FISCAL NOTE ESTIMATE

Since only one large mine-mouth generating plant has begun construction and will be in operation during the next biennium, this estimate is based only upon application of the tax to the Basin Electric Plant and its operations.

The total tax collected on the plant will be \$75,000 during the 1965-1967 biennium of which \$53,745 will be allocated to political subdivisions and \$21,255 will be allocated to the state general fund. During subsequent bienniums the total tax on this plant will be \$240,000 of which \$135,000 will be allocated to political subdivisions and \$105,000 will be allocated to the state general fund.
