 - c. Prepare a bulletin board upon which shall be posted a list of committee meetings and any other announcements or notices.
 - d. Neither the chief clerk nor his assistants shall permit any records or papers belonging to the House to be taken out of their custody otherwise than in the regular course of business. The chief clerk shall report all missing bills, resolutions and papers to the Speaker; he shall have general supervision of all clerical duties appertaining to the business of the House, shall perform, under the direction of the Speaker, all duties pertaining to the office, and shall also keep a book showing the situation and progress of all the bills, memorials and joint resolutions, including a complete record of all actions taken thereon, and shall prepare, have printed and distributed to the members a daily calendar detailing the action had and pending on all measures.
 - e. At the close of each session, he shall deposit for safe-keeping in the office of the Secretary of State, all books, bills, documents, resolutions, and papers in the possession of the House, correctly labeled, folded and classified. The journal need not be deposited until it is completed fully and is indexed; and
 - f. Perform such other duties as shall be assigned him by the House. (Code 54-0312)

DUTIES OF SERGEANT-AT-ARMS

9. The sergeant-at-arms of the House, under the direction of the presiding officer, shall be the executive officer of the body for the enforcement of all rules adopted by the House for the regulation of the House. The House floor shall be at all times under his immediate supervision, and he shall see that the various subordinate officers perform the duties to which they are especially assigned and perform all other services and duties pertaining to his office and as directed by the Speaker or the House.

CALL OF HOUSE

10. Thirty-six members of the House may order a call of the House and cause absent members to be sent for, but a call must not be made while a vote is being taken. The call being moved, the Speaker shall require those desiring the call to rise, and if thirty-six or more members shall rise, the call shall be ordered. The call being ordered, the Sergeant-At-Arms shall close the door and allow no member to leave the room. The clerk shall then call the roll and furnish the Sergeant-At-Arms with a list of those members absent without leave, and that officer must proceed forthwith to find and bring in such absentees. While the House is under call, no business can be transacted except to receive and act upon the report of the Sergeant-At-Arms and no motion is in order except a motion to suspend further proceedings under the call, and said motion shall not be adopted unless a majority of all members-elect vote in favor thereof. Upon a report of the Sergeant-At-Arms, showing that all members who were absent without leave, naming them, are present, the call shall be at an end, and the doors shall be opened, and the House shall proceed with the business pending at the time the call was made.

ORDER AND DECORUM

11. The Speaker shall preserve order and decorum and decide all questions of order subject to an appeal to the House. When the Speaker is putting the question, no member shall walk out of, or across the House, nor when a member is speaking, shall any person entertain any private discourse, or pass between the person speaking and the chair. A member called to order must immediately sit down unless permitted to explain, and the House, if appealed to, must decide the case. If there be no appeal, the decision of the chair shall stand. On appeal no member shall speak more than once without leave of the House. When a member is called to order for offensive language there shall be no debate.

RECOGNITION BY THE SPEAKER

12. Every member, previous to his speaking, shall rise from his seat and respectfully address the Speaker as such, and remain standing in his place before proceeding to speak, until he is recognized by the chair. When two or more members rise at the same time to speak, the Speaker must designate the member who is to speak, but in all cases the member who shall rise first and address the chair shall be first recognized.

RULES OF DEBATE

13. No member shall speak more than twice on the same subject without leave of the House, nor more than once until every member choosing to speak on the subject pending shall have spoken, nor shall any member occupy more than ten minutes at the first time, nor more than five minutes at the second time, without unanimous consent of the House; provided that this rule shall not apply to majority and minority floor leaders and the chairman of the committee in charge of the bill.

MOTION TO BE SECONDED AND STATED

14. No motion shall be debated or put unless the same be

seconded. It must then be stated by the Speaker before the debate.

MOTIONS IN WRITING

15. All motions except to adjourn, postpone, or commit shall be reduced to writing and read at length if required by any member of the House.

MOTION MAY BE WITHDRAWN

16. After the motion shall be stated by the Speaker, it shall be deemed to be in possession of the House, but may be withdrawn at any time before amendment or decision, but all motions, resolutions or amendments must be entered on the Journal, whether rejected or adopted, together with the name of the member moving the same.

INTERRUPTION

17. No member shall interrupt another member who is speaking in debate, except on question of privilege.

ORDER OF MOTION

18. When a question is under debate no motion shall be received except to fix the time to which to adjourn; to adjourn; to lay on the table; to move the previous question; (which four motions shall be decided without debate) to move to postpone to a day certain; to commit or amend; to postpone indefinitely—which several motions shall have precedence in the order in which they are named. No motion to postpone to a day certain or to commit, having been decided, shall be entertained again on the same day and at the same stage of the bill or proposition.

ORDER IN WHICH QUESTION PUT

19. All questions, whether in committee or in the House, shall be put in the order in which they are moved, except in the case of privileged questions. In filling blanks the largest sum and the longest time shall be put first.

STATING OF QUESTION AND DIVISION

20. Questions shall be put in substantially the following form: "As many as are in favor of (as the case may be), say Aye"; and after the affirmative voice is expressed, "As many as are opposed, say no." If the Speaker is in doubt or a division be called for, the House shall divide; those in the affirmative of the question shall rise from their seats, and afterwards those in the negative.

NON-DEBATABLE MOTIONS

21. The following motions are not debatable:

- Adjournment.
- Order of the day.
- Objections to considering questions.
- Reading of papers.
- Withdrawal of motion.
- Suspension of the rules.
- To lay on the table.
- Previous question.

PREVIOUS QUESTION

22. The previous question shall be put in this form: "Shall the main question be now put?" It shall be admitted only when demanded by two-thirds of the members present, and its effect shall be to put an end to all debate, and bring the

House to a direct vote upon the amendments reported by a committee, if any, upon the pending amendments and then upon the main question. On a motion for the previous question, and prior to the seconding of the same, a call of the House shall be in order, but after a two-thirds shall have seconded such motion, no call shall be in order prior to decision of the main question. When the previous question is decided in the negative it shall leave the main question under debate for the remainder of the sitting unless disposed of in some other manner. All incidental questions of order arising after motion is made for the previous question, during the pendency of such motion, or after the House shall have determined that the main question shall be now put, shall be decided, whether on appeal or otherwise, without debate.

DIVISION OF QUESTION

23. If a question before the House contains more than one proposition, any member may have the same divided.

AYE AND NAY VOTE

24. The ayes and nays shall not be ordered unless demand by one-sixth of the members present except on the final passage of bills, joint resolutions and concurrent resolutions to amend the constitution, in which case ayes and nays shall be had without demand. No member or any other person shall remain by the clerk's desk when ayes and nays are being called.

VOTE BY MEMBERS

25. Every member who is present, before the vote is declared from the chair, must vote for or against the question before the House, unless the House excuse him; provided, however, that any member who has a personal or private interest in any measure or bill shall disclose the fact to the House and shall not vote thereon without the consent of the House.

PROCEDURE IN EXCUSING MEMBER FROM VOTING

26. When a member declines to vote on a call of his name, he shall be required to assign his reasons therefor; and having assigned them, the Speaker shall submit the question to the House, "Shall the member, for the reasons assigned by him, be excused from voting?" which shall be decided without debate. And these proceedings shall be had after the vote has been taken and before the chair has announced the vote, and any further proceedings in reference thereto shall be after such announcement.

VOTE BY SPEAKER

27. The Speaker shall vote on all questions taken by ayes and nays (except on appeals from the Speaker's decision) and in all elections or decisions called for by any member.

SUSPENSION OF RULES

28. No standing rule or order of the House shall be reconsidered or suspended except by a vote of two-thirds of the members-elect, and no motion to suspend the rules and pass a bill shall be entertained except by unanimous consent, unless the bill has first been printed and considered by a committee, nor shall any standing rule or order requiring

unanimous consent be reconsidered or suspended without unanimous consent.

BILLS, MEMORIALS AND RESOLUTIONS WHO MAY INTRODUCE

29. Any bill, memorial or resolution which conforms to statutory requirements and the rules herein set forth, within the time prescribed, may be introduced by any member, standing committee or the Legislative Research Committee by filing the same with the Clerk of the House, who shall number or letter consecutively each bill or resolution.

WHEN INTRODUCED

30. No bill, memorial or resolution requiring the signature of the Governor shall be introduced after the twenty-fifth day, except upon the approval of a majority of the Committee on Delayed Bills or upon two-thirds vote of the House.

DELAYED BILLS

31. The committee on the introduction of delayed bills shall receive from the chief clerk all bills offered for introduction after the time for introduction as heretofore limited, and shall, on the same or the next day after receiving such bills, report to the House its conclusion whether the introduction thereof should be allowed and if a majority of such committee is in favor of the introduction thereof the bills shall be thereupon deemed duly introduced.

FORM OF BILLS, NUMBER OF COPIES

32. Every bill, memorial or resolution, requiring the approval of the Governor, or a change in the Constitution of the State of North Dakota, shall be in typewritten form and eight copies thereof shall be filed with the Chief Clerk of the House. Each such bill, memorial or resolution shall have endorsed thereon its title and the name of the member or committee introducing the same. The enacting clause shall be as follows: "Be it enacted by the Legislative Assembly of the State of North Dakota." No bill shall embrace more than one subject, which shall be expressed in its title. If the bill amends a present statute, the portion thereof constituting the amendment or amendments shall be underscored. Any matter contained in the present statute but deleted in the proposed amended statute shall be contained in the typewritten bill but shall be set off from the remainder of the text by two or more parenthesis at the beginning and end of such deleted matter. The lines of the typewritten copies shall be numbered and such lines not exceed sixty-five spaces in length. One of such copies shall be delivered to the Chairman and engrossment, one shall remain in the custody of the man of the Committee to which the measure is referred, one shall be delivered to the chairman of the committee on enroll-Chief Clerk until otherwise directed by the House, one shall be delivered to the printer having the contract for the printing of bills, one shall be delivered to the printer having the contract for printing the House Journals for use in setting of bill title and three copies shall be available for newspaper representatives.

APPROVAL OF BILLS AS TO FORM

33. The Chief Clerk shall ascertain whether a bill or joint resolution conforms to the requirements of law and these rules, as to form, and place his approval as to form thereon

before it can be first read. For this purpose the Chief Clerk may avail himself of such services as may be provided by the Legislative Research Committee or by the House.

READING OF BILLS

34. Every bill, resolution or memorial requiring the approval of the Governor, or a change in the constitution of the State of North Dakota, shall be read two separate times, but the first reading and second reading may not be upon the same day; and the first reading may be by title of the bill only; unless upon such first reading a reading at length is demanded. The second reading shall be at length.

CONSIDERATION OF OTHER RESOLUTIONS

35. Every resolution other than those referred to in the preceding rule shall be read once and referred by the Speaker to an appropriate standing committee or upon motion to a select committee, unless otherwise ordered by vote of the House.

PRINTING OF BILLS

36. All bills, resolutions or memorials requiring the approval of the Governor or a change in the Constitution of the State of North Dakota, after the first reading, shall be printed unless otherwise ordered by the House.

BILLS REFERRED

37. Upon the first reading of a bill or joint resolution, the Speaker shall refer it to its appropriate committee, unless the House upon motion decides to refer the same to a select or other standing committee, or to the committee of the whole House, if to the committee of the whole House, then it shall come up for consideration under the general order of the next day, unless otherwise ordered by the House.

BILLS TO COMMITTEE ON APPROPRIATIONS

38. All bills or resolutions carrying an appropriation of \$500 or more shall be referred or re-referred to and acted upon by the Committee on Appropriations before final action by the House thereon, unless otherwise ordered by a majority vote of the members present.

STANDING COMMITTEES

39. Standing committees, classified in accordance with the usual amount of work and concerned with matters in the fields as indicated, shall be appointed as follows:

GROUP A

1. **AGRICULTURE**
Agriculture; Livestock; Drainage and Irrigation; Warehouse and Grain Grading.
2. **APPROPRIATIONS**
All bills calling for appropriations in excess of five hundred dollars.
3. **EDUCATION**
Public Schools, Libraries and Institutions of Higher Learning.
4. **FINANCE AND TAXATION**
Public Debt; Taxes and Tax Laws.

- 5. **JUDICIARY**
Elections and Election Privileges; Judiciary.
- 6. **STATE AND FEDERAL GOVERNMENT**
State and Federal Affairs; Board of Administration and Industrial Commission and institutions under their supervision; State Historical Society and State Parks; Immigration and Statistics.

GROUP B

- 7. **GENERAL AFFAIRS**
Ways and Means; Public Printing; Trades and Professions; Sports and Amusements; Matters not otherwise specified.
- 8. **INDUSTRY AND BUSINESS**
Banks and Banking; Corporations; Insurance; Matters pertaining to private business and industry.
- 9. **LABOR RELATIONS**
Workmen's Compensation; Unemployment Compensation; Labor laws and kindred subjects.
- 10. **NATURAL RESOURCES**
Game and Fish; Public Lands; Mines and Mining; Gas and Oil; Forestry.
- 11. **POLITICAL SUBDIVISIONS**
Cities and Villages; Counties; Townships; Park Districts; Apportionment.
- 12. **SOCIAL WELFARE**
Public Welfare; Public Health; Public Safety; Temperance.
- 13. **TRANSPORTATION**
Highways and Bridges; Railroads; Motor Vehicles; Airlines and Airports.
- 14. **VETERANS AND MILITARY AFFAIRS**
Committees in Groups A and B are to consist of twenty-one members each.

GROUP C (PROCEDURAL COMMITTEES)

- 15. **DELAYED BILLS**, to consist of five members.
- 16. **EMPLOYMENT**, to consist of five members.
- 17. **ENROLLED AND ENGROSSED BILLS**, to consist of five members.
- 18. **MILEAGE AND PER DIEM**, to consist of three members.
- 19. **REVISION AND CORRECTION OF JOURNAL**, to consist of five members.
- 20. **RULES**, to consist of twenty-one members. In all cases a majority of the committee shall constitute a quorum.

LIMITATIONS ON COMMITTEE MEMBERSHIP

40. A member of the Committee on Appropriations shall not be appointed to any other committee in Group A. No other member shall have more than two appointments to the remaining committees in Group A. No member shall be appointed to serve on more than four standing committees.

MEETINGS OF COMMITTEES

41. Four week days shall be reserved for meetings of

Group A Committees, and two week days for Group B Committees. Group C Committees shall meet as necessity may require.

MEETINGS OF CHAIRMEN

42. There shall be a meeting of committee chairmen of Groups A and B and the Speaker each week on Friday morning at nine o'clock, or at such other time as the majority of chairmen may agree. They shall select their own chairman. At such meeting they shall arrange the schedule of committee hearings to the end of the following week, and so far as possible the bills to be considered at such hearing.

NOTICE OF HEARINGS

43. On or before two P. M. on Friday of each week each chairman shall deliver to the Chief Clerk four copies of a notice of the time and place of the meetings of his committee for the following week, including a list of the bills, memorials and resolutions to be considered. This rule, however, shall not prevent a change in such schedule as to time, place or bill, if circumstances may so require. The decision of the chairman in this regard shall be final. The clerk shall read said notices to the House and post the same on the bulletin board. Three copies shall be given to the press.

DISPOSITION OF MEASURES

44. Every bill, or resolution referred to a committee, except appropriation bills must be returned to the House with the committee report thereon, not later than the tenth day after it is referred, unless, upon application of the committee, an extension of time is granted within which to consider it. Provided that this rule does not apply until after the first ten days of the Session. In case the same is not reported on the tenth day after it is referred, and such time is not extended, it shall automatically go on the calendar of bills without recommendation. The same rule shall apply to House bills not reported back by the forty-third day and Senate bills not reported back by the fifty-eighth day.

RECALLING BILL FROM COMMITTEE

45. The chairman of any committee to whom a bill or resolution has been referred shall, if so ordered, by a vote of the majority of the House present, report such bill or resolution back to the House forthwith.

REPORT OF COMMITTEES

46. The report of a committee shall be for passage, for indefinite postponement, for amendment or without recommendation. If for amendment the proposed amendments shall be fully set forth in the report. If such report is adopted, the bill shall thereupon go on the calendar for the next legislative day for action of the House as to amendment under the Sixth Order of Business, when the House, by a majority vote of the members present may adopt or reject such amendments or may commit the bill to the committee of the whole. No action shall be taken upon amendments until a full mimeographed or printed copy of the report is in the hands of the members. Upon receiving the report, the Chief Clerk shall cause copies thereof to be made and placed on the desk of each member. Provided, however, that upon a two-thirds vote, this rule may be suspended, and the amendment acted on immediately after the report of the committee.

If a report or motion recommending a bill for passage without amendment is adopted, the bill shall go on the calendar for the next legislative day for second reading and final passage.

If a report or motion for indefinite postponement is adopted, it shall have the effect of entirely removing the bill or resolution from before the House for that session, unless revived by a motion to reconsider. The passage of a motion for the adoption of a report recommending amendments has the effect of adopting the report but not the amendments.

DIVIDED COMMITTEE REPORT

47. In case all the members of any committee, required or entitled to report on any subject referred to them, cannot agree upon any report, the majority and minority may each make a special report, and any member dissenting, in whole or in part, from the reasoning and conclusions of both the majority and minority may also present to the House a statement of his reasonings and conclusions; and all reports, if decorous in language, and respectful to the House, shall be entered at length in the Journal.

REPORT DIVIDED

48. Whenever the report of any committee contains several modifications or amendments, any member may have the same divided, and the question of their adoption taken separately upon each modification or amendment.

AMENDING BILLS

49. No bill shall be revised or amended, nor the provisions thereof extended or incorporated in any other bill by reference to its title only, but so much thereof as is revised, amended or extended or so incorporated, shall be re-enacted and published at length. No bill shall be so altered and amended as to change its original purpose.

AMENDMENT ON SECOND READING

50. No amendment shall be received on the second reading, except to fill blanks or to amend the title, without unanimous consent of the House, but all bills and resolutions may be committed at any time previous to their passage.

AMENDMENTS TO TITLE

51. The title to any bill may be amended at any time during its pendency in the House.

ENGROSSMENT

52. All House bills amended in committee or in general orders shall be properly engrossed before their second reading and final passage. The committee on engrossment shall examine all bills after they are engrossed and report the same to the House correctly engrossed, which report must be approved before their second reading; said committee may report at any time.

SECOND READING

53. No bill, resolution or memorial requiring the approval of the Governor or a change in the Constitution of the State of North Dakota shall be committed or amended until it shall have been read; nor shall any such bill, resolution or memorial have its second reading and be put upon its final passage until at least one day after the same has been re-

ported to the House by the Committee to which the same has been referred, provided that any such bill, resolution or memorial may have its second reading and be put upon its final passage on the day the same is reported back, when so ordered by two-thirds of the members of the House present.

FINAL PASSAGE

54. No bill shall become a law except by a vote of the majority of the members-elect of each House, nor unless on its final passage the vote be taken by ayes and nays and the names of those voting be entered in the Journal; provided, however, that no measure enacted or approved by a vote of the electors shall be repealed or amended by the legislature, except by a two-thirds vote upon roll call of all members elected to each House.

RIGHT TO CHANGE VOTE

55. A member shall have the right to change his vote before the Speaker has announced that the vote is closed but not thereafter.

ANNOUNCEMENT OF VOTE

56. The Chief Clerk shall tabulate the vote which shall be announced by the Speaker, who shall also declare whether the bill has passed, whether the title is agreed to and whether the emergency, if any, has carried.

VERIFICATION OF VOTE

57. When the vote has been so announced any member may immediately require that the vote be verified.

EXPLANATION OF VOTE

58. Immediately following the announcement of the vote by the Speaker, but not before, any member may explain his vote and have his remarks recorded in the Journal.

RECORDING REMARKS IN JOURNAL

59. When a member desires to have his remarks, other than those in explanation of his vote, recorded in the Journal, he shall inform the Desk Reporter before speaking.

NOTICE OF INTENTION TO RECONSIDER

60. Except on the forty-fifth and sixtieth days of the session, when notice of intention to move the reconsideration of any bill or joint resolution shall be given by a member, the clerk of the House shall retain the said bill or joint resolution until the end of the next legislative day, excluding Sundays, unless the same has previously been disposed of. When a member, in explaining his vote, states to the House that his vote is for the purpose of reconsideration, such statement shall be deemed to be notice of such intention.

WHO MAY MOVE RECONSIDERATION

61. Any member who votes on the majority side of a question, or who did not vote on the question, may move a reconsideration of the same, which motion shall be decided by a majority vote. In case of a bill, joint resolution or amendment to the Constitution, if such motion is made after the end of the next legislative day, shall require a two-thirds vote. No such action may be taken unless the measure is in possession of the House.

CLINCHER MOTION

62. A motion that any action taken by the House be reconsidered and that the motion to reconsider be laid upon the table, if carried, shall have the effect of preventing reconsideration except upon a two-thirds vote.

REFUSAL OF SENATE TO RETURN BILL

63. Upon a majority vote of the House the Speaker shall refuse to sign any bill which may have passed the House and which the Senate shall have refused to return for further consideration on being properly requested so to do.

ENROLLMENT

64. The committee on enrollment shall examine all House bills and memorials which have passed the two Houses, and when reported correctly enrolled and such report is adopted they shall be presented to the presiding officers of the House and Senate for their signatures, and when so signed, presented to the Governor for his approval; said committee may report at any time.

SIGNING OF BILLS

65. The Speaker shall in the presence of the House, sign all bills and joint resolutions passed by both Houses. Immediately before such signing their title shall be publicly read, and the fact of signing shall be at once announced and entered in the Journal.

**COMMITTEE OF THE WHOLE
MEMBER TO PRESIDE**

66. In forming a committee of the whole House, the Speaker shall appoint a chairman to preside.

ORDER OF BUSINESS

67. When the House has arrived at the consideration of general orders and there are any bills which have been referred to the Committee of the Whole, it shall go into Committee of the Whole and no other business shall be in order until the Committee arises.

HOUSE RULES OBTAIN, EXCEPTIONS

68. The rules of the House shall be observed in Committee of the Whole House so far as may be applicable except that the ayes and nays shall not be recorded, the previous question enforced, nor the time of speaking limited.

PROCEDURE

69. Bills committed to the Committee of the Whole House shall be read, be opened to amendment, and debated by sections, unless otherwise ordered, leaving the title to be last considered; all amendments and recommendations shall be noted in writing and reported to the House and signed by the chairman, which shall be received and acted upon by the House as are other committee reports.

MOTION TO RISE

70. A motion that the committee rise shall always be in order and shall be decided without debate.

**MISCELLANEOUS RULES
MOTION TO ADJOURN**

71. A motion to adjourn shall always be in order, except when a member is addressing the chair or a vote is being taken.

MEMBERS RETAIN SEATS

72. When the House adjourns the members shall keep their seats until the speaker announces the adjournment.

PROCEDURE ON SENATE BILLS

73. A similar mode of procedure shall be observed with bills which have originated in and passed the Senate as with bills which have originated in the House except that they shall not be printed nor engrossed nor enrolled.

COMMITTEE CHAIRMEN

74. On all committees the first named member shall be the chairman, and, in his absence or being excused by the House, the next member named, and so on as often as the case shall happen, shall act as chairman.

REPORT OF SELECT COMMITTEES

75. Select Committees to whom reference has been made, in all cases, shall report a state of facts and their opinion to the House.

COURTESY OF THE FLOOR

76. No person shall be admitted to the floor of the House except State Officers; Judges of the Supreme and District Courts; present and former members of Congress; present and former member of the Legislative Assembly; present officers and officials; all employees of both Houses of the Legislative Assembly; members of the Constitutional Convention; reporters for newspapers, and any other person granted admission by the Speaker. The floor of the House is hereby defined as all of the first floor of the House Chamber including the corridor along the outer wall thereof.

MEMBER TO PRESIDE IN PLACE OF SPEAKER

77. The Speaker may leave the chair and appoint a member to preside, but not for a longer time than one day, except by leave of the House.

SELECTION OF SEATS

78. Former Speakers of the House and the Majority and Minority floor leaders are to have first choice of seats. Members of the House who have served for three or more terms shall pick their seats in order of seniority. Other members shall choose their seats by lot. The selection by former Speakers, Floor Leaders and Senior Members shall include their entire delegations.

U. S. HOUSE OF REPRESENTATIVE RULES

79. The rules of parliamentary practice adopted by the House of Representatives of the United States shall govern the House in all cases to which they are applicable, and in which they are not inconsistent with the standing rules of the House, and the joint rules and orders of the Senate and House of Representatives.

ELECTRICAL VOTING SYSTEM

80. Unless otherwise ordered, any vote except upon elections may be taken by means of the Electrical Voting System, which shall be under the control of the Speaker of the House.

OBJECTION TO READING OF PAPERS

81. When the reading of a paper is called for and the same is objected to by any member, it shall be determined by the House without debate.

REPORT OF SELECT COMMITTEE

Mr. Speaker: Your Temporary Committee on Rules begs leave to report and recommend that the following Joint Rules be adopted.

TRANSMITTING OF PAPERS

1. Each house shall transmit to the other all papers on which any bill or resolution shall be founded, for which receipt shall be given and preserved.

NOTICE OF REJECTION OF BILLS

2. When a bill or resolution which shall have passed in one House is rejected in the other, notice thereof shall be given to the House in which the same may have passed.

MESSAGES

3. Messages from one House to the other shall be communicated by the Secretary of the Senate and Clerk of the House of Representatives, unless the House transmitting the messages shall especially direct otherwise.

AMENDMENTS

4. It shall be in the power of either House to amend any amendment made by the other to any bill or resolution.

CONFERENCE COMMITTEES

5. In every case of a difference between the two Houses upon any subject of legislation, if either House shall request a conference and appoint a committee for that purpose, the other House shall also appoint a committee. Such committee shall meet at such hour and place as shall be agreed on by the chairmen; and state to each other, verbally, or in writing, as either may choose, the reasons of their respective Houses, and confer freely thereon; and they shall be authorized to report to their respective Houses such modifications as they think advisable.

RECEDING BEFORE CONFERENCE

6. It shall be in order for either House to recede from any subject matter of difference existing between the two Houses at any time previous to a conference whether the papers on which difference has arisen are before the House receding formally or informally, and a majority shall govern except in case where two-thirds are required by the Constitution, and the question having been put and lost, shall not be again put the same day, and the consideration thereof in other respects shall be regulated by the rules of the respective Houses.

PRINTING OF DUPLICATE BILLS

7. No duplicate of any bill, which may have been introduced and printed by one House shall, upon introduction into the other House, be printed by said other House, except by two-thirds vote of all the members present.

LIMITATION OF MESSAGING BILLS

8. Whenever a time shall have been previously fixed for an adjournment of the Legislature before the constitutional limitation thereof no bill that shall have passed one House shall be sent for concurrence to the other on either of the last four days of the session, and in case no such time for adjournment is fixed, other than the constitutional limitation, no bill that shall have passed one House shall be sent to the other for concurrence after the 45th day of the session.

RETURNING OF BILLS

9. Either House, upon majority vote, shall return any bill or resolution called for by resolution of the other House, if

the bill or resolution is yet in possession of the House called upon, and no action thereon has been had. In case action has been had, then it shall require a two-thirds vote of the House asked to return a bill or resolution called for.

PRINTING AND MAILING OF JOURNAL

10. On the opening day of the Legislative Assembly or as soon thereafter as may be, the President of the Senate and the Speaker of the House shall each appoint a committee of five from their respective bodies to act as a joint committee to agree upon and formulate a plan whereby the Journals of the Senate and the House, together with other public documents which may be of special interest, may be mailed to the various sections of the state.

PRINTING OF RULES

11. The names of Senators and House members, the Order of Business of the Senate and the House; the Senate and House standing committees; the Senate and House joint committees; the Senate and House rules for this legislative session; the joint rules of the Senate and the House and the names of the officers and employees of the Senate and House and a directory of state officers and their present location, and index shall be printed in one pamphlet, with a colored sheet of paper, separating those of the Senate from those of the House. One thousand of such pamphlets shall be printed. The title of the joint and separate rules shall be in bold faced type. The Secretary of State shall retain enough copies of these pamphlets to provide for the mailing of one copy to each newly certified elected member of the House and Senate, prior to the convening of the Legislative Assembly in 1949.

ASSISTANCE IN DRAFTING OF BILLS

12. The Legislative Research Committee is authorized to provide for the members of the Legislature such legal assistance as may be necessary for the proper drafting of proposed legislation.

JOINT COMMITTEES

13. For the convenience of the public and the information of members, so far as practicable, like committees of both Houses shall meet in joint session. The Chairman shall be the Chairman of the Committee of the house before which the bill or resolution under consideration is then pending. The report to the house before which the bill is pending shall be made by the members of the committee of such house.

COMMITTEE OF COMMITTEE CHAIRMEN

14. The Chairmen of the committees of both houses, at their weekly meetings, shall meet in joint session and arrange first for joint meetings of committees. Thereafter, the chairmen of each house shall arrange the schedule of any committee meetings that are not to be held in joint session. At such joint session of chairmen, the chairman of the Senate Committee of Chairmen, shall be chairman, and of the House Committee shall be Vice-Chairman.

LENGTH OF ADJOURNMENTS

15. Neither house shall, during a session of the legislature, adjourn for more than three days, nor to any other place than that in which the two houses shall be assembled, without the

consent of the other house, except in case of epidemic, pestilence, or other great danger. (Constitution Section 51)

BRIBERY

16. If any person elected to either house of the legislative assembly shall offer or promise to give his vote or influence in favor of, or against any measure or proposition pending or proposed to be introduced into the legislative assembly, in consideration, or upon conditions, that any other person elected to the same legislative assembly will give, or will promise or assent to give, his vote or influence in favor of or against any other measure or proposition, pending or proposed to be introduced into such legislative assembly, the person making such offer or promise shall be deemed guilty of solicitation or bribery. If any member of the Legislative assembly, shall give his vote or influence for or against any measure or proposition, pending or proposed to be introduced into such legislative assembly, or offer, promise or assent to do upon condition that any other member will give, promise or assent to give his vote or influence in favor of or against any other such measure or proposition pending or proposed to be introduced into such legislative assembly, or in consideration that any other member hath given his vote or influence for or against any other measure or proposition in such legislative assembly, he shall be deemed guilty of bribery. And any person, member of the legislative assembly or person elected thereto, who shall be guilty of either such offenses, shall be expelled and shall not thereafter be eligible to the legislative assembly, and on the conviction thereof in the civil courts, shall be liable to such further penalty as may be prescribed by law. (Constitution, Section 40)

PRIVILEGE FROM ARREST

17. The members of the legislative assembly shall in all cases except treason, felony and breach of the peace be privileged from arrest during their attendance at the sessions of their respective houses, and in going to or returning from the same. For words used in any speech or debate in either house, they shall not be questioned in any other place. (Constitution, Section 42)

POWERS OF LEGISLATURE

18. Each house shall have the power to determine the rules of proceedings and punish its members or other persons for contempt or disorderly behavior in its presence; to protect its members against violence or offers of bribes or private solicitation, and with the concurrence of two-thirds, to expel a member; and shall have all of the powers necessary and usual in the legislative assembly of a free state. But no imprisonment by either house shall continue beyond thirty days. Punishment for contempt or disorderly behavior shall not bar a criminal prosecution for the same offence. (Constitution, Section 48)

APPROPRIATIONS

19. The general appropriation bill shall embrace nothing but the appropriation for the expenses of the executive, legislative and judicial departments of the state, interest on the public debt, and for public schools. All other appropriations shall be made by separate bills, each embracing but one subject. (Constitution, Section 62)

WHEN ACTS TAKE EFFECT

20. No act of the legislative assembly shall take effect

until July first after the close of the session, unless the legislature by a vote of two-thirds of the members present and voting, in each house, shall declare it an emergency measure, which declaration shall be set forth in the act, provided, however, that no act granting a franchise or special privilege, or act creating any vested right or interest other than in the state, shall be declared an emergency measure. An emergency measure shall take effect and be in force from and after its passage and approval by the Governor. (Constitution, Section 67)

LOCAL OR SPECIAL LAWS

21. The legislative assembly shall not pass local or special laws in any of the following enumerated cases, that is to say:
 1. For granting divorces.
 2. Laying out, opening, altering or working roads or highways, vacating roads, town plats, streets, alleys or public grounds.
 3. Locating or changing county seats.
 4. Regulating county or township affairs.
 5. Regulating the practice of courts of justice.
 6. Regulating the jurisdiction and duties of justices of the peace, police magistrates or constables.
 7. Changing the rules of evidence in any trial or inquiry.
 8. Providing for change of venue in civil or criminal cases.
 9. Declaring any person of age.
 10. For limitation of civil actions, or giving effect to informal or invalid deeds.
 11. Summoning or impaneling grand or petit juries.
 12. Providing for the management of common schools.
 13. Regulating the rate of interest on money.
 14. The opening or conducting of any election or designating the place of voting.
 15. The sale or mortgage of real estate belonging to minors or others under disability.
 16. Chartering or licensing ferries, toll bridges or toll roads.
 17. Remitting fines, penalties or forfeitures.
 18. Creating, increasing or decreasing fees, percentages or allowances of public officers.
 19. Changing the law of descent.
 20. Granting to any corporation, association or individual the right to lay down railroad tracks or any special or exclusive privilege, immunity or franchise whatever.
 21. For the punishment of crimes.
 22. Changing the names of persons or places.
 23. For the assessment or collection of taxes.
 24. Affecting estates of deceased persons, minors or others under legal disabilities.
 25. Extending the time for the collection of taxes.
 26. Refunding money into the state treasury.
 27. Relinquishing or extinguishing in whole or in part the indebtedness, liability or obligation of any corporation or person to this state or to any municipal corporation therein.
 28. Legalizing, except as against the state, the unauthorized or invalid act of an officer.
 29. Exempting property from taxation.

