In the following space note the fiscal effect in dollars of the legislative proposal. If additional space is needed attach a supplementary sheet. Please type.

Installation of automatic doors in tunnel entrance to the Capitol Building was accomplished at a cost of \$7,500.00 Due to the unprotected nature of the Capitol Building west entrance, we would estimate the cost to be somewhat higher, or in the vicinity of \$10,000.00. Remodeling of lavatory facilities in the entire building would cost an estimated minimum of \$10,000.00, while the cost may very well run as high as \$20,000.00. The combined project would therefore require an appropriation of at least \$20,000.00, with a possible need of up to \$30,000.00.
