In the following space note the fiscal effect in dollars of the legislative proposal. If additional space is needed attach a supplementary sheet. Please type.

The 1963 legislative assembly appropriated \$384,000 for the salaries of the 16 district court judges. House Bill 562 would make it necessary to appropriate an additional \$128,000 or a total of \$512,000 for the biennium.

Since a district court judge may retire at any age and after a various number of years of service and under differing options and is entitled to retirement based on the current levels of salaries, it is not possible to estimate with any degree of accuracy the increased amount which will be needed for retirement. Since retirement is based upon current salary levels there will be an increase required for all district judges retired and retiring in the next biennium. The amount appropriated for retirement of district court judges for this biennium is \$96,000.