30. Restoring to citizenship persons convicted of infamous crimes.
31. Authorizing the creation, extension or impairing of liens.
32. Creating offices, or prescribing the powers or duties of officers in counties, cities, township, election or school districts, or authorizing the adoption or legitimation of children.
33. Incorporation of cities, towns or villages, or changing or amending the charter of any town, city or village.
34. Providing for the election of members of the board of supervisors in townships, incorporated towns or cities.
35. The protection of game or fish.

(Constitution, Section 69)

In all other cases where a general law can be made applicable, no special law shall be enacted; nor shall the legislative assembly indirectly enact such special or local laws by the partial repeal of a general law, but laws repealing local or special acts may be passed. (Constitution, Section 70)

VETO BY GOVERNOR

22. Every bill which shall have passed the legislative assembly shall before it becomes a law, be presented to the governor. If he approves, he shall sign, but if not, he shall return it with his objections, to the house in which it originated, which shall enter the objections at large upon the journal and proceed to reconsider it. If, after such reconsideration, two-thirds of the members-elect shall agree to pass the bill, it shall be sent, together with the objections to the other house, by which it shall likewise be reconsidered, and if it be approved by two-thirds of the members-elect, it shall become a law: but in all such cases the vote of both houses shall be determined by the yeas and nays, and the names of the members voting for and against the bill shall be entered upon the journal of each house respectively. If any bill shall not be returned by the governor within three days (Sunday excepted) after it shall have been presented to him, the same shall be a law unless the legislative assembly by its adjournment, prevent its return, in which case it shall be a law unless he shall file the same with his objections in the office of the secretary of state within fifteen days after such adjournment. (Constitution, Section 79)

SPECIAL PRIVILEGES OR IMMUNITIES

23. No special privileges or immunities shall ever be granted which may not be altered, revoked or repealed by the legislative assembly; nor shall any citizen or class of citizens be granted privileges or immunities which upon the same terms shall not be granted to all citizens. (Constitution, Section 20)

E. H. BRANT, Chairman
Senate Temporary Committee on Rules

Rep. Bubel moved that the Report of the Temporary Committee on Rules be printed in the Journal and further action deferred until a later date, which motion prevailed.

Mr. Speaker: Your Committee on Code Procurement, reports as follows:

We have conferred with the Secretary of State and are informed that two copies of the Revised Code can and will

be furnished on receipt of an order signed by the Speaker. Therefore:

BE IT RESOLVED that the Speaker sign an order directing the Secretary of State to furnish two copies of the Revised Code of the State of North Dakota; each volume to be stamped "Property of the State of North Dakota", such volumes to be in custody of the Chief Clerk, and made available for the use of the members of this session and succeeding sessions of the Legislature.

The Speaker announced the House would be on the ninth order of business for the purpose of the reading of a Joint Memorial Resolution.

JOINT MEMORIAL RESOLUTION

Introduced by Reps. Dalzell and Bubel

LYNN J. FRAZIER

- 1 Sunday morning the sad news reached Bismarck that
- 2 one of North Dakota's most honored citizens, Lynn J.
- 3 Frazier, had laid down his labors on this earth and
- 4 passed to his eternal reward.
- 5 Lynn J. Frazier was elected Governor of North Dakota
- 6 three times in succession. He also served our state for
- 7 three terms (eighteen consecutive years) as United States
- 8 Senator. Such honor upon honor comes to but few people
- 9 in a life time.
- 10 THEREFORE, BE IT RESOLVED, by the House of
- 10a Representa-

11 tives of the State of North Dakota, the Senate concurring
 12 therein, that we express our heartfelt appreciation
 13 of these long years of public service to the State of
 14 North Dakota by our distinguished citizen; and that
 15 we express our keen sorrow at his passing; and
 16 BE IT FURTHER RESOLVED, that the Speaker of the
 17 House confer with the Governor and the Lieutenant
 18 Governor and that they appoint a committee of Senator
 19 Frazier's friends from the members of the Thirtieth
 20 Legislative Assembly to represent the State of North
 21 Dakota at his funeral; and

HOUSE CONCURRENT RESOLUTION "B"

Introduced by Representatives Haugen, Johnson, Stair, Smart, Langley, and Levin

CONCURRENT RESOLUTION

A Concurrent Resolution Providing That Certain Senators and All Representatives, Chosen as Members of the Legislative Research Committee, Continue as Members of the Committee During the Thirtieth Session of the Legislative Assembly Until Members of the Committee Are Again Chosen Before the Close of the Session.

- 1 WHEREAS, Chapter 289 of the laws passed at
- 2 the twenty-ninth session of the legislative
- 3 assembly of the state of North Dakota, creating
- 4 a legislative committee known as the legislative
- 5 research committee, provided that each senator
- 6 and each representative chosen to serve on the
- 7 committee shall serve until the closing day of
- 8 the term to which he was elected; and
- 9 WHEREAS, the term to which were elected all
- 10 representatives, chosen to serve on the
- 11 committee, and the term to which were elected
- 12 Senators E. H. Brant and Rilie R. Morgan have
- 13 now ended; and
- 14 WHEREAS, said legislative research committee
- 15 now consists of but three hold-over senators,
- 16 Senators John Conrad, R. M. Streibel, and
- 17 Hjalmer Nelson, instead of six representatives
- 18 and five senators as originally provided; and
- 19 WHEREAS, it is very necessary that said
- 20 legislative research committee have a full
- 21 membership, representing both the house of
- 22 representatives and the senate, during the
- 23 present session of the thirtieth legislative

24 assembly until such time, before the close
 25 of the session, when members of said
 26 committee will again be chosen, so that said
 27 committee may adequately discharge its duties
 28 to the legislative assembly and fully perform
 29 the functions imposed upon it by law and the
 30 rules of the assembly; and

31 WHEREAS, all members of the legislative
 32 research committee, whose terms of office,
 33 as senators and representatives have expired,
 34 have been reelected, and are again members
 35 of the house of representatives and of the
 36 senate, respectively,
 37 BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES
 37a
 38 OF THE STATE OF NORTH DAKOTA, THE SENATE
 39 CONCURRING THEREIN,

40 That said senators E. H. Brant and Rilie
 41 R. Morgan, and Representatives Palmer Levin,
 42 Donnell Haugen, Arlan Stair, Vernon M. Johnson,
 43 E. J. Langley, and W. M. Smart, chosen as
 44 members of the legislative research committee
 45 before the close of the twenty-ninth

46 legislative assembly, shall continue to serve
 47 as members of said committee during the session
 48 of the thirtieth legislative assembly until
 49 such time, before the close of the present
 50 session, when members of said committee
 51 will again be chosen as provided by law;

52 That said senators and said representatives
 53 be and they are hereby chosen and selected
 54 by their respective houses, as members of said
 55 committee for the interim above indicated in all
 56 respects and to all extents and purposes as if
 57 said representatives and senators had been
 58 chosen and selected in accordance with the
 59 provisions of said Chapter 289 of the 1945
 60 Session Laws of the state of North Dakota,
 61 with all the powers, duties and authority
 62 provided by law but without further per diem
 63 compensation

Rep. Smart moved that the House of Representatives stand for one minute in silent meditation in memory of the Honorable Lynn J. Frazier, whose funeral is being held today at Hoople, North Dakota, which motion prevailed and the House stood for one minute in silent meditation.

Rep. Wollitz moved that a former member of the House of Representatives for five terms from the 37th district, Mr. H. C. Williams, be given the courtesy of the floor and that a committee be appointed to escort Mr. Williams to the rostrum, which motion prevailed. The Speaker appointed as such committee, Rep. Wollitz and Rep. Thompson.

Rep. Thompson moved that the remarks of Mr. Williams be printed in the Journal, which motion prevailed.

Mr. Williams: Mr. Speaker; Members of the Desk Force; Members of the 30th Legislative Session:—It is certainly a privilege and a pleasure to meet you people here, this afternoon. In looking over this audience, I am looking into the faces of men and women that have done something in their own community, or they wouldn't be here. This is a mixed group but I am certain you will not disappoint the people that sent you here. I feel that you are going to have one of the most successful sessions that North Dakota ever had. Why? Because you are in the position of having your program mapped out. Your Governor, the other day when I heard him over the radio, made a wonderful talk and your program is mapped out. It was different back in '35, boys, when we came here—then we had half of our state on relief, some of our old sod-busters, who had farmed for forty-five or fifty years, were out in the gravel pit. Today, your banks are all filled. Your departments here have all got money—you have nothing to worry about at all now with your program all mapped out. I think you will have easy sailing and I think you will take advantage of it.

It is fine to get back here—I like to see you boys and I

am sure you are all interested in North Dakota. We have one of the greatest states in the Union. You don't realize until you get out and see other folks and other places. I spent last winter in the South. I attended three legislatures. First at Richmond, Virginia. They are all Democrats down there but they are the cleverest bunch of men I have ever had the pleasure of meeting with—they are more courteous than we are up here but they have their troubles just the same—they have their state departments to take care of and that has been the great trouble here. I went to Columbia, South Carolina and met the boys there and at Atlanta, Georgia. They are fine fellows but as I looked over those states down there and compare them with North Dakota—that is a country down there that has been farmed for three hundred years, lots of it—and they have got to fertilize every acre to produce anything. I told the boys down there they could buy land for \$35 or \$40 per acre but when they asked me where I came from and I told them "North Dakota," they commenced to shiver—they couldn't stand the cold up here. But, friends, you don't appreciate your state until you have been away—we are one of the younger states in the Union and we furnished more boys to go to the front and bought more bonds than any other state in the Union per capita—I am proud of our state—I have lived here for seventy years; I spent my boyhood days here; married here; sent my children to school in this state of North Dakota—it is a part of me and I am glad to have the opportunity to meet you boys this afternoon and I am positive you are going to do a good job. I thank you.

Rep. Braun of McLean moved that the House stand recessed until 12:30 p. m. Friday, Jan. 17th, which motion prevailed and the House stood recessed.

KENNETH L. MORGAN, Chief Clerk.

**TENTH DAY AFTER RECESS
AND ELEVENTH DAY**

Bismarck, January 17, 1947

The House reconvened at 12:30 p. m., pursuant to recess taken on Thursday, January 16, 1947, with Speaker Johnson presiding.

The Speaker announced that the House would be on the ninth order of business.

FIRST READING OF HOUSE BILLS

Reps. Callahan and Stair introduced:

House Bill No. 93. A Bill for an Act to Amend and Re-enact Section 4-0230 of the North Dakota Revised Code of 1943; Providing for Submitting to Electors the Question of Continuing and Discontinuing Annual Tax Levy in Aid of Agricultural Fairs, and Declaring an Emergency.

Was read the first time and referred to the Committee on Finance and Taxation.

FIRST READING OF HOUSE RESOLUTION

Reps. Smart, Maher, Brady, Bagge, Ohnstad, Pfliiger, Leet, Skaar, Stormon and Bjella introduced:

House Concurrent Resolution "E". A Concurrent Resolution Memorializing Congress for Federal Appropriations for Immediate Construction of the Heart River Project, Including the Heart Butte and Dickinson Reservoirs, the Shyenenne Dam and Other Portions of the Missouri-Souris Project, All Integral Parts of the Coordinated Plan for Missouri Basin Development, as Authorized by the Congress in Public Law 254.

Was read the first time and referred to the Committee on State and Federal Government.

Rep. Smart moved that House Bill No. 60 be re-referred to the Committee on Appropriations, as an important amendment had been omitted in the Committee report, which motion prevailed and House Bill No. 60 was re-referred to the committee.

SECOND READING OF HOUSE BILLS

Rep. Graham: "Rep. O'Connor and myself were appointed as a committee from the House to attend the funeral of the late Senator Lynn J. Frazier, together with the Lieutenant Governor, representing the Governor, and Senators E. H. Brant and Gust Wog. We attended the funeral yesterday at Hoople at ten o'clock a. m. and there was a large crowd present from Hoople and vicinity and among them was Congressman Lemke from Washington, who took part in the funeral services. I am sure the family were very appreciative about the committee from the House and Senate. The committee now beg to be discharged."

So the committee to attend the funeral of the Honorable Lynn J. Frazier was discharged by the Speaker.

Rep. Braun of McLean moved that the absent members be excused, which motion prevailed.

Rep. Olson moved that the House do now adjourn, which motion prevailed and the House stood adjourned.

KENNETH L. MORGAN, Chief Clerk

ELEVENTH DAY

Bismarck, January 17, 1947

The House convened at 2:00 p. m., pursuant to adjournment with Speaker Johnson presiding.

Prayer was offered by Rev. Daniel J. Rueb, of the First Baptist Church, Bismarck.

Roll Call: All members present except Braun of Stark; Fitch; Fleck; Grenier; Haugen; Johnson of Cass; Larson; Monson; Sailer; Stair.

The Speaker announced that House Bills Nos. 25, 26, 27 and 29 will be re-referred from the Committee on Finance and Taxation to the Committee on Education and that after they have been considered by the latter committee, they will be re-referred to the Committee on Finance and Taxation.

The Committee on Correction and Revision of the Journal made the following report:

Mr. Speaker: Your Committee on Revision and Correction of the Journal have carefully examined the Journal of the Ninth day after recess and Tenth day and recommend that the same be corrected as follows:

After line 37 on page 95, insert "Rep. Thompson moved that the remarks of Mr. Williams be printed in the Journal, which motion prevailed."

In line 23, page 96, after the word "Union" insert the words "per capita."

In line 11, page 91, strike out the word "chairmen."

In line 14 from the bottom, change the spelling of "Howley" to "Hawley."

And when so corrected recommend that the same be approved.

REP. HALCROW, Chairman.

Rep. Fuglestad moved that the report be adopted, which motion prevailed and the report was adopted.

REPORTS OF STANDING COMMITTEE

Mr. Speaker: Your Committee on Natural Resources to whom was referred House Bill No. 6, have had the same under consideration and recommend that the same do pass.

REP. BENNO, Chairman

Rep. Klefstad moved that the report be adopted, which motion prevailed and the report was adopted.

Mr. Speaker: Your Committee on Mileage and Per Diem submit the following report on mileage of the members of the House and recommend that the mileage therein be allowed each member; that this report be printed in the Journal, and that the same be immediately certified to the State Auditor by the Chief Clerk of the House.

MESSAGE FROM THE SENATE

Senate Chamber
Bismarck, January 17, 1947

Mr. Speaker: I have the honor to transmit herewith the following Resolution:

Senate Concurrent Resolution No. 3. A Concurrent Resolution Providing for Additional Information on Printed House and Senate Bills.

Which the Senate has passed and your favorable consideration is respectfully requested.

W. J. TROUT, Secretary

PETITIONS AND COMMUNICATIONS

RESOLUTIONS PASSED AT THE 40th MEETING OF THE COUNTY COMMISSIONERS' ASSOCIATION AT DICKINSON FOR LEGISLATIVE CONSIDERATION

1.

Be It Resolved, that the funds diverted from Motor Vehicle Department to the N. D. Real Estate Bond Payment Fund by the law of 1933 be returned to the Motor Vehicle Department and distributed to the State and Counties on the basis of original equities in the same.

2.

Be It Resolved, that our present Legislature now assembled inaugurate a Use stamp of \$5.00 per each motor vehicle licensed by the State, to be divided equally between the Counties and the State on the basis of collection from the several Counties. This to be in effect for the years 1947, 1948, 1949 and 1950.

3.

Be It Resolved, that it appears that the Motor License Fees in North Dakota are too low,

Therefore, Be It Resolved, that this convention now assembled recommend to the present legislature now in session that we recommend an increase in new licenses obtained after July 1st, 1947.

4.

Be It Resolved, that our license plates be lettered alphabetically or numbered by the Highway Department by counties for a mutual benefit.

5.

Be It Resolved, that the County body recommend to the Legislature now assembled that a tax base of 100% be used and the millage for the several taxing units be so adjusted.

6.

Be It Resolved, that the refund on gas for State Institutions, Highway Department and Political Subdivisions be discontinued.

7.

Motion from floor that the Clerk of Court be directed to handle the Vital Statistics without cost.

8.

Be It Resolved, liens and agreements for public assistance be kept in force.

9.

We firmly recommend that the Legislature set up an equitable set of license fees and cause to have licensed all trailers used on the Highway of North Dakota.

10.

Realizing the ever increasing number of deaths and injur-

ies happening on our highways due to carelessness of Motor Vehicle driver,

Be It Resolved, that we urge and recommend that the Highway Patrol be strengthened to take care of said hazard.

11.

Be It Resolved, that the County Commissioners be authorized to bill the County for actual expenses in attending annual conventions outside of the county which by resolution are declared to be to the best interests of their respective Counties.

Dated at Dickinson, N. D., January 16th, 1947.

COUNTY COMMISSIONERS ASS'N

By Nels O' Lindaas,
Legislative Committee Member.

Rep. Thompson moved that the above communication be printed in the Journal, which motion prevailed.

Rep. Brady moved that the schedule of meetings of the various committees be printed in the Journal, which motion prevailed.

FIRST READING OF SENATE BILLS

Senate Bill No. 64. A Bill for an Act Making an Appropriation to Pay the Expenses and Per Diem of Presidential Electors.

Was read the first time and referred to the Committee on Appropriations.

Senate Bill No. 66. A Bill for an Act Making an Appropriation for the Operation and Maintenance of the State Hail Insurance Department.

Was read the first time and referred to the Committee on Appropriations.

Senate Bill No. 68. A Bill for an Act Making an Appropriation for the Purpose of Operating and Maintaining the State Bonding Fund.

Was read the first time and referred to the Committee on Appropriations.

FIRST READING OF HOUSE BILL

Rep. Haugen introduced:

House Bill No. 109. A Bill for an Act to Provide for the Method and Time for Renewing Contracts of Teachers, Principals and Superintendents in the Public Schools and Institutions of Higher Education in the State of North Dakota, and Penalty for Breach of Contract. Repeal.

Was read the first time and referred to the Committee on Education.

Rep. Sailer asked to be on the eighth order of business and asked that his remarks be printed in the journal.

Rep. Sailer: "I would like to call to the attention of the Assembly, an article, which appeared in this morning's Fargo

Forum, in regard to a bill on the ten dollar a day legislative expense, and a statement that was supposed to have been made by Rep. Haugen that I was one of those who circulated this bill. This is very much in error—it so happens that I knew nothing of the bill and that I happened to be out of the state at the time the bill was being circulated, and it appears that it is not the best publicity and involves both Mr. Haugen and myself. I have talked to Mr. Haugen and I am sure Mr. Haugen is ready to make a statement as to what happened. It appears there was some error by the press and I move that Mr. Haugen's remarks also be recorded in the journal."

Speaker Johnson ruled that a motion was not necessary to have Mr. Haugen's remarks recorded in the journal.

Mr. Haugen: "Mr. Speaker, it is true that I started a discussion at our League meeting last night on the question of the ten dollar a day expense account, which I understood was being proposed and which bill was being circulated here while we were in Chicago. It is not true that I made the statement referred to by Mr. Paulson in the Fargo Forum, and Mr. Paulson has since admitted that he was in error and that he will make the necessary corrections. It seems that perhaps in our League meetings we would be wise not to allow the press—when we did we ran into trouble right away.

I don't think any apology on my part is called for, to Mr. Sailer. He realized that I am not responsible for the statement made and if I may say so, I have no apology to make for bringing the matter up—I think we are entitled to a \$5.00 expense account but I do not think it wise to ask for a \$10.00 expense account and that was the basis of my remarks last night."

Rep. Johnson of Cass moved that a committee be appointed to take the matter of the completion of the electrical voting system, up with the Board of Administration, which motion prevailed. The Speaker appointed as such committee, Reps. Johnson of Cass, Haugen and Bagge.

SIGNING OF BILLS

The Chief Clerk announced that the Speaker was about to sign:

Senate Concurrent Resolution No. 3.

And the Speaker signed the same in the presence of the House.

Rep. Callahan moved that the House stand recessed on the 16th order of business, until 12:30 p. m. January 22nd, 1947, which motion prevailed and the House stood recessed.

KENNETH L. MORGAN, Chief Clerk.

FIFTEENTH DAY AFTER RECESS
AND SIXTEENTH DAY

Bismarck, January 22, 1947

The House reconvened at 12:30 p. m., pursuant to recess taken on Tuesday, January 21, 1947, with Speaker Johnson presiding.

The Speaker announced that the House would be on the tenth order of business.

SECOND READING OF HOUSE BILLS

House Bill No. 81. A Bill for an Act to Provide for the Payment of the Expenses of Auditing and Examining the Affairs of the State Industrial Institutions, and the Special Departments and Its Subdivisions, of the State of North Dakota, Designating and Appropriating the Funds From Which Paid; Providing for the Payment of Said Collection Into the Special Fund in the State Treasury; Providing for Repeal of Acts.

Rep. Braun of McLean: "Mr. Speaker, I want to explain my vote now and have it recorded in the Journal. The reason I wanted to explain my vote is that I think the appropriation is being increased every year by thousands of dollars, but I do not want to have on my shoulders the responsibility if

any of our young people of this state should happen to be killed—I didn't want to be the one that voted down the Highway Patrol appropriation, and that is the reason that I voted 'Yes' but I do feel that these highway patrolmen, instead of going into the big cities and patrolling ballgames should stay out on the highways and do the job which we expect from them."

House Bill No. 7. A Bill for an Act Amending Sections 15-0707, 15-0717, and 15-0816 of the North Dakota Revised Code of 1943, Relating to the Manner of Conveying Grant and Nongrant School Lands, Ratifying and Confirming Conveyances Heretofore Made, and Declaring an Emergency.

WESTERN UNION

BM95 DL PD=WUX Jamestown, N. Dak., Jan. 21, 1947 249P
 Rep. Vern Johnson
 Speaker of the House

Whereas, the House of Representatives has already approved H. B. 55, an appropriation of \$18,000 for shelving and a book elevator; for a state department library; and whereas, the House has approved H. B. 71, an annual appropriation of \$200.00 for each county to be used for prize money for county fair winners; and whereas, we believe the citizens of North Dakota favor the hot school lunch

program just as much as either of the above mentioned bills; and whereas, we believe rural citizenry need a "rural division" in the Department of Education to correlate the work of county superintendents and rural teachers; and whereas, we believe our state should accept the responsibility of operating a "teachers placement bureau" in case the federal government discontinues this service: now, therefore, we the county officers of the North Dakota Farmers Union, assembled in annual conference in Jamestown, respectfully urge the 30th Legislative Assembly to pass H. B. 47, which calls for an appropriation of \$20,640 to administer the federal school lunch program during the coming biennium; and H. B. 51, which would establish a "rural division" in the "Department of Education"; and H. B. 50, which would assure N. Dak. Board of Education and teachers of a replacement bureau should the federal government discontinue this service.

COUNTY OFFICERS CONFERENCE
N. Dak. Farmers Union
Glenn J. Talbott, Chairman.

Haugen, Bagge and myself, conferred with the Board of Administration and contacted the contractor, Mr. Skeels. He turned over to us a number of telegrams that he had had in communicating with the manufacturers and just recently we had a three-way hookup with Mr. Thompson of the International Rollcall System at Richmond, Virginia. He informs us that the switchboard will be shipped by express within the next two days and he assured us that he will give us the express ticket receipt number by wire, but that does not complete our rollcall system—there are two other pieces of equipment that are not here—the counting machine and the printing machine. Those are in the process of being manufactured and he informs us that he thinks they will be ready in about ten days. He said he would ship these by air as soon as they are ready. But you may rest assured that you are going to have to answer 'aye' and 'no' for the next two weeks."

Rep. Nelson: "Mr. Speaker, I would like to explain my vote. I voted 'No' realizing that it was possibly not a practical vote, but I did this more or less because I wanted to in some way, criticize the activities of the Game and Fish Department. I see some of their men out working at different jobs and you see violations of those laws that are permitted to go on with no criticism made—for instance, fish in the rivers are let die for want of care, and then go out and spend more money to propagate more fish. That is why I voted 'No'."

HOUSE CONCURRENT RESOLUTION "D".

Introduced by Representatives Nelson, Bagge, Lillehaugen, McInnis, Levin, Severson, O'Connor, Dalzell, Esterby, Luick, Locken, Power, Bubel, Benno, Moerke and Mollet.

CONCURRENT RESOLUTION

A Concurrent Resolution Memorializing the Congress of the United States to Provide Funds for the Payment of a 30 cent Bonus on all Wheat Produced in 1945, on which a 30 cent Bonus has not been paid.

BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF THE STATE OF NORTH DAKOTA, THE SENATE CONCURRING THEREIN:

1 WHEREAS the United States Government paid a bonus
 2 of 30 cents per bushel on wheat marketed between
 3 April 19, 1946 and May 25, 1946, on so-called famine
 4 relief wheat, and

5 WHEREAS the payment of this bonus was unfair and
 6 unjust to all those farmers who had marketed their
 7 wheat prior to the declaration of the bonus, in that:

8 1 Government news releases and reports issued
 9 during the fall of 1945 and the winter of 1946
 10 indicated that the effective ceiling prices on
 11 wheat would be maintained and that there would
 12 be no benefit to the farmer in holding his wheat.

13 2 The farmers were repeatedly urged by the U. S.
 14 Government, its agencies and representatives,
 15 to market their wheat so as to make it available
 16 for starving foreign peoples.

17 3 The price ceilings, maintained during the time
 18 that the farmers were so urged to market their
 19 wheat, were below parity as defined by Congress.
 20 The bonus payments on wheat were made to those
 21 farmers who needed the bonus the least and those
 22 farmers who had to sell their wheat to live and
 23 maintain themselves and their families and pay
 24 debts received no bonus.

- 25 5 The farmers who sold their wheat prior to the bonus
 26 either because they had to or were induced to do so
 27 by propaganda, must help pay for the cost of the
 28 30 cent bonuses already paid through taxation.
 29a 6 Large subsidy payments were made to industry
 30 during
 31 the war in the form of cost plus contracts, and
 32 contracts based on non-competitive costs of
 33 production.
 34 7 Industry in this period of rising prices obtained
 35 bonuses by the simple method of holding their
 36 products off the market and creating shortages.
 37 8 Retroactive bonuses were granted to labor.
 38 9 What is in substance retroactive bonuses was
 39 granted to industry by the Ruml plan of income tax
 40 payments and the Tax Adjustment Act of 1945.
 41 NOW THEREFORE, BE IT RESOLVED that we,
 42 the members of the 30th Legislative Assembly of the
 43 State of North Dakota respectfully memorialize Congress
 44 to provide federal funds for the payment of a 30 cent
 45 bonus on all wheat produced during the year of 1945,
 46 and

46 Be it Further Resolved that a copy of this
 47 resolution be forwarded to the Secretary of Agriculture
 48 of the United States, to the United States Senate and
 49 United States House of Representatives and to each of
 50 the Senators and Representatives of the State of North
 51 Dakota in the Congress of the United States.

Rep. Thompson moved that further action on House Concurrent Resolution "D" be had at 1:00 p. m., Friday, January 24th, 1947, which motion prevailed.

GENERAL ORDERS

Rep. McInnes moved that the House resolve itself into a committee of the whole for the consideration of general orders; which motion prevailed, and the House resolved itself into a committee of the whole.

The Speaker called Rep. McInnes to the chair.

When the committee arose it submitted the following report:

So the bill passed and the title was agreed to.

Rep. Bymers: "Mr. Speaker: I have changed my vote from 'Aye' to 'No'. I fully realize that this bill has a lot of merit but under the present circumstances—shortage of teachers, etc.—it might for the next few years place a sort of a hardship on some districts where they are short of teachers".

Rep. Frank: "Mr. Speaker: I voted 'No' for the simple reason that we have girls in our county who went to High School for two years—they quit and went to business college. When they had completed their work there, they came back and we hired them as teachers; and they are as good teachers as anyone could expect—therefore I voted 'No'."

Rep. Falconer: "Mr. Speaker: My thirty years experience as a clerk and official of our local school district has taught me that an examination, honestly given and passed by an applicant for a teacher's position, is far more valuable than is, sometimes, a full college degree. Therefore, I voted 'No' on this bill."

Speaker Johnson announced that the House would now be on the special order of business set for 1:00 p. m., January 24th, which is the consideration of House Concurrent Resolution "D".

Rep. Bymers moved that the report of the minority of the Committee on Agriculture on House Concurrent Resolution "D", as printed on page 158 of the House Journal, be adopted.

After discussion, Rep. Wolf moved the previous question, which motion prevailed.

The question now being on the motion of Rep. Bymers that the report of the minority of the Committee on Agriculture on House Concurrent Resolution "D", as printed on page 158 of the House Journal be adopted, the question was put and was declared lost on a voice vote.

Rep. Bubel moved that the report of the majority of the Committee on Agriculture on House Concurrent Resolution "D", as printed on page 158 of the House Journal be adopted, which motion prevailed.

Rep. Bubel moved that the rules be suspended and that House Concurrent Resolution "D" which had been read the second time, be placed on final passage, which motion prevailed.

House Concurrent Resolution "D". A Concurrent Resolution Memorializing the Congress of the United States to Provide Funds for the Payment of a 30 Cent Bonus on All Wheat Produced in 1945, on Which a 30 Cent Bonus Has Not Been Paid.

Absent and not voting:		
Grenier	Homelvig	Walster
Halcrow	Severson	

So the bill passed and the title was agreed to.

Rep. Thompson: "Mr. Speaker, I want to explain my vote. First, I wish to make it clear that no statement I make is any reflection on Mrs. Baker, the state auditor. It is with great reluctance that I see the great appropriation of \$109,000.00 more than the appropriations of two years ago. However, we farmers must vote for it as it will take a large clerical force to process the refund. I doubt very much if the refund system will make any appreciable increase of funds available to the highways, but we farmers expect a square deal on this refund. If there is any unjust withholding of refund or unnecessary delays, we will rise in our balloting power and despite all the thousands of dollars of propaganda spent at the last election, we will reinstate the tax exempt license system. I vote 'Aye'."

House Bill No. 91. A Bill for an Act Appropriating an Additional Amount of \$18,000.00 for the Purpose of Defraying the Expenses of the Maintenance and Operation of the Gasoline Tax Division in the State Auditor's Office; and Declaring an Emergency.

Rep. Falconer requested that the House be on the eighth order of business, which request was granted.

“Mr. Speaker:

At this time I wish to make a few remarks and I request that these remarks be printed in the Journal. I do this not with the desire to crown myself with glory, but that the people of our state who read the Journal of the House may know that the North Dakota representatives are not unmindful of the great contributions made to the world in the cause of freedom and brotherly love by a great son of a great people.

One hundred ninety years ago today, in a clay cottage on the banks of the Doon at Alloway, Scotland, Robert Burns was born—the oldest son of William Burns and his wife, Agnes Brown. She was destined to enjoy immortality as the mother of the foremost song-writer of Europe. Robert Burns, the first-born of a family of six children, was then, as we have seen, the son of a poor man; poor as the worldling estimates wealth, but rich in moral worth, and in integrity and nobility of character: to quote his son—“a gentleman who derived his patent of nobility direct from Almighty God.” His brain-power, his sturdy independence, his intense love and pride of Country, and all that was superior in his nature, Burns inherited from his father. From his mother he drew his lyrical gift, together with his wit and his mirth. She had bright, dark eyes, and cheerful spirits; and her memory was stored with snatches of old Scottish songs and ballads. Burns, known the world over as a Scottish Bard,

was not only the poet of Scotland, but the poet of the common people of the world. His life was short, but during that short time he produced more of the beautiful songs of his country than any other song writer of all time. Burns was criticized by many persons for some of the things he did during his brief time on earth, but Carlyle, ever chary of praise, and never once a flatterer, reckoned the songs of Burns as 'by far the best that Britain has yet produced', and adding, he says: 'Independently of the clear, manly, heartfelt sympathy that ever pervades his poetry, his songs are honest in another point of view; in form as well as in spirit. They do not affect to be set to music, but they actually and in themselves are music; they have received their life, and fashioned themselves together, in the medium of Harmony, as Venus rose from the bosom of the sea.' Burns was ever the champion of the people and the dignity of man.

It is because of the contribution of Robert Burns that the peoples of the world have better lived and loved and enjoyed the liberty and freedom that we enjoy today.

Now in this House there are several people with Scottish blood so I am going to read to you some lines of my own composition.

THE GRAND OLD MOTHER COUNTRY

The highlands of old Scotland,
Where heather grows 'mong rock
Has mothered a great people,
The cream of earthly stock.

The sons of her soil now living
In all lands neath the sun,
Are found in the front of battle
Where honest work is done.

Ages of life in the highlands
Taught them to labor and strive
Where only the strong are born
But the strongest of these survive.

Taught to honor father and mother,
To fight for the family name,
Whenever danger threatened,
From mount and glen they came.

Each man wrapped in his tartan,
A tartan that was his flag,
Came to join his clansmen
From mount and glen and crag.

The broad claymore of Scotland
Has carved itself a name;
For turning the tide of battle
The Scotsmen have won fame.

The wild music of the bagpipes
Stirs a Scotsmans soul,
To brave and noble deeds
Where battle thunders roll.

With this grand old mother country,
Who has taught her sons so well
In her craggy hills and glens
A Scotsmans heart would dwell."

Rep. Johnson of Cass introduced Rep. Brady as a direct descendant of the Scottish poet, Robert Burns.

Rep. Erickson moved that the absent members be excused, which motion prevailed.

