In the following space note the fiscal effect in dollars of the legislative proposal. If additional space is needed attach a supplementary sheet. Please type.

The number of school districts that will share costs for vocational education programs cannot be determined accurately at this time. Also the number of students, on which the sharing of costs will most likely be based, will vary from year to year. Therefore, it is difficult to determine the fiscal effect in dollars of the legislative proposal. An estimate of the dollar value could be 100 students at \$300 per student or \$30,000.
