In the following space note the fiscal effect in dollars of the legislative proposal. If additional space is needed attach a supplementary sheet. Please type.

It is not possible to determine the amount of revenue that would be received as a result of the passage of this bill. This would depend on the number of state industries and political subdivisions which would request the additional coverages which Senate Bill No. 363 would make available.

No additional expense in implementing the additional coverages is expected by the department. It is expected that the present staff will be able to handle the additional work load.