Speaker Johnson called for a report from the committee which had been appointed to investigate the matter of legislative printing. Rep. Stair (Chairman of Committee): "The committee to investigate the matter of legislative printing discussed this matter with the State Printer last evening, and this morning we looked over the plants where the printing is done. We really haven't got together on this—this is just my personal report. I would say that the plants which have the state printing are somewhat inadequate as to equipment but knowing the situation and the labor proposition as it is today, after we had talked at some length at these plants, it appears that this will go along very nicely now, and we probably won't be held up too much. I think our visit this morning did considerable good and I think from here on out, we will have much better service."

Rep. Callahan moved that the House do now adjourn, which motion prevailed and the House stood adjourned.

KENNETH L. MORGAN, Chief Clerk

Introduction of Governor Aandahl by Lt. Gov. Dahl.

Governor Aandahl: "Mr. President, Mr. Speaker, Members of the Thirtieth Legislative Assembly and Friends: Perhaps the greatest opportunity for economic progress in North Dakota rests in the possibilities of the development of the water resources of the State. By far the greatest portion of the water resources of North Dakota are within the boundaries of the Missouri Basin. The Missouri Basin is a large area embracing the major portion of ten States. The development of the Missouri Basin is a Federal project that could not be accomplished by anything short of a substantial Federal program and Federal appropriations. The program for the development of the Missouri River Basin is now under way. During the past year it has been my pleasure to meet with our guest speaker of this afternoon on several occasions and become reasonably familiar with his thinking and his understanding of the problems of the Missouri Basin development. I want to assure you that General Pick has a vision of the broad, comprehensive possibilities of the full development of the resources of the Basin. Not only does he have that vision which he formulated into a plan which is known as the "Pick Plan" and which was later coordinated with the Bureau of Reclamation plan which is known as the "Sloan Plan", but he has the energy and the initiative to activate his ideas and the fact that the Missouri Basin Development Plan is now under way in one of the major projects that affect North Dakota, is largely due to the initiative of our speaker this afternoon. It is indeed a pleasure for me to present and introduce to this Joint Assembly of the Thirtieth Legislative Session, Brigadier General Lewis A. Pick."

General Pick: "Governor Aandahl, Mr. President, Mr. Speaker, Members of the North Dakota Legislature, Ladies and Gentlemen: It is indeed an honor and a privilege to be invited to address a Joint Session of the North Dakota Legislature today. It is not only an honor for me but for the service of which I am a part, to be asked to come among you and discuss a problem which, in my opinion, is a most worthy cause, a most worthy undertaking, which can be carried out in this great, vast territory consisting of one-sixth of the land area of the United States, known as the 'Missouri River Basin.' It may be of interest to you to know that one hundred and forty years ago a small group of real pioneers went into winter quarters on the Missouri River, just upstream from Bismarck a few miles. That was in the winter of 1803-04, when Lewis and Clark pitched their camp up there, because they couldn't proceed further that season and spent the winter there. What were they doing out here? Mr. Jefferson in 1803 had consummated the greatest real estate transaction which the United States had ever seen before or after. But this vast territory, which included in it the Missouri Basin, was a dark spot which no man knew very much about. He lost no time, however, in organizing an expedition to come into the Missouri Valley to find out what was here—who lived here—what were some of the problems of those who lived here—what they did—and how they did it, and Mr. Jefferson wanted to know whether or not there were any water courses up through this Northwest

out to the Pacific Ocean, which indicated that he didn't know very much about it. Now, gentlemen, this expedition was completed in 1806. Lewis and Clark said when they passed upstream just a few miles above where they had camped in 1803-04 that winter, they had passed a point up there beyond which no white man had been up to that time. No one had ever been in this valley except a few trappers.

After 1806 there was a lapse of time in which nothing happened in the Missouri Basin. In fact nothing happened in the Missouri Basin until people in the East decided that it was to their advantage and profit to cross this great area to get to the West Coast. In the latter part of the '40's, that happened. Up until that time and on after that time until in the '70's, the only means of transportation into this Valley was by the Missouri River—that treacherous stream which had wandered all over this Valley at will. In 1867 as many as seventy steam boats had arrived at Fort Benton, Montana—2300 miles upstream from its mouth. Everyone in this Valley, everyone coming to this Valley, depended upon this River but after the '60's when people began to move into this Valley, and settle, and establish villages and towns, they needed better transportation facilities. They advocated and got, and rightly so, better means of transportation and communication. The coming of the railroads made it unnecessary for the people in this Valley to depend upon the Missouri River any longer as a transportation artery. However, they did have some use for it. They needed it to take away the unsanitary refuse and to provide drinking water. So for a long period of time that is all it was used for.

You notice that the towns—Bismarck, Pierre, Sioux City, Yankton, Omaha, Kansas City, Council Bluffs, St. Joseph, St. Charles, which are among the largest towns in the Missouri Valley, are all along the Missouri River. That didn't just happen that way. The people came in by river and they settled along the river and began to develop from the river, out. They found along the lower stretch of the River some of the finest and most fertile farm lands in the world. They began to farm those lands—they began to push out into the Valley. They began what was to be one of the greatest developments in these United States. The real estate development that started when the Valley started to settle up, has never stopped and it won't stop for many years to come. The land in this Valley is what the people in the Valley have—that is the backbone of any economy from which anyone can expect to start up and profit to any great extent, and certainly from the extent of the Nation as a whole.

The history of this Valley reads like a book. You might say the first chapter was that dark chapter when we knew nothing about this part of the country. The next chapter extends from the time Lewis and Clark came up here until the people started to move into the Valley in the latter part of the '40's. That chapter, then, would close with the time when the railroads came. The next chapter would extend from that time on until the people found out that the Missouri River would not remain any longer forgotten. That is when the people along the River began to encroach upon the flood plains of the Missouri River back away from the River itself. Those plains which it had carved out of the Valley and where it used to wander from one side to the other. People began to encroach upon that rich land in order to

raise abundant crops. The river did not want to be restricted and prevented from wandering as the Valley began to settle up and the land began to be tilled, the old river started wandering back over that land, creating destruction. Along about the beginning of this century the settlement in the Valley had been sufficient and to such an extent, that the river began to reap a tremendous damage every few years from the excess water flowing down the Valley. That is where, and that is when, really, the Missouri River got its name "the Wild Missouri".

Gentlemen, the cities in the Valley, in reality, are about 80 years old. During that time this valley has developed into one of the greatest agricultural areas in the United States. During that period of time there has been built along the banks of the Missouri River itself, over a billion dollars worth of industry. During that same time the Missouri Valley—the land in this Valley, through agricultural development, has produced crops to such a great extent that it has become known all over the United States, and all over the world, as the 'bread basket of this Nation'.

To show you what this country has really done in the five years from 1940 through 1944—this Valley produced 11½ billion bushels of grain. During that same period it produced 36 million tons of meat. The United States does not have another area as productive, as large, and as important from the standpoint of meat and bread as this Missouri Basin. It is the Basin that must be depended upon to feed the United States, not only now but in its rapid development for many, many years to come.

If you will look back over the history of these 80 years you will find out that most of the land in this Valley has been placed in production, that could be placed in production, without too much difficulty. In other words, the agricultural development is here. It spreads over the entire Valley but we cannot produce as much per acre today as we could when the land was broken. Why? Because this Basin, although very young, relatively speaking, with other agricultural areas in the United States, has already used up a lot of our agricultural potential soil in this valley. We have used it up, if I may say so, in the practices which have been followed in this great Valley. We have done some things which we know now have had the effect of depleting the soil and the rate has been terrific. Thousands of acres of land in this Valley now that were in cultivation at one time will not produce crops any longer. So we have some problems in the Missouri Valley if we want to continue to be the bread basket of the Nation. We have some problems in the Valley if we want to continue to see industrial development. We have some problems in the Valley if we want to see a continued increase in population in this great area. In other words, we know enough about what has been done and what can be done to perpetuate this Valley as the bread basket of this Nation.

Now, the two worst enemies that we have out here to our agricultural economy—those two arch enemies—are flood and drouth. Just think in your own minds what you were thinking in 1937. At that time just think what North Dakota was up against. Just think what you have to be thankful for today.

Now, gentlemen, the greatest thing that can be done in this Valley, in my opinion, is to make the most of the potentials which we have here to work with. Those two potentials which we have most of and which we must depend upon for sound economic development, and to continue this great area as a source of meat and bread for the United States, are its land and water. You have no other two potentials which can ever bring you anywhere near as many benefits as those two. In the upper part of the Valley, as you know, you don't have enough water at times and in the lower part of the Valley almost every other year, on an average, they have too much water for their agricultural undertakings. In 1942 and 1943 I was faced with this problem. I had to do something about it. I was forced to make a decision because I had to render two reports to the Congress. I saw that those two reports were not worth very much to this Valley. One of those reports was in North Dakota and the other in South Dakota. I then started to look around and see what could be done with these two potentials—land and water in the Valley. To make a long story short, by August 1943 we had gotten together on a plan and I was honored during that summer by being privileged to address the State, and a number of public officials, business men and others right here in the Capitol of your great State, on what I thought would be a worthwhile undertaking—and Gentlemen, I want to tell you that I left here that day knowing perfectly well that I had the backing and the support of the state officials and the people in this state, to go ahead with this program. And from that day to this, this program has not stopped. The program finally got to Congress and your Governor told you it was put together with a program gotten up by the Bureau of Reclamation, and passed into law in December, 1944. One year later the Congress appropriated money for this great development. We now have been engaged in actual construction on this development, one year. It took a lot of work to get this done. It could not have been accomplished if it had not been supported over this entire area of 537,000 square miles. People from the lower part of the Basin, people from the western part of the Basin, people from the eastern part of the Basin and people from the Northern part of the Basin, all supported this program. It is the most unique thing that has ever happened in the United States. Never in the history of the United States has any big development like this, made such progress. All of you know and have been hearing about the St. Lawrence Waterway, the Florida Waterway, and diversion of water from Lake Michigan, and many other large undertakings of the United States which have been talked about, for many years, without ever being able to get much done about them. And yet, here in three years the biggest development of its kind in the history of the United States or any other country in this world—in three short years this thing was envisioned and put into effect and it is a going concern today. It is a going concern. Why? Because the people in this Valley wanted it.

I have just got back from a meeting down in St. Louis where people from all over the Mississippi Valley and from the east coast of the United States and the west coast of the United States were all present at a big waterway meeting. Ladies and gentlemen, the most gratifying thing that I have

ever had happen to me in my life was to be privileged to appear on the program as the last speaker at a two-day meeting when people had been spoken to from morning until late in the afternoon each day, and I go on as the last speaker. I thought probably I would speak to a few chairs, but much to my very great appreciation and gratitude that place was filled, and they sat there and listened to me talk and tell my story about the Missouri Basin. Why? Not just because I was speaking but because the people all over the United States are interested in what is going on in the Missouri Basin. They want to know something about it. Now that is what you have over the entire Mississippi Valley and throughout the United States to help you carry on in your State and other States in this Valley. This great development is for the benefit of all the people all over the United States because this is where you get your meat and bread - - I don't care where you live in the United States. Thank God in the last five years the good Lord has been good to you all over the Valley and you have been able to raise enough food not only for your own use but to divide with our neighbors and friends all over the world.

Ladies and gentlemen, this is a worthwhile undertaking. This is an undertaking that will pay for itself over and over. It is not one of those developments where you have people referring to it as of a "pork barrel" nature. There is no pork in this barrel. We hope to do a job out here which will produce pork, wheat, corn and everything else necessary to make not only a pork barrel, but to make a bread and meat barrel for the United States.

The only way you can do more than you are doing now and put it on a sound basis is to eliminate floods, and to eliminate drouth, if possible, with water you have here now. Under this program that has received the support and approval of the Federal Congress, and the United States has assumed the obligation of spending the money to pay for it. Under that program, we can do more to establish agricultural development in the Valley and save this little six to eight inches of thin topsoil that we have spread over this country. We can do more under this program than anything else that can be done.

Now I know it is going to cost a lot of money. I know it is going to cost a tremendous amount of money but you gentlemen know—you ladies know—that during the '30's the Federal Government spent more money in this Valley helping people who needed help than it would take to build this entire project. Think about that. More than it would take to build this entire project to provide for this ultimate development, and if you will add up some figures you will find out that you would have had a pretty good bank account left when you got through the building. Now this thing will not cure everything that anybody could think of in the United States, but it will use to the maximum the water which comes down the Missouri Valley in the main river and tributaries every year. It will eliminate floods down in the lower part of the Valley and prevent millions of dollars worth of destruction on an average of every two years. In addition to that, the potential is here to add to the irrigable in the Valley, five million acres of new land.

I am interested today in a story that Governor Moses told me when I was here in 1943 about one of the western Counties in North Dakota where there was a little irrigation—a few

irrigation projects—who were able to pay 90 per cent of the taxes due during the '30's. He also told me that in the rest of the states 90 per cent failed to pay their taxes. Now, if a little irrigation can do that in one County in North Dakota, just think what would happen and what would be the result if we experienced another drouth like we had in the '30's - - if we had a million and a half or two million acres under irrigation in North Dakota, those people who did not live in the irrigated area would be sure to be able to obtain some feed for their cattle. The people in the eastern part of the State would, I am sure, be able to have enough water for domestic use and I am sure that you would not have lost the large percentage of your population that you lost during the '30's. Neither would Nebraska, western Kansas, South Dakota, Montana or Wyoming. The Valley during that drouth period lost over two hundred thousand people. Now, in view of the fact that we have worlds of land - - worlds of good land, but we need water on some of it, we can't go any further if we use up all the water we have to irrigate the land. Now, then, when any of that water runs off, or when it runs back into the stream, and it goes down the stream to supplement the low water flow for industrial purposes in the lower part of the Basin, we know that same water is capable of developing electricity. I am sure you can use more electricity up here for industrial purposes. I am sure you can make use of a lot of electricity for rural electrification. I am sure that is true in other States in this Valley. All of this, coupled with a sound program of soil conservation, will bring to North Dakota and the other States just about all that we can get out of these two potentials, water and soil.

Now, I tell you that we have already started to work on this program. I happen to be in charge of the work which is being carried on by the Corps of Engineers under this program. The Bureau of Reclamation is working on their part of the program. During the past year the Bureau of Reclamation and the Army Engineers got somewhere in the neighborhood of 75 million dollars for this project. That money is being expended now. It is true that this fall we had a moratorium and we couldn't let any more contracts, but I understand that money is now going to be released and we will make use of it. But during the year we, of the Corps of Engineers, have been able to let some forty contracts. We have been able to start work on five big dams in the Missouri Basin. We have been able to start protective work for local protection for some of the cities - - Kansas City, Omaha, Council Bluffs, and several other smaller projects throughout the Basin. In addition to that, we have done a considerable amount of work on the river above Sioux City to put dike works in the river to prevent the Missouri River from wandering all over and washing the people's land away. The dike work is now being put in for flood control, whereas in the beginning it was put in to peg the channel. The water which we can store up in this Basin is adequate to provide for this five million acres of irrigation that I told you about and we will have enough stored up to take that program through a period of drouth such as we experienced in the '30's. When we release water to supplement the low water flow downstream, and we have plenty for it, we will develop electricity at all the multiple-purpose dams and as we run that water through the generators it goes through to supplement the low water supply

downstream and to give us a nine foot navigable channel from St. Louis to Sioux City and I know this can be extended into South Dakota and North Dakota. That is a potential which we are looking at now and studying.

The soil conservation program in this Valley has gone along at a fine clip. Something like 80% of the Counties in the Valley outside of the State of Missouri have soil conservation districts established now. Missouri has not gotten off so very well because they didn't pass the law until three or four years after the other States and they are still going through the preliminary stages down there trying to figure out how best to start the program in a big way. I can assure you now that I have talked to the Governor of Missouri last week and he gave me encouragement to believe that Missouri is going ahead with soil conservation and the flood control program the same as the other States, and all of the rest of the people concerned.

Now, you have some important projects right here in North Dakota. I understand the Legislature is going out to look at the Garrison Dam tomorrow. That dam was located and is being designed, primarily for the benefit of North Dakota. It will be possible to impound this water for irrigation. It will be possible to develop electricity there which is needed in this State and it is possible to develop a fish and wild life recreational area there that you will be proud of. Under the law the water stored in the Garrison dam is available for irrigation in North Dakota. It is available for supplementing the low water or the domestic supply in the eastern part of Montana. The choice is left to the agency which handles irrigation as to where they will take the water, but in making up the plans I saw to it that the Fort Peck Dam was coupled into these projects down here in order to make a complete operating unit in order to provide the maximum amount of water and the maximum amount of flexibility in carrying out and putting into effect this program in the upper part of the Valley. The work, as you know, has the support of and is being followed very closely by the Governors Committee—the Governors from the ten states—in this Basin who meet periodically to view the program and to offer us, and encourage us, with suggestions and recommendations as to what they think we should do. Under the law the States have a definite part in this program. Under the law the Chief Executive of the State has all plans referred to him for his approval, all reports for his consideration and comment, before they go to Congress. They have a vital interest in the program. So much so that they have appointed four Governors to sit in the Inter-Agency Committee as members. This is the agency set up to coordinate between the Federal agencies, State agencies and other political subdivisions in this Valley. That committee meets once a month and we go over the problems. We discuss the problems, we analyze the programs which have been taken up and which are being put into effect in order to insure that the work goes on in an efficient and in a satisfactory manner and that they are coordinated throughout. The Inter-Agency Committee had a vital problem referred to it in North Dakota not long ago. I can assure you now that through the activity of the committee the two Federal agencies involved were required to get together, get together with themselves and with the proper officials of the States and the local people concerned

and give the people and the State the facts and present the data to them so that the problem can now be handled with the local people. The local people can make the decision and the agencies involved will abide by that decision. The Inter-Agency Committee feels proud that it could and did take steps to require that coordination so that projects can be carried on without further delay.

We have some other problems in the Basin that need settling. We have a meeting next month down in Kansas City—some problems are going to come before the committee down there that need settling—but while all that is going on the jobs are going on. We have this great dam here in North Dakota being carried on. I will admit that we are up against a tough proposition now. Perhaps we are at the crossroads in North Dakota right now with the Garrison dam—the question of relocating the Indians was made a question of law last year in the appropriation bill. The Congress directed that we study and get up a report which the Secretary of War could submit to the Secretary of the Interior for the necessary land to relocate the Indians who would be inundated in the Garrison pool. We worked at that job faithfully. We tried to carry out in accordance with the law and with the advice and help of the Bureau of Indian Affairs, we reviewed some six hundred thousand acres of land and we finally came up with the proposal, which in the language of the Bureau of Indian Affairs, was as good land as could be found. The offer was considered generous. The Secretary of War submitted it to the Secretary of the Interior and after a few days of looking it over he decided that the lands were not comparable. That leaves us where we were. We are continuing our negotiations with the Bureau of Indian Affairs and other interested people and we are going to try to solve that problem but I want to let you know now, and in no uncertain terms, that if that amendment is again included in the appropriation bill this year, work on the dam must stop because we will not have funds to carry on the work beyond that which is obligated there now. In my opinion, that would be a very grave mistake. In my opinion, it would be most difficult to ever revive the project if allowed to fall by the wayside now. In my opinion, it would have a tremendous effect over the United States and one wonders whether or not the people in this Valley really want this project or not.

For those of you who don't know, I can tell you that all of the newspapers in the Missouri Valley, except one, that I know of, heartily favor this development, and that is the 'Post-Dispatch' at St. Louis, and I know the people of the 'Post-Dispatch' favor this development but they have different opinions as to how it should be administered, but fundamentally they are in favor of the development.

Now, gentlemen, I want to leave this thought with you. If the Garrison dam goes forward and if the Valley project development goes forward, it is going to be because the people in this Valley continue to want it. If the people don't want this I can assure you that all you have to do is go to Congress and tell the Appropriation Committee that you don't want it and I will guarantee you that the Federal Government won't spend any more money on it, but before you ever do please think what you have to offer, like I did, when I wrote a negative report in North Dakota—after you have

pondered those years in the '30's as to what happened in North Dakota.

This is the biggest undertaking in the United States and the people of the United States have decided to pay for it. It is up to the people of this Valley to not only want the Garrison dam but to want all the other parts of this program so that we can make this Valley a better place to live in and perpetuate this bread basket for generations to come.

I thank you."

Rep. Stair moved that the joint assembly of the House and Senate do now adjourn, which motion prevailed and the joint session stood adjourned.

And the House stood recessed until 12:45 p. m., on Monday, January 27, 1947, pursuant to the motion of Rep. Saumur.

KENNETH L. MORGAN, Chief Clerk.

So the bill passed and the title was agreed to.

GENERAL ORDERS

Rep. Ohnstad moved that the House resolve itself into a committee of the whole for the consideration of general orders; which motion prevailed, and the House resolved itself into a committee of the whole.

The Speaker called Rep. Ohnstad to the chair.

When the committee arose it submitted the following report:

Mr. Speaker: The committee of the whole have had under consideration:

House Bill No. 14.

In line 10, strike out the word "and" and insert in lieu thereof the word "or".

In line 13, strike out everything in the rest of the bill after the word "village" and the period, and insert the following language: "All Peace Officers shall send a copy of each accident report to the State Highway patrol office on forms furnished by the State Highway Patrol."

And recommend the same do pass as amended by the Standing Committee and further amended by the Committee of the Whole.

House Bill No. 47.

And recommend that the same be not amended as recommended by the Committee on Appropriations but be placed on the calendar as originally drawn.

REP. OHNSTAD, Chairman.
Committee of the Whole.

Rep. Levin moved that the report of the Committee of the Whole be adopted, which motion prevailed and the report was adopted.

Rep. Fleck asked the unanimous consent of the House to have House Bill No. 131, which is now in the Committee on

General Affairs, transferred to the Committee on Industry and Business, which unanimous consent was given.

Rep. Frank moved that the absent members be excused, which motion prevailed.

Rep. Moe moved that the House do now adjourn, which motion prevailed and the House stood adjourned.

KENNETH L. MORGAN, Chief Clerk.

TWENTY-FIRST DAY

Bismarck, January 27, 1947

The House convened at 2:00 p. m., pursuant to adjournment, with Speaker Johnson presiding.

Prayer was offered by Father Aydt of St. Mary's Catholic Church of Bismarck.

Roll Call: All members present except Reps. Hildre and Larson.

The Committee on Revision and Correction of the Journal made the following report:

Mr. Speaker: Your Committee on Revision and Correction of the Journal have carefully examined the Journal of the Eighteenth Day after Recess and the Nineteenth day and recommend that the same be corrected as follows:

Page 195, 4th line from bottom, change the word "know" to "now."

And when so corrected recommend that the same be approved.

REP. HALCROW, Chairman

Rep. Halcrow moved that the report be adopted, which motion prevailed and the report was adopted.

PETITIONS AND COMMUNICATIONS

A petition was received from Floyd Parker and fifty other residents of McLean county urging that if a six man Game and Fish Commission is created, that three members of the Commission be farmers residing on farms as well as hunters and which was referred to the Committee on Natural Resources.

Rep. Erickson moved (and which motion prevailed) that the following communication received by Rep. Locken be printed in the Journal:

HOUSE CONCURRENT RESOLUTION "K"

Introduced by Reps. Wambheim, Lillehaugen, Dronen,
Williams and Wollitz

**BARRING LIQUOR ADVERTISING FROM INTERSTATE
MAILS, ETC.**

A Concurrent Resolution Memorializing the Congress of the United States to Enact Legislation Barring All Forms of Liquor Advertising From Interstate Mails, From Radio and Motion Picture Programs.

**BE IT RESOLVED BY THE HOUSE OF REPRESENTA-
TIVES OF THE STATE OF NORTH DAKOTA, THE
SENATE CONCURRING THEREIN:**

1 That the Legislative Assembly of the State of
2 North Dakota does hereby memorialize and petition the
3 Congress of the United States to enact legislation now
4 introduced in the Senate of the United States to bar all
5 forms of liquor advertising from interstate mails and
5a from
6 radio and motion picture programs.

7 It is the sense of the House of Representatives
8 and the Senate that such liquor advertisements coming
9 through the interstate mails and over the radio and in
10 motion picture programs are detrimental to the morals,
11 health, and safety of the people, and particularly to the

PETITIONS AND COMMUNICATIONS

Rep. Graham moved that the following letter be printed in the Journal and that a vote of thanks be extended to the Farmers Union, and Mr. Glenn Talbott for the use of their plane, which motion prevailed.

Jamestown, N. D.
January 25, 1947

Hon. Fred Graham
House of Representatives Chamber
State Capitol Building
Bismarck, North Dakota

Dear Sir:

In our telephone conversation recently I believe you suggested that we send you a bill for the use of our airplane in connection with the attendance of Governor Aandahl, yourself and others at the funeral services for former United States Senator, Lynn J. Frazier.

If it is satisfactory with you, I should prefer not to present a bill for the use of the plane in this instance. Senator Frazier over a long period of years, rendered great service to the people of North Dakota. If the use of the Farmers Union airplane helped in some small way to make it possible for the state of North Dakota and the citizens thereof through official attendance at his last services to render him the homage which was his due as a great citizen of our state, then the

Farmers Union will feel well repaid for the use of any of its facilities.

I sincerely hope you will agree with me in the premises.

Sincerely yours,

NORTH DAKOTA FARMERS UNION

Glenn J. Talbott

REP. JOHNSON of Cass, Chairman

Rep. Johnson of Cass moved that House Bill No. 58 be placed in General Orders, which motion prevailed.

Speaker Johnson asked for a report from the committee to investigate the status of the new roll call system.

Rep. Johnson of Cass: "Mr. Speaker: We now have the assurance that part of the equipment has been shipped, as

we have the express bill and while I have not checked up in the last day, I believe this should be rolling in here this week—this is the big switchboard, back of the panel and it will take four or five days to hook it up. Then Mr. Thompson, the inventor, is going to bring the counting machine and the printing machine by plane and install it—but he has been so untruthful in his agreements that I doubt whether he will get here this session or not.”

Rep. Bubel asked the unanimous permission of the House to amend House Bill No. 89, as follows:

In line 6, after the numerals “1943”, add these words “as amended by Chapter 183 of the 1945 Session Laws”.

And in line 7, after the numerals “1943”, add these words “as amended by Chapter 186 of the 1945 Session Laws”, and the lines be re-numbered accordingly.

Which unanimous consent was given, and House Bill No. 89 was so amended.

Rep. Bubel moved that the rules be suspended and that House Bill No. 89 be considered properly engrossed and placed on final passage, as amended, which motion prevailed.

JOINT SESSION OF THE HOUSE AND SENATE

Bismarck, January 30, 1947

The joint session of the House and Senate at 4:30 p. m., January 30, 1947, was called to order by the President of the Senate, Lt. Gov. C. P. Dahl.

Senator Rue moved that a committee of two be appointed to escort the Hon. Fred G. Aandahl, Governor of North Dakota and the Hon. Harold Stassen of Minnesota, to the rostrum, which motion prevailed. The presiding officer appointed as such committee, Senator Rue and Rep. Graham.

Prayer by the Chaplain, Rev. N. E. Ellsworth.

Governor Aandahl was introduced to the assembly by the Lt. Gov. Dahl.

Governor Aandahl: "Mr. President, Mr. Speaker, Members of the Thirtieth Legislative Assembly, and Friends: Our guest this afternoon is a neighbor from our neighboring State, Minnesota. He was born and grew up on a farm some few miles south of the Twin Cities. He attended a little, brick, country school located in a pasture. He rose to a position of civic leadership in his home state. He has had many experiences that are kindred to those of us here assembled this afternoon. Since that time he has moved into a position of national responsibility and leadership, and he has more recently actively participated in international affairs. He has a message this afternoon that will arouse our interest and our appreciation. I am most pleased at this time to introduce the Honorable Harold E. Stassen, former Governor of Minnesota. Governor Stassen."

Mr. Stassen: "Your Excellency, Governor Aandahl, Mr. President, Mr. Speaker, Members of the North Dakota Legislature, and Guests:

I count it an honor to respond to your invitation to meet with you in this beautiful capitol of our neighboring State of North Dakota, and to speak with you briefly this afternoon. I bring you warm greetings from Governor Youngdahl and the Legislature and the people of our state of Minnesota. Happily by having been in Topeka yesterday I also bring you greetings from Governor Carlson and the legislature of the State of Kansas.

I want to say to you at the very opening of my remarks that although this is the first time that I have had the privilege of visiting in this remarkable Capitol, you have made me feel very much at home, immediately upon my arrival. It has been in the very atmosphere—I am not certain just whether this is because I happen to have been born in the northern part of Dakota County, Minnesota, or whether it is because immediately I found the names of Aandahl, Dahl and Johnson.

Legislatures all have problems at this time as they meet, as I am fully aware, involving things about appropriations, and regulations, and taxes and tax bases. But one thing about the legislature of North Dakota and Minnesota, and of most of the other states, unlike Georgia, they at least know who their Governors are.

In the brief time we have together this afternoon, I would like to speak to you very frankly and directly about the broad situation that we have in view in the wake of the war. I want to speak to you very frankly and directly about it because

that has been the basis on which I began to participate in government affairs in Minnesota, and I might say that my experience with Admiral Halsey during the war didn't incline me to be any less direct in my statements.

As you all recognize, it is about a year and a half ago since General MacArthur stepped forward on the decks of the "Missouri" in Tokyo Bay to receive the surrender of the Japanese, and you could see across the Bay, the cities of Japan that had been obliterated and the fleet of the United States riding at anchor. The Japanese came forward and signed that surrender document. General MacArthur received that surrender and thus ended the tragic world-wide war which was ten times more destructive than any other in our history. Just about that same time—just a few weeks before—were those awesome flashes at Nagasaki and Hiroshima. The scientists had signalled to the world that they had unlocked the secret of the tiny uranium atom and revealed the terrific destructive forces and powerful energy.

Here we are moving into the period of the post war world. Moving into the beginning of this atomic age and all of history tells us that the period immediately following a war is of special significance because it is a time when the minds of men are questioning around the world, seeking answers and they tend to take on a sense of direction and no one can foretell what the future will mean as to atomic energy. Clearly it has great significance to the peoples throughout the world. Here in the United States of America we are moving into this period, seeking to find our way through to sound and basic answers, and I am one of those who feel the more openness with which we discuss, and the greater degree with which we bring our domestic and world problems before the people, the greater likelihood that we will find our way through to good answers, because down through the centuries the decisions that have been made by free people, when they are well informed and have the chance to decide, have been wiser, more constructive, than the decisions that have been made by any one man or small group of men anywhere, at any time. So on that basis, domestic and world-wide problems should be talked through here in America.

And what are they? Clearly, as we move into this post-war situation what we need to develop in America is the kind of sound, basic, domestic policies that will maintain a balance between our employment groups and a high productivity for the future. It has spotlighted the need of a new national labor policy in America in the wake of this war. Everyone knows there have been too many strikes, and as we see the development now of the world agricultural picture, we see the need of looking forward to the period beyond these two years of the postwar guarantee of parity and government support of the 90 per cent base and with agriculture coming back and with the devastation being wiped out, we see the need to begin now to talk through, and see through, a long-term, sound agricultural policy. Those who speak only of world affairs and fail to recognize the importance of national problems in our own country are not giving a proper balance to the relationship of the things that will affect our people, but equally those who look only at the domestic problems and do not look at the implications of our relationship to the rest of the world are only looking at one-half of the picture.

It is clear with the changes taking place in science, aviation, transportation and communication, that we are a part of the world and what we do within this country affects the rest of the world and what the rest of the world does affects us.

But as we take up specific problems it is my view that we should approach them in what I would describe as a basis of true liberalism, seeking to advance the individual freedoms of the men and women—individual freedoms of an economic, social and political nature and carrying with it the basic religious freedom that has meant so much to our country, advancing those freedoms on a basis consistent with freedom for others. Definitely translating that, what does it mean? It means a matter of labor policy. As an example, we need to find the way to break up extreme concentration of powers in labor, to balance the rights of labor and capital, but not by taking great compulsory powers in the hands of government, and not by so decreasing the power of labor that we go back to the mistakes of the '20's when capital was too powerful and too concentrated in relation to the power of labor. It means the careful application of the things we have learned, not only in the difficulties of strikes in the '40's, but in the problems of the '30's and '20's of depressed labor conditions. Of the wage drops in 1920 and '21, averaging in factory wages from 61c to 42c and the very slow rise during the unsound boom of the '20's with the continuation of very depressed agricultural conditions going with those wage matters. That is why I have counselled not only on a partisan basis, but on a basis of thinking through on behalf of the people as a whole. If we go very slow and careful and moderate in our development of a labor relation policy in America in the wake of the war I am confident that if we develop the secret ballot rights in the labor organizations in the great industrial cities of the east, if we correct some of the abuses in the concentrated labor leadership policies and the concentration of power in the hands of a few men and spread it back to the rank and file, if we expose the subversive activities of some of the men in high places, we can have faith in the loyal men in this country. They are sound, practical, and they will join in finding a way through to balance the policy of high production and good standard of living for all. That means that it is tremendously important that we have some reserve, that when we oppose, as I see it, these attempts to move toward compulsory arbitration by government in labor disputes, or labor courts to hand down decrees in the decision of relationship between management and men, that we stay away from giving to men in government the kind of power that has never been given in this country before. And by the slower but gradual American process, work out that understanding and balance of rights.

And closely allied with this problem of national labor policy is, of course, the future of agriculture. No one can speak too high a word of commendation for agriculture in America for the production that it accomplished during the war, and that very high production, as we all recognize when there is no longer the great need for production in other parts of the world, gives rise to the necessity to begin to think now of the future agricultural policy. Clearly we must never again go back to the depressed agricultural prices and depressed income of agriculture that we experienced through

the '20's. Clearly, also, we wish an agricultural policy with a minimum of government control and regulation. Clearly, also, it should not be an economy of scarcity but one of high production. But there is a grave question that I hope the leadership of North Dakota and of agriculture of America will begin to think about very definitely, and to discuss various proposals. Now if we can have unlimited production and still maintain good parity prices without excessive governmental controls, and how we may put together these three factors in the long-term agricultural policies. Fortunately we have some time to work upon that because the present price structure follows through on the 90 per cent basis.

