In the following space note the fiscal effect in dollars of the legislative proposal. If additional space is needed attach a supplementary sheet. Please type.

This is merely an estimate as it would be difficult to predict the number of farmers who would pay the \$20.00 license fee per business to sell seed by advertising.

A conservative estimate of income under House Bill 728 would be between \$15,000.00 and \$20,000.00.

To efficiently enforce the provisions of this bill should it become law would probably take \$5,000.00 which would include additional office work, printing, etc..
