In the following space note the fiscal effect in dollars of the legislative proposal. If additional space is needed attach a supplementary sheet. Please type.

It is impossible to determine what the effect would be if Senate Bill 174 is passed. We would be surprised if valuations would not be depressed in counties where it is possible to do so to take advantage of increased state aid distribution.

We are attaching information showing the difference of taxes levied under our present laws and what it would have been if the counties levied 21 mills. You will note that the amount of state aid was reduced by approximately \$5,600.00.