I noticed the other day that Clifford Hope, Chairman of the House Agricultural Committee, announced extensive hearings would be held, and go on, all through this year on a very thorough study of the facts of world agriculture and world food production, of the method of building up the consumption and distribution of our agricultural products throughout the world, of supporting prices, and of gradually evolving from various suggestions developed, a definite agricultural policy prior to the ending of the present post-war policy. It seems to me that is a sound approach and I think agriculture should mobilize toward a presentation to the House Agriculture Committee in this session of Congress, the suggestions and thoughts looking forward to conditions two years hence.

Then in the whole development of the Federal government, as I see it, we need to have the trend also in a different direction and that is in its relationship to local government, and translate back to local government increased responsibility of administration and of carrying on the functions for all.

I have a great deal of optimism in the future of this country in the domestic field. You can sense the degree to which the people of America have acquired knowledge and understanding based on their experience in recent decades, and see the place that capital, and labor management, and labor unions, and agriculture, all play in a successful economy in America under this system. Of course, we have reached the point where one-sixteenth of the world's people (that is what is living within our borders, in the borders of these forty-eight States there are about one-sixteenth of the people of the world), and they have reached the point of producing more than one-fourth of all the world's goods and services. Think of it! One-sixteenth of the world's people, sons and daughters of every nation in the world, under our ingenious system of freedom and initiative and of independence, are producing one-fourth of all the world's goods and services. So we should think very carefully of the fundamental things that gave rise to that attainment as we seek to adjust to new problems to hold fast to those fundamentals.

But it is not enough, as I have stated, that we think only of these domestic problems. If we turn our eyes only to domestic labor policy, and agriculture policy, we soon find that conditions around the world have developed into a depressed economic condition that will reflect back within our borders because unemployment and depressed prices here can build the basis of a future world conflict ten times more

tragic even than the one concluded on the decks of the 'Missouri'.

Here again I fully recognize, as you do, the darkness of the headlines that we have seen since the end of the war in this year and a half—the misunderstanding and the clashes between the nations of the world, but I am optimistic about the prospect of lasting peace. It is going to be a difficult road to travel. We have made a beginning in the establishment of the United Nations organization. It is not a guarantee of future peace, by no means, but it is a beachhead that has been won in that age-long struggle for the means of lasting peace. And in that beginning organization, open to all to hear, is the means by which to bring out in deliberations, much as you have within these halls, the clash for position between nations, and to talk them through. It is a difficult process. At the opening of the San Francisco Conference there were those who scoffed and who said the conference could never possibly succeed with fifty nations of such different interests and views and different languages. I say to you very frankly there were times when it looked as though it would fail, with deadlocks and adamant positions, and we could not move on toward the drafting of a successful charter. But gradually, paragraph by paragraph, chapter by chapter, with the pressure of world opinion that the conference must succeed, the charter took form. Finally on that dramatic afternoon of the 21st of June the chairman of the steering committee had the chairmen of all the delegations present and the draft of the charter was brought up—with this tedious process where they could speak in French, English, Spanish, Chinese, Russian, these five languages, and then be interpreted. Amendments were moved, voted up and voted down. Finally the chairman said, "There are no further amendments before you. Are you ready to vote?" And the interpreters rose and gave the interpretations, and from every part of the hall came the response, "Let us vote". The chairman called for the vote by upraised hand. The delegates were seated with their placards showing their country. The hands came up and were counted around to Denmark which had been liberated after the conference began. There were fifty votes, or unanimous. There was a pause, a stillness, the delegates began to applaud. They rose to their feet and I doubt whether anyone in that room had ever thought they would reach that mark of success in that difficult conference. Since that time there have been bright days and there have been dark days, in this beginning association of the United Nations. I would like to urge upon you that we judge it slowly and carefully—that we give strong continued backing and support, realizing that the alternative to this working together in peace with these nations, is conflict so much more tragic than any we have witnessed that it is horrible to even contemplate.

Of course, with the discussion of this world relationship it brings this question, "Is it possible we might really be able to work things out with the position Russia is taking?" Obviously, that is the most difficult problem for the United States and the United Nations structure. It is my view that if our consistent United States position has four fundamental basis there is a reasonable chance of success.

First, that we make it constantly clear that we will not

countenance any development of Russia in advancing the welfare of its people by aggression. That we maintain ourselves in a strong position in this immediately postwar period. That we make it clear that they cannot advance the position of their people by a policy of aggression.

Second, that they cannot advance the welfare of their people by communistic infiltration attempts in this country or the rest of the world, and that we carry through the implications of that policy.

Third, that they cannot follow through and gain success for their country by a policy of isolation—by closing themselves in. It just will not work in this modern world.

Fourth, that they cannot advance in their standard of living of their own people if they will not cooperate with us and with the rest of the world and gradually change with increased rights for their people and fitting in to a better extent in the modern world relationship.

On those four bases and a consistently openly-discussed approach by the United States of America, I am optimistic of the long term result.

Of course, this whole approach toward the world means that we cannot be narrow and excessively nationalistic in our position. It means we must take the broad, long view of our whole domestic and international success as it affects us in our individual farms and homes throughout America. I know there are some who say that that kind of a policy cannot possibly be followed. A gentleman said to me at dinner a few months ago, 'Don't you realize, Governor, that man is inherently a selfish and a short-sighted animal?' I said, 'No, I don't agree. There always has been and there will always be a measure of selfishness in man but I contend that inherently, in every human being, there is a regard for the dignity and the welfare of their fellow human beings.' I will never forget when Admiral Halsey received the information from General MacArthur that he had located several prisoner-of-war camps in Japan and there were a considerable number of men in these camps. So carriers were sent to spot the camps and to drop some emergency supplies, and B-29's were sent to drop medical supplies and emergency clothes. As the fleet moved on, approaching Tokyo Bay, Admiral Halsey told his task group, 'Those are our boys. Go in and get them.' So landing craft were set down at the entrance to Tokyo Bay. As we approached the prisoner-of-war camp at Omari they saw the Stars and Stripes on the landing craft and they began to cheer. Some tried to swim out to the craft. Some five or six hundred men were gathered in the compound of that prisoner-of-war camp. Some had been in prisoner-of-war camps since the fall of Corregidor. They had been beaten, humiliated, and half starved. Over half of them needed medical attention. We said, 'We have hospital ships off-shore. We want first of all those who need medical care most.' Here was a band of men, before the surrender, the Japanese forces still in the area, in the presence of friendly forces for the first time in all these years, and yet from various parts of that crowd of men came this response, 'Commander, if you want first of all the men who need medical care the most, there is another camp up here about two miles—those other fellows need it worse than we do.' And that spirit does not only exist in

prisoner-of-war camps or in time of war. Inherently there is a regard for the welfare and dignity of other men in every human heart, and in a sound and practical way we need to build in the broadest and soundest relationship between mankind, as we seek the definite, sound steps for domestic and world policy in this country and I am convinced that on that kind of a basis there is hope for the future, hope for the future of the Middle West and all of the world, and to those who scoff and say that it cannot be done, let us reply, 'Down through the centuries of history all real progress that has been made in human welfare in the advancement of mankind, has been made because some men have done what other men said could not be done'."

Rep. Graham moved that the joint session do now adjourn, which motion prevailed and the joint session stood adjourned.

And the House stood recessed pursuant to the motion of Rep. Bubel until 12:30 p. m., Friday, January 31, 1947.

Rep. Stark moved that Mrs. Dysart's letter be printed in the Journal, which motion prevailed.

Devils Lake, N. Dak., January 28, 1947

To The House of Representatives,
Bismarck, North Dakota.

Friends:

Although I have been a patient in the General Hospital, in Devils Lake, N. Dak., for the past three years, I have been a resident of Benson Co. since 1883.

I saw our glorious state change from Dakota Territory into the grand name of North Dakota, and my heart was grieved when some wanted the North dropped, leaving just Dakota.

Just tonight I have read, in the Devils Lake Journal, that the name is not to be changed, and I felt like applauding so loudly that you could hear it in your Chambers.

Why should the North in North Dakota bring bad publicity any more than the North in North Carolina?

Congratulating you for not allowing the North to be dropped, I am

Gratefully Yours,

Mrs. Jennie Dysart
General Hospital,
Devils Lake, N. Dak.

REPORT OF STANDING COMMITTEE

Mr. Speaker: Your Committee on Education to whom

was referred House Bill No. 43, have had the same under consideration and recommend that the same be amended as follows:

In line 106, after the word "members", add "or electors".

Beginning line 112, with the new sentence beginning with the words "The members", strike out the balance of the line, all of lines 113, 114, 115, 116, and the word "section" in line 117. Insert in lieu thereof the following: "At the county meeting the school district representatives from each commissioner's district shall divide into groups by commissioner's districts and shall select the member of the county committee from that commissioner's district as specified in this section. If any school district consists of territory within two or more commissioner's districts, the representative of the school district shall vote in the commissioner's district in which the greater part of his school district lies.

In line 118, strike out the words "and the county" and in line 119 strike out the words "superintendent shall have only one vote".

In line 363, page 16, after the word "buildings" insert a comma and the words "including dormitories".

In line 510, page 22, insert, after the word "notices" at the end of the line, the words "Definition of Voting Units".

In line 522, page 23, after the word "voters" insert the following: "In holding such elections, any territory within the proposed new district consisting of one or more incorporated villages or cities shall vote as a unit, and all rural territory within such proposed new district shall vote as a unit. For the purpose of this section all incorporated areas in the proposed new district, regardless of their number and size, shall be considered as one incorporated area, and all rural areas in the proposed new district, regardless of size, shall be considered as one rural area.

In line 550, page 24, strike out the word "boundaries" and insert in lieu thereof the words "rural area".

In line 551, after the word "district" insert the words "and a majority of all votes cast by the electors within the incorporated area of the proposed new district". On the same line, after the word "are" insert the word "both".

At the end of section 18, line 561, insert a new section 19.

SECTION 19. TRANSPORTATION REQUIRED.

"Whenever any reorganization plan provides for the transportation of students from one part of such new district to a central point, and such plan is approved by the voters of such new district, then it shall be mandatory upon the school board of such new school district to provide adequate and practical transportation."

Renumber the balance of the sections.

In line 584, page 26, after the word "residing" insert the following words: "within both urban and rural units."

Renumber the lines as necessary.

And when so amended, recommend the same do pass.

NORTH DAKOTA HYMN

Words by James W. Foley

North Dakota, North Dakota,
 With thy prairies wide and free,
 All thy sons and daughters love thee,
 Fairest state from sea to sea;
 North Dakota, North Dakota,
 Here we pledge ourselves to thee.
 North Dakota, North Dakota,
 Here we pledge ourselves to thee.

Hear thy loyal children singing,
 Songs of happiness and praise,
 Far and long the echoes ringing
 Through the vastness of thy ways—
 North Dakota, North Dakota,
 We will serve thee all our days.
 North Dakota, North Dakota,
 We will serve thee all our days.

Onward, onward, onward going,
 Light of courage in thine eyes,
 Sweet the winds above thee blowing,
 Green thy fields and fair thy skies.
 North Dakota, North Dakota,
 Brave the Soul that in thee lies.
 North Dakota, North Dakota,
 Brave the Soul that in thee lies.

God of freedom, all victorious,
 Give us Souls serene and strong,
 Strength to make the future glorious
 Keep the echo of our song;
 North Dakota, North Dakota,
 In our hearts forever long.
 North Dakota, North Dakota,
 In our hearts forever long.

Rep. Thompson moved that the vote by which the report of the Committee on Finance and Taxation on House Bill No. 159 was passed be reconsidered and the motion to reconsider be laid on the table, which motion prevailed.

Mr. Speaker: Your Committee on Finance & Taxation to whom was referred House Bill No. 158, have had the same under consideration and recommend that the same be indefinitely postponed.

REP. McINNES, Chairman

Rep. Einarson moved that the report be adopted.

Rep. Brickner moved a substitute motion that House Bill No. 158 be placed in General Orders, which motion was declared lost on a standing vote.

The question was now on the original motion of Rep. Einarson that the report of the Committee on Finance and Taxation on House Bill No. 158 be adopted. The question was put and declared carried.

Mr. Speaker: Your Committee on Transportation to whom was referred House Bill No. 10, have had the same under consideration and recommend that the same be amended as follows:

Strike out period in line four of title, insert a comma and add the following: "and to amend and reenact Section 39-0605 of the North Dakota Revised Code of 1943 providing for the issuance of a junior license to minors under the age of fourteen."

In line 6 strike out the word "an" and insert the word "any" in lieu thereof.

In line 12 strike out the words "under go" after the word "to", and insert the word "undergo" in lieu thereof.

Add the following after line 49: "4. The commissioner may issue a temporary permit to any person who applies for an examination and test under the provisions of this Section, which shall entitle the holder to operate a motor vehicle until such examination and test is given, and may revoke the same at any time.

Section 2. AMENDMENT.) That Section 39-0605 of the North Dakota Revised Code of 1943 is hereby amended and reenacted to read as follows:

39-0605. CHILD UNDER SIXTEEN YEARS OF AGE ENTITLED TO LICENSE; QUALIFICATIONS: RESPONSIBILITY OF PARENTS; LICENSE LIMITATIONS: COMMISSIONER AUTHORIZED TO ISSUE JUNIOR LICENSE UNDER CERTAIN CONDITIONS.) An operator's license may be issued to any child, who is more than fourteen years of age and less than sixteen years of age, otherwise qualified, upon the written recommendation of the county judge of the county in which such child resides. No county judge shall make a recommendation for the issuance of an operator's license to a child who is less than sixteen years of age unless such child, accompanied by his parent or guardian, shall appear in person before him and satisfy such judge that:

1. Such child is at least fourteen years of age;
2. Such child appears to be qualified to operate an automobile safely; and
3. It is necessary for such child to drive his parent's or guardian's automobile without being accompanied by some person over sixteen years of age.

The parent or guardian, at all times, shall be responsible for any and all damages growing out of the negligent operation of a motor vehicle by any such child. The provisions of this section shall not authorize such child to drive a motorcycle, commercial truck, motor bus, or taxicab. The commissioner may also issue a junior license to a minor under the age of fourteen upon application by parent, guardian or lawful custodian of said minor when necessity for same is shown and ability to drive demonstrated. Such license shall be restricted to the operation of a motor vehicle registered to the licensee's parent, guardian, or employer, either to or from school, to or from work, or on business of the parent, guardian, or employer, unless the licensee is accompanied by and under the immediate supervision of an adult. Such restrictions shall be made in writing and attached to and become a part of such junior license. The possession of a junior license shall not authorize the licensee to operate a motor vehicle in violation of any law, nor in violation of any rule or regulation of the State or Federal authorities relating to employment of minors."

Renumber the lines.

And when so amended recommend the same do pass.

Rep. Sailer moved that the vote by which House Bill No.

11 was passed be reconsidered and the motion to reconsider be laid on the table:

Which motion prevailed.

Rep. Thompson: "Mr. Speaker: I want to explain my vote. I voted 'No' on this bill because I consider that \$2.00 is a higher raise than we need at this time. I believe \$1.50 would be high enough for the increase that the Highway Patrol asked for. Some families have to buy quite a number of licenses and this will be a hardship."

Rep. Engel: "Mr. Speaker, we are quite fortunate to have a distinguished guest with us today. He happens to be one of the formerly outstanding legislators of North Dakota. Therefore I move that the Speaker appoint a committee of two to escort Mr. Ray Schnell to the rostrum."

The motion of Rep. Engel prevailed and the Speaker appointed Rep. Engel and Rep. Sticka to escort former Representative Ray Schnell to the rostrum.

Rep. Sticka moved that the remarks of Mr. Schnell be printed in the Journal, which motion prevailed.

Mr. Schnell: "Mr. Speaker and Members of the House of Representatives: I am thrilled indeed to be given the privilege to say a few words to the members of this session of the legislature. You know that just two years ago I came within one vote of being escorted to this rostrum as Speaker of the House. Several other times in my short life I have had the satisfaction of coming out second best. I have been razed a lot by my wife for being a failure. She thinks I am a loser but perhaps I can impress the fact upon you that to come out second best in a whole state is nothing to sneeze at. You know I found out this—that to shoulder the responsibility and burdens that a Speaker of the House has to go through—I just figure that one vote wasn't worth it. So I console myself with another fact and that is that our first President of the United States, George Washington, who was one of the greatest men that ever sat in the President's chair was not always first. He was first with his people; he was first in war; he was first in peace, but he married a widow.

Now you people here have done a marvelous job. I have been reading the newspapers; I have been listening to the 'Legislative Highlights', regularly, and I was very much impressed with the wonderful job that you are doing in this session—at the harmony that exists between the two factions in this state. I couldn't believe it. I had to come down here and investigate. I tried to stir up some trouble but I couldn't even do that—I didn't find anyone to even talk to about it, the harmony was so great. So I want to compliment you on this. I think we are really going places if you continue with that kind of an attitude.

If I am the experienced and notable past member of the House that Mr. Engel said, perhaps you would listen to a suggestion from me. That is that if you carry out the thinking and the sound guidance of the party that I was associated with during my years in the legislature, and if you maintain the good laws (and they are the best laws we have in North Dakota) that came forth through the efforts of that organization—if you will maintain and hold them and add to them as time and conditions call for, you will do a great service to the people of North Dakota.

And I will say this, that any man that has ever served

in a legislature if he has been really and truly a representative of the people, he will live long in the memory of the people of North Dakota—whereas the other kind will fade away in a very short time.

I want to thank you again for the privilege of speaking to you—Mr. Speaker and members of the House. Thank You.”

**FARMERS GRAIN DEALERS ASSOCIATION
OF NORTH DAKOTA
Fargo, North Dakota**

February 5, 1947

Hon. Vernon Johnson
Speaker of the House
Bismarck, North Dakota

Dear Mr. Johnson:

The attached resolutions were unanimously adopted by the Farmers Grain Dealers Association of North Dakota in convention assembled January 28, 29 and 30, 1947 in the city of Fargo.

These resolutions, among others adopted by the convention, are expressly addressed to you for your utmost consideration. We believe they deal with the most momentous questions of the day and merit the consideration and action of not only those to whom they are addressed but to all other citizens.

Kindly give the resolutions the merit, which in your judgment, they deserve.

Very truly yours,

**FARMERS GRAIN DEALERS ASSN.
C. H. Conaway, Secretary**

WHEAT BONUSES

WHEREAS, It has been demonstrated time and again that government ceiling prices have been lifted to the detriment of many producers of agricultural products, and

WHEREAS, These losses have accrued to the benefit of those persons and companies protected by financial reserves who were able to pay expenses and hold commodities off the market, and

WHEREAS, Irresponsible and inexperienced government control of OPA regulations have created financial loss and hardship among our farmers, and

WHEREAS, This evidence of bad faith on the part of the government will result in lack of interest in production of vital commodities needed in a well balanced agricultural production program

THEREFORE, BE IT RESOLVED, That the full support of this convention be given to sponsors of bills in Congress providing for bonus payments, denied thousands of farmer producers, paid by the government for wheat to be shipped for foreign relief, and

THEREFORE, BE IT RESOLVED, That the 30c per bushel bonus paid by the Department of Agriculture to certain farmers who held their 1945 wheat until well into the 1946 season be made available to all farmers who sold their wheat grown in 1945, and

BE IT FURTHER RESOLVED, That copies of this resolution be sent to North Dakota representatives in Congress and to the Governor of North Dakota, as well as to the Speaker of the North Dakota House of Representatives and the President of the Senate, now in session.

FLAX BONUS

WHEREAS, The crying need of the nation concerns all of us with regard to flax production this coming season, and

WHEREAS, Our farmers have become discouraged and are now showing little or no enthusiasm for flax production at this time, and

WHEREAS, Lifting of flax ceiling prices by the OPA did result in a \$3.00 per bushel advance in prices after most producers had sold their flax, and

WHEREAS, No serious effort has been made by the government to repay those losses

THEREFORE, BE IT RESOLVED, That Congress make some equitable adjustment of these losses to farmer producers who sold their flax under government pressure and that this adjustment be based on present market prices for flax, allowing for handling charges with a reasonable margin of profit to marketing agencies and processors.

BE IT FURTHER RESOLVED, That a copy of this resolution be sent to our representatives in Congress and to the Governor of North Dakota, the Speaker of our State House of Representatives and the President of the Senate.

Rep. Sticka moved that the Speaker appoint a committee of three to meet with a like committee from the Senate to arrange for a joint session of the House and Senate, for February 12th in commemoration of Lincoln's birthday, which motion prevailed.

And the Speaker appointed as such committee of three, Reps. Sticka, Halcrow and Hofstrand.

SECOND READING OF HOUSE BILLS

- 8 of the Thirtieth Legislative Assembly visited the
- 9 Garrison Dam Project, and
- 10 WHEREAS, the people of Garrison arranged a tour
- 11 of said dam and also entertained said assembly,
- 12 NOW, THEREFORE BE IT RESOLVED by the House
- 12a of

13 Representatives of the State of North Dakota that
 14 we wish to express our sincere appreciation to
 15 General Pick for his enlightening and informative
 16 address, to the joint session of the Thirtieth
 17 Legislative Assembly, and
 18 BE IT FURTHER RESOLVED that we do hereby
 18a express
 19 our thanks and appreciation to W. W. Wanamaker,
 20 Colonel, C. E., District Engineer, Garrison District
 21 and his aids in arranging and preparing for the
 22 members of the Legislative Assembly the necessary
 23 facilities to visit the Garrison dam site, and
 24 BE IT FURTHER RESOLVED that we express our
 25 appreciation to the people of the city of Garrison
 26 and to all those who arranged said tour and reception
 27 for the members of the Legislative Assembly,
 28 BE IT FURTHER RESOLVED that a copy of this
 29 resolution be forwarded by the clerk of the House
 30 to General Pick, United Engineering Office, Room 539
 31 Credit Building, Omaha, Nebraska, and to Colonel
 32 Wanamaker at Fort Lincoln, Bismarck, North Dakota,
 33 and to the proper persons at Garrison, North Dakota.

Was read the first time.

Rep. Haugen moved that the rules be suspended and that House Resolution No. 2 be adopted, which motion prevailed.

Rep. Haugen moved that House Resolution No. 2 be printed in the Journal, which motion prevailed.

Rep. Haugen moved that further consideration of House Bill No. 199 be laid over one legislative day, which motion prevailed.

Rep. Bubel moved that the House reconsider the action by which House Bill No. 141 was lost, which motion carried on a rising vote.

Rep. Fitch moved that House Bill No. 141 be referred back to the Committee on General Affairs, which motion prevailed.

Rep. Graham moved that no registered lobbyist, nor any lobbyist who has failed to register as provided for by law, shall be permitted within the House Chamber or in the corridor during any time the House is in session, or while in recess of one hour or less during a session, as long as any legislation he is lobbying for is pending in the House, which motion prevailed.

Rep. Wolf moved that the courtesy of the floor be extended to a member of the House in 1945 from the 36th district, Mr. A. J. Schmidt, which motion prevailed.

The House now went on the Special Order of Business set for 1:00 p. m., Friday, February 7, 1947, which was the consideration of Rep. Bymers motion that the House reconsider the action by which House Concurrent Resolution "I" was lost.

Rep. Wolf moved that Rep. Bymers motion be laid on the table.

A roll call was demanded and granted.

ROLL CALL

The question being on the motion of Rep. Wolf that the motion of Rep. Bymers be laid on the table, the roll was called and there were ayes, 36; nays, 76; absent and not voting, 1

Those voting in the affirmative were:

Allen	Ellingson	Saumur
Anderson, Cass	Falconer	Schmidt
Baker	Fitch	Schuler
Benno	Fleck	Semerad
Benson	Herk	Severson
Brady	Johnson, Cass	Starck
Brickner	Kleppe	Thompson
Callahan	Laske	Wadeson

Gackle, McHenry	Link	Westby
Graham	Locken	Williams
Grenier	Luick	Wollitz

Absent and not voting:

Skaar

So the motion of Rep. Wolf was declared lost.

Rep. Halcrow: "Mr. Speaker: I want to explain my vote. I just want to say that I may be misunderstood in changing my position on the liquor traffic. I came to the legislature twenty-six years ago and I have been consistently trying to regulate the liquor traffic and in all that time I don't think we have succeeded. The liquor traffic is just as hard to regulate today, and just as much opposed to regulation as they were twenty-six years ago in 1921, and if it is possible that we may get better regulation through the government going into the liquor business, it just seems to me that we are going to be forced into that business against our will."

Rep. Bubel moved that House Concurrent Resolution "I" be placed at the head of the calendar which motion prevailed.

SECOND READING OF HOUSE CONCURRENT
RESOLUTION

House Concurrent Resolution "I". A Concurrent Resolution Providing for an Amendment to the Constitution of the State of North Dakota, Authorizing the State to Engage in the Wholesale of Intoxicating Liquors as a Beverage.

Section 2. AMENDMENT.) That Section 39-0605 of the North Dakota Revised Code of 1943 is hereby amended and reenacted to read as follows:

39-0605. CHILD UNDER SIXTEEN YEARS OF AGE ENTITLED TO LICENSE; QUALIFICATIONS; RESPONSIBILITY OF PARENTS; LICENSE LIMITATIONS; COMMISSIONER AUTHORIZED TO ISSUE JUNIOR LICENSE UNDER CERTAIN CONDITIONS.) An operator's license may be issued to any child, who is more than fourteen years of age and less than sixteen years of age, otherwise quali-

fied, upon the written recommendation of the county judge of the county in which such child resides. No county judge shall make a recommendation for the issuance of an operator's license to a child who is less than sixteen years of age unless such child, accompanied by his parent or guardian, shall appear in person before him and satisfy such judge that:

1. Such child is at least fourteen years of age;
2. Such child appears to be qualified to operate an automobile safely; and
3. It is necessary for such child to drive his parent's or guardian's automobile without being accompanied by some person over sixteen years of age.

The parent or guardian, at all times, shall be responsible for any and all damages growing out of the negligent operation of a motor vehicle by any such child. The provisions of this section shall not authorize such child to drive a motor-cycle, commercial truck, motor bus, or taxicab. The commissioner may also issue a junior license to a minor under the age of fourteen upon application by parent, guardian or lawful custodian of said minor when necessity for same is shown and ability to drive demonstrated. Such license shall be restricted to the operation of a motor vehicle registered to the licensee's parent, guardian, or employer, either to or from school, to or from work, or on business of the parent, guardian, or employer, unless the licensee is accompanied by and under the immediate supervision of an adult. Such restrictions shall be made in writing and attached to and become a part of such junior license. The possession of a junior license shall not authorize the licensee to operate a motor vehicle in violation of any law, nor in violation of any rule or regulation of the State or Federal authorities relating to employment of minors."

And renumber the lines.

THIRTIETH LEGISLATIVE ASSEMBLY OF NORTH DAKOTA

HOUSE CONCURRENT RESOLUTION "U"

Introduced by Reps. Erickson and Culver

A Resolution

Relating to the Re-Classification of privately owned trucks used for transporting agricultural products, and requiring the Motor Vehicle Registrar to notify such truck owners as to such re-classification and for recovery of the difference in license fee in case of wrongful classification.

BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF THE STATE OF NORTH DAKOTA: THAT

1 WHEREAS, It has been brought to the attention
2 of the Members of the House of Representatives of
3 the Thirtieth Legislative Assembly, and more
4 particularly to those engaged in the pursuit of
5 agriculture, that a meritorious ground for complaint
6 prevails among the farmers of the State of North
7 Dakota; and

8 WHEREAS, Such complaints by said farmers of
9 North Dakota, arises from the re-classification by
10 the Motor Vehicle Registrar of North Dakota with
11 regard to the licensing of trucks; and

12 WHEREAS, as a result of such re-classification,
13 many farmers paid excessive fees for truck licenses,
14 having been re-classified by the Motor Vehicle
15 Registrar in Schedule A, relating to commercial trucks,
16 in place of Schedule B, relating to privately owned
17 trucks used for transporting agricultural products;
18 and

19 WHEREAS, It is the belief of the members of
20 this body, that immediate steps be taken to correct
21 the existing situation,

22 NOW, THEREFORE, BE IT RESOLVED BY THE
22a HOUSE OF

23 REPRESENTATIVES, that the Motor Vehicle Registrar
23a of

24 the State of North Dakota, is hereby instructed to
25 immediately by mail, notify all truck owners classified
26 in Schedule B prior to such re-classification, that if
27 such truck owner has paid a higher license fee than
28 heretofore, such truck owner may forthwith notify the
29 Motor Vehicle Registrar and apply for re-classification,
30 and that if such truck owner is wrongfully classified,
31 he may recover the difference in license fee on such a
32 showing; and that a copy of the report of the Motor
33 Vehicle Registrar following such adjustment be made to
34 the public.

Rep. Schmidt moved that the absent member be excused,
which motion prevailed.

Rep. Graham moved that the House do now adjourn,
which motion prevailed and the House stood adjourned.

KENNETH L. MORGAN, Chief Clerk

THIRTY-THIRD DAY

Bismarck, February 8, 1947

PETITIONS AND COMMUNICATIONS

A House Concurrent Resolution from the 85th General Assembly of the State of Indiana, regarding federal aid to the various states, was read.

Rep. Johnson of Cass moved that the above resolution and letter accompanying same from the Governor of Indiana be printed in the Journal, which motion prevailed.

STATE OF INDIANA
OFFICE OF THE GOVERNOR
Indianapolis 4

February 6, 1947

TO: Senators and Congressmen of
Indiana and all other states

I commend to your serious consideration the enclosed reso-

lution adopted by the Indiana General Assembly now in session.

Copies of this resolution are being sent not only to Indiana members of Congress but also to those of other states—for the reason that, from a practical standpoint, if the high intent of this resolution is to be realized only Congress can achieve it.

When a State Legislature is confronted with a federal aid law, the Legislature either must comply or forfeit money which has been or will be taken from the state's citizens in taxes. The effect is virtually compulsion.

To this resolution, please let me add my own respectful request that you examine carefully every proposed expenditure of federal funds for "aid" to states or local units of government. Is it really a matter for federal legislation, or should the determination be made within the states? We in Indiana believe all of us will have a better government of, by and for the people if the people of each state and each community exercise the responsibilities which are rightfully theirs.

Respectfully,

RALPH F. GATES
Governor of Indiana

Copies to:
Governors of all States
Presiding Officers of all State Legislatures

85th GENERAL ASSEMBLY
STATE OF INDIANA

HOUSE CONCURRENT RESOLUTION NO. 2

INDIANA needs no guardian and intends to have none. We Hoosiers—like the people of our sister states—were fooled for quite a spell with the magician's trick that a dollar taxed out of our pockets and sent to Washington, will be bigger when it comes back to us. We have taken a good look at said dollar. We find that it lost weight in its journey to Washington and back. The political brokerage of the bureaucrats has been deducted. We have decided that there is no such thing as "federal" aid. We know that there is no wealth to tax that is not already within the boundaries of the 48 states.

SO WE PROPOSE henceforward to tax ourselves and take care of ourselves. We are fed up with subsidies, doles and paternalism. We are no one's stepchild. We have grown up. We serve notice that we will resist Washington, D. C., adopting us.

BE IT RESOLVED by The House of Representatives of The General Assembly of the State of Indiana, The Senate concurring: That we respectfully petition and urge Indiana's Congressmen and Senators to vote to fetch our county court house and city halls back from Pennsylvania Avenue. We want government to come home. Resolved, further, that we call upon the legislatures of our sister states and on good citizens everywhere who believe in the basic principles of Lincoln and Jefferson to join with us, and we with them to restore the American Republic and our 48 states to the foundations built by our fathers.

Adopted by House, January 13, 1947

Adopted by Senate, January 22, 1947

Introduced by Mr. George Henley of Bloomington and Mr. Lothair Teetor of Hagerstown

A communication from the Beet Sugar Refinery Employees of East Grand Forks, Minn., F.L.U. No. 21446, addressed to Speaker Johnson, opposing House Bills 151, 160 and 191 was read and referred to the Committee on Labor Relations.

Rep. Fuglestad requested that the House be on the eighth order of business which request was granted.

Rep. Fuglestad moved that the House reconsider the action taken yesterday by which House Bill No. 137 was lost, which motion carried on a rising vote.

Rep. Lillehaugen moved that House Bill No. 137 be placed on final passage at once.

Rep. Fuglestad asked for a call of the House which was not granted.

The question was now on the motion of Rep. Lillehaugen that House Bill No. 137 be placed on final passage at once, which motion prevailed.

MESSAGE TO THE SENATE

House of Representatives
Bismarck, February 11, 1947

Mr. President: I have the honor to inform you that the House has refused to concur in the Senate amendment to House Bill No. 59, and the Speaker has appointed as a Conference Committee to act with a like Committee from the Senate Reps. Johnson of Cass, Stair and Benno.

KENNETH L. MORGAN, Chief Clerk

Rep. Wolf moved that the absent members be excused, which motion prevailed.

Rep. Braun of McLean moved that the House do now adjourn, which motion prevailed and the House stood adjourned.

KENNETH L. MORGAN, Chief Clerk

THIRTY-SIXTH DAY

Bismarck, February 11, 1947

The House convened at 2:00 p. m., pursuant to adjournment, with Speaker Johnson presiding.

Prayer was offered by Rev. G. A. Johns of the First Lutheran Church of Bismarck, N. D.

