REQUESTED BY: LRG DATE OF RECEIPT Jan. 26 1967

In the following space note the fiscal effect in dollars of the legislative proposal. If additional space is needed attach a supplementary sheet. Please type.

It is difficult for the State Department of Health to make an estimate of the fiscal aspects of this legislation. The cost will be based upon the appropriation by the legislature as outlined in Section 12 of S.B. 249. If funds are appropriated it would also depend upon the number of facilities that develop for the care of the retarded and the number of individuals who would use these facilities. Our best estimate would be that four years from now approximately 30 individuals might use such facilities. The cost per individual would be about \$1,800 per year. This cost would be paid by the patient and responsible relatives where they have the ability to pay, otherwise it would be paid by the State of North Dakota.