Roll Call: All members present except Reps. Hofstrand, Klefstad and Williams.

Mr. Speaker: Your Committee on Revision and Correction of the Journal have carefully examined the Journal of the Thirty-third day after recess and Thirty-fifth day and find the same correct.

REP. HALCROW, Chairman.

Rep. Erickson moved that the report be adopted, which motion prevailed and the report was adopted.

PETITIONS AND COMMUNICATIONS

A telegram was read from John Keller, Financial Secretary of the Bismarck Trades and Labor Assembly opposing House Bills Nos. 151 and 160, which was referred to the Committee on Labor Relations.

GENERAL ORDERS

Rep. McInnes moved that the House resolve itself into a committee of the whole for the consideration of general orders; which motion prevailed, and the House resolved itself into a committee of the whole.

The Speaker called Rep. McInnes to the chair.

When the committee arose it submitted the following report:

Mr. Speaker: The committee of the whole have had under consideration:

House Bill No. 160.

In Section 1, line 7, strike out "own" and insert in lieu thereof the word "fellow".

In line 8 strike out "to negotiate as to rates of pay, hours" and in line 9 strike out "and working conditions".

In line 19 strike out everything after the word "parties" and through line 20 and line 21 through the word "employer" and.

So the motion of Rep. Fuglestad that the Report of the Committee of the Whole be adopted was declared carried.

Rep. Maher: "Mr. Speaker, I would like to have my remarks on House Bill No. 160 recorded in the Journal.

Have we forgotten or did we know what your organized industry did from the day of Pearl Harbor? Let me take you back when the Congress said to industry, "We will guarantee you 7% profit on all war contracts." The record shows they refused to sign a contract for nearly a year after Japan attacked us. No, not until they wrote their own ticket and shoved it down the President's and Congress's throat. Cost plus 10% and then they blamed labor for the high cost of everything. I would like to know how many people read that in the kept press or heard it from the lips of that Dean of News Commentator, Mr. Kaltenbourne.

My job since the end of the war has led me among the common man on the farm and little business men on the main street. I feel that has qualified me to take a stand on the labor bills being introduced here. I learned in my association with these people that something had taught them to hate their brother laborer.

It wasn't long until I learned that it wasn't the laboring

man they hated, but the system that caused him to strike that they really hated.

I couldn't help but see that a well-laid system of propaganda was being spread over the state of North Dakota by so-called traveling men, by the headlines in the kept press and by radio commentators that were being paid for what they said and how they said it. Without much thought one couldn't help but see they all tied in together to accomplish a certain purpose. To prove this point, I was told by a group of farmers and several business men of a large western town that a salesman had informed them that it would cost 35% more for commodities and repairs when they got them and that it was the C.I.O. and Farmer's Union's fault. The salesman went on his way without taking an order.

Again while eating a lunch in another good-sized town in the state, this statement was made, among others, in everyone's presence; that Harold Stassen had communistic leanings, that the cooperatives had already ruined the small businessmen of this state, and they had to be stopped as they paid no taxes.

I have since seen how the people of our neighboring state of South Dakota voted in their general election last fall, and now as I read these anti-labor bills presented here I can readily see why all the propaganda was spread and all the money spent over the state.

Last spring I had the opportunity of traveling for a week and sleeping in the same room with a C.I.O. striker from the J. I. Case plant from Racine, Wisconsin, where I got first hand the worker's side of the strike story. It was then that I realized the real purpose of the propaganda that came from the headlines in the news and over the radio. They were designed to divide and make men hate his brother workers. The light vote cast at the general election last fall proved to me people had fallen for this line. Yes, people were already losing their faith in the government the first year after the war, right in the midst of what should have been the most important election of our history. Yes, we yell to high heaven when a handful of organized people speak in the only voice they have that can be heard.

When the war ended, what happened. We had a Pearl Harbor investigation that nobody cared a damn about. We heard the news commentators and read in the press about a war we were going to have with Russia until nearly everybody decided we might just as well lick them right away as long as we had to do it sometime anyway; then came the well-planned strikes.

Most of the workers who were frozen to their jobs at the beginning of the war were cut down to 40 hours a week, which meant around a 30% cut in take home pay, in the face of a 40% increase in the cost of living. Labor had to strike, they couldn't help it. Organized industries knew they would strike while the public was kept mad and upset by these reports. What was taking place at our seat of government and behind our backs. I ask in all fairness, my brother Legislators, how many times did you see in the headlines or hear over the radio about Congress removing the excess profit tax? Why? Because industry promised production—big production. Did we get it?

The next step was the carry forward, carry back income tax whereby organized industry was guaranteed about 85% as much profit during the first two years of reconversion as they made during the base period of 1939 to 1941. The record shows that J. I. Case Company paid a bigger dividend the first six months they were idle than were made anytime in their history.

How many people in this state were told how labor organizations decide on whether or not they should strike? Just the local take a vote to see if a majority of their members want to give their officers the authority to call a strike vote. If they vote in favor, then the officers decide when to call for a strike vote, and then if a majority favors a strike, it is up to the officers to decide when they are to go on a strike. In the J. I. Case Company, they refused to call a strike then after the workers demanded it, and then not until nearly nine months had passed and all hope of a settlement had failed.

Were the people of this country ever told that all the Case workers ever wanted was the same kind of a settlement that other farm machine factories gave their workers? They were refused and are still being refused the right to work by one stubborn old man who had more money than sympathy for the common people.

I have operated a farm and ranch for 25 years. I have gone broke three times in that period. It was never poor crops that broke me; it was poor prices.

Before every depression there is always a period where labor cannot buy back the thing they produce and the farmer cannot buy back what he produces.

Why couldn't industry, if they wanted to, be fair. Do, as the Congress did for the farmers, guarantee them parity to be figured every 90 days.

What is the associated industries? Nothing more than the chain system of monopolies that are driving out of business our little independent businessmen in our little country towns.

Why are these laws being presented here in North Dakota where we have an agricultural state? Why were they presented to the voters of South Dakota? Just because they knew they had the people's minds poisoned and they were ready to accept them. I wish to say with all sincerity and I believe with all my heart, and I got this feeling from my contacts from the common people that I have worked among for over a year, that we are being played for suckers. That our minds are being made up for us for a purpose. Somebody wants to use us. It could be in 1948; it may be in 1952. I, for one, believe it will surely be by 1956.

Those who are preparing us; those who are doing our thinking for us are failing to study the minds and reactions of the common man. They have been taught to hate the Democrats. They still don't trust the Republicans. They are starting to despise their government.

The 30c wheat bonus was a good example and we helped with that when we sent the resolution from this House criticizing our government instead of those who were responsible for it. Now, these anti-labor laws, each one it seems to me is just another red hot coal we are tossing in the already smoldering flame in the breast of men, and ye

are not too far, I am afraid, from the time it will explode in our faces.

Oh, why can't we pass legislation here that will educate the people; give them all the facts on both sides and let the people make up their own minds.

These laws were not written from the hearts of men that love their neighbors. They were written from the greed of men who love only money.

I ask any person here to check the foreign countries that changed their form of Government, first, they lost faith in their Government, then they lost their faith in God; after that—dictatorship!"

House Bill No. 48
 House Bill No. 37
 House Bill No. 38

House Bill No. 199
House Bill No. 266

REP. LEET, Chairman.

Rep. Link moved that the report be adopted, which motion prevailed, and the report was adopted.

Rep. Halcrow: "Mr. Speaker: I move that we reconsider our action by which we indefinitely postponed House Bill 156, and if I can get a second, I wish to state my reasons and have my remarks printed in the Journal.

Mr. Speaker: Sponsors of this bill feel they should have another chance today to test the farmer and business man's vote in this House for a bill in which we believe both farmers and business men alike are interested.

We want a long-time loan program made available to all who want to buy land or refinance old loans at a low rate of interest, and one that is established solely for the purpose of helping farmers and those interested in the prosperity of agriculture. We all realize, I think, that all wealth in North Dakota comes from the earth—namely fields, pastures, mines, lakes and rivers—and that all other industries are interlocked and dependent on these.

We have some seven thousand names of farmers and men and women in business who request recognition in their desire to have this enabling legislation passed, but on motion yesterday I was denied the privilege of having printed in the Journal a notation that we had such signatories from 44 counties out of the 53 in our State. In all matters affecting so many people, we should give earnest consideration to their requests and not inconsiderate snap judgment action.

The Federal Land Bank coming into the state in 1933 found a condition in North Dakota with finances at the very lowest ebb in our state's history. The Bank of North Dakota was, at that time, holding seventeen million dollars worth of farmer's mortgages. The Federal Land Bank took over these mortgages and in this manner saved the Bank of North Dakota from becoming insolvent.

We believe that the Federal Land Bank left more money in the state to the credit of the farmers and different banks than they ever took out of the state.

I want to read from the Farmers Union Message contained in their recommendations to the 29th Legislative Assembly. I read from page 5 of the recommendations as follows:

"There is another source of public credit already established which the legislature can make available, namely, the Federal Land Bank and Land Bank Commissioner. We would be remiss in our responsibility to veterans and to the agricultural industry if we fail to utilize such an existing credit agency which will provide long-term, low-cost loans that will meet the needs of many would-be farm home owners. Therefore, we recommend an amendment to the anti-deficiency judgment law to exempt the Federal Land Bank, Land Bank Commissioner, and the Bank for Cooperatives—and these particular federal agencies only—from the operation of this law and also to exempt these agencies from the provisions of the Hail Tax Prior Lien Law.

Realizing that the legislature is confronted with the responsibility of formulating a workable farm real estate financing program as well as finding answers to many other urgent problems; we, therefore, respectfully submit the fore-

going recommendations and urge that favorable consideration be given by the Legislature.

Respectfully submitted,
 NORTH DAKOTA FARMERS UNION
 Alex Lind, Chairman
 Legislative Committee."

Rep. Haugen: "Mr. Speaker, I agree with Rep. Halcrow that the Farmers Union is a great organization; I have belonged to it for a good many years. But like all great organizations it has a right to change its mind, I wish to quote from the program of action of the N. Dak. F. U. as adopted at its last convention held in Bismarck on Oct. 26, 1946 as found on page 16 of that program:

'The anti-deficiency judgment act has protected farmers and others, in the security of their homes and future earnings. Its attempted repeal should be vigorously fought.'

It has seemed peculiar to me that in the last session no attempt was made to change the anti-deficiency judgment act after the Farmers Union had made the recommendation quoted by Mr. Halcrow; when such attempt has been made in every other session I have attended."

Rep. Wolf moved a substitute motion that the motion of Rep. Halcrow that the House reconsider the action by which House Bill No. 156 was indefinitely postponed, be laid on the table, which motion carried on a rising vote.

Rep. Welk moved that the absent members be excused, which motion prevailed.

Rep. Semerad moved that the House do now adjourn, which motion prevailed and the House stood adjourned.

KENNETH L. MORGAN, Chief Clerk

ADDRESS OF PRESIDENT LONGWELL OF THE NDAC
on Feb. 12, 1947

President Longwell: "Governor Aandahl, Mr. President, Mr. Speaker, Friends:

It is indeed an honor and a pleasure to take part in this program. Probably more has been written and spoken about Abraham Lincoln than any other American. He not only typifies, in our minds, the possibilities of the American to rise from the humblest beginnings to the pinnacle of his country, to occupy the position of the presidency of the United States with highest distinction even in the most trying of times, but he also is the typical American throughout the world. With the people, particularly those in countries where the finer things of life are not enjoyed as we have them in this country, Abraham Lincoln again typifies the American way of life, probably as no one else has ever done.

Because so many things have been said of Abraham Lincoln, many of them true, he has almost become something of a legendary character in our country. I will not attempt to recount any of the innumerable stories of his life. Probably in the very near future we will have some new information regarding Abraham Lincoln. Sometime during this year there will be released the letters which were in the possession of his son, Robert Lincoln, who just before his death provided that those letters should be released twenty-five years following his own death, and that is this year. Whether there is anything new, we don't know—that remains to be seen.

Abraham Lincoln, among his many characteristics, had the rather unique capacity of being able to state the fundamental principles of government, (particularly American government), in very brief yet at the same time, pointed and clear statements. He made many of these statements, all of them relative to some particular basic principle of American government, and of all good governments. One of those with which we are all familiar was the one in which he said "A house divided against itself cannot stand." That principle, stated in connection with slavery is still one of the good principles that we can follow today and concerning which I would like to say just a few things as they appear to me today as affecting the American scene.

To go back to the years just after the first World War, we saw rise, throughout the world, forms of government which we in this country at least, had hoped were long passed and out-dated, and that they would never again reappear. For various reasons those forms of government grew and for a while flourished throughout the world. They were the forms of government that were built on exploitation of the great masses of people for the benefit of a few individuals who were entirely selfish, who had no concern whatever for the welfare of the citizens of the country over which they ruled. Their entire regimes were built on human suffering and human lives. Their motto was "Divide and Conquer",

and that pretty well typifies their methods. They did everything possible to break down respect for human life. They built on subterfuge, the development of suspicion, the setting of one class of people against another, (even people who had been friends or members of the same family). These people were so affected that they knew not whom to trust and in that chaotic condition of human thought, the dictators grew and flourished. As with any other disease, this infection spread somewhat to our country. We had during these same years, (the 1920's), the development of the gangsters, again people who were entirely selfish—human life to them meant nothing if in taking the lives of others, they could gain. Some of those men attained considerable influence. They flouted the civic governments of our larger cities. They even dared our federal government to do anything to them, and it was not until the federal government took a hand that they found that they were not able to run things as they thought they could.

Also along with this development, there has been somewhat of an increase in class consciousness in the United States to a greater degree than ever before. We have seen economic classes develop and at variance with each other. There has been a considerable increase in race prejudice. We have had, I think, an increase in religious intolerance. Probably it is a reflection or a transference of the tremendous development of these factors in other countries that has spread to this country. The entire chain, of course, eventually developed into the condition which brought on the recent world war, in which it was necessary that we take a hand. It was not a fight of our own choosing but it was one that we could not get away from. Destruction threatened our way of civic life and it was necessary that we settle this war as we had settled the previous world war. We hope it won't be necessary to do the job again.

There has also, in my opinion, developed during the war, and since the war, an attitude that is not at all to the good of this country. It is one of intolerance toward the opinions of others who may differ from the current opinion on any particular subject—from the majority opinion, we might say. Too frequently we find that when an individual or a minority group offer an opinion which is at variance with the opinion of the majority, that that individual or minority group is branded with the name of one of these groups that we have so recently conquered in the war. Too frequently someone who assays to state a particular opinion will be branded as a 'Fascist', or a 'Nazi', or a 'Communist' or some other group name, simply because it is a different opinion from that of the person, or persons, who listens to the opinion.

In this country we have built on the principle of freedom of speech. That is a principle that was enjoyed quite a long time ago by the great Frenchman, Voltaire, who also was adept at putting things in brief statements. In referring to the matter of freedom of speech, he said 'I disagree with everything you say but I will fight to the death to insure you the right of saying it'.

We sometimes, I think, are inclined to fear statements from these groups that were responsible for the development of the war. There is some inclination to go so far as to say that we must not even speak any of the words, or any of the principles voiced by the Nazis, or the Communists,

or the Fascists, or any of the other groups. Anyone who has anything that sounds like a good word for them is branded as being one of them. I would like to point out the fact that if you are going to combat an 'ism' it is a pretty good thing to know what these people are thinking about and if we are going to combat the subversive elements that are working in this country, we had better inform ourselves with the basis they are working on—become familiar with this basis rather than say that if we familiarize ourselves with their philosophy, we will become one of them. That does not necessarily follow. If we know the evils of these groups we can appreciate our American principles far more than we ever have in the past.

I believe that the reason why we have so far successfully combated the various 'isms' that have attempted to gain a foothold in this country are those principles on which our country was first based—freedom of speech and of the press, universal education, the liberty of the individual. This is a country of laws and not of men. And today, as never before, it behooves us as citizens of the United States to see to it that these factors, these forces that have given us this great country and the strong government that we have, are applied more generally than they have ever been in the past.

There are parts of our country in which all of these factors do not, even today, apply. We know that in those areas in which illiteracy is highest, there is more turmoil, less respect for government than in the areas in which literacy is high. I would like then to suggest, strongly, that we do give more attention to the development of these forces of education, freedom of speech and the press, permitting everyone to express himself but using good judgment as we always have in separating the constructive forces from those that we know are attempting to tear down our own American way, and substitute these destructive forces.

Our country has been built on an informed citizenry, and an informed citizenry is essential to democracy. We must know the principles on which our government acts; we must know the opinions of everyone who is prominent, either on a local basis, or a state basis or a national basis, so that we may determine through using our own good judgment on those things that should be supported to carry on in the future as we have in the past. And I hope that those of us who are here now will so conduct ourselves that we can insure that another of the great principles enunciated by Abraham Lincoln shall be carried out to the end—"that the government of the people, by the people and for the people, shall not perish from the earth".

Thank you."

SECOND READING AND FINAL PASSAGE OF HOUSE BILLS

House Bill No. 160. A Bill for an Act to Declare the Public Policy of the State of North Dakota Relating to the Rights of Workers to Associate With Their Fellows, to Organize and to Designate Representatives to Act as Bargaining Agents to Negotiate as to Rates of Pay, Hours and Working Conditions, and the Right of Workers to Decline to Associate With Their Fellows and Their Right to be Free to Obtain Employment Wherever Possible Without Interference; to Require

Labor Unions to File Certain Statements and Reports With the Secretary of State as a Pre-requisite to Their Right to Operate as Labor Unions, to Act as Bargaining Agents for Workers and to Negotiate and Execute Contracts Relating to Wages, Hours and Working Conditions of Workers and Requiring Labor Unions to File a Statement of Their Name, by Which Name They May Proceed and be Proceeded Against in the Courts of This State; to Make Null and Void Contracts Executed by Labor Unions Without Having Complied With the Provisions of This Act; to Provide for the Fair and Impartial Conduct of Elections by Employees on the Questions of Appointing a Bargaining Agent and of Calling a Strike; to Permit Peaceful Picketing of Employers and Making Picketing Unlawful Unless a Majority of the Employees Vote to Strike; to Make Boycotting, Secondary Boycotting and Sympathy Strikes Illegal; to Provide for Issuance of Injunctive Relief by the Courts; and Repealing All Acts or Parts of Acts in Conflict Herewith; and Declaring an Emergency.

Which had been read.

Rep. Johnson of Cass moved that the vote by which House Bill No. 160 was passed be reconsidered and the motion to reconsider be laid on the table, which motion prevailed.

Rep. Nelson: "Mr. Speaker, I want to explain my vote by reading a poem by Edwin Markham:

'Bowed by the weight of centuries he leans

Upon his hoe and gazes on the ground,

The emptiness of ages in his face

And on his back the burden of the world.

Who made him dead to rapture and despair

A thing that grieves not and that never hopes

Stolid and stunned a brother to the ox?

'Through this dread shape the suffering ages look;

Time's tragedy is in that aching stoop;

Through this dread shape humanity betrayed,

Plundered, profaned and disinherited,

Cries protest to the Judges of the World,

A protest that is also prophecy.'"

Rep. Thompson: "Mr. Speaker, I want to explain my vote. I voted 'no' on this bill because I feel it is a slap in the face of honest labor in North Dakota.

First I believe that the farmers in voting on this bill will be inviting the unionization of agricultural labor and I don't think it would be a good thing for the state. I vote 'No.'"

The following House bills, having been read the second time, were placed on

FINAL PASSAGE

House Bill No. 102. A Bill for an Act to Amend and Re-enact Section 5-0320 of the North Dakota Revised Code of 1943, Relating to the Authority of Municipalities to Regulate the Sale of Alcoholic Beverages.

Rep. Culver moved that at this time Rep. Sticka be permitted to make a presentation to the Speaker, which motion prevailed.

Rep. Sticka: "Mr. Speaker, and Members of this House: We are now in the sixth week of this session. We have progressed rather harmoniously under your guidance and direction, Mr. Speaker, and we realize that in order to do a good job even better, a man should have his own equipment. Now, Mr. Speaker, on behalf of my two colleagues, Rep. Culver, Rep. Braun and myself—and further in behalf of the Dickinson State Teacher's College, whose chorus we heard yesterday when they rendered some fine entertainment here, I now present to you, Mr. Speaker, this gavel. This gavel was made by the instructor in the Industry and Art Department of the State Teacher's College from North Dakota Badland's cedar. Mr. Speaker, this equipment is yours, to have and to hold, as a souvenir from the western part of North Dakota."

Speaker Johnson: "I certainly want to express my sincere appreciation to Mr. Sticka and his colleagues of the Stark county delegation, for this very beautiful gavel. And also the State Teacher's College at Dickinson and particularly Mr. Harding, whom I have known since I was a student at the university. I hope that I will not have to use it too vigorously and I am sure I can count on the continued cooperation of all of the members in the future as I have in the past. I thank you very kindly."

Rep. Braun moved that the remarks of Rep. Sticka and Speaker Johnson be printed in the Journal, which motion prevailed.

AMENDMENT. Strike out all of lines 100 to 129, both inclusive, and insert in lieu thereof the following:

"1. Every insurer shall file with the commissioner, except as to inland marine risks which by general custom of the business are not written according to manual rates or rating plans, every manual, minimum, class rate, rating schedule or rating plan and every other rating rule, and every modification of any of the foregoing which it proposes to use. Every such filing shall state the proposed effective date thereof, and shall indicate the character and extent of the coverage contemplated. When a filing is not accompanied by the information upon which the insurer supports such filing, and the commissioner does not have sufficient information to determine whether such filing meets the requirements of the Act, he shall require such insurer to furnish the information upon which it supports such filing and in such event the waiting period shall commence as of the date such information is furnished. The information furnished in support of a filing may include:

- a. The experience or judgment of the insurer or rating organization making the filing,
- b. Its interpretation of any statistical data it relies upon,
- c. The experience of other insurers or rating organizations,
- or
- d. Any other relevant factors.

A filing and any supporting information shall be open to public inspection after the filing becomes effective. Specific inland marine rates on risks specially rated, made by a rating organization, shall be filed with the commissioner."

- 236 1. Accept funds from cities, counties, the
237 federal government, private organizations,
238 and individuals for infancy and maternal
239 hygiene, for other public health work
240 and for the purpose of conducting a survey
241 of existing medical hospitals and related institu-
241a tions,
242 planning of needed hospital construction
243 and for construction and maintenance of
244 such medical hospitals and related institutions.
245 When approved by the governor of this state,
246 the state department of health may match
247 the same from any unexpended portion of
248 its appropriation in accordance with
249 specifications agreed to or required by
250 congressional act. All infancy and
251 maternal hygiene and public health work

252 shall be done under the supervision of
 253 the state department of health; and
 254 2. Do any and all things that may be neces-
 255 sary in order to enable the state of
 256 North Dakota to receive the full benefit
 257 of any Federal laws now in force for the
 258 construction, equipping and maintenance
 259 of medical hospitals and related institutions.

260 SECTION 10. LICENSURE OF MEDICAL HOSPI-
 260a TALS.) After

261 July 1, 1947, no person, partnership, association,
 262 corporation, county or municipal corporation, or
 263 agency thereof, which maintains and operates organized
 264 facilities for the diagnosis, treatment and/or care of
 265 two or more non-related persons suffering from illness,
 266 injury, or deformity, or where obstetrical or other
 267 care is rendered over a period exceeding twenty-four
 268 hours shall be established, conducted, or maintained in
 269 the state of North Dakota without obtaining annually
 270 a license therefor in the manner hereinafter provided
 271 in Sections 11 and 12. Hospitals maintained and
 272 operated by the state or federal government or homes
 273 supervised and licensed by the state board of public
 274 welfare such as those for the aged and infirm and those
 275 for unmarried mothers are not required to obtain a
 276 license under this Act. In the case of hospitals
 277 maintained and operated by the state or in the case of
 278 homes licensed by the state board of public welfare,
 279 the state department of health shall have the responsi-
 279a bility
 280 of inspecting, rendering consultation service, and
 281 making recommendations on phases of hospital adminis-
 281a tra-
 282 tion covered in the standards promulgated by the health
 283 council.

284 SECTION 11. EXISTING MEDICAL HOSPITALS.)
 284a Institutions

285 subject to this Act which are already in operation at
 286 the time of enactment of this Act shall be given a
 287 reasonable time, not to exceed one year from the date of
 288 enactment of this law, within which to comply with the
 289 rules, regulations, and minimum standards provided for
 290 herein.

291 SECTION 12. APPLICATION FOR LICENSE.)

291a Applicants

292 for license shall file applications under oath with the
 293 state department of health upon forms prescribed.
 294 Applications shall be signed by the owner, or in the
 295 case of a corporation by two of its officers, or in the
 296 case of a county or municipal unit by the head of such
 297 governmental department having jurisdiction over it.
 298 Applications shall set forth the full name and address
 299 of the owner of the institution for which license is
 300 sought, the names of the persons in control thereof and
 301 such additional information as the state department of
 302 health may require, including affirmative evidence of
 303 ability to comply with such minimum standards, rules
 303a and

304 regulations as may be lawfully prescribed hereunder.

305 SECTION 13. LICENSES.) Licenses issued here-

306 under shall expire one year after date of issuance or
 307 upon such uniform dates annually, as the health council
 308 may prescribe by regulation. Licenses shall be issued
 309 only for the premises and persons named in the applica-
 310 tion, and shall not be transferable or assignable.
 311 Licenses shall be posted in a conspicuous place on the
 312 licensed premises.

313 SECTION 14. INSPECTIONS AND CONSULTA-
 313a TIONS.)

314 The state department of health shall make or cause to
 315 be made such inspections as may be prescribed by regu-
 316 lation. The health council may prescribe by regulations
 317 that any licensee or prospective applicant desiring to
 318 make a substantial alteration or addition to its
 319 facilities or to construct new facilities shall before
 320 commencing such alteration, addition or new construc-
 320a tion,
 321 submit plans and specifications therefor to the state
 322 department of health for preliminary inspection and
 323 recommendation.

324 SECTION 15. AUTHORITY TO ISSUE, DENY,
 324a SUSPEND

325 OR REVOKE LICENSES.) The state department of
 325a health
 326 shall issue licenses for the operation of institutions
 327 subject to this Act which are found to comply with the
 328 provisions of this Act and such regulations as are
 329 lawfully promulgated by the health council. The state
 330 health officer with the approval of the health council
 331 may, after a hearing, suspend or revoke licenses issued
 332 hereunder on any of the following grounds:

- 333 1. Violation of any of the provisions of
- 334 this Act or the rules and regulations
- 335 promulgated pursuant thereto;
- 336 2. Permitting, aiding or abetting the
- 337 commission of any unlawful act; or
- 338 3. Conduct or practices detrimental to
- 339 the health or safety of patients and
- 340 employees of said institutions; provided
- 341 that this provision shall not be
- 342 construed to have any reference to
- 343 practices authorized by law; and pro-
- 344 vided further that no license shall be
- 345 suspended or revoked for any trivial
- 346 violation.

347 No application for a license shall be denied, or any
 348 licenses suspended or revoked, except after a hearing
 349 before the health council held pursuant to written
 350 notice to the applicant or licensee, served by regis-
 351 tered mail, which notice shall concisely state the
 352 grounds for such denial or for such proposed suspension
 353 or revocation and shall fix the time and place of hear-
 354 ing which shall be not less than thirty days after the
 355 date of the mailing of such notice. After such hearing,
 356 the council shall make an order, either denying the
 357 application for license or granting the same, or
 358 suspending or revoking such license, or dismissing
 359 the proceedings to suspend or revoke as the merits of
 360 the case warrants. The council shall send a copy of

361 its order to the applicant or licensee by registered
362 mail, which shall contain its findings and conclusions,
363 and such order, except an order of dismissal, shall
364 become final thirty days after the date of mailing
365 unless the applicant or licensee appeals therefrom in
366 the manner provided by Section 19 hereof.

367 SECTION 16. NOT APPLICABLE TO CERTAIN
367a LAWS.

368 This Act shall not be construed in any way to restrict
369 or modify any act pertaining to the placement and
370 adoption of children or the care of unmarried mothers.

371 SECTION 17. OFFERING OR ADVERTISING TO
372 DISPOSE OF INFANTS PROHIBITED.) No hospital
372a providing

373 maternity care shall in any way offer to dispose of
374 any child or advertise that it will give children for
375 adoption or hold itself out, directly or indirectly,
376 as being able to dispose of children. However, such
377 hospitals may inform an unmarried mother of child
378 placing agencies licensed by the division of child
379 welfare of the state board of public welfare.

380 SECTION 18. INFORMATION CONFIDENTIAL.)

381 Information other than reports relating to vital
382 statistics received by the state department of health
383 through inspection or otherwise, authorized under this
384 Act shall be confidential and shall not be disclosed
385 publicly except in a proceeding involving the question
386 of license. In the case of hospitals and related
387 institutions providing maternity care, no agent of the
388 state department of health or of any board of health,
389 nor the licensee under the provisions of this Act
390 shall disclose the contents of case records of such
391 institution except:

- 392 1. In a judicial proceeding;
- 393 2. To legally constituted health or
394 social agencies specifically interested
395 in the patients; and
- 396 3. To persons having direct interest in
397 the well-being of the patient, or her
398 infant, and who are in a position to
399 serve their interests should that be
400 necessary.

401 SECTION 19. APPEAL.) An appeal may be taken
402 to the district court from any order of the state health
403 officer or health council, denying an application for
404 a license to operate a medical hospital or related insti-
404a tution,

405 or suspending or revoking a license, or from any order
406 denying an application for a construction project. Any
407 such appeal shall be taken in the manner provided in
408 Chapter 28-32 of the title, "Judicial Procedure, Civil"
409 of the North Dakota Revised Code of 1943.

410 SECTION 20. SAVINGS CLAUSE.) Should any
411 provision or section of this Act be held to be invalid
412 for any reason, such holding shall not be construed as
413 affecting the validity of any remaining portion of
414 such section of this Act, it being the legislative
415 intent that this Act shall stand, notwithstanding the
416 invalidity of any such provision or section.

417 SECTION 21. PENALTIES.) Any person, partner-

418 ship, association, or corporation establishing, conduct-
 419 ing, managing, or operating any institution within the
 420 meaning of this Act, without first obtaining a license
 421 therefor as herein provided, or who shall violate any
 422 of the provisions of this Act or regulations lawfully
 423 promulgated thereunder, shall be guilty of a misde-
 423a meanor,
 424 and upon conviction thereof shall be liable to a fine
 425 of not more than one hundred dollars for the first
 425a offense
 426 and not more than five hundred dollars for each subse-
 427 quent offense, and each day such medical hospital shall
 427a operate
 428 after a first conviction shall be considered a subse-
 429 quent offense.
 430 SECTION 22. INJUNCTION.) The department of
 431 health, in accordance with the laws of the state govern-
 432 ing injunctions and other process, may maintain an
 433 action in the name of the state against any person,
 434 partnership, association, or corporation, for establishing,
 435 conducting, managing or operating any medical hospital
 435a within
 436 the meaning of the Act without first having a license
 437 therefor as herein provided.
 438 SECTION 23. APPROPRIATION.) There is hereby
 439 appropriated out of any moneys in the state treasury,
 440 not otherwise appropriated, the sum of \$20,400.00, or so
 441 much thereof as may be necessary to carry out the pro-
 442 visions of this Act.
 443 SECTION 24. REPEAL.) Chapter 50-13 and sub-
 444 section 1 of Section 54-2113 of the North Dakota Revised
 445 Code of 1943 are hereby repealed.
 446 SECTION 25. EMERGENCY.) This Act is hereby
 447 declared to be an emergency measure, and shall be in full
 448 force and effect from and after its passage and
 448a approval."

And when so amended recommend the same do pass.

MESSAGES FROM THE SENATE

Senate Chamber
Bismarck, February 14, 1947

Mr. Speaker: I have the honor to return herewith the following bill:

House Bill No. 48. A Bill for an Act to Provide for the Establishment, Maintenance, Operation, and Expansion of Nonprofit School Lunch Programs in Schools in the State.

Which the Senate returns at your request.

W. J. TROUT, Secretary.

Senate Chamber
Bismarck, February 14, 1947

Mr. Speaker: I have the honor to return herewith the following resolution:

House Concurrent Resolution "T". A Concurrent Resolution In Recognition of Outstanding Service to the State of North Dakota by G. A. Gilbertson.

Which the President has signed.

W. J. TROUT, Secretary

Rep. Ohnstad: "Mr. Speaker, what I have to say will probably not be controversial—I have been requested to call the attention of the House to the flowers which are distributed through the various parts of the Assembly today. This is Valentine's Day, and the members of the House wanted the lady members of this House, and the staff, to know that

we are not so forgetful or unromantic as to neglect them today.

These flowers have been purchased by voluntary contributions from the members of the House—and the sum and substance of what I have in mind to say is that we do want to present these flowers to Miss Ellingson and Miss Haugland as members of the House, and to Mrs. Smith and the other lady members of the staff in the House, with our good wishes on Valentine's Day from the male members of the House."

Rep. Ellingson: "This is quite a surprise. I don't think I have had as many flowers in all my life as I have had since I came down here. I don't see why someone didn't tell me about this and I would have come down here a long time ago! I have certainly enjoyed my time here. Everyone has been so friendly and so helpful. I worried a lot before I came down here as to how I would fit in. Most of all I worried about the other woman! I wondered whether we would get along. The first day I came down here, she came to my hotel to visit and welcome me; and ever since that she has helped me in many different ways. I want to thank her publicly, and all of you for being so nice to me."

Rep. Haugland: "I wish to thank you, one and all, for the lovely flowers. I have always enjoyed my work in the sessions. You have always been very kind and considerate of the lady members.

I, too, wondered about Miss Ellingson before I came to the session and I assure you that she has become the best friend I have had in the session. She has been helpful in many ways and I am glad we have at least two women in the legislature. I think sometimes things are pretty well divided with two women and one hundred and eleven men! And we have been able to hold our own.

I feel that this session has been very successful and that we have worked harmoniously but we have a great many difficult problems before us to act on yet, and I hope the remaining days of the session will be as harmonious as the first part has been."

Rep. Falconer: "Mr. Speaker, I feel that the male members of this body are the lucky ones. The ladies have beautiful flowers, it is true but they will fade in a short time but the male members have these two lovely valentines that will last the full sixty days."

Rep. Halcrow moved that the remarks of Reps. Ohnstad, Ellingson, Haugland and Falconer be printed in the Journal, which motion prevailed.

HOUSE CONCURRENT RESOLUTION "V"

Introduced by Representatives McInnes, Bagge
and Wambheim

A concurrent resolution memorializing the Congress of the United States to extend the time for availability of funds under the Federal Aid Act of 1944.

BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF THE STATE OF NORTH DAKOTA, THE SENATE CONCURRING THEREIN:

1 WHEREAS, The Federal Aid Highway Act of 1944
1a authorized
2 the apportionment of certain funds for each of the first
3 three successive postwar fiscal years for federal aid
3a high-
4 ways, the federal aid secondary roads, and for projects on
5 the federal aid highway system in urban areas; and
6 WHEREAS, Section 4(d) of said act provides that
6a any sums
7 so apportioned to any state shall be available for ex-
7a pendi-
8 ture in such state for only one year after the close of the
9 fiscal year for which it is apportioned and that any sum
9a so
10 apportioned that remains unexpended at the end of such
10a period
11 shall lapse and revert to the Treasury of the United
11a States;
12 and
13 WHEREAS, The aforesaid provisions of Section 4(d)
13a of
14 said act will operate to cause each state to lose any
14a portion
15 of such funds apportioned to it for the first postwar
15a fiscal
16 year that may not be expended by June 30, 1947; and
16a for the
17 second postwar fiscal year not be expended by June 30,
17a 1948;
18 and for the third postwar fiscal year not expended by
19 June 30, 1949; and
20 WHEREAS, The highway departments of many of the
20a states
21 are certain that the elements of inflation and the acute
22 shortages of labor and engineering personnel, materials
22a and
23 equipment that are known to exist will make it impossible
23a to
24 have these funds expended within the time now prescribed
24a by
25 said Act, and said highway departments and the public
26 generally realize that the need for the expenditure of such
27 funds on highway work is, and will be, more intensified by

28 reason of obsolescence, deterioration, increased unit
 28a costs,
 29 and ever mounting traffic volumes;
 30 NOW, THEREFORE, BE IT RESOLVED by the
 30a House of Repre-
 31 sentatives of the State of North Dakota, the Senate
 31a concur-
 32 ring therein, that the Congress of the United States be
 32a and
 33 hereby is memorialized and petitioned to enact suitable
 34 legislation to extend the periods of availability of such
 35 funds for twelve (12) months after June 30th of each
 35a of the
 36 years 1947, 1948 and 1949; and
 37 BE IT FURTHER RESOLVED, That copies of this
 37a resolution
 38 be sent to the President of the Senate and to the Speaker
 38a of
 39 the House of Representatives of the Congress of the
 39a United
 40 States, to the Federal Works Administrator and the
 41 Commissioner of Public Roads of the United States, and
 41a to
 42 North Dakota's delegation in Congress.

HOUSE CONCURRENT RESOLUTION "W"

Introduced by Committee on Agriculture

A concurrent resolution to the Congress of the United States petitioning Congress to strengthen present sanitary requirements governing the importation of livestock and livestock products and to appropriate additional funds to the Bureau of Animal Industry, United States Department of Agriculture, in order that border inspection may be improved and a system of patrol established along the northern boundary of Mexico to guard against the importation of people, animals and materials carrying the infection of foot and mouth disease, and also petitioning Congress to offer to the government of the Republic of Mexico such facilities as may be available from the Bureau of Animal Industry, United States Department of Agriculture, and appropriating money to provide for such facilities and to extend aid to the government of the Republic of Mexico in order that foot and mouth disease may be eradicated.

TO THE PRESIDENT OF THE UNITED STATES AND TO THE HONORABLE SENATE AND HOUSE OF REPRESENTATIVES OF THE UNITED STATES IN CONGRESS ASSEMBLED:

1 WHEREAS, Foot and mouth disease now exists in
 1a livestock
 2 in the Republic of Mexico; and
 3 WHEREAS, The disease has spread rapidly into a
 3a number of
 4 states in the vicinity of Mexico City and has now
 4a reached as
 5 far west and north as the State of Zacatecas; and
 6 WHEREAS, It is extremely doubtful if the government
 6a of
 7 the Republic of Mexico can eradicate this disease from
 7a their
 8 livestock without additional assistance; and

9 WHEREAS, The presence of foot and mouth disease
 9a in the
 10 Republic of Mexico presents a very definite threat to the
 11 prosperity of the livestock industry and the entire
 11a economic
 12 welfare of the United States;
 13 NOW, THEREFORE, BE IT RESOLVED BY THE
 13a THIRTIETH LEGISLA-
 14 TIVE ASSEMBLY OF THE STATE OF NORTH DA-
 14a KOTA, THE SENATE AND
 15 HOUSE OF REPRESENTATIVES CONCURRING, That
 15a we earnestly peti-
 16 tion the Congress of the United States to strengthen the
 17 present sanitary requirements governing the importa-
 17a tion of
 18 livestock and livestock products from Mexico and from
 18a other
 19 countries in which foot and mouth disease exists.
 20 BE IT FURTHER RESOLVED That we earnestly
 20a petition Con-
 21 gress to appropriate additional funds to the Bureau of
 21a Animal
 22 Industry, United States Department of Agriculture, in
 22a order
 23 that border inspection may be improved and a system
 23a of patrol
 24 be established along the northern boundary of Mexico
 24a to guard
 25 against the importation of people, animals and materials
 26 carrying the infection of foot and mouth disease.
 27 BE IT FURTHER RESOLVED That we petition and
 27a urge the
 28 Congress of the United States to offer to the govern-
 28a ment of
 29 the Republic of Mexico such facilities and assistance as
 29a may
 30 be available from the Bureau of Animal Industry, United
 31 States Department of Agriculture, and to appropriate
 31a funds to
 32 provide for this assistance and to provide direct financial
 33 aid to the government of the Republic of Mexico in
 33a order that
 34 foot and mouth disease be eradicated from their livestock.
 35 BE IT FURTHER RESOLVED That a copy of this
 35a Concurrent
 36 Resolution be forwarded by the secretary of state to the
 37 President of the United States and to the President pro
 37a tem
 38 of the United States Senate, The Speaker of the House of
 39 Representatives, the Honorable Secretary of State, the
 40 Honorable Secretary of the United States Department of
 41 Agriculture and to the Senators and Representatives in
 42 Congress from the State of North Dakota with the re-
 42a quest
 43 that they bring this matter forcibly to the attention
 43a of the
 44 Members of the Congress of the United States.

HOUSE RESOLUTION NO. 3

Introduced by Reps. Erickson, Sellens, Fleck
 Resolution to appoint an official photographer for the House

of Representatives of the thirtieth legislative assembly of the state of North Dakota.

- 1 WHEREAS, for historical purposes it has been the

So the motion of Rep. Sailer to place House Bill No. 244 on the calendar was declared lost.

Rep. Sailer: "Mr. Speaker, I want my remarks on House Bill No. 244 printed in the Journal.

Much has been said about the competition of eastern and western coal. There have been no facts or figures to prove this statement. I am convinced that this will not become a factor because oil and other fuels are much higher and those people who change to these other fuels are doing so because of their convenience and they are a cleaner fuel, and less work. However, if the competition of oil and eastern and western coal are factors, I am sure that the lignite producers can absorb the small tax of five cents per ton. The Truax-Traer Company, which operates in Mercer county, produced in the calendar year ending June 30, 1946, 409,686 tons of coal at an average price of \$1.44 per ton at the mine or a total sales value of \$591,621.88 at the mine was paid. In this same period, wages were paid of \$132,527.75, which means a gross profit of \$459,094.13, or about \$1.13 per ton gross profit, after wages are paid. This is quite a handsome profit. I wonder how many businesses in this state can show such a profit.

House Bill No. 244 has a lot of merit and should concern everyone in the state. I feel we should be more concerned with the farmers and taxpayers of the state than with the outside interests going broke. I am sure that they won't go broke. These people have no interest in the state other than selfish interest to make as much money as they can at the expense of the farmers and taxpayers of North Dakota. When they have stripped us of our wealth, they will go out of the state and leave us with our mountains of clay.

I am sure the members of the House will give House Bill No. 244 a chance by putting it on the calendar for passage."

The question was now on the original motion of Rep. Engel that the report of the Committee on Finance and Taxation on House Bill No. 244 be adopted, which motion prevailed.

Rep. Welk moved that the vote by which the Report of the Committee on Finance and Taxation on House Bill No. 244 was adopted, be reconsidered and the motion to reconsider be laid on the table, which motion prevailed.

Rep. Erickson moved that the absent members be excused, which motion prevailed.

Rep. Braun of McLean moved that the House do now adjourn, which motion prevailed, and the House stood adjourned.

KENNETH L. MORGAN, Chief Clerk.

FORTY-THIRD DAY

Bismarck, February 18, 1947

The House convened at 2:00 p. m. pursuant to adjournment, with Speaker Johnson presiding.

Prayer was offered by Rev. Opie S. Rindahl of the Trinity Lutheran Church of Bismarck.

Roll Call: All members present except Rep. O'Connor.

Mr. Speaker: Your Committee on Revision and Correction of the Journal have carefully examined the Journal of the

Fortieth Day After Recess and Forty-Second Day and recommend that the same be corrected as follows:

Page 714, line 41, change the figure "245" to "249"

And when so corrected recommend that the same be approved.

REP. HALCROW, Chairman

Rep. Fuglestad moved that the report be adopted, which motion prevailed and the report was adopted.

REPORT OF SELECT COMMITTEE

"Mr. Speaker: Your select committee to investigate the reclassification of farm trucks, wishes to make the following report:

The Motor Vehicle Registration Dept., in making an attempt to properly classify Class "A" and "B" trucks, used a questionnaire that was very poorly drawn.

The information furnished by the applicant did not give the department a reasonable basis to classify the trucks in the "A" and "B" group. Those failing to state what the truck was used for were placed in Class "A". Some applicants who state they were using their truck for general farm hauling were placed in Class "A", while others giving the same answers were placed in Class "B". The Committee realize that it is very difficult for the Motor Vehicle Registration Dept. to properly classify all the farm trucks in the state, but a different method will have to be used than the one that was used in 1946.

We believe the department is trying to correct the mistakes, but there may be some cases that will not be corrected unless the department does contact the cases that are doubtful.

REP. HAUGEN, Chairman.

REP. BAGGE

REP. ERICKSON."

House Concurrent Resolution "U". A Concurrent Resolution Relating to the Re-Classification of Privately Owned Trucks Used for Transporting Agricultural Products, and Requiring the Motor Vehicle Registrar to Notify Such Truck Owners as to Such Re-classification and for Recovery of the Difference in License Fee in Case of Wrongful Classification.

Rep. Bagge asked the consent of the House to amend House Concurrent Resolution "U" as follows:

In line 24, after the word "Dakota", insert the following words: "after correcting the mistakes which are brought to his attention"

In line 25, after the word "immediately", insert the word "notify", and strike out the word "notify" after the word "mail".

In line 26, after the word "reclassification" insert the following words: "where there still remains any doubt of proper classification,"

In line 32, strike the comma after the word "showing"

and insert a period. Strike the balance of the line and all of lines 33 and 34.

And renumber the lines.

Rep. Bubel moved that the amendments to House Concurrent Resolution "U" be adopted, which motion prevailed.

Rep. Bubel moved that the rules be suspended and that House Concurrent Resolution "U" be considered properly re-engrossed and placed on second reading and final passage, as amended, which motion prevailed.

Rep. Fitch: "Mr. Speaker, I find that we have here to-night, a gentleman in this House, who was one time a former schoolmate of mine—he is a resident of Richland county where I was born, and I think it would be very nice, Mr. Speaker, if we extended the courtesy of the floor to a former member from Richland county, Mr. Harley Swanson of Fairmount."

Mr. Swanson: "Mr. Speaker, Members of the House, Ladies and Gentlemen: I consider it a high privilege to appear before you this evening. I realize that to rub elbows with you and to meet you face to face is a high honor and I want to say that it is a good thing to have faith in your fellow men. I believe that if you lose faith in the promises of other men, you have lost everything.

I certainly am well pleased with the voting system which you now have in this assembly, and which is tallying the vote for the first time today, so I am told. It certainly is different from when I was here a few years ago. I believe that you people are doing a very fine job and you have many serious problems to consider. And I think the people of the state as a whole are going to benefit by your actions. I don't wish to take up any more of your time so with your permission I will say 'Thank you'. Goodnight, and God bless you."

Rep. Brickner moved that the rules be suspended and that House Bill No. 322 be considered properly re-engrossed and

- 1 WHEREAS, it has been brought to the attention of the
- 2 members of the House of Representatives of the Thirtieth
- 3 Legislative Assembly of North Dakota, that the Forty-
- 3a third
- 4 day of the Legislative Assembly should be commemorat-
- 4a ed and
- 5 proper acknowledgment made with regard to an import-
- 5a ant event
- 6 occurring on said Forty-third Day; and
- 7 WHEREAS, it has been further brought to the atten-

7a tion of
 8 said members of the House of Representatives that such
 8a event
 9 to be so commemorated vitally affects the future happi-
 9a ness
 10 and welfare of one of its members, Samuel Rudolf,
 10a Representa-
 11 tive of the Thirty-sixth District, Counties of McIntosh
 11a and
 12 Logan; and
 13 WHEREAS, on said Forty-third Legislative Day, being
 13a the
 14 18th day of February, in the year 1947, Representative
 14a Samuel
 15 Rudolf was united in the holy bonds of matrimony to Miss
 16 Ernestine Ketterling, at St. Andrews Lutheran Church at
 17 Zeeland, North Dakota; and
 18 WHEREAS, the members of the House of Represen-
 18a tatives are
 19 aware of the importance of such event and desire to
 19a recognize,
 20 commemorate and publicly acknowledge the same, and
 20a duly and
 21 properly congratulate its said Member in having joined
 21a the
 22 ranks of the majority of the membership of the House;
 23 NOW, THEREFORE, BE IT RESOLVED by the
 23a House of Represen-
 24 tatives of the State of North Dakota, that we do hereby
 24a extend
 25 our hearty congratulations to Representative Samuel
 25a Rudolf,
 26 our best wishes to his wife, our sincere hope that their
 26a union
 27 may be a long and happy one, that good fortune will
 27a smile on
 28 them during all of their years, and that they will be
 28a blessed
 29 in the traditional manner of married people.

W. J. TROUT, Secretary.

The Speaker announced that the House would be on the eighth order of business.

Rep. Bubel moved that the following poem by a former member of the House and of the Senate, R. A. Owings, be read from the desk and printed in the Journal, which motion prevailed.

THE BLIZZARD OF FORTY-SEVEN.

by R. A. Owings

'Twas the 6th day of February, I will relate,
The wind started blowing at a rapid rate,
No snow on the ground, it was all in the air,
And enough to make a preacher swear.

All thru the night the wind did roar,
And at daybreak it was worse than before.
I hurled snow drifts and got to the barn
With shovel in hand, a milk pail on my arm.

I shoveled and shoveled in search for the door,
Till all out of breath and could shovel no more.
I went to the corral and oh, what a sight!
The angus cattle had turned snow white!

The horses were standing outside the door,
Longing to set foot on the concrete floor.
When the door rolled open they rushed to their stall,
As much as to say, "That storm beats all!"

After feeding the stock from the old hay mow,
I managed to find the house somehow.
When safely inside I firmly decided,
Not to go out again till the storm subsided.

But three days it raged and that is no yarn!
So much snow in the air we couldn't see the barn.
I could not wait for the storm to abate,
And kept on doing chores both early and late.

The storm being over and the skies now clear
We are apt to forget the day of the year.
With snow drifts towering way up in the heaven
You will always remember it was forty seven.

'Tis during such blizzards we wish for spring
When the crocus blooms and the birdies sing
And summer days with their warm showers
When the bright sun shines for eighteen hours.

We may wish it were the fourth of July
Or some other day when the temperature is high
And may long for the time to harvest grain
After prayers have been answered to give us rain.

You may dislike our winters of snow and ice
And search the world over for a paradise,
Then finally come back to our prairies grand
And declare North Dakota the best place in the land.

Where people are kind and generous too,
If misfortune befalls you, they'll see you through.
Among friendly people is a grand place to live,
Altho there are times when the blizzards bliz!

The Speaker announced that the House would be on the fifth order of business.

REPORT OF STANDING COMMITTEE

There were ayes, 98; nays, 7; absent and not voting, 8.

So the bill passed and the title was agreed to, and the emergency clause was declared carried.

The Speaker announced that the House would now be on the fifteenth order of business.

Rep. Bubel moved that a committee of three be appointed to escort Rep. and Mrs. Sam Rudolf to the rostrum, which motion prevailed and the Speaker appointed as such committee Reps. Brickner, Wolf and Schuler.

Rep. Bubel moved that Rep. Brickner be recognized at this time, which motion prevailed.

Rep. Brickner: "Mr. Speaker, Ladies and Gentlemen of the House, and our distinguished guests. I have been given the very great privilege, this afternoon, to extend, on behalf of the House, (and especially of the majority faction), our sincere congratulations and our wishes for happiness to this newly married couple. They are going to form their own house but I hope that they do not, in forming their house, take as an example those that we sometimes set in our House here.

You see before you the distilled wisdom of the State of North Dakota, and while we at times have our differences and our factional fights, there are some things in which I assure you there is no partisanship. And those are the things that affect the heart. While we may differ on many things, there is one thing on which we are agreed—we are all human beings, (in spite of our actions sometimes). We have human emotions and human feelings and it gives us all a great deal of pride and satisfaction to wish that you, in setting up your house, will conduct it in such a way that it will bring to you much happiness and prosperity.

I think it was Ruskin who said that "Even tho the sky may be the only roof and the stars at night the only sentinels, where a true woman is—that is home".

As a testimonial of our affection and of the sentiment on this occasion, of the members of the House—we wish to present to you something more substantial than mere words and it now gives me great pleasure to give to you this 96 piece set of china and in addition, we are very happy to express our sentiment by giving to you this 36 piece set of silver—and with this goes our affection and our best wishes. Thank you."

Rep. Bubel moved that Rep. Schuler be recognized at this time, which motion prevailed.

Rep. Schuler: "Mr. Speaker and Ladies and Gentlemen of the House: I didn't think I was supposed to say anything but I greatly appreciate the honor that Speaker Johnson

gave to me when he appointed me on this committee and the confidence they placed in us when they let us spend this money, which was voluntarily donated. You have seen what the greatest part of this money was spent for but we had a little left over so we went down and shopped around, and Mr. Wolf and I found one thing that we thought would do very nicely for the new bride because she said she was a little lonesome while her husband is up here voting and fighting here in the House. We thought perhaps she would find this little doll very useful at this time."

Rep. Bubel moved that Rep. Wolf be recognized at this time, which motion prevailed.

Rep. Wolf: "Mr. Speaker, Ladies and Gentlemen of this House: It is indeed a great honor to me to be here on this rostrum today for the purpose of presenting to one of my colleagues from my home district (who happens to be the baby representative in this 30th legislative session), a copy of a resolution that we have passed here yesterday which is signed by Speaker Vernon M. Johnson and Chief Clerk Kenneth L. Morgan. I know that for many years to come, Rep. Rudolf who is a member of this legislative session, and who entered into the bans of matrimony during this session of 1947, will many times look at this resolution and that he will remember each and every one of us that have served with him during this session. I know that he will never forget what you members have done for him today to make it possible for your committee to buy them these essential gifts that Mr. Schuler and I selected. It was too bad that Rep. Fitch couldn't take part due to the fact that he had to go home, but he said he had full confidence that we would make the best selection possible."

Rep. Bubel moved that Rep. Rudolf be recognized at this time, which motion prevailed.

Rep. Rudolf: "Mr. Speaker, Members of the House—I really don't know what to say or how to express myself but I really want to thank you from the bottom of my heart, and also to thank you for my wife, for this wonderful resolution. I assure you that it will be appreciated and read, as long as we live.

I also want to thank the employees and the members of the House that so graciously donated the money to buy these beautiful gifts.

I really can't express myself further because I am about ready to fall apart, so again I thank you very kindly."

Rep. Bubel moved that the Committee of Three, composed of Reps. Brickner, Wolf and Schuler, escort Rep. and Mrs. Rudolf to their seats, which motion prevailed.

Rep. Bubel moved that Rep. Holand be recognized at this time, which motion prevailed.

Rep. Holand: "Mr. Speaker, the Newly-Weds, and Friends: I think it is a real honor to have the privilege to congratulate the happy couple and to wish them much happiness and success down through the years. There are a great many things that might be said on an occasion of this kind as words of wisdom, or suggestions to the newly-weds. I am sure the committee did not have any extended remarks in mind when they called upon me for if they had, they would have called upon Rep. Falconer or Rep. Bymers!

As I said, there are a great many things that might be said—one thing that might be said on an occasion of this kind in wishing happiness to this couple, is that all of their troubles might be little ones. But I am not going to say that! The Committee must have had something like that in mind when they presented you with this ninety-six piece set of china!

We might say this tho—we notice your great happiness—you are blushing a little in your very contented state of matrimony. We hope these little courtesies that you will extend to each other through the early days of your married life will continue with you down through the years, for these little kindnesses and courtesies smooth over many problems in the road of life. I hope you won't find yourself in the situation of a man who attended church services one evening. The minister said that often married men are inclined to overlook little thoughtfulnesses for their wives, and take them for granted. This man had been married for several years and he felt that this was true so he decided that he would stop at a floral shop and take some flowers to his wife. So he bought her a nice bouquet of roses but as he was coming into the house that evening with that large bouquet of roses, something tipped his hat over and it went down over his eyes. He came stumbling in and as soon as his wife saw him, she began to cry. He couldn't understand it—here he was bringing home this big bouquet of roses and here his wife was crying. He said "Why, Helen, what is the matter?" and she replied "Oh, just everything is going wrong today. The baby got sick—I fell down the steps and hurt myself and now you come home drunk".

Seriously speaking tho, we are very happy that we can enjoy this historic occasion of presenting these flowers to you in token of our regard. We feel this is a historic occasion because as far as I can determine this is the first time any representative of the State of North Dakota has felt that he was able to get married at the same time that he has been up here in this legislative battle. We feel that you are a very good man, Mr. Rudolf, to take part in this activity and get married besides!

It is my privilege and honor to extend to both of you our highest regards and very, very best wishes for many many years of happiness."

Speaker Johnson: "At this time I wish to publicly thank Rep. Bubel and the committee, and Rep. Holand for their part in these arrangements, and for doing a very fine job; and to congratulate Rep. and Mrs. Rudolf. And I am sure I speak for all the members of the House."

Rep. Bubel moved that the above speeches be printed in the Journal, which motion prevailed.

Rep. Bagge moved that Senate Bill No. 119 be placed at the head of the calendar, which motion prevailed.

The following Senate bills, having been read, were placed on:

FINAL PASSAGE

Rep. Sticka moved that House Joint Memorial Resolution

No. 5 be printed in the House Journal, which motion prevailed.

Reading—Senate Memorial Resolution....Senator Nordhousen
Speaker.....A. R. Bergesen

Former Speaker of the House of Representatives, Hon. A. R. Bergesen:

“Governor Aandahl, Mr. President, Mr. Speaker, Members of the Supreme Court, the elected State Officials, Members of the Legislature of North Dakota and Friends: I appreciate the applause which accompanied the introduction. To me it was a sign of welcome and you know when you come back to where you have been before, it is nice to feel that you are welcome. I am reminded of a little story. While this is a memorial session, we don't necessarily have to keep entirely on the solemn note. They tell the story of the gentleman who brought a little dog to a veterinary and said “I want you to dock this dog's tail. I want you to dock it so short that there isn't anything left.” “Well,” the veterinarian said, “that is certainly unusual. We ordinarily leave an inch or two. Won't you let me leave an inch or so?” The man said, “No, not a bit. I want that tail cut just as close to the body as you can get it and I will tell you why. Next week my mother-in-law is coming to visit us and I don't want a single sign of welcome in that house.”

I am glad I am not in the position of that mother-in-law! You have listened here this afternoon to the music rendered by this fine band, composed of high school students who have come all the way from Rugby to entertain you with their splendid music; you have listened to the fine blending of voices of these boys and girls from Mandan; and you have listened to the memorial resolutions which have been adopted here in memory of the departed members of former sessions of this legislative assembly. It is very fitting and proper that we should meet on an occasion like this and so memorialize the former members who have gone before. Only last evening, one of the members of the present session departed from this life. I say it is fitting that we should do this. I feel however, that it is also fitting in line of the sacrifice which they have made and the constructive efforts they put forth in behalf of the people in the state of North Dakota that we should not leave this assembly without having given some thought to some of the problems that come before us as citizens of this state and of this nation.

We are meeting today also on the birthday of the first president of this country.

The month of February stands out among the months of the year because it was the birth month of our two most revered presidents. As legislators, it is of interest to us to know that both had had legislative experience before they ascended to the presidency. Both were defeated the first time they ran, but in each case, they persisted and succeeded.

George Washington served as a member of the house in the Colonial legislature of Virginia from 1759 to 1775. He also became a member of the First Continental Congress. Of his work in that Congress, the great orator Patrick Henry said “If you speak of solid information and sound judgment, Colonel Washington is unquestionably the greatest man on the floor”.

Abraham Lincoln served in the House of Representatives in the state of Illinois from 1834 to 1840. He was the leader of the Whig party. He was the candidate of his party for speaker in 1838 and 1840, but there were not quite enough votes on his side to elect him. Thereupon he became minority floor leader at both sessions. I call attention to this fact because it may be a matter of consolation to Senator Streibel and Representatives Bubel and Haugen. They now hold positions similar to that held by Abraham Lincoln.

Every house must have a strong foundation if it is to stand. In our Republic, the states form the foundation. The superstructure is the Union or Federal government. Washington's great contribution to civilization was in the formation of the entire structure; Lincoln's was in its preservation. Washington worked toward uniting the states to form the Union; Lincoln labored to hold the states together to preserve it. Both men recognized that the success of the nation depended upon the states as a strong foundation, bound together by the mortar of common purpose.

That brings me to the question I wish to discuss with you this afternoon.

What is the place of local or state government in our American Republic? Where should the authority of the state end and that of the Federal government begin?

To fully understand this question, it is well to go back to the founding of our Republic.

It will be one hundred and sixty years next May 25th that duly selected representatives from a majority of the colonies met in Philadelphia for the purpose of drafting the framework for a national form of government. Serving without compensation and paying their own expenses, these men labored through the hot summer months and emerged in September with a charter of government, which the great English Prime Minister, William Gladstone, characterized as the greatest instrument of government ever struck off at a given time by the brain and purpose of man.

These men, familiar with the history of governments and having but recently felt the lash of a despotic ruler were determined to establish here in America, a land in which men might be free—free to express their own opinions; free to assemble as we are assembled here; free to worship God or not to worship as they chose; free to choose their own occupation; free to work or not to work, as they saw fit, so long as they did not encroach on the rights of others. In the Bill of Rights they placed certain definite restrictions upon the national government for the protection of the individual; guaranteeing the security of people in their persons and homes and against unreasonable searches and seizures; protecting the citizen from deprivation of life, liberty or property without due process of law, and guaranteeing the right of trial by jury. They recognized that human rights and property rights go hand in hand. They knew that personal safety and safety of ownership are inseparable. They knew that each is fundamentally essential to the other, if we are to be assured life, liberty and the pursuit of happiness.

A fundamental principle underlying the Constitution was that the federal government acquired only such authority and power as had been given up by the states. To the states was reserved all powers not so granted.

In order to bring these things to pass and to guarantee that there be no infringement of state rights in the future, they set up certain safeguards. These safeguards, today, have been largely destroyed. I shall mention only two.

The first has to do with taxation. These men recognized that the unlimited power of taxation is the power to destroy. The control of the people over the public purse was carefully devised and set up in the Constitution. As one instance, it prohibited any direct tax on the people by the federal government unless it be apportioned among the several states on the basis of population.

But in 1913 we changed that. We adopted the 16th amendment authorizing the federal government to levy income and inheritance taxes according to whatever financial success any citizen might have attained. On that power we placed no limitation. Thereby, we let loose an avalanche of new federal centralization that has carried us far from our original principles of local government. From that day to this, the amount of money the federal government can spend has steadily increased, until now it has reached unbelievable figures. With all this money in hand, Congress has been persuaded to appropriate more and more money for more and more functions which had previously been the sole functions of states and local communities. Many of these have been an utter waste of money. Few have been efficiently or economically administered. Some have been important to our general welfare, but, they should have been achieved by methods in keeping with our basic American principle of local self government.

Now that the federal government collects its billions in taxes, it is relatively easy for advocates of any new program to put it over. They simply employ the help of some pressure group, head for Washington and concentrate their efforts on the Congress. Congress appropriates a huge sum of money and apportions it to the states on a matching basis on condition that each state conform to certain regulations. The offer is irresistible and the states tax their citizens more in order to get that money. Another federal bureau is set up in Washington with several thousand additional employees. This system goes on and on, ever expanding. The hold of Washington on the individual lives of the people becomes tighter and tighter, and the participation of the people in their local government becomes less and less.

In 1946 the people of North Dakota paid the federal government over 45 million dollars in income and inheritance taxes. That is more than 90 million dollars for the biennium. At the same time you, as legislators, are wrestling with the problem of keeping your appropriations within 20 million dollars, the total estimated income of the state for the biennium. National defense and such projects as the Missouri development are national in character, but the number of projects purely local in character in which the federal government concerns itself is appalling. Every dollar sent to Washington is pretty well used up before it returns.

The story is told of a little boy who wanted to build himself an aeroplane. He had no money and he needed one hundred dollars. At night, when he went to bed, he prayed to God to send him one hundred dollars. Night after night he prayed, but there was no answer. So he wrote a letter

and addressed it to God. The postoffice department, not knowing the Lord's address, sent it to the White House. The President felt that such a worthy appeal should be answered and he sent the boy five dollars. The young lad wrote to God and thanked him for answering his prayers, but, he said, "I think you should know that your letter went by way of Washington, and those bureaucrats took out ninety-five per-cent".

No one can seriously question the advisability of income and inheritance taxes. They are among the fairest and most equitable methods of taxation that we have. But we may well question the wisdom of granting the federal government unlimited authority to sap the financial strength of our people to such an extent that we do not have left sufficient means to properly and adequately support our own institutions and our own necessary activities. What could we not do for our schools, our institutions, our aged people, our highways, and our other state activities if we had a fair portion of that 90 million dollars. What is more—we could use it as we deemed best, without dictation from Washington. It is time that our state and all other states join hands with the State of Indiana (see 1947 House Journal pgs. 509-10) and resist being considered the adopted child of Washington, D. C.

It is only natural that there have been set up in Washington, over the years, individuals and bureaus with almost unlimited authority to solve our individual problems. Their job has been to work out a so-called planned economy. As a result of their planning, we are short of sugar, shirts, suits, underwear, soap—even toilet paper. The things we need most, these we cannot buy. These planners always forget some important factor. Even back in the days of Henry Wallace's Ever-Normal Granary Plan, which sounded so good and useful—Mr. Wallace forgot that he could not control the weather. It proved to be a serious oversight in his plan. There is no politics intended in what I am saying. Mr. Wallace has been both a REPUBLICAN and a DEMOCRAT. I am speaking on a matter of principle only. A bureaucrat is a bureaucrat no matter what his party affiliation may be.

Shortly after the capitulation of Japan, there came from the high places in Washington, the bold assertion that corporations could pay increased wages without an increase in prices. Shortly, this country experienced such a wave of strikes and shutdowns as it had never experienced before. As wage increases were granted, the government found it necessary to grant increases in the price of steel and other basic products and thereby set in motion our present spiral of inflation. One may reasonably ask, why was the government in there, anyway?

Again, our government planners overlooked a very important factor. There is nothing automatically good about an increase in wages. In fact, there is a positive loss to all of us in wage increases unless there is an equivalent increase in production. A smart labor leadership and a smart government leadership after the war would have stressed production, would have encouraged workers to get goods produced to satisfy wants at a reasonable level of prices, while accepting wage increases obtainable by negotiation. Produc-

tion of more goods by more people for more people brings higher wages and lowers the cost of living. Money is not wealth. Goods are wealth. It's how much we can buy with what we have that determines how wealthy we are.

The second safeguard in the Constitution, to which I shall refer, is that provision preserving to each state the right of control over commerce within its own borders, and granting to the federal government control over only that portion of commerce which is "among the several states".

This clause granting to the federal government control only over commerce "among the several states" was jealously guarded and protected by our courts, both federal and state, for almost one hundred and fifty years. Within the last generation, however, we have acquired a completely new federal supreme court, consisting of men espousing an economic philosophy contrary to that expressed by the framers of our Constitution. Today, by judicial interpretation, the jurisdiction of the federal government has become so broadened in its scope and so many fundamental principles of law have been upset, that not even an expert on constitutional law can give an opinion as to what the law is or is not, and be sure that he is right.

For a century and a half the decisions of our courts have given us a fairly accurate yardstick by which to determine what is and what is not interstate commerce. Now, those decisions have been thrown overboard in favor of the federal government. In the last session of the Supreme Court of the United States, for instance, despite the language of the Commerce Clause of the Constitution and despite prior decisions of that Court, it was held that an employee washing windows of an office building was engaged in producing goods in interstate commerce because a substantial part of the building was occupied by a tenant who was a manufacturer of goods which were shipped in interstate commerce. He was not an employee of the manufacturer. He was an employee of the owner of the building. Yet, the Court held, he was engaged in interstate commerce washing windows!

Recently, a federal court held that a farmer in Illinois who sold milk to his neighbor was engaged in interstate commerce because the milk came in competition with other milk which was shipped across the state line. So gradually and yet swiftly, the powers of the states are dwindling and the federal government becomes an octopus. Local, self-government is taken away, and authority rests with the Great Ruler in Washington.

No court has the right to constitute itself, in effect, a constitutional convention for the purpose of rewriting the Constitution of the United States and more particularly where to do so destroys the balance of power between the States and the Central Government and thereby destroys the right of local self-government.

What is the solution? We cannot look to the United States Supreme Court as now constituted for relief. The majority of its members have committed themselves to the philosophy of federal supremacy. Our help must lie with our elected representatives in Congress. I will give you one illustration.

Some two or three years ago, the insurance world was dumbfounded by a new pronouncement by the Supreme Court.

Contrary to a long list of prior decisions, it held that when the agent in one state wrote a policy of insurance for a company whose home office was in another state, that company was engaging in interstate commerce. By that decision the law was changed overnight—not by Congress, not by the people, but by the Supreme Court. The insurance commissioners of the forty-eight states became concerned. They saw here another step to concentrate all power in Washington. They appealed to Congress. Congress has now taken action nullifying, for the time being at least, that decision of the Supreme Court. In my opinion, one source of hope lies with Congress. I am not the least worried as to what Congress will do when the majority of the people make their desires known.

Ladies and Gentlemen, we need to perform some drastic operations in Washington. They must be performed if local self-government is to survive. It must be first on our agenda to return to the states their natural share of governmental responsibility.

But, we cannot rely solely upon Congress. We, as states, must do a better job than we have done in the past. One of the arguments used for usurpation of authority by the federal government is that the states are not performing their full functions.

One means of correcting this situation is by closer cooperation with the other 47 states through the Council of State Governments. If we are to keep abreast of the times; if we are to give to the people of North Dakota the best in modern thought for state government, it is necessary that we keep informed on what other states are doing. The Council of State Governments, of which this state is a contributing member, and which has been carrying on its work for more than twenty years, is the principal existing agency whereby state executives and legislators, by careful research and exchange of ideas may keep the 48 states abreast of each other and abreast of the times. †

This cannot be done by going home at the close of the session and forgetting about the affairs of state until the opening of the next session of the legislature two years later. The means of contact between the legislature and the people; and between the legislature and other states, during the interim between sessions, is the Legislative Research Committee.

It is evident from the compensation paid to our legislators that the people do not fully appreciate the worth of a legislator nor the importance of the legislature. Yet, the laws you adopt are the laws which govern our daily lives. Somehow, the legislature has failed in the field of public relations. Our state executives and the Courts are in constant touch with the people. The contact of the legislature is for but sixty days every two years. Now, the legislature has the opportunity, through the work of the Legislative Research Committee, not only to do a more intelligent job, but also to keep the function of law making constantly before the people of the state.

I pay tribute to the members of the Legislative Research Committee for the fine piece of work which they accomplished prior to the opening of this session. Representing both majority and minority factions, they have put politics aside

and have labored solely on the basis of what is best for the people. The results of the few months since they secured the services of a research director are clearly evident in the more efficient work of the present session.

We cannot have good local government without good legislation. You cannot expect to operate efficiently and intelligently as members of the legislature without having the benefit of careful research. The Legislative Research Committee is a vital part of the legislative function of state government.

The thing of transcendent importance is that by putting governmental responsibility back close to the people and into units of government sufficiently small for them to operate, the governmental capacity of the people will be developed by its exercise. The lessons of history teach us that unless respect for law, love of liberty and the governmental capacity of the private citizen are secured, then the entire superstructure falls.

We are all familiar with the song "America, the Beautiful". America is beautiful. It is beautiful for its lofty mountains and fertile plains; its cities and hamlets; its winding rivers and verdant forests; its pastures of grazing cattle and fields of waving grain; its factories, its farms and its homes. But more than all, America is beautiful for its liberty loving, self reliant people, who have gained and retained their freedom by the constant exercise of self-government.

Destroy local self-government and you destroy the foundation. When that foundation crumbles, our government will go as Greece and Rome went and as every government has gone that forgot to develop the stability of its individual citizenry. It will die as a tree dies, rooted in the soil which is no longer able to sustain it."

BenedictionRev. Wm. Garvin

Rep. Sticka moved that the Joint Memorial Session do now adjourn, which motion prevailed.

The House reconvened at the call of the Chair.

The Acting Speaker announced that Senate Bill No. 201 will be re-referred to the Committee on Judiciary, if there was no objection. There being no objection, the bill was so re-referred.

Rep. Sticka moved that the remarks of former Rep. Bergesen be printed in the Journal, which motion prevailed.

Rep. Wambheim moved that the courtesy of the floor be extended to a former member of the House of Representatives from the 8th district, Mr. Alva, Wambheim, which motion prevailed.

Rep. Sticka moved that the House do now recess until 12:30 p. m. on Monday, February 24th, 1947, which motion prevailed, and the House stood recessed.

KENNETH L. MORGAN, Chief Clerk.

FORTY-SEVENTH DAY AFTER RECESS
AND FORTY-NINTH DAY

Bismarck, February 24, 1947

The House reconvened at 12:30 p. m. pursuant to recess taken on Saturday, with Speaker Johnson presiding.

Speaker Johnson announced that the funeral services for the late Senator Wm. Thatcher would be held immediately in the Senate chamber and that the House would not come to order until the conclusion of the funeral service.

The House reconvened at the conclusion of the funeral service, and the Speaker announced that the House would be on the seventeenth order of business for the purpose of making announcements.

Rep. Graham requested that the House be on the eighth order of business, which request was granted.

Rep. Graham moved that Reps. Fraser, Stair and Acheson, who are the representatives from Bottineau county, be selected as a committee to accompany the body of the late Senator Thatcher to Bottineau, and that their expenses be charged to legislative expense.

PETITIONS AND COMMUNICATIONS

The following communication from the Wahpeton Chamber of Commerce was read, and on motion of Rep. Fitch was ordered printed in the Journal.

"January 9th, 1947

Regular meeting of the directors of the Wahpeton Chamber of Commerce called to order by President Dean Swanson, at the City Hall.

Mr. John Thompson moved the adoption of the following resolution, which motion was seconded by Geo. Fischer.

WHEREAS, The State School of Science of Wahpeton, North Dakota needs additional real estate for the expansion of the school, and

WHEREAS, The Chamber of Commerce is the owner of certain real estate which adjoins the campus of the State School of Science on the north, and

WHEREAS, The Chamber of Commerce is interested in promoting and assisting in the growth and development of the State School of Science,

BE IT RESOLVED, That the Board of Directors of the Chamber of Commerce of Wahpeton, North Dakota, does hereby authorize the transfer to the State School of Science of Wahpeton, North Dakota, the following described real property:

The South Thirty (30) rods of the Southeast Quarter (SE $\frac{1}{4}$) of the Northwest Quarter (NW $\frac{1}{4}$) of Section Five (5), Township One Hundred Thirty-two (132), Range Forty-seven (47), except the west Twenty-seven (27) rods thereof; and the North Twenty (20) rods of the Northeast Quarter (NE $\frac{1}{4}$) of the Southwest Quarter (SW $\frac{1}{4}$), Section five (5), Township One Hundred Thirty-two (132), Range Forty-seven (47), except the West Twenty-seven (27) rods thereof; highway right-of-way is also excepted.

And which property is also described as follows: Commencing at a point 27 rods east of the Northwest corner of the Northeast Quarter (NE $\frac{1}{4}$) of the Southwest Quarter (SW $\frac{1}{4}$) of Section Five (5), Township One Hundred Thirty-two (132), Range Forty-seven (47), thence South 20 rods, thence east 53 rods, thence North 50 rods, thence West 53 rods, thence South 20 rods, to the point of beginning, except highway right-of-way. Said premises amounting to 15 acres more or less.

That the President and Secretary of the Chamber of Commerce are hereby authorized and directed to execute the necessary instruments of conveyance for such transfer, and that the firm of Johnson & Milloy be employed to prepare such instruments of conveyance and to secure an abstract of the property to be conveyed.

That the said real estate is being deeded to the State School of Science for as long as the real estate shall be used by the State School of Science for educational purposes.

That the State School of Science shall be required to pay the 1946 taxes, and all expenses incident to such transfer, including the cost of the abstract and the preparation of the necessary instruments of conveyance and survey if necessary.

That the consideration for such transfer shall be the sum of \$1.00 and other valuable consideration as heretofore indicated in this resolution.

The motion carried and the resolution was adopted unanimously. I certify that the foregoing is a true and correct copy of the resolution adopted January 9, 1947.

E. F. GILLES, Secretary."

Rep. Luick requested that the House be on the eighth order of business, which request was granted.

Rep. Luick requested that Mr. O. J. Lokken be recognized at this time, which request was granted.

Mr. Lokken:

"Mr. Speaker and Members of this House:

A few miles south of Abercrombie and facing both Highway 81 and the rising sun there stands an old church, St. John's, in which from the earliest seventies the voice of the Johnson family rang loud and clear in prayers for mercy and hymns of praise. Some eight or nine miles northwest of Abercrombie stands Richland Church, also facing the rising sun but a mile west of Highway 81. Here it was that Speaker Johnson's great grandfather, Mikkel Berseth, and his family gathered in pioneer days to worship at the altar of the Almighty. In due course of time a scion of the Johnson family met, courted and wed a fair damsel of the Berseth tribe and from this union came the first Speaker of this House from Richland county and probably the youngest Speaker of this House in the history of our State.

The churches I have mentioned face the rising sun. In that respect they are emblematic of the pioneers whose hopes were set on the future. But, though the pioneers had their hopes set on the future, they were not unmindful of the past. In the mad swirl of life we are apt to forget the debt we owe our forbears. Blind worship of the past leads, of course, to stagnation, but a respectful reverence is a much needed stabilizer to help keep us upright. The traditions and history of the past, yes, even apparently insignificant relics and mementoes serve to form a tie that binds.

I have here a gavel made from wood obtained from trees that grew on the farms of Speaker Johnson's grandparents. This gavel was made by a student in Bismarck High School, James Selness, under the direction of Mr. Murdoch, the instructor. Inasmuch as Representative Sticka and colleagues

have already presented you, Mr. Speaker, with a gavel, it may be superfluous to present you with another. And yet, as I have listened to the debates and arguments in recent days it has seemed more than once that two or even more might at times be used.

And now, Mr. Speaker, may I have the honor of presenting you with this gavel with the best wishes of your friends in Abercrombie and vicinity, to have and to hold and to wield, ever mindful of the fact that Righteousness Exalteth a Nation!"

Speaker Johnson: "Thank you, Mr. Lokken, for your thoughtfulness in having this gavel made from trees on the farms of my grandparents and for your kindness in presenting it to me. It will always bring back fond memories of the past and serve as a reminder of the great sacrifices of the pioneers.

It was my good fortune to spend a great deal of time on these two farms during my youth, while three of my grandparents were still alive. My grandparents always took an active interest in community and governmental affairs. It will undoubtedly be of interest to the two Democrats of the House to know that my grandparents on my mother's side, were life-long Democrats.

This occasion is the more memorable for me since my father, P. E. Johnson is here, on the rostrum. He is my strongest supporter and oftentimes, severest critic. Governmental problems have been a common topic of conversation in my home as long as I can remember, so I come by my interest in politics naturally.

I now have three very fine gavels which have been presented to me. It should be possible to take care of any situation that may arise. As in the past, I am confident I will use them sparingly.

Again, in closing I want to extend my sincerest thanks to Mr. Lokken and the others who helped him in making this presentation possible."

The following Senate bills, having been read, were placed on:

So the bill passed, as amended, and the title was agreed to, and the emergency clause was declared carried.

Rep. Gackle of LaMoure requested that the House be on the eighth order of business, which request was granted.

Rep. Gackle of LaMoure moved that a committee of two be appointed to escort a former member of the House of Representatives and of the Senate of North Dakota (who is now United States Senator), M. R. Young, to the rostrum and that he be requested to make a few remarks to the assembly, which motion prevailed. And the Speaker appointed as such committee, Reps. Gackle of LaMoure and Holand.

Speaker Johnson: "It is indeed a pleasure to have Senator Young with us, and I am sure that we are all interested in having him say a word. At this time I am going to ask Senator Young to address us briefly. Senator Young."

United States Senator M. R. Young: "Mr. Speaker, Members of the House of Representatives—I feel quite at home coming back here and oftentimes when things get bad down in Washington, I wish I could be back here where I started in 1933, in the House of Representatives. I served first down in the old theatre building and then again I think I was a member of the first quorum in this House in 1934 when we had the special session. During that special session, there wasn't a quorum in the Senate, and due to the fact that I went into the Senate at the next session, I had the distinction of being a member of the first quorum of the State Senate of North Dakota in this new building. I think perhaps there were one or two others that shared that honor.

It is largely, and almost entirely through the experiences that I gained here in the House of Representatives and in the North Dakota Senate, and through the association with you, and through your good support and loyal friendship through all these years that made it possible for me to go to Washington. I say, in a very humble spirit, that most of you, maybe all of you, could do just as good a job in representing North Dakota in Washington as I do be-

cause I believe North Dakotans are sound in their economic and agricultural views, and their views on all matters.

The Senate of the United States is quite a different body than our two Houses here, but their friendship and the commonness isn't far different. We only have four members of the Senate, who are farmers and only two of those that you could really call actual farmers. So you can easily see why sometimes I get a little lonesome to talk farm problems with someone who can actually talk my language, and North Dakota language.

In the Senate, right now, the hottest subject is that of the budget. The thirty-one and a half billion dollar, or a thirty-three billion dollar budget. The thirty-three billion dollar budget is not half as significant as the objectives back of it on the part of the sponsors. On these two proposals you will find the thirty-one and a half billion dollar budget is supported by the ultra-conservatives. On the other hand the thirty-three billion dollar budget is supported by the middle-of-the-road, or the realistic men who have made careful studies of the budget, and even to obtain the thirty-three billion you are going to have to drastically cut agricultural plans and reclamation, flood control and river development. Along with matching funds for roads, hospitals, airports and the various other projects in North Dakota.

I find that only one western senator that I know of, Senator Cain of Washington, is supporting the thirty-one and a half billion dollar budget. He frankly stated on the floor of the senate yesterday afternoon, that in order to accomplish that goal, drastic cuts would have to be made all down the line, even including reclamation, which is close to all western states. You have others who believe that they can have a thirty-one and a half billion dollar budget and cut every state but their own. In my opinion, you can't have your cake and eat it. A man from Washington, or from an eastern state, could well take that position—they have been benefited by water projects in years past and are in good shape now. The greatest significance is that the chairman of the House Appropriation Committee said it would be necessary to cut \$175,000,000 off REA appropriation. That is a terrific cut when you stop to think that the total appropriation is only \$350,000,000. It would be only a book saving in the first place, largely for political reasons because REA has a record of nearly 100 per cent of repayments. These leaders have stated that in addition to the statements of Congressmen Engel and Tabor we have far too many reclamation projects in process of construction and many that are under construction would have to be stopped.

While I was a member of the North Dakota legislature, altho I had listened to many speeches, I really didn't get the significance of water projects, and particularly reclamation projects, until I got down to Washington and had a chance to visit with the members from other states who have large reclamation projects. One day I was talking to Senator Butler of Nebraska who is interested in farming. He said he had two farms, one is a large cattle feeding and grain producing farm and the other is under irrigation. He said he was going to dispose of his feeding farm and keep his

irrigation farm. I said 'Hugh, why are you going to keep the irrigation farm?' and he said 'That is a gold mine.' Without the use of fertilizer his average yearly production was a hundred bushels to the acre and more.

I wonder how many there are in North Dakota who realize just what a reclamation project will do for us—particularly in the the eastern part of the state. I think it is common knowledge that Fargo and Grand Forks and many eastern cities in North Dakota, have to get along now on a very inadequate supply of water when the dry years come along. If our cities are to develop, we are going to have to provide more water for them. I think that is very important if we are going to continue in this age in which we are living—the atomic age. Most military experts say that to really protect ourselves against such type of warfare, we are going to have to disperse our industries. That time may not be as far off as we think. Perhaps in a few years from now we are going to have to disperse our industries to the smaller cities, scattered all over the United States, to states and cities that have ample water supply to take good advantage of that situation.

Now I think I have some idea of just how busy you are here and just how much work you have to do in these last few days, and I don't want to take any more of your time except to say 'Thank you a million times for the opportunity to appear before you.'

Speaker Johnson: "I think I speak for all the members when I express my sincere thanks for these remarks by Senator Young.

I know all of us in reading the papers and the reports that come out of Washington are concerned about reclamation and REA, and the remarks today are very interesting. I am sure all of us agree that our interests will be well represented in Senator Young."

Rep. Smart moved that the above remarks by Senator Young and Speaker Johnson be printed in the Journal, which motion prevailed.

The Speaker announced the House would be on the fifth order of business.

Mr. Speaker: I have the honor to inform you that the Senate has concurred in the House amendments to:

Senate Bill No. 12

Senate Bill No. 21

Senate Bill No. 61

Senate Bill No. 72

W. J. TROUT, Secretary

Senate Chamber

Bismarck, February 26, 1947

Mr. Speaker: I have the honor to inform you that the Senate has refused to concur in the House amendment to Senate Bill No. 76, and the President has appointed as a conference committee to act with a like committee from the House, on Senate Bill No. 76, Senators: Brunsdale, Nordhogen and Rue.

W. J. TROUT, Secretary

Rep. Grenier moved that the absent members be excused, which motion prevailed.

Rep. Semerad moved that the House do now adjourn, which motion prevailed, and the House stood adjourned.

KENNETH L. MORGAN, Chief Clerk.

FIFTY-FIRST DAY

Bismarck, February 26, 1947

The House convened at 2:00 p. m. with Speaker Johnson presiding.

Prayer was offered by Rev. Harvey Morrison of the Burns Methodist Church of Mandan, North Dakota.

Roll Call: All members present except Reps. Fleck, Roen, Wambheim, and Yirchott.

Mr. Speaker: Your Committee on Revision and Correction of the Journal have carefully examined the Journal of the Forty-Ninth Day after Recess and Fiftieth Day and recommend that the same be corrected as follows:

Page 935, line 48, change the words " be begin" to "of being"

And when so corrected recommend that the same be approved.

REP. HALCROW, Chairman

Rep. Stanley moved that the report be adopted, which motion prevailed and the report was adopted.

FIRST READING OF HOUSE CONCURRENT RESOLUTION

Reps. Falconer, Bubel, Bagge and Bymers introduced: House Concurrent Resolution "Z". A concurrent resolution petitioning congress to enact permanent legislation to maintain a floor of not less than ninety per cent of parity on all basic farm crops.

BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF THE STATE OF NORTH DAKOTA, THE SENATE CONCURRING THEREIN:

1 WHEREAS, the gross debt of the government of the
2 United States has increased from about forty billion
3 to about two hundred sixty billion dollars during the
4 period of World War II from 1939 to 1946; and

5 WHEREAS, interest must be paid annually and the
6 debt gradually liquidated if the government is to be
7 saved from insolvency or bankruptcy; and

8 WHEREAS, it must be self-evident that if we are to
9 avoid lower living standards and if this debt is to be
10 serviced and paid, it must be through the production
11 of new wealth from the natural resources of the
12 United States; and

13 WHEREAS, the national income of the United States
14 and the gross income of agriculture of this country
15 have each only slightly more than doubled during the
16 same time, and these must bear the chief burden of
17 taxes (directly or indirectly) in maintaining the
18 national solvency; and

19 WHEREAS, our gross farm income represents about
20 sixty-five per cent in dollar value of our annual
21 production of new wealth and in turn our national
22 income regularly averages approximately seven times
23 the dollar amount of gross farm income; and

24 WHEREAS, a return to the 1939 price and income
25 levels for farm products would reduce our national
26 income about fifty per cent or from about
27 one hundred sixty billion to less than eighty billion
28 dollars,

29 NOW, THEREFORE BE IT RESOLVED by the
29a House of

30 Representatives of the state of North Dakota, the
31 Senate concurring therein, that we hereby petition
32 congress to pass permanent legislation to maintain
33 a floor of not less than ninety per cent of parity
34 on all basic farm crops, to protect such floor prices
35 with commodity loans of like amount and to prescribe
36 such import duties, excise taxes, or quotas on
37 competitive imports as may be needed to maintain these
38 price levels and our national income and to equalize
39 the differential between the dollar value of our
40 production and that of foreign countries.

41 BE IT FURTHER RESOLVED that copies of this
42 resolution properly authenticated be forwarded by
43 the Secretary of State to the presiding officer
44 of each house of the national congress and to each
45 of the United States senators and representatives
46 from North Dakota.

Was read and referred to the Committee on Agriculture.

Rep. Bubel moved that House Concurrent Resolution "Z"
be printed in the Journal in its entirety, which motion
prevailed.

MESSAGE FROM THE SENATE

Senate Chamber
Bismarck, February 26, 1947

Mr. Speaker: I have the honor to return herewith the
following bill:

House Bill No. 56. A Bill for an Act Making an Appropriation for Salaries and Expenses for the State Seed Department.

For correction of the amendment at your request.

W. J. TROUT, Secretary

Strike out everything after the words "A Bill" and insert, in lieu thereof the following:

For an Act to authorize irrigation districts to issue bonds for the purpose of refunding or paying outstanding bonds,

regulating the issuance and providing for the payment thereof; and declaring an emergency.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF THE STATE OF NORTH DAKOTA:

SECTION 1.) That each irrigation district in this State that has heretofore issued or shall hereafter issue bonds purporting to have been issued for any purpose authorized by law, which bonds have been actually sold and delivered to purchasers for value and constitute an existing indebtedness, may at any time after maturity or before maturity, with the consent of the holder, refund the same and issue and negotiate new bonds for the amount of such indebtedness or any part thereof.

SECTION 2.) When in the judgment of the board of directors of an irrigation district it shall be to the best interests of such irrigation district to issue its negotiable bonds in the name of such irrigation district for the purpose of refunding or paying outstanding bonded indebtedness, or any issue of bonded indebtedness of such irrigation district, as enumerated in Section 1 of this Act, refunding bonds may be issued pursuant to resolutions duly passed at a regular or special meeting of such board of directors. Such bonds may be signed the same as the bonds to be refunded or by such officers of the irrigation district issuing the same as may be designated in the resolutions providing for their issuance.

SECTION 3.) Bonds issued by any irrigation district under the provisions of this chapter shall be made payable serially and the last installment shall become payable not more than forty years from the date of their issue and no bonds shall draw a higher rate of interest than the bonds refunded. Such bonds shall be in such denominations as shall be designated in the resolutions authorizing their issuance, shall bear the date of their issuance and the date of their maturity, shall recite that they are issued under and by authority of this Act, shall be payable to purchaser or bearer, and shall have interest coupons attached to each bond representing each interest payment. Such bonds may be made payable at definite maturities or may provide for payment on or before the specified date of maturity.

SECTION 4.) Said bonds may be exchanged at par for an equal amount of the old bonds of said irrigation district with the holder of said old bonds or may be sold as other bonds of the irrigation district by the board of directors of the irrigation district at not less than their par value and the proceeds applied solely to the payment of the indebtedness for which the old bonds were issued.

SECTION 5.) No more of such refunding bonds shall be issued than are necessary for the purpose of paying the outstanding bonds of the irrigation district issuing the same, as stated in Section 1 of this Act, after applying the cash in the treasury available for the payment of said former bonds, and no bonds issued under the authority of this Act shall be issued or negotiated for less than their par value.

SECTION 6.) All assessments made by an irrigation district for the payment of the bonds to be refunded shall inure to the benefit of the holders of the refunding bonds

and the proceeds of such assessments shall be utilized for the purpose of paying the interest and principal of said refunding bonds, and the board of directors of the irrigation district shall levy an assessment against the lands of the district, as provided by law for levying assessments, sufficient to pay the interest on such refunding bonds and to create a sinking fund to retire such bonds at maturity.

SECTION 7.) All provisions of law relating to the assessment in irrigation districts and the collection thereof for the purpose of raising funds for the payment of bonds of an irrigation district shall be applicable to bonds issued under the provisions of this Act.

SECTION 8. EMERGENCY.) An emergency is hereby declared to exist and this Act shall take effect and be in force from and after its passage and approval.

And when so amended recommend the same do pass.

REP. BYMERS, Chairman.

Rep. Anderson of McKenzie moved that the report be adopted, which motion prevailed and the report was adopted.

The Speaker announced that the report of the Committee on Agriculture on Senate Bill No. 226 will be considered in the sixth order of business on the next legislative day.

Mr. Speaker: Your Committee on Education to whom was referred Senate Bill No. 247, have had the same under consideration and recommend that the same be amended as follows:

Strike out everything after Section 1 and insert in lieu thereof the following:

- 1 SECTION 1. AMENDMENT.) That section 15-4007
 1a. of
 2 the North Dakota Revised Code of 1943 is hereby
 3 amended and reenacted to read as follows:
 4 15-4007. EXPENDITURES OF EMERGENCY
 4a FUND:
 5 MAXIMUM FINANCIAL EFFORT DEFINED; RE-
 5a QUIREMENTS.)
 6 Before it shall be determined that a school district
 7 has made the maximum financial effort to pay for the
 8 operation of its schools, it must appear:
 9 1. That the district shall have provided the max-
 10 um mill levy, which means that in addition to
 11 having provided for the normal maximum levy it
 12 shall have held an election and increased the
 13 normal maximum levy by at least the twenty-five
 14 percent increase allowed by the law. The dis-
 15 trict shall submit an affidavit by the county
 16 auditor stating that such levy has been or will
 17 be spread. A district in which the debt service
 18 levy of the district is twice as large as the
 19 normal maximum levy, shall not be required to
 20 vote at least twenty-five percent increase, but
 21 shall be required to make only the normal max-
 22 imum levy;
 23 2. That revenues from local taxes, and from state
 24 and county sources, have been exhausted;
 25 3. That the district is unable to sell certificates
 26 of indebtedness, in the manner provided by law,
 27 in an amount sufficient to maintain adequate
 28 school facilities; or that it is unable to issue

- 29 either further certificates of indebtedness or
 30 registered warrants, or, if able to issue the
 31 same, that they cannot be marketed;
 32 4. That the budget of the school district for the
 33 fiscal year has been approved by the superin-
 34 tendent of public instruction. Such budget must
 35 include an itemized and certified statement of
 36 the financial condition of the school district
 37 as of the then current date;
 38 5. That the school district has a reasonable teacher-
 39 pupil ratio. (; and)
 40 (6. That the school district does not pay transpor-
 41 tation charges in excess of the amount allowable
 42 under the family system of transportation.)
 43 SECTION 2. AMENDMENT.) That section 15-4011

43a of

44 the North Dakota Revised Code of 1943 as amended and
 45 reenacted by section 1 of chapter 169 of the Session
 46 Laws of North Dakota for the year 1945, is hereby
 47 amended and reenacted to read as follows:

48 15-4011. DETERMINATION OF SUMS DUE DIS-
 48a TRICTS

49 ON PER PUPIL BASIS: REPORT OF COUNTY
 49a SUPERIN-

50 TENDENTS OF SCHOOLS.) The moneys appropriated
 50a to the

51 fund by the legislative assembly from time to time for
 52 distribution to the school districts on a per pupil
 53 basis shall be distributed to the districts in amounts
 54 to be determined as follows:

- 55 1. The county superintendent of schools of each
 56 county, on forms supplied by the superintendent
 57 of public instruction, and on or before the first
 58 day of August in each year, shall report to the
 59 superintendent of public instruction:
 - 60 a. The number of certificated teachers em-
 61 ployed in each district in the county;
 - 62 b. The salary of each of such teachers;
 - 63 c. The number of bona fide resident students
 64 who actually were enrolled in each school
 65 in each district at the end of the pre-
 66 ceding school year and who attended such
 67 schools for ninety days or during such
 68 year; and
 - 69 d. The assessed valuation of the property in
 70 each district on which taxes were levied
 71 for the preceding school year. Such
 72 assessed valuation shall be certified by
 73 the county auditor; and
 - 74 e. The schools included within each school
 75 district of the county;
- 76 2. Where there are less than twenty pupils enrolled
 77 in a one teacher school, the enrollment, for the
 78 purposes of calculating payment, shall be con-
 79 sidered as an enrollment of twenty pupils;
- 80 3. In districts in which there are more than twenty
 81 pupils per teacher, the number of pupils used in
 82 calculating the payments shall be arrived at by
 83 multiplying the number of teachers in the district
 84 by twenty and adding to such product seventy per

85 cent (70%) of the difference between such product
 86 and the number of bona fide resident pupils en-
 87 rolled in schools of the district;
 88 4. The superintendent of public instruction shall
 89 divide the assessed taxable valuation of the
 90 district as shown by the report of the county
 91 superintendent of schools by the number of bona
 92 fide resident pupils in the district determined
 93 under the provisions of this section to ascertain
 94 the assessed taxable valuation per pupil in the
 95 district, and the moneys appropriated for per
 96 pupil payment shall be paid to the several
 97 school districts in the state in amounts in-
 98 versely proportional to the assessed taxable
 99 valuation per pupil in the district. He shall
 100 determine the per pupil payments from the follow-
 101 ing table:

102 Taxable valuation per pupil	Payment per pupil
103 5851-6000	\$.50
104 5701-5850100

132 The per pupil payment for the district multiplied
 133 by the number of bona fide pupils in such district
 134 as used in determining the assessed valuation per
 135 pupil shall be the amount of the payment to the
 136 districts.

137 SECTION 3. AMENDMENT.) That section 15-4012

137a of
 138 the North Dakota Revised Code of 1943 as amended
 139 and reenacted by section 2 of chapter 169 of the
 140 Session Laws of North Dakota for the year 1945, is
 141 hereby amended and reenacted to read as follows:

142 15-4012. DISTRIBUTION OF PAYMENTS ON PER
 142a PUPIL

143 BASIS.) Each school district shall receive one-
 144 half of the amount which the superintendent of public
 145 instruction has determined to be due to it immediately
 146 upon the completion of calculations. The balance of
 147 such amount shall be paid on or before April first
 148 of each year. When the school term in a district
 149 is one of less than nine months, the superintendent
 150 shall determine the percentage which such term for
 151 which the schools in such district actually are open
 152 bears to a nine month term, and such payments shall
 153 be only such percentage of the full payment permitted
 154 under section 15-4011. For the 1947-48 school year
 155 a school district which has levied taxes for general
 156 purposes during the previous year:

- 157 1. (Within seven mills of) Up to its normal maximum
 158 levy, shall receive the full per pupil payment;
- 159 2. Within (eight) one mill (s) of its normal max-
 160 imum levy, shall receive only seventy-five per-
 161 cent of the full per pupil payment;
- 162 3. Within (nine) two mills of its normal maximum
 163 levy, shall receive only fifty percent of the
 164 full per pupil payment;
- 165 4. Within (ten) three mills of its normal maximum
 166 levy, shall receive only twenty-five per cent
 167 of the full per pupil payment;
- 168 5. Which (are) is not within (ten) three mills of
 169 its normal levy shall receive no per pupil pay-
 170 ment from the fund.

171 Thereafter a school district which has levied taxes
 172 for general purposes during the previous year:

- 173 1. Within four mills of its normal maximum
 174 levy, shall receive the full per pupil payment;
- 175 2. Within five and one-half mills of its normal
 176 maximum levy, shall receive only seventy-five
 177 percent of the full per pupil payment;
- 178 3. Within seven mills of its normal maximum
 179 levy, shall receive only fifty percent of
 180 the full per pupil payment;
- 181 4. Within eight and one-half mills of its normal
 182 maximum levy, shall receive only twenty-five
 183 per cent of the full per pupil payment;
- 184 5. Which is not within eight and one-half mills
 185 of its normal levy shall receive no per pupil
 186 payment from the fund.

187 The per pupil payments made to a school district
 188 shall not exceed fifty percent of the salaries paid
 189 by such district to the teachers thereof during the
 190 then current year. The state auditor shall make the
 191 per pupil payments on certificates issued by the
 192 superintendent of public instruction.

193 SECTION 4. AMENDMENT.) That section 15-4018
 194 of the North Dakota Revised Code of 1943 as amend-
 195 ed and reenacted by chapter 170 of the Session Laws
 196 of North Dakota for the year 1945, is hereby amended
 197 and reenacted to read as follows:

198 15-4018. PAYMENTS FROM FUND ON TEACHER-
 199 UNIT BASIS.) To qualify for payments from the
 200 fund on the teacher-unit basis, a school district
 201 shall file with the county superintendent of schools,
 202 its statement giving the name of each teacher em-

203 played within the district, the number of each
 204 teacher's certificate, and the monthly salary paid
 205 to each such teacher. No aid on the teacher-unit
 206 basis shall be given to any district for any teacher
 207 who has not been certificated by the superintendent
 208 of public instruction or who is not teaching in a
 209 district organized by virtue of a special charter,
 210 or who did not receive at least the minimum salary
 211 provided by law. Payments from the fund on the
 212 teacher-unit basis shall be made to the several
 213 school districts as follows:
 214 1. To a school employing one to four teachers,
 215 (one) three hundred (fifty) dollars per year
 216 for each grade or high school teacher-unit
 217 maintained by such district during the then
 218 current year;
 219 2. To a school employing more than four teachers
 220 (one) two hundred (twenty-five) fifty dollars
 221 per year for each grade or high school
 222 teacher-unit maintained by such district dur-
 223 ing the then current year,
 224 subject to the restrictions contained in this section.
 225 For the 1947-48 school year a school district which
 226 levied for general purposes during the preceding year
 227 (within seven mills of) up to its normal maximum levy
 228 shall receive the full teacher-unit payment specified
 229 in this section. A school district which levied for
 230 such purposes during the preceding year within (eight)
 231 one mill (s) of its normal maximum levy shall receive
 232 seventy-five per cent of such payment. A school
 233 district which levied for such purposes during the
 234 preceding year within (nine) two mills of its
 235 normal maximum levy shall receive fifty per cent of
 236 such payment. A school district which levied for
 237 such purposes during the preceding year within (ten)
 238 three mills of its normal maximum levy shall receive
 239 twenty-five per cent of such payment, and a district
 240 which has not levied for such purposes during the
 241 preceding year within (ten) three mills of its normal
 242 maximum levy shall receive no payment on the teacher-
 243 unit basis.
 244 Thereafter a school district which has levied taxes
 245 for general purposes during the preceding year within
 246 four mills of its normal maximum levy shall receive the
 247 full teacher-unit payment specified in this section.
 248 A school district which levied for such purposes dur-
 249 ing the preceding year within five and one-half mills
 250 of its normal maximum levy shall receive seventy-five
 251 per cent of such payment. A school district which
 252 levied for such purposes during the preceding year
 253 within seven mills of its normal maximum levy
 254 shall receive fifty per cent of such payment,
 255 A school district which levied for such purposes dur-
 256 ing the preceding year within eight and one-half mills
 257 of its normal maximum levy shall receive twenty-five
 258 per cent of such payment, and a district which has not
 259 levied for such purposes during the preceding year
 260 within eight and one-half mills of its normal maximum
 261 levy shall receive no payment on the teacher-unit basis.
 262 If the school term in the district is one of less

263 than nine months, the payments on a teacher-unit
 264 basis shall be such fractional part of the full pay-
 265 ment to which the district is entitled as is in-
 266 dicated by the ratio which the number of months
 267 the school actually is opened bears to nine.

And when so amended recommend the same do pass.

KENNETH L. MORGAN, Chief Clerk.

FIFTY-FOURTH DAY AFTER RECESS
AND FIFTY-SIXTH DAY

Bismarck, March 3, 1947

The House reconvened at 12:30 p. m., pursuant to recess taken, with Speaker Johnson presiding.

The Speaker announced that the House would be on the fourth order of business.

A communication from a former member of the House of Representatives, Mr. L. Morland was read.

Rep. Johnson of Cass moved that the communication from Mr. Morland be printed in the Journal.

Rep. Fitch: "Mr. Speaker, I want to second that motion and have my remarks recorded in the Journal. I am very glad to know that former Representative Morland is recovering rapidly.

I notice that again there is no gas bill introduced. Neither is there a horse racing bill introduced, but I want Mr. Morland to know that the reason I didn't introduce a race horse bill this year is because I bought a horse!"

The question was now on the motion of Rep. Johnson of Cass that the communication from Mr. Morland be printed in the Journal, which motion prevailed.

"St. Joseph's Hospital,
Dickinson, N. Dak.,
Feb. 26, 1947

House of Representatives
Vernon Johnson, Speaker,
Bismarck, N. Dak.

Dear Members of the House of Representatives:

Thank you very much for the pretty flowers I just received from you. As I look at them, they seem to fill my room with the pleasant smell of spring and sunshine and it warms my heart to know that you, in the busiest part of the Session, took time out to send flowers to me. I appreciate it deeply and shall remember it as long as I live.

I am progressing nicely; but it will be a week or so before I get out. I had hoped to spend the last days of the Session with you at Bismarck, but I don't think I'll be able to make it this year. I have a radio in my room and a daily paper so I try to keep track of what you are doing anyway.

I sometimes wonder if anybody introduced any so-called "Gas Bills" after I left. I might say that I am still partial to gas for heating and cooking and, this winter I am heating my modest home with propane gas.

Very respectfully yours,
L. K. MORLAND,
(39th District)."

Rep. Johnson of Cass requested that the House be on the eighth order of business, which request was granted.

Rep. Johnson of Cass moved that further consideration of Senate Bill No. 90 be laid over until after two o'clock p. m., on Wednesday, March 5th, 1947, which motion prevailed.

The Speaker announced that the House would be on the seventh order of business.

So the bill passed and the title was agreed to.

Rep. Thompson: "Mr. Speaker, I wish to explain my vote. I voted against this bill because I consider Senate Bills Nos. 43, 44 and 45, unfair and unbalanced. We have passed a bill allowing reciprocity to interstate traffic whereby big trucks run across this state at one dollar a year for each license plate and I will never be a party to increasing the licenses on the old cars and trucks of our state by two and three hundred percent, and on new commercial trucks only twenty-five percent. Therefore I voted 'No'."

Rep. Fitch moved that the vote by which Senate Bill No. 45 was passed be reconsidered and the motion to reconsider be laid on the table, which motion prevailed.

MESSAGE TO THE SENATE

House of Representatives
Bismarck, March 4, 1947

Mr. President: I have the honor to inform you that House Bill No. 114 has been returned from the Governor.

KENNETH L. MORGAN, Chief Clerk.

CONSIDERATION OF MESSAGES FROM THE SENATE

Rep. Johnson of Cass moved that the House do not concur in the Senate amendments to House Bill No. 58, as shown on Page 1085 of the House Journal, and that the Speaker appoint a committee of three to act as a Conference Committee with a like committee from the Senate.

Rep. Haugen moved a substitute motion that the House do concur in the Senate Amendments to House Bill No. 58, which motion lost.

The question was now on the original motion of Rep.

Johnson of Cass that the House do not concur in the Senate amendments to House Bill No. 58 and that the Speaker appoint a committee of three to act as a Conference Committee with a like committee from the Senate which motion prevailed, and the Speaker appointed as such committee: Reps. Johnson of Cass, Gackle of LaMoure, Fraser.

Rep. Fitch moved that the courtesy of the floor be extended to a former member and Speaker of the House, Wm. Crockett, and that a committee be appointed to escort Mr. Crockett to the rostrum, which motion was seconded by Rep. Callahan and prevailed. And the Speaker appointed as such committee, Reps. Fitch and Callahan.

Speaker Johnson: "Mr. Crockett, I think we would all be interested in having you say a few words to us, especially after the attack made on you by two of your former colleagues, you will want to say something in your own defense!"

Mr. Crockett: "Mr. Speaker, Members of the Legislature—It has been a great pleasure to get such a swell introduction as I received this afternoon! I was not aware that I had caused Mr. Fitch and Mr. Callahan so much trouble—if I had known that they took this attitude, I would really have made them some trouble!"

This being escorted to the rostrum is getting to be a habit with me. I have been taking a vacation (by the will of the voters) and I was down in Minnesota last week and was escorted to the rostrum in the Minnesota capitol. I want to say that they are an awfully nice bunch of fellows down there but I told them that we had the best House Chambers, and they agreed with me.

I read in the paper while I was down in Minnesota during the past two or three weeks, that any persons coming up to the legislature as lobbyists are going to be thrown out (tho I think it was the Senate that took this action) and I want you to understand that I am not a lobbyist. I want to stay around awhile but I am not going to give you any advice, and I am not going to tell you how to run your business. I don't think an ex-Speaker of the House has any right to do that, and if you ask my opinion, I think you have had too much advice from ex-Speakers of the House telling you what to do.

But I do think you have had a very easy job this session tho' you may not agree with me. But if we go back and listen to what the voters told us, last year at the election—In the first place, they told you they didn't want you to spend very much money—they still figure that \$4.90 a day was enough for you fellows. The soldier boys don't want any legislature—as I recollect there were something like 45,000 returned veterans of this war and there was eight million dollars we built up for them, to vote on last June but I think there was only 38,000 votes, so it seems the boys don't want anything. And the people don't want you to tax them any more as they turned down that on the 75% base. So I think you have had a very, very easy time this winter. That is the only time I regretted not being in the legislature because you didn't have very much to do.

I just want to say it is nice to get back and see all of you. I just came in a few minutes ago and I guess Mr. Callahan spied me right away even tho I ducked behind the gallery rail. I wanted to see you working for an hour or two and

then I might be able to criticize you, but I didn't have a chance. I really think you are doing a fine job. You have only a few days work left and I understand you are pretty well along. I am not looking for anything down here—I am really on my way West but I couldn't resist the temptation to stay over a couple of days and see all of you.

I hope, Mr. Speaker, that your chair is comfortable. When I was the Speaker, I couldn't lean back—the minority kept me leaning forward every minute, while they kept pecking away at me all the time.

Thank you kindly."

Speaker Johnson: "We are glad you paid us a visit, Mr. Crockett. I have heard several inquiries as to whether or not you would be with us before we finished our work."

Rep. Fitch moved that the above remarks be printed in the Journal, which motion prevailed.

Rep. Johnson of Cass moved that the House do now reconsider its action in signing House Bill No. 114, which motion prevailed.

Rep. Johnson of Cass moved that House Bill No. 114 be returned to the Senate, which motion prevailed.

The Speaker announced that the House would be on the fifth order of business.

REPORT OF STANDING COMMITTEE

Mr. Speaker: Your Committee on Appropriations to whom was referred Senate Bill No. 256, have had the same under consideration and recommend that the same be amended as follows:

At the end of the title, strike out the period and insert a comma and add the following: "and amending Section 54-1504 of the North Dakota Revised Code of 1943."

At the end of the Bill, beginning with line 135, add a new section as follows:

"135 SECTION 6. AMENDMENT.) That Section 54-1504
135a of the
136 North Dakota Revised Code of 1943 be amended and
136a reenacted
137 to read as follows:
138 54-1504. Budget Board Organization Meeting: Chair-
138a man;
139 Secretary; Records. The state budget board shall meet
139a and
140 organize in the governor's office at the state capitol
141 at the call of the governor within thirty days after the
142 close of each regular session of the legislature, and at
143 such other times and places as the governor, or a
143a majority
144 of the board, may from time to time determine. The
145 governor shall be chairman of the board and the state
146 auditor shall be its secretary. The secretary shall keep
147 the minutes of the board and shall record them in a
148 suitable book to be kept for that purpose. The minutes
148a of
149 the board shall be a public record and at all times shall
150 be open to public inspection."

And when so amended recommend the same do pass.

REP. JOHNSON of Cass, Chairman.

Rep. Metcalf moved that the report be adopted, which motion prevailed and the report was adopted.

The Speaker announced that the report of the Committee on Appropriations on Senate Bill No. 256 will be considered in the sixth order of business on the next legislative day.

The Speaker announced that the House would be on the seventh order of business.

"For an Act to amend and reenact Section 60-0701 and Section 60-0702 of the North Dakota Revised Code of 1943, providing for the licensing and bonding of storage companies as public warehouses.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF THE STATE OF NORTH DAKOTA:

- 1 SECTION 1. AMENDMENT.) That Sections 60-0701
- 1a and 60-0702
- 2 of the North Dakota Revised Code of 1943 be amended
- 2a and reenacted
- 3 to read as follows:
- 4 60-0701. LICENSING STORAGE COMPANIES AS
- 4a PUBLIC WAREHOUSES.
- 5 The public service commission may license any suitable
- 5a person,
- 6 firm, or corporation (established) organized under the
- 6a laws of
- 7 this state, or authorized to do business (and having a
- 7a place of

8 business) within the state, to carry on the business of a
 9 (public storage company or a) public warehouse (The
 9a licensee
 10 may keep and maintain public warehouses) for the stor-
 10a age of any
 11 goods, wares, merchandise, or other general or special
 11a commodi-
 12 ties, except grain in bulk. A license to engage in the
 12a business
 13 of a public warehouseman may be obtained by filing an
 13a application
 14 with the public service commission showing:
 15 (1) The city and street address, or a
 16 description of the land, where each
 17 warehouse is located, together with
 18 the business name under which each
 19 such warehouse is operated; and
 20 (2) The kind of property stored in each
 21 warehouse.
 22 Said application shall be accompanied by the bond re-
 22a quired under
 23 section 60-0702 of the North Dakota Revised Code of
 23a 1943, as
 24 amended, and an annual fee of ten dollars, which fee
 24a shall be
 25 paid into the state treasury and credited to the general
 25a fund
 26 of the state. Said license shall be renewed annually and
 26a shall
 27 be issued for the calendar year. Any license which expires
 28 during the years 1947 or 1948 may, upon application, be
 28a renewed
 29 for the balance of the calendar year, and the annual
 29a fee required
 30 hereunder shall be prorated on a monthly basis.
 31 60-0702. BOND OF STORAGE COMPANY. Each
 31a person or corpora-
 32 tion licensed under section 60-0701 shall give a bond
 32a to the
 33 treasurer of the state in the penal sum of five thousand
 33a dollars,
 34 issued by a corporate surety company, (with good and
 34a sufficient
 35 sureties) to be approved by the public service commis-
 35a sion for
 36 the faithful discharge of the duties of a public ware-
 36a houseman;
 37 provided that if the licensee operates more than one
 37a public ware-
 38 house, the bond shall be increased by the sum of five
 38a thousand
 39 dollars for each additional warehouse operated. Said
 39a bond shall
 40 cover all such public warehouses as a whole and not a

HOUSE CONCURRENT RESOLUTION "CC"

Introduced by Representative Fitch

A CONCURRENT RESOLUTION

A concurrent resolution authorizing and directing the Board of Administration to improve the committee rooms and legislative chambers in the capitol building.

BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF THE STATE OF NORTH DAKOTA, THE SENATE CONCURRING THEREIN:

1 WHEREAS, the committee rooms in the state capitol
2 building have proven inadequate during past legislative
3 sessions due to improperly arranged rooms, poor
4 acoustics and ventilation in such rooms, and inadequate
5 furniture and fixtures, and the failure of the air
6 conditioning system to operate properly in the House
7 and Senate chambers,

8 NOW, THEREFORE BE IT RESOLVED by the
8a House of

9 Representatives of the state of North Dakota, the Senate
10 concurring therein, that the Board of Administration is
11 hereby authorized and directed to confer with the
12 legislative research committee to investigate, determine,
13 and correct such inadequacies in such committee rooms
14 by:

- 15 1. Altering, renovating, or remodeling such
- 16 rooms in any manner it may be advisable;
- 17 2. Providing better acoustics;
- 18 3. Improving the present air conditioning system;
- 19 and
- 20 4. Providing proper furniture and fixtures in
- 21 such rooms.

22 BE IT FURTHER RESOLVED that the air condi-
22a tioning

23 system be improved in the Senate and House chambers
24 so as to ventilate such chambers properly.

25 BE IT FURTHER RESOLVED that the Board of
25a Administration

26 after conferring with the legislative research
27 committee may make such contracts as may be
28 necessary to carry out the provisions of this
29 resolution.

Rep. Fitch moved that the House now recess until 3:45 p. m., which motion prevailed and the House stood recessed.

The House reconvened at 3:45 p. m. pursuant to recess taken and the Speaker announced that the House would be on the seventeenth order of business for an announcement.

MESSAGE TO THE SENATE

House of Representatives
Bismarck, March 5, 1947

Mr. President: I have the honor to transmit:

House Bill No. 83. A Bill for an Act Making an Appropriation for the Purpose of Defraying the Expenses of the Maintenance and Operation of the State Highway Department.

Which the Senate has requested.

KENNETH L. MORGAN, Chief Clerk.

CONSIDERATION OF MESSAGES FROM THE SENATE

Rep. Johnson of Cass moved that the House accede to the request of the Senate and that House Bill No. 83 be returned to the Senate, which motion prevailed.

Rep. Johnson requested that the House be on the eighth order of business, which request was granted.

Rep. Johnson moved that the House be cleared of everyone but members of the House (with the exception of the wives of the members), which motion prevailed.

The Speaker announced that the House would be on the fifth order of business.

PETITIONS AND COMMUNICATIONS

Rep. Halcrow moved that the following communication be printed in the Journal, which motion prevailed.

To the Members of the Thirtieth Legislative Assembly:

Mr. G. A. Gilbertson, during his many months of illness was much concerned and interested about his work in the office of Secretary of State and also much concerned about the work of the Legislature. He dearly loved his work and all his associations with the members of your body. "Honesty and service to all" was his motto.

I cannot tell you how much my husband appreciated and how grateful he was for the honor you, the Legislature, have shown him by passing "House Concurrent Resolution T". There are things that cannot be measured in words and this is one of them.

To each one of you individually I want to say "thank you". I assure you it will always be a most cherished memory.

May God bless you all.

MRS. G. A. GILBERTSON.

Rep. Stair moved that the following communication be printed in the Journal, which motion prevailed.

Bottineau, N. Dak.

March 3, 1947

To the Members of the House of Representatives and Senate Thirtieth Legislative Assembly
Bismarck, North Dakota

We wish to express our sincere and heartfelt appreciation for the consideration and kindnesses shown by all of you in the recent loss of our beloved husband and brother, William A. Thatcher.

Mr. Thatcher enjoyed close friendships with many of you, and the lovely flowers and your thoughtfulness will be long remembered.

While it is difficult to express one's appreciation adequately, our thanks come to you from our full hearts.

In grateful remembrance,

MRS. WILLIM A. THATCHER
and MORRIS FAMILY.

So the bill passed, as amended, and the title was agreed to.

Rep. Sailer requested that the House be on a Special Order of business, which request was granted.

Rep. Fitch: "Mr. Speaker, I wish at this time to address my remarks to Rep. Bubel of Mercer-Oliver and Dunn. And Mr. Bubel, what I say to you this evening is said to you not for myself alone, but for every member of this House. I have seen you come into this House as a bill clerk—I have seen you sit over there where Mr. Maher sits now—I have seen your very efficient and diligent work as has every other member of this House—and now today, I see you as the floor leader for, in this instance, the minority party. The ease with which you handled so successfully the majority party has been a marvel to me and I am sure a marvel to your own organization! You have done a very, very creditable job, as well as your excellent ability as a parliamentarian.

We have a gift for you on behalf of this body and it is something I am quite sure you will enjoy. You may recall during the coming winter when there is no session,—You can sit back and imagine you are listening to noisy Thompson—you can recall how Art Johnson can bow his neck—and you may also recall the many fine things we have done together. So on behalf of the members of this House we take this opportunity to present to you this very lovely looking easy chair. We hope that you will enjoy it, and use it.

Rep. Bubel: "Mr. Fitch, Mr. Speaker, and members of this House. I certainly wish to thank you for the fine

present and I want to thank you all for being so good to me. I recall the first session that I was down here as bill clerk over there where the young lady now sits—I got a lot of help from all the members and particularly from Mr. Fitch. But I am something like the young fellow here in the House who got married the other day—I am about ready to fall apart. I don't know that I deserve this present any more than one hundred twelve other members that I can name. I would like to say that if I have been of help to any of you people here, I am very glad, and I certainly thank you all very much."

Rep. Fitch: "Mr. Speaker, don't you thing it would be quite appropriate for Mr. Bubel to come forward and sit in this chair and show us how it works?"

Rep. Bubel: "Well, Mr. Speaker and Members—Now that the excitement is over somewhat, maybe I can say a few words. I hope Mr. Fitch didn't intend this gift to me, as we did to another floor leader once upon a time—that he was supposed to retire!

I also want to say that there has been an awfully nice bunch of fellows here this winter. I would like to see all of you come back but I want the League to have the majority. I was just thinking we might offer a resolution to increase the membership of the House, so that all of you fellows might come back but so that the League could have the majority. I hope the man who occupys my chair next time will be floor leader for the majority rather than the minority!

I want to thank you all again."

Rep. Ohnstad: "Mr. Speaker, I have been asked to address a few remarks to Mr. Smart. You know during this session, as is the case in all sessions, we get a very good opportunity to watch the floor leaders because they take a very active part. I have watched Mr. Smart in particular this year. I have noticed, for example, that it is practically impossible to get this fellow mad. He has unusual control over his temper—not only that but he insists on talking on the bills. He presents his arguments clearly and forcibly. He avoids discussion of personalities and to my way of thinking every one agrees with me that he does a good job of presenting his views. It has been a real pleasure to serve with the fine gentlemen, and Mr. Smart in particular, and the committee that was in charge of the ceremony, purchased this wrist watch—a Wittnauer—and I am informed it is a very fine time-piece. It gives me a great deal of pleasure, Mr. Smart, to present to you on behalf of the members of this House, this wrist watch, and hope it will remind you of the profitable times we have had together in this legislature and I will now ask the page to present this to you—and in addition there is something in this envelope with which you are to purchase a suitable band for the watch."

Rep. Smart: "Rep. Ohnstad, Mr. Speaker, Members of the House. I want to thank every member of this House for the wonderful gift. I have been connected in some capacity with every legislature since 1941. And I want to tell you that I have enjoyed this session the most of any. I think there has been a wonderful spirit displayed here by every member of both the ROC and the Nonpartisan League. I want to congratulate the Nonpartisans on selecting such men as Walter Bubel, Donnell Haugen and Judge Graham for

leadership. I want to congratulate them for their spirit of fairness and their devotion to duty. Art Johnson has said there are a number of you fellows who are very fine but I want to amend that and say that every one of you is a fine fellow. I believe every one of you had only one objective in view and that was to do the very best possible for the people of North Dakota. You have made a real contribution to this legislative session. And I want to say this about the new members—Never have I seen so many fine, upstanding new members as we have had in this session, both on the League side and on the ROC side. We have developed some wonderful material for the legislature, among these first termers—they have taken an active part and have done wonderfully well and we are to be congratulated on the type of fellows who come here and the way they have tried to help make this session a success. I want to thank all of you for your fine spirit and whatever good legislation has been accomplished has been accomplished by both factions and to all is due the credit.”

Rep. Holand: “Mr. Speaker and Members of the House:—In my hand I hold a beautiful Hamilton watch. On the reverse side of the watch, it says “Vernon M. Johnson, Speaker, 30th Legislative Assembly, 1947”.

This watch is one of the most beautiful and accurate timepieces that has ever been made by man. It has been bought by the voluntary contributions of all of the men and women who have come to this legislative assembly.

Mr. Speaker, of course, you know that we represent all of the people of the State of North Dakota and so this is a gift from more than the representatives, actually—it is a gift from the people of the State of North Dakota, to you.

Now, as a first year member, I wish to say that I had heard many fine things about you, Mr. Johnson, and the fine record you had made in previous years and I naturally expected a great deal from you when I first came here and I want to state at this time that I have not been disappointed in the high expectations that I had of you.

Vernon, you have been eminently fair and in your decisions you have tried to the very best of your ability (and in a very outstanding way) to give both factions and to give all sides the very best opportunity to be heard. You have been very efficient in the discharge of your work, and the fact that we were able to reach this point this last week, in our work is to a large part, due to your efficient operation, and so on behalf of the members of this legislature and further on behalf of the people of the State of North Dakota, it gives me great pleasure to present to you this beautiful Hamilton watch and as it ticks by the seconds, minutes and hours, and as they go by into years, we hope it will recall to you, memories of the many pleasant occasions we have had, and the very high regard which all of us have for you.”

Speaker Johnson: “Thank you, Mr. Holand. I only wish that I could match the eloquence of my good friend, Roy. I know that I am speaking truthfully when I say that I have never received a finer gift from a finer group of people than I have this evening. As this is my valedictory as your Speaker, I feel that I should give credit where credit is due. Any success that I have had as your Speaker has only

been due in very small part to my efforts. As. Rep. Johnson of Cass said this afternoon, I think we have had the finest desk force that any House has ever had. In Ruth Smith, we had the most efficient secretary that I have ever seen work, and she has done a marvelous job—as Art Johnson said, we have had fewer corrections of the Journal than in any past session that I have served.

In Kenneth Morgan, I think we have found the ablest Chief Clerk that we could possibly have secured. He had a very competent assistant, in John Koehn. I also want to pay credit to my good friend, O. J. Lokken for his work in the preparation of the calendar, and to all of the employees for their willingness and helpfulness.

On behalf of the members of the House, I wish to express our sincere thanks to the employees of the House and Senate for their very able performance in the Mock Session, last evening.

We appreciate that this Mock Session involved a great deal of time and effort, in addition to your regular duties here in the House and in the Senate.

The Mock Session has come to be one of the outstanding traditions of each legislative session and we are particularly pleased that you have again this year carried on this tradition in such an able fashion. It is just another evidence of the fine cooperation you have given to us, throughout this session.

To you our sincerest thanks.

I think a large measure of credit for our success is due to the work of the chairmen of the committees. They have worked very faithfully and the reason we finished our work as we did, and are in the position we are in at this time, is largely due to these chairmen. I particularly want to express my appreciation to Mr. Bagge, as Chairman of the chairmen.

And last, and most important is the membership of both factions—I certainly want to OK everything that Bill Smart said with reference to the membership of this House. I also want to pay my personal tribute to Rep. Smart, floor-leader for the majority, and to Rep. Bubel as the floor-leader for the minority and his very able assistant, Rep. Haugen.

I, too, feel like a great many people, that this has been one of the finest memberships as far as this House is concerned for a great many years—I, too, want to add my tribute to the new members, as well as to the older members.

In addition to this, I think some of the credit for our success and the speed with which we have been able to accomplish some of our tasks is due to some of the changes we have seen put into practice at this particular session. I refer to the change in printing our bills; our reorganization and our voting machine.

It is my opinion that this session has passed a great deal of constructive and beneficial legislation as far as all of the people of the state of North Dakota are concerned.

And in a lighter vein, some sixty short days ago when I took over as Speaker, I stated as three of my purposes: First, that we would finish on time, (I am not so sure whether or not that can be accomplished); second, I would try to be as fair as it was humanly possible to be, (and that is a matter for each and everyone of you to judge in your

own individual minds), and, the third thing we have accomplished up to the present time—and that is that Haugen hasn't made his motion to recess for coffee! He tried it this afternoon but with the aid of a Call of the House, he agreed to withdraw his motion!

I am particularly pleased to have received this present tonight, from my friend, Roy Holand. We attended school together and at that time instead of him handing me beautiful gifts, he handed me ham sandwiches at the YMCA. But Roy, at that time, was a leader and I am sure that Roy, during the coming years, is going to be a leader here in the House, and a credit to the people that send him—and a credit to the people of the State of North Dakota.

In conclusion, my privilege in serving as your Speaker here during the past sixty days and my contacts with the members of this Assembly, will always be one of my most cherished memories—and this gift will always be my most prized possession.

Thank you very kindly."

Rep. Sailer moved that the remarks of Rep. Fitch, Rep. Bubel, Rep. Ohnstad, Rep. Smart, Rep. Holand and Speaker Johnson be printed in the Journal, which motion prevailed.

Rep. Bubel moved that a committee of three be appointed to escort Mr. Albert Jacobsen of Coteau, secretary of the Republican State Central Committee and candidate in 1946 for State Treasurer, to the rostrum, which motion prevailed. And the Speaker appointed as such committee, Reps. Bubel, Erickson and Thompson.

Speaker Johnson: "Members of the House, it gives me great pleasure to present to you, Mr. Albert Jacobsen."

Mr. Jacobsen: "Mr. Speaker, Members of the House, Friends and Citizens of North Dakota. First of all, I want to say that it is great to be an American. I have just returned from a trip to Norway, Sweden, Denmark and England. While I had the grandest time of my life over there, yet when I sailed for America, I was thinking to myself, 'Boy, it is great to be an American'.

I had the privilege when in Norway to have an audience with the King. To him, I brought the greetings from our Governor and the people of North Dakota. I want to say too, that the King of Norway was a fine, congenial, democratic fellow and I enjoyed visiting with him, very much—it was a privilege that I will long remember. You can imagine that when I walked in there, how I felt—with three different guards—one guard took me a part of the way—the next one took me a little further and the last one finally took me in to the King. I was kind of shivering in my knees as I walked in through those halls. But it was an event in my life that I shall always cherish and remember. He also sent greetings to the people of North Dakota.

I enjoyed myself immensely over there. I visited a lot of relatives and in addition I brought greetings from a lot of friends and relatives here in North Dakota, to relatives over in Norway. Wherever I went, I was greeted as though I was one of their kin. They wanted me to stay two or three days at every place, and at every place I went I had to eat. It gave me a great deal of pleasure to bring greetings to these people, especially the old people. I would come to their

homes and introduce myself and tell them I had greetings from their brother, their sister, or someone like that, back in North Dakota—and they would be so delighted they even cried in many instances. As I departed and said 'Goodbye', many a time I could see the tears running down the faces of people over there, and I want to say to the people here that if you have relatives in any country in Europe, do try and visit them. It is so well received and I know that you folks will always feel rewarded for the trip over there—I know that I was. It is a trip I shall long remember. I was in Sweden. I went through the city of Stockholm and it is one of the most beautiful cities that I saw while over there. I had the privilege while over there to have an audience with the president of the Cooperatives of Sweden. That is a great institution. During the war I was told the Cooperatives in Sweden did 100 per cent of the business of Sweden. He was telling me that now it is a little more difficult to do business. The credit of these nations is going down gradually. It is difficult in a lot of these countries to buy merchandise, so now they are all getting to that state where they all want to sell and few want to buy.

I also spent three days in Copenhagen and that is a great city. It is a big city—one-fourth of the population of Denmark lives in Copenhagen. While there I had the privilege of visiting one of the King's castles. It was one of the most magnificent buildings I have ever seen. I had never imagined anything like that castle—it had 190 rooms in the castle and one room is just prettier than the next one. I was really amazed at the beauty of these various rooms.

I also spent a few days in London, England. There I had the privilege of having the man who managed Churchill's campaign in 1920, take me around the city of London—I don't think there is anything in London that he didn't show to me. It was a great privilege.

But you know they are not as lucky over there in Europe as we are here in America. They had an awfully bad winter over there—one of the worst winters they have had for sixty-six years and they have very little fuel over there so I really got frozen considerably. The homes probably have one room that they would have heated up—at the very most there would be two. In all the business places over there, there is no heat whatsoever. The clerks stand around in woolen socks and their overcoats on to wait on the customers. So you can imagine how things were over there this past winter—food was rationed, and everything else was rationed including fuel and light. Some of the streets were so dark over there that when I went out in the evening I would have to have the police to help me find my way back to the hotel again. So you folks should surely all be glad you are living in America. But it is also nice when you are an American to travel abroad because they are so thankful for the help that was given them during the war and they give you everything but the country, over there, if they know you are an American. They can tell by your hat that you wear, that you are an American. In most instances I didn't have to tell anyone that I was an American.

Now, I haven't heard what you folks have been doing in the legislature but I hope you have done some constructive work, which I am sure you have. You seem to be a body of

very intelligent men and women, and whatever you have done should be for the best interests of North Dakota and for the future of the state.

I thank you."

Speaker Johnson: "I want to thank you, Mr. Jacobsen, for your remarks on your trip to Europe. And I am sure I speak for all the members of this body."

Rep. Haugen moved that the above remarks be printed in the Journal, which motion prevailed.

Speaker Johnson: "I see my good friend, Tom Hall, the Secretary of State in the corridor, and at this time I want to publicly acknowledge the receipt from Mr. Hall of this gavel. This gavel was made from wood that was left over in the construction of our state capitol. It is one of the gifts I have received this session that I will always take great pride in possessing, and particularly because it came from my good friend, Tom Hall, who I consider one of the most outstanding public servants the state of North Dakota has ever had."

W. J. TROUT, Secretary.

Rep. Haugen moved that the House do now recess for coffee, which motion prevailed.

The House reconvened at the expiration of the recess.

Speaker Johnson:

"Before we proceed with any further business, and since partaking of the very delightful lunch as guests of Mr. and Mrs. Cooper, I wish to express a brief word of appreciation to these people.

In view of the fact that we are all rather fatigued and working against time, their kind gesture came at the time when it was most appreciated. It gave us just the pick-up we needed to carry on and finish our business here this evening.

At this time, I also wish to say to Mr. and Mrs. Cooper that we have throughout this session, appreciated the fine service, the food and the moderate prices which have always prevailed in the capitol lunchroom. Under their management and operation, the State Lunch Room has been a credit to them and to the State of North Dakota."

Mr. President: I have the honor to inform you that the House has adopted the report of the Conference Committee on Senate Bill No. 75.

KENNETH L. MORGAN, Chief Clerk.

Speaker Johnson announced that he would make the following appointments to the Legislative Research Committee; From the minority faction, Representatives Haugen, Stair and Ohnstad; From the majority faction, Representatives Langley, Smart and Bagge.

Rep. Bagge: "Mr. Speaker, I appreciate very much the honor of being appointed to this committee, but it will be absolutely impossible for me to serve. I would not be able to get away from the farm this summer, and next winter, I do not expect to live in North Dakota.

I believe that the man that should take my place on this Legislative Research Committee is Vernon Johnson. His experience as a Speaker; the experience that he had on the last Legislative Research Committee; the fact that he is a lawyer, I think all goes to prove that he should be the man on this committee. Therefore I move that Vernon Johnson be named on this Legislative Research Committee and that Kenneth Morgan, the Chief Clerk put the motion".

The motion of Rep. Bagge that Vernon Johnson be named on the Legislative Research Committee was put by the Chief Clerk, and declared carried. So Vernon Johnson was named a member of the Legislative Research Committee.
